Who improved AU? Nominate for Student Innovation Award!

As 2016 wraps up, please take a moment to look back to recognize students who shaped our campus and community. The Board of Trustees annually recognize Student Innovation - student-led efforts which improve our community while having the potential to make a lasting (sustainable) impact. Please send a few sentences to csi@alfred.edu about a student (or group of students) and initiative which made an impact.
