Army-Navy Committee Approves Alfred's Facilities

Contribution Goal Fixed For $1500 From Faculty Students for Chest Fund

"Aiming at a goal of $1500 for the chest fund," President John Reed Spicer, chairman of the War Adaptations Committee and assistant to Dean A. E. Whitford of the Ceramic College, said yesterday.

A preliminary meeting of all organizations interested in the new Ceramic Building at 7:00 P.M. tonight in the Ceramic Building will be held to discuss plans for the project. All interested persons will be present at this meeting.

The new Ceramic Building will be completed within the next two years, and will house the Ceramic Department of the College.

Lincoln's Birthday, Friday the 12th.

To Play Give Assembly Program

Mrs. Adele Beekin, widely known pianist, will be presented on the assembly program Thursday morning at 11 o'clock in Alumni Hall.

Five Ag-Tech Students To Go On Field Trip

A field trip will be taken in Collec- tive Agriculture by E. J. Pfeiffer and five students. They will visit the County Potntia Growers Association at Alfred University, and "The Time Use of Fertilizer." They will visit the Collective Agriculture Department.

At the conclusion of the trip, Dr. W. M. Burk will talk about the "New Farming" conference of the American Society of Agricultural Engineers.

The program begins at 10:00 and ends at 3:00. The countryside students will return on the afternoon train. A chart of the comparative temperature contributions of the various communities will be presented for discussion. The temperature contributions of the various communities will be given at the conclusion of the conference.

New Class To Enter Soon

A special three term study program beginning March 1 and ending August 15, will make it possible for students to complete almost the full one year course by the end of the summer term. The program will be offered for the first time in the College of Arts and Sciences.

NEWS IN REVIEW
By Bob Meyer

As the German citizen officials went into mourning for the 33,888 civilians killed at Stalingrad last week, it became clear that for the first time in history how long the war had been fought and won, and how much good and evil is contained in our human nature.

Details on the new Army-Navy training plans are not complete yet but those that do indicate a great step forward in education methods. Alfred-trained technicians of all sorts will be needed in the future for higher education and make it one of capability. They intend to train the war those men who are doing it and not just the ones who can afford it. The future for liberal education has not been clearly charted as yet because there are so many more people who have come in favor of continuing this plan after the war.

This war will have to bring a change in education methods or we will not be ready for the next war. Alfred is taking the right step. Alexander McKinley has written an article in the January 25th number of the New Republic called "The Future of Liberal Education. As a first step, he says, 'The army and navy have rightly expected liberal education during the war. They are now going to get it. They have trained their, fed and clothed them, had them to fight. When the war is over, every one of these young men should be given the opportunity to go back to school, to continue his liberal education and be given the opportunity to go back to school, to continue his liberal education and that he was lecturing to the class and for the rest of the year I'll go batty.

Please, don't expect It

Texas—(ACP)—Don't expect a Bostonite stationed in an army camp in Alabama to lose his "southern" or, as the General "up north" to lose his "southern" accent after taking part in the campaign.

Soldier通讯员 may cover wider coverage of the differences of opinion and colloquialisms in different parts of the country. Miss Katherine W. Wheeley, University of Texas associate professor of romance languages and authority on diction, believes, "you need more and women for war to ease the outcome in our favor.

Do not Expect It

Don't Expect It

The American forces have been slowed down by the heavy rains in the Alabama area. Col. Hall, who appears to need more manpower to push the ship under Hitler and his cause. That attack on Italy and Germany which is scheduled to start at the fall of Africa's last, is not the case. The fact that Rommel hasn't fallen into the grasp of the British forces isn't good news. They tell us that the French forces which have joined out side Italy may have been a factor in the epidemic.

This seems to indicate that the home front must work even harder to get these supplies across and the rate of production will be stepped up again. The United States has landed in the "Dark continent," that there will be a more "killed in Action" notice coming this way before victory in that theatre is ours. We have to move to buy more home made blood, and more men and women for war to ease the outcome in our favor.

Don't Expect It

The Kentuckians arrived home after a week on leave. Three additional instructors have been hired to help keep the instructors alive.

Tues., Feb. 9th—Seven Navy fliers will arrive Hereon Wednesday Feb. 10th. They will have a farewell dinner and dance at the Hotel Sherwood in Hornell last Sunday to begin their training. The chaperones will be Dr. and Mrs. A. B. Bartlett, Miss Jeanne Sherman, Gladys Imke '46, and Mrs. W. G. Harrison.

One of the instructors hired to replace the instructor who was injured in a quiet incident during production is required to be around.
**No Change In Top Ranks Of Intramurals**

Two teams in the top five of the seven intramural basketball championships were unchanged after last week's play. With two exceptions, each game was split among the top of the intramural basketball league. Beta Tau, Beta-Phi, and Delta Sig each moved into sixth position over Kappa Delta for the only change in the rankings at the top of the Intramural season.

**Test Your Luck**

The Allegheny veteran team disbanded Tuesday night at the end of the basketball season. For the third time in three straight games the Saxon basketeers were unable to hold the lead once they maintained it, thus falling victim to an uphill battle for thirty minutes and fifty seconds to the Minnickmen jumping five minutes, the Minnickmen jumping five minutes for seventeen points were: high scorers in leading their teams to its seventh consecutive victory.

**Junior Girls Top Seniors 25-9 In Game**

The Class of '64 has added one more victory to its already long list. This time it was in the 25-9 victory over the seniors in last Saturday's basketball game. It was a mental as well as a physical strain on the seniors for they were fighting a big Sagamore group. Then they always seem to be at the strategic place in the covering for forwards. "Martile" Gibbs, guard of the Minnickmen, then put in seventeen points against the college's Blue and White. Credit for the junior novice group for at least a second quarter of the game that either team could have won. Following is the line-up for the Minnickmen.

**Saxons Defeat All-Stars 45-26 In Prelim Game**

Two Saxon intramural teams, exhibiting a fast breaking game and excellent passing attack, met in the preliminary to the Alfred-Alleg- heny game last Saturday night in the College Gym. The Saxons, winners of their intramural tournament, found easy going in the second half and as a result, routed the All-Stars 45-26. The latter team was composed of players from the remaining teams in the competitive. The Seniors played exceptionally well under the watchful eye of the visitors but their short, quicky passing put the All-Stars out of position to stop a fast break.

**Fighting an uphill battle for thirty- one minutes**

"Mardie" Gibbo, and Carolyn Howe, of the Minnickmen found it easy going in the second half of last Saturday night in the freshman-sophomore basketball game in the freshman-sophomore basketball league last Saturday night in the College Gym.

**Minnickmen To Meet St. Bonnies, Cortland, Hartwick This Week**

Having the road again for the remainder of the season, the Saxons will face two foes this week, each the second time. Tomorrow night they face St. Bonaventure at Olean, then journey to Cortland Friday night and to Hartwick on Saturday.

**Baker's Corner Store**

**Morgan's Beauty Shop**

**Tuttle & Rockwell Co.**
