HOBART SUCCUMBS TO SAXONS

HOBART'S LAST HOME GAME, 40-20

Substitutes Enter Game After Varsity
Roll Up Ample Margin For Win

Starting off with a bang, then drop-
ging into a fasten brand of ball un-
like anything that we have seen this sea-
sition in the twilight minutes, the Varsity's exerts turned the avalanche of re-
vents Saturday night, with a 40 to 20 triumph over Hobart College in the gymnasium.

Within a minute after the opening whistle had been sounded, the Saxons showed up with a forceful barrage that threatened to see the Purple score four or more times within the first five minutes, but when they had chalked up half the total points for the half.

Perhaps it was just the jolt after the storm, but at any rate, after those jarring minutes Hobart showed up with a three-figure spread. Within four minutes the Saxons had opened up an offensive barrage that looked as though it would break down the Purple defense. But after those jarring minutes Hobart showed up with a three-figure spread. Within four minutes the Saxons had opened up an offensive barrage that looked as though it would break down the Purple defense. But the Varsity had the answer to this with a powerful attack that took away the ball and put it in the hands of the Princeton football team.

Even at this point, the game was the better team on the floor. Time and again they broke through the Purple defense, but at any rate, after those jarring minutes Hobart showed up with a three-figure spread.

The Assembly speaker for Thursday is the Reverend David Braun, the minister for the University at Syracuse. His work with students at our neighboring in-
stitution has been favorably commented upon by many, and it will be a real privilege for the Alfred student body to hear this brilliant young man. Mr. Braun is a graduate of York College in Nebraska, and of the Yale Divinity School. He was for one year, Chaplain of Lehigh University, from which institution he came to Syracuse, where he has been for the past two years. He has chosen for his subject, "New Voices".

To Discuss Moods in Chapel Talks

All of us have that inner desire so acutely accentuated by this hurried manner of living and then we decide we will make it an effort to slow down and enjoy the moment. We feel that we are on the upgrade, we become the victims of the many moods that human beings are subjected to. How are we going to learn to con-

Quaint but well known is Mr. Braun's "New Voices". It is a poetic drama and the best possible approach to his subject, "The Minimum," a poetic drama and the best possible approach to his subject. His work has the comrade spirit of Walt Whitman. He wrote verse even in the age of song, and in his boyhood days, and in early life he was interested in reforming, blockprinting, ranching, and school teaching. Prima-
cularly a man of the people is he, he will discuss the mood of the day as will be evinced in the announce-

ST. PAT. PROGRAM ANNOUNCED

Famous Poet

Eduard Markham

Famous Poet

Eduard Markham, known as the crowned poet laureate of America, will come to Alfred and give a reading at Alumni Hall this evening at 8 o'clock.

A native of Oregon, and a graduate of two Western colleges, this veteran poet has the concise spirit of Walt Whitman. His verse were even for this boyhood and in early life he was interested in reforming, blockprinting, ranching, and school teaching. Prima-

In keeping with the spirit of his verse, Mr. Markham has been constantly identified with some of the most notable movements for the re-

duction of the down-trodden and oppress-
ed, including the suppression of the child labor evil. No writer of the pres-

cent day has more comprehensively written the spirit of his

Chaplain Speaks To Y. W.

"Love and Marriage"

"Love and Marriage," was the topic

led for the last two meetings of the Y. W. C. A.

choosing for his text the story of Hosea whose wife was unfaithful, the" chaplain stressed the principle of marriage as a basic institution as the ideals of love and marriage. He cited marriage dollars, the enlarging and the qualifications of the ideal man as listed in questionnaires sent out to hundreds of women.

"Most single women regret not hav-
ing married," said Mr. Markham, "for marriage is the normal state for every woman."

At the second meeting last week, a more informal forum and discussion led by Chaplain McLeod, who answer-

The rush parties will all be of a different form this year. However, the changes from last year can not be discussed at present.
WHY?

Why do we have student leadership and government in colleges, athletic contests and training, fraternities, debating, and all the other activities that are the main purpose of studying? Why not eliminate all this and just concentrate solely on getting high marks and reading the books? Many have criticized this deviation from the straight path of education as the basis of a four-year lost and good time.

In answer to why, does one come to college? Whether you have hopes of becoming a lawyer, engineer, school teacher, or street cleaner, you are here for a purpose.

During the past weeks, members of the student body have given various suggestions in the Editor that have been gratefully appreciated. However, to determine the feeling of the general student body in relation to these suggestions, the Editor has held a questionnaire. These investigations and demands of some articles that have been included or omitted, a ballot will be held last month, no men were admitted.

The Senate Acts On Repeal

Standing out at a war of economic inactivity, Congress is sitting out to do something. By a curious vote of 23 to 21 the Senate has sent to the House a proposal repealing the Emergency Government Corporation. Aside from providing for repeal this (1) includes safeguards against the growth of the resourceless territory, (2) omits the proposal in an earlier attempt, aimed at pre- venting sixty million dollars in public assistance programs that (3) requires ratification within five years, (4) provides a miraculous sum of $100,000,000 for the states rather than by state legislatures.

The House is expected to vote on the Senate resolution, and the acts are optimistically predicting a comfortable margin above the required two-thirds vote.

Don’t Be Too Hard On Congress

Times are hard, nerves are taut. It is easy to rip out extravagant do-si-do-si-do of anybody or anything in sight. Are we not a bit hard on Congress? do something, but what do we want done? Is there any point in the country at large or is there in Congress? Just what should Congress do, for example, about the plight of the farmer? Were we not too hard on the farmers? Should we be inclined to look a little cynically at the suggestions of contradictory n politicians? "Give us a moratorium on interest and lowering of mortgage interest." "No, not the tax's on the milk business." "No, not the tariff." "No, no, no!" But keep it in mind. We must help ourselves in the good old American way, so, no, forget all this high brow stuff and just give us a new post office building, and more bread for the farmer, but what?

The Far Eastern Crisis

In the epoch-making clash between the warring and the other kinds of international life as seen in the Russo-Japanese War, Nations tripped into debate the war, uncompromising attitude of the Japanese government over the Manchoukouo. The Japanese Prime Minister has been most powerful of that. The only way to get peace is for the Chinese to call on Japs from Jehol. The only way to get peace is for the Chinese to call on Japs from Jehol.

PATRONIZE THE FIAT LUX ADVERTISERS

ILLUSION:
Josie, the lovely trapeze artist, stands upon a small platform. At the will of the magician she leaps twenty feet into the air to reach her trapeze. She uses no rope, no ladder! A phenomenal leap for a woman . . . or a man!

EXPLANATION:
Josie didn't jump . . . she was sprung! The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

It's fun to be Fooled
...it's more fun to know

Magic has its place... but not in cigarette advertising.

Consider the illusion that there is a mysterious way to give cigarettes a superior "flavor." The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

Such magic, however, seldom holds the audience. Your taste finally tells you the truth.

Camels are made from finer, more expensive tobaccos than any other popular brand.

Because Camels actually pays millions more every year for choice tobaccos, you find in Camels an appealing mildness, a better flavor.

And Camels taste cooler because the welded Humidor Pack of three-ply, moisture-proof cellophane keeps them fresh.

NO TRICKS

HOBART SUCCUMBS TO SAXONS, 40-20

Continued from page one.

Grapplers To Wrestle St. Lawrence Squad At Canton, Sat.

Alfred varsity grapplers will travel to Canton this Saturday to encounter St. Lawrence wrestling team. This, the last meet of the season, means that Alfred awaits a successful finish of their season. Alfred has a strong team to bolster the Bonnies of the Purple, with a record of no defeats for the current season. Although the Saxons have not lost such an impressive victory behind them, they have demonstrated their face of strength in spite of all. Looking by only a fair margin to the successful Rochester McMaster, a team foreseen in the cost, the Alfred varsity grapplers will need to prove themselves better than average.

The Saxons, a team that most, is likely that Coach Fall will wrestle in the 175 lb. class instead of the unlimited as in the past. The return of Chou, 155 lb. man, is looked for to strengthen the Saxam squad. Chou has been cut out with an elevated shoulder and has been replaced by Nerke. Bonsk and Evans are expected to prove their heightweight classes and should start the scoring column. Walt Tulbot, one of the squad's best, will be seen in action in the lightweight class. The Saxon team also takes on the man in the next class in a hotly contested struggle that will complete the loop for a fairly good score. The Saxons have scored a good deal and should be successful for the present season, should prove to be Alfred's last. During the past three weeks the Saxons have been getting in some valuable practice and experience for a successful wind-up.

Side LIne Slants becomne more enjoyable for the one who is doing the staring. The Varsity party, Saturday night, gave the Saxons a 50 per cent chance of winning the Conference and probably barring three more losses as game as they were against Buffalo, they were never in danger. Several new faces appeared in the lineup and we become increasingly optimistic for success. Don't worry about their past few games, we couldn't help but wonder how the Genevans ever defeated Gallaway's men, and where they are too. In any event they meet roving revenge by doubling the score.
