

## ALFRED TAKES FIRST IN "LITTLE TEN" TRACK MEET

### Gains Championship of Conference

#### Alfred Amasses 67 1-2 Points and Establishes Six Records

Doc Ferguson's track men set the pace for a following of six colleges in capturing the "Little Ten" Conference Track Championship by the overwhelming tally of 67½ points at Hamilton College last Saturday. Favored to win, Alfred rose to expectations in leading Hamilton, her nearest rival, by 19 points. The sweeping victory honors Alfred as the first annual New York State Inter-Collegiate Athletic Conference Track Meet Champion, and shows the extraordinary development of that sport at Alfred, in comparison with other colleges ranking equally, and better in size.

#### Not Hard Pressed

The Purple and Gold were at no time seriously pressed, but piled up their comfortable margin of points by taking five first places, and tied for another in the high jump. Alfred took the three first places in the pole vault, and the first two in the high jump and the half mile.

Gibbs was the individual high scorer of the meet, with two ties for firsts, in the high hurdles and the high jump, and a second place in the low hurdles, for a total of 13 points. Herrick tied with Keller of St. Lawrence for second honors, with first places in the mile and half mile.

#### Place in Most Events

Alfred's all-around team was an easy winner, placing in every event but the javelin throw, and showing most strength in the track events. Hamilton following Alfred with 48½ points, led in field events, and nosed Rochester out of second place by a scant lead of two and a half points. Alfred, Hamilton, and Rochester were the three colleges outstanding at the Conference, though the latter two schools had tallies of 19 and 21½ points less than Alfred.

Doc Ferguson and Coach Heers accompanied Alfred's 18 entrants to Clinton, where the meet was held. The men who competed were: Herrick, Gibbs, Lyon, Nellis, Boulton, Brown, Getz, Kelley, Lampman, Stuart, Klingner, Nichols, Fredericks, McMahon, Tate, Zingali, and Lanphere.

In both the mile and half mile, Herrick clipped off winning time for firsts in an easy style, running almost without effort. Gibbs of Alfred, and Cutler of Hamilton, ran an exciting race in the high hurdles which ended in a blanket finish at the tape, and Gibbs and Fredericks, both of Alfred, shared honors for first in the high jump. In a speedy sprint for the low hurdles, Gibbs ran a determined race, but tagged Jenks of Rochester in to the finish a close second. Brown ran a good race in the half-mile when he took second to Herrick.

Capt. Lyon, Nellis, and Kelley took three firsts in the pole vault, and Stuart covered 21 feet 1-4 inches to win the broad jump. Tate heaved the shot for third place, and the discus for fifth. McMahon captured fourth in both the 100 and 220 yard dashes, and Lampman carried off a fifth in the 440.

With Suttle running as anchor man, Rochester bested all comers in a brilliant win in the mile relay, in which the purple and gold team took fifth place. In the two-mile run, Bell, running for St. Bonaventure, and a mem-

## HERRICK RECEIVES LOYALTY MEDAL

The Loyalty Medal, the highest honor which the students of Alfred can bestow, has been awarded to Hollis F. Herrick as the member of the class of '26 who has done the most for his Alma Mater during the four years of his college career. It was presented by the Phi Psi Omega honorary fraternity.

Herrick has left behind him a notable and enviable record. He has become nationally known for his athletic prowess. A fast cross country runner, a mainstay of the track team and a member of his class basketball teams, he has established a reputation as one of Alfred's most noted athletes.

He was elected captain of cross country for two successive years. He holds various records on several cross country courses and the Middle Atlantic States mile Championship. Outside of athletics, he has also served his University. He has been a member of the Student Senate, of the Varsity "A" Club and of the Athletic Council. Besides being a member of the Klan Alpine fraternity, he was elected to Phi Psi Omega honorary fraternity, open only to men of high scholastic standing, impressive character and well developed personality.

## FUTURE PROFESSIONALS

Next Fall Alfred University will be represented in several of the foremost Medical and Dental Schools of the Country. The following list of students is an open example of Alfred's complete success in preparing earnest young men and women for future professional work.

Dorothy Larrison is registered at the Woman's Hospital of Philadelphia. George Koerber will continue his studies in the Columbia Medical School.

Ed. Coats will go to the Cornell Medical School.

Lester Spier will attend classes either at Syracuse or Buffalo Medical.

Ed. Zebrowski will take a combined professional course at Columbia Dental.

Jess Goldberg will be a student at the Long Island Medical School.

Feroze Husain will probably attend Buffalo Medical.

Mr. Begel, Instructor in the Biology Department will leave Alfred in order to continue his medical studies at Cornell.

## ROBERT BOYCE ELECTED SENIOR PRESIDENT

Robert E. Boyce was elected president of the next year's senior class Tuesday evening, winning by a small margin over his nearest competitors, Richard Clair and Edward K. Lebohr. Boyce was editor-in-chief of the Fiat Lux during the past year.

Other officers elected are: Vice-president, Ruth D. Bull; treasurer, Raymond C. Fulmer; secretary, Katherine B. Keller; sergeant-at-arms, Donald E. Stearns.

## Tug-o'-War a Soaking Success

### THREE-LEGGED RACES WIN APPROVAL

Alfred's water hydrants may seem peaceful and harmless to the casual observer who did not witness the Spring Day sport program. Ask any student or faculty member who was present, if the mere turn of a hydrant wrench may not be the butt of a cool and refreshing scramble.

First on the program of afternoon sports was the Frosh-Soph tug o' war. Both sides lined up. The rope was taut. Over the white rag marking the center whizzed the heavy jet from the fire hose. Go! The Frosh went and the Sophs followed, after their end of the rope was untied from a tree. The first man over the line conscientiously took a ducking; then the Sophs suddenly attacked the men at the hose. It broke loose. Water, water was everywhere, and plenty to

drink, merely by trying to watch the fracas with an open mouth. Yes, even some of the faculty who were too deeply interested got soaked. The on-lookers who were once pressing close in on the contestants quickly rushed for the trees, and hid behind cars that the wild water, which did not distinguish between Frosh and others might not quench their dryness.

Almost as much interest was aroused by the three legged races, the next event. That practice makes perfect, was shown by the neat team work that characterized the winning couples. Mutino and Cripps starred for the men, winning flashy neckties. Adelaide Vores and Rhoda Stearns did as much for the girls.

Two fast tennis matches closed the program for the afternoon.

## The Vocational Bureau Performs Service

### SENIORS GET JOBS

The newly established Vocational Bureau has done admirable work in securing positions for many of the Seniors, thereby saving them the cost of an employment agency. The Vocational Committee, of which Dr. G. W. Campbell is the head, would appreciate notification of any vacant positions available for college students.

The following list of seniors and their situations for next year is not complete. The next issue of the Fiat Lux will publish the remainder of the names. Seniors who have secured positions in other lines of work will confer a favor by giving the details to the editor before the last number is published.

Herbert B. Arnold—Principal of Findlay Park School, N. Y.

Mary E. Babcock—Graduate Work in Wellsley.

Joyce M. Baldwin—Drawing and Design in Waverly, N. Y.

## The Class of '26 Reviews Its Career

### INTERESTING PAST

Four years ago the members of the Class of 1926 came to Alfred as Freshmen. Now they are ready to leave as Alumni. Their short stay has left its impress on Alfred University, for each year this progressive class has been active in campus affairs.

The present seniors entered in an era of mystery. Burning houses were but the larger aspect of a dark atmosphere of dread. The new class soon showed its fine basketball ability and a freshman team played the Varsity team of the previous year and beat it decisively. The Varsity team except for Captain Don Gardner, was made up entirely of Frosh that year, including Herm Chamberlain, "Loby," Paul Babcock, and F. Peterson. The class also contributed good material to a successful football team.

The members of '26 exhibited their footlight talent by winning the decision in the Frosh-Soph plays. It showed the "old fight" by its defense of the Black Knight, in aid of its sister class, in one of the most famous battles of class tradition.

Thus the first year of the class of 1926 was a busy one. But its most conspicuous contribution to its Alma Mater was its constructive moving-up night program. It exerted its energies toward advertising Alfred University, by placing mile posts at specified distances on main roads.

The class of '26 started off its Sophomore year with a class picnic. It's second year was a process of getting settled. It was no more new and exciting. Continued on page three

## Everyone Enjoys "Spring Day"

### Novel Program

"Move-Up" for the Class of '29 was symbolic and sentimental. The ceremonies, which were held last Thursday, were attended by the dignity that should properly accompany an occasion designed to solemnize a move-up for the entire college.

An old student might well have been reminded of "Founders' Day," as the students lined up outside the assembly hall, waiting for the faculty in academic costume to lead the procession in to assembly.

Reviewing all the accomplishments of the year, the president of the Student Senate laid special emphasis on the new "Move-Up" program.

"A big step and a final one for the year," he said "is this new program which is a great improvement over the preceding. We hope that you will all feel that you have 'moved-up,' other classes as well as the Freshman Class."

Symbolic of the status of the Senior, the "Cane" was presented to the incoming senior president, Robert Boyce by the retiring president, Herbert Woodward.

### Sweaters Awarded

Further to lend dignity to the proceedings, President Moore of the Athletic Association gave out the Athletic Awards to:—Walter Gibbs, Frederick Coats, Allan Nellis, Patrick Perrone, Harold Boulton, Edward Coats, Lester Quaily, Lee Cottrell, Dean Fredericks, Arthur Foti, Jack Tillim, Raymond Witter, Neal Welch, Lester Spier, Hollis Herrick, Anthony Mutino, Robert Brown, Wilbur Getz, Herbert Woodward, Chester Lyon, Kenneth Nichols, Andrew Miller, Richard Taft, Harold McGraw, Edgerton Ladd, Edward Lebohrner, Paul Kelly.

Urging cooperation on the part of the student body in support of the campus court, Donald Stearns, introduced as the new president of the Student Senate Spoke. He closed the morning program with appreciation of his new responsibility.

### English Prizes Awarded

For excellence in English the Burdette B. Brown Prizes of ten dollars were awarded to Hazel LeFever, Irene Mackey, Eleanor Prentice, Margaret Prentice, and Hope Young.

### Cross Country Trophy

As a surprise to the student body, the "Dr. Russel S. Ferguson Cross Country Trophy" was presented.

It was donated to the student body by Sanford S. Cole, the first captain of an Alfred cross country team, as an expression of appreciation and respect for the man who through his willing efforts, helped place Alfred University so far ahead in cross country.

### Block Party

Thursday night, May 27, the full moon should have had a surprised look on its face as it peeked over Pine Hill at a truly novel sight—Japanese lanterns were strung profusely over the Post Office block—A band played on an elevated stand, and there was laughter and talking, and dancing. Such, in brief was the grand finale to the new Moving-Up Day program.

### NO FIAT LUX NEXT WEEK

In order to allow the staff an opportunity to think of other things, and to keep the number of issues at thirty, no Fiat Lux will be published until Commencement week. All loose ends will be taken care of in the last—the Commencement issue.

## TREATMENT OF FRESHMEN

We razz the "Frosh," we rake him over the coals, we admonish him for slamming the door in the countenance of our dearly beloved one, we complain of the upperclassmen doing "frosh" work; we howl because the Frosh don't doff their caps as good Oriental slaves would; we suggest warming other parts of his anatomy for smoking; we have numerous penalties for walking on the grass, for not carrying matches, for not being able to sing the Alma Mater, for not going to Assembly, for being "high hat," for being undignified, and for wearing white knickers, and varied-colored socks and neckties. And this is just the start to a long line of "Thou shalt nots."

Next year more regulations will be in force, such as immortalizing parts of our campus from the desecrating feet of the incoming "Frosh." There is no reason for refusing any decent privilege to a respectable student.

The days of the slave-driver are over, except in a few of our colleges. The days of fear are passing and in place of fear is the general respect for those who are kind to us and inspire us by good example rather than by dictation and the old-fashioned schoolmaster's rod.

The "Frosh" as a rule obeyed regulations better than ever before; the "Frosh" performed a large percent of the manual labor required by managers and others. They have done well and we owe them thanks.

Every Freshman holds the doors for college girls and upperclassmen. How many of us ever exert ourselves to the common decency of saying "Thank you Bill?" They expect a kind word, but it is lowered to a subservient recognition from our mighty souls which have been elevated to a loftiness that compels them to look up and say "Will I be that way when I am an upperclassman?"

How many of us say, "The Frosh were treated as pigs and pups at the N. S. P.?" Or do we say, "You ought to see what we got when we were Frosh?"

"My freshman year was the best of the four," says the Senior. But he does not say, "The impositions were the source of happiness."

Many tendencies seem to drive the "Frosh" to new lowliness. Some wished to forbid the chewing of gum on the campus. What sane person would condemn a co-ed for chewing gum after an onion dinner when a young man is to call. The time has come when we should tolerate and educate rather than outlaw and suppress.

The "Frosh" cap shows a new student to me whom I wish to befriend and make to love Alfred; he is the one who in the future will make us say, "Yes sir, I was graduated from Alfred, and there's no better place on earth." He is the one who will make or break Alfred in the future. Let us give him all we can; let us make him feel that he has the best Alfred can give him and deserves it until his conduct proves other wise. That sort of treatment appeals to MEN.

## OUR FINALS

Student optimists are not very numerous this week, and it is because of this growing pessimistic attitude toward exams that the following advice is being repeated.

Exams are not necessarily the real measure of an individual's ability. If you have worked faithfully, and have done your best throughout the year, take this timely advice—shelve the exam worry.

Professors are human beings. How they remain so is another question. Yet even the most callous of professors, if such there be, will never knowingly eliminate the human factor of grading your final efforts.

Nevertheless, since exams are to be taken the following advice is not amiss. Answer, thoughtfully as much of the exam as you can, but when cornered for an answer make use of the old standby—ordinary common sense.

## CONGRATULATIONS TO THE FRESHMEN

Moving-Up Day was unique in many ways, the most outstanding of which was the total lack of criticism. Everybody had a good standing of which was the total lack of criticism. Everybody had a good time and everybody praised. Even the innocent bystanders who received a wetting refused to get angry.

The Freshmen have won undying praise for themselves and have set up a high mark for the class of 1930 to better. As ex-president Chester Lyon said, "This Moving-Up program is one of the many new and constructive practices instituted this year at Alfred."

Spring Day bids fair to run Home-Coming Day a merry chase for first honors.

It would be a fine idea, we feel for the Athletic Association to award sweaters to our letter athletes who left after the press of the mid-semester exams. Such a token of appreciation might have the effect of bringing some good material here next fall.

## ANSWER THE QUESTIONS

Are you among the fortunate twenty-five who filled in and returned the Fiat Lux questionnaire last week. Some excellent criticism and advice came in. The results thus far show quality but not quantity. Better dig down in the waste basket and resurrect the sheet. We don't mind if it is wrinkled.

The time is fast approaching when the alumni who were 3 point students will return to tell us not to study as hard as they did; and the one-time near "bust-outs" will advise us of their awful mistake in passing up a "magna cum laude."

## STUDENT OPINION

### A BETTER ALFRED

What educational influences have the students of Alfred been subject to during the year besides the text book? Just two: athletic events and plays, and the plays were far too few in number.

What educational influences might the students be subject to during the school year? Many! Why not have a symphony orchestra to give a concert or two, play at an assembly period and between acts for the Footlight Club Plays. There is all sorts of talent in school, why not give credit for orchestra work as well as for choir work?

Why not devote an assembly period to the Glee Club now and then?

Why not organize a girl's Glee Club?

Why not give an assembly period to different organizations, such as the Y. M. C. A. or Y. W. C. A.? Let the organizations put on stunts that will start the students thinking about them. Many students do not realize that there are such things as the Y. M. C. A. and Y. W. C. A. in Alfred.

Why not import a real artist now and then for an evening's entertainment, Werrenrath, Schumann Heink, a group of Shakespeare players?

Why not allow the Footlight Club to give more plays? Why not a minstrel show? Why not numerous entertainments that help to broaden the mind?

A large part of a college education is that obtained from extra curricula functions. It seems to me that the University has laid such emphasis upon the attainment of high indices that too much has been sacrificed to it. The reason why more boys were not out for Frosh football was because they were afraid they would go down in their marks. It is the participation in extra curricula affairs that develop leaders. Let's have a bit of encouragement from the faculty and start some new ideas in the school and, incidentally, start a little school spirit.

Can all these things be brought about in Alfred? Assuredly yes! We are not different from other schools in that respect. If it is possible in other schools of this size, why not here? It can be made possible here in this way: one or two faculty members who would talk it up a bit could organize a girl's Glee Club, a symphony orchestra and help greatly in the production of plays. If the University would add three dollars per year per student to the college bill it would supply funds enough to bring some of the world's renowned artists here for recitals. We each spend more than that sum of money on cheap amusements that are of no educational value; why not get the most for our money? A committee representing both students and faculty could be responsible for the entertainment to be given.

Let's think about it for next year!  
*A Student.*

### A REAL OPPORTUNITY

We are all familiar with the various co-operative organizations in the outside world. Their growth and success, both financial and moral, is due to a great extent, if not entirely, to the unselfish, organized spirit of co-operation which exists amongst its members. If this spirit of universal co-operation brings about happiness and a better understanding between individuals in the outside world, why not use it to create the same feeling of happiness and success in our own College?

How much finer it would be, both to yourself and your College to bury your petty dislikes, and adopt as an alternative a real, open minded spirit of co-operation.

You as an individual may not always know of the heartaches, or seldom hear the low voice of the dissatisfied. Yet they both exist here on our Campus, and they will continue to exist until we all—the student body and the faculty join hands in the co-operative movement.

**HONOR SYSTEM ARTICLE I**

The student body of the College of Liberal Arts and the New York State School of Ceramics at Alfred University create an Honor System under which each student by his attendance pledges himself to be just; to be fair; to be honorable in all matters relative to or pertaining to scholarship and conduct at this University.

**ARTICLE II**

Section 1. The members of the Student Senate shall be a committee to represent the Student Body and deal with all cases involving violation of the Honor System.

**ARTICLE III**

Section 1. Each student is honor bound to prevent violations. In the case of violation of the Honor System in an examination evidenced by papers on or about a person or by conspicuous open books, or by actions which would indicate cheating, such violation shall be subject to discipline under the Honor System. For work done in the laboratory or at home, the instructor shall define what constitutes breach of the Honor System. Failure to live up to his decision shall be considered a violation. A person detecting a breach of the Honor System shall at once make his displeasure known if possible in some fashion as by shaking his head or speaking to the one whose actions indicate a violation and at his discretion, report the violation to the Senate. Continued violation after the warning or violation for the second time, must be reported to the Senate. The report to the Senate may be made in person or in writing. A report in writing must be signed.

Section 2. The Senate shall have the power to summon the accused persons and witnesses and conduct a formal investigation. Punishment for the first offence shall be determined by the Senate. In the case of a second conviction during the rest of the student's college career, recommendation shall be made to the student by the Senate of his separation from college and, if such separation is not made the Senate shall then make the same recommendation to the faculty with a brief resume of the case.

**ARTICLE IV**

Section 1. The trial of the accused shall be conducted as follows: Witnesses against the accused shall be examined first and their testimony taken in full. The accused shall be called separately and allowed to make his statement, presenting his defense. All witnesses and the accused may be questioned by members of the committee. A decision shall be made, rendered according to the evidence.

Section 2. Six (6) out of seven (7) votes shall be necessary for conviction.

Section 3. All evidence possible shall be procured in every case and in no event shall a man be tried the second time for the same offense, except in the light of new and important evidence.

**ARTICLE V**

Section 1. Each student must, in order to make his or her examination or test valid, sign the following pledge: "I pledge my honor that I have neither given nor received aid in this examination," or the declaration: "I do so declare."

Section 2. Members of the faculty shall insist that the above said declaration or pledge be attached to every examination paper. Any examination paper lacking this pledge shall be considered void by the instructor in charge. The instructor must notify any student whose paper lacks the pledge and give the student the opportunity of signing the said pledge.

**ARTICLE VI**

Section 1. The Student Senate shall keep and preserve a record of all cases acted upon. In no case shall a member of the Student Senate make mention publicly or privately of any case brought before the committee except through action of the committee as a body.

**ARTICLE VII**

Section 1. Every student is honor bound to aid in enforcing this Constitution.

**ARTICLE VIII**

Section 1. This Constitution may be amended by a three-fourths (¾) vote of those present at a student body meeting, or a revision may be authorized by a unanimous vote of said student body, and the passage of the revised Constitution shall be secured by a three-fourths (¾) vote of those present. Notice of this meeting shall be given at least one week previous to time of action, by its reading before the student body or by its publication in "Fiat Lux."

**ARTICLE IX**

Section 1. The committee shall make provision for interpreting the Honor System to the members of the Freshman Class during the first semester of each school year.

Section 2. Copies of this Constitution shall be posted in recitation rooms, on College bulletin boards, and in the Library.

Section 3. The Constitution shall be published three (3) times in the "Fiat Lux,"—the first number of the first semester, the last number before the final examinations of the first and second semesters.

citing. Though it did nothing unique or extraordinary in this year it showed its true metal in every undertaking. The girl's interest was directed toward the building up of a girls Varsity basketball squad, but their dream was not realized.

During the Junior year the attention of the entire class was centered on the production of "The Better Book" edition of the Kanakadea. The result was worthy of the name. This year, too, the class conceived the idea of Varsity Welcome Day. The plans, however, were not carried out to completion until the Senior year. That year an assembly period was given over to welcoming the new-comers, and the donning of the Frosh cap was done ceremoniously.

This, their last year which is so nearly finished is marked by a unique feature—the Senior Ball. This was by far the "pepiest" dance of the year and will, it is hoped, be an annual affair. The painting of the athletic score board was another constructive feature of the year.

The final gift which will ever be "In Memoriam" to this class is yet unknown to the public, but it surely will be a fitting token of the appreciation for its Alma Mater, that the Class of 1926 has shown continually throughout its four brief years.

**18th. INTERSCHOLASTIC FINANCIAL SUCCESS**

The following report compiled by manager H. W. Woodward show a small profit. Due to small gate receipts and fewer contestants the income was considerably reduced from former years.

It is planned to divide the meet next year into two classes which it is thought, will greatly increase the number of contestants and the number of spectators, since the smaller schools are at present greatly outclassed.

**Spring Interscholastic Meet**

Expenses were as follows:	
Cups and medals .....	\$157 92
Meals .....	200 75
Lodging .....	52 50
Printing .....	175 40
Operating and equipment...	83 53
Insurance .....	57 00

Total Expenses..... \$724 10

**Income was as follows:**

Gate receipts .....	\$636 00
Sale of Programs .....	70 80
Advertising .....	67 50

Total Income .....

\$774 30  
The net gain of \$50.20 is deposited in the Interscholastic Fund which is used as a cushion fund for poor years and also as in the past two years for the support of our infant Interscholastic Cross-Country Run.

**Fall Interscholastic Meet**

The expenses of the 1925 meet cover 62 contestants representing 7 schools. This year 15 more medals were added to the prize list which increased the expenses by 30%.

The entire expense was supported by the Interscholastic Fund which is a fund built up from gains of past meets. In as much as there was a football game and a varsity x-country run on the same day as the Interscholastic Meet, all the gate receipts went to the Athletic Association.

The expenses were as follows:	
Printed matter .....	\$ 31 50
Cups and medals .....	56 20
Meals .....	32 85
Lodging .....	17 00
Operating .....	1 80

## Sport Melange by "X"

Well the Tennis team is among those that won over Bonney. They did not have much trouble, winning all but one match. The score was 5-1.

The brand of tennis that Wu showed us, proved that he is a real player. He had the Bonney man always at his mercy.

A return match with Bonney is to be played tomorrow.

Not satisfied with one win in a week the track team took the victor's honors in the opening of the new N. Y., "Little Big Ten."

It was nice to see three Alfred men tie for first in the Pole Vault. The crowd gave them a hand too.

Fact is that we only lose two men by graduation. These boys however, will be missed. They totaled 14 points in this meet. They are Herrick and Lyon.

These trips are an awful grind on a man, they say. All you folks that think the boys have a good time, listen to this. Leave Alfred at seven in the morning. Arrive at Utica at five in the evening. Sleep all your spare time. Participate in the Track meet. Leave for Alfred as soon as the meet is over. Get home at four in the morning to find that you have no mail.

We have one more meet this year. AT HOME TOO. Bonny is going to be here this Friday.

Lets do what captain Lyon said in assembly and go down to the field this weeeek. Cheer 'em on; its no fun for them.

It is the last meet for Cap't. Lyon and Herrick. Lets give them a good send off by appearing strong on Friday.

## ALFRED TAKES FIRST IN "LITTLE TEN"

Continued from page one.  
ber of the United States Olympic Team at Paris last year, carried off the laurels, with Ladd and Boulton of Alfred placing third and fourth, respectively.

Winning the N. Y. S. I. C. A. track championship, makes Alfred the holder of conference records in six events, in addition to the general title. While the records may not stand for many more meets, they are a tangible evidence of the all-around team of winning quality which Doc Ferguson has coached for Alfred, and since the team loses only 14 points by graduation, it has good chances for repeating its victory next year.

The meet represented the first official track competition for the N. Y. S. I. A. C., and considering its initial success, the Conference shows excellent prospects for rapid growth in importance. Efficient direction by competent officials has done much in making the "Little Ten" Conference organization, and its first track meet, an unqualified success from any angle. Hobart, Buffalo, and Clarkson Tech members of the conference were not represented at the meet.

## TRACK TEAM MEETS BONNIE ON FRIDAY

On Friday, June 4, the college Track Team will meet St. Bonaventure in its final engagement of the season. St. Bonaventure comes here with a sturdy group of runners who are filled with the spirit of rivalry which has even been the essence of keen competition between the Fathers and Alfred. When final score of the meet is announced a fair conception of the leaders in sports between the two institutions may be formed.

This is the last opportunity the college has to see its championship team in action. With the final thrust at the tape there comes to a close the spectacular career of Alfred's most famous track star, Hollis Herrick, as well as the closing of the most successful Track season in the history of Alfred. With such splendid victories in our previous meets nothing but a clean sweep of victories is expected. Nevertheless it must be remembered that "Bonnie" has saved its best in high hopes that she will surprise her traditional rivals. It is hardly necessary in view of the fame of Alfred's team to ask the whole hearted support and attendance of the entire college.

## ALFRED BEATS ST. BONA IN TENNIS

Alfred opened its intercollegiate tennis sport with a victory over St. Bonaventure here last Wednesday. Nellis and his racket artists were in the fight every minute until it looked like a sure victory for Alfred and then let up to take the meet 5 to 1.

Every man from Alfred won his letter. Each won his single or was paired in a winning double team.

Wright was the spectacular member of the visiting team. He opposed Wu in the singles which turned out to be the best match of the day. Wright, who is the only freshman at Bona, started like a flash. But Wu playing his smooth consistant game, soon became the master. Illig was at the mercy of Nellis most of the time. In the doubles Nellis and Wu again turned back Wright and Illig in a hard three set series. Wright made several spectacular plays. Wu appeared tired by his hard match before but Nellis showed plenty of pep. Call and Ferris easily defeated Schindwein and Cotter in doubles but Cotter bested Call in the singles. Prentice and Ally took the series from Ruthvent and Lennon.

## Results:

### Singles—

Wu (A) defeated Wright (St. B.); 6-4, 6-1.

Nellis (A) defeated Illig (St. B.); 6-3, 6-3.

Cotter (St. B.) defeated Call (A); 6-4, 6-4.

### Doubles—
