TSI Harland Snogross Gallery Dedication

On March 15th, in celebration of the dedication of the TSI / Harland Snodgrass Gallery, former faculty member, Harland Snodgrass will present a multi media slide presentation including images of students and faculty between 1970-1974. These slides will also include the building of Harder Hall, a history of the equipment in the "Time Space Interface" studio as well as other historical images. Harland Snodgrass is the founder of the video arts program and an original faculty member of the foundations program. His presentation will include over 600 slides displayed and performed in an indeterminate manner during which he will answer questions about images as they arise.

Experience German College, Culture, and Cars

Ever wonder what a day in the life of a German college student is like? (College is tuition-free, students are paid by their employer to go to school half the year and work the other half.) How humans and robots can work together? How businesses compete for customer market share globally? What it is like to be inside a medieval city? What makes Munich one of the most popular cities to visit in Europe? How the automobile evolved over the past 100+ years? What would it be like to see two of the most extensive car collections in the world?

All these will be covered in the Allen Term 2018 class on the German Auto Industry. If you are interested, come to an information session March 20 or 21 at 4:45 pm in Olin 301, or the Bergren Forum on March 23.

On-campus Dump and Run this semester!!!

I am thrilled to announce, that Alfred University will host an on-campus Dump and Run this semester!!!

Before you leave for the summer, consider donating unwanted items. It will help those in need and divert usable items from our landfills!

Below are some Tips you will find helpful.

Mission of Dump and Run

- * To reduce the amount of waste generated at colleges by extending the useful life of items no longer needed by students
- * Educate the campus about the problem conserve for future generations

How it is helping

- * Saving the school a small amount on trash hauling fees
- * Saving amount that goes to the landfill
- * Help others by donating unwanted items

Where we are going to put drop off locations

- * One in the lobby of every residence hall

When to start collecting

Collection of the Dump and Run will begin in April (a month before move out)

ICU looking for presenters on cultural awareness workshops

Alfred University's Institute for Cultural Unity is looking for professionals interested in presenting twenty-minute talks on relevant topics as part of our "Wednesday Talk & Response" series. The institute is a source of diversity education and multicultural programming. The institute is a resource center that develops self-awareness and respect for others through the sharing of experiences and cultures. Through this, we hope to create a stronger community here at Alfred and expand our educational philosophy even further.

We would like to invite anyone who would be interested, to hold a short talk of no more than twenty minutes followed by small group discussion based on three questions of your choosing. Our focus areas include diversity, inclusion, tolerance, social justice or any topic that helps unites a community rather than divide. Topics will range from the timely "What is a Sanctuary Campus?" to the lighter "Why Beyoncé's Lemonade Matters?" (right before the GRAMMY Awards).

If you are interested in presenting a topic, or have any questions, you can contact me by e-mail at ic3@alfred.edu.

Thank you for your consideration.

Event Title: IEA Visiting Artist: Ray Ferreira

March 13-17, 2016

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Ray Ferreira, of Brooklyn, NY, will be at the Institute for Electronic Arts for an artist residency over the

week of March 13th. Ray, who received his MFA from Hunter College in 2016, uses Englishes, Spanishes, and body languages to explore ways, which his body is manifested and manifests worlds, and ways his body aims to create a different ontoepistoethics. He views his texts as modular, pieces coming into and out of existence, stretching across spaces, times, and matters. During his residency, Ray intends to explore his texts using the IEA's analog and digital tools to further explore his texts and create new mixes. He will be experimenting with what happens when the spiral goes out of control - as in different systems - exploring what happens when audiovisual textures weave in and out as the text dances around. The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

Alfred University Online Photo Library - Gallery Server Pro

AU's faculty/staff photo library, Gallery Server Pro (<http://gsp.alfred.edu>) has expanded over the past year!

Hundreds of images have been added since Gallery Server Pro (GSP) was originally launched in the fall of 2015, and new ones continue to be added almost daily.

Below is a refresher for all faculty/staff.

This searchable photo library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, selected campus events, official AU Faculty/Staff portraits, and much more.

GSP images are in folders cataloged by semester, by month and by topic, and as new photo assignments are completed, selected images are cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

WHO CAN ACCESS GALLERY SERVER PRO?

GSP is accessible to any faculty or staff member who has been provided access by ITS. It is NOT accessible to students, or to the public.

TO ACCESS GALLERY SERVER PRO

1. Go to our.alfred.edu and hover over the left-hand side menu item "Faculty/Staff." The Gallery Server link is the 13th item listed in the fly-out menu.
2. Type in <http://gsp.alfred.edu> in your browser

Once GSP launches in your browser, you will need to enter your AU username (not full email) and email password.

IF YOU HAVE TROUBLE ACCESSING GSP

Those who haven't yet accessed GSP, must email Steven Bucklaew of ITS (bucklaew@alfred.edu) who will provide access and confirm it via email soon after he receives the request. It usually happens within minutes!

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), we recommend you email Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with a brief description of which image(s) you are downloading, and where it is going to be used.

DOWNLOADING AN IMAGE

There are two recommended downloadable formats:

1. Web optimized (low resolution but full size), and 2. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ATHLETICS PHOTOS

Please contact Mark Whitehouse, AU's Sports Information director (whitehouse.alfred.edu) if you have

any questions regarding access to and usage of athletics images.

If you have any questions about GSP, or if you have images that you would like to be considered for inclusion, please contact Rick McLay at mclay@alfred.edu or Ext. 2736.
