Housing Accommodations for Spring Break

In an effort to streamline the process of break closing and early arrivals, Residence Life will be utilizing a Google form to collect and share break housing needs. Please submit the linked form if you have students working in your office who will need alternate break accommodations, i.e. they need to stay late or return early. If you need to submit a request for a large number of students at a time, please email gebel@alfred.edu for the link to the google sheet to add them directly.

How To Post An Announcement On The New MyAU Portal

One change you will notice with the new MyAU portal is posting announcements.

We have combined these announcements with the Alfred Today application. This is a one stop shop where you can post all your announcements for both my.alfred.edu and Alfred Today.

There is still no approval process for announcements that are posted to my.alfred.edu. The only approval process is for announcements posted for Alfred Today.

The attached document explains how to post announcements on the new MyAU portal.

If you have questions please contact ITS Helpdesk.

Event Title: IEA Visiting Artist: Ray Ferreira

March 13-17, 2016

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Ray Ferreira, of Brooklyn, NY, will be at the Institute for Electronic Arts for an artist residency over the week of March 13th. Ray, who received his MFA from Hunter College in 2016, uses Englishes, Spanishes, and body languages to explore ways, which his body is manifested and manifests worlds, and ways his body aims to create a different ontoepistoethics. He views his texts as modular, pieces coming into and out of existence, stretching across spaces, times, and matters.

During his residency, Ray intends to explore his texts using the IEA's analog and digital tools to further explore his texts and create new mixes. He will be experimenting with what happens when the spiral goes out of control - as in different systems - exploring what happens when audiovisual textures weave in and out as the text dances around.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

What About Anti-Semitism?

"What About Anti-Semitism? How national hate ideologies have infiltrated our campus."

12:10pm Wednesday, March 1

Institute for Cultural Unity*, 1st Floor, Powell Campus Center

*Moved to Knight Club if larger crowd expected.

This week's topic will begin with a brief update regarding a recent hate message connected to the campus copier system. The nature of the message, which was anti-Semitic, reflects increased news coverage of anti-Semitism throughout the country. Alfred University's Interfaith Advisor Rev. Laurie DeMott will prove a short 15-minute introduction to the topic of religious tolerance and conflict. Following these comments, the forum is formatted for small group discussion at each tables with suggested discussion questions. The intent of these gatherings is to build greater comfort in discussing difficult topics while finding strength to meet adversity. All are welcome.
