### **Alfred Ceramic Art Museum Exhibitions**

Holding the Line: Ceramic Sculpture Stanley Rosen  
Minyao: Art of the Everyday  
a Selection of Chinese Folk Pottery

October 19, 2017 - January 1, 2018  
Opening Reception: 6:00 p.m. - 9:00 p.m., Thursday, October 19

Alfred Ceramic Art Museum

Cost: free

Sponsored by: Alfred Ceramic Art Museum

Three new exhibitions are opening simultaneously on October 19, 2017.

Holding the Line, ceramic sculptor Stanley Rosen's (MFA Alfred '56) retrospective is revelatory. Rosen has long been a quiet visionary. His little known work from the late 1950's, 1960's and 70's will astonish.

Concurrent with the Rosen exhibition the Museum is celebrating the break out career of Kelsey Chase Folsom. His thoughtful, poetic and often challenging work will be on view in the exhibition hereafter. The Museum will also feature Minyao (peoples' pottery): The Art of the Everyday. Supported by a grant from the Asian Cultural Council-Rockefeller Foundation, the collection of work on view is the result of a concerted effort to honor and preserve a powerful, disappearing ceramic language of the Chinese people.

Museum hours are 10:00 a.m. to 5:00 p.m. Tuesday, Wednesday and Friday; 10:00 a.m. to 7:00 p.m. Thursday; 10:00 a.m. to 4:00 p.m. Saturday and Sunday.

### Bergren Forum - David Marsh

The Bergren Forum sponsored by the Division of Human Studies, College of Liberal Arts and Sciences and the Provost's Office will be meeting at 12:10 p.m., Thursday, October 5 in the Nevins Theatre, Powell Campus Center.

Bring a brown bag lunch, coffee and tea will be provided.

Speaker: David Marsh

Topic : "The past, present and future of lithography: From Art to the Impossibly Small"

I will discuss the history of lithography to show that this technique has been used to reproduce images for a long time and how it has recently been updated. Now the process involves light, much like photography, and has been miniaturized so that it can be used in the electronics industry to make tiny integrated circuits for your smartphone and other devices. The future of lithography involves additional tricks and new chemicals, but the fundamental process remains the same.

### Critical Cinema, PARIS TEXAS in Holmes Auditorium, at 7:30

Paris Texas

New German Cinema pioneer Wim Wenders brings his keen eye for landscape to the American Southwest in Paris, Texas, a profoundly moving character study written by Pulitzer Prize-winning playwright Sam Shepard. PARIS, TEXAS follows the mysterious, nearly mute drifter Travis as he tries to reconnect with his young son, living with his brother in Los Angeles, and his missing wife. From this simple setup, Wenders and Shepard produce a powerful statement on codes of masculinity and the myth of the American family, as well as an exquisite visual exploration of a vast, crumbling world of canyons and neon.
