## Campus Crime Statistics

In November 1990, the Student Right-to-Know and Campus Security Act of 1990 was signed into law. Compliance with this act, now known as the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act or Clery Act, provides students and families, as higher education consumers, with the information they need to make an informed decision. The Higher Education Amendments of 1992 imposed new requirements for preventing, reporting, and investigating sex offenses that occur on campus. In 1994 the U.S. Department of Education issued the final regulations needed to implement the Higher Education Act of 1965 as amended by the Student Right-to-Know and Campus Security Act (Public Law 101-542), the Higher education Technical Amendments of 1991 (Public Law 103-26), the Higher Education Amendments of 1992 (Public Law 102-325), and the Higher Education Technical Amendments of 1993 (Public Law 103-208).

In accordance to the Clery Act, data collected in this report presents activity on the Alfred University campus and in the Village of Alfred.

As required by the Clery Act, the University must report all hate crimes. A hate crime occurs when a person is victimized intentionally because of his or her actual or perceived race, gender, religion, sexual orientation, ethnicity or disability. For 2008 there were 0 offenses that were classified as hate crimes.

The crimes presented are based on disciplinary referrals filed with the following offices: Dean of Students, Chief of Public Safety, Director of Residence Life, Director of Athletics and Alfred Police Department. A disciplinary referral is an instance when a student is formally reported in writing to a University official for possible sanction. Statistics are based on referrals; this does not differentiate whether or not the student was found in violation or not. Criminal offenses that if determined unfounded are not included within this report.

As directed by the statutes of the federal government, Alfred University does not permit an officer, employee, student or agent of this institution, to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual reporting violations to the Clery Act.

## Reporting

- “On-campus” offenses include all offenses which occurred in or on all University owned property or buildings.
- “Residence halls” are categorized as all residential housing own by the University including all special interest houses.

## Purpose and Operations of the Office of Public Safety

Alfred University Office of Public Safety is staffed by three full time professional staff, three part-time professional staff and one office manager. The Office of Public Safety is operational seven days per week with limited hours of closure. It is located in the Physical Plant building and can be reached by calling (607)871-2108. After office hours, the University emergency phone is forwarded to the Allegany County 911 Center located in Belmont, New York. In the event of an after-hours emergency, the 911 Center will dispatch appropriate emergency personnel along with Alfred University personnel to the scene of an emergency. Students are employed by the Office of Public Safety on a part-time basis and assume the position of Public Safety Aides. A significant number of the Public Safety Aides are certified New York State Security Guards as mandated by the State of New York in compliance with the Security Guard Act of 1992. The Chief of Public Safety is ultimately responsible for managing the daily activities of the student security operation. All Public Safety Aides function as an important part of the University's overall effort to maintain the peace, safety, and security of persons and property at the University.

Specific responsibilities of the Office of Public Safety include: enforcing laws and policies, controlling on-campus parking of vehicles belonging to students, faculty, staff and visitors; controlling the movement of vehicular and pedestrian traffic as well as crowd control during special events on campus; and aiding in the control of alcohol and drug use on campus through the enforcement of the University Substance Use & Abuse Policy. Their presence also assists in resolving conflicts between students and deterring unlawful acts. Although the professional Public Safety staff does not have the power to arrest, staff members are certified New York State Police Officers who fill a critical role by observing and reporting incidents to appropriate University administrators and the local police, with whom they have direct radio contact.

## Security in Residence Halls

The Alfred University Office of Residence Life is committed to providing a safe environment in the residence halls. Students are made aware of safety concerns as well as tips on prevention through residence hall building and floor meetings and presentations. While there are many safeguards in place for residence hall students, each student must do his/her part to assure a safe and secure environment by adhering to the safety related policies and procedures. A graduate resident director supervises each of the residence halls, who in turn is supervised by a professional master's level staff member of the Office of Residence Life.

Residence halls are co-ed, each with 24-hour inter-visitation. Graduate resident directors and undergraduate resident assistants, all members of the University Residence Life staff, live in the residence halls and participate in an on-call duty rotation. The Emergency Response team is on-call 24-hours a day and is comprised of graduate RD's and professional staff members of the Office of Residence Life. They are trained in University rules and regulations, enforcement procedures, crisis management and fire safety.

Access to the individual residence halls is restricted to residents of each building who have key access, and guests who are hosted by the residents. All outside doors of residence halls are locked 24 hours a day. Resident assistants are on call between the hours of 9 p.m. and 8 a.m. nightly and monitor access to the first year residence halls from evening to early morning hours by completing rounds of the living area, registering guests and visitors entering the residence hall and reporting any unusual circumstances or situations in the residence hall.

Residence halls are communities in which each resident must take responsibility for personal safety including keeping room doors locked (all student doors have conventional locks), not propping open exterior building doors, not walking alone, and immediately notifying Residence Life staff, Public Safety or the Police Department of any suspicious people or activities.

Special Interest Houses that are not located on University property and are controlled by individual student organizations or academic programs each have their own access policies and procedures that are monitored by the organization's coordinators and house residents. Public Safety and Alfred Police Department respond to incidents at these locations.

As a priority, the University Physical Plant maintains the safety and security of all buildings and grounds on the campus. Repairs that affect safety and security are made promptly. The campus is well lit. The lighting system is maintained and upgraded on an on-going basis.

## Relationship with Local Police Agencies

Alfred University contracts with the Village of Alfred Police Department to provide law enforcement on campus when needed. They provide training for, and work in consultation with, Alfred University Office of Public Safety and officials on an as needed basis. Members of the University community are encouraged to file reports with the Office of Public Safety as well as the Alfred Police Department. New York State Police and County Sheriff are also available to assist.

## Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Public Safety or the Dean of Students, constitutes an ongoing or continuing threat, a campus-wide "Timely Warning" will be issued after consultation with the Vice President for Student Affairs and the Office of Communications. The warning will be issued through the e-mail and/or the University text messaging systems to students, faculty, and staff.

In the event of a major emergency, or if there is an event which poses a threat to students, employees, or others, this "Timely Warning" will be prepared and distributed to:

- WALF (campus radio station),
- Campus e-mail service
- Entrance doors to academic and residence hall buildings
- Fiat Lux (campus newspaper)
- NY-Alert (campus wide text message alert)

## Daily Incident Log

The Office of Public Safety also maintains a daily log of crimes and incidents that occur on campus which is available for the public to view. This information is recorded by date, time, and general location and disposition of the complaint. This daily log is available at the Office of Public Safety located in the Physical Plant building on campus. Please note that entries or updates are generally made within two business days after the event occurs. Incidents or situations deemed to pose a threat to the campus community are logged as soon as possible.

While most events are logged, the Office of Public Safety may determine that an incident be classified as "confidential" in order not to jeopardize a criminal investigation or reveal the identity of a victim.

## Crime Awareness and Prevention Programs

Alfred University Office of Residence Life takes an active part in the education and support of the residential community. A collaborative effort that The Office of Residence Life collaboratively co-sponsors events campus-wide. ORL staff members are trained for prompt, appropriate response and to get students to the appropriate resources. Staff hosts programs on various safety topics each semester, in each building, by inviting speakers into the residence halls. Also, safety and the “crime of opportunity” are topics at every mandatory hall meeting. Typically each floor has them three times each semester. Students are given the message to be safe, lock your doors, take good care of your belongings that are dear to you, and take care of each other.

Resident Directors and Resident Assistants actively work together through out the school year conducting various programs that promote a safe and informed community. Residence life advocates daily for students to be sure they are always locking their room doors and not propping exterior residence hall doors. This is done each evening by RA staff members on call in each residence hall, seven days / week, 8 p.m. – 8 a.m., and during the day as needed. Specifically on RA rounds, the “If I Were a Thief” program is utilized in that staff checks room doors and, if unlocked, leaves an “If I were a Thief” tag on the door letting students know they left their door unlocked and to encourage them to lock it.

The Wellness Center contributes to and organizes many aspects of teaching the campus community such as: provide training for the Office of Residence Life’s Resident Assistants and Resident Directors on sexual assault responding; training on date rape drugs; publicizing national weeks and days devoted to awareness of sexual violence (such as the RAINN Day, rape and incest victims’ services) using a variety of media; provide emergency response for sexual assault; train peer educators to present on intoxication and unwanted sex, safer sex, consent and related issues; present programs in residence halls, with clubs, and in classrooms on sexuality, consent, the role of intoxication in unwanted sex; encourage campus participation in World AIDS Day, which includes information regarding infection spread through unwanted sex acts and information regarding numbers of people who are subjected to sexual offenses worldwide and nationally.

## Education programs

*Project ID:* Each residence hall office is equipped with an engraver students can sign out to tag their electronic equipment, and a brochure for students to record their electronic equipment serial numbers in the event they are taken.

*Interactive Educational Bulletin boards:* Staff create bulletin boards three times each semester on a variety of topics on every floor in every residence hall, including safety related topics.

*Sex Signals Program:* Introduces the counseling center and their services to the students [this program is about date and acquaintance rape, performed each year at New Student Orientation]

*“Alcohol 101”:* A conference that teaches students about the relationship between intoxication and unwanted sexual contact, including forced sex acts.

## Alfred Community Coalition

### Mission

The Alfred Community Coalition is comprised of members from Alfred University, Alfred State College and the Village and Town of Alfred who are dedicated to addressing issues that arise regarding students living in the Alfred community. The Coalition works proactively to reduce high risk behaviors of students in the community. The Coalition also is committed to promote responsible decision-making of college students and to educate students on their rights and responsibilities as good neighbors and citizens in the Village and Town of Alfred.

### Accomplishments

- Expanded membership to include a landlord, a business owner, and the health/wellness/Alcohol and Other Drug (AOD) educators from each campus
- Explored the idea of restorative justice and a community/town "court" for alternative sanctioning of students who might otherwise go through the court system for alleged violations
- Pursued grant funding for the development of town-gown initiatives and partnerships; submitted a federal grant for

## Health and Wellness Education Program

The goal of the Health and Wellness Education Program is to give students the opportunity to access relevant health knowledge, expand their health skills, and to enable students' competence in caring for the multidimensional aspects of their health as they develop.

Alcohol and other classes are designed as an educational alternative to punitive judicial sanctions for violations of the University Substance Use & Abuse Policy. Students are provided with the opportunity to gain new knowledge about the effects of alcohol and other drugs on health, academic performance, and college life and to evaluate their personal risk factors. Students also discuss personal strategies to lower their risks. The goal of this program is to increase individual health knowledge, skills and protective factors related to substance use and abuse and move students toward a more healthful lifestyle.

### Resources

There are numerous resources both on and off campus to confidentially assist individuals with alcohol or other drug related concerns including prevention, education, assessments, and treatment referrals. Early contact with a professional can often prevent a subsequent crisis or a tragedy.

## Sexual Crimes Information

### Sexual Misconduct Policy

It is the policy of Alfred University, in keeping with efforts to establish an environment in which the dignity and worth of all members of the institutional community are respected, to view sexual misconduct as unacceptable behavior which is expressly prohibited.

Alfred University defines sexual misconduct as “sexual assault or any other form of sexual contact without mutual consent”. It includes, but is not limited to, unwanted kissing, fondling, or otherwise touching another’s private body parts. “Unwanted” means against a person’s will or without one’s consent, thus including those instances in which the victim is unable to give consent because s/he is unconscious, asleep, or intoxicated due to alcohol or other drugs. Sexual misconduct can be perpetrated either by a stranger or acquaintance and both women and men can be victims and/or perpetrators.

Procedures for handling sexual misconduct cases are detailed in the Alfred University Sexual Misconduct Policy and Complaint Procedures which are available in the University Student Life Policies and Procedures and accessible through the University web page:

[http://my.alfred.edu/index.cfm/fuseaction/student\\_policies.sexual\\_misconduct\\_0708.cfm](http://my.alfred.edu/index.cfm/fuseaction/student_policies.sexual_misconduct_0708.cfm).

Victims of sex crimes should contact the Student Affairs Office, ext. 2132 or the Wellness Center, ext. 2300, for additional information. It is important to note that the complainant and the accused are entitled to the same opportunities to have others present during a hearing. Both the complainant and the accused will be informed of the outcome of any campus sexual misconduct proceeding, including the sanction to be imposed. Such sanctions can include suspension or expulsion from the institution.

### **Procedures to follow if you are a victim of sexual assault**

- \* Report the incident to the Dean of Students, 1-607-871-2132, Alfred University Office of Public Safety, 1-607-871-2108, or the Alfred Police Department 1-607-587-8877. University personnel are available upon request to assist in such notification. Additionally, a friend or advocate may accompany you during the process. Filing a report does not necessarily obligate you to follow through with criminal prosecution.
- \* Go to a hospital emergency room as soon as possible, if the assault involved sexual penetration or other physical injuries. (Evidence can be collected several hours after an incident, but its value may be diminished.) Do not wash, change clothing, or otherwise “clean up.” Bring a full change of clothing because the clothes you were wearing at the time of the attack may be kept as evidence.
- \* Your follow-up medical care is critically important. You may need tests for sexually transmitted diseases and pregnancy.
- \* No matter when or where the assault occurred, support and referral resources are available to help you. Contact the Wellness Center or Dean of Students.

## Rights of the Alleged Victim

When an Alfred University student has been the alleged victim of an act of misconduct which violates the physical and/or mental welfare of an individual, the victim should expect that the judicial system shall respond in a caring, sensitive manner which allows the victim to utilize the judicial process unimpeded, while still maintaining the rights of the accused student. In cases including but not limited to sexual misconduct, physical assault, hazing, and harassment, the following rights shall be provided to victims of alleged offenses:

- The right to investigation and appropriate resolution of all credible complaints made in good faith to college administrators;
- The right to be treated with dignity and respect by the judicial body, and by all persons involved in the judicial process;
- The right not to be discouraged by college officials from reporting a crime, especially crimes of sexual violence, to both on and off campus authorities;
- The right to be informed of the outcome and sanction of any campus judicial hearing involving violence, usually within 24 hours of the end of the judicial hearing;
- The right to be informed of privacy laws that prohibit disclosure of campus judicial results that do not involve violence;
- The right to be informed by college officials of options to notify proper law enforcement authorities, including on-campus public safety and local police, and the option to be assisted by campus officials in notifying such authorities, if the student so chooses. This also includes the right not to report, if this is the victim's desire;
- The right to be notified of available counseling, mental health or student services for victims, both on campus and in the community;
- The right to make a victim-impact statement at the campus judicial proceeding and to have that statement considered by the board in determining its sanction;
- The right to request a campus physical restriction or "keep-away" order against another student who has engaged in or threatens to engage in stalking, threatening, harassing or other improper behavior that presents a danger to the welfare of the complaining student or others. The right to have the "keep-away" measures take effect immediately and remain in force until the close of the hearing proceedings. The victim may request that students, and third parties as appropriate, be instructed by University authorities not to attempt to retaliate against, harass, threaten, intimidate, or contact the other party. Violation of such instructions would constitute grounds for the University to take immediate and further action;
- The right to have complaints of sexual misconduct responded to quickly and with sensitivity by public safety and the campus judicial process;
- The right to preservation of confidentiality, to the extent possible and allowed by law;
- The right to a hearing closed to the public;
- The right to bring a victim advocate or advisor to all phases of their investigation and campus judicial proceeding;
- The right to give testimony in a campus hearing by means other than being in the same room with the accused student;
- The right to present relevant witnesses to the campus judicial bodies;
- The right to be fully informed of campus judicial rules and procedures as well as the nature and extent of all charges contained within the complaint;
- The right to have college policies and procedures followed without material deviation;
- The right to notification of options for and available assistance in changing academic and living situations after an alleged incident, if so requested by the victim and if such changes are reasonably available (no charges or investigation, campus or criminal, need occur before this option is available);
- The right to have any unrelated past behavior excluded from the hearing process. The hearing officer shall determine what constitutes unrelated behavior.

## Substance Use & Abuse Policy

The abuse of alcohol and other drugs severely limits the ability of individuals to succeed academically, professionally, and personally. Substance abuse has been linked to health problems, accidents, decreased academic and job performance, violence, vandalism, sexual misconduct, financial difficulties, legal problems and other negative consequences for individuals and the entire University community.

In keeping with its mission and in complying with federal regulations such as the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989, Alfred University has established this policy to promote an environment that encourages learning, fosters respect for people and property, and supports individual development and success. The responsibility for preserving this environment extends to all members of the University community including faculty, staff, administrators, and students. Therefore, this substance use and abuse policy is intended to provide information about standards of conduct, the risks of use of illicit drugs and the abuse of alcohol, applicable legal and University sanctions for employees and students, and resources available for the prevention, intervention, and treatment of substance abuse.

### Policies

The following policies consider the rights people have to privacy, to be treated as equal members of the University community and to participate in the responsible possession and consumption of legal substances as defined by federal, state, and local laws and the statements below.

- No person (including students and employees) under the age of 21 will be allowed to possess, purchase, consume, or knowingly be in the presence of alcohol.
  - No alcoholic beverages shall be permitted in rooms, apartments or suite common areas of students under the age of 21. If an underage student resides in the same room, apartment or suite as a student of legal drinking age, the over-21 student may not distribute, sell, possess or consume alcohol in their assigned residence hall room, apartment or suite.
  - Only quantities and containers appropriate to individual consumption are permitted for private use by students of legal age.
  - No person (including students and employees) will be permitted to provide an individual under the age of 21 with alcohol.

- NOTE: No one under the age of 21 may possess, consume, or knowingly be in the presence of alcohol in any location at any time. If an underage student resides in the same room, apartment or suite as a student of legal drinking age, the over-21 student may not distribute, sell, possess or consume alcohol in their assigned residence hall room, apartment or suite

## **Procedures**

Any organization or individual(s) planning to sponsor a function with alcohol present on University premises must submit a University alcohol permit for approval to the office of student affairs, at least three weeks prior to the date of the event. The University alcohol permit form may be obtained from the office of student affairs.

The use of alcohol on campus is not encouraged and the sponsor/host must justify why alcohol should be present.

The dean of students or designee will review the request to determine if it will be granted, denied, or granted subject to modification. All decisions will be final. Permits will be returned to the originator(s) within seven working days of receipt in the office of student affairs.

Where alcohol is to be served at a facility other than Ade Hall, Howell Hall, or the Powell Campus Center, a New York State Alcohol Beverage Control Board (ABC) permit will have to be obtained in addition to the University alcohol permit. Allow additional time for this process.

The University alcohol permit should not be confused with facility reservations. All facility reservations will be made by the sponsoring club, organization, and/or University office. A list of contacts for facility reservations is available in the University directory.

## **Responsibility**

In keeping with Alfred University's philosophy, the primary control for responsible alcohol use lies with the individual. Additionally:

Sponsoring organizations or individuals will ensure that all University regulations, and specifically the substance use and abuse policy, are adhered to when organizing and conducting activities.

The division of student affairs will respond immediately to reported incidents of inappropriate alcohol use or distribution and to any illegal drug use or distribution. This response will follow current judicial procedures and may be referred to local, state, or federal police agencies.

Residence hall staff is authorized to monitor the use of alcohol or illicit drugs within the residence halls, confront inappropriate use, and report misuse according to the current internal procedures.

University staff, including but not limited to public safety and residence life staff, is authorized to report violations of the University's substance use and abuse policy to the appropriate office.

## **Violation of the University Alcohol Permit Policy**

The following sanctions are intended to promote learning and personal development while preventing individuals and groups from compromising the learning environment or the health and safety of themselves and others.

If any organization or individual(s) are found to be in violation of the University alcohol permit agreement, the violator(s) will not be allowed to file for another permit for a maximum of two years.

If a student is found to be in violation of the University substance use and abuse policy, that person will be subject to judicial action up to and including expulsion from school. If a student is held responsible for a violation of this policy, the parent or legal guardian may receive a copy of the letter sent to the student documenting outcome of a related judicial hearing. Federal regulations permit this notification without the student's consent for those students who are under the age of 21. This notification will be mailed to the address of record of the parent or guardian.

If an employee is found to be in violation of the University substance use and abuse policy, that person will be subject to the current disciplinary policies of the University up to and including termination of employment.

If a student or employee is assessed with a substance abuse problem, that person may be given the opportunity to seek assistance for the problem. However, if that person refuses or fails to follow through with the assistance program, sanctions will be imposed up to and including expulsion from the University or termination of employment.

# Integrated Contingency Plan

## Emergency Response Planning

An emergency situation can potentially arise at any time and from a variety of causes. The Integrated Contingency Plan is designed to minimize the possibility of an emergency occurring, and to provide for an organized and coordinated response to emergencies. The goal is to direct appropriate resources towards the mitigation, preparedness, response and recovery associated with an emergency incident. The procedures outlined in this plan are intended to enhance the protection of life, property and the environment, mitigate damage, and provide a rapid return to normal operations through effective use of University resources. The plan includes a chain of command, establishing the authority and responsibilities of various individuals. This plan is designed to provide for effective response and is subject to changes, updates and revisions as the environment of the University changes.

This plan describes how Alfred handles emergencies associated with fires, injuries, and releases and spills of hazardous chemicals, hazardous and extremely hazardous substances, hazardous wastes, hazardous matter, and petroleum products (collectively referred to as "hazardous material"). Specifically, it describes:

1. The steps Alfred takes to prevent "hazardous material" incidents;
2. The emergency response actions Alfred employs to minimize or eliminate injuries to human health and the environment resulting from "emergency and non-emergency incidents" (defined in Chapter 6);
3. The remedial and corrective actions Alfred implements after a "hazardous material emergency incident" to reduce or eliminate the possibility of such incidents reoccurring in the future; and
4. How Alfred complies with a number of state and federal environmental and employee safety laws and rules.

This plan is also designed to help protect lives and property through effective use of campus resources and communication networks.

Alfred is committed to conducting its operations in a safe and environmentally responsible manner. All faculty, staff and students are expected to promote and foster a safe work environment. Precautionary measures, including the adoption of this ICP, have been taken to minimize the potential occurrence of incidents which could result in emergencies. The Alfred campus is maintained and operated to minimize the possibility of an explosion or any unplanned, sudden, or non-sudden release of hazardous material to air, soil, surface water or groundwater. This ICP is also designed to minimize hazards to human health and the environment potentially caused by fires, explosions, bomb threats, and any unplanned release of hazardous material to air, soil, surface water or groundwater at or from Alfred. See 6 NYCRR §§ 373-3.3(b) and 373-3.4(b).

The provisions of this ICP will be carried out immediately whenever there is a fire, explosion, or release or spill of hazardous material at or from Alfred, or a medical emergency which could threaten human health or the environment. See 6 NYCRR § 373-3.4(b)(2).

This ICP contains guidelines to assist operating, maintenance and emergency response personnel in determining specific courses of action and responsibilities under foreseeable hazardous material events, fires, and medical emergencies. Appropriate emergency response by all involved includes:

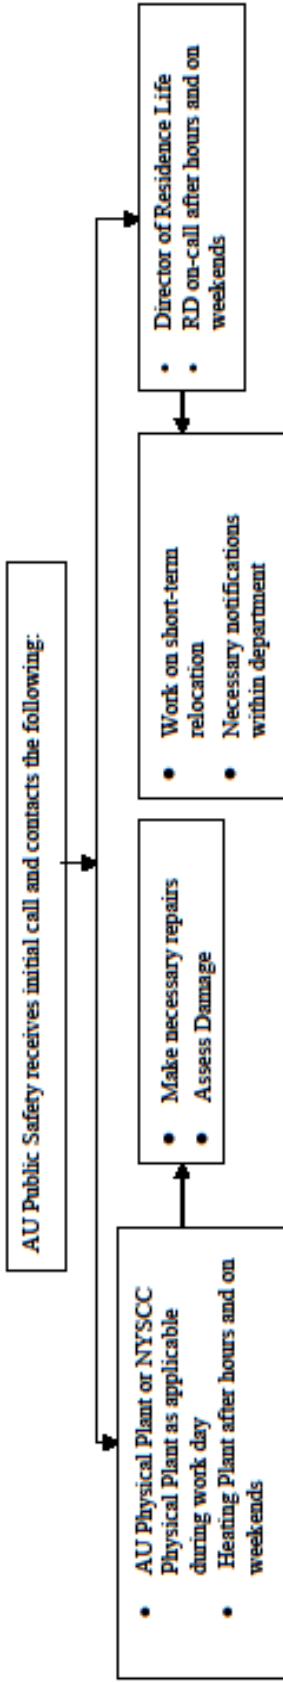

1. Prompt response to injuries to human health and damage to the environment;
2. Minimization of property damage and threats to the community; and
3. The prompt and safe resumption of university operations.

The President of Alfred fully supports the adoption and implementation of this plan.

*Charise Haase, Environmental Health & Safety Coordinator, 607-871-2190*

Emergency response and evacuation procedures are publicized annually campus wide for students and faculty. Emergency response and evacuation procedures will be tested on an annual basis.

**ALFRED UNIVERSITY RESPONSE ACTIVATION PROCESS**

## The Sex Offender Registration Act

New York's version of Megan's Law, was signed in July 1995 and became effective on January 21, 1996. The text of the statute is contained in Correction Law Article 6-C (Section 168 et seq.). Registered sex offenders in New York are classified by the risk of re-offense. Offenders are required to be registered for 20 years or life.

Please see page 12 of this report for How to Obtain Information about Sex Offenders Living in Your Neighborhood.

### How to Obtain Information about Sex Offenders Living in Your Neighborhood....

There are 4 ways to obtain information about sex offenders in New York State:

You can call **1-800-262-3257** to determine if someone is on the Sex Offender Registry. You will need the name of the person about whom you are inquiring and one of the following: an exact address, a complete date of birth, a driver's license number or a social security number.

You can access the Subdirectory on the Division of Criminal Justice Services web site at [www.criminaljustice.state.ny.us](http://www.criminaljustice.state.ny.us) by clicking on the "Search Subdirectory" button. You can search for level 2 and level 3 offenders by name, county or zip code.

The local law enforcement agency where the offender currently resides, can, if it chooses, release **community notification** information on sex offenders residing in the community to "entities with vulnerable populations related to the nature of the offense". The law enforcement agency can release information on level 1, level 2 and level 3 offenders through this method. Also, while the exact address of level 3 offenders can be provided, the law provides that only an approximate address based on zip code can be provided by a law enforcement agency for level 1 and level 2 offenders.

Your local **law enforcement** agency upon request.

has the subdirectory available for the public to view

The laws regarding the Sex Offender Registry are frequently updated. Therefore, we encourage you to refer to the DCJS website listed below for the most up-to-date information.
