

Prohibition Question Confronts American Colleges

Nation-wide Pole Being Conducted

The Prohibition question is the latest excitement on the American college campus. The newly formed National Student Federation moves into the academic scene with a nation-wide student poll on the subject—aided and abetted by the Harvard Crimson and Harvard Liberal Club.

The first college to take the official Student Federation vote was Connecticut Wesleyan University, which "went dry" with the close vote of 180 for 177 against Prohibition. Previously Yale and Cornell took independent polls that registered a decidedly wet sentiment. In the meantime officials, professors, students are hazarding conflicting guesses as to the efficacy of Prohibition.

Carnegie Institute—President Samuel Harden Church denounced the present prohibition enforcement because it brought a myriad of student scoff-laws, because of the effect upon campus morals of employing students to "spy out" evidence against classmates. His testimony precipitated a near riot obliging him publicly to retract his statements that "carrying flasks was a universal custom at college dances."

Yale—Editor of the Yale News testified before the Senate investigating committee that drinking had increased at Yale since prohibition, backing up his statements by pointing out the large majority which had voted yes to the specific question "Do you consider that drinking at Yale has increased since Prohibition."

University of Rochester—a majority of the faculty hold the opinion that drinking at that institution has been decreasing.

University of Chicago—Amos Alonzo Stagg, a popular football coach supports the Volstead Act, professing that the student of the present is much more temperate than the undergraduates of his day.

Columbia University—President Nicholas Murray Butler opposes prohibition; Professor Haven Emerson gives medical, police and other statistics to prove the unqualified success of the Act.

Boston University—"Bunk," is the reply of President Daniel L. Marsh to the charge that college drinking is increasing. "I'm president of a college and I ought to know."

Iowa State University—The Iowa Student resents the implications by metropolitan papers that there is increased drinking at the university.

Stanford University—"The majority of college students do not drink and those who do are negligible"—Dr. David Starr Jordan. (By New Student Service.)

STUDENT SENATE

The name of all applicants for the position of assistant Campus Administrator must be sent to the Student Senate before May 11, 1926.

TO HEAD HARTFORD SCHOOLS

Assistant Professor Goodell of the department of philosophy and education in this college has been appointed superintendent of schools in the town of Hartford, Vermont. Hartford is a town of about five thousand. There are about fifteen schools that will be under Mr. Goodell's jurisdiction.

Dr. Walter H. Wilmot To Locate In Alfred

Highly Recommended

Soon after the announcement of Doctor Ferguson's purpose to remove to Canisteo this fall Doctor Wakeman of Hornell brought Doctor Wilmot to Alfred to look over the situation here. He strongly recommended Doctor Wilmot to Alfred people as a desirable physician to settle here and take up general practice. After considering the matter somewhat Doctor Wilmot decided to locate in Alfred and serve this community. He has been appointed Medical Examiner for men for the University.

Doctor Wilmot has submitted excellent testimonials as to his character, training and success as a physician. Dr. C. Shaw, superintendent of the Central Maine Sanatorium, says: "Dr. Wilmot is a man of excellent character and pleasing personality. I believe he would fit in well in a community such as Alfred. His medical training is all that could be desired." Dr. A. J. Davis of the Nassau County Sanatorium, states: "Dr. A. J. Wilmot has a pleasing personality and is a competent physician. There need be no hesitation in appointing him examiner at the University. I regretted to have Doctor Wilmot leave me but was able to secure for him a much better position in the Department of Health." Mr. R. A. Jewell, chairman for the Board of Trustees of the Tuberculosis Sanatoriums of the State of Maine, writes: "Dr. Wilmot is a man of good character, clean personality and has had good training. I am pleased to recommend him to you." Doctor B. R. Wakeman says of him: "At last I believe I have located a physician of the right type who would suit Alfred community. He is Dr. Walter M. Wilmot who is at present connected with the State Health Department as examiner in chest clinics. He comes very highly recommended and I know he would please the citizens of Alfred."

The Alfred community and the University are fortunate in the decision of Doctor Wilmot to locate in Alfred and we are greatly indebted to Doctor Wakeman for his interest in the matter.

POLL TO BE CONDUCTED IN ASSEMBLY, THURSDAY

The prohibition poll attempted in last week's issue apparently was overlooked by the majority of the students, only about twenty people balloting.

Because of this fact ballots are being printed and will be passed out in assembly, Thursday.

An intelligent vote is requested in so much as it is a national collegiate poll and may produce some interesting and worthwhile information.

The old vote has been discarded so every one is eligible to ballot.

EDUCATIONAL PICTURE TO BE SHOWN IN FIREMANS HALL

Thursday morning at nine o'clock, Prof. Saunders intends to show an educational film distributed by the American Rolling Mill Co. Besides his regular class being in attendance he invites any who are interested. The Armco pictures have always been of an exceptionally interesting nature and a goodly number of students should take advantage of this opportunity.

Radasch and Lewis Present First Volume Of New Chemical Engineering Series

Industrial Stoichiometry

The result of five years of labor and an unlimited amount of thought will be presented to the field of chemical engineering and industrial chemistry, early this month with the publication of the text book "Industrial Stoichiometry," by Dr. W. K. Lewis, head of the department of chemical engineering at Massachusetts Institute of Technology and Arthur H. Radasch, Professor of Ceramic Engineering at Alfred.

The book will be the first volume of the new Chemical Engineering series of text books, which the McGraw-Hill Book Company is starting to publish. The series will produce a new American literature of chemical engineering, embodying the practice and reflecting the progress of that branch of engineering. It will include a series of correlated tests and reference books which shall cover the requirements of both the college course and the practical chemical engineer.

Dr. W. K. Lewis, one of the foremost leaders in the chemical engineering field, has been more than any other, the man who has placed this science on a sound mathematical basis. Professor A. H. Radasch, has been a member of the faculty of Alfred University for five years.

"Industrial Stoichiometry" or Chemical Calculations of Manufacturing Processes, is designed largely for use in technical schools and in industry. Much of the material in the new book has been regularly used here by Prof. Radasch in the Fuels and Combustion classes given for Ceramic Engineers. The test is essentially the solution of a large number of numerical problems selected from various fields of industry.

A copy of the book will be presented to the Carnegie Library.

Fitch Bros. To Play at Prom Thursday Night

We have but two more nights to wait and we shall partake of the greatest festivity of the year, the culmination of social activities, the Annual Junior Prom. Then we shall be entertained as we have often read or dreamed of being entertained.

We shall don our best, whether begged, borrowed or bought; forget the cares of the world as well as ourselves and bask in the grandeur, beauty, and merriment of a Prom to be long remembered.

We shall trip the light fantastic to the enthralling strains of the snappy, melodious Fitch Brothers Orchestra. We shall listen to the Brunswick Panatrop and partake of delicious refreshments.

Gleefully we shall report our numbers and breathlessly await the announcement of the prize winners. With a beaming smile we shall stand shyly by as our fair partners gratefully thank us for the favors.

Forty-eight hours to go; but it is not yet too late, dear friends, for you too to get in on this paramount celebration. Procure a Tux, if you have to steal it, grab a girl, there are lots of them, and trip happily to Academy Hall and share our pleasures with us.

Sophomores Elect Kanakadea Staff

Committee Reports On Moving-Up Plans

Nothing Definite Arranged

Moving-Up Day will be a notable event in Alfred's annual history if the program which the student senate proposes, is adhered to this year and in the future. The program suggested will begin with the assembly period on May 27 and be carried through the afternoon and evening of that day. At an all-college dance in the evening the Freshmen will be given opportunity to entertain the student body with appropriate ceremonials.

As a special inducement to first year students, if such there be, who favor a disorderly program in the evening, the Student Senate has voted to lift all campus rules applying to Freshmen, excepting those under the Department of Campus Administration, providing that the Senate can pronounce the Moving-Up program a credit to Alfred University.

The program here published is open to change and suggestion from all persons interested.

SUGGESTED MOVING-UP DAY PROGRAM THURSDAY, MAY 27

- Assembly program,
- Seating arrangement: Faculty in the side seats at the front of the hall; Juniors in the balcony; Sophomores in the rear of the hall; Freshmen in front of the Sophomores; Seniors, who will march into the building in academic costume after the rest are seated, as on Founders Day, while the lower classes sing "Where Oh Where—," seated in the first four rows in the front of the hall.
- 1. Short introductory speech by the president of the Student Senate.
- 3. Athletic awards by the president of the Athletic Council.
- 3. Announcement of campus officers for 1926-27 by the Secretary of the Student Senate.
- 4. Open to Freshmen class (undecided.)
- 5. Introduction of new president of the student senate and body, by the old president.
- 6. Loyalty Medal Awarding by Phi Psi Omega.
- 7. Procession as on Founder's Day, save the Faculty will not parade. Afternoon (All classes dismissed) Parade; Frosh-Soph flag rush, Odd and Even classwomen Tug of War. Class Picnics. Evening. All-College Dance Ceremonial and entertainment by the Freshmen during the intermission.

Submitted by the Moving-Up Committee.

W. H. Rogers, chairman.

REV. A. P. COMAN ADDRESSES ASSEMBLY

If a person had never climbed Mount Blanc, he would have sensed what it means to take such a trip after he heard the Reverend Mr. A. P. Coman of the Park Methodist Church of Hornell give a description in last Thursday's assembly, of his hike up that mountain. He went with fifty-three students of the University of Michigan.

The Reverend Mr. Coman's description was vivid enough so that doubtless many appreciated the wonders of such a trip, and perhaps some may aspire to Mount Blanc's mighty heights.

Francis Made Editor-in-Chief

The publication of the 1927 Kanakadea has cleared the yearbook stage for the efforts of 1928's staff toward one more "best" Alfred annual, and plans, already afoot, promise originality, excellence, and craftsmanship in next year's book.

Raymond E. Francis, Editor-in-Chief, merits well his position of responsibility in editing one more chapter in the history of Alfred's growth and progress. Naturally inclined to literary and intellectual things, possessing a broadness of vision, a keen sense of responsibility, and a sincere personality, he is admirably fitted to perform the task which lies before him.

Only from one who is capable of an almost unlimited amount of patient and unrequited toil, can fine things come. And Ray, in all his work at Alfred, has shown this winning quality.

If current rumors have foundation, the editorial policy of the 1928 Kanakadea Staff will be a departure from that to which Alfred is accustomed. The element of competition in qualifying for certain staff positions will assume prominence, and appointments will be made with a view toward gradually making the Kanakadea a college publication under the direction and administration of the Junior classes.

Policies which will enter into the making of the 1928 book, according to the Editor, will be the result of long contemplated possibilities, and will serve to bring into play some of the best literary and administrative ability which Alfred affords.

At a Sophomore meeting held at Fireman's Hall on April 22, officers for the 1928 Kanakadea Staff were elected.

Editor-in-Chief, Raymond E. Francis; Business Manager, Ross W. Robbins; Photographer, Revere H. Saunders; Art Editor, Elizabeth W. Selkirk.

The list of staff appointees, not yet complete, includes William G. Collins and Donald F. Pruden, Associate Editors; and Leonard P. Adams, Assistant Business Manager.

Glee Club Sings In Buffalo

Broadcasted Friday From W. S. V. S.

Leaving Alfred by bus last Friday morning, the Glee Club journeyed to Buffalo, where on Friday evening it broadcasted from station W. S. V. S., the Seneca Vocational school and on Saturday evening sang at the banquet of the Alfred Alumni Association of Buffalo at the Hotel Statler.

The boys sang to the microphone Friday evening from 9 to 10:22 o'clock. Reception in Buffalo was reported clear. The full program of the club, without encores was broadcasted.

In the Georgian room of the Hotel Statler the club entertained the largest essemblage of friends and alumni yet gathered for the annual banquet. The Glee Club orchestra furnished music for dancing after the dinner.

The singers and Director R. W. Wingate returned to Alfred Sunday morning, having been entertained at the homes of alumni during their brief stay in Buffalo.

Many Changes Proposed For Student Constitutions

Here are the changes in the several constitutions that the revision committee has drawn up to present to the Student Body for approval.

These changes should be read carefully and discussed by everyone before assembly Thursday, May 6, when they will be brought forward.

The committee has no changes to offer in regard to the Campus Court constitution or the Honor System.

The proposed changes are as follows:

ARTICLE II

1. All Freshmen shall wear the regulation cap or toque throughout the first semester, and during the second semester until Moving-Up Day.

Regulation Freshmen headgear shall be either a cap with a short visor and a large button, or a toque with a short tassel, to be designed with the Freshmen class colors in alternate arrangement. A committee of Sophomores, chosen by the class president, shall select the colors for the incoming sister class, and shall execute all arrangements to insure distribution of the caps and toques when the Freshmen shall matriculate.

3. Freshmen shall neither smoke, nor chew either tobacco or gum, except in private dwellings and Burdick Hall. Alfred University students, including students of N. Y. S. A. and A. H. S., are prohibited from smoking on the campus, as herein defined: etc.

4. All Freshmen and Freshmen Specials shall report for duty when so directed by a notice, posted at least twenty-four hours in advance of the time at which they shall be required to appear, and signed by the Campus Administrator. In the advent of a contingency, the Campus Administrator may be empowered by the President of the Student Senate, to obtain Freshmen labor without formal notice.

7. Freshmen shall be strictly required to observe all the rules of common courtesy, and shall show due respect to University Faculty and Upperclassmen by touching caps, giving preference in entering and leaving buildings, on the tennis courts, etc.

12. All Freshmen shall keep off the grass on the campus west of the Kanakadea, and also on that section of the campus bounded by the Park and University Streets, and the sidewalks leading to Academy Hall.

13. It shall be the special duty of Sophomores to report violations of Campus Rules by the Freshmen to the Student Campus Court, though violations may be reported by members of any class.

14. Moving-Up Day shall be on the last Thursday before Decoration Day, and shall entitle all Freshmen, not affected by either Student Senate or Campus Court decree, to Sophomore privileges.

15. Men of the Freshmen Class who violate such Campus Rules as set forth in Article II, shall be tried and sentenced by the Student Senate or Campus Court, whose members shall execute, or cause to be executed, all decisions rendered by that body.

ARTICLE V

5. Violation of all rules, excepting those set forth in Article II shall be referred to the Student Senate for settlement.

7. The Student Senate and the Student Campus Court shall publish all decisions in the Fiat Lux.

Under the Constitution of the Student's Association, the Committee on Revisions suggests only minor changes necessitated by the progress of time.

They are as follows:

Art. IX Sec I. The Student Association shall be headed and represented by a Senate consisting of SEVEN members, three from the Senior class, two from the Junior class, —one— from each of the two lower classes, and the President of the Women's Student Government—

Art. V. Sec II. Substitute THURSDAY for WEDNESDAY.

Art. V. Sec. II Insert AND TWO FOR THE FRESHMEN CLASS following SOPHOMORE CLASS.

Art. V. Sec. III Substitute THURSDAY for WEDNESDAY.

Art. V. Sec. 5 Strike out PROVIDED EACH HAS A MAJORITY, etc.

Art. V. Sec. 6 and 7. Strike out completely.

Art. V. Sec. 8. Strike out CONSULTING.

Art. V. Sec 3. Substitute FOUR for THREE.

Art. VIII Sec 3. Insert FINAL after SHALL HAVE in first line. Strike out ~~WE~~ SHALL ORGANIZE AND CONDUCT ALL COLLEGE MASS MEETINGS.

ARTICLE XII

Section 1. Remains as it is.

Section 2. An index of 0.5 must be maintained in order to hold any office upon the campus.

Section 3. All teams, organizations and groups, recognized as existing up on this campus, shall be conducted in accordance with the following eligibility rules:

At the beginning of the functioning periods of these said bodies, the faculty advisors or executive heads shall submit to the Student Senate a list of those in whom they are interested. The senate shall obtain their indices for the first preceding official index and notify the responsible parties of any who may not be eligible according to section 2 above and any other rules in force at that time. At the request of the afore mentioned parties, the Senate shall ask the Dean to obtain the current indices of those previously found to be ineligible and to determine if they are then eligible. All ineligibles found to be eligible shall be allowed to continue in that organization until that time when they shall again be found to be ineligible. All those found to be ineligible shall not be permitted to represent that organization during the time in which they remain so.

Section 4. The activities in which anyone may engage during ANY ONE TIME shall be limited to 15 units, subject to such requirements as are otherwise stated.

Section 5. In order to insure that the Merit System shall not work injustice to anyone, the president of the Student Senate and the president of the Athletic Council shall sit with a faculty committee, to be known as the Merit System Scale Committee.

The scale is typed and posted on the bulletin board in the Post Office. We were not able to publish it owing to lack of space.

DELTA SIG WINS CUP BY DEFEATING WANDERING GREEKS 14-11

The Wandering Greeks, winners of the second half of the intramural season lost in the finals last Thursday night to the Delta Sigma Phi fraternity by the score 14-11. As the score would indicate the teams were evenly matched. Although the Greeks were always behind, yet they offered a constant threat to the winners. The score at half time was 10-7, both teams getting four points in the last half. Either team could easily have won the game on fouls had they been sufficiently accurate.

Frank Goble and Allan Nellis handled the game in a very efficient manner.

Tiny Lanphere was the big shot for the winners, getting several baskets besides playing a fine defensive game. Hutchins rung the loop with a telling effect. Stewart, forward on the Greeks, played well and scored the majority of points for his team.

The Delta Sigs hold possession of the new cup until the winner next year is decided.

Lineup:

Delta Sigs. (14)	Wand. Greeks (11)
R. F. Hutchings	Stewart
L. F. Moffat	Fenner
	Perrone
C. Lanphere	Grantier
R. G. Mutino	Gardner
L. G. Bliss	Lewis
	Boyce

Edwin Zebrowski has been confined in the Bethesda Hospital, Hornell for the past two weeks. Latest reports have it that he is recovering nicely and will be back on the campus next week.

At the University of Kansas two political parties hold conventions and spend between four and five hundred dollars a piece to get student government candidates elected. Well it can be done that way, but there are other ways if there are co-eds.

The Plebes Prom at Carnegie Tech was a great success, the Frosh vieing with each one another to produce the most original and most clownish costume. The thirty best were exempted from the necessity of observing Freshmen Regulation. Competition was obligatory, and absentees will be punished as soon as a fitting punishment is decided upon.

The senior class of Rutgers University voted to take out endowment of life insurance to the amount of \$30,000, which will revert to the institution upon maturity. They are the fifth class to adopt the plan, which has been favored and subscribed to by 80 per cent of the members of the four previous classes.

In Japan, the telephone number "eight" is considered the luckiest number. It costs the subscriber who holds this number, \$500 a year. Another lucky number is "357" Numbers "422" and "49" are said to be unlucky and are usually assigned to the police station.

A Chicago girl has suggested that students at Northwestern University wear blinders similar to those worn by horses, in order to prevent sidelong glances during written examinations. Excellent suggestion! And why not equip each professor with a pair of spurs? —Windmill

Each fraternity taking part in an interfraternity track meet at the UNIVERSITY OF SOUTHERN CALIFORNIA competed for a sorority, each team wearing the colors of the sorority which it represented. It is reported that all existing track records came very close to being shattered. The example is worthy of emulation.

EDISON ON COLLEGE EDUCATION

Thomas A. Edison, in his seventy-ninth year, has taken to sleeping more and eating less. He sleeps as much as five to six hours a day, although for a period he cut this down to four hours. He, therefore, has only about eighteen hours a day for work. His diet, according to an interview published in Popular Science Monthly, brings the cost of living down very low.

Although his weight is 186 pounds without variation, the inventor eats at all meals the following combination: A piece of toast, one and one-half glasses of milk, a tablespoon of cooked oats and a sardine. He observes this menu for weeks at a time, and then will change it slightly.

"What is your present view of college education?" he was asked.

"Impracticable."

He was asked whether in his judgment, man has progressed mentally in the last 5,000 years.

"Yes. The number of men in every nation, per capita, who are honest, humane, and slightly intelligent is increasing. The number is a measure of our civilization. The Lord appears to be in no hurry."—Grove City Collegian.

DATE SET FOR FIAT LUX BANQUET

May 13th has been set as the date for the banquet. This is perhaps the first of its kind ever to be given on the campus. A capable caterer has been engaged and the committee is arranging a fitting program following the dinner.

Besides the staff members, guests have been invited which will bring the number in attendance to approximately thirty-five.

"DICTATORSHIP BY THE LEARNER"

GEORGE BERNARD SHAW

As far as I can gather, if the students in the American Universities do not organize their own education, they will not get any. The professors are overworked schoolmasters, underpaid, and deprived of all liberty of speech and conscience. From them nothing can be expected. The governing bodies are under the thumbs of the plutocrats who pay the piper and call the tune. Englishmen who become professors in the American Universities rush back to England to enjoy the comparative freedom and enlightenment of Oxford, Cambridge, and London, though these might have been thought unapproachable in their efficiency as extirpaters of the human mind. Secondary education as imposed by college dons will wreck civilization: in fact it has already almost done so. The remedy is co-operative organization by the consumers: that is, by the students. If the American baker could give his customers what he liked instead of what they liked, American bread would be as bad as American University education. In forming Intellectual Soviets, and establishing the Dictatorship of the Learner, the American students may save their country if it is capable of being saved. If not, they will at least learn something, and perhaps teach something, in the ecstasy of demolition.

(From the Fourth Anniversary of the New Student, reviewing 4 years of writing on student problems, by students and other officers.)

While the discussion of proposed changes in various campus constitutions is going on we wish to stress one of the proposed reforms.

The one in question proposes, in effect, that all decisions of the Senate and the Campus Court should be published in the Fiat. As these organizations are representative bodies, it is only proper that the students as a whole be kept in contact with them. In the case of the Campus Court especially publishing would make the decision doubly effective.

One of the main purposes of this paper is to keep the campus informed of student affairs. Would not the publishing of these decisions help immensely?

A noted psychologist once said something to the effect that we are not self-starters, but that we must have external stimuli to set our intellect into action.

Mr. Begel tells us that we may be looking at a thing and not actually see it. Dr. Campbell explains that we do not see it because we are not conscious of it, then Dr. Guillet comes along and says that we misinterpret things in this so-called consciousness of ours.

Today we hear more and more often the word "social religion." It holds our attention. We like the connotative power of "social." According to one interpretation it means, "of, pertaining to society, especially human society, or a social organism." That definition appeals to me. I hope it does to you. It has vast possibilities.

To me there are three kinds of people: automans, who are the type that inevitably react to mob psychology; and those who have the power to see because they are conscious of the thing they see, and who interpret what they are conscious of in terms of the whole range of human knowledge. The third type is the intermediate, one which is getting away from the thralldom of the first, but which has not yet attained to the wisdom of the second.

You and I belong to that type. Yes, we do. We still can be hood-winked into most anything by an appeal to our emotions, and we haven't yet learned the niceties of fine distinction. We are not able to adjudge relative values on their own merit. "Social religion" is merely a label to us.

But we are on the right track. Here we are getting an education. This will give us knowledge. The question remains, however, whether we, as individuals, have the ability within ourselves to organize this knowledge which we are accumulating. If we do, we will get the real significance of a "social religion" which embraces the whole of the social organism, and we will also then also become conscious of, and will see in its horrible bestiality, the brute War.

"Human brotherhood!" Empty words now. Should we not aspire to make hem vital?

I want to express my opinion of the Chapel talks of the past week. It is such stimuli we need to arouse us from our lethargy.

—A Freshman.

STAFF ELECTION TOMORROW NIGHT

The annual election for next year's staff will be held in Kenyon hall, Wednesday night. Cards have been mailed to those who are eligible to vote. The new editor and his staff take over the paper, the May 20 issue. Any student wishing to add his or her name to the reportorial department should hand it to the editor before the meeting. It is not essential that you should have done any work previous to the election. To become

an associate editor the student should have served as reporter for the term of one year. The editor and managing editor are generally taken from the associates.

While there is little remuneration for the work, yet the general improvement in the paper is arousing interest among the student body and making the work a worthwhile activity. You don't have to be a genius, although we would like to unearth a few, but just have a little common sense and nerve.

SANITATION AND HYGIENE CLASS VISITS CRAIG COLONY

First hand information as to the State's methods of caring for epileptics was given to the class in Sanitation and Hygiene when they visited Craig's Colony at Sonyea last Saturday under the leadership of Mr. H. W. Begel.

About thirty-five students enjoyed a pleasant and instructive tour. Its main purpose was to show the students how the State sanitoriums treat people who because of disease, hereditary or contracted, have become mentally defective.

HEAD OF WASHINGTON COLLEGE PRAISES ETA MU ALPHA BOOK

In a recent letter addressed to college officials, Paul E. Titsworth, president of Washington College, Chestertown, Maryland, former dean of Alfred College highly commended the Eta Mu Alpha Fraternity for its work in putting out its number of the university publications. He said that the idea of giving prospective students a glimpse of campus life before they chose a college is a good one. Washington College is planning to advertise in a similar way, he stated.

CAMPUS COURT ELECTS OFFICERS FOR COMING YEAR

The new judge and junior examiners take over the Campus Court at tonight's meeting. This is in keeping with the constitution of the body.

Daniel Caruso was elected judge for the coming year. Dan has the support of the court and on the strength of his past record he no doubt will further the success of the new campus power. Ross Robbins and George Bliss was elected junior examiners with Joseph Clavelle as alternate. The jurors hold their positions until the first session in the fall.

Paul Babcock, retiring judge, has filled his position most capably and has been instrumental in the initial achievements of the body.

Sport Melange by "X"

Well the Intra Mural Championship is decided and the team representing the Delta Sigma Phi won from the Wandering Greeks by the close score of 14 to 11. It was a hard fought game and the winner was not sure of the game until the whistle blew.

Word has been received that Carl Sundahl, the holder of the local Interscholastic mile record and also a star half miler, is going to be here for the Junior Prom. Sundahl has been clocked at 2:2/5 and 1:59-4/5 in the half which is sure stepping 'em off.

There are also several other High School stars in different branches of sport going to be here for the big occasion on next Thursday "nite."

Lets show 'em all a good time. "Will yu' huh?"

Did you know that the first track meet is next Saturday? Wel it is and this is the way that Mr. "X" has it doped. Alfred wins the half, the mile, the pole vault, the discuss, the hurdles. Rochester wins the 440, the high jump, the broad jump, the javelin. The remaining events are not yet to be decided—namely; the dashes, the shot put, the two mile. Is "X" right?

The track is very near completion at the time of this writing and probably will be all completed when this is printed. Lets bow in a word of thanks.

Are you all set for the "Big Wrasel" Thursday?

Woodward says he hopes for more than 300 entrants in the meet a week from Wednesday. The smaller schools are droppng out because of the competition. It seems that we should have it in classes of A and B next year. The meet is getting big enough to do that.

Glad to see that some one is interested in tennis. More courts wouldn't hurt us any do you think?

Which reminds me—it is about time the entries are in for the outdoor tourney isn't it?

By "dope" we should go hot in the spring athletic season.

By "stuff" we should go hot in the spring athletic season.

By "pep" we will get beat every meet this year. Don't you students know that we have a track team. Well lets go down to a few of their "workouts" and sort of cheer 'em up. They are working hard to put this school of ours on the map, let's help 'em.

Fredericks is proving to be the "find" of the track season this year. The boy is good. Lets pray for more men like him.

Tiny Lampherd is showing good form in the weights so far. If he could get all his push in at the right time he could "heave" the shot "about a mile."

We have a bunch of good men out this year that are new in this years competition. I can't name all of them but McMann is going "great guns" in the sprints.

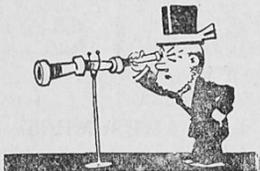

I think thats about enough for this week don't you. At any rate I'll be back next week.

Station "X" signing off. Stand by for next Tuesday.

LE CERCLE FRANCAIS

The program which was scheduled for April 26, will be presented by the French Club, Monday, May 10. Besides the two short one-act plays several more have been added.

Everyone is invited to attend, the club does not confine its activity to French students but includes those who are also interested in the language.

The celebrated German physicist, Einstein, will join the faculty of the California Institute of Technology this coming autumn.

First Track Meet Scheduled Saturday

TRACK TEAM MEETS ROCHESTER IN DUAL MEET, SATURDAY

The first real test of the varsity track men will come this Saturday. The usual wet season and lack of a suitable track have been a severe handicap so it is useless to attempt to prophecy.

Rochester did not appear so well in a triangle meet against Hamilton and Union last Saturday so even though a defeat is probable, yet it can not be crushing.

Doc is optimistic to the extent of saying the Alfred team will not be stale. About sixteen men will make the trip.

If Captain Herrick's men have the spirit that is typical of Alfred track and cross country teams in the past we venture to wager it will be a close meet with Alfred a little to the good.

Delta Sigs Entertain With Banquet and Dance at Spring Party

Members of the Alpha Zeta Chapter of the Delta Sigma Phi entertained their guests, Saturday night, May 1 at the Jackson Sanitorium in Dansville. The background was truly novel as a scene of an Alfred social event and proved a delightful experience. There were nearly one hundred present.

Members and guests arrived at the Resort around four thirty o'clock and explored the grounds until shortly after five thirty when a banquet supper was served in the main dining room. The regular orchestra played dinner music and after the demitasse there were a few minutes of dancing in the dining room.

The dancers then went to the ballroom on the second floor and enjoyed a program of sixteen dances by Fitch's orchestra. It was 11:30 when the orchestra sang, "And we won't be with you very long," and the people reluctantly started back over the miles to Alfred. Everyone voted it a wonderful party—"the best yet."

MACARDLES ENTERTAIN AT TEA

A tea was given by Professor and Mrs. MacArdle for the members of the Theta Kappa Nu and their friends last Tuesday afternoon, April 27. The affair had that air of informality about it that guarantees success to any social function.

Professor and Mrs. MacArdle proved their completeness as ideal host and hostess and their guests, numbered between thirty and forty, enjoyed a delightful afternoon.

THE GREATEST PLEASURE

Oh, I was taken by surprise,
And gifted with the fruits of earth;
I o'ped my sleepy, sluggish eyes,
And found my love, of matchless worth.

Unconsciously, I traveled through
A maze of cold experience;
Emerging under skies of blue,
Having, in God, my confidence.

I struggled hard for Wisdom's goal,
And thought that it would never come;

When suddenly, within my soul,
I realized the prize was won.

These pleasures came without a hint,
Their approach was undetected;
That pleasure has most pleasure in it,
Which is the least expected.

F. B.

No Trespassing

On a farm in Georgia is posted this sign: "Trespasser's will be persecuted to the full extent of 2 mean mongral dorgs which ain't never been ovarly soshibil wth strangers and I dubbel barelt shotgun which ain't loaded with no softy pillers. Dam, if I ain't tired of this hel raisin on my proputy."

Modern child (saying prayers): O Lord, make me a better girl, 'coes I want to see how it feels. EVE.

Farmer (reading letter from son at college)—I'm a quarterback of the football squad now.

Mother—Send him two bits to get out of debt, Pa.

Look papa, Abie's cold is cured and we still got left a box of cough drops. Oy, vot extravagance. Tell Hoiman to go out and get his feet vet.

Mrs.—Does your daughter trust in God?

Mrs.—She must—judging from the company she keeps.

OVER THE BACK FENCE

What's the idea of George wearing an apple on his coat lapel instead of a flower?

Sh-sh Ben, he's in love with the doctor's wife.

"Have any of your childhood hopes been realized?"

"Yes. When mother used to comb my hair, I wished that I didn't have any."—Sandspur.

Art Stude: "I have absolutely nothing to wear."

Freshman: "Well, put it on and let's go."

Penn State Froth says that Salome was the first person to show the relation of gauze to effect.

Mr. Saunders—Now, Mr. Gorham, what do you know about nitrates?

Mr. Gorham—Why,er- they are cheaper than day-rates.

"Her niece is rather good looking, eh?"

"Don't say 'Knees is,' say 'Knees are'"

"Abie, your shirt tail iss out."
"Out Vere iss i tout?"
"Out vere the vest begins."

Anxious Father to nurse): Boy or girl?

Nurse: Both.

HER ERROR

He had spoken to her on the street and she was properly insulted.

"I don't know you from Adam!"
"You ought," he retorted mildly
"I'm dressed different."

"I told Tom that the average woman's clothing only weighs eight ounces."

"And what did he say?"

"He thought it was a shame they had to wear such heavy shoes."—The Tiger
