### Calling All Cooks! Calling All Cooks!

This is the last call for the Saxon Chef Cook-Off! The Women's Leadership Center is still taking entries for the Saxon Chef Cook-Off taking place Tuesday, November 2nd at the Knight Club from 5:00-8:00. Currently, we are looking for cooks to compete in the following categories: Main Entree, Soup/Stew, and Vegetarian/Vegan. Competitors will bring their pre-made (original recipes-no stealing from Bobby Flay!) dishes to the event, and offer samples to guests.

The funds raised for the cook-off will go towards making the Women's Leadership center a "greener" office. The Saxon Chef Cook-off is co-sponsored by Green Alfred. Cook for a good cause and call or email us today for your entry form! 607-871-2971 or [wlc@alfred.edu](mailto:wlc@alfred.edu).

### **Electronic Forms Service Available from ITS**

In an effort to streamline AU's data collection process, ITS is offering an Electronic Forms service to the campus. AU offices may convert existing paper forms to online forms using Adobe Acrobat 9 Pro.

Specially formatted PDF forms can be submitted to an E-Forms administration page on the staff portal. The forms are reviewed by ITS and published to the E-forms pages on the staff and student portals.

Once the forms have been filled out, they can be retrieved from a restricted folder on AU's U drive. For the safety of the AU community, ITS cannot publish any forms asking for Social Security numbers or any other sensitive personal information.

Any staff member interested in submitting E-forms for publication must obtain permission from a supervisor and complete required E-Forms training. Training will be provided on an as-needed basis.

To request training, please contact Meghanne Freivald at 871.2363 or via e-mail.

## Washington Semester Program for Spring 2011

Dr. Heineman of the Social Sciences Division is now taking applications for the Washington Semester Program for Spring 2011.

The Washington Semester Program is sponsored by American University and enables students to spend a semester in Washington, D.C., studying public policy in a variety of areas. Students who have participated in the program have used their experience and contacts to obtain excellent positions in Washington and elsewhere.

In addition to taking coursework, students will meet with government officials and political leaders in seminar sessions and will participate in an internship of their choosing.

In addition to its major focus on American national government, the program also has a number of options utilizing non-governmental resources in the Washington area, including working with interest groups and art and cultural institutions. Some of these are: journalism, law enforcement, public law, economics, international business, international organizations, and women and politics.

Course credits and grades are fully transferable to the student's transcript. Students can obtain additional information on the program at [www.washingtonsemester.co...](http://www.washingtonsemester.co...) Juniors or seniors are eligible to participate and scholarships are available.

Over the past year, Steve Patterson and Kristin Edward Brown attended the program. Those interested should contact Dr. Heineman in room 209 of the Olin Building. Applications should be completed by Friday, Oct. 29, 2010.

### **Film: Black Wave - the legacy of the Exxon Valdez**

Documentary Tuesdays with SAFE (Students Acting for Equality)

Black Wave: the legacy of the Exxon Valdez Directed by Robert Cornellier

In the early hours of March 24th 1989 the Exxon Valdez oil supertanker runs aground in Alaska. It discharges millions of gallons of crude oil. The incident becomes the biggest environmental catastrophe in North American history.

For twenty years, Riki Ott and the fishermen of the little town of Cordova, Alaska have waged the longest legal battle in U.S. history against the world's most powerful oil company - ExxonMobil. They tell us all about the environmental, social and economic consequences of the black wave that changed their lives forever. This is the legacy of the Exxon Valdez.
