Allegany County's 5th Annual Aging Conference entitled Nurturing Our Livable Communities. We are pleased to announce that Dr. Bill Thomas will be our Keynote Speaker. Dr. Bill Thomas is an international authority on geriatric medicine and eldercare. He is a professor at the Erickson School and has been heavily involved in the culture change movement to promote elderhood as an honorable and valuable position in our society. He is the founder of the Eden Alternative, a philosophy and program that de-institutionalized nursing homes world-wide over the past 20 years. Most recently he developed the Green House, a radically new approach to long term care where nursing homes are torn down and replaced with small, home-like environments where people can live a full and interactive life. In 2005, the Robert Wood Johnson Foundation announced a five-year ten million dollar grant to support the launch of Green House projects in all fifty states.
