"Circle and Square" at the Cohen Gallery through August 4

Circle and Square, a survey of William Underhill's cast bronze, iron, and aluminum sculptures, features pieces dating from 1960 through his current work. Circle and Square opens April 15th with a reception for the artist from 6-8pm, and will run through August 4, 2017.

Underhill's work formally explores the vessel and architectural form. Circle and Square highlights sculpture that demonstrates a sophisticated use of geometry. William Underhill is an emeritus faculty member who taught at NYSCC, School of Art and Design at Alfred University, from 1969 to 1997. During this time he taught sculpture and established the first bronze foundry. Underhill's contributions helped to significantly expand the Division of Sculpture/ Dimensional Studies.

Announcing New Web-based Training Modules for All Employees

In an effort to provide timely training to our employees and remain compliant with federal and state requirements, we have developed an on-line training program in consultation with our insurance carrier United Educators. The on-line program is just one of several methods of communication we will use over the course of a given year to ensure that everyone understands their responsibilities as an employee in creating a safe and respectful climate for our Campus Community.

You will receive an email from me the week of June 5, 2017 with a link and instruction to your particular learning path. The learning paths were developed based on job classification and specific duties, with all employees being required to complete two basic modules.

We appreciate your assistance in completing this training and it is our hope that the web-based format provides you with the flexibility to do so at your own pace and at times that are convenient for you. The completion date for the training will be mid-summer. You will receive periodic reminders if the required training modules are not completed by the deadline.

Should you have any questions, please feel free to contact Human Resource Services at guinan@alfred.edu.
