

GENERAL ORTON TO GIVE DOCTOR'S ORATION IN JUNE

TO BREAK GROUND FOR NEW CERAMIC SCHOOL BUILDING AT COMMENCEMENT

Announcement was made today by the college administration that General Edward Orton, Jr., retired dean of the first ceramic school in the United States, has been secured to deliver the Doctor's Oration at Commencement on June 10. Another feature of the program will be either the breaking of ground for the new Ceramic building or the laying of the cornerstone.

General Orton has long been outstanding in the ceramic field and previous to that was distinguished in metallurgy. He is well known for being in 1887-88, the author of the first successful attempt to manufacture "ferro-silicon" in the United States.

In 1888, four years after he received his degree of Mining Engineer from Ohio State University, he entered the clay industries. Because of his intense interest in this field he started agitation which resulted in 1894, in the establishing of the first school in this country for instruction in the technology of clay, glass and cement industries. From the date of birth of this school until 1916, he was its director and served as Dean of the College of Engineering at Ohio State University from 1902-06 and 1910-16. The following year, 1917, he retired from university work and was called into active service in the Quarter Master Corps. In 1919, he received the Distinguished Service Medal.

He is nationally known in the ceramic field as the manufacturer of pyrometric cones since 1896, and as having developed laboratories and testing stations for the study of ceramic materials. He is a Fellow in the American Association for the Advancement of Science, ex-Secretary of the American Ceramic Society, ex-president of the Columbus Chamber of Commerce and a member of the National Brick Manufacturers Association.

The new Ceramic building will be placed between the present Ceramic School and the Agricultural School and will have a frontage of sixty-two feet and a depth of one hundred and forty feet. There will be two stories in the front and four in the rear.

Continued on page four.

DEAN DEGEN TAKES TRIP FOR MEETING OF COLLEGE DEANS

Dean Dora K. Degen spent the weekend of April 18 and 19, at Ithaca, as the guest of Dean Louise Fitch of Cornell. Dean Fitch entertained the deans of Syracuse, Rochester, Buffalo, Skidmore, St. Lawrence, Keuka and Alfred.

The house party made it possible for these New York State deans to become better acquainted and also gave them an opportunity for much informal discussion of their common problems, both academic and social. Methods used and results obtained were compared as they discussed the problems whose solution meant helping each student to make the best possible adjustment in college.

These informal discussions revealed the fact that there are few if any radical differences in the rules and regulations of the institutions represented by the deans there. The differences which existed were accounted for by the size or special character of the institution.

The equipment and management of the residence halls were of particular interest to the deans and they were then shown through the houses for women students, including the three almost perfect units of Balch Hall.

JUNIOR FOLLIES SET FOR THIS MONDAY

The Junior Follies' musical comedy, "That's That," which is to be presented on Monday, May 4, is developing very nicely under the direction of John Sutton, director from the John B. Rogers Producing Company of Fostoria, Ohio. For the past week Alumni Hall has been the scene of many rehearsals, every afternoon and evening. Only one more week of practice remains until the show is scheduled to take place.

The musical comedy itself is based on the theme of a young millionaire who is masquerading as a life guard at Palm Beach. Love affairs with their consequent complications form the plot of the show. The theme also is interspersed with clever choruses and comedy.

It is reported that three choruses are to be used in the production. Accompanying skits and novelties likewise aid in increasing the size of the playing cast.

The Junior Class hope that the college student body and their friends will co-operate with them in making this entertainment a success. It feels

that it is presenting that which is well worth one's time to attend.

This year's follies will mark the fifth annual event of its kind. The proceeds of the affair will aid in meeting the expenses of the year book.

Nine High Schools Enter Debates

It was announced recently that Frederick A. Morse '32, had been appointed manager of the interscholastic speaking contest.

The contest which is to be held in Alumni Hall on May 7th, will see nine schools represented in competition for the prizes. As in past years separate awards will be given to the boy and girl gaining the most points in the contest.

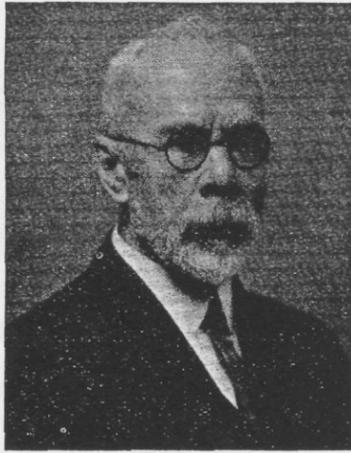

The following nine schools have entered to date, Hornell, Painted Post, Naples, Wellsville, Hamburg, Canisteo and Haverling High School of Bath.

Professor Amberg Speaks, Plans Trip

Prof. Amberg gave a lecture before the Woman's Club of Dansville last Friday night. His subject was "Porcelain and its Ancestor, Stoneware," tracing the development of porcelain in China and subsequently in Europe.

Tomorrow he is taking the Senior Class in Engineering to Buffalo for a field trip through seven plants in Buffalo and Niagara Falls. The plants they will visit are: J. H. Black Brick Co., Federal Cement Co., Buffalo Pottery, American Radiator Co., Hall & Sons Firebrick Co., and the Carborundum Co.

Their plans are to stay in Buffalo Wednesday night and return to school Thursday evening.

Dr. Charles F. Binns

Dr. Charles Binns Announces Definite Retirement In June

George A. Bole of Ohio State May Succeed Binns

Dr. Charles F. Binns, S. D., Director of Alfred's State School of Clay Working and Ceramics, recently announced his definite retirement, which may take place this June. Information from a reliable source indicates that this step may not be taken until this December.

Negotiations are being made to secure George Addison Bole of the Ohio State University Experiment Station as Dr. Binns' Successor. President Davis made a trip to the State Capitol at Albany last week in regard to the selection of next year's director, but nothing definite has been reported as yet.

DR. CAMPBELL TAKES CLASS ON TRIP

Dr. Campbell's General Methods class left Friday morning for the purpose of observing the various classes in which they were interested at the Benjamin Franklin High School at Rochester. This high school afforded an excellent opportunity for the students to see what they have been study in theory put into practice.

The class was very well received at the school. Every consideration was given to the visitors. Special programs and student guides were provided for their convenience. They also were invited to have lunch at the school cafeteria, of which privilege many availed themselves.

The school campus of the Benjamin Franklin High School comprises 21 acres and the athletic field covers six more. A swimming pool and a greenhouse are facilities which the students are also able to enjoy.

FIAT LUX CALENDAR

- Tonight:** Campus Court meeting in Kenyon Hall at 9:00 P. M.
- Wednesday:** Sabbath choir practice in the church at 7:00 P. M. Fiat Lux staff meeting in the Gothic at 7:15 P. M. Sunday choir practice in the Community House at 7:00 P. M.
- Thursday:** Assembly at 11:30 A. M.
- Friday:** Varsity track meet, Alfred vs. Rochester at Merrill Field, 2:30 P. M. Organ recital in the church from 7:30 to 8:00 P. M. Christian Endeavor meeting at 8:00 P. M.

JUNIOR PROM MEETS WITH SUCCESS; MORE THAN 100 COUPLES ATTEND

Alfred's social season reached its height last Thursday evening at the traditional Junior Prom in the Field and Track House. Over 100 couples enthusiastically entered into the spirit of the dance, the majority of whom pronounced the affair as the best Prom ever held in Alfred.

INTERSCHOLASTICS TO BE HELD HERE

Preparations for Alfred's 29th annual Interscholastic Track and Field meet which will be held on May 8, are nearly completed. Cups and medals for the winners have arrived; invitations have been issued, and the general details are shaping up well as the final date for the meet approaches.

Schenectady, winner's in the 1930 meet, will not compete this year. The following schools, however, will be represented this season: Buffalo Bennett, Buffalo Seneca Vocational, Blodgett Vocational School of Syracuse, Cook Academy, Lima Seminary, Genesee Wesleyan Seminary, Depew Preparatory School, Rochester West High School, Rochester Monroe, Corning Free Academy, Corning Northside, Lancaster, Hamburg, Portville, Naples, Bradford, Hornell, Belfast, Wellsville, Andover, Almond, Alfred, Canisteo, Little Valley, Perry, Bath, Warsaw and Albion. It also is expected that Jamestown, Salamanca, Falconer, Buffalo Lafayette, Buffalo Hutchinson and Buffalo Masten Park will enter before May 8.

Efforts are being made to engage either Rourke, Colgate track mentor, or Bryan of Syracuse to serve as starter and referee. In past years this position has been filled by Dr. Ferguson, Dr. Sullivan, Coach Casper and Coach Heers.

Student Senate Has Assembly Ballot

In assembly at Alumni Hall last Thursday the student body chose James McFadden, Martin Staiman and Kenneth Erwin as representatives to the examination system investigation committee. Three more students also will be chosen by the faculty for this committee.

To complete this committee's membership, three faculty members will be selected by the faculty. It is expected that the investigation will be completed by the end of the present semester. The investigation itself will deal only with the manner in which examinations are conducted and with the manner in which they are taken.

Sigma Chi Nu Holds Annual Spring Party

Sigma Chi Nu held a formal dinner and dance at the Hornell Country Club on Saturday, April twenty-fifth. Johnnie Fitzgerald and his Bachelors of Olean furnished music during dinner and afterwards for dancing until midnight.

Guest were Mrs. Grace Santee, Professor Beulah N. Ellis, Miss Ruth Rogers, Professor and Mrs. Seidl, Mr. and Mrs. D. S. Burdick, Professor Eva L. Ford, Miss Emma Lou Vogel. Out of town guests were Myrtle Harding and Genevieve Hoadley of Buffalo, Florence Ploetz of Waterloo, Ruth Fuller of Palatine Bridge.

The gymnasium's transformation into a colorfully decorated ballroom spoke well for the efforts of the Junior class decorators. A raised platform of three tiers supported the orchestra which was banked by a wall of black and silver. A large mural painting also furnished a pleasing and distinctive background for the band, both of which were illuminated by indirect lighting effects.

The side walls along the dance floor were bedecked with black. Mid-way along each side of the floor was a small booth for punch, each of which was set off by a symbolic mural. The ceiling was yellow and was gradually shaded into deep orange near the side walls. Lights at the ceiling likewise were shaded with orange.

The big feature of the entire Prom however, centered about Joe Nesbit's eleven famous Pennsylvanians who offered the latest in syncopated rhythm and novelties. Besides presenting their complete repertoire of radio features, the musicians fulfilled all requests for special numbers.

Patrons and Patronesses included President and Mrs. Boothe C. Davis, Dean and Mrs. J. Nelson Norwood, Dean and Mrs. Irwin A. Conroe, Dean Dora K. Degen, Professor and Mrs. Waldo A. Titsworth and Chaplain and Mrs. James C. McLeod.

B. Stockton Bassett, chairman of the Prom, wishes to thank the following members of his committee for their efficient support of the affair, Ruth Mitchell, Annette Clifford, Robert Flint, Francis McCourt, Howard Splitt, Robert Nobbs, Gladys Heard, Kenneth Dunbar and Frank Bloomquist.

The management also wishes to thank Alfred Titsworth, Wesley Mills and underclassmen who voluntarily assisted in making the event a decorative success.

MISS ERMA HEWITT REPORTS ON PLANS FOR ROCK GARDEN

The plans for the rock garden have been approved by President Davis and preparation for the earliest possible planting is going on. It is most encouraging to note the will to co-operate already manifested. Some have sent helpful illustrative material and some actually brought back rocks from their vacation trips, a splendid example to others, we hope.

Several friends have expressed a desire to donate perennials, etc., and assuming that there are many others who would like to have a similar share in this venture, may we suggest that it would be very helpful if we could be notified in advance of intended contributions to facilitate definite plans for layouts.

The terrace back of the Social Hall is to be a rockery, divided into three parts for the three classes of rocks with as many varieties of each as can be found, and where is the rock for miles around that has escaped the eye of Professor Ross?

The pool and the sun dial are to materialize, plus a bird bath of glazed pottery with St. Francis and the birds as its very appropriate subject, to be designed and executed by Miss Binns.

FIAT LUX

Entered as second-class matter Oct. 29, 1913, at the post office at Alfred, N. Y., under Act of Mar. 3, 1879. Subscription \$2.50 yearly.

Tennis, A Stepchild

Tennis, as a sport, is a stepchild in the athletic system. Too few courts are available and they are sadly out of condition. Lighting of the courts by means of the portable units now at the Athletic Field would do much to improve conditions and such a step would be greatly appreciated by those who play. With two home meets scheduled for this season, it is imperative that the courts be put in the best possible condition in time for the Varsity and Frosh teams to accomplish something in practice.

Tennis, though it is not a major sport, justifies far greater appreciation than has been accorded it. For the past several years it has been without a coach although such a person was available. A tennis coach would help accomplish the change from a collection of individual players to a team.

Cooperative Buying

At Syracuse University the past year has seen the most progressive step in interfraternity relations. It is a definite proof that interfraternity and intersorority organizations are capable of far greater benefit than they have shown themselves to be here. To be specific, the Syracuse organization, incorporated under the name Fraternity Managers Association, has, by means of cooperative buying reduced the cost of wholesale food to an average of \$3.59 per person per week. Beside this saving they have declared dividends to the thirteen groups participating of more than \$700 in the time between the opening of school in September and February 16.

Think of the possibilities of such an effort, the saving realized by the cooperative buying of coal alone would justify the attempt.

The following of such a plan would not change the organization of eating clubs, it would not require standardized weekly bills; each organization at Syracuse has had their meals as elaborate or as simple as they wish. The plan has succeeded beyond all expectations at Syracuse, why wouldn't it work here?

COACH HEERS GETS NEW ATHLETIC JOB AT RIDER COLLEGE

Coach Erwin A. Heers, who concluded a four-year coaching regime at Alfred last June, recently accepted a new position at Rider College, Trenton, N. J. The former Saxon mentor, however, will not take over his predecessor's duties until September.

The new coach's predecessor, Clair F. Bee, leaves Rider to assume the directorate of athletics at Long Island University, after a highly successful career in the New Jersey institution. In three seasons of football Bee's

Coach
Erwin A.
Heers

Rough Riders won 19 games, lost seven and tied two. His baseball nines took 29 contests and lost 10.

Coach Bee points with particular pride to his 1929-30 basketball record in which his team tallied an even 1,000 points in 21 games, 18 of which were Rider triumphs. He also boasts of a unique football winning streak of 14 successive games which his football teams turned in during three seasons before they finally were stopped by Davis-Elkins last year. His best grid campaign came in 1929, the team winning seven straight, after deadlocking with C. C. N. Y. in the opener.

As far as varsity competition is concerned, Coach Heers will have no football team this fall. Lack of a suitable playing field is the main reason for the dropping of the grid sport.

Previous to becoming head coach at Alfred, Heers served as an assistant to the famous Coach (Chick) Meehan at Syracuse. Meehan is now at N. Y. U. Heers was also director of publicity at Syracuse and during his undergraduate career there he won his varsity letter in football.

Meehan was among those who recommended Heers to Rider. Boothe C. Davis, president of Alfred University, was also high in his praise. He said, "He has particularly strong administrative ability, and gave to Alfred University a better organization of our general athletic activities than we have ever had before."

\$50,000 AWARD TO BE ANNOUNCED SOON

Winston Salem, N. C., April 27—(Special) Announcement of awards in the Camel Cigarette \$50,000 cash prize contest will be made early in May, officials of R. J. Reynolds Tobacco Company stated today.

The contest judges and their staff, who have been carefully reading the approximately 1,000,000 entries, announced today that they are rapidly nearing the completion of their work, and that within the next week or ten days they will be able to definitely set the dates on which the winners will be announced, and prizes awarded.

The first prize-winner will receive a check for \$25,000 from the R. J. Reynolds Tobacco Company, manufacturers of Camel cigarettes. Awards of \$10,000 and \$5,000 will be given to the second and third winners. The next five will receive \$1,000 each, and the balance of \$5,000 will be distributed among thirty winners.

Fourteen Alfredians filed answers in the contest, three of whom were professors. It is reported that two students gave scientifically correct statements as to the nature and benefits of the famous wrapper.

Pete Dwyer, former coach at Niagara has become mentor at Clarkson Tech.

SPORT LIGHTS

We congratulate Coach Heers on his forthcoming career at Rider. The New Jersey Rough Riders boast of an athletic "rep" that is far better than ordinary, and with Heers' basketball and track achievements as a lever, there is but little reason why this reputation can't last.

The outdoor interclass track meet which was postponed until May 6, because of the sudden cold spell still favors the Juniors. Practically the entire Junior trackster outfit attended the Junior Prom on the night and morning before the originally scheduled event. 'Tis said that the Juniors had a hand in the meet's postponement!

Rider will not have any football team this fall for want of a suitable playing field. Further than that we note that baseball was dropped from its athletic curriculum last spring. Two things will happen; Heers will put football on their program again and substitute track for baseball. He could put the ball game down there back on its feet again with his ability as a financial organizer.

The interscholastic management is making negotiations to engage either Tom Rourke of Colgate or Bryan of Syracuse for the position of Starter and Referee. Rourke is the Maroon's track mentor and both men are experienced in any kind of track officiating. In recent years Dr. Ferguson and Dr. Sullivan have done the honors.

Basketball is Rider's most popular sport and New Jersey schools produce more than their share of top-notchers. Rumor has it that the Rough Riders' 1930 aggregation was composed of six-footers, and the center was their smallest man! Fact has it that Heers' cage material there will be better than it was here.

To date, 28 teams are entered in this year's interscholastics, and more may be entered before this Friday—the final day during which entries may be filed. The records show that 32 teams comprised the largest field in local track annuals. Perhaps the 1931 event may cop the honors. Three hundred and six invitations were issued to schools in this state and Pennsylvania.

Chief Witter, Tom Moore, Gus Larson, Harold McGraw, and Charley May will be a few Alfred grads who will bring their teams to this year's interscholastics. We understand that Alfred will have ten of these coaches in attendance. In other words, May 8, is an athletic homecoming day.

It also was reported that Alfred's interscholastic was the largest of its kind in the state. Such is not the case, however, as the size of Columbia's attempt would put Alfred to shame. Teams from New York City schools alone outnumber the total Alfred entries.

We're hoping for that intramural baseball league, but if something isn't done soon it will be too late. We're afraid that it's going to snow.

BETA PHI OMEGA DOWNS KLAN BATSMEN, 3-0

In spite of wintry blasts and weather which was directly opposed to America's national pastime, Klan Alpine and Beta Phi Omega met on the Elm Valley Road diamond in a hard-fought game. Beta Phi Omega, in topping the Klansmen, 3-0, hit timely and gave Torella excellent support in the field.

Mike Durante, hurling for the losers, also turned in a good performance. After taking off to a wobbly first inning in which all three runs were scored, he proceeded to chalk up a shut-out performance for the remainder of the game.

SAXONS TO RACE ROCHESTER HERE IN FIRST MEET

Followers of the cinder path are eagerly looking forward to the results of the track meet this Friday, when Rochester visits Alfred to officially open the local track season. A short time ago Hamilton beat Rochester in an indoor meet at the Flower City. The results of Friday's meet will give the dopesters a good opportunity for sizing up Alfred's chances for copping the New York State Conference title this year.

Rochester's strength is somewhat of an unknown quantity. Marcille, Morrissey, Jacobs, and Greenberg will probably start off in the sprints for the visitors, while Wolslegle and Stahlbrodt will run the distances. In the field events, Henderson, Jacobs, and Weeks will show in the high-jump, with McNerny, Kappelman, and R. Smith tossing the weights and discus.

Although the local varsity has lost many stars in the past few years, the team has been considerably strengthened by members of last year's frosh squad. In the sprints, Ryskind, Robinson, Staiman, Egger, and Merck will furnish strong competition for the Rochester speedsters. Alfred should make a clean sweep in the distances with Warde, Graham, Vance, Razez, and Roe. Flint, Monks, and Robinson will take care of the weights and discus. In the high-jump Common, Maroney, and possibly Merck, should add a few points to the local score, while Staiman and Shap-pee should go well in the broad-jump.

If Coach McLane's charges can come through this test with flying colors, it behooves the other members of the Conference to be on their toes if they wish to prevent the Purple and Gold aggregation from winning the conference title next month.

CAMPUS COURT HOLDS BUSY SESSION

Campus Court enjoyed a busy session last Tuesday evening when a dozen Freshmen were arraigned for trial. Three men received punishment, while the cases of the remaining defendants were either dismissed or thrown out of court.

Frank Sindler, after having been excused from the last meetings of the court, finally answered to charges of entering the workshop ahead of an upperclassman, and of failure to wear the prescribed black tie on that day. Sindler was found guilty and was ordered to wear his tie for two weeks. He also was forced to pay a small fine and to receive a few paddles as well.

Milton Burg was found guilty of smoking in the pool room, and, after being warmly admonished, paid a fine as his penalty. Martin Puritz was charged for a continued failure to tip his cap and for a lack of "respect for anybody's rights or privileges". The defendant in this case received the same punishment as Burg.

The case of Herman Waller, for not having the required matches for upperclassmen, was dismissed.

Sindler and Puritz were found not guilty for failure to report on one afternoon last week for campus duty. The cases of Carlson, Jacquiss, King, Leach and Stafford all were thrown out of court due to a technicality which was raised by the Department of Campus Duties. The five men had failed to report to campus duty at the Field House last Thursday.

THETA KAPPA NU

Theta Kappa Nu is pleased to announce the pledging of Nevin D. Roeder.

Brother Bill Tredenick gave us a surprise visit this week-end.

KLAN ALPINE

Ray Fess '22, of the Buffalo Evening News dropped in for a short visit last Thursday.

Brothers Jack Langworthy, "Dan" Gridley and "Tommy" Thomson were week-end visitors at the house.

Room 9 has now taken to the water. Nice party, Sigma Chi!

PI ALPHA PI

Congratulations, Juniors! Splendid dance!

Letha Kemp '29, was back for the Prom.

Betty Swarouth ex-'31, came down from Buffalo for the week-end.

Ann Aulls of Campbell, N. Y., spent Thursday night at the house.

Ruth Mitchell spent the week-end in Hornell.

Miss Starr was a dinner guest Wednesday night.

THETA THETA CHI

Dinner guests Wednesday night were Margaret Skinner, Rose Dawson and Eudora Perry.

The house seemed empty Friday with the seniors up in Rochester, but they came back filled up with knowledge.

Hennie went home for the week-end and Ruth Potter went to Shortsville.

DELTA SIGMA PHI

Congratulations on a splendid Prom, Juniors.

Among the alumni who came back for the Prom were Rudy D'Elia, Gus Larson, Pat Perrone and Ken Nichols. It sure seemed good to see these boys again.

Jerry Jaquiss left this week-end to visit Don Lynn somewhere in the vicinity of Pittsburgh. They will attend an alumni banquet of the Pittsburgh branch of the Alfred graduates.

SIGMA CHI NU

Sigma Chi Nu takes pleasure in announcing the initiation of Genevieve Marshall, Katherine Davis, Mary Katherine Day, Ethel Carpenter, Margaret McCulloch, Helen Hawkey, Jane Hawk and Laura Williams.

Florence Ploetz, Myrtle Harding and Genevieve Headley were guests at the house this week-end.

Announcement has been received of the marriage of Doris Ringleka, ex-'32, to E. Chester Ballard of Hamilton.

KAPPA ETA PHI

Kappa Eta Phi announces the formal initiation of S. Franklin Horowitz, Stanley L. Ruzow Jr., William Rosenberg, Henry Roth and Ralph Wolfe.

Bunch of fast men we have—only one day late when they went down to see the pre-views in Hornell.

Nat Kahn is slightly crippled as a result of his football activities and thanks somewhat to Henry Roth.

Jay Ryskind's fastest running from now on will be away from the dentist.

BRICK BATS

Among those who went to Rochester, Friday, to observe classes at Benjamin Franklin Junior-Senior High School were Myrtle Klem, Esther Eberhardt, Margaret Skinner, Cora Hoostan, Margaret Sheffield, Margaret Lyon and Teresa Manieri.

Spring house cleaning took place in rooms 21 and 23, this Saturday. We sure are relieved!

Helen and Mary Marshall spent the week-end with their sister, Genevieve Marshall '34.

Margaret Maynard, Helen Grant and Betty VanDivenir were here for the Prom.

Ruth Fuller of Palatine Bridge, spent the week-end with Gertrude and Cecelia O'Connell. She attended the Junior Prom.

Everyone reported a great time at the Prom.

OPINIONS

"— ONLY THROUGH THE OPEN AND UNHAMPERED CLASH OF CONTRARY OPINIONS CAN TRUTH BE FOUND." — Glenn Frank

To the Editor of the Fiat Lux:—

The writer of this opinion has observed that the students and faculty read the column which is headed by the word "Opinions," and he sincerely hopes that all will take the time to read this humble contribution.

During the past year the Assembly Committee has been very fortunate in procuring for the Thursday programs, some very fine men, and if the comment of the students is any criterion, the messages which these men have brought to the Alfred student body have been well received. Sometime ago an editorial appeared in the Fiat Lux, congratulating the committee on its work, for which we are grateful. We aim to please, but needless to remark we can't please everyone. One of the great handicaps in securing more men of such nation-wide fame as Sherwood Eddy, Paul Harris, Stitt Wilson and Frank T. Wilson is the lack of funds. Nothing would please the administration of the University more than a large endowment for Assembly programs, but such a gift is far in the offing and in the meantime the committee has done its best, with the limited funds available. To one organization more than to any other, Alfred University, students and faculty alike, is greatly indebted. I refer to the State Committee of the Y. M. C. A. When the Chairman of the Assembly Committee asked for the four above named men, Mr. Sweetman assured him that they could be procured. Each of those men received a very small honorarium, but slightly more than the cost of a railroad ticket from New York. There has been much comment to the effect that the college should pay them more. Perhaps, but other colleges of this size bring men through the medium of the Christian Association on the campus. Colgate each year has a campus wide campaign to which the students contribute almost one hundred percent. Their budget runs into the thousands. Alfred has not shown itself capable of supporting such an organization. Both interest and leadership seem to be lacking. And now perhaps you would like to know what I am driving at. Just this: Can't the entire student body of Alfred go on record as supporting the Assembly programs and incidentally save the author of this contribution from embarrassment when he asks the State Committee through its secretary, Mr. Ray Sweetman, for more speakers of the calibre of Eddy, Wilson et al? How? By giving something to a fund which is to be raised as Alfred's contribution to the State Y. M. C. A. A minimum contribution from each student and faculty member of twenty-five cents would prove that Alfred appreciates to some degree what this fine organization has done for all of us. That amount is less than the cost of one matinee performance at the movies, just about what all of us see rung up in the cash register of the Restaurant three times a week. Hasn't the privilege of hearing these men been worth that to all of you? There is only one way to prove it, "Crash through with a quarter" when your fraternity brother, sorority sister or classmate asks you for it.

Thank you for your patience if you read the above, and now tell your room-mate to read it too.
J. C. McLeod.

MISS NELSON TO RETURN TO ALFRED THIS WEEK

Professor Clara K. Nelson of the Ceramic Art department is expected to return to school this week. She has been enjoying a short leave of absence for nine weeks, and has made a brief art study in Chicago.

During her recent trip, Miss Nelson attended the ceramic convention in Cleveland, later visiting the Chicago Art Institute. While in Chicago, she was a guest of Miss Myrtle French, at the Hull House.

GENERAL ORTON TO GIVE DOCTOR'S ORATION

Continued from page one. taking advantage of the natural slope of the ground. The main floor will be principally lecture rooms and ceramic laboratories. The upper floor will house the department of Drawing and Design which is now on the fourth floor of the Agricultural School. The main basement will be devoted to rooms for clay storage, mixing and plasterwork and a glass laboratory. In the sub-basement will be a large two-story chamber for kilns and furnaces and rooms for service equipment.
