Chemical/Hazardous Waste Removal

The fall/winter chemical waste removal will occur during December 2013. Both hazardous and non-regulated waste will be accepted.

All chemical waste must be received in your respective Central Accumulation Area (CAA) no later than Tuesday, Dec. 3, 2013. Advanced Waste Solutions will be packaging for transport on Dec. 3-5, 2013. College of Ceramics contact Dean x2196 (Harder Hall CAA) or Shanti x2497(McMahon CAA); non-statutory AU contact Dean x2196 (Myers Hall CAA) to arrange for receipt of your waste.

All Satellite Accumulation Area (SAA) labels MUST be filled out completely with EPA# for respective college, building name, Room # or area name, start date, initials, chemical name(s) of constituents in the container with volume or weight, and waste characteristics prior to receipt in the Central Accumulation Area (CAA).

Note: Per EPA regulations you have only 72 hours from an SAA full date to transfer the container to the proper CAA. SAA containers must be capped or sealed with container lid, have clean exterior, and SAA label easily legible. SAA containers must be compatible with the contents - any kind of food container is not allowed.

Also SAA waste container contents must be segregated by its hazard characteristic, i.e. ignitable, toxic, corrosive, or reactive/oxidizer. If you have any questions contact Dean Perry.

All Satellite Accumulation Areas must be empty prior to Dec. 3, with a notation to that effect made on your submitted December 2012 Satellite Accumulation Area Weekly Inspection sheet.

Completed Hazardous Waste and Non-Regulated Waste Log Forms MUST be received by Dean Perry no later than Monday, Dec. 2 and may be intercampus mailed (117 Myers Hall), faxed to x2086, or scanned and e-mailed to: **perrydr@alfred.edu**. Advanced Waste must have this information prior to packing in order to obtain required approvals from the TSDF.

Hazardous and Non-Regulated Waste Log Forms are available at **http://our.alfred.edu/ind...** under the heading "AU EH&S Forms".
