Calling All Cooks! Calling All Cooks!

This is the last call for the Saxon Chef Cook-Off! The Women's Leadership Center is still taking entries for the Saxon Chef Cook-Off taking place Tuesday, Nov. 2 at the Knight Club from 5-8 p.m.

Currently, we are looking for cooks to compete in the following categories: Main Entree, Soup/Stew, and Vegetarian/Vegan. Competitors will bring their pre-made (original recipes-no stealing from Bobby Flay!) dishes to the event, and offer samples to guests.

The funds raised for the cook-off will go towards making the Women's Leadership center a "greener" office.

The Saxon Chef Cook-off is co-sponsored by Green Alfred. Cook for a good cause and call or e-mail us today for your entry form! 607.871.2971 or wlc@alfred.edu.

Math Club Meeting

Event Date: Oct. 20, 2010

Event Time: 12:20 -1:10 p.m.

Location: Myers Hall, Room 228

On Wednesday, Oct. 20, 2010, the AU Math Club will host Alfred University's Michaela Stone who will present, "Mathematics in Wonderland," or "How'd This Math Get into My Literature?" from 12:20 to 1:10 p.m. in MH-228.

Pizza and soda will be served. All are welcome to attend.

Abstract. You've read the book. You've seen all of the movies. But have you done the math? While Lewis Carroll is most famous for his fantastical tales of Alice's adventures, he was first and foremost a mathematician. His love of mathematics, logic, and puzzles is apparent in not only his scholarly works, but also has a prominent place in his fictional writings.

Join the A.U. Math Club as we explore the role of mathematics in the life and writings of Charles Lutwidge Dodgson.

Washington Semester Program for Spring 2011

Dr. Heineman of the Social Sciences Division is now taking applications for the Washington Semester Program for Spring 2011.

The Washington Semester Program is sponsored by American University and enables students to spend a semester in Washington, D.C., studying public policy in a variety of areas. Students who have participated in the program have used their experience and contacts to obtain excellent positions in Washington and elsewhere.

In addition to taking coursework, students will meet with government officials and political leaders in seminar sessions and will participate in an internship of their choosing.

In addition to its major focus on American national government, the program also has a number of options utilizing non-governmental resources in the Washington area, including working with interest groups and art and cultural institutions. Some of these are: journalism, law enforcement, public law, economics, international business, international organizations, and women and politics.

Course credits and grades are fully transferable to the student's transcript. Students can obtain additional information on the program at www.washingtonsemester.co... Juniors or seniors are eligible to participate and scholarships are available.

Over the past year, Steve Patterson and Kristin Edward Brown attended the program. Those interested should contact Dr. Heineman in room 209 of the Olin Building. Applications should be completed by Friday, Oct. 29, 2010.

Be a Part of the AU Alma Mater Video!

"Nestled away 'mid the Empire State hills..."

Imagine that in bluegrass style, or played on chromatic harmonica, or sung by an a cappella duet, or even shredded on heavy metal guitar.

The Alfred University Communications Office would like to produce a compilation video with various clips of people playing the AU Alma Mater. We will post it on YouTube as well as in the online Alfred magazine in early December.

What gave us the idea was a homemade video that was sent to us by Steve Levine of '58, in which he's playing the alma mater on clawhammer-style banjo.

We know that there are lots of other very talented alumni, faculty, and current students, and we want your video submissions! The more creative and entertaining your ideas are, the better.

All we ask is that the alma mater be recognizable during parts of the performance, and that the audio is not so loud that it overloads the microphone on your video camera. The camera can be stationary (on a tripod), or you can do a handheld approach provided it isn't too shaky. As for cameras, you can

use pretty much anything from a Flip Video to a high quality HD camera. Formats we can work with are: AVI, MOV, and WMV. Submissions can be mailed on a CD (or uploaded via YouSendIt or similar online upload/download service)

Your submission can be in any key. The deadline for submissions is Friday, Nov. 12, 2010. Feel free to contact Rick McLay '89 in the Alfred University Communications Office (607.871.2103) if you have any questions or suggestions!

See the Link for more information.
