Views from the inside out

The Global Awareness Roundtable will be Monday March 24th at 7PM in the Knight Club. Ask yourself what do you know about Norway other than it must be terribly cold there? And it is where the Vikings and the Trolls are from...not to forget the homeland of the fjords. Did you know that they have a special cheese slicer to cut their brown cheese? And the Norwegians claim to have invented the paper clip? At the Global Awareness Roundtable on March 24, 2008, Terese Longva will tell her story about growing up in rural Norway, and Nancy Evangelista and Joe Dosch will share some of their experiences of being American visitors in Norway.
