MANY ALFREDIANS ATTEND CHICAGO CERAMIC MEETING

The thirty-first annual meeting of the American Ceramic Society was held in Chicago during the week of Feb. 9. It was a general meeting for all branches of ceramic work in which present day methods and problems of the industry were discussed. The latest mechanical devices for increasing efficiency in ceramics and samples of the newest products were exhibited.

The Ceramic Society of Alfred was represented at this meeting by both professors and students who contributed papers and presented posters, as well as attending the social events. The following papers, contributed by Alfredians, were read: "Search and Research" and "The Study of Hobbies," by W. G. Collins; "The Action of Fluecin in High Temperature Insulation," by Professors Westenholz and Fosdick; "The Relation between Temperature and Expansion Curves," by C. J. Williams; "On the 'Gypsy Vase'" by W. G. Collins; Norman Stolte as student representative.

In the evening of the second day, Mr. W. S. G., meeting, 5 p.m.

ALFRED TO HAVE COLLEGE PASTOR FOR COMING YEAR

The president and trustees have for many years needed a college pastor now, and with definite plans for next year under way, it is quite certain that the position will be established.

In addition to his regular duties, the college pastor will undertake the direction of the religious activities of the college. This is a position which has been vacant since the Rev. Dr. A. C. and W. C. A. This office will fall under the direction of President Davis. Mr. R. C. Campbell who has been on the staff of the Union Church at Alfred was actively presented.

Local Chapter Of Scalp and Blade Is Organized

The Scalp and Blade Fraternity, a national fraternity composed of college men who are graduates of Buffalo high schools, has been formed at Alfred. Although the local chapter has been approved and chartered no officers have been elected. The call for the first chapter will be to take its place alongside the large chapters at Michigan, Cornell and other large universities.

At present, the Alfred membership includes John Call, James Mulroy, E. W. Sommer, John Thompson, EdArm, Frederick S. Proctor and Franklin R. Dauten of the university, and Robert W. Quinlan of the agricultural school.
