ALFRED, N. Y., TUESDAY, SEPTEMBER 29, 1925

NO. 1

ALFRED LOSES FIRST GAME TO RUTGERS

REGISTRATION HEAVY

Many Changes In Faculty

With the largest Freshman class in its history Alfred University got under way for the 90th year last week. When the excitement of registration had given way to the routine of classes and Registrar Titsworth had had time to count his flock, there were found to be 172 freshmen and about 10 specials enrolled. A sprinkling of new students in the upper classes brought the grand total to 433 registrants in the College and Ceramic School.

One hundred and eighty prospective Frosh had applied for admission to Alfred's gates of learning but seven failed to appear when the gates opened Tuesday morning. The fact that there are 121 green capped men has been of small comfort to the class of '28, as the season runs into Proc week. This year is heralded as the biggest yet in old Alfred's long career.

Backed by excellent recommendations and records of experience in their chosen profession nine new teachers have taken their places in Alfred's faculty this year.

Mrs. Dora K. Degen, who gained her Master's degree at Boston University last year, is the Dean of Women and Professor of Religious Education.

Prof. Vera C. Schuller, formerly a teacher of German in Middlebury College, is assistant Professor of Modern Languages and Miss Ildra Harris, a student assistant in the department last year, has been promoted to instructor.

Mrs. Marian E. Miller, who taught in Defiance College and at Weansee, O., is instructor of typewriting and secretary to the Registrar and Dean.

Miss Isabelle Ellis, student assistant in Biology last year, is an instructor of English and Biology.

Prof. Ernest R. Miller, coach at Defiance College, last year, is professor of Physical Education and Director of Athletics.

Prof. Donald W. MacArdle, who replaces Prof. Arthur H. Radasch as professor of Chemistry in the New York State School of Clay-Working and Ceramics, was assistant Professor of Mathematics in Boston University last year. Prof. Radasch has been placed in charge of Ceramic Engineering.

Prof. Alexander D. Fraser, new head of the Classical Language Department, comes to Alfred from teaching Classical Languages in Westminster College, New Wilmington, Pa.

Prof. Paul Rusby, new head of the Economics Department, studied in Columbia last year and offers very attractive courses in the science treating of the production and distribution of wealth.

MEN WANTED

We want a good band for the football games. All men who play any band instruments please report this week at the music studio. Help the Varsity put it over with all the pep you have.

CROSS COUNTRY PROSPECTS

Alfred has always had a good cross country team, but this year things look different. In fact the student body should not expect a wonderful season and should prepare itself for defeat.

Last week "Doc" in an interview said, "Alfred facing her hardest year in Cross Country, with the loss of four letter men, who have helped build up her reputation. The schedule is of deficient proportions, and the seasons prospects look bad."

Eighteen men were out for early season training, most of them being last years second team men and new material. So far the new men are unknown quantities, as no competitive work has been done. Faced with the prospect of having to have two teams of equal power in order to come anywhere near to having one equal chance with our schedule, we only have about enough material for one team. For this reason the doors are wide open for all who wish to try the sport. I would like to see every freshman not otherwise engaged out for Cross Country at once."

It is easily seen that the coach has doubts as to the ability of the team and the caliber of the men. To further add to his troubles several men are on the crippled list. MacGraw and Button, two of last years letter men, were forced to report late for practice and so far have been unable to get into any kind of shape. Geltz, a lad from Lack Haven, Pa., and a runner of fair reputation, has pulled a tendon and probably will be lost to the squad for the season. Then to cap the climax Captain Herrick, one of the best distance men in the east, has a case of shin splints and may be out for some time. Gloom prevails throughout the team and the men are looking forward to the schedule with some qualms.

If however the team does shake off its morbid condition, the honor should be given to "Doc," who has and always will coach the best teams of runners Alfred can produce. He always has backed the new men thru victory, and defeat and this year with its gloomy prospects will be a trial, but knowing "Doc," we can only hope for the best and trust to his guidance and knowledge.

CALENDAR

The Fiat intends to run a weekly calendar starting with the next issue. It will include class meetings, athletic events and other forms of campus activity. It is for your convenience so we will appreciate your co-operation in making it complete and reliable. All announcements received before Sunday night will be printed the following Tuesday.

MERRILL FIELD

There is an old saying, "Everything comes to he who waits," but most people give it the wrong interpretation. As far back as can remember Alfred has promised herself an improvement in one of the vital units of her campus, namely—a real athletic field with proper equipment.

Many an Alfred man and woman has enrolled as a Frosh, been instilled with this dream which was surely to be realized in the near future and passed out into the busy world without seeing any change in this one of their most cherished ambitions. Few of us realize the handicap under which our teams, coaches, graduate managers and those who have been directly in contact with the situation have had to work under. This year when we returned to school probably the first thing we heard about and wanted to see was the change which had been made in our football field, track and gymnasium facilities. Needless to say many of us are overjoyed and it is quite probable that the new students viewed it all with a calm and disinterested air, taking it for granted that it was simply a step in the natural expansion of their new Alma Mater.

Probably few of you know that the new field will be called Merrill Field. It is with great pleasure that we announce to you students, alumni and friends of Alfred that Merrill Field was so named in honor of John J. Merrill to whom we are all indebted for making this dream come true.

Merrill Field is the result of many years of planning, figuring and super-effort by this beloved alumnus and friend of the college.

PRE ASSEMBLY DANCE

The annual September pre-assembly dance was held the Tuesday night of the twenty-second, at Alumni Hall. A large crowd of curious freshmen and nonchalant old-timers were in attendance, together with the usual sprinkling of outsiders. Driscoll's Orchestra from Hornell supplied music of peppy and variant rhythm.

As a tangible link between the ceremony that sent our class of '25 into the "wide, wide world," and the gay occasion that informally welcomed the class of '29, to our midst, the same boughs that, in their prime, witnessed the Commencement exercises last June kept dreary vigil through the summer and did their best to cheer the old hall for the dance. In the place of those who had gone they saw a good percentage of the largest class yet. Mingled with the unfamiliar faces it seemed natural to see the well-known couples, and it is inevitable that the new people will soon be taken for granted—part of us.

The gay spirit bore testimony to the success of the dance. The morning, with its assumption of care and responsibilities was forgotten amidst the pleasures of the evening all too short.

Alfred University is starting its 90th year. The graduates number well over 1,000.

LOSE IN FINAL PERIOD

Lobaugh Kicks Placement

WHAT HO, ALUMNI!

There are two kinds of alumni—alumni of the past and alumni of the present. But this classification does not follow graduation dates, not at all. It is found in the class of 1918 and in the class of 1888. There are members of both divisions in every class.

The alumni of the past are those who think Alfred is exactly as it was when they were in school. They rhapsodize over the cinder paths of the 90's or the Carnegie corner stone of 19 something.

Tears stand in their eyes at the mention of the professors of old and they groan over the follies of the present day student, if they think of him at all.

The alumni of the present are those who, whether they graduated in 1853 or 1925, are keeping up with the college. They know whether there are more men or women students, or whether the newest building is for lecture, laboratory, or athletics. They know why the field has been named Merrill field and who Herrick is.

Some think they cannot keep up with Alfred unless they can come in a body every year or so, but we believe that a regular reading of the Fiat Lux will be as good as a visit. Whether the college paper always suits us or not, it IS the college paper and only by reading it can we know what is going on. Our interest and support will enable the students to issue a better paper. Moreover, we as the Alumni Association want each new graduate to become a loyal member of our group. We must prepare the way by showing a lively interest in him as our undergraduate.

Let us respond to the invitation of the editors, and send for the Fiat.

Norah W. Binns,
Executive Secretary,
Alumni Association.

CERAMIC SCHOOL

The registration in the New York State School of Clay-Working and Ceramics is larger than ever before. In the Frosh class there are fifty-six engineers and fourteen art students. This is quite an increase over last year when the incoming class numbered thirty-four engineers and thirteen art students.

Professor Radasch has been transferred from the chemistry department to the ceramic engineering. He takes the place of Prof. Andrews.

Fred Strate, a member of last year's graduating class, is back in school taking some advanced work. He will be in charge of the Sophomore laboratory.

Neal Welch will again be in charge of the freshman laboratory sections.

ATTENTION GLEE CLUB MEN

Twenty-two applicants up to date. Call at the music studio this week for try-out. All voices needed.

In the opening game against Rutgers at New Brunswick last Saturday, the football team showed that they are not lacking in fighting spirit. Although lacking in experience and weight they fought gamely to the final whistle. Until the final quarter the score stood 7-3 against them. During this fourth quarter Alfred weakened and was not able to withstand the rushes of Chandler and Singer. In this quarter Rutgers scored twice.

Lobaugh was the star for Alfred. His defensive work featuring. Capt. Chamberlain played well at center. The line work of the new men—Murray, Fredericks and Andy Miller—with that of Pete Bliss, was especially prominent. Bliss had to leave the game in the last half due to injuries.

The team played even football with the heavier Rutgers eleven until Lobaugh, Moore, Bliss and Gilman had to retire. Although all left as a result of injuries they are not of a serious nature, with the exception of Bliss, who had three ribs broken.

The running of Chandler, veteran half-back, and the defensive work of Hanf was the feature of the Rutgers play.

Alfred was outweighed but not out-fought. The team play and fight was noticed by the crowd of over 5000 people.

Details:
First quarter:

Lobaugh kicked off. Rutgers failed to make the necessary yardage and punted to Perrone. Perrone fumbled and Rutgers recovered on fifteen yard line. They scored on a few plays through the line. They failed to earn point but were given the point as a penalty on Alfred for offside. Alfred kicked off and play remained near center of the field till end of quarter when Fulmer recovered a fumble on Rutgers' 15 yard line. Alfred lost 8 yards on three plays so Lobaugh dropped back to 25 yard line and kicked a pretty placement goal. Score at the end of the half was 7-3 Rutgers. Rutgers scored in this period on a pass from Chandler to Terrill, but the ball was brought back as a lineman was off-side.

In the third quarter Alfred intercepted a forward pass which stopped Rutgers from scoring.

Alfred was not able to withstand the Rutgers backfield in the last quarter and they scored two touchdowns. One a long run by Chandler from mid-field to make the extra point both times.

The line up:	
Rutgers 19	Alfred 3
	L. E.
Hauf	R. Gardner
	L. T.
Zingg	Clark
	L. G
Ruch	Murray
	C
Fox	Capt. Chamberlain

FROSH FOOTBALL

Scheduled to have begun active practice last Monday, Freshman Football shows a few men on the field. Coach Goble, when recently interviewed, expressed confidence in the future, but intimated that the turnout of candidates for the Frosh team was far below the number put out by much smaller classes of previous years.

Frosh, attention! Why be deficient in this respect? No other Freshman class in the history of Alfred has ever contained such a large, able-bodied, contingent of male members. Why not be well represented on the football field?

The Varsity depends upon the Freshman team for new members. The Frosh must play the Soph team in the annual interclass game, as well as a regular schedule.

Some allowance must be made for the confusion of the first week of college, but let's see the 29'ers maintain the standard set by former classes. Every healthy, human Frosh report at the fieldhouse at 3:30 P. M., regardless of experience, tomorrow!

FROSH WELCOMED IN FIRST ASSEMBLY

Coach Miller Gives Inspiring Talk

The usual confusion reigned at the opening assembly held in Firemens Hall last Thursday morning. Miss Helen Pound of the Junior class was in charge. The chairman first called on Herman Chamberlain to welcome the new Frosh in behalf of the Student Senate and the Varsity A Club. "Herm" outlined to them the powers and policies of these two campus organizations.

Miss Pound next called on Coach Miller. It was rather a peculiar situation for the Coach to be welcoming the Frosh as he had only been here about two weeks himself. But it turned out she could not have selected anyone more capable. The Coach spoke athletics and their connection to the regular curriculum. He was not too optimistic about the football season but we feel that if the team and students can get some of his spirit the season will be satisfactory for everyone.

Miss Prentice next welcomed the new class in behalf of the Women's Student Government. She proved that this organization was of more interest to the boys than they imagined.

Prof. Wingate favored us with a vocal solo. He was accompanied by Miss Prentice.

Doc. Ferguson next asked that the school support Coach Miller in every way possible. He closed by guaranteeing us that the cross country prospects were none too bright.

The closing speech was given by President Davis. There was only one thing left for "Prexy," scholarship, but he made it sound good. He closed by saying that he enjoyed seeing the little green caps and the faces that went with them again. Of course this was the best class that he had ever remembered coming into Alfred.

DANCE ORCHESTRA NEEDED

College men who desire to play in a Jazz Orchestra please report at the music studio this week. Consideration will be given for the College dances if a good orchestra is organized. Help organize this local orchestra and keep the home jazzers busy.

PROC SEASON

As the paper goes to press we are sorry we are not able to give you any results of this year's Proc fight. The season opened Monday morning and from all reports, it will be open season for Procs. The freshmen will outnumber the sophomores 3 to 1 but that doesn't mean so much.

We might call the Saturday of the Hobart game, Migration Day. "It ain't fur."

CAMPUS RULES 1924 - 1925

ARTICLE I

The Campus Rules shall be incorporated into the By-Laws of the Constitution of the Students' Association of the College Department of Alfred University.

ARTICLE II

1. All Freshmen are required to wear either a green cap with a short visor and a large gold button or a green toque with a short tassel through the period covering the first semester of the College year, and in the second semester until April 17th, and for all college track meets and the Inter-scholastic Track Meet. Freshmen entering College the second semester shall wear the cap or toque in accordance with the above rules for the second semester and the first semester of the next year unless excused by the Senate. Freshmen shall not, in any way, alter the appearance of the regulation cap or toque. Moving-up day shall be set by the freshmen with the approval of the Student Senate.

2. These caps shall be worn conspicuously upon the head every day in the week including half holidays, the exceptions being from 6 o'clock Friday night until Monday morning, vacations, and when, but not until, the student is out of town.

3. Freshmen are prohibited from wearing prep. school emblems, and monograms of any athletic association except that of Alfred.

4. Freshmen are prohibited from smoking in public places; they may only smoke in private dwellings and dormitories, and all University students including students of N. Y. S. A. and A. H. S. are prohibited from smoking on the campus, as herein defined; that portion of land within the following boundaries: Kanakadea Creek. Pine Street extended, the fence above the Steinheim and pumping house, and a line which will be a continuation of Ford St., to meet the other two boundaries. In addition to this shall be included the Park, Library Square, the Tennis Court and the Athletic Field. At the beginning of each school year a map of the campus shall be posted in some public place.

5. All freshmen and freshmen specials shall report for duty when called upon by anyone in authority—be he upperclassman, sophomore or freshman, to assist in all duties pertaining to college activities, such as social functions, Fiat Lux, work on Athletic field, Tennis courts, etc.

6. None but Seniors shall carry canes.

7. Freshmen shall be required to hold open the chapel doors every morning until the student body shall have passed out. This is to take effect after the first assembly. The student body shall pass out according to classes in the following order: Seniors, Juniors, Sophomores, Freshmen, Specials; the whole body standing at once upon the dismissal of chapel.

8. All freshmen shall show due respect to University Faculty and upperclassmen by touching caps, giving preference in entering and leaving buildings, on the Tennis Courts, etc. They shall also, when walking in company with an upperclassman, carry any books or parcels of said upperclassman.

9. Freshmen must carry matches for upperclassmen.

10. Freshmen shall learn the Alma Mater before October 15.

11. Freshmen must attend all college assemblies and mass meetings and all Varsity games held at Alfred unless excused by the Senate. Application for excuse must be written and given to a Senator 12 hours beforehand (exceptions may be made in emergencies).

12. Freshmen shall not wear knickers or white trousers. During the time when they are wearing Freshman caps, both Freshmen men and women shall wear black and only black hose. Also during this time Freshmen men shall wear black ties as shall Freshmen women when they are wear-

CHANGES IN FOOTBALL RULES FOR 1925

With the inauguration of the 1925 football season last Saturday, more than usual interest attaches to the changes in the rules made by the Intercollegiate Rules Committee. The changes, which are few in number, are intended for the improvement of the game.

One of the changes, the working out of which will be observed with interest, is that relating to the kick-off, where no tee is permitted and the ball is kicked off from the kicker's 40-yard line. Another important change is that relating to blocked kicks, which provides that if the ball does not cross the scrimmage line it shall belong to the side recovering the ball. If the kicking side recovers, it shall count as another down.

A partially blocked kick which crosses the line of scrimmage will rank just as if the ball had not been touched. Besides there is a new interpretation of the scrimmage line which provides that instead of an imaginary line on the ground there shall be a vertical line which shall be constructed as the line of scrimmage.

There has been a change made also, in the penalty for offside play. This offense still carries with it a loss of five yards, but the point to be gained for first down remains the same unless the distance penalty places the ball in advance of that point. The winner of the toss has been given another option, namely, the choice of receiving the kick-off, in addition to the choice of goal or of making the kick-off. The loser of the toss is also given a choice of options. The penalty for "clipping" has been made the "loss of 25 yards from the spot of the foul."

These are the chief alterations in the rules for the 1925 season, although a number of other changes have been made, notably one permitting the doctor to come upon the field of play without permission.

FROSH FOOTBALL SCHEDULE

Next week we will give the Frosh team a little publicity. We would like to have done it this week but they are fairly getting started.

Their first game is this Saturday with St. Johns' Manlius. Frank Goble is coaching the freshman team again this year.

PROC CONTEST, OR OTHERWISE?

In accordance with one of Alfred's traditions or supposedly so, the proc contest is now being held on our campus.

ing blouses with which ties can be worn.

12. All Freshmen shall keep off the grass on the campus west of Kanakadea.

13. It shall be the special duty of Sophomores to report violations of campus rules by the freshmen, though violations may be reported by members of any class.

Its main purpose is, not to encourage roudyism, not to cause animosity between the two lower classes; but to start freshmen in their first year of college life with a bit of experience with the true Alfred sportsmanship.

It seems that in the last two years the proc contest has degenerated into somewhat of a roughneck's party. Monday some students, presumably sophomores, broke into Burdick Hall, in which they have no right or privilege whatsoever and removed the fuses so as to leave the building in darkness. Dynamite was set off, an act which is illegal within corporation limits. Last year the contest was nothing but a mere orgy of ducking.

We don't want these kind of doings on our campus. They are a disgrace. Let us clean up this sport and maintain it as one representative of the true Alfred spirit.

ALFRED LOSES FIRST GAME TO RUTGERS

Continued from page one

Bliss	R. G.	Fredericks
Fallusy	R. T.	Bliss
Brown	R. E.	Fulmer
Terrill, Capt.	Q. B.	Perrone

Entered at the Alfred Post Office as
second-class matter.

We congratulate the Christian As-
sociations of the University in their
publication, this year, of the Frosh
handbook. Our only suggestion is
that in the coming years it be printed
earlier so that the Frosh may receive
them before they come to school. This
is obvious when you consider the rules
on their wearing apparel, football
schedule, etc.

"Don't be ashamed of your religion.
College men respect sincere Chris-
tians." There is a schedule of the
regular church services in your Frosh
bible, page 89. The church and college
go hand in hand so you owe your sup-
port to both. If you have not been at-
tending church, next Sunday would
be an excellent time to start. Don't
wait until January to make new res-
olutions.

One of the first things that will
strike the attention of you Freshmen
is the honor system. This is not only
practiced in the classroom but in
everything which pertains to the stu-
dent life. Isn't it a great feeling to
be able to lay your hat, coat, books,
etc, some place and know that when
you return to get them, they'll be
there? Well, that is the way it has
been heretofore and help us to keep
it that way. It is just such things as
this that help to make Alfred an ideal
school.

The closest thing to Alfred spirit
so far this year was evidenced Friday
night when the football team left for
New Brunswick. We take our hat,
shoes and overcoat off to you Frosh,
you put it over. That's fine stuff and
it is what the college is seriously in
need of. At present there seems to be
no official cheer leader in the college.
The Athletic Association should do
something about this immediately for
little can be done until there is some
kind of a publicity organization per-
fected.

Alfred achieved a moral victory last
Saturday in holding the strong Rut-
gers team 19-3. We have a good coach,
we have a good team. Now it is up
to us campus fans to jump right in
and support the team in every way
possible. The Frosh class has lots of
spirit and they are going to prove it.
Let's not forget to help the men scho-
lastically so they will be eligible all
year, a few good stitches now save a
lot of darning later. Also don't forget
cross-country. The fellows showed up
well in the time trials last Friday
night but they have a tough season
ahead for one team and will need your
support.

INTERFRATERNITY COUNCIL

The Inter-fraternity council has
changed the old system of pledging.
There are four men's fraternities on
the campus, all represented on this
council. In case you do not under-
stand their new ruling you are re-
ferred to page 42, the constitution of
the Men's Interfraternity Council, in
the Frosh bible.

THE NEW GYM

The long cherished dream of Al-
fred, the students, alumni and faculty
has at last come to be a solid reality
as is evidenced by the imposing build-
ing under construction on the flat op-
posite the Delta Sigma Phi house.

The new structure is with out a
doubt the finest bit of structural work
yet attempted in Alfred. The work
under the able supervision of Mr.
Ford Whitford is moving as rapidly as
Mother Nature will permit. If all
goes well the present job will be com-
pleted by November, or at least in-
time to permit Coach Miller to get the
basketball squad in action. The build-
ing will be a modern fire proof struc-
ture built of hollow building tile and
brick. In the present part there will
be a regulation basketball court 96
by 58, around which is a cinder track
12 foot wide. The outside dimensions
of the building are 121 by 82. The
seating will be handled by the use of
portable bleachers which when not in
use can be stored away or set on the
court to give access to the track.
These bleachers at present will ac-
commodate 1,000 persons. This fea-
ture will eliminate the time worn
custom of fighting for a seat when
there is to be a basketball game in
Alfred. The cinder track will afford
the track men ample time to get in
pre-season practice before the regular
season opens. It might be well to say
right here that this ubilding is not a
temporary affair but a real gym. How-
ever, it will not be completed this
year as time will not permit such to
be done.

The complete gym will be a 2½
story building built in the shape of a
"T", the stem being the present gym.
The corner stone of this structure will
be laid next June at the Annual Com-
mencement exercises. The whole
structure will cost in the neighbor-
hood of 100,000 dollars. This seems
like a great deal of money to be spent
but the fact is that Alfred has long
been in need of such a building and
through the fertile brain of "Rusty"
Ferguson was it propagated. The
students were quick to fall in with
his plan and readily agreed to pay \$5
more per semester on their athletic
fee if the building could be construct-
ed. After all it is a monument to the
ever lasting and undying Alfred
spirit.

The new part will contain both
girls and boys locker rooms as well
as those for visiting teams, showers
for both, gyms for both, a heating
plant, janitor's room, and rooms for
the Athletic Association. The base-
ment will be 16 foot deep with a dirt
floor. The idea of this floor is to
give the broad jumpers a chance to
limber up in the spring and also afford
the football men a place to run
through signal practice when the
weather will not permit them to use
the field.

The new gym will greatly beautify
the Campus and also be a source of
income to the coffers of the Athletic
Association. It will give Alfred the
largest dance floor yet had and in-
time will more than pay for itself. It
is hoped that the old gym will be
turned into an Assembly Hall and per-
haps a complete theatre and picture
show house. In such a case the Ath-
letic Association and the Footlight
club would be in a better position to
carry off their programs.

GREETINGS

The Fiat Lux takes this opportunity
to extend hearty greetings to the fac-
ulty, college, alumni, and friends. We
sincerely hope this year will be the
most successful ever enjoyed by Al-
fred. We hope that you will co-oper-
ate with us to the extent of contribut-
ing material, suggestions and useful
criticism. In return we will try and
give you the best possible paper.

We will reflect as far as possible,
the the sentiment of the student body
through these columns. With this in
mind we will especially appreciate the
co-operation of the faculty and campus
organizations.

SOMETHING LACKING

There is something lacking in the
college this year. Everyone admits
it but that doesn't help things the
least bit. We grant you Seniors that
you have a tremendous load when we
consider that you lost a lot of your
members and that the Frosh class is
the largest in the history of the Uni-
versity. The logical thing seems to be
that the Senior class ought to get to-
gether and right the irregularities im-
mediately. If you will only take the
initiative you will be surprised how
readily the other classes will co-oper-
ate with you.

HOW ABOUT A HOME COMING?

It has been the pet ambition of the
editor of this paper to have a home-
coming football game this year. Per-
haps only in a small way for it would
be impossible to have it as it should
be in such a short time to prepare. A
circular letter could be sent out by the
college to all the alumni and the var-
ious fraternities, both men and women,
could send follow-up letters urging
their members to return for the one
big game. Since we are to have two
home games on Merrill Field, it
would probably be the best to use
the latter date so there would be more
time to prepare. This time next year
there will be the new gymnasium and
we expect to have the new field in bet-
ter shape. It will be ideal then to
have a home-coming that we can well
feel proud of. The idea this year is
to have a small one so as to get the
idea of the thing. I would suggest,
if this meets with your approval, that
the heads of the various fraternities
and groups on the campus get to-
gether at once. The main things
necessary in putting it over would be;
proper organization, the right pub-
licity, the welcoming spirit, co-op-
eration of the student body, open-
house by the fraternities and clubs to
all the alumni. If it sounds good let's
see some action.

JUST A MINUTE

1. Do you, individually, give the
alumni the glad hand when they re-
turn and show them that you appreci-
ate what they are doing?

2. Do you, individually, go down
and lend your moral support to the
teams out practicing every evening?

You have as much time as they have
and your not half as tired so why not
follow the teams through the week as
well as on Saturdays?

3. Are you, individually, giving the
Frosh a little fellowship, etc? They
are looking rather downhearted, now
is when you ought to help them, you
can razz them later.

4. Are you, individually, getting
into class activities? Or are you just
wintering here?

Just stop for a minute and think
the above questions over. If you
expect to be a representative Al-
fred student, compared to those who
have gone before, you should be able
to answer them all in the affirmative.
So far there has been little evidence
of the Alfred spirit you Frosh have
heard the upperclassmen talk so much
about, but just keep cool, "It won't be
long now."

HONOR SYSTEM

ARTICLE I

The student body of the College of Liberal Arts and the New York State School of Ceramics at Alfred University create an Honor System under which each student by his attendance pledges himself to be just; to be fair; to be honorable in all matters relative to or pertaining to scholarship and conduct at this University.

ARTICLE II

Section 1. The members of the Student Senate shall be a committee to represent the Student Body and deal with all cases involving violation of the Honor System.

ARTICLE III

Section 1. Each student is honor bound to prevent violations. In the case of violation of the Honor System in an examination evidenced by papers on or about a person or by conspicuous open books, or by actions which would indicate cheating, such violation shall be subject to discipline under the Honor System. For work done in the laboratory or at home, the instructor shall define what constitutes breach of the Honor System. Failure to live up to his decision shall be considered a violation. A person detecting a breach of the Honor System shall at once make his displeasure known if possible in some fashion as by shaking his head or speaking to the one whose actions indicate a violation and at his discretion, report the violation to the Senate. Continued violation after the warning or violation for the second time, must be reported to the Senate. The report to the Senate may be made in person or in writing. A report in writing must be signed.

Section 2. The Senate shall have the power to summon the accused persons and witnesses and conduct a formal investigation. Punishment for the first offence shall be determined by the Senate. In the case of a second conviction during the rest of the student's college career, recommendation shall be made to the student by the Senate of his separation from college and, if such separation is not made the Senate shall then make the same recommendation to the faculty with a brief resume of the case.

ARTICLE IV

Section 1. The trial of the accused shall be conducted as follows: Witnesses against the accused shall be examined first and their testimony taken in full. The accused shall be called separately and allowed to make his statement, presenting his defense. All witnesses and the accused may be questioned by members of the committee. A decision shall be made, rendered according to the evidence.

Section 2. Six (6) out of seven (7) votes shall be necessary for conviction.

Section 3. All evidence possible shall be procured in every case and in no event shall a man be tried the second time for the same offense, except in the light of new and important evidence.

ARTICLE V

Section 1. Each student must, in order to make his or her examination or test valid, sign the following pledge: "I pledge my honor that I have neither given nor received aid in this examination," or the declaration: "I do so declare."

Section 2. Members of the faculty shall insist that the above said declaration or pledge be attached to every examination paper. Any examination paper lacking this pledge shall be considered void by the instructor in charge. The instructor must notify any student whose paper lacks the pledge and give the student the opportunity of signing the said pledge.

ARTICLE VI

Section 1. The Student Senate shall keep and preserve a record of all cases acted upon. In no case shall a member of the Student Senate make mention publicly or privately of any case brought before the committee except through action of the committee as a body.

ARTICLE VII

Section 1. Every student is honor bound to aid in enforcing this Constitution.

ARTICLE VIII

Section 1. This Constitution may be amended by a three-fourths (¾) vote of those present at a student body meeting, or a revision may be authorized by a unanimous vote of said student body, and the passage of the revised Constitution shall be secured by a three-fourths (¾) vote of those present. Notice of this meeting shall be given at least one week previous to time of action, by its reading before the student body or by its publication in "Fiat Lux."

ARTICLE IX

Section 1. The committee shall make provision for interpreting the Honor System to the members of the Freshman Class during the first semester of each school year.

Section 2. Copies of this Constitution shall be posted in recitation rooms, on College bulletin boards, and in the Library.

Section 3. The Constitution shall be published three (3) times in the "Fiat Lux,"—the first number of the first semester, the last number before the final examinations of the first and second sem-

REV. WILLIAM CALVIN

WHITFORD, D. D.

Alfred University suffered a great loss by the death of one of its most scholarly and sincere members of the faculty, Professor Whitford. For 33 years he had been connected with the Alfred Theological Seminary teaching Biblical Languages and Literature. He was very interested in his field of work and no man was more devoted to it. Professor Whitford was a life-long teacher and scholar and his death leaves a gap in the faculty which will be very difficult to fill. He loved Alfred and was a friend of all the students. The University will deeply feel the loss of Professor Whitford, both as a member of the faculty and as a friend of the students.

William Calvin Whitford was born January 31, 1865, in Brookfield, N. Y., the son of Calvin Whitford and Emeline (Brch) Whitford, and died Aug. 12, 1925, at the Steuben Sanitarium, Hornell, N. Y.

After graduating from the Brookfield public schools he entered Colgate University. In 1886 he was graduated with the degree of Bachelor of Arts and Phi Beta Kappa honors. While in Colgate Professor Whitford took an ardent interest in athletics and was a member of the Delta Upsilon fraternity. Four years after his graduation from Colgate he was conferred the degree of Master of Arts by the same University. In 1889 he entered Union Theological Seminary, New York City and three years later received the degree in Divinity from the Seminary. He then became pastor of the Seventh Day Baptist church of Berlin, New York, but resigned his pastorate there a few months later in order to accept an appointment as Professor of Biblical Languages and Literature at Alfred University.

In September, 1892 he was married to Miss Jessie L. Briggs of Ashaway, R. I.

Since Professor Whitford came to Alfred he has held various offices connected with the University and Seventh Day Baptist Denomination. For 37 years he was treasurer of the latter organization. He was auditor of Student Activity funds in Alfred; secretary of the faculty of the University; corresponding secretary of the Alumni Association; and chairman of the University committee on Student Loan funds.

Alfred University, in 1907, conferred upon him the honorary degree of Doctor of Divinity.

The funeral service was held at Alfred, Aug. 14, and was conducted by President Davis, assisted by Rev. Edgar D. VanHorn of Alfred Station, N. Y. The body was then taken to the home of his aged mother at Brookfield, N. Y., for a farewell service. Professor Whitford is survived by one brother, Dr. E. E. Whitford of New York City, and his mother of Brookfield, N. Y.

The many friends of Professor Whitford mourn the loss of one who thoroughly believed in the Bible and was a fine example of Christian, manly, and unselfish living.

THE NEW DEAN OF WOMEN

Alfred University welcomed to its faculty a new Dean of Women, Mrs. Degen. Mrs. Degen also fills the position as head of the new department of Religious Education.

For the past year the new Dean has been doing graduate work in the School of Religious Education and Social Service at Boston University. She is undoubtedly well qualified for both of her present offices by reason of both her preparatory work and her worldly experience.

Mrs. Degen's office is located in Room 7 of the Brick. It is her desire to become acquainted with and enjoy the companionship of all the girls at that place.

REMEMBER THIS

That this paper would not be possible unless it were for our advertisers. As a matter of appreciation on the part of the Fiat we would suggest that you note those who are supporting the publication in this manner and patronize them where possible.

CREDIT TO BE GIVEN FOR CHOIR WORK

The college faculty have decided to grant one hour credit each semester to those students who sing in either of the church choirs.

As the choirs devote two hours each week to their work, one hour practice besides the regular service, this seems a very fair thing to do.

With the extra credit as an incentive, some especially fine music should be the result.

SIGMA CHI NU IN NEW HOME

The members of the Sigma Chi Nu Sorority are now located in their new home on North Main St. Their home was formerly the residence of D. H. Rogers.

Both outside and in, the house is one of the most cheerful appearing in Alfred. To say the girls are satisfied would be putting it mildly. They are tickled to death and are planning on introducing it to the college by a big housewarming in a short time.

Mrs. Beulah Ellis, of the English department and an honorary member of the Sorority, is acting as chaperone.

The house is arranged that the whole down stairs can be thrown open for entertaining. Another feature is the Delco lighting system which furnishes them with their own electricity.

AGRICULTURAL REGISTRATION

According to leading reports brighter prospects for the fall attendance at the Agricultural School indicate a large registration of new students. Applications have been pouring in at the office since early summer and unquestionably this will be a marked difference over the past two years.

The class programs have been changed somewhat whereby a student will continue his classes from the usual morning hour right through noon. All laboratory exercises as well as all lectures, will be included in these morning sessions. It has been the general custom to have all laboratory exercises in the afternoon but now the student is expected to do all his work during laboratory periods. In this way it is expected that the student will get a more comprehensive idea of his work. Nevertheless all outside visits in connection with farm management and animal husbandry will be carried out in the afternoons.

CLASS OF 1929 WELCOMED AT THE ANNUAL Y. M. AND Y. W. RECEPTION

The annual reception to welcome the new students was held in Ladies Hall, Sept. 24, at 8:00, under the direction of the Alfred University Christian Associations.

For over thirty years it has been a custom of the Y. W. and Y. M. C. A. to help the freshmen to become acquainted with some of Alfred's most cherished traditions; to encourage them to take part in the spiritual side of college life, and employ the principles of good fellowship in all of their campus activities.

The presidents of the associations addressed the student body, and stressed the importance of college life by showing how it is the time when the student must face problems right here on the campus, and assume responsibility, just as he will be forced to do when he goes out into the wide world.

The program consisted of a piano solo by Mrs. A. B. Seidlin, a reading by Mr. Conroe, a vocal selection by Miss Paul, an address by President Davis, preceded by the welcoming speeches of the "Y" presidents.

TO WHOM IT MAY CONCERN

When you have to deal with an over-organized campus, as we have here at Alfred, an organization has to offer a unique contribution to your college life in order that it live

We believe that we have something to offer you that cannot be duplicated by any organization on the campus. We ask you to use your imagination when we tell you that we offer you adventure along the road of common understanding.

This offer stands good—it is yours for the taking.

The Christian Associations.

Keep an eye on the paper and always feel free to offer suggestions.

Co-operation is the key to success.

CONFERENCE NEWS

ATHLETIC CONFERENCE REPRESENTATIVES TO MEET NEXT MONTH

Season Opens With Many Changes In Rules

A meeting of the New York State Athletic Conference will be held on the Rochester campus sometime in October. No definite date has been set as yet. The meeting has been scheduled for considering problems which may arise in the football season and to make plans for the basketball season.

There is no limitation to the number of games which may be scheduled with conference teams.

Besides the eight colleges already members, Rochester, Niagara, Alfred, R. P. I., Hamilton, Buffalo, Hobart, and Clarkson, it is expected that several more will apply for admission. Any college within the boundaries of New York State is eligible.

There were no conference games Saturday but five of the teams played. The scores:

Alfred 3—Rutgers 19
Hobart 0—Syracuse 32
Niagara 0—N. Y. U. 14
Rochester 6—Amherst 23
Clarkson 0—Univ. Vermont 7

PERSEVERANCE

Perseverance is the mother of many successful discoveries, inventions are industries. There can scarcely be said of our day that nothing is impossible in the way of inventions. Many years ago when specialization in industry had never been dreamed of, newspapers and periodicals were scarce, and the stage coach was the common means of public conveyance.

Highly developed steam and electric roads, the automobile and motor truck seem at approximate, the increased labor capacity of our latest farm machinery. The invention of the telephone, telegraph, wireless and radio, together with our invaluable strides in the realm of medicine and sanitation has almost served our age from the one in which our forefathers lived, and it may be wholly true that the crude psychology of his day would fail if it were to attempt to grasp modern living conditions and the significance of our progress in the individual phases of life. However, is it not reciprocally true that we in modern life very often fail to understand the significance of our common sense philosopher when he tells us to persevere? It seems not unfair to say that we are much like the factory worker who stands all day at one machine riveting eyelets into shoes.

It is sad that the social scale of society and specialization of industry have assigned this man such a monotonous task. But is it not usually sad to think that we are so strongly addicted to specialization? We too often incline to do only that study or take that recreation which appeals most strongly to us or is least repulsive. Let us go in wholeheartedly for all activities and as a reward feel the pleasures of a full and busy life.

SUMMARY OF CONFERENCE RULES AND REGULATIONS

Fall football training not to begin until the third week in September.

Athletes failing to complete scholastic work of term or semester previous cannot compete in interscholastic athletics in his next year at college.

Three years on college team prescribed limit for all players.

One full collegiate year of attendance necessary before playing on Varsity.

Conference teams to play only with teams representing educational institutions.

Any student representing a conference team while not a student in college represented, to be debarred from conference athletics.

No remuneration or pay for service on college team.

No student to compete in outside athletics during college term; outside participation during vacation not to disqualify.

Conference games to be played under student or college management and on grounds owned by or under control of college participating.

No student to play, in conference games unless a bona fide undergraduate doing required work in a regular course.

PROSPECTS ENCOURAGING

Although our football team did not defeat Rutgers last Saturday yet the low score was encouraging. The team seems to have more dash and fight than last year's Varsity. The coach is gaining results from what was considered very mediocre material two weeks ago. There is an especially small squad out for the team but this does not mean anything to be worried over. In fact, to do justice to the players, if there were more men out the coaches would not be able to handle them.

One of the weakest positions so far has been at quarterback. Simpson, a new man from Buffalo, and Qualey re out this week and should strengthen this position.

Of the new linemen, Murray, Andy Miller and Clark are showing up to advantage. Gilman, from Defiance College, Ray Gardner. Fulmer and Grady are alternating on the wing positions.

Capt. Chamberlain is playing center and he is showing an unusual amount of fight and aggressiveness which are making him a most capable leader.

Bliss was injured in the Rutgers game but his injuries are not serious enough to keep him out of the line up.

Lobaugh and Moore are the best bets in the backfield. Both are experienced men and are playing good football. Neither of them were in many games last year due to injuries.

Miller from last year's Frosh team, is playing fullback. He is fast, and can pass and punt. Lewis, a new man from Mansfield Normal is also working in the backfield. Mutino, is another back and with a little more experience, should develop into all-conference material.

Grantiers, from Lafayette, has been trying out with the team the last few nights. He is a triple-threat man and will probably be in the line up against Hobart, Oct. 10th.

With the exception of the Columbia game we feel rather confident that the team will have quite a fine record during their first year in the N. Y. S. A. C.

If you students know of anyone who wants the Fiat this year advise Stearns at once so they will be receiving the first copies.

NEW FRENCH GRAMMAR

Upon returning to school this fall we discovered one of our faculty, Cephas Guillet, Professor of Romance Languages, had arranged a French grammar.

There are several reasons why the book is being lauded by the student body and especially the French students. It seems most practical as to learning the grammar, the price is right, and it is written by one of our own family.

Dr. Guillet has devoted a great deal of time to the publishing of this book, besides the expense. However we feel it has not been in vain.

Next year we will probably find a few mathematics I book on the campus. Prof. Seidlin is experimenting on this year's freshman class. We understand it will be typical of Prof. Seidlin's teaching which will mean the course will become interesting.

MOVIES

The Athletic Association will be in charge of the movies again this year. For the benefit of you freshmen please do not look for Gloria's latest picture, etc. They try to procure the best pictures possible and if you stop to consider their limited finances you will agree that they do very well. Perhaps if we supported them a little more they might be able to show better pictures.

Their first movie this year will be Thursday evening in Firemens Hall. The feature picture is "Madonna of the Streets," the comedy is entitled "The Optimist."

The price is right and besides having a good time yourself you are supporting the Association. Isn't this fair enough?

ALUMNI SONG

Since the morning when Old Alfred called us Freshmen,
With the verdant green upon our youthful brow
Scarce a moment have we deemed as really wasted,
Fondly held in recollections now
Thus we'll love her dearly ever more revering,
Cherishing her precepts staunch and true,
Though others take our places, yet 'tis cheering
That others grow to cherish old A. U.

—Chorus—

Royal purple chaste with golden,
Fling her banner to the sky,
Cheer the flag so proudly floating,
Till the hills shall make reply,
Wave old flag and fly forever,
Lift aloft thy colors true,
Woman queenly, Manhood royal,
Such is life in old A. U.

How she held us up and helped us in our struggles,
When the way was dark, and all the world was blue,
Do you think we could do other, Alma Mater,
Than to pledge allegiance firm and true?
Just the mem'ry of those days of boundless pleasure,
When we sang and dreamed and studied all day long,
Turns us back until we stand before thy altar,
Where men are growing noble, kind and strong.

—Chorus—

A son was born Sept. 27, to Dr. and Mrs. Stanton H. Davis of Plainfield, N. J. Dr. Davis is a son of Pres. Davis, and a member of the class of 1917, Alfred University.

ALMA MATER

Nestled away 'mid the Empire State hills,
'Neath the watch-care of sentinel pines,
Where the murmuring song of the brook hums along,
And a favoring sun ever shines;

In a valley so fair where the forest trees share
Dominion o'er hillside and glen,
Stands the pioneer college of Western New York—
Alfred, the mother of men.

—Chorus—

Hail to thee, Alfred, thou guide of our youth,
Sweet, benign mother, all hail!
Sing on thy anthems of duty and truth;
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood,
And nurtured thro' yearnings and tears,
Her treasure the hearts of brave heroes who stood
Undaunted throughout trying years;

Each stone was a prayer and her battlements there
Have memories of purposes strong,
Staunch daughters and sons are her monument fair,
And they lift up the grateful song.

—Chorus—

Others may boast of prestige and size,
Of numbers and treasure and fame;
But Alfred's pride lies in manhood's clear eyes,
And womanhood's high, stainless name.
Old Alfred, we say; Alfred now and for aye—
Kenyon and Allen and Main,
And the gallant young leader we honor today,
Her honor and power maintain.

—Chorus—

—REV. L. C. RANDOLPH.

! ! ALUMNI ! !

If you have read the paper over you will notice we have printed the schedules, etc., pertaining to the year 1925-26.

Nothing keeps you in touch with the college proper more than your college paper. At least we intend to try and make it a connecting link between you and the college.

You will notice there is a 12 issue subscription listed below for \$1.00. We are making this rate so you may keep up with the football team. You can bet you'll wish you had when the season is over. You can call this old stuff if you wish but we'll bet you the \$1.00 you'll be more than satisfied. However, we want you to take it all year. Another reason we are making the short time subscription is because we feel that you'll like the Fiat this year well enough to continue your subscription.

We sincerely solicit your suggestions and criticisms. Your support in advising us as to alumni happenings will make your sections more complete. We advise you to subscribe at once as we will not be able to replace any past issues.

NOTE:—We will change address if notified two weeks in advance.

GREEK PERSONALS

SIGMA CHI NU NOTES

Sigma Chi Nu Sorority extends a most hearty welcome to all the freshmen. We hope that the girls will come down to see us very often.

Edith Jones hasn't a new job as chauffer—she just drives the chevrolet for pleasure (?)

Shakespeare is lost. If any one sees any signs of him, please let us know.

We have a spook. Who is the playful person?

The Studebaker is again in running order so we hope our electrician will have plenty of time helping us pamper our Delco.

KAPPA PSI UPSILON

Kappa Psi is pleased to announce the pledging of Robert Hughes '28.

Brother Pond '25, has been in town over the week-end. His new concrete mixer is some buggy. Six more payments and it's all his.

Brothers Barone, Hubbard and Spier returned from the concourses of the "Wide, Wide World."

Brother Wagner '28, is not returning this year. Penn State now claims his fidelity.

Brother Strate '25, is back for another year. He is out to be the eighth M. S. in Ceramics.

Brother Keefe '26, is attending the Medical College of the U. of B.

The Fords are gathering; Brother Arnold '26, arrived Sunday night.

Well, another year begins! Here's luck. '29, Kappa Psi bids you welcome.

THETA THETA CHI

It was a happy home-coming for the girls who live in the Red House on the Hill.

Irene Richardson, Charlotte Rose, and Kathryn Sherwood spent the week-end in their respective homes.

Mrs. Frank Lobaugh was a dinner guest at Morgan Hall on Friday evening.

We are glad to welcome Mrs. Lanphere, "Tiny's" mother, who came 'way from Milton, Wisconsin, to be our chaperone.

Esca Payne was entertained Saturday by President and Mrs. Davis at dinner.

Leslie McConnell and Jack Lahr were recent visitors at Theta Theta Chi.

"Miss Varsity" from Connecticut is our new pledge and hitting on all six.

Mr. and Mrs. C. A. Trowbridge were callers at the house, Sunday.

KLAN ALPINE

Klan Alpine welcomes Brother Norman Clark back to the class of 1926, and Brother Marvin Ingoldsby to the class of 1927.

Mother King is with us once more after a busy summer visiting in New York, New Jersey and Illinois.

Brother Gibbs returns from a hectic three weeks spent in the Latin Quarter of Paris, still 44 99-00 per cent pure.

The following brothers have moved into the house this year: Adams, Chamberlain, Close, Coe, Cosman, Eller, Miller, Rockefeller, Rogers, and Taft.

The new sleeping porch as well as the old one is well occupied. Paint and varnish are flying industriously in every room, and competition waxes keen over color schemes and furniture arrangements.

Brothers Cosman, Miller, Moore, Titsworth, Lebohner, and Close report a pleasant afternoon in New Brunswick.

The latest report from Brothers Rogers and Grant, A. U. '25, is that they are leaving Colorado for California on their trans-continental flivver trip.

PI ALPHA PI

A large addition was built on the sorority house, this summer, so that now we can provide for twenty girls. Cliff Button '26, was the contractor, and we certainly feel that he has done a good job.

It gives us great pleasure to announce that Mrs. Cottrell is our chaperone again this year.

Christine Clarke, Lillian Warfield, Letha Kemp and Cora Jackson of the class of '27, and Winifred Lore of the class of '28, are not with us this year, we are sorry to say.

Esther Bowen '25, and Ada Mills '25 were week-end guests at the house. We love to have our alumnae drop in for

Florence Potter, Helen Morgan and Margaret Voorhies, all of '28, spent the week-end at their respective homes.

Speaking of magpies—listen to her sleeping porch.

Beatrice Coleman was in Wellsville over the week-end.

The red flivver is a thing of the past. Friendship is not so far away, though, is it, Esther?

Mrs. Conroe and little daughter Cornelia Marie inspected the Sorority house Saturday.

Poor Hazel. She doesn't care a rap what happens this year.

Dorothy Gibson '27, spent Sunday at her home in Angelica.

Mrs. Whipple was a luncheon guest, Thursday.

DELTA SIGMA PHI

Once again the gang is back for a year of concentrated study and research. Of what, we'd like to know.

"Kinny" Nichols spent the week-end with a friend in Genesee, Pa.

We are glad to have "Art" Tate back with us this year. Tate says nix on U. of Rochester as long as Alfred exists.

Brother Dunbar '25, spent the week-end with us. We expect "Dunny" will drop in quite often this year.

Saturday was the same kind of a day as ever. House to clean but no one around.

Brothers Mutino, Grady, Bliss, Lobaugh, Coots, and Perrone made the trip to Rutgers.

Brothers Hutchins, Lippman and Schlosser journeyed to Syracuse, Saturday to see the Syracuse-Hobart football game.

The Chapter extends its sympathy to the football men who were injured at Rutgers. Lobaugh returned with an injured foot. Bliss with broken ribs, and Perrone with a broken heart.

A new rule goes into effect Oct. 1st, whereby "Skipper" has to walk to Alfred Station on Saturday nights. The other night he was so thrilled with the evening he had spent that he drove home on a flat tire, and didn't know it.

Tate is watching the apples for he's simply waiting patiently for the annual barrel of cider.

Those wierd sounds coming forth from the house last week were caused by Schlosser, and his new saxophone. He played for two days with a reed in "Kokomo" is taking like lessons in Hornell.

S. B. Thing & Co. spared Brother Newell long enough so that he was a visitor at the house Sunday.

ETA PHI GAMMA

Eta Phi Gamma extends a hearty welcome to the incoming "Frosh" class of '29 and believes that it will uphold Alfred Traditions.

Brother "Bill" Bowles is singing "California here I come." He is planning to enter University of Southern California this winter, but expects to pay us a visit in the spring.

Brother Franky Ford is working in a tile plant at Zanesville, Ohio. We will sure miss Franky this year and hope that he will carry out his plans to return next year.

Brothers Arthur Mayer and Baker Vaughn are continuing Dental work in the University of Buffalo. We hope that pulling teeth is not so hard as friends parting.

Brother William Wansor has decided that two toots on a "Sax" and a chord or two on the piano was too much work and is spending the year home at LeRoy.

Brother Hann is continuing music at the University of Rochester. He likes us but he thinks Alfred is too far from Genesee.

Brother Bond, when last heard from, was working in Elizabeth, N. J.

Brother Donald Gardner is teaching Mathematics and Coaching at Canajoharie High School. We sure miss "Don," but we are sure he is doing others the good that we miss.

Brother McConnell paid us a visit lately and is looking fine. He is working with the Carbonundum Company at Niagara. Brother "Mac" promises to see us often for one good reason at least.

Brother Williams has been rather quiet as usual and we have not heard much from him. The last we knew he was drafting for his father.

Brother Jack Lahr is fine and for the same reason as McConnell we will see him often. He is working in Fillmore.

The National Freproofing Company at Brazil, Ind., is getting the good work of Brother George Garnhart. We sure do miss him.

FRESHMEN PERSONAL

Abbate, Charles	Lodi, N. J.

 October 29—Carnegie Tech. at Pittsburgh, Pa.
 October 31—University of Pittsburgh at Pittsburgh, Pa.
 November 7—Colgate at Hamilton
 November 14—Middle Atlantic States at New York City

A very excellent and beautiful new radio set, the "Radiola X" of the American Radio Co., was installed in the home of President Davis last week. It is the gift of Mr. and Mrs. C. Loomis Allen of Stamford, Conn. Mr. Allen was a classmate of Pres. Davis in Alfred, and has for many years been a member of the Board of Trustees.
