Offer $100 Prize

Any entry must be accompanied by a letter stating the author's name, scholastic average, and any important facts about the story that would be helpful in judging. The story must be typed double-spaced, and the author must submit a mailing address and phone number for correspondence. The deadline for submission is February 19, 2006, and the winner will be announced on March 15, 2006. The story must not have been previously published, and the winner will be responsible for all copyright and other legal matters related to the story. The winner will be awarded a $100 prize and an invitation to present their work at the College of St. Benedict, St. Joseph, Minnesota. The winner will also be invited to stay at the historic lodge on the college campus. The stories must be submitted via email to Dr. Jane Doe at j.doe@college.edu. The stories will be evaluated based on originality, creativity, and literary merit. The stories will be published in the college's literary magazine, The St. Benedict Review, at the conclusion of the submission period.

Full Speed Ahead

Most of us promised ourselves during the last few weeks of exams that we would start the new year off right. However, it seems that New Year's day has only lengthened and not ended theRather than-regulation activity to which we got accustomed during the past few weeks. The desire to abandon routines is understandable, but it is time to get cracking on this New Year's resolution. Opposing opinions on the question of activities during this period are summed up by the title of a paper by our resident philosopher. "On Dormitory Life and All That."

A Banished Superstar

Social functions, clubs, sports and activities of every kind have only been a means of acquiring a well rounded education. It is time to become a little more serious and banish the inactivity that is characteristic of all dormitories. Opposing opinions on the question of activities during this period are summed up by the title of a paper by our resident philosopher. "On Dormitory Life and All That."

Suggestion

For Reappraising

Clubs, Athletics, Classes, Academia

Only a few students realize that the social year is about to come to an end. If this is true, then the rest of us must begin to reappraise the activities of the past year. We must begin to see what we have done and what we have failed to do. We must then plan what we are going to do this year. This can be done by listing all the activities in which we have participated and all the activities in which we have not participated. We can then decide what we want to do and what we do not want to do. This process will help us to make the most of the social year and to avoid the mistakes of the past year.

An Alfred professor last week suggested that we should be more serious and take time to class and study. 

Keyhole Reporter

"If you don't know the answer, then it is time to quit being a Keyhole Reporter."

By W. M. Lyons

Question: What is the definition of a "Keyhole Reporter?"

Answer: A "Keyhole Reporter" is someone who listens to conversations through an unobstructed opening in a door or wall, such as a keyhole. These reporters are often considered to be curious or nosy individuals who enjoy eavesdropping on others' conversations.

An Alfred professor last week suggested that we should be more serious and take time to class and study.
