

## Pottery Treasures Given To Ceramics School By Noted New York City Collector

Pieces Date From 1580 B. C.—Gathered From All Parts Of World—Value Not Known—Donor To Come Here Tomorrow

A lifetime collection of old tile, treasured relics of the ancient world, has just been presented to the Ceramic College and is now on display in the Assembly room of the Ceramic building. The gift includes 210 specimens, some of which date as far back as 1580 B. C., from Egypt, Morocco, Persia, Spain, the Holy Land and Syria, and was presented by R. Guastavino of New York City.

Mr. Guastavino, a noted authority on old tile, had heard of the work of Dr. Charles F. Binns and of the Ceramic College, and wishing to perpetuate his private treasures, wrote offering them to the school. After several months of negotiations, the collection has arrived here. Mr. Guastavino will be in Alfred tomorrow to explain the history of the various pieces and to help decide how to mount them for display.

Authorities of the Ceramic College have made no estimate as to the monetary value of the collection. One of the most prized specimens is a fragment of tile showing mosaic work made in the 17th century. Another is a fragment of an Egyptian work made in the period 1580 B. C. Two rare tiles display the coat of arms of Spain and date from about 1575 A. D.

The work as a whole is very delicate in coloration and shows amazing skill on the part of the ancient craftsmen in being able to glaze over such complicated colors without their blurring or diffusing. The wide variety of colors is handled apparently with as much skill as experts of the present time employ.

The collection has more designs than are contained in the Hispanic Museum in New York City, considered the largest in the world. It took Mr. Guastavino more than three weeks to go over the collection and make a resume of its history.

Dean M. E. Holmes has issued an invitation to anyone interested in viewing this unique display to see it at the Ceramic College.

## Latin Club Has First Meeting

Talks by three members formed the program at the first regular meeting of the Sodalitas Latina, Monday evening at Sigma Chi Nu house with the Misses Doris Smith and Rae Whitney, hostesses.

After a short business meeting topics were given: "Latin, a College Heaven" by Estelle Makeley; "Roman Beauty Culture" by Mildred Smith and "The Modern Classical Club" by Gladys Neu.

Two new members, Thelma Clark and Richard McClure, were invited as guests.

Games and refreshment were enjoyed during the course of the evening.

## Fraternity Rushing Finished, Life Assumes Natural Course

"After the ball is over..." The end of pledging season always brings that song to mind with all its pathos. This year it was the same show all over again.

Five weeks ago the stage was set. The audience was in its place, and the last strains of the orchestra were coming up from the pit. The "boss" of each fraternity snapped his whip and the actors jumped into their characters. The show must go on. Sympathies were thrown aside as the campus prepared to give the Frosh and other newcomers their first glimpse of the inner circles of fraternity life.

Of course, it was artificial; it was intended to be. Everyone took it for granted, even the potential candidates. Who ever saw a good show that did not have some spurious content? When the "frats" put on their show they were doing their duty as true trouper on the collegiate stage.

Superior acting was witnessed this year on the part of fraternity brothers. Some assumed characters and parts too great for their ability. These men are to be complimented for their fine showing, but many observers on the campus have noted that the part some of them played were superior to their own personalities—and they have asked the question, "Why can't they keep right on acting?"

Every year prophets have said that things would change, that a better spirit would prevail among the frats. It can be said, with little doubt, that this year has witnessed a change for the better. To quote one student—"There are some mighty fine fraternity men on the Alfred campus. They neither assume a character at the beginning of the rushing season nor do they change at the end. You can depend on them to play the part of a gentleman at all times."

## Schools Hear Glee Club In First Concerts

Hope For Successful Year In Tour Of Schools

The University Glee Club under the direction of Prof. Ray W. Wingate had a successful trip last Friday on the initial day of their 1934-1935 season.

Four autos conveyed the sixteen men to Woodhull for a 9:30 a. m. program, to Jasper for a program at 11 o'clock, followed by a chicken dinner at the Methodist church; to Greenwood at 1:30 and to Andover at 3 o'clock.

The members of the Club were elated over the reception received on this trip, and their hopes are high that they can make Alfred more widely and favorably known than has any former Glee Club.

Next Thursday and Friday the singers will make their second trip, visiting schools in Westfield, N. Y., Brockton, Silver Creek, Gowanda, Springville and Ellicottville. Director Wingate and Dr. J. Wesley Miller, University Director of Finance and Manager of the Glee Club, expect this trip to be unusually crowded and difficult.

## Believe Recess To Come Early

Thanksgiving recess will begin at 12:30 p. m., Wednesday, Nov. 28, instead of at 5:45 p. m., as has been the custom for many years, according to a rumor current on the campus this week.

While it was not officially confirmed that school would be dismissed early, the rumor was that the faculty had voted to take this step in order to allow students to reach their homes by the morning of Thanksgiving Day.

## Move Assembly Ahead To Hear Stories Of Orient

Assembly will be held on Friday instead of Thursday this week in order to hear an address by Mrs. Harper Sibley, the first woman speaker in Alfred in several years.

Mrs. Sibley was a member of Laymen's Commission for Investigation of Foreign Missions and is at present a counselor to women at the University of Rochester. Her address probably will be a description of her work in Japan, China and India.

## Form New Camera Club With Twelve Members

Twelve Alfred students, all amateur and professional photographers, met last week for organization and election of officers of a group to be called the Camera Club.

It is planned by the group to buy equipment collectively and establish a dark-room with full developing, printing, and enlarging apparatus.

Officers elected were Dorothy Rotmans, Rochester, chairman; Margaret Barvian, White Plains, secretary; and Harold Riegger, Nutley, N. J., treasurer.

After organization has been completed and a charter drawn up, the club plans to ask recognition from the University.

## Newman Club Will Hear St. Bonas' President

The Rev. Father Thomas Plassman, president of St. Bonaventure College, will be the speaker at the regular weekly meeting of The Newman Club at 7:30 o'clock, Wednesday night in Kenyon Memorial Hall, it was announced Monday by Andrew Fedor, president of the club.

The meeting will be open to all students and faculty members who wish to hear Father Plassman, Fedor said. The St. Bonaventure president is known as one of the most widely read and vivid speakers in the country. Fedor said that he did not know what Father Plassman's topic would be, but on the basis of advance meager information believed that the St. Bonaventure executive would speak on some topic of education.

Dr. Paul Saunders

## Gives 300th Lecture During Current Tour

Dr. Paul Saunders, head of the Alfred University chemistry department, went over the three-hundred mark in his series of liquid air demonstrations late last week, during a brief tour of northern New York State.

Explaining the mysteries of "frozen" air to high and junior high school audiences, Dr. Saunders has traveled over most of New York State and parts of Pennsylvania, carrying incidental information concerning Alfred's science department.

## Follies Making Rapid Progress

Rehearsals Are Directed In Big-City Style—Date Is Nov. 26

Rehearsals for the Junior Follies are going along at the rate of genuine big-city productions, with the dance directors putting the chorines through their paces every night, and with the director shouting hoarse criticisms at the actors.

At the present rate, the production will have two perfect dress rehearsals before its showing November 26. Anticipating a large audience, Jerry Rosen, director, author and producer of the show, is starting an extensive publicity campaign this week.

This year, the budding song writers of the Alfred University student body have written eight original songs for the follies which will have the campus whistling for weeks after the Junior Follies has passed into history as a well-rounded production.

Many innovations will mark the presentation of this year's show. One of these surprise features will be the souvenir programs which will be given to the audience. The style and character of the show will be, in itself, an innovation, and promises to be excellent entertainment.

### NOTICE

The Student Senate Association of Alfred University wishes it known that it will honor no bills unless these bills have been previously authorized by the Student Senate.

The Student Senate is drafting its budget, and any organization wishing to be included must see David Reamer, the treasurer, before Monday, November 19.

Signed  
Marion Clements  
Secretary

## Frosh Hold Sixth In Dance Lesson Series

The freshman dancing class held the sixth in a series of weekly lessons in the fundamentals of dancing at Social Hall, Monday evening. Between 30 and 40 boys have been attending these classes since the second Monday.

An effort is being made to have the students continue the dancing class in a cooperative manner. Having mastered the simple steps, they would gradually learn the more intricate steps from each other. This undertaking should be quite successful in view of the marked inclination of many to continue the class. About 25 girls from the Brick were present as partners for the last few lessons.

Mrs. Margaret Wingate, who has charge of Social Hall, has expressed the hope that "all the people who live in the dormitories, and all others who are otherwise non-fraternal, will make it a point to drop in and get acquainted with other campus members on Monday evenings. This night was selected for the use of these groups because Monday evening is given largely to fraternity and sorority meetings. Because of the limited space on the dancing floor, it is requested also that those people who come on other evenings will not come on Monday."

## Editors Choose 1935 Kanakadea Staff, Features

Dorothy Saunders, Irene Gage Made Assistants To William Bruns

INTEREST KEEN Appointment To Staff Of Business Manager Only Temporary

Announcement was made today of the staff and other features of the 1935 Kanakadea, junior year book, by William Bruns, editor, and Charles Henderson, business manager.

Dorothy Saunders of East Rochester and Irene Gage of Forestville have been made assistant editors. Their duties will consist of supervising other departments and in general carrying out the plans of the editor and business manager.

Other appointments are as follows:

Editorial  
Marjorie Sherman, faculty editor; Michael Java, senior editor; Doris St. John, junior editor; Eugene Ostrander, photography editor; Donald Hayward, men's organization editor; Ruby Way, women's organization editor.

Al Muffit and Margaret Barvian, art editors; Bruce Potter, cartoonist; Arthur Gibbons, football editor; William Godfried, track editor; Patrick Tisi, cross country editor; James Capasso, basketball editor; and Dorothy Rotmans, secretary.

Business  
Harold Syrop and Francis McAndrews, assistant business managers; Elmer Rosenberg and Leslie Pither, Bauman, Marie Marino and Bernice Tanner, advertising managers.

Appointments of circulation and advertising managers are not definite, Henderson says, hence the names given are those of promising applicants.

Unusual interest has been shown by the juniors this year in the Kanakadea since the 1935 year-book will be different from any of recent years, in that it will mark the hundredth anniversary of Alfred's inception.

According to tentative plans of the editors, the book will symbolize in picture and in prose the growth of Alfred from a relatively unknown "school on the hill" to the present university with its colleges of liberal arts, ceramics, agriculture, and divinity.

## Announce Faculties For Collegiate Centers At Salamanca And Medina

Selection of a faculty for the Collegiate Centers sponsored by the Alfred University at Salamanca and Medina was completed this week.

At Salamanca, Ross G. Foundwick of Attica, who received his M. A. degree at Syracuse University, will teach French and German. Miss Mary Erick, M. A., Columbia University, and A. B., Hunter College, will teach mathematics. C. D. Smith of Brentwood, who has been working for a Ph. D. degree at Columbia University, will teach English. Emerson G. Chamberlain, M. A., Cornell University, will teach history.

At Medina, B. J. Youker, M. A., Columbia University, who has been a high school teacher and executive, will teach history. Richard Elliot, M. A., University of Pennsylvania, will teach English. Paul Herring, Ph. D., Cornell, will teach German and French.

## Students Practice Teach In High Schools

The first group of Dr. Gilbert W. Campbell's Practice Teaching class to be sent out this year includes:

Miss Charlotte Jazombek, Mathematics; Ralph Williams, Science; and Marion Clements, English. They will teach at Belmont High School.

Miss Mandalay D. Grems, Mathematics; Albin F. Anderson, Chemistry; and Betty Hyde, History, to teach at Friendship High School.

Miss Mary R. Olney, French and Latin; Miss Martha Cornish, English; Miss Loretta Thompson, Mathematics; Miss Janet LaDue, Chemistry; and Andrew Knebel, History, to teach at Addison High School.

Miss Barbara L. Galton, Mathematics; Miss Virginia Bardeen, Latin and English; and Miss Mary Curry, General Science, to teach at Nunda High School.

David L. Reamer will teach Chemistry at Alfred High School and Burdette R. Nash will teach Chemistry at Hornell.

The other members of the class will go out in successive two week periods.

## HAS NEW POSITION

Dr. John A. Lapp has resigned as Chairman of Bituminous Coal Labor Board, Division II, and has been appointed as a Board Member of the Petroleum Labor Policy Board, with offices in the Lemon Bldg., Washington, D. C. Dr. Lapp graduated from Alfred University.

## Students Hunt While Others Hide Selves

A-hunting we will go—  
A-hunting we will go—  
Heigho and cheerio—  
A-hunting we will go.

The exodus is on. Treks for the wilds of Pine Hill and points on all sides of the campus are on. With vicious looking guns swung from the crooks in their arms, determined looks upon their faces, and a soon-to-be satisfied pang in the region of the stomach, these students trudge onward, and in the aforementioned wilds a timid hare stops in its tracks, a sudden feeling and realization of the shortness of life dawning upon it.

The trend in appetites has swung to welsch rarebit, roast squirrel, and all kinds of small venison. Shortly there will be a multitude of fur coats upon the campus, at least, if all the mutterings of these erstwhile hunters are to be taken as truth.

Too, latest reports from the Infirmary are that emergency headquarters are to be set up. We all know how eager and quick to fire these hunters are. We think that, in the interests of safety, now is a good time to warn all those people who are the proud possessors of racoon coats or hats not to wear them—raccoons are in season and hunters are a bit impetuous—mistakes will happen—a word to the wise is sufficient.

To those men who have shown proficiency and success in the sport, we hope that you bag a lot of game—Have a banquet, and while you're at it, why not invite the staff of the Flat Lux up to help you down your reward?

## Profs and Students Act Up In Old-Time Melodrama Monday

### Math Department Head Made State Regents Committee Member

Dr. Joseph Seidl, head of Alfred University's mathematics Department, has returned from Albany with an appointment for two years on the committee of preparation of high school regent examinations in the state department of education.

Dr. Seidl was in Albany assisting in making out examination papers for the January tests. The two year appointment is testimony to his success. The committee consists of four other members selected from throughout the state.

### Frosh Argue Abolition Of Alfred U. Athletics

Four Freshmen last week debated the topic, "Resolved, That Inter-Collegiate Athletics Be Abolished at Alfred". Mrs. Warren P. Cortelyou was satisfied with the results. She suggested that instead of having freshmen on the varsity team, there being no definite rule omitting them, Alfred University should have a Frosh team.

This would permit debates against normal schools and high schools, which the varsity team is not allowed to debate. Freshmen are to choose the same topics as the Varsity team. It is hoped that many Freshmen of both sexes will now turn out.

Almost all the thousands of rifles used by "rebels" in Nicaragua, Haiti, etc., against the American Marines were made in New England and that the Nicaraguans boast of their trusty "Yanquin" guns.

## Frats Pledge 66 New Men; Rushing Ends

Take In Fewer Men Due To Interfraternity Council Ruling

Entertain Future Members

Pledges Put To Work Cleaning Frat Houses

With the rushing season now over, the rushing committees of the fraternity houses can once again relax. From now on, it will be the pledges who will do all the rushing—around the frat houses. All told, there are 66 new pledges to keep their respective fraternity houses clean. This number is smaller than that of last year due to the Inter-Fraternity Council rulings.

Last Wednesday night the fraternities gathered their new pledges at the various houses. There the new men were entertained and congratulated.

The following are the men pledged by the fraternities:

Theta Kappa Nu: Robert Bruns, Monticello; Malcom Brundage, Andover; Robert Erdle, Silver Creek; Harold Hammell, Nunda; Roger Jewett, Mount Vernon; Hugh Risley, Ontario; Robert Schurr, Churchville; Marlon Streeter, Greenwood; John Weaver, Nunda; Elmer Holmes, Port Jefferson; John Slack, Whitesville; Wilson Conrad, West Valley; John Young, Buffalo; Roger Young, Buffalo.

Delta Sigma Phi: Walter Blundered, Syracuse; Arnold Bodine, Nunda; Thomas Fisher, Skaneateles; Jud Gustin, Burlington, Pa.; Melrose Hall, Oneonta; James Hodnett, Bolivar; James Hoffman, Bolivar; Robert (Continued on page three)

## Northside Wins Meet At Alfred

Alfred University, last Friday, was host to the annual Interscholastic Cross Country run.

Corning North Side repeated its last years performance and won the meet with a total team score of 56. Edison Tech High School of Rochester finished second with a team score of 59, and was the only school out of the seven entered to give Corning a run for their honors.

Wisner, running with a pretty stride, of Corning North Side, won first place honors in the time of 15:56 for course A. From the start the Corning boy had things his own way. K. Mackey, also from Corning North Side, was second followed by Rowland of Naples and Allen of Canandaigua.

Ghosts of the days gone by will fit through the air of Firemens Hall next Monday night, as members of the Wee Playhouse dramatic group revive the old-fashioned melodrammer, "Gold in the Hills" or "The Dead Sister's Secret".

As the innocent "Little Nell" falls into the clutches of Richard Murgatroyd, the villain in this presentation, the audience will recall the good old days of the nickleodeons and "The Sidewalks of New York".

At the crucial moment, just as the bemoustached villain says, "Tell me, or I will strangle it out of you!" in walks our hero and saves the day and the heroine, to which the villain mutters, "Curses on you all."

Under the direction of Miss Erma B. Hewitt and Miss Hazel Humphreys, the cast includes both students, professors, and townspeople, who are as follows: Lizzie Jones, Miss Elsie Binns; Barbara Stanley, Little Nell's sister, Ann Scholes; Hiram Stanley, an honest farmer, Prof. A. D. Bond; Nell Stanley, his daughter, Imogene Carpenter; John Dalton, a son of the soil, Harold Babcock; Richard Murgatroyd, from the city, Maurice Patterson; Sam Slade, his shadow, L. Eugene Reynolds; a derelict, Harold Syrop.

Also Big Mike Slattery, a dance proprietor, S. R. Scholes; Pete the Rat, Gilbert Smigrod; Old Kate, Ruth D. Whitford; Little Tommy, Donald Polan; Slick Steve, Elmer Rosenberg; Mamie, Queen of the Bowers; Elizabeth Dunham; two Bowers girls, Saxone Ward and Sally Greene; Bill the Dip, Thomas Carew.

Also Chuck Conners, Bowers guide, Joseph Sarandria; Reginald Vanderloop an uptown swell, Prof. Boras; Mrs. Vanderloop, Mrs. A. E. Champlin; Edith Vanderloop, Helen Cottrell; James H. Glue, a sightseer, Chester Taylor; Rose Robinson, a favorite songstress, Lois Scholes.

## ALFRED READY FOR I. C. 4 A IN NEW YORK

### To Make First Bid For Intercollegiate Honors—Saxon Harriers At Peak Form Following Brilliant Rochester Win

Alfred University for the first time in its history will enter the I. C. A. A. Cross Country classic at Van Cortlandt Park next Monday.

Alfred, fresh from its victory over the highly rated Rochester team, should be in the best of condition. The team has come along slowly this year and at times have suffered defeat, but when they hit the hills of Van Cortlandt every man will be at his best fighting to bring honor back to the Saxon Campus.

**Java Going Strong**  
 Captain "Red" Java will be running his last race for the Saxons. This year "Red" has worked hard, and has taken all runners faced this season, except Kerr of Cornell. Next Monday Java will have a chance to get back at Kerr. In doing this feat "Red" has showed his heels to many of the best harriers in the country. Alfred looks to "Red" to bring the individual honors of the race back with him.

Oldfield and Minnick running true to form these days are looked to finish well up in the scoring. Alfred's chances to finish within the first five teams will depend greatly on the showing of Dawson and Van Campen. Running the way they are they keep Alfred's score down.

**Many Teams Entered**  
 The teams entered this year include the newcomers Alfred, Bowdoin, Lafayette, and Lehigh. Long with their nominations came those of the old standbys: Colby, C. C. N. Y., Columbia, Cornell, Dartmouth, Harvard, Maine, Manhattan, M. I. T., Michigan State, N. Y. U., Penn State, Penn, Pitt., Princeton, Rhode Island State, Rutgers, Syracuse, and Yale.

Outstanding among these is Michigan State, the defending title-holder as the result of an upset triumph over the highly favored Manhattan combination a year ago. These two teams are again expected to fight it out with Russell, leading Manhattan, and Ottey Michigan's star.

Among the men most likely to take Russell or Ottey are Veysey of Colby, Venzke of Penn., Jenkins of M. I. T., Smith of Rutgers, Minor of Yale, and Java of Alfred. This year 226 runners will face the starter with these athletes representing 23 institutions. This is the largest number of runners since the banner year of 1929.

Sixteen colleges have named 170 athletes for the yearling test. The schools which have named freshman teams are Alfred, Columbia, Cornell, Dartmouth, Lafayette, Maine, Manhattan, M. I. T., N. Y. U., Penn State, Pitt, Princeton, Rhode Island State, Rutgers, Syracuse and Yale.

### Announce Mid-Semester Grades Nov. 26 Or 27

Mid-semester grades will be issued Nov. 26 or Nov. 27, it was announced today from the Registrar's office. Actual mid-semester exams are not required but may be given if the various professors so desire.

By this method students will be marked largely on what they have done during the course. It is thought this will eliminate much "cramming".

## THE INQUIRING REPORTER

Question: "Should Chapel be done away with on Thursday in favor of an earlier assembly?"

Chaplain McLeod says, "As chaplain of the college, my answer coincides with the faculty vote at the beginning of the college year. It is "No". I see no more reason for omitting chapel than any class scheduled in the curriculum of courses. Why should the administration play nurse to voluntary extracurricular activities, by setting aside specific time from regular college activity to allow under-graduate meetings to be held? If members of classes and honorary societies have no more interest in those organizations than to attend meetings held in a building where the administration has compelled them to assemble, I see no reason for omitting one of Alfred's oldest traditions, voluntary Chapel, in order to aid them."

Michael Java, a senior says, "Sure! As it is now, the assemblies are crowded for time. There is no time extra for any class meetings or club organizations. There is a group of about 50 who are waiters and waitresses in the various fraternities, sororities and dormitories. In all fairness to them I believe that this extra time should be granted."

Carl Scott of the class of '35 believes that an earlier assembly would prove advantageous to the student body, as well as to the speaker or entertainer himself. In the first place it gives an ample opportunity for class meetings; secondly, it affords the speaker time enough to do justice to his talk. The students working in the "frats", sororities, and dormitories would not be so hard-pressed for time either.

Bob Cooley of the class of '36 says that it is his firm conviction from the standpoint of a regular Chapel attendee that we should have an early assembly on Thursday. This would alleviate the problem of cramming college business, announcements and the regular program into so small an allotted time. At present, it is almost impossible to conduct a program or to give an interesting speech. Why not change the assembly and give "us" a break?

## SHEER DRIVEL

By The Three Jeers

"A good little faculty humor," All the students cry, So the Jeers, hearing the rumor, With this request comply.

### DO YOU KNOW YOUR FACULTY?

(Answers on Page 6)

1. Who highly seasons his lectures with "as it were" and "if you will"?
2. Who gets all of a dither over "Lamb"?
3. Who makes an annual pun on the comparison between primitive and modern man as both going to "hunt bear"?
4. Who's Alfred's man in the little green hat?

T'was the night before the Scholes family was to move to Alfred; Little Ann knelt beside her bed to say her prayers. After going through her usual "Now I lay me down to sleep"—the child hesitated and said, "Good-by now God, I'm going to Alfred."

Through a reliable source we heard that our faculty has formed a new association—the F. T. G. Club. After a good bit of snooping it was found it meant, "Friday, Thank God"!

Libel suits will be recognized if handed to the Faculty Editor before Friday. Write in ink and on one side of the page, putting name and age at the top.

**SO NOW**  
 If the faculty pulls a fast one And if your sense of humor goesers Just remember you can get even And if your sense of humor cheers

Cecil Whitmore, a frosh, says, "Chapel is a place where much education may be obtained. Those who attend regularly know its benefits. It is not a ceremony, but rather a place to think, broaden and to improve our lives. I believe, that those who do not attend are those who desire Chapel to be done away with. If they came, listened and thought, they possibly would change their minds."

## SIDE LINE SLANTS

By Paul Powers

We believe that this year has seen greater school spirit at Alfred than that in many previous seasons. Although it has not won every football game, the team is very grateful for the support given it by the students. The band, which is the best in years, pepped up the students with much enthusiasm. All in all, the gridiron contests, music and support were a great success.

And now, let us prophesy a few of next week's games: Minnesota to beat Chicago; Penn to take Columbia; Purdue to defeat Fordham; Harvard to beat New Hampshire; Illinois winner over Wisconsin; Ohio State should have little trouble against Michigan; Navy to win over Pitt; Northwestern to take Notre Dame; Princeton to down Yale; the Syracuse-Colgate game a toss up.

"Huey" Long of Louisiana claimed to have a great football team. Last week a Colgate coach wrote to "Huey" and asked if he would be so kind as to let Colgate scrimmage against Louisiana just for practice in preparation for Tulane game. We are wondering about the reaction of the "Kingfish".

The "Fiat", due to a regrettable oversight in last week's issue, carried in the Conference cross country futurity a statement to the effect that the Geneva course record was held by "Barney" Oldfield. No mention was made of Captain Michael Java, who also holds the record. Both Capt. Java and his running mate, Oldfield, broke the tape last year in a dead heat to hold the record jointly. This year Java has placed first in every meet except at Cornell. We should all be proud of these two great runners.

Touch football seems to be as rough as the brand played at the field by the Varsity. Last week at a fraternity house here, three fellows were quite badly injured. One received a broken arm, another a broken nose, and the other a sprained ankle. We look for some of the boys playing "touch", to report for the varsity next year for stiffer workouts.

What a football game that must have been at Sing Sing last week when New Rochelle plugged to an 18-0 victory. We understand that two boys at Sing Sing will "graduate" before next year, so this was their last game "for their alma mater". This defeat is the black and white stripes' first trouncing in eight games.

At last the Frosh and Sophs are going to play their football game. The Frosh seem quite highly spirited about the game, although the Sophs have been conceding a five to one chance of winning, of course the five is for the Sophs. Nevertheless, it should be a great fracas.

Looking over the campus, we find a very modest fellow who has played quite a bit of football. It is "Andy" Fedor, varsity tackle. "Andy" played four years in high school. He did not lose a second of playing time in his last two years in high school. During his senior year he captained his team, which won the state championship of New Jersey. At Alfred "Andy" has played freshman ball and three years of varsity. He is one of the greatest tackles ever produced here. He received a severe facial injury this season but returned to the line-up in a week's time. "Andy" is an all 'round guy and should really be a great coach when he graduates.

The 26th annual Intercollegiate A. A. A. will be run November 19, over Van Cortlandt Park in New York. There are 21 colleges entered: Alfred, Bowdoin, Colby, C. C. N. Y., Columbia, Cornell, Dartmouth, Harvard, Lafayette, Lehigh, Maine, Manhattan, M. I. T., Michigan State, Pennsylvania, Pittsburgh, Rutgers, Rhode Island State, Princeton, Syracuse, and Yale.

Sixteen colleges are entering their frosh teams in a meet in conjunction with the main race.

"Chub" Young suggests this for an allopponent's team:

- L. E. Northeastern
- Mitchell L. T.

### Enrollment Increases At Alfred's College Centers

An increase of 134 students in Alfred University's four collegiate centers was reported this week as tabulation of the 1933 and 1934 student lists was completed.

Enrollment at Bath and Jamestown, where centers were maintained in conjunction with the New York State Department of Education last year, dropped from 109 to 79, due partly to the fact that some students in those places are now in college.

However, at Medina and Salamanca, both started this year, there are 164 students registered.

### Radio Club Discusses Exhibit of Activities

A suggestion was made and tentative plans were formulated for the holding of an exhibition to show students and townspeople the activities of the Radio Club at the meeting last week in the Club rooms.

Until the books in radio theory arrive, club members can not go on with their study of the mechanics and theory of radio. Only a few of the members were able to be present, but further action will be taken tonight at the meeting.

The contract of the Chilworth Gunpowder Company made with German and American gunpowder manufacturers provided in clause 10 for the exchange of the national secret formulae.

Hemmings	L. G.	St. Lawrence

## Change "Shipwreck" Dance To Founders' Day, December 5

Plans for the dance to be given by the Y. W. C. A. and the A. U. C. A. have been changed. It has been decided that the dance will be held on Founders' Day, Wednesday, Dec. 5th, and that it will be in the form of a costume party.

The committees in charge are: chairman, Elmer Rosenberg; publicity, Roberta Haas and Jean Latta; entertainment, Helen Palmer, Herbert Barry, John Nevius, Gene Ostrander and Stewart Schatz; business manager, Russell Buchholz.

To make this dance a huge success, the co-operation of the entire student body is needed. Everyone is requested to come stag and in costume. This dance, being an all-campus affair, assures the Freshmen and other newcomers an excellent opportunity to become better acquainted with both upper classmen and faculty.

## Theta Chi Holds Scavenger Hunt

The Alfred Campus was disrupted Saturday night by the shrieks of a party of scavenger hunters in search of such varied articles as a har from Dr. Seidl's head and a handful of chicken feathers.

Theta Chi sponsored the hunt as part of its program for a dancing party under the chairmanship of Margaret Barvian of White Plains.

Prize winners included Thelma Bates, Jean Latta, Lucille Bailey, John Young, Ray Burckley, Norman Schachter, Ruth Eldridge, Ann Scholes, Edward Strong, John Barvian, Katherine Titsworth, Marion Clements, Harold Riegger and Walter Scott.

Among the guests were Mrs. Paul E. Titsworth, Dr. and Mrs. Paul Saundick, J. M. Professor and Mrs. H. O. Boraas, Miss Erma Hewitt, Miss Mary Train and Robert Razy.

## Thirty Attend Alumni Meeting

The Southern Tier Alumni Association held its annual meeting, Saturday evening in the Gray House Inn, Elmira. Pres. J. Nelson Norwood, Dr. J. Wesley Miller, Mrs. Earl Cantrell and Mrs. Margaret Larkin represented the University at the dinner.

Dr. Norwood and Dr. Miller were among the speakers in the informal session held during the dinner. Ideas for making the meetings successful were discussed. Frederick Leverich, Elmira, was re-elected president of the association and other officers from outside towns were elected.

About 30 alumni attended the dinner, a larger number than has attended the meetings in the past two years.

The Thyssens, later the main supporters of Hitler, were found guilty of treason because they sold cannon shields to the French during the war.

## PERSONALS

Miss Janet Peirson of Belmont, New York, was a week-end guest of Miss Ellen Sherwood of Theta Chi Sorority.

Pi Alpha Pi Sorority entertained Chaplain and Mrs. James C. McLeod and Prof. and Mrs. Emmett B. McNatt at dinner, Wednesday night.

The Dean of St. Bonaventure College was a guest of Barney Larson at Delta Sigma Phi fraternity on Sunday.

"Tommy" Thompson, National Secretary of Delta Sigma Phi, arrived Saturday morning for a brief sojourn at the local chapter.

Joe Keegan has been recovering at the Infirmary from injuries received in the St. Lawrence game.

Joe Richmond has the measles. Miss Sheheen was at the Infirmary for a few days, resting.

Miss Charlotte Jazombek, who has been practicing teaching in Belmont, returned Friday afternoon to the Brick.

## Theta Nu Holds Dance For Freshman Pledges

Theta Kappa Nu Fraternity gave a pledge dance last Saturday night at the Alfred High School gymnasium with Bill Welch and his Smoothies supplying the music.

Among the alumni who attended the dance were: Mark and Vincent Young '34, Donald Fenner and Dwight Young.

The chaperon guests included: Dr. and Mrs. G. S. Nease, Dr. and Mrs. Joseph Seidl, Dean and Mrs. M. E. Holmes, Professor and Mrs. Emmett McNatt and Chaplain and Mrs. James McLeod.

The success of the party was due to the efforts of Frank Bentley, chairman of the dance, and his committee.

Under our present form of education I am led to the conclusion that, as individuals, Americans are great, but collectively we are a failure.—Dr. William J. Mayo.

## Broken Bones Result As Kappa Nu Warriors Play Touch Football

Paying tribute to the great god football, Kappa Nu fraternity has offered the blood of five of its brothers in sacrifice upon the altar of athletics.

These five heroes, whose blood was spilled upon the field of combat, fell in a thrilling game of "touch" football. With their very reputations at stake, the quintet smashed its way to victory at the expense of their own noses, arms and backs.

Milton Goldstone, playing in the drawback position in the touch football contest, smashed through for a broken nose. George Wolshin accompanied him and received a similar fracture of the central portion of his face.

Windy Goldfried, veteran "fireside" quarterback, slipped off the end of the bench where he was parked, and wrenched his ankle. Harold Syrop fell before the attack of the opposition and is now enduring the pains of a wrenched back. Berger, playing a brilliant game as waterboy, received a broken arm from swinging the water bucket too vigorously.

## Brick-Bartlett Exchange Set For Wednesday Night

The second Brick and Bartlett exchange is planned for tomorrow night. Presidents John Young and Frances Douglass hope that those who were too bashful to appear at the first exchange will be present Wednesday night. Lists of men and women who are to go to the Brick and Bartlett will be posted.

## INSTANT HEAT

where you want it... with a PORTABLE HUMPHREY RADIANTFIRE

For baby's bath—for Grandma's nap—for the den, or basement or attic playroom—banish chill instantly with the healthful sunlight rays of a Portable Humphrey Radiantfire.

It's a great little heater. Sturdy. Strong. Yet light enough to be picked up and connected to any gas outlet. And a good gas fitter can put connections where you want them with little trouble or cost.

Out on the sun porch it's as handy for the cool evening as an electric fan is for the hot one. In a cold kitchen, connect it up to the end of the range manifold, set it on the floor, a box, table, or shelf out of the way, and the problem is solved.

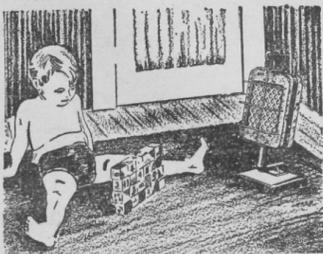

And keeping warm isn't the half of it. A supply of radiant infra-red heat to turn on whenever there's an ache or pain to be soothed is another valuable use for the Humphrey Portable.

The heater is 21" high with a heavy drawn sheet steel base 8" x 10". Total weight only 16 lbs. It is equipped for hose connection. By removing the hose connection, it is ready for solid pipe connection. Finish is walnut brown with plated trimmings to harmonize with other home furnishings. Come in and see it on display.

## U. OF R. RUNNERS FALL AT HEELS OF SAXONS BY 18-37 SCORE SATURDAY

Flower City Harriers Given First Defeat—Meet Took Place of Cancelled Conference Competition—Victory Gives Alfred University High Intercollegiate Ranking and High Hopes For I. C. 4A. Meet

Alfred University led by Captain Java turned back the undefeated Rochester harriers Saturday 18 to 37.

This meet took the place of the State meet which was scheduled for Geneva, but due to the withdrawal of Hamilton University and Hobart College the meet was cancelled.

Seeing that Alfred had defeated Hobart, and that Rochester had taken both Hamilton and Hobart, this race decides as far as Alfred is concerned who are State champs this season.

Java and Oldfield staged a first place tie. From the start Java left the pack far behind. In the early part of the race, Fields and Phillips made a bet to overtake Java. From then on, however, Java opened wide to show his heels to his opponents, slowing down near the finish to permit Oldfield to finish with him for initial honors.

Following these two stars was Min-

nick. Fields took fourth, Dawson placed fifth, Benford was behind him and VanCampen put on a remarkable sprint to take seventh, nosing out Forarty of Rochester.

This was Captain "Red" Java's last dual meet of his college career, and he ran his usual hard fast race leaving his opponents in the distance. Next Monday, Java nishes his cross country running for the Saxons.

Up to this race Rochester had defeated Colgate, Union, and its two conference opponents. Rochester entered the race with high hopes of going through the season with a clean slate. Alfred in taking this team will put them in the right winning spirit to enter the I. C. A. A. A.

### The Summary

1. Java (capt.), A., 23:19; 2. Oldfield, A., 23:19; 3. Minnick, A., 23:38; 4. Field, R., 23:49; 5. Dawson, A., 23:50; 6. Benford, R., 24:19; 7. VanCampen, A., 24:23; 8. Forarty, R., 24:24; 9. Phillips, R., 24:45; 10. Mulcock, R., 25:05.

## OFFICIALS AID ITHACA'S WIN OVER SAXONS

Umpire Allows Faulty Touchdown After Brilliant Alfred Stand—Final Score 12-6

B. Charles S. Hopkins

Playing superior ball, but unable to oppose Ithaca College and decisions as rendered by the officials, Alfred University's Saxon gridman wound up their 1934 season with an official 12-6 defeat, but certainly a known victory to those who saw the game in Ithaca, Saturday.

Alfred Outplays Ithaca

There was little doubt as to who was the better team. Alfred by far outplayed the Ithacans, gaining eight first downs to their five. However, towards the twilight of the game with the Saxons leading by six points, Ithaca managed to bring the ball within scoring distance and with the aid of the umpire was given a touchdown to deadlock the count.

There is such a thing as being a "good sport," as the official in question put it after the game, when queried as to whether or not his glasses were just a bit far-visioned, but in this instance it did not seem to many that this was the question. "Fair Play" would seem to be the answer.

The unfortunate incident occurred in the last few minutes of the third quarter. Ithaca had the ball in mid-field. Patrick passed to Clark to bring the leather to the 30 yard stripe and on the next play Patrick got away to bring the ball to the three yard line. Here the Saxons held for three downs. They were held also on the fourth down, but the official—his name was Tatiscore and his home is in Ithaca—ruled that the ball was over.

The writer, however, with several others, including two Ithaca followers, who themselves admitted that the ball was not across for a score, was in a better position perhaps to witness the play than the official. At least, he, with the substantiation of the others, saw what did actually happen.

Far From Goal

Clark in plunging was caught in mid-air a yard and a half from the double stripes of the goal line. Even as his tackled body was arched, he would have had to stretch his arms out as far as possible to have placed the ball over the line—and that would have been a mere possibility even then.

When Clark hit the ground, he managed to nudge his way forward to the first stripe of the double-striped goal—the official couldn't or rather didn't see it. This in itself should have brought a 15 yard penalty for crawling. With the ball on this first stripe, however, there should have been no score. At least according to instructions from the referee two plays previous it should have been necessary to cross both double stripes to register.

This failed to daunt the spirit of the Saxons, however, unjust as the decision was. It only served to inflame them into more of a fighting spirit, and on the kick-off, Hodges received on Alfred's 25 yard line and ran it back to Ithaca's 40. On the next play, Bob Clark passed to Hodges, who was brought down on Ithaca's 14 yard stripe. But again the officials saved the day, when they penalized Alfred 15 yards on the next play, supposedly for roughing it up.

Alfred Hopes Shattered

That decision shattered Alfred's hopes—but why shouldn't it? More or less it had been the same the entire second half. In the last few minutes of the fourth quarter, Clark of Ithaca got away around left end to score the winning touchdown for the Ithacans. It was a nice run and perhaps the only one really earned. Pretty blocking featured.

Alfred scored towards the middle of the second quarter, when after working the ball down from mid-field to Ithaca's 30 yard stripe, Clark passed to Adessa, who nabbed it in the end zone. Previously both teams fought it out in mid-field, Hodges and Clark of Ithaca booting against each other on even terms.

## Guild Plans Christmas Festival December 14; Is Annual Celebration

The Ceramic Guild held a meeting in the lounge of the New Ceramic Building a week ago last Wednesday and started plans for the annual Christmas Festival to be held December 14.

The Guild has been preparing for this Festival since the beginning of October, making pottery and concentrating on new ideas for vase forms. The committees in charge of the different departments of the Festival will be announced next week.

### Discuss All-College Dance

Discussion of plans for the all-college dance to be given under the auspices of the A. U. C. A. was the major feature of the meeting held in the Green Block, Tuesday evening. No definite date has been able to be arranged for the party as yet.

"I like that fragrant Granger"

... in a common-sense package—10c

In the manufacture of Granger Rough Cut Pipe Tobacco the Wellman Process is used.

The Wellman Process is different from any other process or method and we believe it gives more enjoyment to pipe smokers.

- ... it gives the tobacco an extra flavor and aroma
- ... it makes the tobacco act right in a pipe—burn slower and smoke cooler
- ... it makes the tobacco milder
- ... it leaves a clean dry ash—no soggy residue or heel in the pipe bowl

# Fair enough—

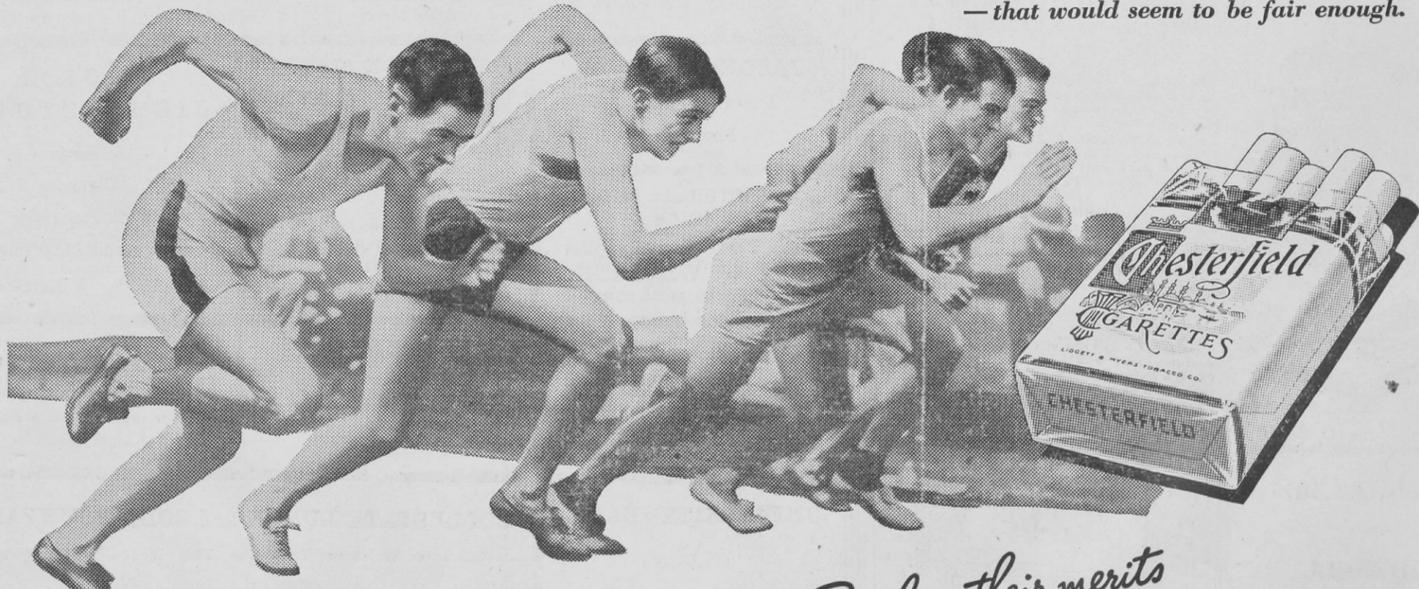

WE tell you that Chesterfield Cigarettes are made of mild, ripe tobaccos. We've told you about the paper—that it's pure and burns right, without taste or odor.

We have said that Chesterfields are made right. The tobaccos are aged, then blended and cross-blended, and

cut into shreds the right width and length to smoke right.

These things are done to make what people want—a cigarette that's milder, a cigarette that tastes better—a cigarette that satisfies.

You can prove what we tell you about Chesterfield. May we ask you to try them—that would seem to be fair enough.

Strictly on their merits  
the cigarette that's Milder  
the cigarette that TASTES BETTER
