Etiquette Dinner

Have you ever been confused about which fork to use first at a formal dinner? Which entrée should you order - and what foods should you avoid - at a job interview over lunch? Is it appropriate to have a drink at a business dinner? Ever wondered what manners are appropriate for business occasions? Find answers to these questions and more at the Career Development Center's annual Etiquette Dinner on Friday, February 17 at 5:00pm in the Knight Club in Powell Campus Center!

Heather Kolakowski, Food and Beverage Management Lecturer at Cornell University, will share her expertise on business and social event etiquette. Business professional dress is strongly encouraged and business casual dress is required; contact Career Development Center staff with any questions about professional dress for this event. There is no cost to attend the Etiquette Dinner thanks to our sponsor, Kohler Co.

To reserve your spot at the Etiquette Dinner:

Login to Saxon JobLink: <https://alfred-csm.sympli...>

Or register using our "Careers by Symplicity" app (free download): <https://www.symplicity.co...>

Saxon JobLink User ID = AU email address If this is your first time logging into Saxon JobLink, or if you cannot remember your password, then click on the 'Forgot Password' link.

1. Click the Events tab on the left
2. Select Workshops
3. Select Etiquette Dinner

Romancing the Toaster: Works by Myles Calvert

Cohen Gallery

January 27-February 22, 2017

Opening reception Friday, January 27, 6-8pm

Artist Talk Thursday, February 2, 4:30pm in Binns C co-sponsored by Print Club

Calvert's work explores the relationships that develop between everyday objects and popular culture references. Following the ideals of Romanticism, emphasis is given to an individual experience of emotion. A moment of spontaneity allows for humour and a subtle twist to avoid an overwhelming glorifications of the past through objects of the mundane. His influences are heavily drawn from contemporary and modern printmakers such as Richard Hamilton, René Magritte, and the self-promoting antics of the YBA (Young British Artist) culture. Myles Calvert was born in Collingwood, Ontario (Canada). He attended the University of Guelph with a focus in printmaking and art history, before traveling to London, UK where he completed his MA in Printmaking at Camberwell College of Art (University for the Arts, London). Major bodies of work included mass installations of screen printed toast and the idolization of popular British celebrity.

IEA Visiting Artist: Laura Splan

February 20-24, 2017

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Laura Splan of Brooklyn, NY, will be joining the Institute for Electronic Arts for an artist residency the week of February 20th. Laura, who received her MFA at Mills College in Oakland, California, explores intersections of art, science, technology, and craft in her work. In recent work, she has been using her own body to generate bio-data to be used in the production of sculptures and images, a project that has manifested itself in a variety of materials and formats including computerized jacquard woven tapestries and 3D printed sculptures.

Throughout her residency, Laura intends to create computer generated animated weavings from bio-data collected via Arduino microcontrollers. The waveforms generated from this data will be used in AfterEffects and other software with animation, sound, parenting, and expressions to create animated weavings that visualize and embody the experiences from which they were derived.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

Faculty Research Mentor Award 2016-17

The Office of the Provost continues to acknowledge and reward faculty who are outstanding mentors for undergraduate research and scholarly activity. The Faculty Research Mentor Award recognizes those individuals who are outstanding mentors to students engaged in research or scholarly activity and are actively engaged themselves in advancing scholarship in their field.

Up to one award will be offered in each of the following categories this academic year: physical/life and mathematical sciences, undergraduate engineering, social sciences, humanities, visual and performing arts, and professional studies.

Students or faculty wishing to nominate a faculty member for this award should send a nomination letter to argus@alfred.edu by Monday Feb. 27; self-nominations will not be considered.

A more detailed announcement, including the required contents for the recommendation letter, is available on the Office of the Provost website.

If you have questions, email Frederic Beaudry (beaudry@alfred.edu), and if you have an outstanding faculty research mentor, nominate them today!
