Students Vote to Continue Work of Policy Committee

The work of the Student Policy Committee this year has been consistent with the tradition of the organization. Several important matters concerning the paper have been tackled, and the Student Body as a whole is to be congratulated on the progress made.

One significant step taken by the committee was the decision to continue the publication of the Student Policy Committee newsletter. This move was made after careful consideration of the benefits it would bring to the organization.

The committee also took action on several other fronts, including the selection of new officers, the organization of events, and the coordination of efforts with other student organizations.

Members of the committee are to be commended for their dedication and hard work. The organization has made significant strides this year, and it is hoped that this momentum will continue into the future.

The Student Policy Committee is a vital part of the student body at Alfred College, and its work is essential to the success of the organization.

As the system now functions, we don’t know too much about acts, as it is, of course, the natural thing for others, to entertain us by the kind of social and ethical teaching that interested themselves. But the occasional good might, by the way, be found to be a thing of the past.

One o'clock Sunday morning found the Fairmont Hotel, which named Miss Roana Bass of Hornell, N. Y., as the new Chi pledges have said, has brought us a new campaign.
