Phishing Email Disguised As An Official ADP Communication

We continue to receive official looking emails that are Phishing for user network login credentials. In the last few days, we have been receiving a barrage of fraudulent emails that are reportedly coming from ADP. As we receive these emails, ITS is working quickly to delete them. Please be wary of these emails and do not provide a your network username or password.

Housing Accommodations for Spring Break

In an effort to streamline the process of break closing and early arrivals, Residence Life will be utilizing a Google form to collect and share break housing needs. Please submit the linked form if you have students working in your office who will need alternate break accommodations, i.e. they need to stay late or return early. If you need to submit a request for a large number of students at a time, please email gebel@alfred.edu for the link to the google sheet to add them directly.

Tropical Ecology and Belize Trip Allen Term 2017/18

Interested in tropical ecology, evolution, and conservation biology? Travel to Belize with the Tropical Biology course during Allen Term 2017 (January 2018). Emphasis will be on the structure, function, and conservation of rainforest and coral reef ecosystems and the species that comprise those systems.

Excursions on the trip include a canoe float on Sibun River, visit to Altun Ha and Community Baboon Sanctuary, jaguar reserve night hike, snorkeling in the South Water Caye Reserve, and more.

Attend one of the information sessions: Monday, February 27 at 12:45pm, Wednesday, March 1 at 5:30pm, or Thursday, March 2 at 9:30am in Science Center 303 for more information.

Contact Dr. ZD - zimbler@alfred.edu.

On-campus Dump and Run this semester!!!

I am thrilled to announce, that Alfred University will host an on-campus Dump and Run this semester!!!

Before you leave for the summer, consider donating unwanted items. It will help those in need and divert usable items from our landfills!

Below are some Tips you will find helpful.

Mission of Dump and Run

- * To reduce the amount of waste generated at colleges by extending the useful life of items no longer needed by students
- * Educate the campus about the problem conserve for future generations

How it is helping

- * Saving the school a small amount on trash hauling fees
- * Saving amount that goes to the landfill
- * Help others by donating unwanted items

Where we are going to put drop off locations

- * One in the lobby of every residence hall

When to start collecting

Collection of the Dump and Run will begin in April (a month before move out)

Get Connected Through AU Connect

The Center for Student Involvement is encouraging all offices, clubs, and organizations to register on AU Connect.

Simply log in with your Alfred email ID (minus the @alfred.edu) and your current password. Select organizations and click register to sign up!

There is an app, called Corq, associated with AU Connect that gives you the most up to date

information on programming happening every day.
AU Connect will be pulling all the information for future event calendars. All information must be submitted by March 1st to be on the next quarter event calendar.
Please contact the CSI office for help with AU Connect or the Corq app.

IEA Visiting Artist: Laura Splan

February 20-24, 2017

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Laura Splan of Brooklyn, NY, will be joining the Institute for Electronic Arts for an artist residency the week of February 20th. Laura, who received her MFA at Mills College in Oakland, California, explores intersections of art, science, technology, and craft in her work. In recent work, she has been using her own body to generate bio-data to be used in the production of sculptures and images, a project that has manifested itself in a variety of materials and formats including computerized jacquard woven tapestries and 3D printed sculptures.

Throughout her residency, Laura intends to create computer generated animated weavings from bio-data collected via Arduino microcontrollers. The waveforms generated from this data will be used in AfterEffects and other software with animation, sound, parenting, and expressions to create animated weavings that visualize and embody the experiences from which they were derived.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.
