

## PRESIDENT DAVIS REPORTS ON FIRE

Seemingly Favorable Outcome Hoped From Insurance Adjustors by School

Working diligently and untiringly President Davis, Dean Degen, Dean Norwood and other members of the faculty have made much progress in restoring things to a somewhat normal state, after the disastrous fire of last week, which destroyed Ladies' Hall.

To date temporary quarters have been secured for all those who occupied the building, and arrangements have been made whereby the Parish House is being used as a dining hall.

As to definite arrangements regarding a new dormitory for the girls President Davis is as yet unable to issue a statement. He has, however, stated that he has conferred with representatives of the insurance company regarding an adjustment who seem considerate toward the loss of the school. President Davis adds that he feels that they will be inclined to grant a favorable settlement.

The board, pending the outcome of insurance adjustments, has not taken any definite steps toward a program of rebuilding Ladies' Hall. It is hoped, however, that with the necessary favorable factors, work will be started at an early date on a new dormitory for women as a first unit in the future building program for women's accommodations. Presumably the approximate site of the "Brick" will be chosen for the new building.

At the present time most of the personal effects lost during the fire have been recovered. Dean Degen, effective today, will have her office in the Greene Block in the rooms formerly occupied by Chaplain McLeod. Her office telephone number will be 71-F-2, and she may be consulted as usual during her regular office hours.

## SORORITIES HOLD SOCIAL EVENTS OVER WEEK END

Theta Theta Chi entertained Saturday evening with a house dance. The guests danced to the music of Bob Stevens' orchestra of Hornell in rooms decorated simply with flowers in colors of the sorority. Guests included Miss Georgianna Kennedy, Miss Winifred Glynn of Hornell and Professor and Mrs. Saunders, Professor and Mrs. Boraas, Miss Nelson, Miss Hewitt and Coach and Mrs. Galloway as chaperones. On Sunday afternoon, Mrs. F. Place, Mrs. H. O. Burdick, Miss Fosdick and Miss Nelson poured at Theta Theta Chi for a tea honoring the faculty.

Pi Alpha Pi also entertained at a dance the same evening at Social Hall. The Royal Arcadians furnished the music for the affair which was chaperoned by Professor and Mrs. Harder, Chaplain and Mrs. McLeod, Professor and Mrs. Amberg, Miss Larkin and Mrs. Middaugh. Out of town guests including Miss Margaret Folsing of Andover; Misses Beryl Weber, Winifred Barry and Lauren Brown of Lyndonville; Lester Vance of Yorkshire and Kenneth Dunbar of Elmira.

## STUDENTS INVITED TO MOVIE

Under the auspices of the students in Dr. Nease's classical courses, two reels entitled "Rome, Ancient and Modern" and "Italy" will be shown in Kenyon Hall, next Tuesday evening, November 29th, at 8:15 P. M.

These movies, although rather short, should be of interest to many students other than those in the classical department, particularly the historically minded. For this reason an invitation is being extended to the faculty and student body in general to come as guests of those who are sponsoring the presentation.

## ALFRED-BALTIMORE TIE ON MUDDY GRID

King Mud, aided by a slashing storm of sleet and rain, ruled a 0 to 0 verdict in the game between the football teams of Baltimore and Alfred Universities on Elmira High School's gridiron, Saturday afternoon. It was the concluding game for both elevens and with the final whistle the curtain was lowered on the collegiate grid careers of six Saxon warriors.

Throughout the entire contest, however, the Purple outplayed the Baltimore team. Never once did the Southern combine, while on the offensive, invade Alfred's territory.

On every occasion, however, that the Saxons drove to within a few yards of the opposition's goal posts, Baltimore's defense either tightened or King Mud entered in to decide.

Every man on the Saxon team played superb ball to create a machine that functioned on all eleven cylinders and failed to score only because at times it became bogged or its traction slipped. Had the field been even in mediocre condition they undoubtedly would have clocked in a triumph.

With the game, six Alfred gridmen wrote finis to their football careers. Four of them were veteran lettermen of varsity campaigns, ever since three years ago when they turned in their freshman uniforms and donned the Purple and Gold togs.

The other two men were men, who also back three years ago turned in their freshman togs and donned the varsity uniforms, to keep on playing and practicing with the hope that someday, sometime they could be considered a regular—a pinnacle of success, which perhaps both achieved this year.

All six, but one, Walter "Sparkplug" Merck, were linemen who with the final whistle mud tracked their way across the dressing room threshold for the last time as an Alfred University football player. The others were Captain Jimmy Murray, end; Ralfe Klingler and Art Gaiser, guards; Donald Noe, a center and Buddy Muller, another wingman. Merck was a halfback.

During the game Coach John Galloway used several men, mostly backfield players, whom he probably sent into the fracas in the hope that perhaps in their dry suits they might get on a run for score before being smeared and weighted down with mud.

For the most part, however, the Saxons had to be satisfied to play deep in Baltimore's territory and just wait and hope for the break that never came. The nearest at any time that Alfred came to scoring was early in the second quarter when they advanced to the 12-yard stripe, and again in the twilight minutes of the third chucker when the ball rested on the eight yard line. On both occasions mud ruined the chance to score, although some consideration should be given Baltimore's defense.

The lineup:  
Pos. Alfred Baltimore  
L. E.—Teta Furganic  
L. T.—Cohen Benkovic  
L. G.—Gaiser Benson  
C.—Gregory Kingan  
R. G.—Klinger Weinzier  
R. T.—Chamberlain Long  
R. E.—Adessa Schaffer  
G. B.—Merck Hoffman  
L. H.—Firestine Bender  
R. H.—Clark Pattison  
F. B.—Hanson Alperstein  
Substitutions—Alfred: Noe for Gregory; Torello for Merck; Boylan for Hanson; Murray for Boylan; Hanson for Boylan; Muller for Clark; Baltimore: Snow for Schaffer; Claybough for Pattison; Swinn for Weinzier.

First Downs—Alfred, 11; Baltimore, 3.

Average of Punts—Hanson, Alfred, 40; Bender, Baltimore, 30.

Passes Attempted—Alfred, 6; Baltimore, 2.

Passes Completed—Alfred, 2; Baltimore, 0.

## ALFRED AGAIN ON CLASS "A" LIST

Association of American Universities Classification Committee Lists Alfred Among Approved Schools

Following a ten-year period, 1922 to 1932, during which Alfred has been on the list of colleges approved by the Association of American Universities, the Committee on Classification "voted without hesitation to confirm Alfred University upon the approved list of the Universities".

This association is the highest standardizing authority in education in the United States, demanding not only that a college reach a certain standard before it be approved, but also that the college improve to remain on the list. The institutions approved by it constitute the "Class A" colleges and universities of America.

This announcement comes from Dr. Adam Leroy Jones, chairman of the Committee on Classification of Universities and Colleges, after the committee studied carefully the progress shown by the report submitted by Alfred University. College equipment, degrees held by faculty members, ability of graduates in research, graduate study, and other fields of work, as well as the requirements for degrees, are some of the things which the committee studies in approving a college.

## NOTICE

Chaplain McLeod wishes to announce that on next Sunday, November 27th, there will be no service at the Union Church.

## GIRLS' HOCKEY TEAMS TIE

Playing on a muddy field last Tuesday evening, the Sophomore girls surprised many by holding the Juniors to a 1 to 1 tie, in the first interclass hockey game of the season. The Sophomores made a goal the first half ending it with a one point lead over their foes.

For a time it looked as if the favored Juniors were fated to lose, but a foul committed within the striking circle in the second half by the Sophomore goal-keeper gave a penalty bully. The bully, taken by Leach and Armant, gave the Juniors an excellent chance for a goal, and their captain made good the chance, tying the score.

The game scheduled for the Thursday evening following was postponed, due to the condition of the field. It will be played tonight.

The captains of the teams are: Juniors, Leach; Sophomores, Gillespie; Freshmen, Augenstine.

## GENUINE COOPERATION

Did you see the crowd at the movies last Thursday night? Where did they all come from? Were you there? If this attendance keeps up it looks as if another night, say, Saturday night, might be added. Here are the features and dates definitely booked:

Tuesday, Nov. 22d, (not Thursday) The Expert (Chic Sales); Thursday, Dec. 1st, Arsene Lupin (The Barrymores); Dec. 8th, Grand Hotel; Tuesday, Dec. 13th, (not Thursday) Successful Calamity (George Arliss); Thursday, Jan. 5th, Big Broadcast (All Star); January 12th, Smilin' Through (Norma Shearer). Then we shall have, among others, Prosperity, Cabin in The Cotton, Tiger Shark, Mr. Robinson Crusoe, Movie Crazy, Pack Up Your Troubles, and others not yet released. Alfred is supporting the enterprise. Let's keep it up.

## ALFRED THIRD IN MIDDLE ATLANTICS

Superior Team Balance of Manhattan Takes First—Union Is Second; Java Places Fifth—TenBroeck Eighth

Van Cortland Park, New York City—Nov. 21—(Special to the Fiat Lux)

Exhibiting a superior team balance, Manhattan College's veteran harriers clocked in four successive men to win the Middle Atlantic title and turn back the runners of Alfred University, who were defending the crown for the third consecutive year. The meet was run here in VanCortland Park with thirty-two schools competing here this afternoon.

Alfred, presenting a team composed of entirely new men except for Captain TenBroeck, placed third in the run behind Union College. The scoring gave Manhattan first place with other schools as follows: Union, Alfred, Lehigh, Rutgers and Lafayette for the first six places.

Java, a sophomore from the up-state Purple institution, showed superb stride and form to break up Manhattan's perfect team balance of the past several meets in which the New York School has won. In the last couple of miles of the more than five mile course, the red-headed runner passed two Manhattan men to place for Alfred.

Captain TenBroeck of the Saxons, the only veteran of past Middle Atlantic's competition, showed good form in the race. Ryan and Walsh of Manhattan, who crossed the finish line to grab off initial honors, ran the course in the time of 30 minutes 9 4-5 seconds. They were followed by their teammates, McKenna and Russell. Junk and Boermann took sixth and seventh for Union, between Java and TenBroeck of Alfred.

Summary—Scores (first six): Manhattan, 16; Union, 70; Alfred, 76; Lehigh, 112; Rutgers, 116; Lafayette, 142.

Runners (first eight): Ryan and Welsh, McKenna, Russell, Java, Junk, Boermann, TenBroeck.

## SORORITIES BID UNDER REVISED RULES

The Intersorority Council held its second meeting at Theta Chi last Tuesday evening. President, Phylbia Sheheen presided. The main issue was the revision of "bidding" rules for prospective pledges of sororities.

The following rules were put into effect by vote of the Council:

1. The "bidding of honorary members shall be after Thanksgiving vacation.
2. A time shall be set for fall "bidding" but the rules used shall be those of "open" bidding rather than preferential bidding that has been in practice.

As a result of fall sorority bidding for upper class women, for which acceptances were returned last Friday, the following women have accepted bids:

**Pi Alpha Pi**  
Ruth Harrington  
**Sigma Chi Nu**  
Erma Burdick  
Janet LaDue  
Dorothy Parmele

## ALFRED TO RUN AT BUFFALO

Several members of both the Varsity and the Freshman Cross Country squads will spend Thanksgiving in Buffalo, where they will compete in the annual Thanksgiving Day Cross Country Race. Among those who will be entered are Oldfield, Java, Cibella, Tolbert, Schlafer and Landis.

This race will give some of the runners an opportunity to survey the course of the Western New York A. A. U. Cross Country meet to be held at Buffalo on December 3rd, and for which Coach McLeod expects to choose a good squad of men.

Theoretically, as editor, we should have no qualms of conscience, no need of the necessity for a word of explanation, nor even a worry about some of the items appearing in this issue of the "Fiat Lux". However, with the existing conditions on the campus, we feel that the few short comments following are in order.

In the absence of the regular Editor-in-chief we have put out this issue. The opinions, no matter how fair or unfair in our mind, have been accepted gratefully, and may be found below. They are the expressed thoughts of different individuals with different alliances on the campus and any criticism of them, constructive or adverse, should not be treated as a personal issue, settled by more verbal quibbling, but through the mouthpiece of the campus, the "Fiat Lux".  
William Lundrigan, Acting Editor.

Still better ..... Thanksgiving is here and with it comes the thought of the nearby season of Christmas. The old thought of "Peace on earth, good will toward men" seems pretty ironic just now doesn't it, fellows?

Wouldn't it be great if we could forget old differences and more than that, make a firm resolve to watch ourselves in the future with a hope of banishing any further cause for such a discouraging state of affairs.

## OPINIONS

"ONLY THROUGH THE OPEN AND UNHAMPERED CLASH OF CONTRARY OPINIONS CAN TRUTH BE FOUND."—Glenn Frank

To the Editor:—

May I have a word to the Frosh? Yesterday, many of you freshmen allied yourself to respective fraternities on the campus, and now I should like to take the privilege of telling you some of their shortcomings that can be corrected only through you who are entering as freshmen.

In a school such as Alfred, the outstanding thing it should enjoy is good fellowship. We haven't got it, and it's all due to inter-fraternity and inter-sorority animosity and jealousy.

The cause of this ill feeling and poor fellowship is the practice of unfair politics—the greed for office and fake glory. I deny any honor or recognition of any sort to the office holders of the present Senior class, the Junior class, the Sophomore class, the Student Senate and the Varsity "A" Club because of the manner in which they obtained them.

At this point I find it necessary to add that the fraternities and sororities who hold none of these offices at the present time are no less guilty for they too took them in the same way last year.

All I ask of you freshmen, for your own benefit and for that of the school—don't go in for such cheap and unfriendly tactics. Don't let "the boys at the house" tell you which way to vote or whom to dislike.

Why not start with your class to throw this ugly practice off the campus. Impress this fact on the incoming classes until you are seniors; by that time all the weeds will be out of the garden and there will be a friendly spirit among all students instead of cliques that go in for foolish intrigues.  
D. Vezzoli.

To the Editor:—

I wish to write in regard to your editorial of November 15, 1932, condemning the pledging of an honorary member by Klan Alpine fraternity. Out of fairness to everyone concerned,

I should like to make public the facts of the case as they appear to me.

First, past records show that three fraternities on the campus have pledged honorary members in the same manner and under the council rules that now govern pledging. These records are available in past issues of the Fiat Lux. Not one of these recorded incidents of honorary pledging has ever been condemned as unethical or as a violation of the Interfraternity Council Rules. In view of these facts, the president of the Interfraternity Council has admitted that legally, Klan Alpine had the right and privilege of pledging an honorary member.

As far as the ethics of the situation are concerned, that, I think, is to be judged by the public. How this act, which is not only favored by concrete evidence but also by precedence of the entire history of the Interfraternity Council, can be called unethical, is more than I can understand.  
Leon M. Roe.

To the Editor:—

Alfred University extra curricular social activities certainly seem to be coming to the point, where they are entering upon their second childhood.

In last week's "Fiat," an article appeared implying the words, "If you won't play my way, I'll tell mama"; which is definite proof that we have returned to childishness.

As far as I can understand, we come to college to learn how to live. An important part in this education is the destruction of all our childish notions and the instilling of good fellowship and good sportsmanship.

The aforementioned article smacks of, "dog in the manger". Since we are dealing with children we will have to explain the moral of this fable, "If I can't have it, no one can". A fine attitude for a Senior at College to display.

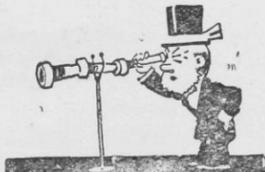

Interfraternity spirit in the broadest is the development of good sportsmanship and fellowship between men.

Has our interfraternity spirit degenerated into, "A fight to the death," rather than a "smile to the winner," no matter how much it costs?  
Non-Fraternity Student.

## "BLESSED EVENTS"

By Vezzoli

The girls who lost their "lives" in the Brick conflagration will pay well for the return of their diaries.

I thought that there was another fire in town last week. Lots of people were saying Klan Alpine was burning up.

Here are some names suggested for the Brick refugees now living in the Rosebush Block. Rosebuds, Rosettes, Thorns or "Block" heads. Take your choice.

Patrons in the Collegiate can see dancing on the ceiling and imagine themselves little fishes "afrozen in the ice".

Those frosh who attended several rush parties must have some constitutions to live, after being fed so much cider, sandwiches, air and other dainties.

Young Gale, one of Alfred's tackles, overslept and missed the bus to Elmira.

A poor misinformed frosh rapped on Theta Chi's door and asked if he could hire a couple of horses.

The boys at Delta Sig found it so hard to memorize all their good points they had to have a volume printed and passed out to the frosh at the rush party.

"Nature in the Raw"—as portrayed by Herbert Rouse, celebrated painter...inspired by the bitter hardships endured by America's first settlers in their conflict with raw, wild nature (1620). "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

**No raw tobaccos in Luckies

**WE** buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper

aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

## WORLD AFFAIRS

By History Department

The news dispatches of the past week carried announcements of new marches on Washington. "Hunger" marchers are converging on the capital, the first contingent of which is expected to arrive on the day Congress convenes. The Commissioners of the District of Columbia have issued a statement warning that no funds are available to care for them although they will be allowed to enter the city and remain as long as they are peaceful and law-abiding and can support themselves. In the meantime the Governors of neighboring States are promising their cooperation to keep them away from the Capital city. The farmers are also planning a similar march and expect such legislation as will guard against evictions and that a moratorium be declared on debts which "farmers cannot pay".

Dean Howard Lee McBain of Columbia University in his annual report made public last week, after calling attention to the turbulent state of world affairs declared that the Universities have lagged in leadership. Said he, "It is manifestly cause for regret and perhaps introspective inquiry that in the world's present emergencies so little of light and leading has come out of the world's universities—the fact is that very slight assistances appear to have been proffered by the men of the universities." On the other hand he reported his conviction that the present world crisis had induced on the part of students and faculty alike "increased seriousness and continuity of purpose".

The world-wide interest taken in the recent presidential campaign in the United States is an interesting example of the closeness of international relationships of the present day. Great Britain, France and Germany, particularly, watched with much interest the course of events because of possible influence on the problems of debts, disarmament, tariffs and general good understanding. Canada because of her proximity to the United States was apparently a bit "bothered" over the flood of campaign oratory reaching her over the air. It is reported that the Canadian Government has appointed a radio commission to go to work at once and to devise ways to protect Canadians against being obliged to listen to United States' campaign speeches in 1936.

The political situation in Germany continues to occupy very much the center of attention. Last week the von Papen Cabinet resigned. The resignation was accepted by President von Hindenburg, after it became apparent that the support of the new Reichstag could not be counted upon. In the meantime von Papen will carry on pending further Presidential action. An attempt will probably be made by von Hindenburg to form a new Cabinet with all the important political groups cooperating, and which will at least be allowed to continue in office with the sufferance of the Reichstag. Von Hindenburg is today the pivotal point in German politics. It is reported that he has in mind a Cabinet, which will be responsible to the President rather than the legislature. The part to be played by Hitler and his Fascist supporters makes the situation of particular interest to those looking on from the outside.

Last week President Hoover extended to President-elect Roosevelt an invitation to meet with him at the White House for a conference on war debts, armaments, and other problems facing the government of the United States at the present time. This is probably the first time in our history that such a step has been taken by a retiring President. The invitation has been accepted by Governor Roosevelt, and the parley is set for Tuesday afternoon, November 22. Both will have advisers present, among them being Secretary Mills and Professor Moley of Columbia University. Democratic leaders are authority for the statement that Governor Roosevelt has in mind an international conference to deal with economic problems in gen-

Several traditional battles in which no championships were at stakes, furnished thrills a-plenty for the football enthusiasts who braved wretched weather in all sections of the country. Yale showed a terrific scoring punch and an impregnable defense to send Harvard back to Cambridge with the worst beating in a decade from the Eli forces, in the mud oozing forth from the usually perfect greensward, with every step the players took. A revamped Yale team taking gambling chances even when ahead, by tossing twenty-five yard passes deep in its own territory, upset the Harvard defense. In the second quarter the Cambridge team thrice penetrated the Yale twenty-yard line, but to no avail. Michigan protected a first quarter field goal lead of three points to eke out a narrow victory over Minnesota. Harry Newman of Michigan just about clinched his All American position, by his sterling work at this game.

Notre Dame had no easy time trying to keep its team under wraps against the Navy. With nine Army scouts in the stand including Major Sasse the head Coach of West Point, neither Navy nor Notre Dame wanted to show too much. Rip Miller the former star of Notre Dame, now mentor of the midshipmen, kept his first string backfield on the bench for half the game. A victory over Army would make an otherwise doleful season a complete success. At home the Cadets had no easy time beating West Virginia Wesleyan.

We are rather proud of our pickings last week. Fordham did best Oregon State, although not a metropolitan sport writer picked them to turn the trick. In another traditional battle, Lafayette romped thru Lehigh. It has been a gloomy year for the men of Lehigh.

The Baltimore-Alfred game was witnessed by a very small crowd, most of whom were guests, the paid admissions being very small in number. It was a tough break for Alfred that so few attended as the guarantee to the Baltimore team was large. Alfred did well to hold the men from Maryland, and keep them from scoring. The Alfred offense seemed unable to click when within striking distance of a score, but conditions such as existed at Elmira were not ideal for the light fast backfield of the Saxons.

Many were the scoreless ties this week-end, but there must have been a dry field where West Liberty Teachers and Cedarville met, for the former ran up 137 points in a regulation game! What a track meet that must have been. New River State finished the season by defeating the hitherto undefeated Waynesburg team. Among the scoreless ties were at least two surprises. Manhattan held a much heavier and more powerful Holy Cross team without a score and were unable to do much against the Crusaders defense. The Syracuse team did well to hold the stale Columbia team without a score in the quagmire of Baker Field.

One game in the East on Thanksgiving Day is a stand out—that between Colgate and Brown. Both are undefeated and untied, the Maroon team having yet to be scored on. It looks like Colgate at this writing, for Colgate playing under wraps defeated Syracuse 16-0, while Brown could barely nose out Columbia 7-6, while the latter was held by Syracuse to a scoreless tie. We still believe Brown to be capable of coming back and with all odds against them, after a terrific schedule, pick the Brunonians over the Red Raiders of the Chenango.

eral and that the United States under his leadership will offer a more far-reaching program than a mere re-examination of the debt question on a basis of capacity to pay. Problems affecting the world as a whole would be discussed. Such a conference may be called to meet next April.

Congress will convene for what will probably be the last "lame duck" session on Monday, December 5th. No Congress in many a year has faced problems of as great moment as will face our national legislators this winter. Debts, reduction of the budget, new sources of revenue, farm relief and prohibition are some of the "nuts" they will have to crack. Since the election is over there will be less incentive to play politics than during the last session and we may be entitled to expect some really constructive legislation.

In his first public utterance since his defeat for re-election, President Hoover declared that the remaining months of his administration would be marked by non-partisanship. He appealed for "unity of national action in the constructive measures" already under way for economic recovery and pledged his cooperation with the incoming Democratic administration in any measures adopted, looking to the restoration of prosperity.
