### Let EndNote Help

Papers due? Need to write an assignment referring to scholarly articles? Save time. Save typing. Let EndNote help organize and style your references.

A Web version for EndNote is available for ease of use. Go to [www.myendnoteweb.com](http://www.myendnoteweb.com) and set up an account using your AU email (use a different password). Do an online search from EndNote to article databases like (PsychInfo, Art Abstracts, Business Source Premier, Academic Search Premier, PubMed, etc.), and draw the information into EndNote to organize and use.

Choose a style (MLA, APA 5th, CBE, ACS, etc.) for EndNote to build your reference or works cited list in your

report.

If you prefer to use the EndNote desktop version: new EndNote X1 for Windows and Mac are on the U:drive. Go to your jobs.alfred.edu account then click on the Public > AULibraries > EndNote folders to download and install on your machine.

In the latest version of EndNote, groups can be created to view and manage subsets of references, and communication is smoother between the EndNote Desktop and EndNote Web versions, enhancing the ability to share references with your professor and/or work groups.

ITS supports our campus site license. Please honor the license restrictions. For questions about EndNote ask a librarian or e-mail [lacourpc@alfred.edu](mailto:lacourpc@alfred.edu).

### **Pet Pals Are Asking You For Urgent Help**

Pet Pals has received a letter from the Abbe-Freeland Wildlife Sanctuary which is located in Angelica, NY. The sanctuary is in urgent need of financial donations to support medical expenses and housing costs of local wildlife, particularly beaver rehabilitation.

The little yearling beavers are coming in and they now have 25 beavers, injured and orphaned, to care for in addition to about 100 other animals that people have abandoned at the sanctuary. This is the ONLY center in New York State able to take beavers so they do not feel they can turn them away. They desperately need financial help to be able to keep their doors open.

In the past, Pet Pals has raised over \$300 for this very worthy organization and we would like to help again. We are asking if anyone has any change or bills that they are willing to give, we will see that it all gets donated to the sanctuary. There will be a collection box in the Center for Student Involvement Office in the Powell Campus Center until Friday, May 9.

Thank you for your generosity.

## An Update on Dr. Clare

Hello All,

As of the date of this writing, it has been five months since Dr.Clare came home and I thought you might want to know what has been going in the interim.

Dr.Clare has been going to physical and occupational therapy at Wellsville hospital. At first it was 3 days a week, now it is 2 days a week.

Dr. Clare is teaching Intro to Bio Engineering this semester to a small group of master students 2 days a week.

Recently, Dr. Clare attended a meeting in Washington, DC. While there, she was able to walk more than 2 miles.

As some of you know she lives in the town of Alfred and owns property that is wooded and on a hillside. This past weekend she walked a half mile on one of the trails that are on her property.

Recently Dr.Clare visited with her neurosurgeon. Together they came up with a game plan for the summer. The doctor has given Dr. Clare permission to resume driving practice. She has been cleared to fly, in aircraft that is, and they have a goal to have her to return to full duty for the fall semester.

Dr. Clare and husband, Blake, would like to thank those who have taken the time to help and encourage them and also those who have sent the many cards and letters, made phone calls and visits, and finally those who have sent prayers and good thoughts their way.
