The climax of the banner was noted with the flying of the flag over the campus in front of the college offices. The flag pole was entirely dedicated by Mrs. Ada Becker Seidlin, professor of piano, as the last minute resolve of several of the fairer sex to take advantage of the fast operating leap year is evidenced by the numerous engagements and marriages which have occurred.

In order to keep up with the world of today Alfred should not let old fashioned methods such as this for women to smoke" fall away.

"Why is it any worse for women to smoke than it is for men?"

The answer is, "It isn't."

Main objection to smoking seems to be that of right or wrong. I believe it would be a good idea to take a vote of the women on the campus and find what they think of the matter.

There are many more reasons that might be mentioned but I believe the major ones have been set forth. I wish that the college authorities and the students would express their opinions on this subject in the next term.

Sincerely,

A CO-ED.
