

FLORENCE PLOETZ CHOSEN PRESIDENT OF W. S. G. OPEN FORUM HELD FOR DISCUSSION OF RULES WITH DEAN

Other Representatives Are Elected In Marathon Meeting

Florence Ploetz was elected President of the Women's Student Government at a meeting held in Kenyon Hall, Tuesday, April 30th. Ruth Potter was chosen representative from Theta Theta Chi, Corrine Adams from Sigma Chi Nu, and Margrieta Coit from Pi Alpha Pi. Marcella Gamble was chosen as outside representative while Helen Hammond, Annette Clifford, and Ruth Mitchell were chosen as Brick representatives.

The meeting was conducted by President Mary Rogers. Several changes in rules were brought up, and arguments arising from these were the cause of asking Dean Degen to give her view-point to the girls. It was decided to set closing hours for late permissions at the uniform hour of 12:15. Evening driving was discussed and its jurisdiction placed in the hands of the faculty. If the ruling is passed by that body, evening driving will be allowed Seniors only next year.

The subject of women's smoking was taken up and many points were given both for and against it. This served to clear the air somewhat for action in the future, if it is found necessary. This ruling also was taken over by the faculty, and in the future is to be enforced by that body.

Alfred Alumnus Wins Scholarship At M. I. T.

Because of excellence in his work, Donald E. Stearns, who is attending Massachusetts Institute of Technology on a six month's scholarship, has received a second scholarship for the same length of time. He is studying Constructive Engineering and plans to take a two year's course at the school. "Don" was graduated from Alfred with the class of '27, is a member of Theta Kappa Nu fraternity, and received the Loyalty Medal.

Presentation Of "Sun Up" Proves Marked Success

The Wee Playhouse, whose productions have not appeared on the local boards for about a year, scored a distinct success on the evening of May 1st, in their presentation of the three-act play "Sun-Up." This drama of Lula Vollmer's, constitutes the most ambitious undertaking as yet attempted by the organization.

The play, the scene of which is laid among the "poor whites" in the mountains of North Carolina, is one exceedingly difficult of proper interpretation owing to the necessity laid upon the actors of thinking themselves back into the most primitive of conditions and into a society possessing, it is true, its own virile standards of righteousness, but also distinguished for its un-

PRESIDENT DAVIS OUTLINES NEW PLAN

President Boothe C. Davis, commenting upon the report of the Committee on Educational Policy which was read at last week's assembly, brought out the fact that Alfred University is keeping pace with American Educational progress thru proposed changes in college curricula. Definite plans have been made for the installation in September, of two survey courses besides the institution of an Oxford system of education which will give the adept student a chance for use of initiative, self reliance and individual progress.

The faculty, thru the report of the committee, defines the purpose of a college as one to stimulate the student to the fullest development of his personality by faithful contact with the

Fredericks Wins Four Events Olander, Getz, Klinger Triumph

The famous "Bill" Navin's long-standing college 440 record fell last Saturday under a barrage of 11 first, eight second, and two third places when the Purple Varsity tracksters smothered Hamilton at Clinton by an 86 to 45 score. Steele furnished the feature of the day by setting a new mark of 52 2-5 seconds in the quarter mile run, while Fredericks' weight, speed, and strength garnered 23 points in both the field and track events.

The Purple took off to a slow start in the dashes, scoring only a second in the century and a whitewashing in the 220 yard event. The quarter mile race was fast with Steele breaking the tape in a whirlwind finish. Boulton and Zschiegner loitered about the track in the half mile and were only faintly disturbed by Grubb's fastest efforts. Getz and Boulton easily maintained their winning stride in the distance races, placing first and second respectively in both of them.

Fredericks and Hulse broke into the scoring column in the hurdles only after strong opposition from Ford and DeSormo of Hamilton. Fredericks starred again with victories in the shot put, broad jump, and high jump, while Olander was tossing the discus and javelin for two more first places.

Klinger, as usual, found little opposition in the pole vault and was forced to vault only five time for an easy win in his specialty. The relay team, composed of Feldman, MacFadden, Steele, and Zschiegner, was never headed and took the last event on the program in easy style.

Summary:

100-yard dash—Won by Ford, Hamilton; second, Field, Alfred; third, Dutcher, Hamilton. Time—10 3-10 seconds.

220-yard dash—Won by Ford, Hamilton; Frazee, Hamilton, second; Continued on page four

S. L. C. Ratifies New Permission Plan

At a recent meeting of the Student Life Committee a policy was formulated to allow fraternities to have entertaining privileges once a month if they desire, with the arrangement of details left with the Dean of Women.

At this meeting it was also decided that nominations for next year's members to the Student Life Committee would be made in Assembly this Thursday.

Martha Biehle, Vice-President Of N. S. F. of A. Visits Alfred

Alfred was honored by a short visit from Miss Martha Biehle, executive secretary of N. S. F. of A. on Tuesday, May 7th, at which time Pi Sigma Gamma entertained her at a tea held at Morgan Hall. Miss Biehle holds the office of Vice-President of the N. S. F. of A. as well as chairmanship of the committee of Foreign Relations and Travel of 1929. Executive travel and interest in her position have distinguished Miss Biehle as one of the foremost women in the field of student movement. She has conducted a conclusive investigation of student government in women's colleges and her belief that this institution is the best means of collegiate discipline has encouraged her in formulating ideas on

the machinery, scope, and jurisdiction of the organization.

Miss Biehle's mission here in Alfred was to talk over with some of the outstanding students on the campus, the conditions here, and to get their ideas and opinions of this new national student movement. Her idea was to become acquainted with the ideals and aims of Alfred and find out where we need help in our present system and how our ideas might help other colleges in their student problems. It is quite possible that a woman of such distinction and experience would offer some suggestions and hints which would very conveniently be incorporated in Alfred's present system to make it more workable and comprehensive.

The Prospectus

This issue of the Fiat Lux marks the entrance into office of the new managing board, upon whom devolves the task of guiding the paper successfully through the seventeenth year of its printing. This is a duty fraught with danger,—the hazards of mistakes in judgment, of financial embarrassment, of bias and petty jealousy, of injustice. The new staff fully realize the importance of avoiding these pitfalls that will undoubtedly open up throughout the year, and they undertake their responsibilities with the resolve to face matters squarely, to think clearly, and to be uninfluenced in judgment and policy.

The outgoing board is to be congratulated upon its reorganization of the staff into an efficient body that will require but little changing as the years pass. This fact lends a hopeful aspect to the progress of next year's Fiat, for the inheritance of a good organization will enable the managing board to direct more attention to the perfecting of finer details, and to development of a paper as good from the literary as it is from the business standpoint. The future holds many hopes, the realization of which may or may not come within the year.

However, the staff has pledged its best to the Fiat,—it aims to make time, to mould undergraduate opinion in the right direction. So when next spring approaches, and this board has completed its work on the Fiat Lux, we shall indeed be satisfied if it can be said of us, "They never lost sight of the mile because of the inch in front of them."

New Courses

The action of the faculty in combining certain specific subjects into a general survey course, and in offering honor courses to those who have proven themselves worthy, is a move significant of progress on the campus. In this the day of modern efficiency several of the prescribed courses have been found to contain a great deal of irrelevant material which, while it makes the study more conclusive, does not provide the practical knowledge needed after graduation. The new subjects planned will give a useful over-view of the entire field of study without incurring unnecessary waste of time. This note of advance in Alfred should put it on a par with some of the more progressive colleges of its size.

The Right Spirit

It has been said this year that there is a great revival of college spirit, the loss of which has been bemoaned publicly and privately in the past. Students have had more of the pep and "go" that proves such a spur to the loyal athlete, cheerleaders have been busy, and the band has not been idle. Football, crosscountry, basketball, and wrestling seasons were marked with hearty student cooperation from the sidelines—then followed a few weeks of comparative quiet in which to catch one's breath, and conserve lung power for the spring contests.

Now these spring contests are upon us—and the results of the year's training are showing up in the work of our track stars and would-be stars. Are we backing up these men whose consistent devotion to their sport places them on the list of Alfred's truest?

How many people gave Getz the glad hand when he brought back the National 3,000 yard steeplechase championship? How many showed Boulton that they admired his grit in doing the work of two men in the Penn Relays better than most could have done the work of one? Who congratulated Olander for winning two events at the Hamilton meet, or praised Frederick's for staging a come-back of three firsts—the high scorer of the team?

Maybe you did—but there are a good many who could have that didn't. A word doesn't cost anything, but it means a lot. Get in back of these athletes, and push with appreciation!

Women's Student Government

The open discussion for and against proposed new rules in the W. S. G. meeting a week ago, seems a forward step in the right direction. This honest exchange of ideas is the only means of arriving at a fair conclusion, supported by the willingness to admit opposite views and to arbitrate. The reticence displayed by many in not expressing their feelings is a thing to be expected in the forum, which was really something of an experiment in that regard; however, those who were willing to declare their beliefs are to be praised for their candor—it is hoped that in future meetings others will be willing to follow their example and thus help to clear the atmosphere for a correct solution. Inasmuch as those who spoke did so with the firm backing of others who felt the same, personal exceptions should not be taken in any case, otherwise the purpose of the investigation is defeated at the start.

When college students are given credit for the maturity their parents saw in them at the time they sent them away to college; when more rules are considered from the standpoint of their practicability; when the difficulties of the administration are considered in their true weight; when Alfred's situation is compared with that of other colleges in order to profit by their example, and when overestimation and exaggeration are reduced to a minimum—then will come a satisfying answer.

Stand off and look at the question clear-eyed and unbiased, then draw your own conclusions and be willing to support them.

 Between the friend-filled rows;

VARSAITY TO MEET ROCHESTER HERE

The Alfred Varsity Track Team, after successfully opening its season by defeating Hamilton at Clinton last Saturday, is greedily awaiting the advent of the Rochester meet which is to be held on Merrill Field Friday afternoon. This meet is the only one scheduled on the home track for this season and should be an exceptional attraction.

Coach Heers is looking forward to his aggregation, in this meet, to put across another victory as decisive as that of the meet just past. Fredericks, Captain Klinger, Getz, Boulton, Newlands, Hulse, Feldman, and Wilson will make their final appearance in varsity uniform before a home crowd.

Steele, Zschiegner, Gaizio, Mac Fadden, Laine, Bassett, Olander, Flint, Brown, Maroney and Staiman men who will form the nucleus of the Saxton team next year will be there, stepping off their stuff to prove their ability to take up the running shoes of those that are leaving.

Rochester has been enjoying the stinging blast of old man winter's final stand and the University team has been handicapped in outdoor work. Reports from the Flower City carry the story that the team will be given a hard work out this week in order to stab the long run of track prestige which Alfred has held. The Saxons will be on hand Friday to continue on their reign of triumph. All they want in return is the support, the interest, and the cheers of the student body.

FROSH—SMETHPORT CLASH WILL TRY RIVALS' PROWESS

If the most recent victory of the Frosh be viewed as an established precedent, they should have very little difficulty in continuing their winning stride, notwithstanding the fact that Smethport High boasts of one of its strongest aggregations in years. The dual meet is to start at one o'clock on Friday afternoon at Merrill Field. It will consist of the regular outdoor events including the javelin and discus, two events which are certain to aid in the Frosh scoring column. With individuals weekly adding higher scores to the credit, and the half-mile relay team increasing its winning distances, a conclusive victory is anticipated.

many sided universe." The new curricula will seek to give wide contact with the fields of opportunity."

In addition to his discussion on the committee's report, President Davis spent several minutes speaking of a recent book called "Undergraduates." A hasty resume of the book included phases of fraternity life, campus problems, honor systems, pledging plans and faculty opinions on vital inter collegiate questions. In a reference to honor systems, Dr. Davis took time to say that he believed implicitly in honor system despite the unfavorable comment which is often heard. He emphasized the fact that the faculty, taking the student body at its word, was undoubtedly rewarded by student honor. A plea was also made that fraternities and sororities make definite plans for good libraries, containing select and worth while books.

According to Kenneth L. Roberts, writing for the Saturday Evening Post, the tradition of co-ed unpopularity at Cornell is largely a myth. He reveals that Cornell girls are about as attractive and popular as any other young things encountered at centers of beauty and youth.

Competition Will Be Great In Interscholastic Events

According to the speed and numbers of the entries coming into the Interscholastic office for the annual Interscholastic Track and Field Meet, the event should this year exceed all previous meets as far as size and quality of the competition is concerned. Manager Al Voorhies and his staff of assistants have been busy in the past week sending out entree blanks and arranging the events.

As the list stands now, about 400 men are expected to visit Alfred on May 17th, for the meet, and more will undoubtedly sign up before the date arrives.

Fourth Fiat Lux Banquet Held At The Sherwood

The Fiat Lux staff held its fourth annual banquet at the Hotel Sherwood on May 2nd. The guests were Prof. Beulah N. Ellis, Prof. E. A. Heers, Mr. Roy D. Waid, Mr. J. Enfield Leach, and Mr. De Forest W. Truman.

H. Warner Waid as Toastmaster welcomed the new staff and gave a brief resume of the history of the Fiat Lux. He then introduced Coach Heers who gave some helpful suggestions in regard to enlarging the Fiat next year. Ernest W. Clement, James Sadler, and Kenneth Smith, also spoke of their desire that the Fiat should prosper.

Mr. De Forest W. Truman was presented with an honorary Fiat Lux key, in behalf of the many things he has done to help the paper.

Harriette J. Mills addressed the staff, expressing the hope that a six page issue will be possible next year. Mr. Roy D. Waid brought the banquet to a close with a speech on "Breaking into the Editorial Room."

youth who is something of a philosopher and prophet. In his interpretation of the Stranger, Professor Charles Harder chose, quite effectively one feels, to emphasize both the weaker and the better elements in the very complex nature of that much harassed young man. Coach E. A. Heers found in the Sheriff a part apparently much to his liking and threw himself into the action with enthusiasm. The lighter and more comic parts of Pap Todd, the drunkard; Bud, his weak-minded son; and the Preacher who "likes his drop of spirits in case of sickness", were well upheld by Professors Fraser, Rusby, and Champlin respectively. Their rustic humor found an appreciative audience.

The cast as a whole coordinated in their action with sympathy and mutual understanding. The few faults of the presentation, such as were to be observed by the dramatic connoisseurs of the audience, were those in the main that seem to attend all amateur productions.

The scene-painting and stage-setting generally, the work of Professor Harder and Miss Ruth Whitford, were excellent, and manifested a close study of matters of detail that would have done credit to a professional school. The highest praise is due Director Pawley and her assistant Miss Hazel Humphreys for their skillful coaching and managing of the play, as well as to the committee on play-production for their intelligent selection of the cast.

FROSH TRACKSTERS DEFEAT HORNELL

The Frosh tracksters at Merrill field last Friday, demonstrated a conclusive superiority over Hornell High School by the score of 78-44. The yearlings carried Alfred's colors to victory through the combined strength of fleet-footedness on the track and vastly improved power in the field events. Due to cold, blustery weather and a muddy track, the time of events was somewhat slower than would be anticipated. Ken Robinson continued in the capacity of individual high scorer with a total of 17½ points by capturing the century dash, the 220 dash, the 12 lb. shot-put and scoring a third place in the javelin, to say nothing of his excellent finish in the half mile relay. Incidentally, this latter event was won by the Frosh quartet consisting of Graham, Chubb, Aginsky and Robinson by a ten yard margin. The noticeable improvement in field events materially strengthens the Frosh aggregation and points the way to hopes for a decidedly successful season.

Alfred's tracksters sure brought the proverbial bacon back from Clinton. Frederick's gleaned the high honors in the meet by taking four firsts and a second, Klinger come thru with a first and two seconds. The Seniors on the team scored a total of 56 points. Things look cloudy for the future.

Steele in the 440 yard dash, crawled over the cinders and broke the college record in that event.

Next week-end the Varsity meet Rochester here and the student body will have a chance to show the team that there is spirit backing them. There is nothing more discouraging to a runner than to glance in the stand and see a few scattered knots of faithful backers when the entire student body should and could be there. The student body has been accused of lacking spirit, and they strongly protest that it is a falsehood. If every mother's son and daughter in this university pack into the stands Friday afternoon, it will be an open sign to the whole wide world that the Alfred student body HAS spirit.

OPINIONS
"— ONLY THROUGH THE OPEN AND UNHAMPERED CLASH OF CONTRARY OPINIONS CAN TRUTH BE FOUND. —" Glenn Frank

From the various statements heard on the campus it is evident that the opinion on the Honor System, in the last issue of the Fiat has been misconstrued. The author wishes to correct the impression.

From what the writer has seen and heard, from reliable sources, the condition exists as outlined. In the article individuals and groups are considered not the student body as a whole. However if the matter seems to have been pointed out in too forceful a manner, one must realize that it is easier to overcome a mole-hill than a mountain.

The writer has in mind the welfare of "Alfred University" rather than the advancement of a few individuals or groups.

COLLEGE OFFICE OFFERS INTERESTING STATISTICS

Interesting statistics, recently released by Registrar Waldo A. Titsworth, show an improvement in the general index of the college over that of last year. The senior class leads the classes in scholarship while the fraternity groups have a higher general index than the non-fraternity group. In comparing the indices by years of the classes from that of '28, through the present Freshman class, there is a steady decrease of indices.

The average indice for the entire college is announced at 1.20. The fraternity and sorority members hold a mark of 1.32, while the non-member group rate at 1.18, for the first semester.

Klan Alpine leads the fraternities with a mark of 1.31. Kappa Psi Upsilon is second with 1.23; Delta Sigma Phi, third, 1.15; and Theta Kappa Nu, fourth, 1.05.

Pi Alpha Pi and Sigma Chi Nu are tied at 1.42 apiece, but they have dropped from their positions of first and second respectively of a year ago, to follow Theta Theta Chi with the high mark of 1.76.

The classes rate in order of rank with the Seniors at the head with 1.51. The others in order are Juniors, 1.32; Sophomores, 1.17; Freshmen, 1.08.

The registrar has compiled an interesting chart of the comparison of the classes. This is as follows:

Class of	When Frosh.	When Sophs.	When Jrs.	When Srs.
1928	1.28	1.36	1.38	1.76
1929	1.18	1.25	1.27	(1.51)
1930	0.95	1.15	(1.32)	
1931	0.87	(1.17)		
1932	(1.08)			

() means first semester indices.
