

START PLANS FOR FESTIVAL

VARSIY CAGERS REGAIN MORALE IN VICTORY AND DEFEAT WITH ALLEGANY COLLEGE AND BONAS

Varsity's Ability To Toss Free Throws Gives Victory Margin Over Allegheny—Stage Pretty Stall In Last Minute—Bonaventure Game Went To An Extra After Lead Sea-Saws Back and Forth During Last Half

Varsity cagers looked with a certain amount of pride on their accomplishments of last week. Winning 24-22 over Allegheny College, Thursday night, the Saxons came back with that fighting form that characterized their playing earlier in the season, but went down to a 35-30 defeat at the hands of St. Bonaventure College, Saturday night.

Allegheny flashed a spasmodic offensive during the initial half, that for a little while looked as though they were unstoppable. The fact that Alfred was able to take advantage of the free throws allotted to them was perhaps the one thing that kept them in thick of the battle during the first half.

In fact, through the foul route Alfred broke the scoring ice, tallying three points. Then Allegheny's center dropped a long one, which was duplicated shortly after when Adessa cut in for Alfred. At this point—with Alfred leading 5-2—the visitors opened wide to cause the Saxons plenty of worry. In less than two minutes the Allegheny team advanced its score up to 10, while Alfred was held to a standstill.

Alfred called time out. With time in, the playing became tighter. For a couple of minutes neither team registered. Then a pass to Young from Hayward started the merry-go-round, as six minutes remained to play in the half. A few seconds later, Young added another two points with a long steve, to bring the Saxons within one point of the Allegheny lead.

Three minutes remained to play, and (Continued on page two)

Led by Eugene Lee, giant pivot man, the Bonnies came back in the second half with a terrific offensive that smothered the Saxons. Lee's most effective work was not accomplished, however, until after Alfred's sophomore center was forced from the game via the foul route.

The game was the hardest fought and fastest played on the Alfred hardwood this season. And although defeated, Coach John Galloway's men displayed a worthy brand of ball—a brand somewhat different than has been exhibited in the last three or four games and more on a par with that of the first part of the season.

Both teams fought the leather under the opposition's backboards with the slow break to the defensive resulting in a contest that at times grew pretty rough. Playing was about even up during the entire game, although Alfred did have the slight advantage until the last few minutes of the final half.

During the early minutes of the game, the Indians got the drop on Alfred and forced the Saxons to their utmost to gain the lead. Three minutes had been played before Lee from (Continued on page two)

NEWMAN CLUB ADDRESSED BY BONAS' PREXY

Rev. Father Thomas Plassman Declares Simplicity And Lack of Formal Education Does Not Impede Appreciation

"Simplicity and the lack of formal education by no means impedes our wonderful gift of appreciation," believes The Very Rev. Father Thomas Plassman, President of St. Bonaventure College, who recently addressed members of the Newman Club, Catholic students' organization and others of Alfred University's student body, on the subject, "The Advantages of a Liberal Education."

"Liberal Education," he said, "Originally meant the training of the free born citizen. It has the tendency to raise us socially and intellectually, and to be effective college education must be liberal. It should be the purpose of every liberal arts student to look forward to our future life."

"In medieval times, theology was the queen of the sciences," said Father Plassman, "And because of the need of the theologians to know of general things, the natural sciences were developed and incorporated into the college curricula."

"We must look downward to nature and the work of God; upward for divine guidance, and above all look backwards," warned the speaker. "Have reverence for the past. It can teach all something. We must get back to real and genuine philosophy."

"Should modern science stop us from using our intellect? Our century is not the leader in all things. Our language is surpassed by that of the ancient Greeks; medieval German literature is greater than ours; our architecture is merely imitative. In brief the masters of the past cannot be forgotten," he declared.

The alphabet, according to Father (Continued on page four)

PROGRAM NEARING COMPLETION INCLUDING SIX BIG EVENTS; ELECT EXECUTIVE COMMITTEE

Two Day Festival Will Be Held March 14 and 15—Special Assembly and Tea Dance Wednesday With Short Classes and Half Holiday—Formal Ball To Be Held Friday Night—Will Elect Queen In Assembly

With the program fast nearing completion and enthusiasm among the students already at a high pitch, confidence was expressed by members of the executive committee today, that the second annual St. Patrick Festival on Wednesday and Thursday, March 14 and 15, would equal and perhaps surpass that of last year.

THE PROGRAM

Wednesday, March 14th

- 10:30 A. M. St. Patrick Arrives At Ceramic College
- 10:40 A. M. St. Patrick Parade To Alumni Hall, where he will speak, and senior engineers and faculty will be knighted
- 2:30-5:30 Tea Dance at Ceramic College
- 7:00-9:00 Open House at Ceramic College
- 8:00-11:30 Motion Pictures at Alumni Hall

Thursday, March 15th

- 3:00 P. M. "Clean-Up" 3-Act Play to be presented by Footlight Club in Alumni Hall
- Starting at 8:00 or 9:00 Formal Ball
- 10:00 P. M. Coronation of Queen

Six major events already have been arranged for the two day festival. On the initial day, only two short classes will be held in the morning, with the rest of the day being devoted to the inauguration of the program. The objective of the festival is primarily one of publicizing Alfred University.

More than 700 out-of-town visitors attended last year's festival, principally the open house, which as of last year, will be held from 7 to 9 o'clock on the initial night. The committee is confident of a much larger attendance of out-of-town persons this year.

Outstanding to students' interests will be St. Pat's Parade on Thursday morning and the tea dance in the afternoon. The Footlight Club play, "Clean-Up" in the afternoon and the climax the formal ball that night constitute the major events on Friday. All students, however, are urged to attend the Open House, Thursday night, and assist in guiding visitors through the Ceramic College.

The parade, followed by the unique assembly, promises by far to be bigger and better than last year. Much effort is being put on this, especially, to make it so. Much interest has been shown by various groups on the campus regarding floats for the parade, with as many as 15 floats already promised.

St. Pat Elected

St. Pat already has been elected from among the Senior engineers. His identity will be kept secret until the day he parades before the student body: His Queen will be chosen by student vote, probably in assembly, Thursday. She will be coronated at the formal ball.

As yet, the hours for the formal ball have not been settled. In any event, however, there will be five hours of dancing allotted. Several nationally-famous bands are under consideration, including Sleepy Hall, Tal Henry, Mickey Kay, and Julian Woodworth.

Whitney Kuenn is president of the executive board in charge. He is being assisted on the board by Miss Ruth Whitford, secretary-treasurer; William Butler, student-secretary and Crawford Hallett, student treasurer.

Committeemen include: Neil Turner, formal ball; Ross Cibella, parade and assembly; Lester Henry, Open House; Glenn Gregory, Tea Dance; Bud Dewey, advertising; Charles S. Hopkins, publicity and Donald Morris, movie and play. Dean M. E. Holmes is faculty advisor.

ALUMNUS SECURES JOB

H. C. Baldwin, class of '23, has secured a position with the American Art Clay Company of Indianapolis. He is to take complete charge of their laboratories.

ALUMNI PLAN MEETING HERE AT CINCINNATI CONVENTION; PRESENT C. F. BINNS MEDAL

Alumni of the Ceramic College are looking forward to a meeting here in the near future, it was decided among some 40 Alfred alumni, faculty and students at the annual convention of the American Ceramic Society in Cincinnati recently. Six faculty members and 13 students attended.

A feature of the convention was the presentation of the Charles Fergus Binns medal for outstanding achievement in the ceramic field. Frederick Carder of the Corning Glass Works received the award. It was presented by Dean M. E. Holmes in behalf of Dr. Binns, who was unable to attend the confab because of illness. Dr. Hostetter of Corning, president of the Society, also lauded the Ceramic College in his annual address.

One of the most enjoyable events was the Alumni dinner at which some forty Alfredians were present, including students, faculty and a number of alumni. It was agreed that there should be held in Alfred a meeting of the alumni in the near future to develop a program of work for the

coming year in the interests of all concerned.

Ceramic College Praised

President Hostetter of the American Ceramic Association devoted a large part of his annual address to Alfred interests. He said in part:

"In June our Society officially participated in the dedication of the new building and laboratories of the New York State College of Ceramics at Alfred. At this ceremony one of our distinguished ceramists and charter members, A. V. Bleininger, was honored with the degree of Doctor of Science. Your President had the privilege and honor to present to Dr. Davis, the retiring President of Alfred, an illuminated scroll from the American Ceramic Society, testifying to the service he had rendered to ceramics during a third of a century. This occasion will be remembered as an outstanding event in the history of ceramic education—the dedication of the first school of glass technology in America. This school meets a long-

(Continued on page two)

LATIN CLUB TO PRESENT FREE MOVIES

Ancient Italy and Greece will come to life again tomorrow night at 8 o'clock in Kenyon Memorial Hall, when two motion pictures depicting those great civilizations will be shown. An invitation has been extended to any members of the student body who wish to attend. There will be no admission.

The program is sponsored by the Latin Club. Dr. Nease is faculty advisor to the organization. It is expected that he will be present at the program, to explain various phases of the movies.

It is said that the program not only is an educational one, but also intensely interesting. Only a limited number can be accommodated, however, and the policy "first come, first served" will be observed regarding seating arrangements.

TO GIVE PRIZE FOR FESTIVAL ST. PAT PARADE

With a large mahogany plaque with silver mounting of victory emblem and engraving being offered as a prize, strenuous efforts under Chairman Ross Cibella are being made this year to make the St. Pat's Parade one of the feature events of the two-day festival.

And according to present indications the offering of the six by eight inch mahogany plaque is bringing about the desired results. In a meeting of the various campus organizations the other night, Cibella said that at least 15 floats already have been promised.

Rules, as provided by the executive committee, declare that the prize will be a permanent trophy to the organization which wins it. Also, any organization may enter as many floats as it desires. Originality and cleverness will determine the winning float. The judges will be announced later.

Fanny the Frosh says: It made everything clearer when someone said the monster in Beowulf looked like King Kong. All she knows is what she sees in the movies.

FIAT LUX

Published every Tuesday during the school year by the students of Alfred University with office in the Gothic.

Entered as second-class matter October 29, 1913, at the post office at Alfred, N. Y., under Act of March 3, 1879. Subscription \$2.50 yearly.

LET'S GO, ALFRED!

The greatest event in Alfred University social circles is just around the corner, namely, The Second Annual St. Patrick Festival. Here, students, is an institution worth preserving. Last year it brought hundreds of visitors to the campus we are justly proud of, to say nothing of the fun we all had in making it the big success it was.

Co-operation was the keynote of last year's success and co-operation will be the keynote of a bigger success this year. Valuable experience was left to the executive committee in charge. Yet, that experience will be little or nothing unless the executive committee is backed, supported, bolstered and strengthened by the co-operation of the student body.

Everyone can co-operate. There are three major ways. The initial one is by your patronage of the various events that hundreds of dollars are being invested in, principally for your entertainment at virtual cost prices. Secondly, by sending the formal invitations, given you by the festival staff, to your friends and finally, by seeing to it that the social group with which you are associated with on the campus, has a float in the prize-competing parade.

CONGRATULATIONS TEAMS!

Congratulations Varsity on your two basketball victories this past week. One was a victory by score; the other a triumph in morale. By far the student body appreciates the latter of the two victories. It proved that Alfred athletes "can take it" and yet come back for more. In arithmetical defeat you were more glorious than in your score victory over Allegheny, reclaiming that morale, which we now feel confident will send you fighting with that true Saxon spirit against Colgate, Thursday night.

And you too, freshmen—the student body is watching your record smashing season with keen interest. Keep it up.

AND THE ATHLETIC DINNER

Comes word from President Edward King of the Student Senate, that the dinner cannot be held. We sympathize with "Ed," because he did try hard to establish this most worthy precedent. But then, this only serves to illustrate, as previously stated in this column,—what the lack of co-operation can do. However, plans have been started for the first annual athletic dinner sometime next Spring.

ALUMNI PLAN MEETING HERE

(Continued from page one)
standing need. We wish it every possible success."

"On November 9, your President, Dr. Hostetter, officially represented the American Ceramic Society at the meeting at Alfred at which the New York State Ceramic Industries Association was formed. This Association has great possibilities in furthering the technical and commercial interests of the ceramic industries of New York State."

Alfred's Group Largest

Another point of interest was the reception given to the college students which was attended by approximately seventy students representing the New York State College of Ceramics at Alfred, Ohio State, University of Illinois, North Carolina State College, Missouri University, Washington Col-

lege, Rutgers and Georgia Tech. Of these, Alfred had the largest representation. The chairman of each group introduced his associates and described the local activities of his college.

Students Armstrong, Beeton, Davis, Dewey, Hallett, Henry, Hopper, Kuenn, Richmond, Ricker, Tolbert, Wessels, and Young represented Alfred. Several obtained jobs or prospects for jobs.

Ross Purdy was presented with a new automobile as a gift from the Society, replacing the car demolished on his trip to Alfred last November to attend the organization meeting of the Ceramic Industries Association of New York.

Fanny the Frosh says: She is so disappointed in the log tables she was supposed to order. It turned out to be a little book.

Nathalie M. Shepard

NATHALIE SHEPARD

By Ann Scholes

The spirit of Alfred seems to be so much a part of Miss Shepard's character that it is difficult to imagine her belonging somewhere else. However, other schools and other interests claimed her before she came to Alfred University.

She was born in Buffalo, N. Y., and attended Waterloo High School. Then she studied for three years at Ithaca School of Physical Education from which she was graduated in 1928. Miss Shepard enjoyed her work there and excelled in it, too. She won the gold medal awarded to a senior for the best work in a competition which included all the activities of the three years.

After graduation, Miss Shepard taught physical education at Pauling High School in Queens county. She is justly proud of the fact that during the first year, her basketball team won the county championship. For five years she was a playground director in Olean and assistant director of all Olean's playgrounds in 1931.

This is Miss Shepard's fourth year in Alfred. The first three years she spent as a student in the university. She took the pre-medical course and majored in biology. Last June she was graduated with a Bachelor of Science degree. During the summer, she started work for her Master's degree in physical education at Columbia teacher's college.

Being Alfred's assistant director of physical education gives Miss Shepard daily experience in other people's recreations. When she has time for leisure she's not interested in sports or athletics. She would rather read a good book or play her violin. Books of travel and books in German are especially interesting to her. She hopes to combine her love for travel and for the German language in her last year at Columbia by taking a trip abroad to study physical education methods in Germany.

Very few of Miss Shepard's ambitions are personal. Most of them are for Alfred. She would like to improve her department so that every girl could take up the particular phase of physical education which interested her most. A new gymnasium with separate facilities for men and women would help to accomplish this aim.

Miss Shepard sets an example of good sportsmanship and friendliness that her students would like to follow. Her membership in Phi Delta Pi, the national honorary physical education sorority is proof of her ability in her own line of work.

TWO MEETINGS PLANNED BY RADIO CLUB MEMBERS

Alfred's Radio Club will hold two meetings Wednesday and Thursday nights. The meeting Wednesday night will be held at 8 o'clock in the club rooms, at which time business matters will be cared for. Thursday night's confab is for the purpose of the theory class and will be held at 3 o'clock in the State College of Ceramics.

Six new members have been taken into the organization, it was announced today. They are Professor Ray Polan, Kenneth Roberts, John Prehorne, Stephen Grennell, Peter De Carlo, and James Prutsman. This brings the membership up to approximately 25. All others interested in the organization are urged to attend either meeting, it was said.

ALLEHENY

(Continued from page one)
then Adessa and Serene opened a free throw duel. Serene of Allegheny was fouled in shooting. He made both good. On the next play, Adessa of Alfred was fouled in like-manner and in like-manner he added both points. Then after a minute or two, Serene was again fouled. He added another point. Likewise, Adessa was fouled and as the half ended he chalked up another point for Alfred, making the ledgers read 13-12 in Allegheny's favor.

Shortly after the second half opened Lubic was fouled. His successful free throw put Allegheny two points in the lead. Then for five minutes both teams battled on a par, until Young cut in to register a field goal and dead-lock the score at 14 all. This was the signal for an Alfred offensive. Minnick dribbled in to break the deadlock in the Alfredites' favor. A foul chalked up by Young put the home team in a three point lead, but not for long.

A foul, followed shortly after by a basket when Hibbs cut, again tied the score at 17. A long steve by Young threw Alfred into the lead again, but a couple of minutes later it was again deadlocked, when Lubic tallied. Alfred's diminutive captain broke the tie shortly afterwards with another free throw, but on the next play, Weber of Allegheny had the same opportunity and made good.

Seven minutes remained to play, when Minnick cut in to again throw Alfred into a two point lead. The Allegheny lads matched strides with Alfred though with Webber sinking a long one to tie up the ledgers at 22 all with five minutes remaining. Then for four minutes both combines fought like madmen to gain the advantage, as the crowd literally raised the roof with its cheering.

Then Adessa dribbled into the nets. The ball rolled the rim and off into the hands of Alfred's giant center, Edleson, who tipped it in, giving the Saxons a two point lead with about one minute to play. Jumping the ball at center, Edleson, as he had done throughout the evening, obtained the tip and with the ball in Alfred's possession, the Purple gave a pretty exhibition to freeze the leather from the anxious hands of the Allegheny cagers.

The summary:

Alfred Varsity	F. G.	F.	Pts.
Loyatty, r. f.	0	0	0
Young, l. f. (C)	4	3	11
Edleson, c.	1	2	4
Minnick, r. g.	2	0	4
Adessa, l. g.	1	3	5
Hayward, r. g.	0	0	0

	8	6	22

Officials: Watt, Hornell, referee; Hill, Alfred, and Way, Allegheny, scorers; Alden, Alfred, and Lavelly, Allegheny, timers.

SCHEDULE DEBATES WITH OSWEGO AND HOUGHTON

The next debate will be held with Oswego Normal school at Oswego on March 19. Arrangements are now being made to have Houghton debate at Alfred and possibly Geneseo Normal.

The next meeting will be held on Wednesday, Feb. 28 at 7:45 P. M. in the Greene Block. There will be a practice debate on the N. R. A. question.

The following week, the Forensic society will debate with Prof. Boraas' reflective thinking class.

It is necessary that two more debate teams be formed in order to carry out the program of the society for the rest of the semester. Pre-law students are urged to take an interest in this work.

All are invited to be present at the next meeting. An open forum discussion will be held after the regular debate.

ST. BONAVENTURE

(Continued from page one)
in under the net broke the scoring ice in the Bonnies' favor. On the next play though Adessa cut to tie up the count. Then a foul by Lonergan and a field goal by Aloxin put the Brown and White in a 5-2 lead.

Then Eric Loyatty, sophomore forward, who incidentally played a whale of a game, cut for the basket. He made his shot good and being fouled in shooting was given opportunity to toss a free throw, which he did to put the Saxons in a 10-6 lead. A foul by Lonergan and a basket by Saporito threatened this lead. Loyatty, however, again put the Purple ahead by a safe margin, when in the last couple of minutes he registered two field goals—one by a long shot and another in following up Adessa's attempted steve.

Coming back to the hardwood after the rest period, the Saxons forged steadily ahead for about five minutes. Alfred was leading 14-9 at the half. A foul by Young and his field goal, when Minnick passed, as well as a free throw by Adessa shoved the Purple into an 18-10 advantage. Mattola during this offensive added one point to the Bonas' score. Then things happened.

Alfred though came back with all the fury of a hurricane. Edleson followed up Minnick's long shot to break the tie. Loyatty added another point with a free throw and a couple of seconds later, Adessa sunk a long one. Alfred then was leading 23-18 with six minutes to play. Then Bonaventure annexed Alfred's hurricane qualities.

BONNIE'S RETALIATE

Saporito opened the comeback with another pivot spinner. Then McGonigle sunk a long one, with Lee a few seconds later dribbling in to add two more points. He was fouled and although failing to make the foul try, Edleson, who consistently during the night outjumped Lee, was forced from the game. Lee's field goal though put the Bonnies in a 24-23 lead.

From this time on it was tit for tat. Saporito scored a field goal, but a couple of free throws by Adessa a few seconds later with Young on the next play adding another foul point again deadlocked the count at 26 all, with two minutes and forty-five seconds remaining.

A long steve by Young put Alfred into the lead with about a minute remaining to play. Lee, however, chalked up on a short one to again tie up the score with Faust heaving a long one to put the Bonnies into a 30-28 lead with only seconds remaining. It looked bad for Alfred, until Young let loose a long steve. It was good. Obtaining the tip-off, Bonnies took the ball down towards Alfred's basket. The gun sounded, but not being heard, play continued for a second or so with a Bonaventure man scoring. An extra period was ruled.

Fighting like madmen and with the crowd literally raising the roof with a deafening roar, both teams battled away for the first three minutes of that extra period. Finally Lee got loose. His basket sewed the game up, but not content with this, Saporito a couple of plays later added two more points. In the last half minute, Faust was fouled and made good to add one more point to the Brown and White ledger.

THE SUMMARY

Alfred	F. G.	F.	Pts.
Loytty, r. f.	4	1	9
Young, l. f.	4	4	12
Edleson, c.	1	0	2

SOCIAL NEWS

THETA NU

Brothers Hallet, Kuenn, Davis, Wessels, and Vince Young returned Saturday after an eventful week attending the Ceramic Convention in Cincinnati.

We have acquired an all-important and most popular addition to the house, in the person of "Pop" Tesnow's dog, otherwise known as "Fritzi".

DETA SIGMA PHI

We wish to announce the informal initiation of the following men, which took place on Friday night, February 23rd: Jack Merriam, Weston Drake, Bob Karlen, Edgar Strong, Raymond Baschnagel, Keith Fraser, James Schelzo, and William Richards. These men will be formally initiated at a future date.

Brother Wallace and Murray spent a "very, very" pleasant week-end at Canisteo.

Brother Bertram Gaude spent the week-end at his home in Silver Creek.

KAPPA PSI NOTES

Kappa Psi takes pleasure in announcing the formal initiation of the following men: Stephen S. Bartlett, Eugene J. Barvian, Russell A. Buchholz, Frank Giannasio, Lishure A. Mike, Robert J. Nagele, Stanley E. Niles, Harold W. Sayles, Samuel R. Scholes, Harlan F. Jacobs.

Hell-week for our pledges is over. Their preliminary army training has made them suitable recruits for West Point (?)

We are wondering who St. Pat is this year? We'll have a float somewhere behind him. Pat Tisi is working on it now.

THETA CHI

"Down sweeps the chill winds from the mountain peak" (Pine Hill).. Twenty-two heads pop from under the blankets, get a whiff of the cold air, and duck back in again. Pity those with seven o'clocks!

One has not really appreciated warmth until he has slept upon an open sleeping porch with the thermometer registering 45 below zero.

So forgive our red noses!

We have elected Mrs. Baker, our cook, the most popular person in the house. She is to be presented with a solid gold frying pan sometime in the future.

SIGMA CHI

Sigma Chi Nu is pleased to announce the formal initiation of Mrs. R. O. Hitchcock as an honorary member.

A couple of the seniors are moaning around in search of an effective substitute for "Sloan's Liniment". They forgot that the floor had recently been waxed and their attempts to kick the chandelier ended somewhat disastrously.

Our "Messy" seems to be operating a beauty salon. Manicures, mud packs, and shampoos are nothing to her. In fact, her latest venture resulted in one of her gentleman friends appearing at the Theta Nu dance bearing a striking resemblance to an Australian Bush man.

We celebrated our tenth birthday with a dinner Monday evening at Social Hall. The speakers, Miss Ford, Mrs. C. M. Potter, Miss Marie Marino, and Miss Margaret Place were introduced by Miss Gen Marshall.

PI ALPHA PI

Miss Shepard and Miss Harris were dinner guests Sunday.

Those of us who have birthdays in the summer, seriously regret the fact. Measures are even being taken for the revision of certain dates. Don't ask too many questions when someone has a birthday in June, when they were born in August.

ject "when certain people look at him."

THE BRICK

The Brick dance was a big success (in more ways than one) but its glory is rather over shadowed by the prospects of the coming Spring Formal. Yes fellows—that's right—you had better call the "little woman" and ask her up to Social Hall. After all, it's just a game of "See Who Gets There First"

WHO—OO ?

Pi Alpha Pi house is not haunted. Sleuths working on the mystery of the strange noises that seemed to come from the sleeping porch have determined, that they did not come from the porch but the barn at the rear of the home.—And the noises, well, they are being caused by a little, white owl. One of the girls noticed him the other day. Since then he has been under constant observation. According to reports, the owl doesn't mind the weather a bit.

TWO CLUBS MEET

The Mathematics and Physical Science Club met in the New Ceramic Building Thursday night, to hear interesting talks by two members of one of Prof. Potter's physics classes.

Deegan's talk centered about Plonk's theory, the relativity theory, and the quantum theory. Michael Chous spoke on the "Temperature of Space". Members of the club are requested to consider whether it would be more convenient to hold meetings on some night other than Thursday.

Overheard In Conference

Wanted: A new man for a certain well known vivacious brunette who emphatically refuses to be taken for granted.

A bit tardy, but a very happy late birthday to Jean Williams.

Why does Alyce insist that no one has any strings on her?

A bunch of last week's celery to those fellows who didn't show up for their "blind date."

Who is the snooty young Freshman girl who declares grandly that she would rather walk than ride.

That's the wrong girl "Rog".

Dear fellow columnist writes:

Did you tell everyone how you can ski?

Now, don't try to fool the people, Norm.

BARTLETT NEWS

"Aha, My proud Beauty, So you won't talk—eh. Well to the torture chamber where I'll weep my willow way on you—heh, heh, heh, and heh." Nothing to worry about folks, nothing at all. It's just Doug. Nevins going into his song and dance—and you should see him step.

Farmeo Davis wanted to know if Fanny the Frosh was really a Freshman and whether she lived at the Brick. After the laughter had stopped, Bob Paul piped up, "Well—does she?" And speaking of Paul reminds one of his advice to the Co-eds not only of Alfred but to all the leading Eastern colleges. The other day he waxed philosophic and he said, "Unless complete surrender be made sensible, a moral viewpoint will be sure to enter". And to his rommie, Butterdunk, he said, "Even a parasite would die without fruits of encouragement." Bring on your Plato, Socrates and Aristotle.

"Left - right - left - right, forward march." What's that—war in the Orient? Oh no, it's simply the Kappa Psi pledges rehearsing. Look how proud John Barvian is—just because he knows how to hold a gun and click his heels properly.

The worms crawl in and the worms crawl out but this particular worm gets into your hair. Ask Fox to tell you who the Worm is.

With a deep frown and a fierce glare, Dal looked at Steve. It seemed as if Dal had been the victim of some real college joke. What was it you slept with Dal?

My, how popular Squirt is. Such popularity must be deserved. Say—did you see Jacobs get Red.

KAPPA NU

We blush and yet we are thrilled in return to the compliments tendered the various brothers, concerning our Winter Formal dance. Nothing new and yet something different. Our guests were Karl Scott, Newell Wallace, George Ball, David Reamer, Ross Evans and Howard Johnson. The congenial chaperones were: Chaplain and Mrs. McLeod, Coach and Mrs. Galloway, Coach and Mrs. McLane, Dr. and Mrs. Seidlin.

Professor and Mrs. Myrvaagnes were guests to dinner Sunday afternoon, and saw our house for the first time.

SPOTLIGHT

"Son of a Sailor", with Joe E. Brown in the lead, will be featured on Thursday, March 1. This is the story of a sailor who gets into as many escapades as can be packed into one show. His bragging manners and resourceful extrication from trouble make it very amusing and well worth seeing.

At the same time, "The Entertainer" will be shown. This is a two reeler, Sunshine Comedy with Will Mahoney and his accordian.

There will also be an "Oil Can Mystery", a news reel, and a piece called "Woodland Pals".

"Night Flight" will be the feature on Saturday, March 3. The cast alone is enough temptation to movie fans that no urging to attend should be necessary. John Barrymore, Helen Hayes, Clark Gable, Lionel Barrymore, Robert Montgomery and Myrna Loy are six stars of the upper realms in the picture world. They carry this story of the skies along to the land of Never To Be Forgotten Pictures. It is an airmail story of brave men who go forth into the black night on deeds of daring and of women who stay home and wait. It is a drama brimming over with thrills, tense moments, and heart action.

In addition, there will be a funny two reel comedy and a Krazy Kat cartoon.

HOPPER ISSUES CALL

Manager Larry Hopper of the 26th annual Interscholastic Track and Field Meet today had issued a bulletin to all underclassmen, who wish to compete for future executiveship of the meet. Those underclassmen desiring to work for the managership are urged to get in immediate contact with Manager Hopper at Delta Sigma Phi House.

FRESHMEN CAGERS TRIUMPH OVER LIMA AND BONNIES, TO CONTINUE UNDEFEATED

Lima Seminary Succumbs 41-8 Before Terrific Freshman Barrage—Bonnies Put Up Game Fight But Forced To Accept 29-18 Defeat—Subs Play In Both Games

Freshmen cagers increased their list of victims to twelve this past week, winning two more games. Lima Seminary was defeated easily by a 41-8 score. St. Bonas' Freshmen were bowled over by a 29-18 score in a harder fought game.

Although the visitors fought doggedly for the leather, they were no match for the superior Alfredites, who already have earned the reputation of being the strongest quintet in their intermediate prep class throughout this section of New York State and Northern Pennsylvania.

From the opening until the final whistle, it was a rout for the Purple basketballers. At the end of the initial quarter, when the regulars had piled up a substantial lead, Mc. Lane began his substituting in an effort to make the game more even. The substitutes, however, clicked with equal precision and continued to add points to Alfred's side of the ledger, while the Lima lads were veritously helpless.

The visitors, however, were apparently off-form. At least their mentor was seemingly striving to obtain a clicking formation against the rapid offensive of the Saxons, for he too substituted at ease, using all of his available men in vain a attempt to check the Alfredites.

The summary:

Alfred Frosh	F. G.	F.	Pts.
Paul, r. f.	2	0	4
Schackter, l. f.	3	0	6
Davis, c.	3	0	6

VARSITY AND YEARLING CAGERS TO CLOSE SUCCESSFUL SEASONS AWAY FROM HOME THIS WEEK

With but two more games to play this season, the Frosh basketball team is looking forward to running their winning streak to fourteen games. Already the most successful basketball team in Western New York and Northern Pennsylvania, the yearling cagers are out to defeat Genesee Normal and Shinglehouse this week.

Alfred will be at a slight disadvantage when they tackle both of these teams away from home. They are expecting the most trouble from the Genesee five. On their small home court, the Normal team is a formidable opponent. However, the Frosh team intend taking them into camp this Friday for their thirteenth win.

On Saturday the Frosh will play Shinglehouse at Shinglehouse. Having already encountered no difficulty in overcoming the high school team, the Alfred cagers should have no trouble in making them their fourteenth victim.

Although never threatened in the loss of their wide-margin, early lead, the Saxon quintet nevertheless was pressed by the Bonnies from the opening whistle until the game was curtailed. Furthermore, every basket garnered by the Saxons came only after plenty of hard work, and not with the seeming ease as has been the case in most of the previous other games.

At the end of the initial period, Alfred led 9-0. Then McLane began substituting with the second quarter play. The second string men worked almost as efficiently as the regulars though and when the half ended, although playing had been a little more even, the Saxons were leading 20-8.

The third period was the tightest quarter of the game. Both teams added equal pointage to their columns. Alfred, however, encountered tough luck on several of their shots. The count stood 25-13 at the end of the period. Unable to break the jinx, Alfred in the last quarter continued to find difficulty in chalking up baskets, although outplaying the Bonas' lads.

The summary:

Alfred Freshmen	F. G.	F.	Pts.
Oberhanick, r. f.	1	2	4
Schackter, l. f.	4	1	9
Davis, c.	4	2	10
Schumaker, r. g.	1	1	3
Fargione, l. g.	1	0	2
Paul, r. f.	0	0	0
Fargione, c.	0	1	1
Scholes, r. g.	0	0	0
Jones, r. g.	0	0	0
Oberhanick, l. g.	0	0	0
Scholes, l. g.	0	0	0
	11	7	29

St. Bonaventure Frosh G. G.	F.	Pts.	
Fesla, r. f.	3	1	7
Cain, l. f.	1	0	2
Kinney, l. f.	0	0	0
Ospadalo, c.	3	1	7
Wren, c.	0	0	0
O'Harire, r. g.	1	0	2
Hoffenberg, l. g.	0	0	0
Wren, l. g.	0	0	0
	8	2	18

MATMEN FACE LARRIES HERE IN LAST MEET

Victory For Saxons Over Highly-Touted St. Lawrence Team Is Hoped For—Meet Starts At 8 P. M.

The Varsity matmen face their toughest opposition of the year when they clash with St. Lawrence in the Track and Field House Saturday night. This encounter brings the Saxon wrestling schedule to a close.

To date, the Purple and Gold grapplers have beaten Colgate, but in turn have succumbed to Buffalo, Rochester Mechanics, and Stroudsburg Normal. The Varsity, led by Captain Lou Greenstein, veteran 165-pounder, and supported by such capable men as Evans, Riley, Tolbert, Nevius and Bertini, will give the Canton lads plenty of trouble.

Despite the uncertainty in the heavyweight division, Coach Felli will present a well-balanced, experienced outfit. In all probabilities, Evans will wrestle in the 118-pound class, Riley 125 or 135-pound division, Nevius in the 145-pound class, Tolbert in the 155-pound class and Greenstein in the 165-pound class. The 175-pound and unlimited divisions are still in the tentative state, with the possibility of Bruns, husky sophomore, filling either berth.

Bolstered by a string of victories over such teams as Ithaca Y. M. C. A. (25-12), Ithaca College (23-9), and Syracuse Y. M. C. A. (20-12), the Larry Varsity expects to add Alfred to her list of victims. "Doc" Kavanagh's charges are captained by Gall, who, prior to his defeat by Okum, former Syracuse National Intercollegiate champion, won sixteen collegiate victories. Their probable lineup will be as follows: In the 118-pound class, Quinelle; 125-pound class, Gall; Baltz in the 135-pound class; 145-pound class, "Soupy" Campbell. Either Covell or Slater will wrestle in the 155-pound class; Norwalk in the 165-pound class; Paquete in the 175-pound class, and Roberge in the unlimited class.

Quinelle and Baltz are somewhat inexperienced, but Campbell, Paquete and Roberge are veterans in their weights. The latter two wrestle in an easy and deliberate manner, while the former goes through his bouts in a more swift and precise fashion, it is said.

The St. Lawrence team, as a whole, has a great deal of "staying power"

The Saxon matmen have trained diligently for the meet. A record crowd is expected.

TO DISCUSS PLANS FOR FESTIVE DAYS IN SOCIETY MEET

Further plans for the second annual St. Patrick Festival will be discussed and various reports on the annual convention of the American Ceramic Society meeting in Cincinnati a few days ago heard at a meeting of the Alfred Ceramic Society in the State College of Ceramics at 7:30 o'clock tonight, it was announced today by President Whitney Kuenn.

It was urged by the president that all underclassmen and junior and senior engineers attend the meeting. An active part in the St. Patrick Festival has been planned for members of the society he said, especially the underclassmen, who within the next couple of years or so, will assume the conduction of the festival.

Charles Butts, class of '99 will represent Alfred University at the inauguration of Dr. W. M. Gray as chancellor of American University at Washington, D. C., on March 3.

Fanny the Frosh says: Heard it was so cold last week that mechanical refrigerators ran backwards to key their temperatures up.

ASSEMBLY ADDRESSED BY ST. BONNIES PREXY

(Continued from page one)
Plassman, "is one of the greatest inventions of modern men."

He added too, that "the newspapers of today are doing most of our thinking," and further stated that it was a grave fault of modern people, "who are constantly imitating each other and taking someone else's judgment for their own."

In summarizing his topic, Father Plassman enumerated the advantages of a liberal education as history, which steadies and broadens one; languages, which delight and make one appreciate those things which others possess; philosophy, which deepens and broadens one; religion, which lifts our minds to God and which without, "would be like a statue without a head."

PACIFIC COAST ALUMNI MEET

Dr. J. Wesley Miller has received a letter to the effect that the Pacific Coast group of Alumni recently held a meeting at Marshall's Rendequans, 645 South Flower St., Los Angeles, Calif. Twenty-four members were present. They started plans for a picnic reunion to be held during the summer.

The President of this group is Herbert W. Widderd, class of '26. Mrs. H. A. Bardeen is the secretary.
