Secret Musical, Dance Enlivened Alfred of Old

Blue Laces Evaded By Students, Retired Prof. Left

He sat in a corner of the gymnasium, his head bent over a tangle of type.

"Professor Fuchs."

"Yes, Prof. Fuchs."

"What's your major?"

"My major is ceramics." He paused and continued. "I'm a ceramic engineer, and I'm working on the development of new ceramic materials." He looked up at me. "Are you interested in ceramics?"

"Certainly." I stood up and extended my hand. "I'd be happy to meet with you."

"Thank you." He stood up and walked over to me. "Let's talk about ceramics." He handed me a brochure. "Here's some information about the Ceramic Society."

Ceramic Society Speaker

Speaks Tonight

At First Newman Meeting

"A new sound is echoing through the halls of Alfred University."

"What is it?"

"A new student organization, the Ceramic Society."

"But I thought there wasn't a student organization for ceramics."

"Yes, that's correct. But this is different. It's called the Ceramic Society."

"What do they do?"

"They organize events, give talks, and even have a newsletter."

"Sounds interesting. Can I join?"

"Of course. I'll be glad to have you as a member." He shook my hand. "Let's talk about ceramics."
Dear Editor:

It is a bit hazardous to speak from a distance of 20 years, but I feel that the students of Alfred University are in need of some representation in the Senate. The Senate has a significant role to play in the governance of the university, and it is important that the students have a voice in this process.

The Senate functions as a just body, with representation from all parts of the university community. In order to elect just one representative from each student organization, the Senate would have to be modified. The Senate currently consists of 48 members, but it would be more efficient to have, for example, four members from each organization.

I am writing to you today to suggest that the Senate be expanded to include representatives from each student organization. This would give the students a stronger voice in the decision-making process of the university.

In conclusion, I urge you to consider the possibility of expanding the Senate to include representatives from each student organization. This would be a step forward in providing a more democratic and inclusive governance structure for Alfred University.

Sincerely,
[Your Name]
