

"AGS" HOLD 14th ANNUAL COMMENCEMENT

Thirty-four In Graduation Class

The New York State School of Agriculture is this week celebrating its 14th annual commencement.

The baccalaureate sermon was delivered Sunday evening, March 30, at 8 o'clock at the church, by President Boothe C. Davis, on the topic, "Profit and Loss."

The class day exercises were well attended Monday afternoon at Firemens Hall. The program consisted of:

- President's Address '24
- Response by Junior President '25
- Presentation of Gift '24
- Class play entitled "Kicked Out of Ag School."

The Commencement exercises are being held this afternoon in the Agricultural School auditorium. The program consists of:

- Piano Solo—"Fifth Nocturne" by Leybach Grace Wanamaker
- Invocation Rev. A. Clyde Ehret
- Address Rev. A. Ray Petty, Pastor Judson Memorial Church, N. Y. City
- Vocal Solo—"By the Waters of Minneponka" by Lieurance Elizabeth Stow
- Presentation of diplomas Pres. Boothe C. Davis
- Alma Mater

Following are the graduates:

MARCH GRADUATES

Agriculture

Atwater, Donald Lewis	Richards, Stephen
Bliton, Lloyd Nelson	Schoefer, Charles Francis
Brainard, Lewis Albert	Stow, Elizabeth Mary
Brittin, Charles Baxter	Taylor, Howard Clark
Cordukes, David Everett	Utter, Leonard Gordon
Humphrey, John Victor	Wardner, Richard Forbes
Kellogg, Roland Stephen	Weaver, Merle John
Lampman, William Francis	Wilson, Hugh Monroe
Lang, John Thomas	Zint, Julia May
MacKinnon, Donald Alexander	

Home Economics

Clarke, Doris Lavancia	Kinyon, Mary Gladys
------------------------	---------------------

JUNE GRADUATES

Rural Teacher Training

Bergen, Josephine Fannie	Powers, Clarisa
Farwell, Frances Isabelle	Reynolds, Vernice Kate
Fitch, Mary Eleanor	Sweet, Gertrude Myrtle
Garter, Marian Kohler	Totten, Arietta Louise
Hurburt, Priscilla Eunice	Wanamaker, Grace Adaline
Lavery, Rose Anna	Wyant, Rosamond Elizabeth
Pierce, Florence Grace	

PI ALPHA HOLDS FIRST ANNUAL BANQUET

March 29, 1924, was the date of the first annual banquet and dance of the Pi Alpha Pi Sorority. At 6:15 P. M. couples in gay attire began to stroll down to Firemens Hall from the Sorority House. At the psychological moment, the sun cleared the clouds away and all promised a most pleasant evening.

The dining room was daintily arranged and the mellow candle light gave a delightful touch to the whole. The Sorority was glad to welcome Miss Fredora Moore to the banquet as a guest from Theta Theta Chi Sorority. We were happy too, to have Miss Marion Fosdick and Miss Elsie Binns, our honorary members, and Miss Gladly Bleiman our chaperon, with us at our first banquet.

At 8 P. M. Miss Lillian Borden, the president, gave a few appropriate welcome remarks and the girls and their guests adjourned to the hall to dance. (all were keyed up to the occasion.)

Firemens Hall was transformed into a lovely summer garden. Red rambler roses seemed to twine in and out of the lattice work of the arbors. The hall was made cozy by arches and roses, roses, roses everywhere; of course, numerous divans, rustic benches and chairs added to the atmosphere and afforded diversion. Mah Jongg had its place in one of the arches and punch reigned supreme for a few minutes.

But just as soon as the mellifluous strains of the music of Preston White's Orchestra floated through the summer night, couples emerged from the summer houses and soon the garden was filled with merry people,

dancing, whirling, lingering and laughing.

Much credit is due the Pi Alpha girls for "putting across" such a lovely party in their first year. It was a dainty affair and portrays much life and ability "between the crusts."

ASSEMBLY ADDRESS Dr. A. E. Main

The main feature on the Assembly program last Wednesday was an address by Dr. A. E. Main. His topic was "The Relation of Home, Church, and School to Civilization, Citizenship, and Society of Men and Nations."

Dr. Main first defined the subjects of his talk. The family, he said, was an organization of husband, wife, and children, founded on love, a physical and spiritual union of comradeship, for the purpose of continuing the race and increasing happiness. The church is an organization of people who believe in the Brotherhood of Jesus Christ. Its object is to advance the rule of God among men and nations. A school is an organization of teachers and students. Its purpose is to extend knowledge so good character and right conduct may result. Civilization is that level of citizenship, culture and refinement, of comfortable wealth and political internal life and relations.

The definition of citizenship is elusive. He has the right to life, liberty and the pursuit of happiness. We may accept Lincoln's words, of the people by the people and for the people in application to citizenship rights. We appoint men and women to protect us in these rights and the use of property. We turn the regulation of common affairs over to the police. All these people are the government. The

SOPHS WIN ANNUAL COURT CLASSIC

Take Final Game by Small Margin

The Freshman basketball team sprung a surprise last Monday night when the Sophomores went down to defeat in the second game of the defeat in the second game of the underclass series to the tune of 26-20. Due to their decisive win over the Frosh in the first game, the Sophs were decided favorites but the Yearlings were too determined, and the second year men were unable to cope with the flashy offense of their younger opponents.

Nichols was the main cog in the Frosh machine, cavorting around the court in fine style, caging seven goals from the field. Babcock, with the ten points to his credit, was the mainstay of the Sophs, who seemed unable to get going. The Frosh procured their six point lead in the first half, while the last frame was a nip and tuck affair, each team getting ten points.

Tabulated score:

SOPHS			
	F. G.	F. P.	T. P.
Babcock, r. f.	4	2	10
Young, l. f.	2	1	5
Peterson, c.	1	2	4
Lyons, r. g.	0	1	1
Chamberlain, l. g.	0	0	0
	7	6	20

FROSH

	F. G.	F. P.	T. P.
Fenner, r. f.	3	1	7
Nichols, l. f. and c.	7	0	14
Shultz, l. f.	0	0	0
Buck, c.	1	1	3
Foti, r. g.	1	0	2
Slosser, l. g.	0	0	0
	12	2	26

Displaying a sensational comeback in last ten minutes of play, the Sophs defeated the Frosh in the third and deciding game of the underclass series last Wednesday night. The Freshmen started at a great clip and seemed certain to duplicate their feat of the second games. The Sophs presented a very "stale" combination which barely managed to escape a severe drubbing by a last minute spurt.

The Sophs supporters almost gave up the ghost when Babcock went out on four personals, but led by Lyons and Young, the even classmen ran away from the Frosh in quick fashion. The game ended 27 to 18. Young and Lyons showed up best for the Sophs while Fenner looked good for the Frosh.

Tabulated score:

SOPHS			
	F. G.	F. P.	T. P.
Young, r. f.	4	4	12
Lyons, l. f.	4	0	8
Babcock, c.	1	1	3
Chamberlain, r. g., c. 1	0	2	2
Moore, l. g.	0	0	0
Kelley, r. g.	0	0	0
Herrick, l. g.	1	0	2
	11	5	27

FROSH

	F. G.	F. P.	T. P.
Fenner, r. f.	3	1	7
Nichols, l. f.	1	0	2
Buck, c.	2	1	5
Foti, r. g.	1	0	2
Slosser, l. g.	1	0	2
Fritz, l. g.	0	0	0
	8	2	18

relation of men and women to the government we call citizenship.

Socialization is the practice of social mindedness. Everything is the result of energy. The snow and frost work, trees, birds, flowers, all result from natural energy. The moral judgment of men and women, ideals, art, literature, music, painting is the result of a higher human energy called spirit.

Continued on page four

KANAKADEA BANQUET HUGE SUCCESS

Dr. Ferguson Chosen as Dedicattee of Annual

MISS LANGWORTHY HONORED BY "AGS"

The nineteenth volume of the Kanakadea, the handiwork of the class of '25, was formally introduced to the Juniors and their guests, at the annual Kanakadea banquet, held at the Hotel Sherwood, Hornell, on Thursday evening, March 27.

Students and faculty to the number of three score and ten, made the journey from Alfred to be present at the dedication of the College Year Book, two full buss loads leaving from in front of the post office at a quarter after five and arriving at the scene of the festivities at 6 o'clock.

It was a happy, carefree throng that gathered in the spacious dining hall, which was splendidly decorated with a variegated display of cut flowers, and the Purple and Gold of old A. U.

The neatly covered Kanakadeas deposited on the white cloth, waiting for the final word of the Toastmaster before being opened and eagerly scanned by the impatient Alfredians, who were not allowed to satiate their curiosity as to the dedicattees until the presentation speeches had been made.

At the conclusion of the delectable feast, which was sumptuous and tasty enough to satisfy the most exacting of the disciples of Epicurius. Toastmaster Ellis Drake, editor-in-Chief of the Kanakadea, after a few well turned phrases, called upon Miss Ruth Whitford, president of the Juniors. Miss Whitford responded, giving a short outline of the history of the class during its three years at Alfred. The president expressed further the spirit of the occasion, as she eloquently reviewed the achievements of her class, which are perpetuated within the covers of the annual, there to be preserved for future years to help keep green the memory of the busy, happy days at A. U.

The next speaker introduced was Joseph B. Laura, president of the Juniors of the Agricultural School and Ag photographer, who gave credit for the success of the "quarter century book" to the College and Ag staffs, who had given unstintedly of their time and energy to produce one of the best year books turned out at Alfred. He went on to voice deep appreciation for the spirit of co-operation which the college has been showing toward the Agricultural School, and expressed the hope that as the years went by the College and Ag School would continue to work hand in hand for the furtherance of their mutual ideal, a bigger, better and more glorious Alfred.

The dedicattee of the Ag School was Miss Susan Langworthy Ph. B., librarian and instructor in English. Miss Langworthy, in a few well chosen words thanked the class for the honor conferred, and wished continued success to the Juniors throughout the rest of their career at Alfred, and in the pursuit of their life work when they have matriculated from their Alma Mater.

Considerable speculation was now rife in the minds of those present as to who was the dedicattee of the College, and after Toastmaster Drake had expressed his thanks to the two classes and staffs for their co-operation and fine spirit in making this year's book a success, he went on to state that it had been dedicated to one who had promoted the welfare of Alfred and had put forth his best efforts unselfishly and unrestrainedly for the promotion of high ideals and policies at Alfred University, namely, Dr. Russel S. Ferguson, more

popularly known as "Doc," head of the biology department, and coach of track.

Apparently taken completely by surprise, "Doc" thanked the students briefly for their appreciation of his efforts, and gave a short talk on "Real Service" which, said he, consisted in helping one another to the best of our abilities, in making others happy, and in so doing securing real happiness for ourselves, "Doc" furthermore said that he hoped the individuals present would live to enjoy the day when they would be as happy as he was on this occasion.

A rousing thunder of applause greeted the conclusion of this speech and soon afterward the signal was given by the Toastmaster and the books were formally opened by the guests. Then came an unprecedented demand for the autographs of both dedicattees, and the subsequent exchange of signatures would have brought joy to the heart of any manufacturer of fountain pen ink, if said gentleman had been present.

After these pleasant exchanges the scene of activity was transferred to the ball room where dancing was enjoyed to the music of Preston White's Orchestra, until a quarter past eleven. Thus ended the Kanakadea Banquet of the Junior class of 1925, an event which will linger long in the minds of those who attended as being one of the happiest in their college life, and of which they will ever be reminded in years to come when they glance over the pages of the Kanakadea on winter evenings in front of a cozy fire.

FROSH-SOPH PLAYS

The Frosh-Soph plays will be presented at Firemens Hall this Thursday evening, April 3, at 8 o'clock. The Frosh plays are directed by Miss Norah Binns and Irwin Conroe. The Soph Plays are under the direction of Miss Evelyn Burt. The plays are all composed of but one-act and will be run off in less than two hours. Following are the plays with the casts:

Soph Plays

"Baccaccio's Untold Tale"

Florio	Paul Kelly
Olivia	Rita Maurer
Vialante	Charlotte Rose
Dioneo	Frederick Coats

"Dawn"

The Woman	Ada Carter
The Doctor	Albert Rapp
The Man	Thomas Moore
The Child	Ruth Norwood

Frosh Plays

"A Woman a Woman For a That"	
Mrs. Stymic	Catherine Dieneman
Dr. Blufwell	Ruth Bull
Nilebick Stymic	Richard Hulme
Miss Iris	Georgeola Whipple
A Veterinarian	Richard Hamilton

"Enter the Hero"

Anne Carey	Hattiedell Nugent
Ruth Carey	Katherine Keller
Mrs. Carey	Jean Trowbridge
Harold Mabie	Lyle Burdick

NOTICE

There will be a meeting of the Alfred Science Club (ex-Math Club) this Wednesday evening, at 7:30, in Babcock Hall. Those who are interested enough to become live and active members, are invited to attend. Application blanks will be distributed to candidates for membership.

N. Y. S. A.

The Ag editor extends his thanks to those who have co-operated in the work of gathering and writing the Ag School news during the past school year, and trusts that those undertaking this duty next year will obtain as much enjoyment and instruction out of it as it has been his good fortune to secure.

Before this issue of the Fiat is placed in the hands of its readers the class of '24 will have joined the ranks of the N. Y. S. A. alumni.

Now that the worry and anxiety of "finals" is over and we have each received the precious document which announces to the world that we have completed the prescribed course of study at Ag School, it is perhaps only natural that we should indulge in reminiscences of our school life at Alfred, reviewing in our minds eye the results we have accomplished in scholarship and athletics, in the friends we have made, and the broader outlook on life which we have acquired.

It is impossible, however, to card index or catalogue the things which are most precious to us which we have absorbed, those intangible benefits which came to those who have been privileged to spend a part of their lives at Alfred, things not of the body or mind, but rather of the soul. The writer hopes he will not be accused of being a sentimentalist, in fact, he has rather definite ambitions of becoming a hard headed farmer, but such is the impression uppermost in his mind in the closing days of his sojourn at Alfred.

It was reassuring indeed to have Director Champlin set at rest the exaggerated rumors which have been circulating in regard to the school as he did in the final assembly on Friday.

While it is true that the state appropriation has been materially reduced, necessitating the consolidation of several departments, there is no doubt but that an increase in Agricultural prosperity, which cannot long be delayed, will result in a greatly augmented registration in the future, and will find old N. Y. S. A. a bigger, busier, brighter institution than ever before.

ALLEGANY COLLEGE TRYOUTS

Exceptionally Good Time Made by the Men of the Squad

In a recent indoor meet held at Allegany College, a very good showing by all candidates was made. Judging from the results the Alfred team will have to "do their stuff" when they meet Allegany May 23.

The time trials read:
440 Yard dash—Rea, Bliss, Nelson—time 56.5 seconds.
One half-mile—Rea, Bliss, Reymer—time 2:04.
Mile—McIntosh, Bliss, Reyner—time 4 min. 54 sec.

BRICK NOTES

Brick Prom next Saturday! The second annual Brick party will be held at that stately institution, Saturday evening, April 5. The Prom committee has been constantly busy and mysterious noises have emanated from their meeting place.

John Craig visited his sister, Eleanor Craig, at the Brick, Saturday. He also escorted her to the Pi Alpha Pi banquet Saturday night.

FOOTBALL PRACTICE

Word has been passed that spring foot ball will start as soon as the weather permits out of door practice. At present al that is being done is the continued lectures at the Chemistry building and a little work-out for the Frosh in the gym.

EDMUND HALLEY
1656 1742

Son of a London soap-boiler who became Astronomer-Royal. At the age of 20 headed an expedition to chart the stars of the Southern hemisphere. Financed and handled the printing of Newton's immortal *Principia*.

The comet came back

The great comet that was seen by William of Normandy returned to our skies in 1910 on its eleventh visit since the Conquest. Astronomers knew when it would appear, and the exact spot in the sky where it would first be visible.

Edmund Halley's mathematical calculation of the great orbit of this 76-year visitor—his scientific proof that comets are part of our solar system—was a brilliant application of the then unpublished *Principia* of his friend Sir Isaac Newton.

The laws of motion that Newton and Halley proved to govern the movements of a comet are used by scientists in the Research Laboratories of the General Electric Company to determine the orbit of electrons in vacuum tubes.

As spectacular as a comet has been the world's electrical development. By continuous scientific research the General Electric Company has accelerated this development and has become a leader in the industry.

Entered at the Alfred Post Office as
second-class matter.

On all sides and on all occasions we
hear plans for attracting students
from high schools to college. College
men and women are, or at least should
be, ever on the alert to encourage
younger fellows and girls to take ad-
vantage of the opportunities offered
by institutions of higher education.
There is too often a tendency, either
because of their proximity or because
of some other unknown reason, to
overlook the graduates of high schools
in the same town. Perhaps, this is
due to the fact that there prevails a
general understanding that these stu-
dents will enroll in college as a mat-
ter of course upon the completion of
their academic work. Certainly, in
our case, it is not because the type of
material turned out by the high school
is in any way inferior to others or
that these young men and women are
not considered desirable.

It is too often true, however, that
these young people do not receive the
amount of attention that might be
given them. Because they happen to
live in the same town is no reason
why we should seek elsewhere while
the local source is so little depleted.
On very few occasions do Alfred High
School students come into close con-
tact with those registered in college.
Teams of men go out to nearby towns
for the purpose of organizing Hi-Y
clubs and otherwise instilling the col-
lege spirit into the minds of boys and
girls. Why not give some of our at-
tention to our friends at home? To
be sure, various college men have
spent no little time and energy in
Boy Scout work and athletics among
high school fellows but the movement
is by no means as general as it might
profitably be.

These young people appreciate any
little attentions from older college
friends. Can you remember when
you looked forward to your entrance
to college with a feeling of awe, as if
it were the one big thing in your
life? Think back to your high school
days and consider how highly you
would have held such a comradeship
as might exist among college students
and youthful neighbors. In many
cases the latter follow your slightest
movements and judge right and wrong
by what you do or what you have
done.

There should be a means of over-
coming this difficulty, if such it is.
What better work could the members
of the Y. M. C. A. and Y. W. C. A. seek
than to perfect some plan by which
these two groups, now widely sep-
arated, could be brought together, say
once a week, for a general "get ac-
quainted" party?

TRACK SQUAD SHOWING GOOD FORM

Coach Ferguson was well pleased
with the results that the track squad
displayed in last Friday's time trials.
However the only drawback at pres-
ent that "Doc" has experienced is
the lack of men—some of which he
expected to give a remarkable perfor-
mance.

The showing of Ogden and Harnes
in the sprints, Chamberlain, Olmstead,
Bowles and Rocky in the weight
events; Lahr and Grover in the mid-
dle distance and Herrick, Vey and
Murphy in the distance runs was
very pleasing to Coach Ferguson.

The fact that there are only twelve
days before vacation and five after
in which to be fully prepared to meet
St. Bona the second of May, behooves
every track "hopeful" to put forth his
best interests to aid the squad. There
will be a handicap meet run next Fri-
day, April 4.

The season's schedule has now been
fully completed and will read as fol-
lows:

Friday, April 4—Handicap Meet.
(All entries must be in before Wed-
nesday night)

Friday, April 11—Interclass meet
(all events).

Friday, April 25—Frosh-Soph meet.

Saturday, April 26—Penn Relays.

Friday, May 2—St. Bona at Alfred.
Saturday, May 10—Hamilton at Clin-

ton

Friday, May 16—Handicap Meet.

Friday, May 23—Allegany at Alfred

Saturday, May 31—Univ. of Roches-
ter at Rochester

June 10—Olimpic Cross Country
Tryouts at New York City.

This week Friday there will be a
handicap meet run in which the fol-
lowing handicaps have been allotted:

Shot Put—

F. McConnell—scratch

D. McConnell—1 ft.

Olmstead—1 ft. 6 in.

Chamberlain—1 ft. 8 in.

Lahr—5 ft.

Evans—5 ft. 6 in.

Bowles—6 ft.

Rocky—6 ft. 6 in.

Vaughn—6 ft. 6 in.

Discus—

F. McConnell—scratch

Evans, Gibbs—15 ft.

D. McConnell, Rocky—20 ft.

Olmstead, Chamberlain, Bowles,
Lahr, Vaughn—30 ft.

Javelin—

F. Ford—scratch

F. McConnell—10 ft.

Kelley—20 ft.

High Jump—

Gibbs—scratch

F. McConnell—1 inch

Grover—2 in.

Lyons—2 in.

80 Yard Dash—

Ogden—scratch

Horner—3 yards

Alsworth—4 yards

Northrup—5 yards

Guiglia—7 yards.

200 Yard Run—

Grover, Witter—scratch

Navin—5 yards

Lahr—10 yards

200 Yard Run—

Smith—scratch

Peterson—10 yards

1½ Mile Run—

Herrick—scratch

Travis—5 yards

Murphy—20 yards

The following events will be run
off also: broad jump, pole vault, high
and low hurdles, 200 and 600 yard
dashes.

As was mentioned above, the en-
tries and handicaps allotted are not
complete pending the entries of the
other members of the squad. Any
member wishing to enter should see
Doctor Ferguson before Wednesday
night.

The squad is coming along very well
and are determined to make a good
showing. These men have been at
work for about two weeks: Capt. Mc-
Connell, D. McConnell, Olmstead,
Chamberlain, Ford, Lahr, Evans,
Bowles, Rocky, Vaughn, Gibbs, Groves,
Lyons, Ogden, Horner, Alsworth,
Northrup, Guiglia, Scholtz, Witter, Na-
vin, Smith, Travis, Herrick, Vey,
Murphy, McGraw, Fulmer, Spier, A.
Peterson, Foti, Leboner, Pitcher,
Claire and several others. In spite
of this seemingly long list Doc would
be greatly pleased if some others of
ability would show up. These it might
be said, would include: Kelley, Buck,
Hamilton, R. Witter, Whipple, Young,
Daly and Slosser.

The new equipment will be here
either Monday or Tuesday and there
will be shoes and togs enough for
every man.

You'll give the new season a royal welcome when
you wear one of these custom-made Hats. Shapes to
satisfy and colors to gratify every
customer at a feature price of

\$4.00

Star Clothing House

Main at Church Street, HORNELL, N. Y.

FRATERNITIES

KAPPA PSI Upsilon

Gordan McKenney was a guest at dinner on Sunday.

Sawbones Barone will be open for business from now on, at the field house.

The senior partner of Daly Bros. Inc., spent the week-end at Allentown.

Pondy's concrete mixer has once more put in its appearance after many months of absence.

The dinner topic for this week will be "The Condition of the Road to Alfred Station," by Jack Lane.

DELTA SIGMA PHI

We are sorry to see that Dick Claire is the first victim of spring track.

Kenny Nichols' "Ark" took Johnny Voorhies, Gilbert Shults, Dick Claire and Chester Lyon home over the week-end in fine fashion.

Hank Copeland, ex-'26, was a week-end visitor at the house.

Alpha Zeta chapter takes pleasure in announcing the initiation of Richard Hamilton, Gilbert Shults, Frank Tate, Patrick Perrone, and Leo Slosser.

PI ALPHA PI PERSONALS

Esther Seamen has returned after being at home for several weeks on account of the death of her mother. We are very happy that Esther is back with us again and greet her with sincerity and gladness which cannot be expressed but truly felt.

A. Hague and J. Craig, visiting Alfred for the Sorority banquet, were dinner guests at the house on Sunday.

Misses G. Kilbury and M. Gross were dinner guests at Mrs. J. Pinchin's home on Thursday evening.

One and all—we say to F. Hamilton Whipple—"smile awhile!"

Miss E. Bowen has just recovered from many aches and pains. Dr. Coon is a fine little helper, eh?

Miss Eleanor Craig was a dinner guest at the house on Sunday.

ETA PHI GAMMA

Coach Kasper was a dinner guest at the house Thursday evening.

Brother Hunting says that he will come across but to give him a chance.

Cuba is being honored with the presence of Brother Jordan for the week-end.

Brothers Fulmer, Horner, Robinson, Stearns, and pledges Olmstead and Vaughn were at their respective homes for the week-end.

Between track and the cultivation of a distinguished "tach" brother Guiglia cannot find time to listen in on the radio.

During the coming week brother Jordan is scheduled to give a lecture on "Ceramics" at the Salamanca High School.

It has been noticed that brother Preische is fast assuming the characteristics of a pedagogue in that he was noticed in the library minus collar and tie. Starting in rather early Walt.

The Frosh quartet has been entertaining (?) us after meals with some of the favorite old-time melodies (?)

Once more we are having a little less noise in the house as pledge Washburn has lost his voice.

We have lately unearthed a new star for Coach Ferguson in the form of brother Chamberlain. His lame hip from football is the probable cause for the change to track.

One evening a dark complexioned gentleman came to the house for a hand-out. The brothers were rather suspicious of this character but soon found out that it was only brother Johnson who had been trying to fix up the new car which still needs repairs.

Brother L. McConnell can now breathe more freely as the inter-class games are over and he need not fear the Frosh.

An old relic of the S. A. T. C. days has been found lately and is now in possession of the house. It is nothing more than an old sheet with the fraternity letters on it. Its value lies in that it was well decorated and used in those days to grace the C-in-C's entrance.

There is a great fascination in the sugar bushes about this time of the year. Just ask Doug.

KLAN NOTES

Brother Herrick and Pledge-brother Gibbs gave an exhibition of running and high jumping at Salamanca High School. Brother Smith has been ill with the grip. Likely he will be on his feet at press time.

John Craig and Charles Hague were guests of the Klan over the week-end.

Brothers Herrick, Smith, Whipple, Grover, Travis, Lebohner, Ogden, Alsworth, Navin, Witter, Coats, Gibbs, Button, "Bing" Clark, and Northrop have turned out for track.

Has any person seen "Als" ring?

THETA GAMMA

With the closing term of the Agricultural School the members feel deeply the breaking away from Alfred University. The many eventful happenings during their school career and the fraternal spirit engendered with the other fraternities has made these organizations among the best in Alfred, broadening the students' mind, helping him to understand his fellow neighbor and aiding him to solve the real problems which come to every individual. The sound principles of education acquired at Alfred University and the philosophy of a fraternal life should provide the foundations for upholding the best principles.

To the fraternities and sororities at Alfred University we extend our thanks for their kind co-operation during our school life and wish them continued success.

ASSEMBLY ADDRESS

Continued from page one

The heaven above shows the handiwork of some force, or universal cosmic spirit, which we call God.

The General Electric Company make a machine, ten of which would illuminate a highway around the world. This is but one example of the progress of science.

If human energies could catch up with mechanical engineers, the problem of the church would be much simplified. The work of instruction should begin with boys and girls. They should be taught to think, speak and act in terms of companionship and citizenship, in terms of natural life. In other words, they should be taught the way to a greater maturity,

that evil doings break into the harmony of the universe.

These things come under law. That most sublime of words is difficult to define. Many laws are not worth a cent. We should study conditions to bring about best results. Men and women are sent to Albany not to make laws but to talk over the principles.

The human world, it is sad to say, is divided. Some have a philosophy of life of action determined by spiritual and religious forces. The best results would be secured if material wealth was regulated by spiritual forces. Others say that right is on the side of might, others that it is on the side of the humble. One school exalts self, others service.

Let us welcome this yet unfinished task and follow the beckoning and throw ourself into the battle for righteousness with metal that does not flinch. To be living is sublime!

DR. PETTY TO SPEAK IN ASSEMBLY

Students and townspeople will receive a special treat Wednesday morning when Dr. A. Ray Petty, a speaker of wide repute and a social worker well known in missionary circles, delivers the weekly address.

Himself a college man, and closely connected with various kinds of Y. M. C. A. work, he should command more than usual interest among the students.

Dr. Petty founded a famous social service and missionary center at Washington Square in New York City and has since been the principal factor in the maintenance of this institution which has for its purpose the care of homeless children and the general supervision of playground and recreational centers in the slums.

In addition to the assembly address, Dr. Petty will speak at the Ag School Commencement exercises Tuesday, at the banquet Tuesday evening and again at the father and son banquet to be given by the Boy Scouts Wednesday evening.

HORNELL, N. Y.

John Hancock Said:—
(IN 1774)

"I HAVE ever considered it as the indispensable duty of every member of society to promote, as far as in him lies, the prosperity of every individual, but more especially of the community in which he belongs."

Life insurance is inseparably bound up with the prosperity of every individual, family and community. It is a secure and prosperous business and satisfactory to the salesman in every way.

The JOHN HANCOCK would like to interest a few ambitious men who graduate this year to make JOHN HANCOCK selling their life work.

Statistics on college graduates who have entered life insurance place it at the very top as a source of income. Before making a decision as to your career it would be well to make inquiries of the "Agency Department."
