MISINTERPRETATION

Due to a misunderstanding, an article presenting a lecture given by Prof. Seidlin on "Relativity" appeared in last week's issue of the Fiat Lux headlined as "Izzy's Theory." In all fairness to Dr. Albert A. Einstein and to Prof. Seidlin, we wish to correct any erroneous impression this article may have made upon the readers. The article as intended, should have been headed "Einstein's Theory of Relativity."

Mr. Pierce, principal of the Seneca Vocational School of Buffalo, was here with his assistants Wednesday and Thursday evening to represent various departments of the campus for advertising purposes.

HORNELL HIGH VICTORIOUS
IN MEET ON FRIDAY

The annual Interscholastic day, was the championship Field and Track Meet held in Hornell High School Athletic Association. Miss Binns has purchased a book shop, where she is to have a credit to herself and to a college town.

Aside from the medley relay race which was hotly contested between Straight of Cattaraugus and Howard High School Athletic Association, the Sophomores, undaunted by the Freshmen’s predictions of an easy victory, defeated the first-year men by a score of 75 to 52 last Thursday. For a time it looked as though the meet would be closely contested, especially when the Fresh gathered nine points in the pole vault but their hopes gradually died as the Sophs passed them in the last four events.

Scudder was the hero of the day taking three firsts in the hundred, twenty-four and forty-four dashes. Two college records were broken, when Ford threw the javelin 135 feet and Paley “25, Moses “25.

Hornell soon began to pile up points gaining a lead which has generally grown and prospered. In spite of the many unfavorable conditions tending to hinder the smooth progress of the Fifteenth Annual Interscholastic Track Meet held last Wednesday the situation was admirably handled by the managers and his assistants. Intermittent rains failed to interrupt the well planned schedule, and even event took place, practically on scheduled time and with the slightest possible confusion. The host of contestants which arrived late the night before the meet were well taken care of, and, but little fricition resulted.

To Manager Robert Witmer and his assistants should go the highest possible praise for their efficiency, and also to Coach Wesbecker who worked untiringly to meet the success. While giving those in charge the praise which they well deserve, the Block “A” Club also should receive honorable mention as well as the Freshmen, all of whom worked hard and well to make a success out of very unfavorable conditions.

The second play, a one-act comedy, written by Zona Gale and directed by Miss Blome, is sure to arouse enthusiasm and win the commendation and approval of anyone who witnesses it. The players, although they have not all appeared before an Alfred stage, are not without experience, and the cast below should have been chosen by virtue of their ability to act.

V. W. C. A. CONDUCTED BY FRESHEMEN

The Y. W. C. A was conducted by the Freshehmen on Sunday evening, May 20. Hazel LeFever led the meeting and had for her topic “Feudin’ Fun.” There are two types of people who find fun—who go against the grain of the current and rely on their own convictions, and those who are followers of the crowd. If one has morals which make him dry, then they are bad. We should take Jesus as our example for he gave his life to save his fellows. Does adhering to conventions spoil the popular crowd? Yes, perhaps it does with your crowd but remember it isn’t everything, for it is better to find true, wholesome fun. The special music was furnished by Elizabeth Paul who sang a solo.

FEUDIN’ FUN

Many visitors attended Interscholastic Dance

This annual track meet dance was held Wednesday night, May 16th, in Academy Hall. Excellent music was furnished by the Alfred Collegians orchestra of seven pieces, the additional "instrument being a trumpet. The music was occasionally supplemented by the xylophone, played by "Steve." Over one hundred couples were present at the dance, with college students in the majority. The unusual number in attendance made dancing somewhat difficult, but did not seem to dampen any one's enthusiasm. The chaperones were Prof. and Mrs. W. A. Titworth and Coach and Mrs. Wesbecker.

Wee Playhouse Members hard at Work on Final Exhibition

The Hawthorne Vase, a Chinese semi-antique written and directed by Chas. Bisson, rather than being a continuous play, is a series of descriptive, oriental sketches throwing light upon Chinese customs and beliefs. The panelled curtains and delightful foreign stage settings alone are sufficient to capture the admiration of the onlookers.

The second play, “Greater Love,” is a modern, well equipped standard College play, written and directed by Chas. Bisson. The scene is laid in a woodcutter's cottage. It is based upon a number of the German stories in which one man's regard for another leads to a great sacrifice. The cast of characters includes several well-known local actors and actresses among whom are Mrs. Lynn Vars, Prof. Place, Prof. Eaton, Nora Biss, and Mrs. John King.

Professor Minton’s one-act comedy, “Caste Lux,” is a collection of laughter-provoking events skillfully arranged in the proper sequence to fascinate and hold the suspense of the spectators start from finish. The plot is founded upon the difficulties which John Brown and his wife, only recently united in the bonds of holy matrimony encounter in living with Aunt Sophie. An extravagant wife, a petulant husband, mistaken address and conflicting circumstances are factors leading gradually upward to the climax. Under the supervision of Mrs. Arlotta Mts., the training which the players receive should enable them to make the comedy a success.

PURPLE TEAM IN FINE CONDITION

The final track meet on this year's schedule was held on Saturday afternoon when the "Purple and Gold" team stacks up against the strong fifteen from St. Lawrence. This will be the first appearance of the Northern College in this section. Coach Ferguson has had the squad working, strenuously for the past two weeks and will continue the training until the meet is over. The rain turned the entire field into a sea of mud which affected the track throughout the day is surprising when one considers that last year, this was entirely dry. Estimates indicate that the meet by his work in the dashes, this week will be close. A large audience will assist in putting heart and pop into the fellows.

The end of the year is nearly here and there have only been two matches tournament played off. It is absolutely necessary that all the first matches be played before the end of this week. Those who have not played the season and doubles will be cancelled from the tournament. This applies to both and St. Lawrence teams have been consistent. Considering their success thus far this year, it is evident that the Alfred team will need all possible practice this week. Therefore it behooves all players not on the Varsity team to rend the courts to any members of the team at any time. Despite the rather uncertain out- look, however the team feels optimistically confident that the matches will be close. A large audience will assist in putting heart and pop into the fellows.

ST. LAWRENCE MAY PRESENT

Though the meet was marked by the number of entries in its history, the number of spectators was noticeably less than in recent years. Estimates indicate that the crowd was half as large as that of last year. This was entirely due to intermittent showers which fell throughout the day. That such fast time as was made on the cinders throughout the day is surprising when the finish of the track is considered. The rain turned the entire field into a sea of mud which affected the heights and distances in the jumping events.

The second play "Heirs at Law," is a one-act farce-comedy of very worthy merits and one which will demand instant appreciation from the audience.
