

FOOTLIGHT CLUB PRESENTATIONS SPONSOR DRAMATIC ASPIRANTS

"Gray Overcoat" Outstanding With Mooney In Lead; Other Plays Considered On a Par, With "Wreckage" the Most Difficult To Produce; Time and Effort Spent To Good Advantage On Stage Set and Properties

On Thursday evening, March 6, the Footlight Club presented the annual program of one-act plays known as the Frosh-Soph plays. Considering the limited time for production and the congestion in the use of the stage at this time, it was a very creditable performance.

The first play "Wreckage," was one requiring sensitive interpretation and finished acting, an unfortunate choice for beginners and it is not surprising that it failed to go over. However there was good acting by Phlavia Sheehen whose part called for the same asperity as in the Brat, and by Anne Whitfield whose first appearance here showed excellent promise for future work. Gail Perryman, bombastic in his oaths rather than expressive of deep feeling, seemed to the audience to strike the wrong note.

"A Girl To Order" might be put at the other extreme, having the popular appeal to begin with. In spite of this it was evident that it had been enthusiastically and thoroughly coached. Kling Anderson did good work as did Arthur Gaiser, Donald Hollenbeck and William Duke. Maxine Armstrong, the only girl, had only a small part, but was attractive.

The high spot in the evening's performance was undoubtedly "The Gray Overcoat," in which George Mooney distinguished himself in a very convincing portrayal of a detective. At ease on the stage, he showed himself versatile in his double part. He was well supported by Dante Vezzoli and Robert Fleischer, though the latter was handicapped by his appearance. It would have required very superior acting to counteract the ungainly effect of that abbreviated smoking jacket.

"Evening Dress Indispensable" was the comedy well chosen to conclude the program. The working out of the laughable situations was well done by Alice Thornton in her changeable part, by Stockton Basset of known reputation and by Elizabeth Rogers with her splendid stage presence. Mike Durante was good in his interpretation, but it seemed that there

LENTEN SEASON IS WEEK'S CHAPEL TOPIC

During the past week Chaplain McLeod offered some thoughts particularly relevant to the Lenten season just ushered in. The topic for Monday was concerned with the evils of gossip which was likewise apropos to this week of sorority bidding. On Thursday "Consecration by Discipline" was discussed with the idea that "life cannot be roughed smoothly but the real mastery of self and the world can only be the pathway of discipline." The scripture for Wednesday was "I have come that they might have life to the full," which, Chaplain McLeod pointed out, results from making the most of the possibilities of life and through contact with the spirit of power which is God. Thursday's talk was related to the typical antagonisms which are operating against Jesus today. "Jesus is told to get out because his teachings run counter to sacred tradition and practices, because they would challenge some government practices; because they condemn cherished race and class nationalistic prejudices." "Black Sheep" concluded the topics. Many examples were shown which demonstrated Jesus' love of all types of men.

VARSIITY DEFEAT FROSH, 29-25 IN BENEFIT CONTEST

Two highly successful Alfred basketball teams, the Varsity and Frosh, played a post-season benefit game at the local gym last Wednesday night. The Varsity played without any of the seniors in the line-up. It was a close, hard-fought game throughout, the Varsity ekeing out a 29-25 victory.

The Varsity took the lead at the start and kept in front except once during the third quarter. At half-time the score stood 18-11 in favor of the Varsity. The Yearlings immediately set out to cut down the seven point lead, and succeeded in tying the score 21-21. However the Varsity took a brace and forged ahead to win 29-25.

MacFadden and Webster were the main guns in the Varsity's offense, MacFadden scoring 11 points to be high scorer of the game, while Webster garnered 8. Shappee and Dickens were the main-stays of the Frosh, Dickens totaling 10 of his team's points and Shappee 5.

BUFFALO LAWYER TO ADDRESS ASSEMBLY

A lawyer of note, Mr. Lansdowne from Buffalo, will give the address in Assembly, Thursday. His subject will probably deal with some phase of the Baumes Law.

Professor Rusby To Speak At Local A. U. C. A. Meeting

Prof. Paul Rusby is to be a speaker at the A. U. C. A. meeting Tuesday night. At this time there will also be a discussion of plans concerning the Purple Key. This organization is to take care of visiting teams. "Eats and Smokes" will be supplied at the meeting.

UPPERCLASS WOMEN PLAN INITIATION

A meeting of the upperclass women was held March 4, at which plans for Frosh initiation were made, the date of which is indefinite. Margrieta Coit was chosen as chairman of the initiation committee. A committee was formed to inspect freshmen at this time.

KANAKADEA NOTICE

The last call for Kanakadea orders for those who wish their name put on the books will be Thursday, March 13. All orders taken after that will be without names.

Juniors must turn in their stunt pictures not later than today, March 11.

JUNIOR FOLLIES BIG ATTRACTION MAR. 17

With the near approach of the Junior Follies on March 17, speculation regarding the program threatens to take a corner on the market of campus interests. One wily investigator reports in his findings a miniature musical comedy embracing the entire range of entertainment, from individual acts to colorful extravaganzas. Work is progressing toward a finished production which should attract a large audience.

Notice is given that a regular price of 75 cents will be charged for admission, instead of the differentiated prices advertised previous to this issue.

INTERNATIONAL WEEK WILL BE OBSERVED HERE

Forceful Speaker To Outline Subject of World Interest In Great A. U. C. A. Program

The A. U. C. A., in sponsoring the annual "International Week" program will present three of the most forceful and best known speakers in the country to the Alfred student body from March 25-28th. It is highly probable that these speakers will be favored with two assemblies next week and they will be in attendance at all of the classes in sociology and philosophy during that time.

Mr. J. Vijayatunga, the first speaker on the program, will favor the students with the following topics: "Gandhi—An Interpretation", "The Presents situation in India", and "The Message of the Buddha." Mr. Vijayatunga has included fifteen of the leading colleges in the East in his itinerary and has broadcasted the above topics over Stations WEAJ and WJZ in New York City.

The most forceful speaker of the three, Michael J. Hickey of New York, will follow Vijayatunga and will offer present-day social and economic problems for discussion. Mr. Hickey represents the League of Another Chance and favors oppressed in the present social order.

China and her affairs will also be ably represented in the person of Kenneth J. Beaton, who is now lecturing in many American colleges after his recent visit to China. Mr. Beaton comes highly recommended as a speaker from the largest colleges in the East.

Y. W. C. A. MEETINGS SPONSOR LECTURES ON TIMELY TOPICS

Professor Paul Rusby addressed the members of the Y. W. C. A., Sunday, March 2, at their weekly meeting. His subject, which induced much thinking, was "How we can help solve some economic problems."

On March 16, Mrs. Sutton, who has had many unique and interesting experiences, will speak. This meeting will prove worth-while to all who attend.

REV. FLAXINGTON DISCUSSES YOUTH

In the person of the Rev. Ward B. Flaxington, a new speaker was introduced to the Alfred student body in Assembly last Thursday.

In a vital and personal manner he discussed the problem of the younger generation and showed how the young people as well as "putting their parents in a pinch" are ridding them of a lot of evils which prevailed in the good old days, such as the leaning toward vanity and various outgrown conceptions of home discipline.

However, the pendulum may be swinging to the other extreme, for according to Rev. Flaxington, "the speed of today is causing a moral overstrain; or in the words of Dr. Fosdick, "the chief difficulty is long ropes and short stakes." When greater freedom is demanded the rope is lengthened and stronger stakes are necessary. Mr. Flaxington then presented several methods for strengthening these stakes: "The most important of these is education when it leads us to discern the truth behind the facts and to develop a philosophy. But this is not alone sufficient to develop a spiritual background. For this the stakes of moral character are the only ones that will hold."

Mr. Flaxington then summed up his speech by discussing living in the following manner: "The ultimate quest of everyone is more life. This must be very carefully defined as there are so many varying degrees of life, but to live best one must bring his strongest powers to the richest possible surrounding. This, then, will lead us to that strong stake of moral character. These spiritual victories cost tremendously and it is easier to start the quest of them than to continue."

"But", concluded Mr. Flaxington, "those who gave their lives in the last war have continued and we can only keep faith with them if we aim toward a better life."

FOOTLIGHT CLUB TO HEAR PROF. HARDER

An important meeting of the Footlight Club is to be held Thursday evening, March 13, at Theta Chi starting promptly at 7:30. Professor Charles Harder will give a talk on "Stagecraft." A business meeting will follow the talk after which refreshments will be served. It is urged that all members be present.

Wilbur Green Seriously Injured In Auto Crash

Wilbur Green '31, was almost fatally injured in an automobile accident on the Hornell-Almond road Wednesday night when a car driven by Donald Gardiner, an Alfred graduate, now Principal of Canisteo High School, skidded across the wet pavement and struck the car driven by Green.

Green was taken to the St. James Mercy hospital at Hornell, suffering from lacerations about the face and a fractured skull. At one time his life was despaired of, but now hope is held out for his recovery. The last report from the hospital stated that his condition had improved some.

A new plan for auditing the money spent for student activities in Boston University has just been adopted.

By defeating City College of New York 20 to 14, the Alfred Mat-men completed the season by humbling their opponents in spectacular fashion. The Purple and Gold's victory over the visitors' well-balanced team which lays a claim to the championship of New York City was one of the biggest upsets of the year.

The most exciting bout of the evening brought the crowd to its feet when "Senator" Knox, after being forced to take the defensive for four minutes turned the tables to pin the shoulders of his husky opponent to the mat. Cohen, of C. C. N. Y. had a four minute time advantage, but the robust Saxon in his first match suddenly rolled his victim into a fatal cradle and half-nelson.

Atwood showed distinct superiority over an opponent who equalled him in strength. The bout was fast and furious with both men off their feet at times until Atwood clinched a victory with a pinning hold.

Sanchez started off aggressively and gave an excellent exhibition in using his famous double arm lock from both a standing and kneeling position. The bout was very scientific and finally Sanchez's opponent succumbed to his pet hold.

Zalkind, of C. C. N. Y. had an all around advantage on the inexperienced Vezzoli. The latter could not handle his man because of his huge size and strength, so lost by a decision.

Felli furnished another surprise of the evening by going the limit with Viscotsky, of C. C. N. Y., who threw Stelljis, famed Mechanic's mat-man, in less than two minutes. The clever C. C. N. Y. man met his match in wits with Felli who successfully blocked many a cunning hold, but lost by a referee's decision.

A default gave Flint the victory over his opponent who suffered a severe shoulder injury in rolling out of a hold. The bout was an evenly contested match up until the time of the accident.

Wee Playhouse Gives Local Color Program

Producing a short play written by Mrs. M. Rice and modelled after "Spreading the News," fourteen members of the Wee Playhouse entertained their fellow-members at the Community House, Wednesday evening. The play which was based on Alfred life, had its setting in the Box of Books, and dealt with many of the town characters as they appear in daily life.

The skit was much appreciated, and in the interest it aroused, furthered the enthusiasm which has made this year one of the most successful which the organization has seen.

Honor Society Initiates Plans "Backward Dance"

On Tuesday, March 4, at Theta Chi house, the new members of Phi Sigma Gamma were formally initiated. The rites were carried out in an impressive candlelight service.

The new members who were initiated are: Frances Greene, Margaret Young, Clarissa Persing, Helen Hamilton, Ruth Hunting and Helen Hammond.

The initiation service was followed by a business meeting concerning the all-college "Backward Dance" sponsored by Phi Sigma Gamma. This dance will be held March 29.

HURTS AND HEARTS

One day I stoned a rabbit that by chance I did espy. A little thing so quick and lithe, I would not pass it by. Unthinkingly, I stormed my prey with missiles large and small, My aim was true and very soon, I saw my victim fall.

But with its fall the fun was gone, it left but deep regret, A boy was I but still I knew that deed I'd not forget.

I picked it up quite tenderly and felt the body throb, I heard its tiny whimpers tell of life I tried to rob.

Then my heart welled up with pity and my soul had grown a thorn. My tears rolled down and washed the wounds that were to folly born.

Now whenever I am tempted to cause others grief or pain, There forms a mental picture and I live that day again.

That day of revelation when the truth chalked up a score, When I stoned a little rabbit and hurt myself the more.

EXCHANGES—

Professor William H. Brown, Jr., passed yesterday in "humiliation and prayer" hoping it would bring up the scholastic rating of his engineering class. The average of the class was 12½ per cent in a recent examination. The following notice was posted on his door: "The papers are the poorest I ever got...It would be wise not to bother me for the rest of the week, which I must pass in 'humiliation and prayer'."—The Colgate Maroon.

Deploing the lack of college spirit at Columbia University and attributing it to the "sophisticated influence" of the big city, a secret society, composed of sophomores, juniors and seniors and called "The Black Avengers" has been formed to spread terror and a respect of traditions among the freshmen. The freshmen is a sturdy and independent class and the new idea of including all the college is to force them into submission.

Dates at Purdue range all the way from twenty-five cents to five dollars, according to a student survey made recently. The formula for the twenty-five cent brand is as follows: Cigarettes, two corks, and a sorority house porch, or in some cases, the stadium.

Cause for this action is found in that there were 300 who paid admissions for their Junior Prom, it is said, while 423 couples attended. Imagine a case like this in Alfred!

INTERCLASS WRESTLING MEET OFFERS OUTLET FOR KEEN RIVALRY

Seniors Favored in Forecast; New Grapplers Expected to Participate in Culminating Tussle of Mat Season; Last Appearance of Three Varsity Men

The Inter-Class Wrestling Meet which will be held within a week, will display many a thrilling and hard contested battle among the zealous, rival classes. If Hambel, Varsity captain, D'Elia and Sanchez can recover from their injuries in time, the Seniors chances for winning the conflict should be very bright. The Seniors' strength will be supplemented by the services of Armstrong, Fenner, and Gilder.

The Juniors possess an all around powerful aggregation which consists of such experienced men as Bryant, Flint, Rothstein, Staiman, Sadler, Atwood, Kickham and Gallup. This well-balanced team should prove itself capable of making a strong bid for high honors.

Grantier of the Sophomore class will endeavor to lead his fellow classmen, Servatius, Lockwood, Stanton, Knox and Davidson to victory. Most of these men have been training consistently during the season and they may produce unexpected results.

The Freshman class will rely on such men of Varsity caliber as Felli, Bentley, Phillips, Benza, and Vezzoli to capture their share of the victory. Goldberg should prove a valuable asset in the heavyweight class. Although the "Frosh" lack the valuable experience that the upperclassmen possess, they should make the competition very keen and lively.

A CORRECTION

The privilege of dancing while entertaining in on Saturday evenings is granted only to the sororities, inasmuch as the action came as the result of a petition of the intersorority council. The mention of the Brick should not have appeared in the article in last week's issue.

Pine Knots Take Lead In Intramural Contest

Three of the seven intramural games scheduled for last week were postponed for various reasons, making the weekly results rather slim. Tuesday the Pine Knots won over Smith Club and repeated the act in their game with Kappa Psi Upsilon on Thursday thus taking the lead for the week by virtue of winning two games. Wednesday two games were fought out on the court, the first between the Alpha Zetas and the Betas and the other between Theta Kappa Nu and Burdick Hall. The Alpha Zetas won their game and Theta Kappa Nu came out on top in theirs.

Sophomore Girls Lead In Interclass Tourney

The Sophomore girls won the first round of the Interclass basketball tourney by defeating the Seniors, by a score of 37 to 10, the Juniors 43 to 19, the Freshmen 34 to 11. The Frosh are next in line as they have defeated the Seniors, by 23 to 15, the Juniors by 21 to 9. The second round will be between the Juniors Sophomores and Frosh as the Seniors did not win a game.

The captains of the four teams are: Senior Capt., Marjorie Travis; Junior Capt., Florence Dearborn; Sophomore Capt., Gladys Heard; Frosh Capt., Alice Thornton.

WRESTLING SEASON CULMINATES Continued from page one

Kickham was much stronger than his rival but was outsmarted due to lack of experience. Heinstein avoided Kickham during the first ten minutes of the bout when he found that he could not obtain a time advantage. During the extra period, he managed to eke out a meager 1:11 minute time advantage over the Saxon.

Alfred's victory over C. C. N. Y. is well deserved since the visitor's college has the largest undergraduate registration in the state. Due to injuries to Captain Hambel, D'Elia, Grantier, Bryant, Staiman, the team's strength was vitally sapped and little hope was held for the varsity before the meet.

The summaries:
115 pound class—Atwood, Alfred, threw Wolf in 5:45.

125 pound class—Sanchez, Alfred, threw Francis in 5:45.

135 pound class—Zalkind, C. C. N. Y., defeated Vezzoli in time advantage of 8:30.

145 pound class—Viscotsky, C. C. N. Y., defeated Felli in time advantage of 4:28.

155 pound class—Mindell, C. C. N. Y., threw Rothstein in 9:58.

165 pound class—Knox, Alfred, threw Cohen in 4:45.

175 pound class—Flint, Alfred, won on a forfeit from Rubin. (Rubin suffered from a possible dislocated shoulder after 3:45 min.)

Unlimited class—Heinstein, C. C. N. Y., defeated Kickham in an extra period by 1:11.

Referee—Huleck of Rochester.

might have been another and better one. At times there was a little crowding and confusion of the cast.

As suggestions and not criticisms I might say that the old complaint of poor articulation could be renewed in several cases, the lawyer and the maid being most conspicuous, but many lines during the evening were entirely lost. Also, a little more care in make-up would avoid quandaries as to which were father and which son. Though a less conspicuous background would be much easier to play against,

Alfred's hopes for a championship were shoved into second place Friday night when Buffalo beat Rochester in their last conference tilt, 37-30. The Bisons now have a record of 10 games won and one lost as compared to Alfred's nine and two.

Coach McLane's grapplers closed a successful season Saturday night by downing the powerful C. C. N. Y. mat team in a close meet by a score of 20-14. Two men won their letters, namely, Atwood and Knox. It was Knox's first appearance on a collegiate mat and he pulled a surprise when he pinned his man in a short time.

The game between the Varsity, minus the Seniors, and the Frosh Wednesday night furnished the spectators with as many thrills and good basketball as they have seen this season. Due largely to MacFadden's accurate shooting the upperclassmen were able to emerge on the long end of a 29-25 score.

With the close of the current basketball season statistics have been compiled which show that Latronica was the individual high scorer of the season while Fenner played the most number of minutes. Alfred won twelve and lost seven games, nine of the victories being conference games and two of the defeats also being league encounters. The Purple amassed a total of 589 points to their opponents 528.

The North Pole is not the coldest place on the globe? In fact the temperature in parts of the United States goes much lower than it possibly could at the North Pole.

There are no swear words in the language of the Welsh? Wonder what a Welshman says when he cracks his toe on a chair in the dark?

In Nevada the number of divorces is equal to the number of weddings? According to figures there's no use getting married there.

Few Eskimos have ever seen a snow house?

Perhaps he is right, but nevertheless we still defend bluffing. There is something to it that savors of a resilient, do-or-die, fighting spirit that seems commendable in youth. Students on the whole, know that bluffing is wrong, yet they often resort to it because of a notion that instructors sometimes give some credit for "attempts" at answering examination questions. If they are ingenious enough in bluffing, some instructors may respect their genius enough to give it consideration. And then bluffing always produces some amusing material for faculty small talk.

the stage managers are to be congratulated upon the pleasing and various effects accomplished by the use of the same properties throughout the program.

"A BIRD IN THE HAND is worth two in the bush." Good taste—what smoker would trade it away for any number of cigarette claims?

No Chesterfield smoker would. For its mild fragrance, its deeply satisfying character—in short, its taste—has always been the one thing smokers wanted:
