**Remember to Lock-up Before Leaving for Spring Break**

The Spring Break exodus from campus is generally the time of year when belongings seem to disappear if rooms, offices, and cars are not locked. Please take an extra moment to lock all rooms, offices, and vehicles. If you see an suspicious activity please report it immediately to the Office of Public Safety at 607.871.2108 or 911.

### **Introducing PrintSmart Program**

Recently a meeting was held in Nevin's Theater to introduce a new program called PrintSmart to purchase toners and printer cartridges at a discounted price from Toshiba Business Solutions using an easy-to-use Web portal.

For those of you who could not attend, I am attaching the brochure that was available at the meeting.

The meeting informed the attendees about the program, how it worked, what savings they would see, environmental practices, standardization, and how to order online.

Should you have any questions regarding this program please contact Procurement Services at x2698.

## Planning a Sick Spring Break?

Don't travel without it. The H1N1 vaccine is available for AU students. Protect yourself from picking up the virus over break or, worse yet, spending your time sick in bed. Get vaccinated. Call for an appointment at Health Services (607.871.2400).

Health Services is seeing a slight increase in ILI (Influenza Like Illness). An indication that, as predicted, H1N1 is back lurking around, looking for victims.

## Lecture: 'From Muscles to Motors in the Farm'

Lecture: "From Muscles to Motors in the Farm - Henry Ford and the Great American Tractor Wars 1910 - 1930"

Speaker: Dr. Milton C. Sernett, Syracuse University, Professor of History, retired  
Tuesday, March 2 at 7 p.m.

Nancy Howe Auditorium at the David A. Howe Public Library, 155 N. Main St., Wellsville

Join return lecturer Dr. Milton C. Sernett as he discusses Henry Ford's entry into the tractor business which had long-term consequences for American life on and off the farm. The transition from horse power to tractor power, from muscles to motors, took place in an era of rapid social changes in American life. Dr. Sernett uses rare images from the great tractor manufacturers and depictions of the seasons of agricultural work before the factory farm replaced the family farm. This is also an opportunity to share memories of farm life in our community.

This program, which is free and open to the public, is made possible through the support of the New York Council for the Humanities' Speakers in the Humanities program.
