

BRICK GIRLS PLAN PROM

Formal To Be Held In Hornell This Year

Although "The Brick" girls have no "Brick" in which to hold their annual Spring Formal Ball, a committee has succeeded in its efforts to hold the event in the Hotel Sherwood in Hornell on Saturday night, April 29th, it was announced today.

The dance promises to be one of the most auspicious "Brick Proms" in the history of the dormitory. Plans are being formulated for a full course dinner, which will be served during the time of dancing—with the dancing feature between courses and following conclusion of the dinner.

Jerry Thomas and his radio broadcasting orchestra of Elmira have been secured to furnish the music. More than 70 couples are expected to attend.

The committee is headed by Miss Dorothy Ravit. She is being assisted by Miss Billie Nichols, orchestra; Miss Theola Kilburn, decorations and Miss Mary Olney, refreshments, as well as several other assistants who later on will aid as the time of the party draws near.

Chaperones for the affair will include Professor and Mrs. Conroe, Professor and Mrs. Weaver, Professor and Mrs. Drake, Miss Conover and Mrs. Middaugh.

Organizations Disagree On Question of Loyalty Medal

Phi Psi Omega, men's honorary fraternity, has definitely decided to continue the annual practice of awarding a loyalty medal to that outstanding Senior man, who has done the most for Alfred in athletics, scholarship, and other activities.

Contrary to former practices, election of the person to receive the men's loyalty medal will be held solely among men. In effecting this innovation in the election, Phi Psi Omega hopes to put the election on an unbiased basis of merits alone.

Pi Sigma Gamma, women's honorary fraternity, is still undecided in the continuance of this tradition. Many of the members favor the recognition of five Senior women on the basis of their outstanding activities. Some favor abolishing all recognition as unfair to many women, who have worked, but have not been in the public eye.

The Fiat Lux has postponed its nominations of people for these honors until some definite arrangement can be made between the two societies. By the next issue, some definite plan should have been made, and in the next issue, this paper will announce the plan, and if in order, will publish the first of its nominees for these honors.

CLASS MAKES OBSERVATION TRIP

Thirteen members of the Astronomy class, accompanied by Professor and Mrs. Ross, went to Geneva last Wednesday, where they visited an observatory owned by Hobart College and donated by the late Mr. Brooks, a former instructor at Hobart and one of America's foremost modern astronomers.

LARGE FRESHMAN CLASS EXPECTED

Indications Point To Largest Enrollment Ever

Another record-shattering enrollment of freshmen is anticipated for Alfred University next fall. This opinion is based upon facts gathered from Registrar W. A. Titsworth, today. Since 1930, and for the past three years, each year has seen a new record for coming freshmen established.

More than 4,000 catalogues have been mailed out to prospective college students, who have requested them, it was stated today by Prof. Titsworth. This is approximately 200 more than last year, although more than five months remain yet before registration is concluded.

To date there are 15 students already enrolled as freshmen, while there are more than 30 certificates awaiting student grades with examinations this June before being accepted. Hundreds of letters have been received from all parts of the country, constituting the greatest inquiries ever made, he said.

Last year it was not until June 14th, that 15 students were formally enrolled as freshmen. This fact is looked upon as an almost sure criterion of a record class this year. Last fall the total registration of freshmen was 217, and in 1931, approximately 170. In 1930, some 150 students were taken in.

PLANS MADE FOR FRESHMAN CAMP

With election of Bernard Alexander as director at a recent meeting of the Alfred University Christian Association, preliminary plans were started for the second annual freshman camp, which will be held during three days next fall, Sept. 16 to 18 inclusive, it was learned today.

Arrangements are being made for a new camp site, it was stated. Last year the Hi-Y Camp near Angelica was used at which camp Alexander acted as assistant-director to Arthur Gaiser. It is planned to have two representatives from each fraternity and non-fraternity group next fall, who will act as counselors.

Mr. Alexander said today that he expects to have promotion literature compiled within the next few weeks and that it probably would be off the press shortly after the Easter Vacation, so that it could be mailed out to prospective freshmen of next year.

NEW MATHEMATICS CLUB MEETS

The Tri-County Mathematics Association, sponsored by the mathematics department of Alfred University, held a second meeting last Saturday evening, April 8th. The club met at Hills' Coffee Shoppe for dinner and afterward adjourned to the new Ceramic building for the meeting. Officers elected were Mr. Gus Larson, '30, of Canisteo, N. Y., president; and Miss Mary Adams of Hornell, secretary-treasurer.

The club hopes to interest all teachers of mathematics within a traveling distance in attending the meetings for discussion of problems in the teaching of mathematics.

At the present time there are nineteen members representing Allegany, Steuben and Livingston counties and including Professors Seidlin, Titsworth, Whitford and Polan of the University faculty.

The next meeting is to be held on May 13th, in Alfred.

CERAMIC SHOOL BUDGET CUT

Necessary To Reduce Ceramic Appropriation For Coming Year

The legislature of the State of New York, in carrying out its retrenchment program, has decreed a reduction in the total budget for personal service of the Ceramic College from seventy-four thousand four hundred and ten dollars to seventy-one thousand two hundred and fifty; this reduction thus averages a cut of four and two tenths per cent. The budget for maintenance and operation has been reduced from eighteen thousand three hundred to sixteen thousand four hundred and seventy dollars.

In actual practice the reduction will effect salaries of the staff in the following manner, according to the preliminary reports. All persons receiving from two thousand to three thousand a year will have their stipends cut five per cent; the cut then increased by an irregular scale up to a reduction of ten per cent in a salary of six thousand and one of fifteen per cent in a salary of ten thousand.

This will be the first event of this nature effecting the State College here. Almost every other state institution had its budget for the year reduced by the budget committee which met at Albany early in the winter; Alfred's budget was approved into at that time. Thus while other institutions have had to absorb a budget reduction and will now face this additional salary cut, Alfred will escape with the one reduction. In the case of Oswego Normal, for example, by the budget committee's action, such steps were taken as these. Of three heads of departments, each receiving four thousand a year, two were deposited and one retained at the same salary. This policy was followed throughout the proposed budget, and the salaries of those retained were cut anywhere from five to ten per cent, making a total reduction of nine thousand six hundred and thirty in Oswego Normal's budget. No such action was taken in the case of the College of Ceramics, so that the members of the staff of this institution can count themselves relatively fortunate. This attitude upon their part is evinced in their response to the inquiry which has been received as to whether the Teachers Pension Fund Contributions shall be reduced in accordance with the reduced salaries or maintained at the old schedule rates. Most of the staff wished to continue to maintain the regular rates, since they realize that this cut is an emergency measure and will not remain continuously effective.

COLLEGE CALENDAR

- Tuesday:**
Peace League Meeting at Kenyon Hall, 7:00
Theta Theta Chi vs. Rosebush Volleyball at Gymnasium, 7:00
Latin Club Meeting at Professor Nease's Home, 7:45
- Wednesday:**
Interfraternity Dance at the Field and Track House, 8:00 to 12:00
Movies at Alumni Hall, 6:30
- Thursday:**
Master Recess Begins Thursday Evening

ALUMNI DINNER HELD IN NEW YORK

President Davis Speaks To Group

Alfred University again gained prominence at the annual Alumni dinner of the New York group of the Alfred Alumni, held at the Town Hall Club in New York City last Saturday evening.

Approximately one hundred and fifty guests were present, including, alumni, directors and friends. President and Mrs. B. C. Davis, enroute from Florida, where they have been spending some time, stopped in New York for the affair. Their son, B. Colwell Davis, presided at the dinner as toastmaster of the occasion.

A special resolution approving the re-organization of the alumni which is now under way was unanimously adopted along with a resolution offered by Mr. Will Cannon '94, acknowledging the appreciation and esteem of the group for both President and Mrs. Davis in his anticipated retirement.

Speakers included, Dr. J. Wesley Miller, director of the department of finance, Mrs. J. J. Merrill '90, Mr. Charles P. Rogers '88, President-elect, Paul E. Titsworth '04, and President Boothe C. Davis, who expressed the appreciation of himself and Mrs. Davis for the loyalty and love of the alumni for Alfred and asked that they continue their cooperation with the school when it comes under the direction of the newly elected president, next fall. President Davis emphasized the need of immediate and continuous support of the alumni sustaining fund in order that the Alumni Association may go forward with its advanced program.

Election of officers followed the speakers' program at which time Dr. Fred Schroeder ex-'22, of Pearl River, N. Y., was elected President and Mr. Burton W. Bliss, '23, of Hastings-on-the-Hudson was elected Secretary.

Alfred residents who attended the affair included: Loomis Allen, Mrs. Dora Degen, Mrs. Eva Middaugh, Mrs. H. O. Burdick, Registrar W. A. Titsworth, Dr. J. Wesley Miller and Mrs. Margaret Larkin.

NOTICE!

Easter vacation officially begins on Friday morning, April 14th and will last until April 24th, Monday morning at 8 o'clock, when classes officially will be resumed, it was announced by Registrar Waldo A. Titsworth today.

Despite the fact that all this is official, the vacation unofficially begins for many students with the conclusion of their individual classes on Thursday. Students are warned, however, not to cut classes the day before vacation starts and to be present in classes when they are officially resumed or otherwise suffer the penalty of losing one hour of credit in the subject.

STUDENT SENATE PASSES RESOLUTIONS

At the last meeting of the newly organized Student Senate, the following business was transacted:

It was resolved that the Student Senate instigate and supervise some interclass athletic competitions during the first month of the school year.

The motion was made and carried that the Frosh Handbook be checked over by the Student Senate, so as to eliminate errors.

FRATERNITIES TO GIVE FORMAL

Jerry Thomas To Play For Dance On Eve of Vacation

As the last social function before spring vacation comes the annual Formal Ball sponsored by the Men's Interfraternity Council, which will be held in the gymnasium at eight o'clock tomorrow night. Softened lights and Jerry Thomas will feature this twilight dance of the current season.

Advance sale on tickets is going on in the four fraternities, Klan Alpine, Delta Sigma Phi, Theta Kappa Nu, and Kappa Psi Upsilon. First reports indicate that the attendance will approximate a hundred couples. This will insure the success of the dance and leave ample surplus for a smoker to be held soon after vacation.

Jerry Thomas comes to Alfred for this occasion, after scoring such a success at a recent Klan Alpine dance. His music has been featured over the radio and his smooth playing will provide that smart rhythm for accomplished dancing.

At the last meeting of the Interfraternity Council, it was decided that the affair should be a strictly formal program dance. These programs have been ordered from L. G. Balfour and Co., and can be obtained from the members of the committee including: Robert Spreen, Ty Cobb, John Illingsworth and Walter Merck.

Professor Cortelyou Com- ments on Radio Club

Professor Cortelyou, faculty advisor and originator of the newly founded Radio Club, explained a few interesting details worthy of your consideration in the following article:

A radio club has been organized at Alfred and may become of considerable value if the community so desires.

No one is being asked for a donation and no such move is contemplated. It is asked, however, that students seriously consider the benefits they may derive from such a club, some of which are:

1. The opportunity to play with a fascinating hobby of very little cost, to learn the code and "talk" with other amateurs in all parts of the world.
2. To learn something about a subject that is due to have a great influence in your life time.
3. To improve your ability at handicraft.
4. You name others.

A minimum fee of fifty cents per month permits limited use of the club rooms. If you desire to spend much time there you can do it at no extra cost by spending a third of that time at work on a club project, and leaving the other two thirds to your personal desires, or you may pay for the extra time at the rate of five cents per hour (not much for instructive entertainment). You also have the privilege of turning in old radio parts to pay for this extra time. Several students are planning to bring old parts back with them at the close of Easter vacation.

Here is a chance for some real fun if you have any liking for the subject at all.

FOOTLIGHT CLUB ELECTS THREE NEW MEMBERS

At the last meeting of the Footlight Club held last Monday evening, three students whose outstanding work in recent dramatic productions warranted it, were taken in. They included Miss Peggy Seese, Howard Johnson and Miss Mary Train.

Speak Your Piece!

"Practice makes perfect" is a well worn and trite statement, but it still holds good. What chance have students at Alfred to speak in front of a large body with the exception of members of the Footlight Club, President of the Student Body, and a few other privileged persons? Yet, college is supposed to prepare us for future work and everyone will have to address a large assemblage sometime in his career, even though it may be a meeting of the Hoboes Incorporated. Accepting this statement, you must accept the statement that more opportunity for practice in speaking before audiences should be afforded at Alfred.

During the past few weeks a few members of the Student Senate have been able to, or obliged to give announcements in front of the Assembly. This is some improvement and advancement, but why limit the opportunity to these few people? Why not allow all who have announcements to sit on the platform with the other speakers, make their announcement, and then take their seats in the front row with the rest of the students? This would allow an even greater number of students to become accomplished in the art of maintaining their ease before large bodies.

Along with this line of thought, more students should welcome the opportunity to debate at the meeting of the Forensic Society. This society started after a sudden spurt of enthusiasm which has gradually died out. In an attempt to stimulate this enthusiasm, debates of a purely extemporaneous type were planned, and yet few took advantage of this opportunity to speak.

Are you coming to Alfred to prepare yourself for the future? If you are, you should be one of the first to embrace every opportunity to learn the art of speaking as all important events are accomplished through the speaking and selling abilities of some individual. Therefore, back the movement for greater opportunity to speak in Assembly and help the Forensic Society to expand.

Robert Spreen

Should We Have Loyalty Medals?

Some weeks ago, the Fiat Lux began the practice of asking for student opinion through the opinion column. Since then, many opinions have come in and have stirred further thought on the respective problems. In furthering this, the Fiat Lux proposes discussion on the question:

Should the awarding of a loyalty medal be continued at Alfred? Should five people be recognized instead of one?

Send in your opinions to the editor and they will be printed in the first issue after Easter. ALL OPINIONS MUST BE SIGNED TO BE PRINTED! Names will not be printed, however.

Chapel At Alfred!

Chaplain McLeod has done wonderful work in maintaining the attendance in Chapel and has given the students much material for thought. Considering the past attendances of a mere handful, he deserves much commendation and cooperation from the students. In spite of this and the continued excellence of his talks, a change might be worthwhile.

Many students have wondered about the religious beliefs or philosophical credos of the members of Alfred's faculty. Why not have some of these members give occasional talks in Chapel concerning their thoughts and beliefs? It would be a change and might help the students to understand their professors better than they do now.

In addition, there may be some students who would welcome the opportunity of conducting a Chapel program. There must be a few who have some ideas that would interest the Chapel audience. Therefore, after Easter, why not have definite days allotted for faculty and student talks?

To the Editor:—

Recently there has been discussion concerning the abolishment of wrestling as an intercollegiate sport at Alfred. It is claimed that an appropriation from the budget is impractical because the sport does not pay for itself. Athletics are subsidized by the student fees and also by season tickets sold to members of the community other than students. One of the major attractions for students and townspeople alike, has been the Saturday night wrestling match.

Then, again, has wrestling been a burden to Alfred? It has not, when other sports are taken into consideration. Less equipment is necessary for wrestling than for any other major sport, and yet a successful team as was produced last year has brought the name of Alfred to all portions of the state. This year Coach Felli started with but one veteran, yet by the end of the season his green group of men were developed into an aggressive fighting squad of experienced wrestlers. The prestige which Alfred has gained and will continue to gain by such a group of representatives is worth much more than any amount of money the school invests. If twenty-five men were willing to spend their time and energy and undergo the constant risk of serious injury for nothing else than to further the prestige of Alfred, certainly Alfred could afford them the small financial backing necessary.

On March 31, 1931, in a vote taken of the entire student body; the result was 259 to 31 in favor of making wrestling a major sport. That is surely the reflection of student opinion in this matter.

Why put an end to all of this, when, after years of effort, a team has been built up that is capable of making wrestling bigger than it has ever been in the past? Alfred now has a group of veteran wrestlers who are waiting for the new season to start.

If you, the individual student, wish all this tradition of a clean aggressive sport to die you can sit back and do nothing. But, if you want a survival and continuance of one of the finest sports Alfred has known, you, alone, have the power to save intercollegiate wrestling from an inglorious death.

Signed "A Sophomore".

ALUMNI

Alumni organizations in various sections of the United States are planning to hold dinners within the next few weeks, according to dates received by Dr. J. Wesley Miller, who is in charge of the Alumni Association. The first dinner of the series was held April 1st, by the Washington Chapter in Washington, D. C., and last Saturday night by the New York Chapter in New York, which were attended by President and Mrs. Davis.

The other dinners that will be held includes the Olean Chapter in Olean, April 22d; Buffalo Chapter in Buffalo, May 6th; Chicago Chapter in Chicago, May 13th, and an organization meeting and dinner of an Albany Chapter in Albany on May 20th.

Lester Vance '32, of Yorkshire has signed a contract to teach at Moriah, N. Y., the coming year.

Arthur Gaiser '33, has secured a position as coach and mathematics teacher at Avoca High School, Avoca, N. Y., for next year.

NOTICE!

Whether Alfred students do or do not know it, the Fiat Lux is taking the liberty of advising those students who are in possession of cars that this week a traffic officer has been appointed to patrol the streets of the village, and drivers will be showing good judgment in obeying the traffic ordinances.

UNIVERSITY LIBRARY

Now that the Senate judiciary committee has reported favorably on the five day week bill the general subject of leisure has again come to the fore. Leisure has been suitably defined as freedom from necessary obligation—spare time. In the educational world much has been written of late about education for leisure. This principle has been well recognized by large industrial concerns where playgrounds, recreation centers, etc., have been provided for those who labor. They realize that what an individual does in his leisure hours will determine the character of his work in on-duty time. Educators are insisting that schools teach the value of leisure and how to use it in the building of lives, in the making of character. As there are today more than 26,000,000 school children between the ages of five and eighteen, a heavy responsibility rests upon those who give instruction. The boy and girl of today will be the man and woman of tomorrow. As a nation we are beginning to realize that it has become a matter of national necessity to give its citizens more leisure-time to devote to play. If our nation finally passes the five day with five hours per day bill it will put to work at once something like 6,000,000 men and perhaps give as many more an opportunity for recasting their future in the light of play and recreation.

Let us put our plans for leisure through the acid test to discover whether our spare time is being profitably used. Are our souls uplifted and enrich so that life takes on a brighter aspect—are we made happier and more contented—more kind in our dealings with others? In other words, are we rising nobly above fault-finding, unjust censure and criticism?

SOCIETY NEWS

Klan Alpine held open house last Saturday evening from seven until ten.

Music was furnished by the radio, and during the evening refreshments were served.

Guests present included: Prof. and Mrs. Saunders, Mr. and Mrs. Harold McGraw, Dante Vezzoli, Bert Gaude and Benjamin Bentley.

Sigma Chi Nu held formal initiation at its house Sunday afternoon, when ten pledges were taken in as members of the sorority. Refreshments followed the conclusion of the initiation ceremony, which made the following girls members:

Betty Augenstine, Lillian Chavis, Irene Gage, Clarida Greene, Marie Marino, Helen Parkman, Edith Phillips, Dorothy Rotmans, Doris Smith and Rae Whitney.

Members of the girls' senior basketball team held a "consolation" formal dinner at Hills' Coffee Shoppe last Friday evening.

Those present included: Misses Dorothy Ravit, Vivian Parmalee, Marie Fleischhauer, Phlavia Sheheen, Maxine Armstrong, Doris Marley and Billy Nichols.

Following the dinner the girls were entertained at bridge at the home of Dorothy Ravit.

Kappa Nu fraternity gave a informal dancing party at Social Hall, Saturday night.

The Royal Arcadians provided music

MRS. WINGATE OFFERS TIMELY SUGGESTION

Mrs. Wingate in her never-ceasing effort to aid the Alfred student in his many problems, contributes the following excerpt which should be of special interest to those who will be unfortunate enough to be turned out into the wide world this June.

Practical Uses For Cap and Gown Cap:

1. May be used as fishbowl with stationary bottom.
2. With proper motion of the head, tassel makes handy fly-swish.
3. May be used as ash-tray, or waste basket.
4. Excellent for balancing books on the head.
5. To make dumb girls look intelligent (if this doesn't work, change the face underneath).

Gown:

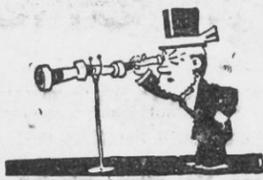

1. May be used as a pen-wiper.
2. For raincoat with detachable fur scarf, as evening wrap.
3. As a winding sheet.
4. To conceal excess poundage (if this doesn't work, reduce).

for dancing. During intermission refreshments were served down stairs.

Guests present included: Chaplain and Mrs. McLeod, Prof. and Mrs. Nease, Prof. and Mrs. Seidlin, Dante Vezzoli, Wm. Henning, Henry Blanchford, Henry Mitchell, Rudy Cohen, Michael Chause, Robert Razey and Howard Johnson.

"BLESSED EVENTS"

By Dante Vezzoli

Delta Sig's basketball team personally delivered the intra-mural basketball trophy to Kappa Nu.—A good team of good sports.

The horses are back at Theta Chi. i.e. The barn.

The boys are calling Mechanics "perverted calculus".

Since mid-semesters some of the boys have raised their index to 3.2.

Art Gaiser tried to get excused from school this week for the Jewish holidays on the strength of his nose.

If the Co-ed who wrote last week's opinion had signed her name to it there would have been 51 red faces about, or 53 boys insisting that they were one of the 3 who "didn't try to wrap themselves around" her.

There are 118,800 seconds remaining before we leave for vacation!

There's a fellow at Kappa Nu who's named after his father's chest.—isn't it so Berkman?

Why is the Stem removed from the tobaccos used in Chesterfield?

That's a very simple question to answer. The stem in a tobacco leaf, like the stem in most other plants, is "woody". It hasn't any of the flavor or the aroma that you want when you smoke. And it doesn't burn right.

So after tobacco has been properly aged, one of the first things to do is to remove the stems.

But what has this to do with your enjoyment of Chesterfield cigarettes? Just this. It means that we start right when we make Chesterfield—the right kind of leaf with the stem removed, the right manufacture—everything that science knows that can make CHESTERFIELD a milder cigarette, a cigarette that tastes better.

That's why people say "They Satisfy."

Tobacco used to be stemmed by hand—Now this machine stems 14,300 leaves every hour.

FROSH WIN CLASS MEET

Sophs Take Second Place

With one record broken and one tied, the annual interclass indoor track meet, one of the most successful yet held, became history, Friday afternoon, and showed the Frosh to be the strongest class in this sport. The points scored were as follows: Frosh 47, Sophs 38, Juniors 33, Seniors 2. The yearling class showed a well balanced team that had its strength well distributed throughout the track and field events. The sophomores threatened at various times, but did not have strength in a large number of events. During the course of the afternoon the indoor record for the 440 yard run, held by Merck, was lowered by Wallace, who also was individual high scorer of the meet with 16 points. Hodges, frosh sprint flash, equaled the 35-yard dash record of 4 seconds flat, held by Ryskind.

Several close contests furnished excitement for the large crowd of spectators that watched the meet. The sprints were all very close, and also the hurdles. The half-mile run had a thrilling finish when Wessels of the Juniors barely nosed out Oldfield of the Frosh. Among the field events the high jump was bitterly fought out for first place between Whaley of the Sophs and Carrier of the Frosh, with Clark of the Juniors also pressing hard. Whaley and Carrier finally tied for first, after both had failed to go higher than 5 feet 7 1/2 inches. In the relay race of 9-5-2-15 laps, the Junior team composed of Wessels, Henning, Wallace and Tolbert won in the fast time of 10:33.3. The Soph team of Java, Hillwig, Corsaw and Mulligan came in second followed by the Frosh, Prior, Gianassio, Hodges and Oldfield.

Summary of the meet:
35-yard dash—Hodges (F), Wallace (J), Hibbard (F), Gianassio (F). Time, 4 seconds.

440-yard run—Wallace (J), Hibbard (F), Gianassio (F), Danaher (S). Time, 57 seconds. (New record.)

880-yard run—Wessels (J), Oldfield (F), Prior (F), Java (S). Time, 2 minutes, 12.1 seconds.

Mile-run—Java (S), Prior (F), Cibella (J), Townsend (S). Time, 5 minutes, 11 seconds.

Two-mile run—Oldfield (F), TenBroeck (J), Landis (F), Olsen (S). Time, 12 minutes, 14.4 seconds.

40-yard low hurdles—Mitchell (S), McNamara (S), Vezzoli (S), Marzello (S). Time 5.2 seconds.

40-yard high hurdles—Marzello (S), Schlafter (F), McNamara (S), Suthery (F). Time, 6.3 seconds.

Relay — Juniors, Sophs, Frosh. Time, 10 minutes, 33.3 seconds.

Shot put—Hayward (F), Hanson (S), Whaley (S), Carrier (F). Distance, 38 feet.

Broad jump—Clark (J), Wallace (J), Carrier (F), McNamara (S). Distance, 20 feet, 3 1/2 inches.

Score: Frosh, 47; Sophs, 38; Juniors, 33; Seniors, 2.

SOPHOMORE WOMEN WIN INTRAMURAL BASKETBALL

In the final game of the Intramural Basketball League for Women, the Sophomores beat the Seniors, 24-14, at the Alfred gymnasium, Tuesday evening. More than thirty girls participated in this sport and Coach Shepard was highly pleased with the beneficial results derived from the games.

The results of the league are:

	Won	Lost	Rank
Seniors	0	3	4
Juniors	3	0	1
Sophomores	1	2	3
Freshmen	2	1	2

NOTICE!

Because "The Nut Club" of Hornell has lost their mailing list, they wish to extend an invitation to all their Alfred University friends to the annual Easter party, which will open the festivities in that city on Saturday night in the Hotel Sherwood. With Lent ending at noon on Saturday, they anticipate the largest attendance in the history of this annual affair. Dancing will start at 9:30 and continue until 2 o'clock with music by a 11-piece orchestra.

"Gus" Felli

Outstanding Grappler To End College Career This June

One of the best grapplers in Alfred University wrestling history will be graduated in June. He is James "Gus" Felli of Rochester. Despite this fact and the most successful season ever enjoyed by Saxon matmen, Alfred is looking forward to a record season next winter.

Felli in his Junior year, captained the team. This past season he was active training coach of the team. He is classed in the 175 pound division and has a long list of record achievements during his college career.

Felli is perhaps the most vicious and highly scientific wrestler ever to don the Purple and Gold. Coming from Rochester, where as a West High student he held the "Flower City" inter-scholastic championship in the 155 pound class from 1924 to 1926, he had little difficulty in winning a varsity letter when eligible for such in his Sophomore year.

As a high school student he also won the Niagara District A. A. U. title in the 155 division. In college he continued his championship quests by annexing the New York State Little Ten Conference win in the 165 pound division in his Junior year. Because he showed so much ability in his Junior year, he was made active coach this past season.

Because Alfred had no man eligible in the unlimited, "Gus" took it upon himself to carry out the assignment during the season just ended, even though he weighed less than 175 pounds. Here he clearly demonstrated his superiority as a "highly scientific" and even "vicious" grappler by winning two fall victories and four time decisions, although outweighed in every instance by from 20 to 50 pounds. Against Colgate, he wrestled a man that outweighed him by 60 pounds and yet obtained a draw decision.

Alfred's wrestling team owes much to "Gus" for the work he has done with the team this year, which allows him to leave behind a fine nucleus for Alfred's next year's grapplers, as well as an enviable record.

WOMEN'S TENNIS TOURNAMENT TO BE HELD

Tennis is to be one of the outstanding sports this spring.

An Interclass Singles with a Consolation tournament, an Interclass tournament are to be held as soon as weather permits.

Credit towards the letter "A" is to be given for participation in one or all of these tournaments.

People interested in tennis are urged to go out and support their class teams.

All entries must be in by Thursday, April 13th, and should be handed to Laura Williams, manager of tennis.

- April 20—Rochester at Rochester
- May 6-9—Colegate (Pending)
- May 10—Hobart at Geneva
- May 12—St. Lawrence at Alfred
- May 19—Middlebury at Alfred
- May 27—State Conference (Away)

KAPPA NU WINS BASKETBALL CUP

Win Three Out of Four Against Delta Sigma Phi

Kappa Nu, after winning three games of a four-game series won the Inter-mural Basketball Trophy from Delta Sigma Phi, at the Track and Field House last Wednesday night. The series was one of the most exciting and most closely contested tournaments seen at Alfred in a good many years. Delta Sig, having won the trophy twice, was fighting for permanent possession of the cup. Kappa Nu, playing its first tournament at Alfred, was making its bid for glory. The first game was stretched to two over-time periods before Delta Sig could eke out a two point victory. The second game was still more exciting with Kappa Nu winning by one point. The third game gave Kappa Nu a two point victory after a bitter struggle, and in the fourth game Kappa Nu came out from behind after three quarters, to win the game and tournament by a score of 21-14.

Delta Sig was greatly handicapped by the loss of Earl Mann, after the first game. He did a great deal to stop Kappa Nu's scoring ace, Nat Erdheim. However they were compensated by having "Red" Gaude, who played a most spectacular game, sinking long shots from all portions of the field. Kingsley, Gregory and Gaude were the outstanding scorers for Delta Sig, and Eugene Degan and Robert Spreen played splendid guarding games. For Kappa Nu, Erdheim, Milt Goldstone and Sam Dworitt did the bulk of the scoring, while Rinzier, Harry Berkman, Hyman Gale, Toby Silowitz and Morty Kempler alternated at the guard positions.

The whole series was marked by close basketball and thrill upon thrill for the spectators with a friendly spirit of clean play in this interfraternity contest.

Phi Psi Omega Stages Boxing Tournament

Phi Psi Omega, the men's honorary fraternity, staged its annual boxing tournament at the Track and Field House last Wednesday evening, to the satisfaction of a large group of the student body.

With Coach McLane as official referee the match began with a bout between Stanley Reiben and Charles Alden, who fought a hard battle to a draw. Toby Silowitz and MacSweeney entered the ring next to furnish the second match on the card with Silowitz proving himself victor. Mort Kempler matched against Harold Prior fought to a draw. They were followed by Chauncey Young and William Crisafelli in which match Young was given the title. Phil Comstock took his rival Charles Henderson in the next bout and Gregory defeating Bruns closed the regular card for the evening.

An exhibition match between Joe Sanovitch alias Dante Vezzoli against Willie Rube, known also as Bud Cohon developed into a combination wrestling and boxing bout with considerable display of athletic prowess on the part of both contestants. No decision was rendered as to the outcome of this event.

GIRLS TO MEET IN VOLLEYBALL THIS EVENING

Finals in the Intramural Volleyball Tournament for women will be held this Tuesday, when Theta Theta Chi sorority meets the Rosebush squad.

The Rosebush squad enters this encounter after an impressive win over Pi Alpha Pi sorority last Tuesday, by a score of 9-15, 15-13, 15-0. Theta Theta Chi followed with a 15-8, 15-9 victory.

IN THE SPOTLIGHT

"Wild Girl" with Joan Bennett and Charles Farrell will be featured by Alfred Co-operative Pictures in Alumni Hall on Wednesday night, the night preceding the day that school is officially closed following annual Easter vacation with the conclusion of all Thursday classes. The picture is said by New York critics to be one of the most entertaining films to be produced this season.

The vehicle presents a picture of California in the days of the gold rush with an unusual romance of that colorful period interwoven. Raoul Walsh is said to have set a new standard in bringing a bygone era to the speaking screen with the film.

The story deals with the coming to a remote mining camp of a mysterious stranger in Confederate uniform, with a secret purpose of his own. His arrival awakens the interest of the camp's belle, Salomy Jane, a high-spirited and rather madcap daughter of the South, who heretofore has had no patience with the pleas of her various suitors. When the stranger kills the camp's leading politician, the Vigilantes start after him, and despite the girl's efforts, he is captured and sentenced to hang.

At the last minute the stranger escapes with the posse and especially one rejected suitor hot on his trail, and matters reach a gripping crisis when Salomy tries to aid him in getting away. How she effects this, with the help of the camp's leading gambler, forms the denouement of the story.

Stars Play Unusual Roles

Miss Bennett's part is far removed from any of her previous characterizations, and Farrell's departure from his customary society roles is equally notable. Both players are said to reveal hitherto unsuspected talents in their work, and the support of Ralph Bellamy as the big-hearted gambler, Eugene Pallette as a swaggering stage-coach driver, Irving Pichel as the vengeful suitor and Minna Gombell as a dance-hall girl, has been specially planned to enhance the performance of the principals.

It was announced that several of the year's box office hits have been secured for future programs. "I Am a Fugitive," "The Big Drive," "The Conquerors" and "20,000 Years in Sing Sing" are four of them, while four foreign films that proved the most outstanding in Europe showings are also included. Among the foreign films are "A Nous La Liberte," "Zwei Menschen" and "The Road to Life".

As an added attraction, the news reel of the inauguration of President Roosevelt will be shown. The show will start promptly at 6:30 o'clock on account of the Interfraternity Dance to be held later that evening.
