JUNIOR PROM PLANS NEAR COMPLETION

The plans for the Junior Prom, the biggest social event of the year, are now under the direction of Turing, chairman and Robert Flint, business manager.

The committee has been corresponding with several of the college and university orchestras but no definite decision has been reached as yet.

A novel scheme has been planned which may add to the excitement of the affair. It is the plan that the prom committees of several of the colleges and universities will have a portion of this part of the state, it is hoped to obtain an orchestra which will pass in number of concerts. The city of Albany has already been heard on this occasion.

Definite arrangements as to the time of the dance and the place have not been completed as yet.

Backward Dance Offers Novelty

Leap your tactics will be reversed this Saturday, December 6, in the "backward" dances at the Field and Track Fallen's Hall, will be sponsored by Phi Sigma Gamma will be danced to the tunes of George M. Cohan and his Honor Mess for the occasion.

The set which originated three years ago will now become an established and very well known. It is now given sufficiently to make it almost a necessity to have it. There will be several changes in the set. They will be added as the occasion may demand.

Two Piano Recitals Scheduled for Hall

Radiant careers were installed on Sunday evening, which greatly improve the appearance of the students.

There was a faculty meeting held here Monday evening.

THE THANKSGIVING RECESS

"The old order change, giving way to the new." At a meeting of the Faculty last Thursday a decision was reach-
ed regarding the Thanksgiving recess. This holiday has the following schedule included. Thanksgiving Day itself and the Friday after it. This year the recess shall be of but one day, the Faculty itself.

Triple cutts shall be in effect as they are in other vacation periods. This means that there shall be triple cutts on Tuesday and Wednesday preceding Thanksgiving—November 21st and 22nd—and on Friday, November 22nd, as well as Monday, November the 21st. In order to be as sumproison announced has avowed a vehe-
mence of criticism among a large number of the undergraduates. This is bolding into the matter we have decided that the recess is a good one. We will endeavor to give a few of the reasons which led us to reach this conclusion.

For one thing Alfred has more and longer vacations than most colleges.

The ruling on cuts when compared with the measures taken in many colleges is not at all severe. We can name several where the penalty for cutting classes before and after a vacation is no less than suspension.

When the recess was precipitated by a certain large and unthinking element of the student body themselves. Not content with having the usual Thanksgiving recess with its consequent Saturdarn, and Sunday, this group has for several years been riding the triple cutts to death as it were. Why go to classes Monday, Tuesday and Wednesday? Why not go home on the Friday before Thanksgiving and have a whole week of vacation! No reason why. Thus off they would go full of, kuny huny, bags and baggage—to home and mother.

Then too, the Holidays is followed two weeks later by the Christ-

mas vacation, which lasts a very long time. This vacation is followed in turn, very shortly by the examinations terminating the first semestor's work.

We feel sure that the new ruling is in conformity with the rules and psychology of good teaching. It is not just another device for the faculty of the bedevilment of the undergraduates. We believe that too many who have assumed the role of an instructor and the position of the classroom is to keep the classroom filled—not on Friday, November the 22nd—but to have a much hands on pedagogical lecture, Monday, Tuesday, Wednesday preceding Thanksgiving.

Another Tag Day?

Alfred has and should support one of its strongest hill-and-dale meetings this fall. We feel that our suggestion is in order for a Tag Day preceding the Middle Atlantics meet to show our appreciation of a worthy team. The Varsity "A" Club, Phi Psi Omega, Spike Shoe and several other honorary organizations should now have an opportunity to prove their worth.

"Farewell" Night

Alert in the same depths there line
Shrouds of the day's delay, shadows
Throbbing light on the closed door
Tracing vague shadows on the ground:
fearing a spell with its mystic light.

Kneel from lave to mouth, soul awash,
Shivering in the cold of winter's close—
That slanderer now in the arm’s reach
The trees drat their branches, bare
The snow-storms play out in the air.

Snow by some branch, still by some space—
And still that misty disc above

"Farewell!"

Translation: en vacilante, "Farewell!"
Miss Harris' voice seemed far away
At the last moment when we were about to leave
"Farewell!"

"What is the law of size. I pray?"

Faintly I heard Prof. Bottley say
For all my charts were wide and everything
On that day of days when I should

DEAN OF WOMEN TRIES TO RANK THE STUDENT MIND IN LATEST BOOK

New Brunswick, N. J.—(IP)—Writing in “Deans at Work,” Miss Leah Boddie, dean of the New Jersey College for Women here asserts that college students are not at all the wild-eyed radicals they sometimes are pictured to be, but express the belief that they desire change only for the future benefit of humanity.

She believes student bodies represent the same variety of thinkers that any other groups do. Thus, she believes, the college campus has its student minds ranging all the way from the most radical to the most conservative.

Last year there were more college students in the United States than in all the rest of the world combined. There were 1,257,000 students enrolled in colleges and universities in this country.

ONE WILL ALWAYS STAND OUT

Whole-hearted,
natural, real!

Equally genuine is the response of smokers to Chesterfield's satisfying goodness, its wholesome smoothness.

No one ever has to "acquire" a taste for Chesterfields. You don't have to learn to like them. Smokers take to their pleasing flavor instinctively... and here's why:

Mildness — the entirely natural mildness of tobaccos that are without harshness or bitterness.

Better Taste — Such as only a cigarette of wholesome purity and better tobaccos can have.

SEVERAL ALUMNI RETURN TO TOWN FOR SHORT STAY

Gordon Fritch is back in Alfred again working on some experimental work in the Ceramic School. Mr. and Mrs. Harley Gilbert are the guests of Mr. and Mrs. Bruce of Alfred.

Mary Reiger took part in a play at the University High School drama club which was presented last week in Ithaca. She is attending dramatic school in New York.

The Misses Lusis, Adalyn and Iris Hawley, and Miss Ellis Randolph are on route by bus to Florida for the winter.

Mrs. De Forest Truman has completed five years service as Camp Fire Club leader. She will continue in charge of that service at the Grand Owenz Fire of the Hornell district at Hornell High School, tomorrow night.

COLLEGE HEAD WOULD ABOLISH CREDIT SYSTEM

South Bend, Ind. — (IP) — Although the University of Notre Dame believes that the credit system is one of the outstanding evils of higher education today, Dr. Charles L. O’Donnell, president of Notre Dame University, favors abolishing the system.

The University believes that in spite of the interest in football, 95 per cent of the students in American colleges are seriously seeking an education above everything else.

Gains Third Leg Of Intramural Plaque

Barbick Hall won the Dr. Russell F. Burcham Trophy Open Grid Game on a perfect score of 15, on November 20th. The game was played at 7:00 PM. The score was 15 to 0. The game was a hard fought battle between two of the finest grid teams on the campus.

The game started with a punt from the lined up of the Purple, which was returned by the Nobles to their 45 yard line, where a fumble resulted in a turnover. The Nobles then drove down the field and scored the first touchdown of the game. The Purple then answered with a score of their own, making the score 7 to 0. The Purple then continued to score, making the final score 15 to 0.

GIRLS VARSITY BASKETBALL
