

PRO C. R. CLAWSON

COLLEGE STUDENT BODY TO VOTE ON HONOR SYSTEM

Sentiment Divided Between Present Constitution and Proposed Proctor or Honor Plan

There will be a meeting of the college student body tomorrow, March 8, after Assembly, at which time the proposed amendment to the Honor System will be voted.

The article as amended reads as follows:

"Article VIII Section 1

This Constitution may be amended by a three-fourths vote of those present at a student body meeting, or a revision may be authorized by a unanimous vote of said student body, and the passage of the revised Constitution shall be secured by a three-fourths vote of those present. Notice of this meeting shall be given at least one week previous to time of action, by its reading before the student body or by its publication in "Fiat Lux."

The article, as now worded;

"Section I. This Constitution may be amended by a three-fourths vote of those present at a mass meeting, notice of which must be given at least one week previous."

The proposed "Proctor System" will also come before the student body.

CHRISTIAN WORK IN CHINA OUTLINED BY ALUMNA MISSIONARY

MISS SUSAN BURDICK SPEAKS BEFORE Y. W. AND Y. M.

The work of the Y. M. C. A. and Y. W. in China was outlined by Miss Susan Burdick '83, at the joint meeting of the Christian Associations held at the Brick Sunday evening.

Charlotte Kershaw conducted the opening service. Following special music by Delora Sanford,azel Niver and Raymond Sanford, Miss Burdick was introduced.

She spoke first of the Y. M., which since 190 had a commodious building at Shanghai, containing an auditorium. Dormitories are rapidly being added. The Y. M. work, Miss Burdick said, has gone forward by leaps and bounds. The general Y. M. secretary for all China is C. T. Wang, a Chinese who gave up a high government position to take charge of the work, which is along the same lines as in the U. S. A. The educational work includes day and night schools and lecture work. Another big work the Y. M. is doing at Shanghai is the protection of boys who come into Shanghai from up country. Miss Burdick also emphasized the work of the Y. M. in physical training.

The speaker then outlined some of the Y. W. activities in China. She said that the national committee is located at Shanghai. There are more than 30 Chinese secretaries who are supported by the centers in which they work. The Y. W. has established a number of physical culture schools and supervises play ground activities for children and cooking and sewing classes for women. The Y. W. also does institute work in home nursing, first aid, and home relationships, and finally, the Y. W. sends representatives to schools and hospitals to do evangelistic work among students and nurses.

Miss Burdick could not emphasize enough the need for more Y. W. and Y. M. workers in China today.

Beat St. Bona!

MISS NELSON DISCUSSES GROWTH OF ART

Inspiration for Assembly Address Comes from Alfred's Landscape and Dogs

Miss Nelson's address on "Modern Art" at Assembly Wednesday seemed inspired by Alfred's beautiful settings and its numerous canines. Although condensed into a short talk, it showed a keen understanding of the development of art.

"Acquiring the outlook of a colorist could enrich to an inestimable degree one's Alfred experience, Miss Nelson pointed out.

"Florentine art was based upon an intellectual outlook. It placed the element form ahead of the element color, thus giving design a high place.

"Venetian art was essentially emotional. The unrestrained, gay, pageant-like life of Venice was reflected in the painting; form was sacrificed to color. Outlines of form were often lost in the creating of atmospheric effects.

"The Florentine school makes us think; the Venetian makes us feel.

"What about the art of today? In the modern whirl of things, it is by no means standing still; it is playing an amazing and bewildering part in the general social confusion.

"Color is taking a place not ahead or behind but on a level with form. Something is being created in the art world, more vital than the descriptions of the all-famous Spanish painter, Sorolla, who, through his use of pigments makes us feel the heat of the sun or the coolness of the water."

Miss Nelson closed her talk by showing the possibilities of Alfred's beauty to the mind and emotions of an artist looking down from a nearby hilltop.

GIRLS OF '24 WIN AGAIN

SOPHOMORE GIRLS DEFEAT FROSH 31-6 IN SECOND AND FINAL GAME OF SERIES

The Sophs hung up another victory over the Freshmen Saturday night by winning a rather one-sided girls' game by a score of 31-6.

The two Sophomore forwards, Teal and Eustace, were a little too fast for the guards of '25, as they piled up the score.

Miss Teal registered 17 points and deserves a great deal of credit for her work. Miss Eustace followed close with 14 points.

All the Freshman girls tried hard to boost their score, but with little success:

The line up:			
Sophs		Frosh	
Eustace	R. F.	Duykinck	
Teal	L. F.	Newton	
Neuweisinger	C.	Wright	
Shepard	R. G.	Hunt	
Martin	L. G.	Burgess	

GLEE CLUB CONCERT A SUCCESS AT FILLMORE

Same Program to be Given Tomorrow Night at Hornell

Last Monday evening, February 27, the Alfred College Glee Club gave a concert in Fillmore under the management of the F. H. S. senior class.

The program consisted of the following numbers:

- College Songs
- Glee Club
- Vocal Solo—"Rolling Down to Rio" German

Ray W. Wingate

THREE UNUSUAL PLAYS CLEVERLY ACTED BY JUNIORS

Chinese Play Recalls "The Yellow Jacket"

"JOINT-OWNERS IN SPAIN," "THE STRIKER" AND "THE TURTLE DOVE" PROVIDE VARIED ENJOYMENT

The Junior class plays, given in Firemens Hall on Thursday, March 2, were a credit to all those who took part in them as well as to those who by lending their assistance made the productions possible.

"Joint Owners in Spain," written by Alice Brown, was made up of some amusing incidents which resulted from the association of certain inmates of the "Old Ladies' Home," the scene of the play Margaret Emerson as Mrs. Mitchell, made an excellent director of the home. Helen Smalley (Mrs. Fullerton), Dorothy Langworthy (Mrs. Dyer), and Alma Wise (Mrs. Blair), played most creditably the parts of inmates. The scene of domestic turmoil between Mrs. Dyer and Mrs. Blair was very good. It was natural and unstudied.

In "The Striker" T. J. Ahern as John Quinn, motorman, deserves particular commendation for the naturalness of his Irish dialect. Mary Irish was excellent as Mrs. Quinn. The play was well done and no one failed to put himself into his part.

"The Turtle Dove" was quite a different production from either of the two preceding plays. It depended for its effectiveness more upon atmosphere than either of the two former plays. John McMahon in the leading part (Shang Sut Yen) was very good. Virginia Randolph portrayed well the character of the Mandarin's daughter (Kwen Lin). The forecasting of the plot by Irwin Conroe, who had the chorus, was done in an able manner. The other parts were carried out with equal effect.

The Junior class extends appreciation to Miss Bleiman and Miss Binns for their untiring efforts in behalf of the plays; also to Frobisher Lytle, who painted the scenery, and to Ethel Hayward, who worked with the costumes. Thanks go to all others who lent their assistance.

The casts of the plays were as follows:

Joint Owners In Spain
Mrs. Mitchell—Director of the Old Ladies' Home Margaret Emerson
Mrs. Fullerton—Inmate

Helen Smalley
Mrs. Dyer—Inmate
Dorothy Langworthy
Mrs. Blair—Inmate Alma Wise
Scene: A room in the Home
Time: The early afternoon of a winter's day
Under the direction of Miss Elsie Binns.

The Striker
John Quinn—a motorman on strike
Theodore Ahern
Mrs. Quinn—his wife Mary Irish
Molly—his daughter Marjorie Beebe
Bill Martin—a neighbor, also on strike
H. Clinton Baldwin
Mrs. Martin—his wife Gladys Greene
Scene: the dining room in the Quinn house
Under the direction of Miss G. K. Bleiman

The Turtle Dove
Gong Bearer Benjamin Volk
Chorus Irwin A. Conroe
Shang-Sut-Yen John McMahon
The Mandarin Edward Teal
Kwen-Lin—his daughter
Virginia Fitz Randolph
Property Man Henry Stryker
The God of Fate Lloyd Lanphere
Under the direction of Miss G. K. Bleiman.

ST. BONAVENTURE TO SEND A STRONG QUINT FOR NEXT THURSDAY'S GAME

Purple To Seek Revenge

HORNELL H. S. TO OPPOSE FRESHMEN IN PRELIMINARY

Thursday night the Varsity basketball team will meet its ancient enemy, St. Bonaventure, on the Alfred court.

St. Bona has one of the strongest fives in its history, having vanquished some of the fastest teams in this section. One of its latest victories is over Bethany College. Bethany played the next night at Buffalo and won an easy victory over the University of Buffalo team.

The Purple team is determined to win this game and every member of the squad will be in readiness for the conflict. Smith, who was kept away from practice for three weeks on account of illness, is now back in uniform and is playing a faster and better game than at any time during the season. Campbell has been laid up for a few days as a result of injuries received in the Rochester game but is expected to be in readiness Thursday night.

The freshmen team is scheduled to play a preliminary game with Hornell High School. The high school is said to have a team of unusual calibre and it is expected that they will give the freshmen a hard battle.

AG JUNIORS BEAT A. H. S. BY ONE POINT

A basketball game which did not stir up much commotion but which did prove to be snappy, was that at Thursday night in which the local high school lost to the Ag Juniors 26-25.

Both teams showed good floor work, especially Lewis and Gould for the high school and Steniford for the juniors. It was Steniford who, in the last two minutes of play, cinched the game for the juniors by making two spectacular baskets from mid-court.

Summary:

Ag Juniors (26)	A. H. S. (25)
R. F.	Lewis (6)
Steniford (14)	L. F.
Wood (8)	Stevens (10)
C.	Hamilton (2)
Cornwell (4)	R. G.
Parker	Stillman (7)
L. G.	Gould
Worden	Substitutions: A. H. S. Wright for Lewis.

CONCERT BY JOY BABCOCK AT AG HALL THURSDAY

ATHLETIC ASSOCIATION TO HAVE PROFITS FROM VIOLIN RECITAL

The violin recital by Joy Babcock next Thursday evening is being given for the benefit of the Athletic Association, and students of the College and Agricultural School should plan to attend.

Special arrangements have been made to have the game with St. Bonaventure played at seven o'clock in order that those who wish may be present at both events. The recital is scheduled for eight-thirty.

Miss Babcock has just completed a tour in the eastern states, New England, and eastern Canada, and the hearty response she has everywhere received proves her to be a young violinist of exceptional merit. Since childhood she has enjoyed every opportunity for musical development. Her three years with Leopold Auer, who trained Mischa Elman, Max Rosen, Heifetz, and others of equal note, alone will recommend her to those versed in matters musical.

Mrs. Seidlin will assist Miss Babcock. The high grade of Mrs. Seidlin's piano-playing is too well known in Alfred to require comment. The price of admission is seventy-five cents. Seats may be reserved at Ellis' Drug store. Don't miss this recital.

INTERCLASS BASKETBALL LEAGUE OPENS TOMORROW

An inter-class basketball league has been organized among the classes of the Ag School and college with nine games to be played in the next two weeks. Six of these games are to be played among the classes of the college and three between the Ag School classes. The winners of each series of games will then play a game for the championship of the University.

The games have been scheduled as follows:

Ag School	
Ag Seniors vs. Ag Juniors, Tuesday the 7th at 5 P. M.	
Ag Juniors vs. Ag Freshmen, Wednesday the 8th at 7:30 P. M.	
Ag Seniors vs. Ag Freshmen, Thursday the 9th at 5 P. M.	
College	
Freshmen vs. Juniors, Tuesday the 7th, at 7:30 P. M.	
Sophomores vs. Seniors, Friday the 10th, at 4:30	
Seniors vs. Freshmen, Monday the 13th, at 4:30 P. M.	
Juniors vs. Sophomores, Monday the 13th, at 7:30 P. M.	
Seniors vs. Juniors, Wednesday the 15th, at 7 P. M.	
Sophomores vs. Freshmen, Wednesday the 15th, at 7:30 P. M.	

ALFRED WELL REPRESENTED AT ST. LOUIS CERAMIC CONVENTION

The delegates to last week's St. Louis Convention of the American Ceramic Society report a busy and profitable time while away from their school work.

Those that attended were Director Binns, Prof. Radasch, Leon Ellis '22, Peck '22, and Cole '23. Sessions were held at the Hotel Statler starting Monday and closing Friday.

The convention was divided into several divisions making it impossible for anyone to attend all the lectures. The divisions were Art, Enamels, Glass, Heavy Clay Products, Refractories, Terra Cotta, and White Wares. All of the lectures contained valuable information which the delegates will outline at the next meeting of the local branch of the society.

The local delegates met several Alfred graduates who are helping to put their Alma Mater to the front by their excellent work.

Alfred alumni, who attended the convention, included Paul E. Cox '05, of Pittsburg, Pa., I. A. Kruson '14, of Dayton, Ohio, C. F. Tefft '14, of Watertown, Pa., R. M. Howe '15, of Pitts-

ASSEMBLY NOTES

Tuesday morning Prof. Place entertained the student body by reading some of his own poems. They were exceptionally good, especially the ones on "Sleeping Out," "The Grain Binder," and the "ABC of Agriculture." He also introduced a new Ag song "Sing A Song of Farming," which took very well with everyone.

SING A SONG OF FARMING

Sing a song of cities; that's no place for me;
Folks allfired plenty everywhere you see.
What I want is greater room, sky so big and blue,
Now and then a pesky hen,—with calves and horses too.

CHORUS

I've been working like a farmer all the livelong day,
Farming is my occupation, here I hope to stay.
Tumble into bed so early, rest me there till dewy morn;
Waiting then with eager longing for the dinner horn.
Raise a crop, then sell it; milk the gentle kine,
Shovel out the silage; slop the cheerful swine.
House is full of furniture, carpets on the floor;
Spend the money in the bank, then go and earn some more.

CHORUS

Farming aids digestion, curing all your ills.
Farming pays the taxes and the other bills,
Everywhere there's farming, where there's earth and sky;—
When all other jobs have failed, then farming you should try.

CHORUS

F. S. PLACE.

Violin recital in Ag Hall, Thursday evening after the game.

On Thursday morning, Prof. Randolph explained the Bonus Bill and gave everyone a clear idea of just what it meant.

The Seashore Test for music was given Friday morning under the direction of Prof. Wingate.

Profs. Robinson and Camenga underwent operations for appendicitis at the Bethesda hospital, Saturday morning. Both were as well as could be expected at the latest reports.

COUNTRY LIFE CLUB ELECTS OFFICERS

At the regular meeting of the Country Life Club last Tuesday night, officers were elected for the balance of the term as follows:

President, Anna Millard
Vice President, Laura Sager.
Secretary and Treasurer, Percy Stentiford.

NEW VARIETIES OF OATS

In New York four pure lines of oats have been named and distributed to farmers through the Cornell University agricultural experiment station. These are the Cornellian, Comewell, Standwell, and Empire. The Cornellian is a comparatively early variety with certain drawbacks which suggested the need for hybridization with some of the better varieties of white oats. Comewell, Standwell, and Empire are selections from midseason white oats which are giving favorable results in different sections of New York.

Mrs. Hearn of Burdick Hall has been engaged to take charge of a boarding club there during the coming summer session. The board will be on the club plan, with \$6.00 as the maximum weekly cost.

THE WEATHER IN FEBRUARY, 1922

The outstanding feature in the weather of February was the high fever that struck it on the 22d and 23d. On these days the maximum temperature was 61 and 65. Each of these broke all local records for warm weather in February. The next warmest February day was in 1890 when the mercury climbed to 60. It reached 59, however, in 1921.

The lowest temperature of the month was experienced on the 17th when the minimum column read—7. It is notable that the thermometer fell 55 degrees within thirty hours on the 23d and 24th. The average temperature for the month was 27.4 as compared with 26.9 last year. The normal average for February at Alfred is 21.3 degrees. (That is an average for 22 years).

The precipitation this February was very small only 0.99 inches, as against 1.82 inches in 1921. The normal February precipitation for Alfred (rain, or melted sleet and snow) is 2.10 inches (i. e. this is the average precipitation for 27 years). The largest precipitation for one day was 0.22 inches on the 6th.

The total February snow fall was 7.6 inches (unmelted), as compared with 16.0 in 1921. The total snow fall this winter (Nov. 1, 1921, to Feb. 28, 1922) was 39.9 inches. For the corresponding period last season it was 49.1. The largest amount of snow on the ground at any one time this February was 5.4 inches, the 6th, 7th and 8th; as compared with 7.4 inches on the ground on the 11th, in 1921.

February, 1922, had 11 cloudy days, 12 partly cloudy and 5 clear.

What Is Water Japan?

JAPAN—not the country but a metal-coating varnish—and your morning bottle of milk. Totally unlike, yet associated!

Ordinary japan consists of a tough, rubbery, tar-like "base" and a highly inflammable "solvent." The solvent dilutes the base so that the metal may be coated with it easily. The presence of the solvent involves considerable fire risk, especially in the baking oven.

Milk is a watery fluid containing suspended particles of butter fat, so small that one needs the ultra-microscope to detect them. An insoluble substance held permanently in suspension in a liquid in this manner is in "colloidal suspension."

The principle of colloidal suspension as demonstrated in milk was applied by the Research Laboratories of the General Electric Company to develop Water Japan. In this compound the particles of japan base are colloiddally suspended in water. The fire risk vanishes.

So the analysis of milk has pointed the way to a safe japan. Again Nature serves industry.

Connected with the common things around us are many principles which may be applied to the uses of industry with revolutionary results. As Hamlet said, "There are more things in Heaven and earth, Horatio, than are dreamt of in your philosophy."

Entered at the Alfred Post Office as second-class matter.

Andrew Dromazos, the restaurant proprietor, has made a generous offer to the Athletic Association which will no doubt prove to be a great financial benefit.

This coming Thursday will be known as "Athletic Day" at the Student Candy Shop and Lunch Room, and 15% of the gross sales of the day will be contributed to the Athletic Association. All students of the University should take this opportunity to help the Association and one of its boosters.

Charles Lake '23, "Sam" Bond '25, and "Bill" Whitford '22, have recovered from their recent illnesses. Mr. Lake hopes to make up this term's work in the summer session.

A few faithful boosters are working hard to complete the board track. If you want to help, ambition is all you need. You can take the time, and the hammer and nails are furnished.

MEMBERS OF THE MATH AND CHESS CLUB, ATTENTION

A regular meeting will be held tomorrow evening, March 8, at 7 o'clock, in Babcock Hall. Professor W. A. Titsworth will give an illustrated lecture on "The Fourth Dimension," which is sure to be of interest to everyone. Remember to be there.

In the meantime try to work out a solution and proof to the following problems:

Given two circles of unequal size and a straight line not perpendicular to the line of centers; find a point on the line from which the four tangents of equal lengths can be drawn to the two circles.

AN APPEAL FROM STARVING RUSSIA

A recent communication has been received at the college office from "The American Friends Service Committee," Philadelphia. This letter is an urgent appeal to American educational institutions to lend a helping hand in alleviating the terrible famine in the Volga region, in Russia.

There are in this territory fifteen million people who are dependent for their sustenance upon the outside world. The mortality rate is highest among infants, being 90 per cent in orphan homes. The Russian government is doing its best in sending out train-load after train-load from Moscow of such food materials as are available. However, such preparations are entirely inadequate to the situation. Thousands are starving each day. It is to America and to her colleges that the "Friends Service Committee" is looking for aid.

All contributions will be gratefully received by the "American Friends Service Committee," 20 South 12th Street, Philadelphia, Penn.

The fellows sang before an appreciative audience, each number being heartily applauded. This being the first trip to Fillmore, the Club members were well pleased to know that they had made a good first impression. The chances for a repetition of the concert at Fillmore are good.

Tomorrow night, the same program will be given in the Park Methodist Church in Hornell.

BRICK PERSONALS

Marian Woodward spent the week-end at Elmira College.

Mildred Babcock has returned to Alfred for a short stay.

Fredora Moore's parents are visiting her from New York.

Betty Robie spent the week-end in Canisteo at the home of Louise Lair.

Verda Paul was entertained by Winifred Stout at her home in Wellsville.

Edith Childs was the guest of EstHher Bowen at dinner Friday night.

Florence Luhrs spent the week-end at the home of Margaret Kinney in Wellsville.

The senior girls gave an attractive little birthday party for Mrs. Midaugh last Monday night.

The Y. W. Cabinet and the Sigma Alpha Council gave a spread last Wednesday night in honor of Mrs. Kershaw.

Constance Spaulding spent the week-end at the home of Mable Stonham in Scio.

Helen Smalley has been confined to her bed for the last few days because of an attack of bronchitis.

The Brick girls were sorry to see Mrs. Kershaw leave, Saturday morning.

THE IMPERIAL INSTRUMENTALISTS GIVE VARIED PROGRAM

The concert given by the Imperial Instrumentalists last Saturday evening was a highly entertaining one when that group of young women appeared before the Alfred footlights as the fifth regular number of the Fraternities Club Entertainment Course.

The whole program was an excellent one. Special commendation should be given the violinist, who was indeed an artist; the reader, who was also a clever accompanist, and the drummer, who proved her ability at the traps in "Drumology." The Fraternities Club is to be congratulated on its success in procuring the Imperial Instrumentalists, thus living up to its promise of making the course one featuring an "all-artist" program.

ALUMNI and FACULTY

News has also been received of the death of Rev. George W. Burdick, '85 Mrs. Pauline Stillman Wells of Ashaway, R. I., recently passed away. She was an Alfred student in 1868.

The University faculty meeting this week will be held tonight in the English room. Dean Titsworth and Dr. Adamec will be the speakers.

President Davis, in a letter from Daytona, Florida, states that he has met nine people from Hornell, two of whom were formerly Alfred students.

Mr. Pierce of the class of '08, has just been honored in Buffalo by a "Seneca Week" which that city is holding in honor of the Seneca Vocational School founded by Mr. Pierce. Together with pictures of the school a portrait of the founder was recently published in one of the Buffalo papers.

With a message of gratitude from the students of Czechoslovakia to the students of America, whose support has been largely responsible for student relief operations in Europe, Dr. Jaroslav Kose of Prague, is now making a series of visits to American colleges and universities.

Dr. Kose, who is International Secretary of the Czechoslovak Student Renaissance Movement, was formerly director of the Students' Home in Prague, which was built and has been in large part maintained by American students through the Y. M. C. A. and Y. W. C. A. Today, with its 6,500 members and hundreds of applicants, it illustrates both the need and the effectiveness of this form of service.

The Y. W. topic for next Sunday evening is "A friendly hand to the foreigner" and the leader is Dorothy Langworthy. All college women are urged to come and help make the meeting a benefit to all.

The Footlight Club wishes to thank the Sophomore girls who volunteered to help with the properties for "The Importance of Being Earnest." Constance Spaulding, Anna Martin, Mabel Stoneham and Brita Haynes helped to make the play a success.

COLLEGE STUDENT BODY TO VOTE ON HONOR SYSTEM
Continued from page one

PROCTOR SYSTEM

ARTICLE I

Section 1. The student body of the College of Liberal Arts and the New York State School of Ceramics at Alfred University create a Proctor System, which shall provide for the supervision of examinations during the first term of the Freshman year (and in case of rejection of the Honor System by any new class) for the remainder of their college course.

Section 2. Penalties for questionable actions during any examination shall be imposed at the discretion of the proctor in charge.

Section 3. The proctor in charge of the examination shall be the instructor in that subject.

HONOR SYSTEM

ARTICLE I

The student body of the College of Liberal Arts and the New York State School of Ceramics at Alfred University, create an Honor System under which the members of each Freshman class shall at the end of their first term vote to accept or reject the system for the remainder of their college course. In voting to accept, (a majority being the decision of the class) each member pledges himself to be just; to be fair; to be honorable in all matters relative to or pertaining to scholarship in this University.

ARTICLE II

Section 1. The members of the Student Senate shall be a committee to represent the Student Body and deal with all cases involving violation of the Honor System.

ARTICLE III

Section 1. Any one detecting a violation of this Honor System shall rise to his feet and give an immediate, impersonal, public warning to that effect. In case of scheming violation of the Honor System, evidenced by papers on or about the person or by conspicuous opened books, such violation shall be subject to discipline under the Honor System without warning. Any student receiving warnings in each of two different examinations shall be subject to discipline under the Honor System. No more than two such warnings shall be given to any one student during an examination week. There will be but one public warning given in any one examination. The second violation will be followed by a report to the committee.

Section 2. The committee shall have the power to summon the accused persons and witnesses, and conduct a formal investigation. In case of conviction for the first time, the committee shall recommend to the faculty that the term's mark for the subject or subjects in which the student has been convicted of violating the Honor System shall be cancelled and his or her name shall be posted in Kanakadea Hall and in the Library. In case of a second conviction, during the rest of the student's college career recommendation shall be made to the student by the committee of his separation from college and if such separation is not made, the committee shall then make the same recommendation to the faculty with a brief resume of the case.

Section 3. The committee may at any time summon a mass meeting for instruction or to support their action in any disputed question or to report the name and case of any extreme offender.

ARTICLE IV

Section 1. The trial of the accused shall be conducted as follows: Witnesses against the accused shall be examined first and their testimony taken in full. The accused shall be called separately and allowed to make his statement, presenting his defense. All witnesses and the accused may be questioned by members of the committee. A decision shall be made, rendered according to the evidence.

Section 2. Six (6) out of seven (7) votes shall be necessary for conviction.

Section 3. All evidence possible shall be procured in every case and in no event shall a man be tried the second time for the same offense, except in the light of new and important evidence.

ARTICLE V

Section 1. Each student must, in order to make his or her examination or test valid, sign the following pledge: "I pledge my honor that I have neither given nor received aid in this examination," or the declaration "I do so declare."

Section 2. Members of the faculty shall insist that the above said declaration or pledge be attached to every examination paper. Any examination paper lacking this pledge shall be considered void by the instructor in charge. The instructor must notify any student whose paper lacks the pledge and give the student the opportunity of signing the said pledge.

ARTICLE VI

Section 1. The Student Senate shall keep and preserve a record of all cases acted upon. In no case shall a member of the Student Senate make mention publicly or privately of any case brought before the committee except through action of the committee as a body.

ARTICLE VII

Section 1. Every student is honor bound to aid in the enforcement of the Honor System and its constitution.

ARTICLE VIII

Section 1. This Constitution may be amended by a three-fourths (¾) vote of those present at a mass meeting, notice of

which must be given one week previous, by its reading before the student body or by its publication in the "Flat Lux."

ARTICLE IX

Section 1. The committee shall make provision for interpreting the Honor System to the members of the Freshman Class during the first term of each school year.

Section 2. Copies of this Constitution shall be posted in recitation rooms, on college bulletin boards, and in the Library.

Section 3. The Constitution shall be published three (3) times in the "Flat Lux,"—the first number of the first term, the last number before the final examinations of the second and last terms.

ALFRED WELL REPRESENTED AT ST. LOUIS CERAMIC CONVENTION

Continued from page one

burg, Pa., E. E. Ayars '17 of Danville, Ill., and T. M. Place '21 of Little Rock, Ark.

Mr. Howe holds his place during the coming year on the advisory board. The officers elected were as follows: President, F. H. Riddle; vice president, E. W. Tillotson; treasurer, R. K. Hursh and secretary, R. C. Purdy. Other members of the board are: Messrs. Salisbury, Winton and Pence.

WHY NOT A BOOSTERS' CLUB AT ALFRED?

Most of the students of old A. U. realize that some organization is necessary which will cement the student body more closely together, and make it more effective in co-ordinating and supporting outside activities.

Here's the way Colorado solved the problem:

The conditions at the University of Colorado in 1916 were critical. The school seemed to be split asunder by many small interests, and little co-operation could be secured for the larger activity of the university. The need for some change was noted by a student in an open letter to the Silver and Gold, student paper, in November of 1916. To illustrate what action can accomplish is the record of the speedy organization of the Boosters' Club at Colorado, before the end of a month, representatives of the organized and unorganized groups on the campus had met and adopted a constitution and started work to better the conditions.

The constitution of the club states as its purpose "to promote in all ways the best interests of the University of Colorado by uniting all students, alumni and faculty to that end, without regard to personal, political, or fraternal ambition." This purpose has now been transformed into a sort of creed, until it is considered the highest honor to be a member of the

Boosters' Club, and the greatest dishonor to violate its principles. The aim has been met squarely by the club in developing all activities at the western school. No group is too small to be heard and assisted if the work it does is for the good of the university. No project which promises to promote the betterment of the school goes without a backer if the Boosters' Club hears of it. From a rather insignificant group of college idealists, this club has grown to be the most influential element on the campus at Colorado and is known all over the Rocky Mountains for its work.

The basis of membership is simple. Each social fraternity for men, and there are sixteen at Boulder, is allowed two representatives, to be chosen as the group sees fit. The non-fraternity students are allowed a number equal to the total fraternity representation, to be chosen at an open meeting of the independents when they deem best. The only qualification is that the member must be of junior standing, but this may be waived by a vote of the club if a sophomore's name is presented for membership. The representatives may be changed at any time at the pleasure of the group they represent, by notifying the Boosters' Club secretary. In addition to these members, the president of the student commission, the editor of the school paper, and the captains of the major athletic teams are members ex officio. The roll of the organization is self-perpetuating in this way.

Regular meetings are held each Tuesday night in the Y. M. C. A. building on the grounds. These sessions are models of dispatch and efficiency. Reports are hurriedly given and carefully analyzed. Seldom does the time extend over one hour, but the largest problems are considered in that short period. "Windyness" is taboo by custom. Absence from two consecutive meetings or a total of four absences automatically drops a member from the roll, but every allowance is made for reasonable excuses and notification is always given of impending disqualification. The officers are a president, secretary, and treasurer. These, together with the heads of the standing committees, make up the executive council. Most of the detailed work is done by this council before matters are presented to the club in regular meeting. The standing committees are those on high school relations, alumni relations, publicity, and ways and means. Others may be created by the president.

AUSTRIAN DEBT DEFERRED?

A resolution urging the deferment of the Austrian relief debt was read by Chester Feig after Assembly Wednesday morning, and the student body voted to adopt it.

The resolution, as sent to the Congressmen from this district, was in part:

Whereas, the general social and economic situation in Austria is daily becoming worse and great numbers of its inhabitants are, as a consequence, suffering from insufficient food, lack of proper clothing, and from a great increase of disease on account of these privations, and

Whereas, the Powers of the world, deeply stirred by this racking of an entire nation, have made plans which, if carried out, will bring immediate and lasting help to Austria, and

Whereas, the success of this plan depends on the suspension of Austria's debts, contracted solely for relief credits, for twenty years, and

Whereas, this deferment of debt has been agreed to by the principal powers interested, with the exception of Italy and the United States, and

Whereas, relief from the imminent moral and physical breakdown in Austria depends on what action the United States Government will take, and

Whereas, in order to save great masses of her population from starvation and death immediate action must be taken in this grave matter, therefore,

Be it Resolved, that we hereby petition our Senators and Representatives in Congress to take immediate action in the form of special and immediate legislation that payment of Austria's debt to the United States be suspended for at least 20 years

ANOTHER DEPUTATION TEAM

The Y. M. C. A. sent a deputation team to Belmont Sunday, and the

men report a pleasant, worth-while trip. The following men composed the team: Donald Burdick, Earnest Eaton, Clair Danforth, Fred Gorab and Edward Teal.

CONTESTANTS CHOSEN FOR PRIZE SPEAKING CONTEST

Five of the six winners in yesterday's preliminary "World Peace" speaking contest are Sophomores. The following students will compete for the Dr. Thomas Peace Prize at a public contest on April 3d: Frances Otis

'23, James Yanick, Mary Wells, Fred Gorab, Helen Shepard and Meta Gibson, all of '24.

PROF. NORWOOD SPEAKS BEFORE C. E.

Last Friday evening Prof. Norwood gave an interesting talk at Christian Endeavor meeting on "Sidelights of Religious Life in England".

A special musical program will be given by the local C. E. at next Friday evening's meeting. Students are especially invited to this 7:30 service.

Final Number Fraternities Club Entertainment Course

His program consists of—

A series of impersonations using wigs and hats, each with its funny story, a few selections from noted authors a serious number, a burlesque lecture or sketch, then closing with a series of character studies in costume, introducing a few songs.

The changes are made before the audience in a few seconds, and the characters and impersonations stand before you alive in all their naturalness, oddity, and quaint humor.
