

White List Released This Week For First Semester

Twenty-six Seniors, Thirty-three Juniors Entitled To Voluntary Attendance On Basis Of Indices

Names of 26 seniors and 33 juniors appear on the first semester White List which has just been released by Dean M. Ellis Drake.

Students whose names appear on this list have the privilege of voluntary attendance at classes on days other than those which immediately precede or follow any college recess.

Students whose names appear on this list have the privilege of voluntary attendance at classes on days other than those which immediately precede or follow any college recess.

This privilege is given to any member of the junior or senior classes who has maintained a cumulative index of 1.25 or better and who has not been disciplined previously for violation of the rules limiting absences. It is also given to all upperclassmen who have maintained a cumulative index of 2.00 regardless of previous disciplinary action.

If in the opinion of the Dean this privilege is detrimental to the welfare of any student, that student will be requested to forfeit his privilege.

Seniors Listed

Seniors whose names are on the list are:

L. Elaine Beckstrand, Olivia L. Busell, C. Verle Campbell, William B. Cottrell, Doris E. Cunningham, Raymond J. Dry, Elmer S. Fitzsimmons, Margaret M. Gibbo, Nellie B. Haehn.

V. Eileen Hannel, Margaret E. Hopkins, Carolyn P. Howe, Mary Lou Jeffrey, Andrew A. Kulakowich, Margaret K. Lord, Marian M. Mason, Robert S. Meyer, John A. Powell.

Leo Pozefsky, I. Eunice Reniff, Dorothy L. Robbins, and Maurice S. Wilson.

Junior Names

Members of the Junior class who are listed on the White List are:

Mary Louise Aldrich, Emma Burdick, Esther A. Burdick, Robert L. Collin, Paul W. Cook, Frank L. Cornish, Doris J. Coutant, Isobel Dobson.

Helen P. Dreher, Richard D. Faulkner, Ernest H. Faust, L. Elizabeth Fay, Evelyn Grossman, Doris M. Hill, Beatrice C. Jackson, Grace R. Kobernuss.

Thaddeus Kupinski, Virginia M. Larson, Margaret S. Long, Marilyn L. McFarland, J. Fredricka Miller, Jeanette E. Milnes, Marjorie Muenzenmaier, H. Henry Nakamura.

Albert Pozefsky, Alfred C. Saunders, Helen R. Sims, Isabel L. Smith, Margaret Sutton, Gordon L. Swanson, Betty J. VanGorder, Ruth A. Weitz and William Witzleben.

Campus Organizations To Request Appropriations

Applications for appropriations to the various campus organizations will be distributed this week to the treasurers of those organizations.

Representatives from the various groups will be invited to appear before the members of the Student Senate at a future meeting to state their requests.

Any group wishing an appropriation but which receives no application blank may obtain one from Fred Kaplowitz '44, treasurer of the Senate.

ACF Invites Hikers

Soldiers and students are invited to hike with members of the Alfred Christian Fellowship on Saturday. Hikers will meet at the library at 3:45 and will gather after the hike for refreshments.

Underclassmen Given Advisors

Sixteen members of the Alfred faculty have been selected to advise freshmen and sophomores of both the Ceramic and Liberal Arts College.

In most cases the advisers of the students are members of the faculty from whom they take some course. This past week assignments of students to their advisers were made by postal cards.

The purpose of the adviser system is that the students will have someone to whom they may go for advice in connection with their studies. Upperclassmen have no assigned advisers, but are expected to receive any help they need from the professor who is in charge of the department in which they are majoring.

Midsemester grades will be turned in to the registrar on October 21. Information regarding these grades will be given the students through their advisers.

Those members of the faculty serving as advisors are: Dr. C. D. Buchanan, Dean Dora K. Degen, Dean M. Ellis Drake, Miss Eva L. Ford, Mrs. Hazel Harvey, Prof. G. H. Hobart, Prof. E. F. Hilderbrand, Dr. L. L. Lowenstein, Prof. E. W. Nevins, Prof. L. R. Polan, Prof. E. W. Ringo, Prof. C. D. Smith, Miss Lelia E. Tupper, Prof. D. W. Weaver, Prof. J. E. Whitcraft, and Dean A. E. Whitford.

Blue Key Elects Officers Recently

Charles Rieck '44 was recently elected vice-president of the Blue Key. Raymond Dry '44 was chosen treasurer of that organization at that time.

A committee consisting of Elmer Fitzsimmons '44 chairman, Robert Collin '45 and Richard Rulon '44 was appointed to look into the possibility of having a glass-enclosed bulletin board erected on the campus between the Carnegie Library and Burdick Hall. This committee will also make arrangements for the completion of the service men's honor roll.

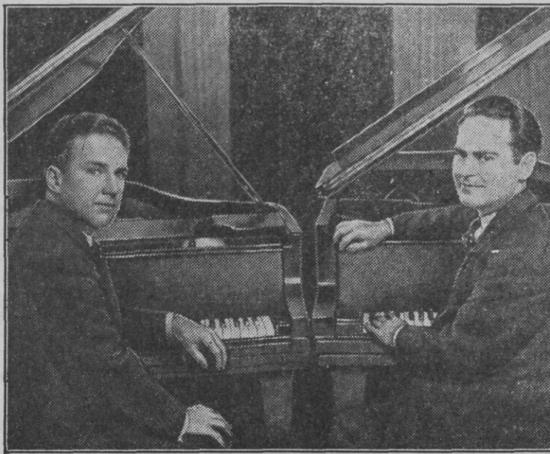

The Blue Key members will act as chairmen of one of the Alfred Cadet Service dances. They are also considering an all-college no-stag dance at some future date. The committee appointed to make arrangements for these dances are Rieck, Chairman Dry, and Thaddeus Kupinsky '45.

Hornell Jewish Group Includes Alfred People

Plans are being made by the Jewish congregation in Hornell to include all Jewish students and faculty in their observance of Rosh Hashanah—Jewish New Year, from September 29 to October 3.

The regular Jewish services, which are held every Sunday afternoon at 3:00, have been changed from the Gothic Chapel to Kenyon Chapel. Each service is followed by a social program.

Open Forum Series October 20

Celius Dougherty and Vincenz Ruzicka whose concert will open the Alfred University Forum Series are shown above at their pianos.

ASTP Members Buy Kanakadea

Nearly 200 Kanakadea subscriptions were received at a meeting last week with A.S.T.P. men. This indicates that the 1943-44 year book will be about the same size as last year's.

There will be a staff meeting Thursday, September 24, at 7:00 p. m. in lecture room B of the Ceramic Building. At that time A.S.T.P. members who are interested in writing for the Kanakadea may sign up and join the staff.

Any military students who did not subscribe may do so at the Supply Depot before October 4.

Regular students will automatically receive the Kanakadea as their subscription is included in the blanket fee which is paid each semester.

New Senate Representative

Richard Rulon '44 was sworn in as the Student Senate representative from Delta Sigma Phi to replace Andy Kulakowich '44 who resigned recently.

Beverly Large Selected Regular Vocalist For Dance Orchestra

Beverly Large '47 has been selected as the regular vocalist for the dance orchestra recently formed by Alfred civilian and military students and faculty. The announcement was made by Prof. Schreckengost and Prof. J. E. Whitcraft, co-directors of the orchestra.

"Because of the flexibility of her voice and her wide vocal range, a minimum of orchestral rearrangement will be necessary," the directors stated.

Miss Large was a member of her Long Island high school chorus for four years and for two years sang in a church choir.

Other girls who tried out for the position of featured vocalist were: Barbara Bloss '44, Jean Gardner '45, Marguerite Harper '47, Margaret Knight '47, Elaine Locke '46, Jeanne McCormick '44 and Marjorie Muenzenmaier '45.

The usual Saturday night dance is planned for this Saturday, October 2, at South Hall, with Miss Large appearing as vocalist. A variety show will also be presented.

Alfred To Participate In Cortland Conference

Plans are being made by the Chaplain's Committee and the A. C. F. Cabinet for Alfred's participation in an intercollegiate Conference to be held at Cortland State Teachers College October 22 to 24.

Last year Alfred participated in a fall conference held in Utica, and in one held in Rochester in the spring. It is hoped that Alfred will be represented as well this year as last.

Request Numbers Comprise Carillon Concert Programs

Musical selections requested by the students, faculty, townspeople and visitors make up the Carillon Concert programs which are given each Sunday afternoon from 3:00 until 4:00 and each Friday evening from 7:30 until 8:15 by Dr. Ray W. Wingate.

All those who wish to make requests should submit them to Dr. Wingate one week in advance. The type of music best suited for use on the Carillon consists of folk songs, patriotic and sacred selections, minuets and gigas.

Requests for popular jazz and dance tunes cannot be considered because they do not fit the carillon and the carillon does not fit them.

Dr. Wingate is alone in his cabin on top of the campanile during a concert and no one is admitted while the program is in progress. However, a few persons, at their own risk, may view the bells from 4:00 until 5:00 p. m. after the Sunday concert.

Nursing Program Making Progress

Very unobtrusively, but regularly the Cadet Nurse Training program is making progress. According to Mrs. Hazel Hull Harvey, director of the new department, the especially equipped quarters in South Hall are nearly ready for use. Furnishings for the rooms and uniforms for the students are now arriving.

During their pre-cadet training of nine months, the nursing students will be affiliated with St. James' Hospital in Hornell in order to receive actual hospital experience. Plans are being made whereby they will travel to and from Hornell in a station wagon provided by Alfred University. This hospital training will take place for a full day every other weekend beginning about November 1.

The names of the nursing students and the towns from which they come are: Dorothy J. Burdick, Little Genesee, N. Y.; Betty A. Carr, Sonyea, N. Y.; Doris Connolly, Oakfield, N. Y.; Adella Dice, Liberty, N. Y.; Marion Draper, Holland, N. Y.; Anne Garside, Ithaca, N. Y.; Bettie I. Hahn, Stafford, N. Y.; Doris M. Highbee, Little Valley, N. Y.

Duo-Pianists To Open 1943-44 Forum Season

Dougherty-Ruzicka Team Will Replace Spencer October 20

Celius Dougherty and Vincenz Ruzicka, duo-pianists will open the 1943-44 Forum Series on October 20, replacing Kenneth Spencer who is scheduled to leave immediately for overseas entertainment of the armed forces.

Varied Shows Planned For Cadet Dances

By Bertram Lippincott

The variety show that has spiced the Saturday dances in South Hall is yet in embryonic stage. More ambitious types of entertainment have been contemplated. A different type of show will soon emerge through the efforts of Prof. C. D. Smith III, of the Speech and Dramatic Production department, and his staff.

In the future the shows will differ in character. Prof. Smith has some one act plays that have been published short comedies dealing with situations pertaining to Army life and are always good for a laugh from the serviceman.

A good illustration of the type of play under consideration is "Dream On, Soldier," by the famous pair, Moss Hart and George Kaufman. It is a satirical day dream of a soldier's return to civilian life. Having had much success when produced before, it will surely entertain the people here.

Another type of entertainment that may be tried is the short old-fashioned play, such as the riotous, old Max Sennet comedies.

Varied entertainment is being planned in order to create interest which the casual variety show does not sustain.

Instead of a regular cast that might appear in each show, there is a pool of soldiers from which the individual casts will be drawn.

Army talent has already appeared in the antics Macchia and Galvin, who slug each other in a realistic fashion. The "Dixielanders," Hassler and Crampton have also been popular with their swing.

Among the military students who are helping with the production of the shows are several electricians, Tylor, Beehler, Reigner and Savarino. Several of these men have had previous experience.

There is definitely an all-college participation in the variety show program since about 50 percent of the contributions are from the Army. It is hoped that this participation and spirit of cooperation will continue.

Regular Student Senate Meeting Is Cancelled

There will be no regular Student Senate meeting this week but the Constitutional Committee of the Senate will meet tonight at 7:30 p. m. in Physics Hall.

At that time plans for revised representation will be discussed.

Members of the committee are Leo Pozefsky, Patricia Moore, John Powell and Fred Kaplowitz, all members of the class of 1944.

Dougherty and Ruzicka played their first two-piano recital four years ago in New York's Town Hall. Since then they have played a continuous series of outstanding concerts together.

The men met at Juilliard School of Music where as students they discovered their mutual feeling about music as a thing to be served, not just used. Both have had successful individual careers.

Had Individual Careers

Vincenz Ruzicka had a career on the concert stage as a child prodigy and at the age of 21 was head of the music department of a large university. Later as a guest soloist with leading symphony orchestras he became known throughout the country.

Celius Dougherty, whose field was accompaniment, is constantly busy composing, doing research, and making special arrangements for the team. One of his works, "Nautical Sonata," is included as one of the major presentations on many of their concerts.

Repertoire Varied

Together they are exponents of both modern and older piano works, playing popular selections such as Gershwin's "Rhapsody in Blue" as well as the compositions of the old masters.

Dougherty and Ruzicka gave the Hindemith "Sonata for Two Pianos" its world premiere in one of their Town Hall concerts. They were also the first to play Stravinsky's "Concerto for Two Solo Pianos."

In playing the music of the contemporaries they feel that they are participating in music as a current and creative art.

Tickets Available

Student series tickets will be distributed at the office of the treasurer to matriculated full time students of the University. These tickets are not transferrable.

Season tickets for the series of five attractions, priced at \$3.00 (tax included), will also be available at the treasurer's office.

Admission to individual programs, priced at \$1.00 (tax included) will be available only at the door. These will be limited to extra seating capacity of Alumni Hall after seats for all students and series ticket holders are provided for.

Special passes will be granted military students who wish to attend any of the programs on the Forum series.

Committee Listed

The Forum Committee which is responsible for these programs consists of seven faculty members and eight students. Members of this committee are:

Prof. Duryer Smith, III, chairman, Prof. T. E. Dunkelberger, Dr. H. O. Burdick, Prof. Charles Harder, Dr. S. R. Scholes, Prof. Ada Becker Seidlin, Dean A. E. Whitford. Shirley Baldwin, '44, Raymond Dry '44, Mary Lou Jeffrey (reappointed). John Busch '44, Isobel Dobson '45, Alvin Glaser '45, Thaddeus Kupinski '45 and Francine Robbins '45 (newly appointed).

To A Friend

Today the present Fiat Lux staff and many Fiat staffs which have gone before us feel the loss of Edna Burdick, linotype operator at the Sun Publishing Office, who died last Saturday.

Edna was a part of the staff. Each year she helped new editors meet the deadline of their first (and often even their last) issues. Each year she reset heads that wouldn't fit or copy that someone forgot to mark. Green staff members didn't know all the tricks but Edna did.

Our Fiat keys are a symbol of one or two years work—hers is a symbol of years of devotion which will never be forgotten and can never be replaced.

Re-education--A Goal

We have talked much of the importance of re-educating the people of Germany away from the ideas and ideologies of Nazism which have been so well drilled into them by their despotic overlords, and most people agree that this is the only way that problem will ever be completely solved.

But we too need re-education. Technical re-education alone is not meant—though we could do with a thorough overhauling job on that. What is needed is a re-education of our way of thought. We need not merely enough education so as not to have to look up to anyone, but also enough not to look down on anyone.

We need re-education in responsibility. We must accept our full share of the work not merely of the world, but of our own government, national, state, or local. We need more cooperators and fewer coasters on the work of others. (If you have ever tried to name working committees for even a small club, you know what I mean.)

We need re-education in justice. We cannot expect to build a world of the four freedoms until we have ingrained in all of our people the ideal of absolute justice for all—those with whom we do not agree as well as to those with whom we see eye to eye.

We need re-education in kindness. We need to teach those who will follow after us that prejudice is ignorance, that bias and group hatreds are ignoble, that the spirit of brotherhood is not just something we learn on Sunday and put away with our best gloves for another week. We have to relearn that the Golden Rule is still the most practical law of life.

We need re-education in speech. We need to learn how not to talk as well as how to talk. We need to make careless rumor mongering, unkind generalization and carping criticism of our neighbors' motives, social solecism equal to eating peas with a knife.

We need re-education in citizenship. We need to express in our lives the idealism that is the American way of life. We need a re-dedication to the principals that made and preserved a nation. And we must remember that self-government of a people collectively depends upon self government of the people individually.

Re-education is the only way left open to the world for which we have sacrificed the best of our youth. It is the only way we can be sure that this senseless sacrifice may not be made in each generation to come. Re-education is the only solution to the problems of the world today.

Quiet... Yet Important

Tonight a committee of four will meet somewhere in Physics Hall. They will meet quietly and inconspicuously but the results of their meeting will be far from inconspicuous. The committee which I have just mentioned is the Constitution Committee of the Alfred Student Senate.

Their efforts represent the first active step toward solving the much hashed over, griped over, but too little contemplated problem of Student Senate representation. By this last statement I do not wish to imply that the Senate itself has done nothing about the problem. The very fact that the committee was appointed proves that the members have discussed seriously the situation and consider it important.

However, I do mean that among the rest of us the revision of the representation has been too little thought about. We have had heated bull sessions about the inequality of the present representation by sororities, fraternities and non-affiliated groups. We have expounded at length the desirability of having all classes represented, rather than just the senior class. But that is where our enthusiasm has ended—before thinking could begin.

We have failed to look at the problem from its many sides; to

Editor's Mail Bag

Editor Fiat Lux:

It is my noon hour now and I have just finished skimming the last issue of the Fiat.

First off, let me advise you in the heaviest headline type that I APPRECIATE THE FIAT. It is a touch with Alfred that we can get no other way and while I am pretty much immune to homesickness, it is a "stitch in time". So often during the summer I was wishing that I might be back on Alfred's cool campus (especially during Washington's record-breaking days of heat and humidity) and at the same time wondering what unimaginable changes the war has wrought in the quiet campus. And if you don't think those changes are almost unimaginable, who would have thought two years ago that there would be men in the Brick and girls in the frat houses in the winter of 1943.

But, through the last two issues of the Fiat, I have also found that much of Alfred's life is going on the same. Fiat is practically grabbing prospective reporters off the street, Frosh court is threatening, the constitution is being changed...and oh, yes, the Collegiate advertises its complements.

I assume that you have many letters like this coming in all the time from men in the service. Men who are wondering about those friends who lived in the room down the hall but were darn poor letter-writers. How about a column regularly somewhere about men in the service? Or, if you want to, spread the serviceman-alumni's interest more generally over the paper, at least get it in somewhere. I can see now some men's comment upon reading about Lt. Joe Dash being in a hospital for wounds and stuff: "My God, I never thought he'd make a Lieutenant."

It is unquestionable that you are having the editor's usual problems of a new year and many more too under the conditions, but at least consider my suggestion...and thanks again a million for the Fiat.

Incidentally, I am still in journalism...and more than ever. I have been a staff writer on the Leatherneck since July 1942 and guess I will be on for the duration, although I constantly feel the urge to get out and do more somewhere else. I will send you a copy someday. For the time being, however, I can brag that it is the Marine Corps enlisted magazine (monthly) but read by officers wherever it goes—which is the world over. And, our circulation makes it the leading service magazine in the U. S. if not the world. It is up to 175,000 and still jumping.

Cpl. Maurice J. Smith Ag '42

Editor: Fiat Lux

On behalf of the Delta Sig girls I wish to thank you for your wonderful editorial on college life and freshmen.

Of course, we're a little green when it comes to the "green floating on top of the cup." What does it mean? And what makes you think we're lucky? We don't think so.

We would enjoy some more articles concerning the up and coming class of 1947.

Delta Sig.

Twenty Musicians Report For Orchestral Rehearsal

"Twenty instrumentalists turned out for a fine orchestra rehearsal last night," stated director Mrs. Ada B. Seidlin, today.

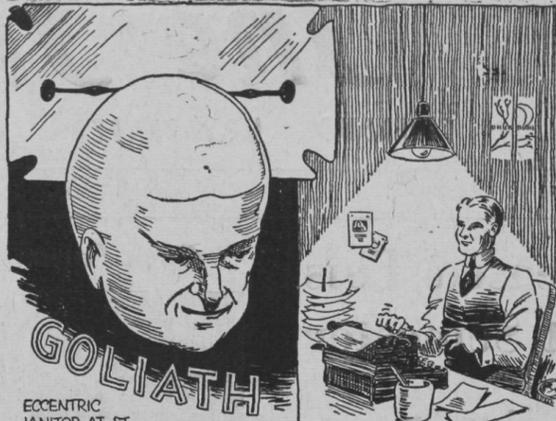

The orchestra will rehearse every Monday at 8:00 p. m. in the music room at South Hall. All interested students are welcome.

see the advantages, few as they may be, of our present system; to discover the pitfalls of our own pet theories. We have not attended Senate meetings and in most cases have not bothered to discuss the situations with our senators.

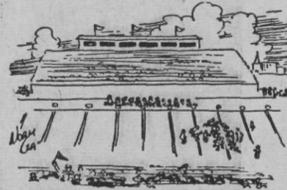

A republican system of government cannot exist unless the people for whom and by whom it was created continue, through action based on a certain degree of intelligent thinking, to strengthen their government.

The Alfred Student Senate is republican in form and depends upon intelligent student participation for its life blood. The responsibility for the effectiveness of the Senate itself and the success of the committee which is meeting tonight depends on each individual student's thinking.

KAMPUS KAPERS

By Jeanette E. Milnes

Times may change, but the beauty of autumn colors keep returning to herald the approaching winter season. Reminiscent of the Old Alfred is an Open House to be held next Saturday evening at Kappa Psi.

From eight 'til twelve dancing will furnish the informal recreation. During the intermission refreshments will be served.

In charge of the evening's entertainment are Thomas Knapp '44, and Ernest Faust '45. Faculty guests and outside guests will be invited.

A triple birthday celebration in honor of Ruth Rogers '43, Peggy Long '45, and Grace Kobernuss '45 was given by Sigma Chi Thursday evening. A buffet supper was served.

Theta Chi held formal initiation for Johanna Folts '46 a week ago Monday night.

Pi Alpha entertained Prof. and Mrs. Burdet Crofoot at dinner Friday evening.

Frederick Clark '47 was a dinner guest Saturday evening at Kappa Psi.

Informal initiation was held by Sigma Chi Friday evening for Shirley Baldwin '44.

Francella Goodgion ex '45 was a guest at Theta Chi Friday Night.

Josephine Smith of Buffalo, N. Y. was a dinner guest Wednesday evening at Sigma Chi.

Lewis Butler '44 was a Friday over-night guest at Kappa Psi.

Frederica Miller To Speak At ACF

Frederica Miller '45 will discuss her summer experiences with the Student Social Service group in Brooklyn, New York, at the A.C.F. student forum next Sunday at 4:00 p. m. in Susan Howell Social Hall.

Miss Miller spent part of her time in actual social service work and part in group conferences and seminars with such renowned people as Eleanor Roosevelt.

All students and faculty are cordially invited to attend her discussion and the other A.C.F. services which are held each Sunday afternoon.

Out of the Rut

BY Lou Kelem

Since this is my first column for the year, it might be well to start with a word of caution to those who may chance to read this. This is not a classified column such as sports, humor, gossip, etc. Therefore, do not be surprised at the variety of things which may be contained herein from time to time.

Home Town Problems

Somewhere on this page you will find a column (it is really remarkable that one word is applied to so many different things) by one A. G. After locating it, I would suggest encircling same in order to make certain that it won't be read by accident. It's obvious that the Fiat is short of material to fill the four pages, but I understand that it is still a newspaper and not a publication for high school history themes.

That A. G. is here to stay for a while is a fact with which we must become reconciled. But we can be grateful for another fact—that the author of One View admits that he stands alone in what he writes. (And if you happen to read this, Alvin, dear, I mean every word of it.)

Unhappiest people in town are the frosh men. They can't make friends of their classmates very easily because they don't live in the same building the way frosh have done in the past. For obvious reasons, they aren't being rushed by frats and frat life is closed to them. And they are having a miserable time of getting three square meals a day at a decent cost.

Regarding the meals, the fact that Nick has raised his prices above the level at which they were in March doesn't help matters any. This in itself is a violation of the O.P.A. regulations. But the fact that the prices were raised just prior to the coming of the A.S.T. P. on the campus makes it look bad. I'm suggesting no action as yet. The next move is Nick's.

It did my heart good to read that the American Legion Convention condemned Ham Fish for his permitting his Congressional frank to be used to spread un-American propaganda. And judging from the nature of the resolutions which were passed, there is hope that the Legion may change its reactionary past for a progressive future.

Infirmiry Treats Two

Two students, Frank Cornish '45 and David Weinrib '47 were treated at the Clawson Infirmiry last week. Weinrib suffered from an infected foot.

(ACP)

Guest Column

by Dr. H. Poppelbaum

When Mussolini fell most of us were taken by surprise. Even more surprised than the fall itself was the little noise it made. The dream of an empire burst without any explosion. The people who had for twenty-one years listened to the vividly gesticulating man on the balcony dispersed with irreverent laughter. To say the truth, they had never taken him too seriously. The joke was over. The editorial of a leading American paper found words which should be kept in mind. "Never," it said, "did a dictator fall with a softer thud."

It flatters us to think that the "other two" will fall as suddenly when their last hour has come. Yet their power is based, not on a half-conscious joke, but on a deadly serious belief of those who follow them. It seems time to realize where the roots of this belief in the "holy mission" of violence spring from. The uprooting cannot be done unless this point is seen.

The worship of brutal power, in individuals and nations, has sprung from the willing adoption of certain doctrines of agnostic science. We are given a picture of man which carefully avoided speaking of man himself. We abandoned the search for the full scope of human being because we were told that this was not within reach of scientific inquiry. We concentrated—this was a good excuse—on that part of man which we declared to be accessible to acknowledge methods. We became secretarians in the scientific field, and, as all secretarians, we were proud of our self-imposed narrowness.

The answer came. It did not come from the centers of higher learning, but from crude social and political farses. A number of rulers and tyrants arose who "answered the description" given by a popularized science, which was a description of what man is not. The crowd accepted them as great men because their picture of a human being had been falsified by erroneous teaching.

It will cost enormous efforts to overthrow the dictators. But the still greater job follows, namely that of destroying the wrong picture of man, held by millions of obedient pupils of agnostic science all over the globe. Not only suppressed peoples have to be liberated. The picture of man itself has to be restored. Not only Germany has to be re-educated. We all need it badly because we all are under the spell of an anti-human scientific heritage.

If this is not done, there will be ever more dictators and ever more people to worship them. We shall not be able to keep up with the job of overthrowing them, no matter if they fall with a soft thud or a big crash.

Service Men Discuss Army Perspective Sunday

Three A.S.T.P. trainees spoke at A.C.F. meeting last Sunday afternoon, telling of their reactions to Alfred. They were Stanley Jordan, Leroy Nelson and Donald Sleight.

On the whole the military students feel that Alfred is a very friendly, quite contrary to their expectations. The food, dormitories, equipment and books are all unusually satisfactory.

It was suggested, however, that Alfred offer more entertainment to the cadets in their spare time.

In all other respects the trainees are quite well contented here.

Movie Time Table

Wednesday, September 29—"Bombardier" starring Pat O'Brien, Randolph Scott and Anne Shirley. Shows start at 7:00 and 9:30. Feature at 7:51 and 10:21.

Friday and Saturday, October 1 and 2 "Stormy Weather" starring Lena Horne, Bill Robinson and Cab Calloway and "Nightmare" starring Diana Barrymore and Brian Donlevy. Show starts at 7:00. Last complete show at 8:32. "Nightmare" at 8:42 only, "Stormy" at 7:13 and 10:15.

Charles Herrick Makes Fastest Running Record Of A. S. T. P. Members

Matt Knapp Runs Close Second In 2.2 Mile Race Run Twice

Charles Herrick, of Section A-4 (Bartlett), has recorded the fastest time in the 2.2 mile run of the Army Specialized Training Program physical education department.

All the sections ran the course twice and Herrick's time was no fluke since he led the pack both times although he was closely followed by Matt Knapp of Section B-13. Herrick's time was 13.02 minutes against Knapp's 13.07 minutes.

Coach James McLane expects to continue these runs as they are a good conditioner for the men. The runs have been canceled for a few weeks since the physical fitness tests are to be given again. These runs have prepared the men for the physical fitness tests and improvements over the previous tests should result.

Of the three-hundred men that ran the 2.2 miles, eleven were able to run the course in less than fourteen minutes. In addition to Herrick and Knapp the times are: John Small, C-2, 13.12; James Hackney, A-2, 13.45; William Ochs, C-1, 13.48; Henry Albert, A-2, 13.49; Harold Williams, C-3, 13.50; Jack Phillips, B-3, 13.52; Ralph Glotzbach, B-3, 13.57; Howard George, B-3, 13.58; and Lacy Hagood, A-4.

ASTP Group Larger Than Regular Army

Lieutenant General Brehon Sumner, Commanding General of Army Service Forces, addressing a recent conference of Commanding Generals of Service Commands, declared that the Army Specialized Training Program, "is going to have more people in it than we had in the whole regular Army."

"I think I made it clear to you," he added, "that we have got to pay a lot of attention to it."

At the beginning of September, more than 100,000 soldiers were in training at 209 A. S. T. P. Units. In addition, more than 16,000 soldiers were at Specialized Training and Reassignment (STAR) Units at that time.

Army Officials Visit Campus

Captain Fred H. Mershon, C.W.S., Mr. A. C. Cronin and Sergeant M. Eldon from the Army Second Service Command headquarters in New York City were in Alfred September 22. They were negotiating a supplementary contract for the increase of the present A.S.T.P. unit here to full strength and to replace losses from academic failure.

Under this new contract, additional men will begin to arrive in Alfred about October 11, but the exact date is not known. Instruction in the second Army term will begin on Monday, November 8.

During their visit in Alfred these officials lunched at the mess hall of The Brick and inspected the barracks of both the Brick and Bartlett dormitories as well as other campus facilities used by the Army. They expressed their complete satisfaction with the situation and complemented the commandant, Captain Alfred W. Smith, C. E., and the University authorities on the work being done here.

University Church To Observe Communion

The Union University Church will observe World Wide Communion Sunday October 3. Chaplain William Genné will give the communion meditation. The choir is planning special music under the direction of Mrs. S. R. Scholes.

World Wide Communion Sunday is observed in all such churches as a testimony of the supra-national Community of Christian Believers.

Soldiers Sing ASTP Song

Last week a soldier in the first platoon, or a group of soldiers of that platoon, started singing a song that has rapidly become the most popular song for the Army Specialized Training Program soldiers at Alfred.

The words, as anyone will agree are original with the A. S. T. P., but the tune has been borrowed from the Notre Dame Victory March.

The A. S. T. P. Song
Cheer, Cheer for A. S. T. P.,
How did this ever happen to me,
English, physics, chem and math,
Not even time to take a bath.
We get assignments, they're very long,
We do the problems, they're always wrong,
Throw our slide rules in the air,
And march on to P. O. E.

Service Center Has Successful Opening

Hornell's new Service Center opening last Saturday was a success as the Center was crowded with enthusiastic servicemen and citizens of Hornell.

Their opening was highlighted by a dance and open house. Arrangements also were made to find sleeping quarters for any servicemen who desire to stay in Hornell overnight.

In the future the Center, located at 102 Seneca Street, will be open on Saturday nights until 1:00 a. m., and will reopen on Sundays at 1:00 p. m.

Much credit is due to the Hornell citizens who, under the directorship of Mr. John Dupont, opened the Center. Chaplain William Genné acted as the Alfred coordinator.

French Club Plans Hike
Those interested in attending the French Club's first hike of the year are asked to meet at Kenyon Hall at 4:30 tomorrow afternoon.

Mike Speaks

BY Wilma White
"About face...halt!...right face...forward march!" the commands of a seasoned soldier ring over the campus. Blond hair tousled, chubby face slightly smudged, brown eyes shining, three year old Mike of the Gothic gravelly issues his commands. With precise movements his orders are carried out. No sergeant more relentless, no captain more demanding than this martinet of the military.

The delights of acting as drill master for all male passers-by, especially soldiers and Dr. George Shaw, coupled with the enchantment of the archery range make life for a three year old exceedingly interesting.

Taught the intricacies of their sport by enthusiastic teachers, Mike acknowledges their interest by making encouraging comments and helping to retrieve arrows.

All men in uniform come under his jurisdiction and must halt, maneuver and march at his command. Not content with his proficiency in the art of drilling, he spends many hours watching the techniques of other veterans that his own might be improved.

The most innocuous 'wolf' on campus, he knows the first name of almost every co-ed and never fails to address a cheery "Hello" to all.

Misleading is his outward appearance of sobriety; inwardly, he is no doubt chuckling merrily at the gullibility of grown-up humans.

ASTP Inspections to Continue
The regular A. S. T. P. Saturday inspections will continue throughout the period. These have taken the place of the drill formerly held at 3:30 p.m. A short parade follows the inspection and the men are free for the weekend.

Official ASTP Emblem Chosen

A shoulder-patch insignia depicting the sword of valor against a lamp of knowledge has been selected as the official emblem of the Army Specialized Training Program. The sword and lamp are blue on a yellow octagon patch.

Artists of the Quartermaster Corps and Special Service Division collaborated to design a series of insignia.

To learn the preference of soldiers in the program, a cross section vote was held at Georgetown University with approximately 150 soldiers viewing a number of samples of shoulder insignia patterns. The pattern described above ran far ahead in the voting.

Production has been started on the insignia and it is expected they will be ready for distribution in November.

Band Organized To Play For Army Dress Parade

Twenty-nine students met last Sunday in Greene Hall to form a band which will march and play in the Army dress parade.

Instrumentalists are welcome at the rehearsal next Sunday. All Army men will be excused to attend rehearsals.

ASTP Members Will Earn Certificates

"Men who have successfully completed an Army Specialized Training Course will receive certificates," stated Captain Alfred W. Smith, C. E. at a convocation last Thursday night.

It is anticipated that since the A. S. T. P. trainees are doing work of a college level, that appropriate college credits will be granted, enabling the soldier-trainee to complete his work for a degree, when, and if, he returns to college as a civilian after the termination of his military service.

Captain Smith also stated that he was very much satisfied with the work of the men here and that he thought 95 percent of the men were of high caliber.

Hurry! Hurry! Hurry!

THE END of September is in sight. And the end of September brings us close to the end of the 3rd War Loan drive. If you haven't bought \$100 worth of extra War Bonds—extra, mind you—dig up that money and buy your share today! Men who are fighting for you... bleeding for you... ready to die for you... are waiting for the news that you people at home are backing them up 100%. They know what invasion costs in blood

and lives. They know, too, what it costs in equipment, munitions, supplies, that must reach the front in a never-ending stream. And they're counting on you for the money that goes to keep that stream flowing. No matter what you have to sacrifice... no matter how much it pinches... you cannot let them down! They're calling on you to hurry, hurry, hurry! Get that \$100 extra into War Bonds before the drive is over.

3RD WAR LOAN
BACK THE ATTACK...WITH WAR BONDS

Alfred Alumna Is Instructor In Biology Dept.

Miss Ray M. Whitney, new professor in the biology department at Alfred University, is now teaching the advanced biology course, embryology and will teach bacteriology next semester. She is also teaching a nurses' chemistry course.

After graduating from Alfred University in 1936 with a Bachelor of Science degree, she studied in Brown University and obtained her M. A. degree in 1940. While in Alfred Miss Whitney worked as an undergraduate research assistant for two years, followed by two years in the same department upon graduation.

At present Miss Whitney is studying for her Ph.D. degree from the University of Wisconsin. She has completed her course in that University and is now writing her thesis. She hopes to have her degree by the end of this year.

Recent scientific papers published jointly by Miss Whitney and Dr. H. O. Burdick have appeared in Endocrinology, Anatomical Record, and the American Journal of Physiology.

Class Elections Scheduled Soon

Elections to fill freshmen offices and those upperclass offices left vacant by students who have left campus are tentatively scheduled to take place on Thursday, October 11.

Offices to be filled are those vacated by: Jerome Schwartz, secretary of the senior class; Eugene Bodian, vice-president of the junior class; Jo Ann Lindsley, treasurer of the junior class; William Pangborn, president of the sophomore class; Edward Brunner, secretary of the sophomore class; Allen Curry, treasurer of the sophomore class.

The upperclass officers still on the campus are: Fred Kaplowitz, president of the senior class; Janet Secor, vice-president of the senior class; Raymond Dry, treasurer of the senior class; Jean Gardner, president of the junior class; Ernest Faust, secretary of the junior class; and Wesley Bell, vice-president of the sophomore class.

CCC May Sponsor Drive In October

The student Senate has authorized last year's Campus Community Chest committee to plan for a chest this year, if possible, in conjunction with the town.

This will include Alfred's participation in the National War Fund Drive in October. Plans are not yet complete, but will be completed and announced as soon as possible.

Last year the Campus Community Chest was under the direction of: Dr. M. J. Rice, Mr. T. A. Parrish, Chaplain William Genné, Lou Kelem '44, Constance Koegler '43, Robert Sinclair '43, Margaret Lord '44 and Doris Cunningham '45.

A total of \$1550 was raised, \$995 of which went to the American Red Cross, \$350 to the World Student Service \$125 to the U. S. O., and \$50 to the Alfred Cadet Service, leaving a small balance to start this year's activities.

Experienced Archers To Meet On Tuesdays

Experienced archers will meet on Tuesday evenings from eight to ten in a special group, according to an announcement by Miss Lavinia Creighton, director of women's sports, last week.

Inexperienced shooters will meet at the regular time on Thursday evenings.

The class was broken up into the two sections, because the turnout at the regular class was too large to enable everyone enough practice.

One View

By Alvin Glaser

Imperialism, and thus colonies as they exist today must be done away with at the close of this war. Ever since imperialism began it has been a cause of conflict between nations. If a true and lasting peace is to be attained in the post-war world, a solution to this perplexing problem must be found. It can be found if we follow the Charter and the Four Freedoms.

All peoples are to be allowed to choose their own form of government. All nations are to enjoy equal access to the trade and to the raw materials of the world which are needed for their economic prosperity. So states the Atlantic Charter, but not England, one of the signatory powers. This selfish nationalistic viewpoint not only of England, but of all the other nations, must be replaced by an internationalism based on the welfare of the vast majority of peoples and nations and not on the interests of a vested few.

This goal can be obtained by a strong world organization having more power than any possible combination of nations. One way of aiding in the attainment of this power by the world union is to give it the control over all colonies and backward areas. These regions should be controlled by the world organization until such time as they are adequately prepared to become full fledged members of this union.

The mandate system used by the League of Nations could be used, but this time it should be strictly enforced so that the mandatory powers could not make the areas given to them either colonies or protectorates. The only duty and power that the mandatory nation should have in regard to the colony temporarily under its control is to see that the colony and its people are adequately prepared and trained as quickly as possible for statehood that the area becomes an equal, not a dependent, in the world union. The same opportunities should be accorded to all, whether a member of an independent nation or a colony or a backward area. The world organization, and not the mandatory power, should be the one to decide when a colony is capable of entering the family of nations on an equal basis with the established powers.

Imperialists say that colonies are economically profitable. This has been proven false. The only time that a colony is economically profitable is in time of war, and then only if it is near the mother country. The policy of the world organization should be to open the gates to all and not allow the mandatory power any special rights or concessions within the mandated areas. Raw materials, ports, and trading centers should be used by all on an equal basis. No one nation should have supremacy in any colony. The backward areas and colonies would thus benefit, as they would be built up industrially and would receive a fair amount of compensation for the use of their materials, ports, and trading centers. The amount of such compensation would depend upon the world price for the raw materials of commodities being taken by the other nations.

In this way no nation could complain that she lacked the necessary raw materials or that she was being discriminated against in trade or commerce. No less important is the fact that imperialism would end and with it would collapse one of the causes for war. If we all agree to take this step, we are indeed on the way to a true and lasting peace.

Receives Recognition

Dr. Willard J. Sutton

Dr. W. J. Sutton Recognized For Work In China

Dr. Willard J. Sutton has just received a fellowship from the Ministry of Education of China in recognition of his contributions to the field of education in China, announces the United China Relief.

Dr. Sutton went to Fukien Christian University early in 1924 to teach in the chemistry department, serving as head of the department after 1930. While he was on a year's leave of absence in 1937-38, the University was forced to move back 250 miles into the mountains because of the frequent visits of Japanese bombing planes.

Dr. Sutton returned to Fukien via Manila and Hong Kong in the fall of 1938, where he stayed until 1941.

"China has always had a great regard for the importance of education, having had an advanced culture long before that of ancient Greece. The schools of Free China today have more students in them than ever before, in spite of war, inflation, and food shortages. So it is not surprising that the Chinese government would honor the older members of the faculty of an American school such as Fukien," stated Dr. Sutton.

Other members of the teaching staff of Fukien who have received fellowships are: Prof. Claude Kellogg, of Massachusetts, and Pasadena, now working in Mexico; Prof. Roderick Scott, Dean of Fukien University; Miss Eva Asher, of Brookneal, Va., Treasurer of Fukien; and Dr. and Mrs. E. M. Stowe, formerly of Whittier, California.

Fukien Christian University was founded as an American institution in Foochow, South China, nearly thirty years ago. It has been sponsored by various American and English missions, the Rockefeller Foundation and the Chinese government.

Nellie Haehn Chosen President of I.R.C.

Nellie Haehn '44 was elected president of the International Relations Club at a meeting last Tuesday.

At the same time Alvin Glaser '45 and Dorothy Robbins '45 were elected to the respective positions of vice president and secretary-treasurer.

Year's Program Discussed By Key Committee

Continuance of their war information policy and the problems of morale were topics discussed by the members of Alfred's Key Center committee at their meeting last week.

Alfred's Key Center is one of the many which were formed as a government project for the purpose of building morale during the war and encouraging activities to assist the war effort. Most of the committees have been established in connection with universities throughout the country.

Alfred's committee serves six counties in Western New York with its information library, its packet service and its speaker service.

The packet service consists of mailing the proper literature to any organization which desires information concerning the war effort. Its speaker service consists of obtaining speakers for any group which desires them.

In the past, the committee has published bulletins at various times, but it is thought that the practice will be discontinued this year.

Alfred's Key Center was formed under the direction of Dr. Roland Warren and in his absence the chairmanship of the committee has been taken over by Prof. G. H. Hobart.

Physical Education Assistant Resigns

Mr. Evert R. Pearcy has resigned from his position as an assistant instructor in physical education at Alfred University to take a position with the American Export Airlines Co., a branch of the American Export Co., at LaGuardia Field, N. Y.

Before coming here Mr. Pearcy was in the physical training department of the Naval Air Cadet program at Danville, N. Y. With the prospective closing of that program he came to Alfred and was here until he received word that he would start his new position September 15.

Mr. Pearcy's work will be under the supervision of the Navy for the duration of the war.

He is being trained to assume the office of station agent and may be sent into a foreign field after his training is completed.

MORD'S BARBER SHOP
'Neath The Collegiate

Feminine Spotlight

On Saturday, September 18 after the Big-Little Sister breakfast, about 23 girls marched down to the hockey field next to South Hall. It was there that many of the upperclass athletes got their first glimpse of the Frosh hockey players. The general impression gained from this affair was that the class of '47 is going to provide tough competition for the veteran teams.

Backed by Peg Long '45, Rhoda Large '44, Doris Cunningham '44, and Margaret Lord '44, the "greenies" kept the score down to 3-0 and really provided consistent trouble to the Sophs.

Mary Teta, Marion McKenna, and Eva Rodies were the Frosh standouts.

In order to give the Frosh more experience before the beginning of league competition, two practice games were arranged for them last Saturday. The final results showed an even split for the Class of '47, as it downed the Junior-Senior combination 2-1 and then dropped a 3-0 contest to the Sophs.

Outstanding for the frosh were Mary Teta and Carole Sampson. Both have powerful drives and good ability at controlling the puck.

With the practice season about finished, an overall look seems to bear out the fact that interclass competition will be exceptionally keen this season. All three teams seem evenly matched.

Ping pong tournaments will be held every month. The winner of each month's play will be eligible to participate in the spring play-offs for the championship.

Margaret Long '45 has announced the inter-class hockey managers for this year. They are Mary Louis Teta for the freshmen, Marie Basciani for the sophomores, and Margaret Lord '44 for the combined junior and senior team.

A black tassel was awarded to Jewell Karpell '47 and green tassels to Mary Ellen Green '47, Jean Bonham '47, and Molly White '47 last Thursday evening at the archery class. Esther Burdick '45 made the awards.

Ping pong tournaments will be held every month. The winner of each month's play will be eligible to participate in the spring play-offs for the championship.

Archery Round Scheduled For This Saturday

Shooting of the Pope-Young Round will take place between South Hall and the tennis courts this Saturday at 3:00 p. m.

Six targets will be placed on the field at unknown distances varying from 15 to 80 yards. Each archer will shoot thirty-six arrows, six at each target. These six must be shot within forty-five seconds.

Another interesting feature of the game is the fact that the targets will be animal faces instead of the usual bulls-eye.

Anyone who has had archery instruction at Alfred may participate in this round.

1942-43 War Fund Gifts Total \$845.76

Students, faculty, and friends of Alfred contributed a total of \$845.76 to the War Scholarship Fund during the school year, 1942-43.

Tabulated list of the contributions follows:

May 1, 1942 Sigma Chi Nu	\$100.00
Mrs. Seidlin's Concert. St. Pat's Ball and Corsage Stamps.	125.04
June 4, 1942 Senior Class 1942	15.60
Oct. 7, 1942 Blue Key Society	12.00
Dec. 5, 1942 Interfraternity Ball: Sale of Corsages	45.00
Feb. 22, 1943 Brent Fellowship: Fencing Exhibition	18.75
Mar. 23, 1943 College Faculty Review	137.83
Mar. 25, 1943 St. Pat's Board	18.50
Sale of Corsage Stamps	75.00
Salvage Campaign	177.00
May 3, 1943 Brick Girls-Balance	35.46
May 18, 1943 Salvage Campaign	35.00
May 28, 1943 Student Contributions for Bond Mobile	18.75
June 24, 1943 Footlight Club	31.83
