Greek Sisters To Pledge Rushes Tonight

N. Y. Plans Post-War Expansion of A. T. Institute

Post-war plans for the A. T. Institute, which will arise during the current academic year, will be named to build a new campus and provide for the greater needs of students and faculty. The campus will be located on a 150-acre tract just north of the present A. T. campus. The new buildings will be designed to accommodate the increased enrollment expected in the years following the war.

President Pays Tribute to Dr. Booth C. Davis

In an address at the A. T. Institute last week, President Davis praised Dr. Booth C. Davis for his contributions to the institution. Dr. Davis served as President of the institute for 25 years and was instrumental in its growth and development. The President emphasized the importance of leadership and the role of individual initiative in the success of the institution.

Saxonian To Appear Soon

Saxonian, literary magazine of A. T. Institute, will appear on campus early in the spring. The magazine will feature articles on various aspects of campus life and will be distributed to all students.

Immigration Law

The Immigration Law, which went into effect last week, will house the industrial library and teaching facilities. The library will be designed to accommodate the increased enrollment expected in the years following the war.

Approval of New Facilities

The approval of the new facilities was made by the Board of Trustees of A. T. Institute. The new buildings will be located in the western part of the campus, and are expected to be completed within the next two years.

Wine Cellar

Dr. Booth C. Davis was somewhat surprised to receive a 100-year-old bottle of wine as a gift from a student. The wine was produced by a local winery and is considered to be one of the finest in the state.

Dr. Booth C. Davis, president of A. T. Institute, has been a strong advocate of education and has worked tirelessly to improve the facilities and programs of the institution.

In memoriam of Dr. Booth C. Davis.

This is a memorial to Dr. Booth C. Davis, who served as President of A. T. Institute for 25 years. He passed away last week, leaving a legacy of excellence and dedication to the institution. The memorial will be published in the next issue of the Saxonian.

The American Sideshow

The American Sideshow, an annual event, will be held on campus this weekend. The event features performances by students and faculty, and is open to the public.

Towneys, Students Give To Blood Bank

One hundred and two students and employees donated a total of $1,000 to the Blood DST Fund, which will be used to support the on-campus blood bank.

Footlight Club

The Footlight Club will present a new production this month. The production will open on Friday, March 7, and will run through the weekend. Tickets are available at the box office.

A. T. Institute cafeteria and dining hall.

The cafeteria and dining hall will be located in the new buildings. The facilities will be designed to accommodate the increased enrollment expected in the years following the war.

Alfred Engineer

Dr. Ray W. Wingate gave a talk on the history of Alfred Engineer. The talk was well-received by the audience, and is expected to be published in the next issue of the Saxonian.

Dr. Booth C. Davis, president of A. T. Institute, has been a strong advocate of education and has worked tirelessly to improve the facilities and programs of the institution.

Sigma Chi Nu Heads List; Pi Alpha Pi Bids Twelve

Thirty-four freshmen and transfer women were sent bids by the three sororities, Sigma Chi Nu, Pi Alpha Pi, and Phi Alpha. The bids were accepted and the three women were invited to join the sororities.

Bids Sent to 34 Women Total Down From 1942

This year, the number of bids sent out by the sororities was lower than in previous years. The reasons for this are not yet clear, but may be related to the increased enrollment and the need for additional facilities.

Beyond the Valley
By George Hyams

Well, it has been quite a while since we sat down behind a typewriter to turn out our regular weekly. Our old friend, Robert, has been on leave from the service and so we have had to turn our thoughts to new matter. We are sure that Robert will be back to his old self, but it is a cinch that not one person who is willing to "stick his neck out" there are always several more in the crowd who wish they dared and, yet, only need a leader.

A special committee will consider all the various drives and then submit for approval to the Student Senate Committee. It is hoped that this will be done as soon as possible. If you wish to give any help in this, just come and see us.

Having your nickels now. Early in February the Campus Club is going to want them. The cheer fund needs to be very large to answer the many aided demands. It is just your deed to help and we can prove whenever we have the old by that rule.

Although Alfred doesn't have a large police force to enforce the rules, patriotic citizens should enforce them themselves. If your neighbor seems to be driving his car to the show too often you have a right and a duty to ask him to limit his driving. If the student cars leave for Hornell. Perhaps they went shopping all evening. But, if the student car is driving his car to the show too often you have a right and a duty to ask him to limit his driving.
On the Ball

By Muriel Strong

Probably it has occurred to you readers (if any of you are for this column) that the highly contemporary-sounding headline is a slight bit silly. Basketball is coming to be seen by many people in a good light of modern times because of the way the game is made so exciting by the changing situation which is constantly taking place in the world of sports. The sport is no longer dominated by the same old people who have been the stars for so many years. A new generation of basketball players is rising, and it is interesting to note that the young people in this generation are not content to follow the old ways. They are experimenting with new techniques and new strategies, and this is making the game more exciting than ever.

The skill of the outstanding player is not as important as the skill of the team. The teamwork is what makes the game exciting. The game is no longer just a matter of individual skill, but a matter of the coordination of the players on the court. The game is no longer just a matter of the physical ability of the players, but a matter of the mental ability as well. The game is no longer just a matter of the physical ability of the players, but a matter of the mental ability as well.

10 Men To Receive Athletic Awards

Sixteen men were recently voted to receive the annual athletic awards at the award dinner held in the Union. The recipients were:

A. C. F. Awards

Bethany College, 6
Highland College, 5
Carroll College, 4
Beloit College, 3
Mount Union College, 2
Wabash College, 2
Amherst College, 2
Washington and Lee University, 2
Hendrix College, 2
Hamline University, 2

The awards were presented by the A. C. F. (Athletic Council of the United States) to the men who have shown the greatest athletic ability during the past year.

A. C. F. Holds Service For New Members

A candlelight reception was held for the new members of the A.C.F. in the Union. The new members were welcomed to the club by the returning members, who gave them a tour of the club and showed them the facilities.

Ancient Roman Strategy

The principal topic of discussion at the meeting of the Latin Club held recently in the Union was the strategy of the Ancients. The discussion centered around the setting of a series of major political and military campaigns. The Ancients had a great deal of experience in the field of strategy, and the discussion was based on their experience.

Miner, Starr To Head Intra-Mural Wrestling

Coach Charles W. Miner, head of the Intra-Mural Wrestling, and Coach Robert W. Starr, will head the team entering the state meet. The team has been training hard for the meet, and is expected to do well.

Baskets and loaves of bread, so they say, will be given away in the City of London at the end of the month in a great feast given by the Lord Mayor of the city. The feast is a traditional custom, and it is said that it is the greatest show of hospitality in the world. The feast will be held in the City Hall, and it is said that it will be the greatest show of hospitality in the world.
Invites Older Men Than He To Birthday Party

The youngest of the oldest men in Alfred invited the rest of the oldest men in the class to a birthday party. The guests at the party were to be served by Young Chief Alfred, the organizer of the party. The youngest of the oldest men was invited to this event, as he was the one who had most to celebrate.

ARMY'S COLLEGE REQUIREMENTS

Washington—(ACP)—To get into the Army's Specialized Training Program in U. S. colleges, men must get at least 100 in the Army classification test, in the same grade required of those who wish to make a career in the Army.

Other professors, in addition to those cited, indicated that some schools are using different tests.
