

## PARADE AND FOOTBALL GAME TO MARK ARMISTICE DAY

### EX-SERVICE MEN, STUDENTS AND TOWNSPEOPLE TO MARCH ON HOLIDAY

Armistice Day comes next Friday, November 11th, same day as the Thiel game. All roads lead to the athletic field Friday, and the members of the local American Legion want to make known to townspeople and students the plan for the commemoration of the day in so far as it is possible to make a statement of it at this date.

No definite line of march has yet been decided upon but organizations will probably fall in at Firemens Hall. It has been determined that the parade is to bring up at the athletic field in season for the game which is scheduled for 2:30. It will be necessary to blow assembly at 1:30 in order to allow sufficient time for formation.

All townspeople, fraternities, and other organizations are urged to join with the ex-service men in making the parade a success. It is desirable that uniforms be worn where possible. Everybody out and show some spirit in this march to the athletic field, whether in uniform or not. Further plans will be posted on the bulletin boards at the post office as soon as full particulars have been learned from American Legion Headquarters. A meeting of ex-service men is to be held on Monday night at which definite plans will be made.

Small helmet pins made by wounded men, who are at work in the "Dugout," New York City, are on sale at Fenner's Hardware Store and by Ray Cottrell at the Bank. These little emblems will be worn by all, it is hoped, on Armistice Day, as the money received from the sale of them goes to aid these men who were wounded in the world war.

### COLLEGIATE CONFERENCE FAVORS REDUCTION OF ARMAMENTS

#### PRINCETON CONFERENCE CREATES WIDE INTEREST

#### Forty Colleges Plead For Limitation of Arms

Delegates from forty eastern colleges and universities assembled at Princeton on October 26, for a student conference on international limitation of armaments. Nearly every important institution of higher learning in the east was represented. President Harding, in a telegram to John Grier Hibben, President of Princeton University, under whose auspices the conference was held, said:

"My very cordial greetings to college conferences meeting at Princeton to discuss the problem incident to an international agreement on the limitation of armaments. Knowing as I do the sincerity of our American purpose, free from every phase of national selfishness, it is most gratifying to know that the college thought of the Republic, is being exercised helpfully to commit the sentiment of

Continued on page four

### VARSIITY FACES THIEL ON ALFRED FIELD FRIDAY

Heartened by her victory over Hamilton, the Varsity faces one of the hardest games of the season Friday, when Thiel invades Alfred field. The Purple will be in top form for this battle and will fight to the last whistle to turn the score against the visitors.

Last year's game, played at Greenville on Thanksgiving, proved to be the most hotly-contested struggle of the season. Thiel succeeded in putting over one touchdown, which was enough to beat the Purple. By winning Friday's game, Alfred can even matters with Thiel, which has defeated the Varsity in three of the five games played.

The records of gridiron history show:

	Alfred	Thiel
1914	0	19
1914	0	65
1916	21	7
1917	6	0
1920	0	6

Both Alfred and Thiel consider Friday's game as the climax of the schedule. The Pennsylvanians have lost three games this season, to heavier, faster elevens. They held Buffalo to a draw on the Rotary Field, where the Purple later met defeat. But comparative scores prove nothing, as Friday's game will show.

The results of Thiel's 1921 games:  
 Thiel 0, Carnegie Tech 42  
 Thiel 0, Grove City 6  
 Thiel 0, Buffalo 0  
 Thiel 35, Ashland 0  
 Thiel 0, Marietta 22

Playing this year's game on Alfred's field gives the Purple an advantage, which every booster can increase.

The team should feel that every student and alumnus is helping put over touchdowns. The cheers, to be rehearsed Thursday evening and produced in maximum volume Friday afternoon, will help bring victory to old Alfred.

Although Coach Wesbecher knows that much strength can be added to the team by side-line cheering, he will not depend on yells to win Friday's game. After this week's heavy practice sessions, the rival teams will probably line up as follows:

Thiel	Alfred
Mould—L. E.—McMahon	
Templeton—L. T.—Bliss	
Berkman—L. G.—Horton	
Mitchell—C.—Fraser	
Johns—R. G.—Stannard	
Roth (Capt.)—R. T.—Burns	
Petty—R. E.—Witter	
Stanton—Q.—E. Campbell	
McClure—L. H. B.—R. Campbell	
Christman—R. H. B.—Gardner	
McCoy—F. B.—Ahern

### OLIVER FERRY, POPULAR ALFRED UNDERGRADUATE, SUCCUMBS AFTER LONG ILLNESS

#### Passing of Former Member Of Class Of '22 Is Mourned by All

Oliver W. Ferry, one of Alfred's most popular students, died last Saturday evening at his Almond home, after a seven-months' fight against consumption.

Mr. Ferry had just passed his 23d birthday, on Oct. 30, when a sudden turn for the worse took his remaining strength. On his birthday many of the students had sent remembrances, hoping that "Ollie" would soon be well enough to receive visitors. Now his hundreds of Alfred friends can show their love and respect only by attending the funeral services to be held in Almond Union Church this afternoon.

Oliver Ferry was born near Almond on Oct. 30, 1898, and spent most of his life in that village. After graduating from Almond High School, he worked in Elmira one year and entered Alfred University Sept. 30, 1918. He had nearly finished his Junior year, when stricken by tuberculosis last spring. Treatment at the Steuben County Hospital, at Bath, proved ineffectual and Mr. Ferry returned to his Almond home in September. His powers of resistance gradually lessened, and the end came quietly last Saturday night at 8:30.

He is survived by his step-father and mother, Mr. and Mrs. Deforest Sisson of Almond, and by two brothers, Milton and Clair of Angelica. While grieving over Mr. Ferry's untimely passing, his Alfred friends also wish to condole with those nearer him.

"Ollie" Ferry, as he will always be remembered in Alfred, was a big-hearted, all-round man. Coming here during the S. A. T. C. days of October, 1918, he remained to take up the Ceramic engineering course. Up to last Spring, when sickness forced him to leave college, "Ollie" was a leading member of the class of 1922. His splendid work on Alfred's football teams during his three college years was followed by his election to the captaincy of the 1921 eleven. "Ollie" was no doubt the most disappointed of all, when the football squad gathered this fall without a leader. He was a charter member of Alpha Zeta Chapter of Delta Sigma Phi, and its 1920-21 president.

#### GERMAN CLUB MEETS

At the meeting of der Deutsche Verein last Wednesday evening, Mr. Okean and Mr. Tuckman presented papers concerning the life and work of the German author, Goethe. Each paper was interesting and contained much instructive material.

At the next meeting, Nov. 16, the members of the club will be entertained by special music taken from German operas.

#### MRS. A. E. CHAMPLIN BURIED AT ALFRED

The funeral services for Mrs. A. E. Champlin were held Sunday at Hammondsport at the home of Mrs. Champlin's parents. The interment was made at the Alfred Cemetery. Members of the faculty and representatives of the classes were present at the services at the grave.

## VARSIITY COMES BACK WITH HAMILTON SCALP

### Purple Wins 7-0 on Mud-soaked Field

#### ALFRED PLAYS HARD AGGRESSIVE GAME

Playing in the best form of the season, Alfred's Varsity outclassed Hamiltons eleven at Clinton last Saturday, and won 7-0.

This victory just balances the 7-0 defeat which the Purple suffered early in the 1920 season. This year's revenge would have been more decisive, had not the weather slowed up the game. Only straight football was possible on the windswept, mud-covered field, and driving snow during the second half made the going even more difficult. Alfred showed her superiority in all branches of the game by punting, line-bucking and running the ends for bigger gains than Hamilton could make. Not once did the slimey ball slip from the grasp of the Purple backfield, and Alfred recovered both of the fumbles which the Buff and Blue made.

Alfred scored early in the second quarter and threatened to repeat the touchdown in that period and again in the third quarter, but penalties stopped the Purple march both times. Forward passes were scarce, the only one completed netting Hamilton ten yards.

Soon after the teams lined up, the blue-clad eleven started their only strong attack of the game. Alfred finally awoke, and held Hamilton for downs on the 25 yard line. During the rest of the contest, the Varsity's goal was never in danger. The 40 mile wind made punts tricky, but Burns' toe proved trusty every time. The see-saw playing of the first quarter was replaced in the second by powerful line plunges, after the Purple found a weak spot at tackle. Starting from midfield, Gardner plowed through the line repeatedly, and after a dozen such plays Ahern carried the oval the remaining distance to the goal line. Another muddy march was

halted at the 15 yard mark, where Alfred lost 15 yards on a penalty.

In the second half, Coach Berry of Hamilton sent in fifteen substitutes in a vain attempt to put the ball in Alfred's territory. Another Purple attack carried the oval within ten yards of the goal-line, but again a 15 yard penalty spoiled Alfred's chance to score. In the final period Ahern recovered a Hamilton fumble within striking distance, but another fine, and a desperate attack by Hamilton took the ball to midfield. When the final whistle blew, the Alfred eleven had returned the oval to Hamilton's 20 yard line.

All the Purple players deserve commendation for their aggressive, heady work. Gardner and Ahern made big gains in line plunges, and Bob Campbell ran well on the few end runs attempted.

Line up:

Alfred 7		Hamilton 0
McMahon	L. E.	McGibben
Bliss	L. T.	Fauber (Capt.)
Horton	L. G.	Spice
Fraser	C.	Echler
Stannard	R. G.	Farrand
Burns	R. T.	Howland
Witter, Ingoldsby	R. E.	Farrell
E. Campbell	Q. B.	Pitkin
R. Campbell	L. H. B.	Macey
Gardner, Witter	R. H. B.	Fletcher
Ahern (Capt.)	F. B.	Warren

## SUCCESS OF CAMPAIGN FOR \$350,000 IS CELEBRATED BY PARADE AND A DOZEN SPEECHES

### Bad Weather Fails to Dampen Spirits of Student and Faculty Marchers

In spite of unsettled weather conditions, Wednesday morning saw the entire student body and faculty of Alfred University dressed in gala attire in celebration of the successful completion of the \$350,000 campaign.

One of the features of the day was the parade, which headed by the University band, marched north from the library, turning east and south to Terrace street, west to Main, north to University from whence it proceeded directly to Alumni Hall.

The parade was arranged as follows: first the Agricultural School followed by the four classes of the college, the Ceramic School, and the Theological

Seminary, in order of freshmen, sophomores, juniors and seniors. Due to the efforts of the art department of the Ceramic School, the procession presented a colorful and picturesque appearance. Each student of the Ceramic School, College and Seminary wore, draped over his left shoulder, purple and gold while the members of the Agricultural School were similarly decorated with yellow and white. Each student carried some emblem symbolic of his class, representing victory.

When all had gathered in the Academy Prof. Wingate led in singing,

Franklin Cassada, who took work in the Ag School last year, visited friends at Klan Alpine Saturday and Sunday.

Joe Laura '24, who is suffering from heart trouble and mastoiditis, was taken to the hospital at Hornell on Thursday night. It is expected that he will be moved to a hospital at Rochester, this week.

#### ALUMNI NEWS

On Wednesday, Nov. 2d, at Yonkers, N. Y., Robert Clarke Chipman '21, was married to Ruth Cutbill of Yonkers.

Born, on October 27th, to Mr. and Mrs. Carlton Jones, a daughter. Mr. Jones was a member of the class of '19.

#### THETA GAMMA CONFERENCE

Next Saturday afternoon the seventh annual convention of the Theta Gamma Fraternity will be held at Alfred. Twelve delegates, besides the Grand Officers, will be here from other Ag Schools of the State. St. Lawrence, Morrisville and Delhi will be well represented. In the evening a dance will be given in honor of the visiting delegates, following a supper at Ag School.

#### MISS LANGWORTHY TELLS OF LIBRARY METHODS

Tuesday morning assembly was in charge of Miss Langworthy who gave a talk on "Libraries," including methods used in classifying books and the best means of utilizing libraries. The talk was addressed especially to the new students but was also enjoyed by all of the old students. Miss Langworthy's suggestions ought to help them locate a book in any library without having to consult the librarian.

#### MISS BURDICK TALKS ON CHINA

The Christian Association had charge of Thursday's assembly and the leader, Helen Chaffee, gave the Aggies a surprise by introducing Miss Susan M. Burdick, who told of conditions found in China.

In comparing America's living conditions with China's, she emphasized some startling contrasts. Miss Burdick told of our own good roads and then told of the roads in China and how they were made. Stock raising, transportation problems, farm layout, forests, food economy and the sanitary conditions of the residences or houses also showed strong contrast.

Perhaps the most interesting part was the methods of burial in that part of China where the speaker was located. It would be a big problem in this country, if the same conditions regarding burial rights prevailed. Miss Burdick proved herself very capable of interesting everyone in the conditions as she found them in China.

#### COUNTRY LIFE CLUB HALLOWE'EN SOCIAL

Tuesday night the Country Life Club held a Halloween Social on the second floor of the Ag School. A committee composed of Miss Cheesman, Helen Chaffee and Duncan Munro were responsible for the good time that everyone had that night. Until nine o'clock real old-fashioned Halloween games were enjoyed. Light refreshments in the form of cocoa and doughnuts were served and after that dancing was enjoyed until ten o'clock. Members of the faculty attending were Prof. and Mrs. Robinson, Misses Cheesman, Bennett and Schroeder. Without a doubt this was one of the most successful parties yet held in Ag School, which was partly due to the efforts of the committee, and partly due to the moderate attendance, which nicely filled the rooms without crowding.

#### CEMENT DEMONSTRATION

Friday morning, a truck belonging to the Cement Demonstration party passed through Alfred and paid a visit to the Ag School. This work is being carried on with the Farm Bureaus by the Portland Cement Association. Demonstrations are being carried on in the farm districts, villages and towns in the different counties of the state. Practical advice is given as to the proper mixtures to use for special jobs, making fence posts, watering troughs and the like. The party has been working in Tompkins, Broome and Steuben Counties during the past week and was scheduled to give a demonstration in Hornell, Friday afternoon.

#### DISCUSSION MEETING AT Y. M. C. A.

A small, active group of students discussed "The Measure of a Man" at last Sunday night's Y. M. C. A. meeting at the Gothic. Fred Gorab presented the topic in four divisions: physical, mental, social and spiritual. The discussion emphasized the thought that a man can be his best only when the mind and body are sound and well-trained, and strengthened by the dynamic power of the spirit. Mr. Gorab closed with the quotation: "The finest fruit which the world holds to its Maker is a real man."

#### ETA PHI GAMMA INITIATES

Five freshmen were initiated into the Eta Phi Gamma fraternity last Tuesday evening. The new members are Dwight Bond, of Alfred; Donald Gardner of Wellsville; Lewis Fenner of Hornell; Maxwell Lahr of Fillmore, and Hilton Gillette of Clifton Springs.

#### FACULTY MEETING

At the regular meeting of the University faculty, held last Tuesday evening, Dr. Russell Ferguson gave a comprehensive paper on "Historical Aspects and Present Day Tendencies in Medical Education."

## BE THERE!

Next Thursday night there will be held a mass meeting in the assembly hall at the Ag School. It will be the next to the last held during this year's football season, and it is expected that there will be a record crowd present.

Everyone wants to see the team win from Thiel, and this will give everyone a chance to help accomplish this task.

It should be remembered that Thiel is no easy mark, and that if Alfred wins it will take the support of every student of Alfred University.

The film shown Saturday night, "The Road Demon" was considered by some to be the best movie shown in Alfred in quite a while. These movies are run for the benefit of the athletic association and should be more largely attended.

## TAKING NO CHANCES

In order to prevent the stormy weather of the coming winter from damaging the Clarke Memorial fountain in the park, a sheet-metal hood has been placed over it. This object resembles a miniature pipeless furnace, and certainly adds nothing to the beauty of the campus. However it is considered a necessary evil, for it will doubtless prolong the life of the fountain dedicated by '21 to the late Prof. Ford Clarke.

## CAMPUS CALENDAR

Nov. 9, 7:30 Footlight Club Meeting in Library Office

Dec. 1 Wee Playhouse Review

## Y. W. C. A.

Miss Charlotte Kershaw led the Y. W. meeting Sunday evening, as Miss Lou Vossler was unable to be present. Using the topic of "Kindness," Miss Kershaw explained how the Scriptural example of Joseph's kindness to his brethren could be applied to college life. Special music was furnished by Miss Mildred Allen.

The Y. W. held a party for the freshmen girls at the Y. W. parlors in the Brick Saturday night after the movies. A pleasant time was spent in playing games after which light refreshments were served.

The Christian Endeavor Society held a social in the Parish House of the church after the mass meeting Thursday evening. Forty young people, including a number of students, were present. The evenings entertainment consisted of games followed by a course of light refreshments.

## CELEBRATION OF SUCCESSFUL CAMPAIGN

Continued from page one

"The Star Spangled Banner." Cheer leaders Hinchcliff and Eagle then led the cheering, and no such volume of sound ever reverberated from the walls of Alumni Hall, as thundered from this gathering, in their efforts to show the appreciation for the splendid work of "Prexy" in the campaign.

President Davis gave a short address which he began by thanking the student body for their loyalty and generosity to Alfred. He said that the \$10,500 that the student body gave meant more to him than all the rest put together, for by this he knew that Alfred will never be allowed to suffer from want of financial aid. After discussing some of the principle events of the year, and complimenting the students upon their achievements, the President outlined briefly the financial history of the institution during the 27 years of his leadership. He then gave briefly statistics of the recent campaign.

The following speakers were then introduced: Dean Titsworth of the College of Liberal Arts, Dean Main of the Theological Seminary, Director Binns of the Ceramic School, Prof. F. S. Place of the Agricultural School, Rev. A. C. Ehret of Alfred, Chester Feig in behalf of the student body, J. W. Miller of Wellsville, secretary for the campaign in Allegany County, and Rev. MacLean of Hornell. Each speaker gave a very interesting talk in behalf of the community or department that he represented, and none failed to give to Pres. Davis the credit that is so justly due him for the success of the campaign.

The President expressed his appreciation to everyone for their assistance, and the meeting was concluded by singing the Alma Mater.

The following figures show somewhat the trend of student gifts: Total student subscriptions \$10,500, average of \$58 per student.

Special students, agricultural students, etc., \$1830. This sum includes the subscription of our largest student giver, George Openhym, who subscribed \$1500.

Freshman class, 101 members, 67 subscribers, average subscription, \$38, total subscription \$2570.

Sophomore class, 75 members, 55 subscribers, average subscription \$50.80, total subscription \$2795.

Junior class, 46 members, 32 subscribers, average subscription \$58.50, total subscription \$1870.

Senior class, 26 members, 19 subscribers, average subscription \$75 total subscription \$1400.

The various fraternities and sororities and student houses have all generously subscribed but the exact figures are not yet analyzed, but they average \$1000 each.

## PERSONALITIES

President Davis went to Hammondsport Sunday to the funeral of Mrs. A. E. Champlin.

John Henry Bonham '04, was married to Alice Miller Allen on Oct. 27, 1921, at Tulsa, Oklahoma.

Robert Sherwood of the class of '20, was in town Thursday, on his way to Munsey, Indiana, where he has accepted a position with the Munsey Clay Products Company. Since graduation, Mr. Sherwood has been employed in work for the Bureau of Standards, Washington, D. C.

## THE H. C. OF PAPER AND PRINTING

### An Expensive Experiment

In a corner of the laboratory of life situated in Alfred an experiment was begun a few weeks ago. A pint of printers' ink was taken and one large idea introduced, whereupon a precipitate was formed, consisting of hundreds of words which took their places in orderly array upon a fair white page known as the Alumni Department of the Fiat Lux. This precipitate had certain powers. It acted as a magnet and drew to itself some sixty similar smaller precipitates, chiefly in the form of proper names at the bottom of many-colored slips of paper popularly known as checks. Had the precipitate been as potent as its producer hoped, there would have been at least a hundred more small precipitates. The experiment, therefore, while valuable and interesting, has not brought the desired results, and the laboratory method must be changed.

Does this allegory need explanation? Let us put it in plain English.

The plan, as you all know, was to have an Alumni page in every number of the Fiat, which would bring the Twentieth Century Club members closer to each other and closer to the college. It was hoped that the subscription list would be augmented on this account, to such a degree that the page would pay for itself. Neither objective has worked out exactly according to Hoyle or Boyle. Once a

week is too often for material of particular value to alumni to be collected. In the pressure of getting material week by week there has been no time to look ahead, to organize contributions, or to carry out a policy. Hence the page itself has not fulfilled the hope of those who conceived it nor satisfied the ambition of those who have been working on it.

The Fiat Board finds a six-page paper too expensive to continue. Had the alumni subscriptions increased to 150, it might have been possible but perhaps that was too much to expect from the first year.

The Q. E. D. of all this is that the Fiat is to be put back to the four-page size. Rather than to use a small space badly every week, the Alumni Department will be found in full once a month, although alumni personals will appear every week. An effort will be made to have the monthly page a constructive, informative discussion of post-college problems. Extra space will be given by the Fiat Board for this page on the second Tuesday of the month.

To those who have subscribed to the Fiat this year for the express purpose of getting the Alumni page each week, we express our heartfelt thanks and our sincere regret that it is not possible to carry out the original scheme. Anyone who feels seriously "stung" by this change is earnestly asked to write to the Secretary-Treasurer of the Club, with a view to receiving financial compensation. We would return personally the price of many a subscription rather than to have dissatisfaction among the members.

Finally, my friends. (I know you too well to call you "ladies and gentlemen") will you please lend us your aid in this matter of news. If your class-mate moves, marries, is elected to the U. S. Senate, or appointed church warden, please write about it to Clifford Potter, at Alfred, who has charge of the personal column. We want all sorts of items—they sell an alumni page better than anything else.

NORAH W. BINNS, Sec.-Treas.

## MASS MEETING

Last Thursday night's mass meeting, held before the Hamilton game, was most gratifying to everyone. Agricultural Hall was packed and the spirit of the student body seemed stronger than ever despite the fact that the football season is near a close.

Speeches were cut short due to the football team's late arrival. The coach had considerable praise for the enthusiasm shown by the students and hoped it would continue to the finish of the season.

Mrs. Mix told the truth when she said that everyone who could not go from Alfred to the game, would be thinking of nothing but victory during that afternoon.

This week will be a hard one for the team in preparing for Thiel. Everyone must back them in these practices, and Friday, if cheering has anything to do with winning, Thiel will have only a recollection of having played a game of football at Alfred.

## SEND OFF

Friday morning at 8:15 an enthusiastic crowd of rooters assembled in front of the post office to give the football squad a victorious send-off. Due to the large number of students having classes at 8 A. M., the assemblage was not all that was expected, but the team was given a rousing send off nevertheless.

## KANAKADEA BOARD MEETS

On last Monday evening in the Seminar room of the library the 1923 Kanakadea Board held a meeting. Reports on the assignments as given out by Editor Bliss were made, and suggestions and criticisms were discussed at length. E. T. Dougherty, photographer, states that he must have a minimum of at least fifty stunt pictures in order to make this year's book measure up to the standard set by the board. Any student who has stunt pictures should turn them over to some member of the board at once. It is the aim of those connected with this year's book that as large a selection as possible be obtained and that only the best of those submitted, be printed in the Kanakadea. This proposition will be what the students make it and all must get busy and dig out some snaps or take a few flash lights.

All Juniors are to report to Taylor's studio in Hornell for pictures, at some time before Thanksgiving, at the latest.

Those who had anything to do with Kanakadea work last year know that the Board is working on a big thing and needs the co-operation of all. Make a resolution to help in these efforts and then really live up to it.

Paul Lyon of Bradford, Pa., brother of Richard Lyon '25, was in Alfred during the week-end.

## PRINCETON CONFERENCE CREATES WIDE INTEREST

Continued from page one

our country and the world to real achievement. A great service to this generation may prove vastly greater to the generations yet to come."

Charles E. Hughes, Secretary of State, also expressed his approval of the object of the conference although not in a message to Dr. Hibben. "The State Department welcomes the aid of public-spirited citizens in furthering the objects of the Conference on Limitation of Armaments, and keenly desires to facilitate all who are engaged in the effort to give accurate information and to develop sound opinion," said Mr. Hughes.

Both of these messages were read by Dr. Hibben who then said that it was within the right of college men to undertake to sway public opinion in this matter and to ask the members of the International Washington Conference to stand for a limitation of armaments.

The following resolutions, after much debate and discussion were adopted by the Conference:

WHEREAS, the recent World War has demonstrated that future war would be a calamity whose consequences are beyond all calculation; and

WHEREAS, the nations of the world, already improvised by past wars and confronted by the urgent social and economic problems bred by war, have entered on an unprecedented scale into the race for military and naval supremacy, which makes for mutual distrust and war, rather than for mutual understanding and peace; and

WHEREAS, the costs of vast armaments prevent the diverting into constructive channels of money and energy sorely needed for the solution of the problems of peace; and

WHEREAS, the Government of the United States, appreciating these facts has invited the powers to meet in conference at Washington, to discover means through which the Reduction and Limitation of Armaments by International Agreement may be realized, and to promote through amicable discussion universal good-will; and

WHEREAS, the college men for whom we speak have proven their devotion and loyalty in the past war, and the generation which we represent would in all probability bear the brunt of a future war.

THEREFORE, BE IT RESOLVED, THAT we, the representatives of 40 colleges and universities in conference assembled, do hereby express to the Government of the United States our unqualified approval of the course it has taken in summoning the Washington Conference and our entire sympathy with the purpose of the conference pledging our faithful support to the United States delegates in their efforts to alleviate the burdens of war and preparation for war, through mutual understanding and through World Reduction and Limitation of Armaments; and that we do hereby urge upon all delegates that their efforts shall not cease until some solution be found whereby the possibility of war may be minimized, and whereby at least a considerable portion of the vast amount of energy and money expended by the nations for armament may be released for the development rather than the destruction of civilization and the human race.

AND BE IT FURTHER RESOLVED: That it is the sense of the Intercollegiate Conference that the Washington Conference will not have attained its objectives without (1) a settlement of the Far Eastern question based upon principles which will make practicable the reduction of naval armaments. (2) An agreement to suspend all present programs for Naval Construction and to undertake no further expansion. (3) An agreement to reduce substantially the present naval strength of the Nations concerned.

AND BE IT FURTHER RESOLVED, That a copy of the above resolution be signed by each delegate here assembled, and dispatched forthwith to the President of the United States of America, and to representatives of the press for publication.

He who carves deepest against corroding time is he who touches with surest hand the greatest number of human hearts.

## ATHLETIC COUNCIL

At the regular meeting of the Athletic Council, Wednesday night, Assistant Managers of football were elected. There were two men elected from College and two men from Ag School. Benny Volk and John Slough were elected from College and Francis Marshal and "Turk" Stenneford were elected from Ag School. The resignation of Chas. Lake as dance manager was accepted and Eugene Eagle was elected to fill the vacancy.

## SATURDAY NOON TALKS

University men are invited to the talks being given at the library every Saturday noon by Dr. Ide. The second of the series will be given the coming Saturday.

A number of the faculty and students attended the concert at Wells-ville Sunday afternoon.
