## Forum Presents Cornelia Otis Skinner Tonight

### New Play Tryouts Held

Twenty-nine students will be cast this week in roles of the "Family Portrait" as result of tryouts which will be concluded tomorrow afternoon.

The play, to be presented by the Footlight Club and Theta Alpha Phi, will be directed by Professor C. Duryea Smith III of the speech and dramatic production department. No date has been set for the production, but it will undoubtedly be given in late February or early March.

Family Portrait, a Broadway success by Lenore Coffee and William Joyce Cowan, is a story concerning the life of the family of Jesus.

Final tryouts for the Footlight Club production, "Family Portrait," will be held in Alumni Hall, Wednesday afternoon from three to six o'clock. All students of the University and the Agricultural School are eligible regardless of previous experience.

In addition to acting there is also opportunity for students interested in stagecraft, lighting, costuming or make-up.

Past productions of the Footlight Club and Theta Alpha Phi include "Our Town" by Thornton Wilder; "The Inspector-General" by Gogol; "What Every Woman Knows" by James Barrie; and "It Can't Happen Here" by Sinclair Lewis.

### Sorority Rushing Starts

The Greek women of the three sororities will begin formal rushing of the freshman and transfer women immediately following the semester vacation.

The open season will include dinners and Friday night parties arranged by the Intersorority Council. Silent period will begin following the last Sunday dinner and will last until bids have been accepted on Tuesday.

Article V of the constitution of the Intersorority Council states in part: Sec. 1. A Rushee is defined as meaning a Freshman woman or transfer.

Sec. 2. Rushing season: (a) There shall be a closed period of the first semester. At the end of this time rushing shall be done in an open period. (b) Open period shall be the first two weeks of the second semester. . . . (e) Open season shall include entertainment, with expense, at the house, to be arranged by the council during the closed season.

Instructions concerning bidding and pledging are included in Article VI of the council constitution as printed in the Frosh Handbook.

### Student Draftees Urged To Report To Registrar

A call requesting information regarding students who have received draft questionnaires and have been classified has been received from the National Committee on Education and Defense. This committee is sponsored by the American Council on Education.

This information is being obtained from colleges throughout the country and will be used in support of legislation now pending before Congress for the passage of a bill providing for deferment of all college students from military service until after graduation.

Since this is a matter of great interest to the individual student concerned as well as to the University,

### Exam Schedule Released By Registrar's Office

Conflicts on the examination schedule, according to an announcement by Registrar Waldo A. Titsworth, should be reported to his office not later than tomorrow.

Review days are scheduled for Monday and Tuesday of next week and will be followed by the opening of the examination period on the next day.

Special examination periods for the following courses are listed and students should note these changes.

Business 13 and 33; Ceramics 103, 105, 113, and 121; Chemistry 1, 5, 11, 71, and 77; Education 31, 51 and 71;

English 1, 13 and 21; French 1 and 21; German 1; History 1; Industrial Mechanics 1, 3 and 31; Mathematics 3, 5, 15 and 71; Mineralogy; Music 5; Petrography 1; Physics 5, 11, 31 and 41; Psychology 11; Public Speaking 1; Sociology 31 and 41; and Spanish 1. Instructors will arrange for the times of the following examinations or any other examinations not included in this schedule:

All tutorial courses irrespective of department, Biology 120, Business and Secretarial 11, 31, 35 and 51; Chemistry 120; English 65, Industrial Mechanics 11 and 27, Latin 80, Physics 37 and 38, Public Speaking 13 and 35, Spanish 31.

### EXAMINATION SCHEDULE First Semester 1940-1941

DATE	9:00 A. M. - 12:00 P. M.	2:00 P. M. - 5:00 P. M.
Wednesday January 22	T. Th. 8 o'clock classes Chemistry 71 English 1 (all sections) English 13 Sociology 41	M. W. F. 8 o'clock classes Business 13 Ceramics 103 (both sections) Physics 31
Thursday January 23	Mathematics 3 (both sections) Mathematics 5 (all sections) Mathematics 15 (all sections)	Education 51 (both sections) Education 71 Industrial Mechanics 3 and 31 Speech 1 (both sections)
Friday January 24	Ceramics 121 History 1 (both sections) Industrial Mechanics 1 (all sections)	M. W. F. 11:30 o'clock classes German 11 (sections 2 and 3)
Monday January 27	Ceramics 113 English 21 (both sections) German 1 (all sections)	Chemistry 1 Chemistry 5 (both sections) Chemistry 11 (all sections) Psychology 11
Tuesday January 28	Chemistry 77 French 21 (both sections) Physics 5 (both sections) Physics 11 (both sections) Spanish 1 (both sections)	M. W. F. 10 o'clock classes Business 33 Education 31 French 1 Mineralogy (both sections)
Wednesday January 29	M. W. F. 9 o'clock classes Ceramics 105	T. Th. 9 o'clock classes Mathematics 71 Petrography 1 Physics 41
Thursday January 30	T. Th. 10 o'clock classes Sociology 31	T. Th. 11:30 o'clock classes T. Th. 1:45 o'clock classes
Friday January 31	M. W. F. 1:45 o'clock classes German 11 (section 1)	Music 5

### Photo Course Added 2nd Semester

Camera enthusiasts will welcome the addition of a three hour course in photography to be conducted by Dr. Alfred T. Goble of the physics department, for the first time next semester, it was revealed today by the Registrar's Office.

The course will be limited to not more than 16 students, each of whom must be equipped with his own camera and enlarger. There will be two hours of lecture on Tuesday and Thursday at 9 o'clock, while hours will be arranged for a laboratory period. Use will be made of the dark room in Physics Hall in connection with this course.

The purpose of the course, according to Dr. Goble, will be to teach the fundamentals of photography, rather than to produce finished photographers, as one semester is too short a time in which to acquire proficiency in the field.

A study will be made of cameras, enlargers, developers, films, and papers. Experimentation will be conducted and some assignments made, but much will be left to the choice of the individual.

### RECEIVES MATH POSITION

Esther Gent '40 has obtained a position as instructor in mathematics and science at Roselleville High School, a part of the Albany School System.

All men who have received questionnaires or who will receive them in the future are asked to give this information to the Registrar—draft number, address of local board, and classification of local board.

### Kanakadea Leases Contract To DuBois Press

DuBois Press in Rochester has again received the printing contract for the Kanakadea, announced Seymour Barr '41 today.

This year a letter press process, using a tri-metal plate instead of the usual copper plate will be employed. In former years, the book has been printed by the off-set process.

### IS SECRETARY NOW

Esther Davis '39, graduate of the college secretarial course at the Rochester Business Institute, has obtained a position with the Eastman Kodak Company at Rochester.

### INFORMATION PLEASE:

## Library Desk Now Information Desk

Kieran, Adams and Levant of Information Please fame would find ample use for their knowledge if they spent even one day behind the desk of the Alfred Carnegie Library.

A liberal arts junior, after talking to the Librarian, Miss Ruth Greene, has come to the conclusion that scarcely a day goes by that some humorous or strange inquiry is not presented. "Some of the questions asked certainly are unusual," Miss Greene says, "but we can almost always supply the desired information and it makes our work very interesting."

### Requests Are Unusual

"Take, for example," this student says, "the case of the student who wanted to know, had to know in fact, the telephone number of our Republican friend, Wendell Willkie. It was necessary to procure this num-

### CAMPUS CURTS

#### INDIES MEET TOMORROW

At 7:30 o'clock Wednesday evening the Independents will hold a meeting in Room 2 of the Green Block. President Arthur Petri '42 has requested the attendance of all members of the organization.

#### CAMPUS JOBS AVAILABLE

All men interested in obtaining positions with summer camps are asked to register with Dean M. Ellis Drake. This should be done so that when calls come in for such jobs, Dean Drake will have access to those interested.

#### TO DISCUSS BURMA ROAD

Actual conditions along the Burma Road will be described and illustrated by the Reverend Cleon Green at the Ag School Assembly Friday morning at 11 o'clock. For 14 years Reverend Green was a missionary in China.

#### TO DISCUSS FRENCH THEATRE

The French Theatre will be discussed at the monthly meeting of the French Club at Social Hall Wednesday evening at 8:15 o'clock. Harold Johnson '41 is in charge of the program.

#### TO HOLD MEETING

St. Pat's board will hold a meeting Thursday at 7:00 P. M. in the Ceramic lounge, as announced by Jack Haecker '41.

#### FIAT MEETS WEDNESDAY

The Fiat Lux staff will meet in the Fiat Office in Burdick Hall, Wednesday evening at seven o'clock.

### Dairy Building Sees Changes

Students returning from vacation found many changes in the Dairy Building of the Ag School.

The most drastic change was the shifting of Prof. E. Myers' office to another part of the building, and the conversion of the old office into a bottle washing room. A bottle washer with a capacity of fifty cases per hour was purchased and installed in the old office.

This room takes care of the washing of the bottles, milk cans, sterilization. This change is only one of many. The salesroom has been made smaller in order to further consolidation and to provide a more convenient workroom. This operation has made the dairy laboratory larger, and has also made possible the installation of new equipment.

A new incubator has been added, and the NYA boys have built a cheese starter cabinet for the Dairy Manufacturing students. In addition to these changes, the whole Dairy building is being repainted.

### Noted Disease to Give Solo Dramatic Sketches

Tonight at 8:15 in Alumni Hall, Cornelia Otis Skinner, famous actress, author, and radio artist, will present a varied program of her original solo dramatic sketches. For a number of years she has been so successful as author, producer, and sole performer of her dramas that she has held unchallenged the title of "the greatest single attraction of the American theatre".

Cornelia Otis Skinner

Noted actress, author, and radio artist, will present a program of solo dramatic sketches for third Forum of the season.

### CAA Students Take X-Country Flying Trips

Five CAA students have taken their cross-country flights, four of them having completed their solo cross-country trip.

Mario Carota '41, Haik Kavookjian '42, Bert Richmond '41, and Richard Humphrey '41, as the most advanced students, are the soloists, while Albert Ripley '41 has just completed his duo.

Jack Pryor, flying instructor, believes that seven or eight of the airmen will have completed their course in a week if the weather remains favorable. The rest, he hopes, will be through by mid-February, although the deadline was originally set for the end of February.

Applications for Civilian Pilot training courses for next term are accepted already. The new term is expected to begin as soon as all first-term students have completed their course.

### ATTEND MEETINGS

President J. Nelson Norwood left Thursday to attend to University business and denominational business in Plainfield, New Jersey, over the week-end. Dean and Mrs. A. J. C. Bond will be in attendance at the same meetings in Plainfield.

Daughter of the famous and beloved actor, Otis Skinner, she was so well-known that she had great difficulty in getting a start on the stage and was compelled to create her own dramatic medium. Although she has appeared in full-length solo dramas in the past, her program tonight will made up of a variety of short sketches, humorous, pathetic, tender, and satirical in turn.

#### Creates Illusion

Although she is the only person on the stage, the other purely imaginary characters in her little dramas are brought to life so vividly that the audience is completely carried away by the illusion.

There is perhaps no exact name for her unique art. The word "monologist" having proven unsatisfactory, critics have fallen back on such terms as "mono-actress" and "disease" to describe her dramatic portrayals.

#### Studied in Paris

Starting at the age of 15 as Lady Macbeth in a school production of Shakespeare's tragedy, Miss Skinner studied dramatic art intensively in Paris and then returned to this country to make her way in the theatre.

She has appeared on the stage in nearly every state of the Union, in addition to tours of Canada, the West Indies, South America, and Europe. Aside from her great accomplishments in the theatre, her articles appear often in the magazines and she is the author of several popular books, including "Tiny Garments," "Excuse It, Please!" and "Dithers and Jitters".

### Footlight Club Holds Initiation

Footlight Club officers were elected and thirty-one new members were initiated at a meeting Wednesday evening in Alumni Hall.

Betty Tim Kaiser '41 was elected president; Harold Johnson '41, vice-president; Eleanor Cole '41, secretary; Margaret Aylor '43, historian; Paul Pettit '42 business manager; Stanton Langworthy '42 sergeant-at-arms; and William Warr, Jr., '41 publicity manager.

Prof. C. Duryea Smith, III, of the speech and dramatic production department, appointed heads of the various departments as follows: Glenn Mudge '40, stage manager; Norman Emden '41, lighting manager; Gwen Hill '41 and William Warr, Jr., '41, make-up co-chairmen; and Patricia Cragg '43, costume manager.

The new Club members are Joan Arnold '42, Margaret Aylor '43, Betty Baldrige '42, Frank Bukowski '41, Eleanor Cole '41, Patricia Cragg '43, Arthur Crapsey '43, Norman Emden '41, Coulson Hageman '42, Harold Johnson '41, Kenneth Kleinman '42, and Courtney Lawson '42.

Lee Linhoff '43, Henry Meckoekle '42, Jean Merritt '42, Paul Pettie '42, Frank Pistek '41, Al Regenbrecht '43, August Roeder '41, Bertram Rosenson '42, Ruth Rogers '43, Norman Ruderman '43, Irving Sattel '41, Louise Schaffirt '41, William Schuster '43, Muriel Strong '43, Charles Taylor '43, Mary Walker '43, William Warr, Jr. '41, Sherman Watson '43, and Donald Wattles '43.

### Agonies Scripts Due Friday

With several scripts still in preparation, the committee for the selection of an "Agonies of 1941" script has decided to extend the time limit to Friday noon, January 17.

### Ask Many Questions

"Forthwith are presented some of the other questions that have been asked recently: a list of the Nobel winners in chemistry from 1901 to the present; map showing the principal oil fields in the United States; material of the unknown Soldier; Who were the Master-Singers? In what book does the character of Mrs. Arabelle Transome appear? Who are the members of the Federal Loan Bank Board? What are the qualifications for voting in Virginia? How does one apply for a Rhodes Scholarship? A list of all women's organizations in the United States, legends of garden flowers, and many others.

"And then there was the blasé individual who approached the desk and wanted to know, "When do the trains leave for New York?" But Miss Greene only smiles and says that it's fun and they don't mind being considered a general information bureau."

## Wanted: better conduct

The fact that there are to be no assemblies until the beginning of the new semester suggests to us that this might be a good time to wash the old slate clean and begin anew.

No one can deny that the late arrival of students, freshmen and sophomores, in particular, for assembly produces considerable noise and creates a general impression of disorder and carelessness. Just what impression would an outsider have of Alfred University if the school were to be judged by the conduct in the assemblies?

Probably the major reason why students come to assembly late is that they like to go to the post office and get their mail before assembly. We do not think they are to be condemned for this practice. Many students are relatively close to the postoffice at the conclusion of the ten o'clock class, probably much closer than they would be after they arrived at Alumni Hall. Another point, too, in favor of their going to the postoffice first is that Alumni Hall is centrally located in regard to the various campus living quarters. Inhabitants of the Brick and Bartlett, worst offenders since they have to sit in assigned seats in the front of the auditorium, are very near to their residences when in Alumni Hall.

As for the rest of the campus, carelessness may be a major cause of tardiness. The fact remains, however, that students like to go to the postoffice before assembly, and the result is a noisy, disorderly opening of assembly. We are not trying to reform students, but in our appeal for better conducted assemblies, we wonder if students might make a special effort to be punctual. Ten minutes should be time enough.

If the administration were to make a ruling that students who were not in Alumni Hall by that time be barred from assembly for that day, and, therefore, receive cuts for non-attendance, assembly could begin promptly and there would be no late-comers to interfere with the procedure of the program. It might be possible that the Student Senate would be willing to cooperate in this project by stationing students whose duty will be to close the doors at eleven o'clock promptly and admit no one thereafter.

In conjunction with our plea, we would like to urge that the rising of the students at the beginning of the hour be more unified. Perhaps just the fact that everyone would be present on time would eliminate this problem, but in case it didn't, we suggest that the dimming of the lights might be an appropriate signal.

Our ambition is better conducted assemblies and with your cooperation, we can have them.

## Minds matter most

Possibly a better-late-than-never argument justifies the extension of our New Year's wishes to the entire campus at this time. In a more serious vein, however, it might be well to consider what 1941 may mean in Alfred.

If we were going to speak about New Year's Resolutions for 1941 (and we're not), we might tell you that you should study hard for the exams which are coming soon, that you should make the most of all your opportunities here, that you should keep in mind the fact that this year, like the one which has just passed, will be filled with national crisis. We promise, however, not to talk of resolutions, but we would like to leave this as our message.

In the days which are to come, filled as they will be with great tragedy, remember that education, the intangible that has been greatly revered for many centuries, will be not only of great worth but will be one of the few things that will endure.

## Rockne defense traps

Consider for a moment what defense means to you. With the intensity of defense programs all about, each should have a reasonably clear conception of the meaning of defense. But with the intensity of these emergency measures comes avoiding of all personal definitions.

Admirals and generals will make the definitions which count. What they consider to be defense battles will be fought as such. Civilian ideas will be given the traditional respect accorded to a buck private's.

Thousands of these buck privates will be men who not so long ago declared they would bear arms only in the event our nation were invaded. Some are learning army manoeuvres on skis to protect the sanctity of our mountain ranges, while their service brothers are being transferred to the new third fleet (which can be recalled to the Great Lakes in time of need). The Revolutionary War was the first and last war of defense our armies fought; today we maintain defense forces in the Canal Zone and on island possessions alone. The Navy Day issue of Life pointed out that the U. S. Navy has absolutely no strategy or training for defensive actions.

Alarmists infer aggression towards the U. S. in the Battle of England. They tell us to assume our country is on a blitzkrieg check-list. This is the excuse being offered now for continuous forcing moves which may terminate in actual U. S. aggression. Diplomatic actions receive public notice first as news flashes ordinarily, but it is a perfectly normal patriotic reaction to accept these official actions, regardless of our international views. Thus ideas are effectively changed by the need for loyal approval of state decisions.

Hitler will either continue to ignore, as far as military action goes, what he oratorically considers war acts, or he may be forced to answer action with action. In either event, none of the millions eager to defend their country will ever realize that aspiration. A Knute Rockne defense which scores international touchdowns can be justified, but only by a trapping of ideals. Mass frustration is ahead when the trap, instead of the aspiration, is realized; and that is the greatest tragedy.—A. P.

A library oddity at Washington State College is the "smallest Bible in the world".

The tiny volume—only one and one-half inches long and a half-inch thick — contains the full text of both Old and New Testaments. So small is the print that the Bible is equipped with a miniature magnifying glass fitted into the back of the binding.

The Bible is a replica of the family Bible of William Shakespeare, which is preserved in the Shakespeare memorial at Stratford-on-Avon. The Bible also contains a facsimile of Shakespeare's family records.—ACP

## College TOWN

BY THE EDITORS

"How to cure a cough" in one easy lesson was demonstrated last week by the Ag School's Senior Class President, Herb Bense, assisted by interventionist Senator Fritz Seegart.

With no evil intentions, on the contrary his only aim being to relieve the tortured throat of his boss, Seegart most diplomatically indicated an unlabelled bottle containing a non-descript fluid, as a possible means to achieve such aim.

Herb, blindly confiding in the medical knowledge of his educated friend and not realizing the fallacy of human ingenuity, poured himself out a goodly measure of the obscure liquid. But the liquid was not destined to reach the digestive tract of the President, who had suddenly and unexpectedly turned into a fountain.....

When Herb told us this enjoyable episode last week, he wasn't quite sure whether he engulfed cough syrup or shaving lotion.—Mystery number one, we think.

In line with the various war relief funds now established Moe Cohen and James Hollingsworth announce a fund for the relief of starving mice in Burdick Hall. This has been a severe winter on our poor furred-friends and all aid will be cheerfully accepted in Room 24 Burdick Hall or at the various centers about the Campus.

Senator Ipswitch underwrites this fine campaign and voices his assurance that all contributions will move through the proper channels to their destination; none of the donations will find their way to enemy camps is the further assurance of the two man committee in charge of:

"WAR RELIEF FOR STARVING MICE IN BURDICK HALL".

## Campus Camera

## Dorms, sororities hold Stocks in social life

By Jane Colberg

Trading is heavy on the local dance exchange these two weeks, with the two dormitories and the three sororities as chief stock-holders. Dating is steady, and everyone has a share in the fun!

Sigma Chi Nu sorority's Winter Formal Saturday evening at Social Hall opened the market. Dinner by candlelight, an innovation for winter formals, was served at 6:30 o'clock and dancing to the music of Johnny Harris and his Buffalo band followed later in the evening. Among the guests were Dr. and Mrs. Joseph Seidlin, Miss Lydia Conover, Miss Ruth Stanton, and Dr. and Mrs. G. Stewart Nease. Gwendolyn Hill '42 was a guest from Theta Theta Chi sorority and Marjorie Russell '42 from Pi Alpha Pi. Social chairman, Alice Schryver '42, was assisted by Claudia Wheeler '41, Ruth Lang '41 and Sally Jane Morris '42.

Theta Theta Chi Sorority will entertain at its winter informal next Friday evening with a sleigh ride, followed by dancing to the house sound system. Betty Tim Kaiser '41 is chairman of the affair.

Delta Sigma Phi held formal initiation at 11 o'clock Sunday morning for Lewis Raynor '42, Gilbert Brinnier '43, Bob Burton '42, Frank Cermak '43, Bob Todd '42, Jack Wall '43, and Patrick Seese '43. The initiation was followed by a formal dinner. Ed Schleiter '41, and Harold Weaver '42 were in charge.

"Red" Dytman '39 and John Bryan '39 were week-end guests of Kappa Psi Upsilon.

Theta Gamma fraternity entertained at dinner Sunday for Director and Mrs. Paul Orvis.

Pi Alpha Pi sorority will hold its annual Winter Formal Saturday evening at Social Hall. Music for dancing will be furnished by Andy Grillo and his band. Faculty guests will be Prof. and Mrs. W. M. Burditt, Prof. and Mrs. Burdett Crofoot, Dr. and Mrs. M. J. Rice, and Miss Nellie Saunders.

Marjorie Russell '42, Social Chairman, is chairman of the dance.

Klan Alpine formal initiation Sunday afternoon at 2:30 o'clock for Elton Gamble and Dave Arment '42.

Theta Gamma fraternity will entertain Friday evening with a novel poverty dance from 8-11 o'clock.

Faculty guests will be Prof. and Mrs. T. A. Parish, Prof. and Mrs. Wm. Harrison, and Prof. and Mrs. Robert Brooks.

Harry Gass, chairman, will have as his committee Dan Mulane, Fritz Seegart and Charles Conine.

Klan Alpine had as its guests Sunday, Merle Parker '40 and Charles Casamo '40.

Charles "Cecil" McNeilly was honored last Wednesday evening at a birthday party at Kappa Delta fraternity.

## SOCIAL NEW YEAR

The Student Life Committee has just released the Social Calendar for the winter and spring of 1941. It follows:

- Jan. 14 Forum
- 17 Theta Chi Informal
- 18 Bartlett Dance
- 18 Pi Alpha Winter Formal
- Exams
- Feb. 8 Lambda Chi Pledge Dance
- 8 Delta Sig Pledge Dance
- 8 Kappa Psi Pledge Dance
- 11 AUCA Movie
- 15 Klan Pledge Dance
- 15 Kappa Delta Pledge Dance
- 15 Kappa Nu Pledge Dance
- 22 Intersorority Ball
- 28 WSG Dance
- Mar. 1 Pi Alpha Pledge Dance
- 1 Sigma Chi Pledge Dance
- 1 Theta Chi Pledge Dance
- 3-7 French Week
- 10-11 Forum
- 15 Freshman-Sophomore Parties (Junior Dance)
- 20-21 St. Pat's
- 22 Pi Alpha Birthday Banquet
- 28 Spring Vacation
- Apr. 12 Klan Open House
- 12 Kappa Psi Open House
- 12 Delta Sig Open House
- 18 Lambda Chi Open House
- 19 Newman Club
- 26 Brick Formal

The full moon shining in all its splendor provided the inspiration for the Brick's Winter Semi-Formal Saturday evening from 8-12 o'clock. Deep blue crepe paper, silver stars and streamers, and laughing yellow moons created a moonlit atmosphere. Highlight of the decorations was a huge silver comet suspended from the stairs.

Faculty guests were Prof. and Mrs. W. M. Burditt, Dean and Mrs. M. Ellis Drake, Prof. and Mrs. K. B. Floyd, Mrs. Vida Titsworth, and Dean Dora K. Degen.

Co-chairmen Pat Cragg '43 and Rhoda Large '44 were assisted by Rachel Peterson '44, Caroline Capper '44, Janet Austin '44, Glenna Jagger '43, and Margaret Aylor '43.

Bartlett dormitory will celebrate Saturday evening from 8-12 o'clock with a sleigh ride and dance. Sleighs will start from the Brick and return later to Bartlett for dancing and refreshments.

Faculty guests will include Prof. and Mrs. K. O. Myrvaagnes, Prof. and Mrs. C. Duryea Smith III, Dean Dora K. Degen and Mrs. Charles Burdett.

The committee of Mervin Roberts, social chairman, will include Jack Powell '44, Tom Knapp, Bill Cottrell '44, and John Busch '44.

Thelma House '38 was the week-end guest of Theta Theta Chi sorority. Adelaide Kelly '37, also came back for the week-end.

Kappa Delta fraternity entertained at dinner Thursday evening for Frank Bukowski '41 of Theta Gamma.

The engagement of Rosemary

## BEYOND THE Valley

By George Hyams

It was Cain who said, "Am I my brother's keeper?" And for this sin he was banished from the company of his fellows. He was the first of the world isolationists.

Mrs. Roosevelt was very much disturbed over the failure of the Republican members to applaud the President's address to Congress. The time to really be disturbed is when the Democrats stop applauding.

A Chinese newspaper has come to the conclusion that the United States Navy is 322 times superior to Japan's. The mathematics was based upon the amount spent or to be spent by both countries for new vessels. It would seem that the sons of Nippon just haven't got the yen to outbuild us.

Leland Stanford MacPhail, prexy of the Brooklyn Dodgers has been named chairman of the Brooklyn chapter of the Committee to Defend America by Aiding the Allies. Next he will try to convince F. D. R. that a portion of that 17 billion should be given to the Dodgers to bolster their defenses in order to repeal the invasion of those "Reds" next summer.

The defense bill, which gives the President power to give aid to Britain, was, by coincidence, Bill No. 1776. The last time 1776 got into the news we weren't particularly anxious to have anything to do with England.

Speaking of seventy sixes: the 77th Congress took over last week after the longest continuous session in the history of the United States. Despite the repeated Presidential hints to adjourn, the members insisted upon remaining in Washington. Even the President had to admire the "spirit of '76".

## WSSF GROWS

WSSF contributions to date total \$22.85, raised largely at the pre-convocation meeting with Ruth Strong. Donations have been received since from a small group of students, and a campus-wide acquaintance with the WSSF aims is planned for the second semester by the AUCA-YWCA.

## STUDENTS CAN TALK

Inauguration of a Student Forum following each Sunday-morning service of the Union University Church is promised for the first Sunday of the second semester. The Forum will list a speaker who will outline or define the theme and present views as a lead for the open discussion. Closing time has been set at 12:45 o'clock.

## MOVIE TIME TABLE

Thursday—"Third Finger, Left hand" plus "The Draft," a March of Time. Shows at 7:00 and 9:30 with feature at 7:54 and 10:24.

Friday and Saturday—"Too Many Girls" and "Blondie Plays Cupid". Shows at 6:50 and 9:20.

NEXT WEEK  
Thursday—"City for Conquest," with Cagney and Sheridan. Complete shows at 7:00 and 9:27.  
Friday—"Knute Rockne All-American," plus a March of Time and "Information Please". Shows at 7:00 and 9:33 with feature at 7:55 and 10:28.

The New Yorker eulogized Dr. Clyde Fisher for six pages running in a recent issue. The astronomical Dr. Fisher cleared the skies for us in assembly last year.

Did you hear Vincent Sheean when he appeared on Information Please as guest expert two weeks back?

Of the 62 men on the University of Minnesota football squad, 59 are Minnesotans.

Hallenbeck '39, former president of Theta Theta Chi, to Herbert Missien '39, has recently been announced.

The engagement of Frances Polan '42 to David Clarke '41 was announced by the former's parents recently.

Guests at Sigma Chi this week-end were Madeline Short '40, Margaret Lawrence '40, Jane Uffert '40 and Jayne Sennate '43.

# Varsity to Engage Hartwick in Return Game, Frosh Face Cook

## Saxon Win Streak Blasted by Ithacans

### Hauth High Scorer for The Tussle

Ithaca College's basketball machine just wasn't going to be refused a victory Saturday night. It wasn't.

The Cayugans invaded the Alfred University campus over the week-end and played havoc with the Saxons' win streak which they were trying to push up to three straight.

They did it the hard way—but they had an easy time of it toward the end. They built up an 18-13 halftime edge, bolted away to a 29-15 edge after the second half began, withstood a determined, futile ten point rally staged by the anxious Saxons and walked away with a 40-33 win, their second in three days.

Everything was shot by the Cayugans in their win, and everything dropped into the nets. Pacing the sharp-shooting attack was diminutive but greased-lightning Urse, forward, who totaled 11 points.

Only bright spot for Alfred was tall, longer-shank Ellie Hauth, sophomore center from Niagara Falls who took high scoring honors for the evening with five goals and two fouls for a 12 point total.

Frank (Pike) Triglio accounted for eleven more of Alfred's points.

Alfred's only serious bid for the game came in the second half when, with a 14 point edge hanging over them, they staged a quick-silver-like rally to pull within four points of the Ithacans, 29-25.

The Saxons are working out today and tomorrow for Wednesday night's date with Hartwick College at Oneonta.

The summary:

Alfred (33)	G	F	T
Fardee, H.	0	1	1
Young	0	0	0
Jolley	0	0	0
Holtink	0	0	0
Rhodes	0	1	1

Baker, R.	1	1	5
Charbonneau, R.	2	0	2
Willover	2	0	4
Totals	15	10	40

Officials: Swartwood, Todd.

## Johnson Heads Frosh Scoring

With Ludey Johnson showing the way toward the basket, the Purple and Gold yearlings are now well on their way to the most successful season ever enjoyed by any Frosh squad.

Packed with power, and led by the dependable Johnson, the Frosh have won two games and lost one. The only defeat came in the hands of the powerful Niagara Frosh who took the measure of the Saxons by a scant three points.

The scoring record:

Player	Games	Points
Johnson	3	63
Kulakowich	3	22
Aitken	3	18
Kamakaris	3	17
Jawarski	3	8
Herbert	3	6
Worthing	2	5
Fabcock	2	4
Moore	2	2
Fistek	2	1
Busch	2	0
Oatman	1	0
Total	.....	146

## Ag Assembly Hears Autograph Collector

Edwin A. Rowlands, acclaimed America's foremost autograph collector by the Saturday Evening Post, Time, Look, and Coronet, spoke at the Ag School assembly Friday.

In the pursuit of his interesting and unusual hobby, he has traveled from coast to coast and obtained the autographs of such outstanding personages as Chief Justice Charles Evans Hughes, Albert Einstein, Walt Disney, and Katherine Cornell.

## SPORT SHOTS—

by Bob Moebus

Old Man Illness has claimed another one, Don Wattles, hence the necessity for stringing along with a substitute for the regular sports ed. and columnist, which in any sport is sometimes fatal to the team—so may it be to the newspaper... Don is sick with a cold... well wishes from this column to his... Played a Nice Game Dept.: — Orchids (from Winchell) to Ellie Hauth for his sterling performance in Saturday night's tilt with Ithaca... for the first few minutes the score stood Hauth 7, Ithaca 4... Also congrats to "Pike" Triglio, Bo Johnson, and Willie Gamble... Unknown to many, Willie left a sick bed in the infirmary to be in uniform and play against Ithaca...

It happened in the Gym: Coach Alex Yunevich wasn't playing his usual game of basketball the other afternoon, and afterwards, when asked about his sudden decline from brilliancy, he countered with a tale about having dreamed the night before that he had sprained his ankle. He then proceeded to tell us that when he woke up the following morning his ankle hurt him terribly, and that it had been O. K. when he went to bed. That reminds us of the dream we had where we were eating shredded wheat all night, and then awoke to find the mattress all chewed up... It's ok coach, we believe you!

Snow brings winter sports, and winter sports bring skiers, skaters, and lovers of speed and breath-taking toboggan runs... Alfred has snow, and winter sports enthusiasts... put the two together, and the logical conclusion is a Winter Sports Carnival... Dartmouth has them, what about Alfred having one? ... Student senate please take note... Also Blue Key, Ski Club, and faculty...

We see where Prexy Stoneham of the N. Y. Giants unbiasedly predicts that his Jints will win the pennant in 1941... wanna bet?... We noticed that Bob Whitwood wasn't in uniform the other night against Ithaca College, and then heard rumor that he had quit the squad because he was too busy academically... he was sorely missed, and perhaps he will reconsider his decision... we hope so... I visited at Hofstra during vacation and they are still talking about "Bo" Johnson's six second touchdown last fall against the Dutchmen... The sports staff as well as the University are sorry to see Frank Lobaugh, Frosh football coach and Ceramics prof. leave... many of his Frosh have graduated to the varsity and made good with a big bang... namely Jerry Schwartz, Kola Kipp, Cliff Clay, and others... his record here was good, and we wish him success wherever he may go...

## Allen Suffers Attack, Now Convalescing

C. Loomis Allen, Plant Manager and Chairman of the Finance Committee of the Board of Trustees, suffered a serious heart attack while in New York City sometime ago on University business.

He was brought to his home in Alfred, where he has been confined since the beginning of the holiday season. He is slowly recovering from the attack.

George A. Bunnell is temporarily carrying the business of the Plant Manager's office.

## Aggies Lose Hard Fight

Battling the Cobleskill Aggies on even terms for the first three periods, the Alfred Aggies finally succumbed to a last period drive by the visitors and lost by a 43-34 score, last Friday night in the College Gym.

Bill Gravey, Cobleskill's sharp-shooting guard, was high scorer of the game with 13 points.

### One Point Margin

After being on the defensive for the first quarter and trailing by an 11-4 count, the Saxon Aggies put on the pressure in the second period to close the margin to a one point deficit, 15-14 at half time.

Gene Moyer who sparked the second period drive continued his accurate shooting, and by the end of the third chucker, the battle was all tied up at 25-25.

### Substitutes Aid Visitors

From that point, Cobleskill's string of fresh substitutes rapidly aided the tiring home team in dropping too far behind to catch the visitors.

### The box score:

Cobleskill Aggies (43)		
Bailey, H.	3	3
Sidla's	0	0
Nichols, R.	2	0

## Saxonette Sports

The Juniors defeated the sophomores 13-11 in the women's inter-class basketball league game at South Hall, Wednesday evening.

Mildred Pivetz '42 was high scorer, making eight points for the junior team. Betty Baldrige was captain of the junior team, Muriel Strong of the sophomores.

Anne Bastow injured her ankle in the first half of the game and was taken to the infirmary.

Officials for the game were Miss Lavinia Creighton, Jean Gates '44, and Laura Polan '44.

## Art School Receives Commercial Pottery

Prof. Charles Harder of the ceramic art department, recently announced that he has received some samples of commercial pottery from the Hawkinson Pottery Co.

Three Alfred graduates of the class of '40 were instrumental in sending the pieces—Stanley Ballard, Joseph Cutrona, and Bruce Gilbert.

The pieces are at present in Prof. Harder's office.

## FIAT LUX SPORTS

TUESDAY, JANUARY 14, 1941

## Grapplers to Open With Mechanics

Starting with the toughest opening meet in years, the Alfred University wrestlers enter the Intercollegiate grappling wars against the strong Rochester Mechanics Institute matmen next Saturday evening at seven o'clock in the college gym.

Boasting a strong veteran team, the grapplers from Rochester invade Alfred to continue the winning ways established last year when they took the measure of the Saxon squad by a 19-13 score.

### Starting Line-Up Announced

The tentative starting line-up will include Ciampa in the 121 lb. class, LeBlanc in the 128 lb. class, Luce wrestling at 136 lbs., Haik Kavookjian in the 155 lb. class, Miner in the 165 lb. class, Hurley wrestling at 175 lbs., and the heavyweights represented by Mike Greene, last year's star. The Alfred representative in the 145 lb. class has not yet been decided, and won't be until later in the week.

### Veterans May Lead

Royce Luce, Mike Greene, and Haik Kavookjian are expected to lead Alfred's bid for victory. Kavookjian, stalwart of last year's mat squad, can be looked for to give a fine account of his prowess on the mat, as can Greene and Luce, all veterans.

Coach Alex Yunevich expects that the outcome of the match will depend upon Alfred's strength to match the invaders in the 121, 145, and 155 lb. classes.

The wrestling match will precede the Frosh basketball game against Cook Academy, a team which they have already trounced earlier in the season.

## Aggie Squad Lists Games

With the valuable experience of two games behind them, the Ag School basketball team is looking forward to their next contest with Niagara Extension at Rochester, January 25.

The Aggies dropped their opener to Mansfield Teachers, 29-35, and ended on the short end of 43-34 count in their last game with Cobleskill, Friday night.

- Other games listed are:
- Jan. 24 Jamestown Extension at Alfred
  - Feb. 8 Brockport Normal, Brockport
  - 11 Jamestown Extension at Jamestown
  - 18 Niagara Extension, Alfred
  - 22 Canton Agriculture, Canton
  - Mar. 7 Queens College, Flushing
  - 8 Farmingdale Agriculture at Farmingdale

Fifteen Electrical seniors from the Ag School, accompanied by three instructors, attended a convention of the American Institute of Electrical Engineers at Cornell recently.

## Five Looks To Second Indian Win

Hitting the road again, the Saxon varsity basketball team will attempt to bring the season's record up to .500 again when they travel to Oneonta on Saturday to meet the Hartwick five on their court.

This game is the second of the home series with the Hartwick courtmen, the first having been won by Alfred by a 39-31 count.

### Have Six Stars

Thus far this season the Purple and Gold cagers have been finding trouble in getting rolling. Potentially they are the best outfit to wear the school colors in recent years, boasting stars such as "Bo" Johnson, Ellie Hauth, Willie Gamble, Russ Pardee, Todi Rhodes, and Pike Triglio.

In recent contests, however, inability to start and continue a determined bombardment of the opponents hoop has thwarted their efforts in compiling a winning season.

Coach Dan Minnick hopes that perhaps the Hartwick game will start the Alfred cagers off on the right foot toward a long string of victories which will enable the varsity five to show the season on the black side of the victory-defeat ledger.

### Frosh To Meet Cooke

While their big brothers are engaging Hartwick, the Saxon Frosh will again attempt to overwhelm a not too strong Cooke Academy five on the home court, the game starting immediately after the Alfred-Rochester Mechanics Institute wrestling match.

Having already taken the margin off the Cooke cagers, the Greenies expect little trouble in again subduing the Prep school boys. The score of the first game between the two teams this season was overwhelmingly in favor of the yearlings, 65-16.

### Trio Lead Frosh

Ludey Johnson, Andy Kulakowich, and Al Aitken are again expected to lead the Frosh to a decisive victory over the visiting five.

# Some Students Studied, Says Survey

## Few Make Resolutions, All Travel

By Robert Williams  
Staff Reporter

Astounding facts were revealed by the recent Fiat poll about the personal lives of our students during the holidays.

In answer to the question "How many miles did you travel to get home?" we find that Alfred students traveled around the world about three times. The males traveled a total of 67,027 miles to get home. On the average the girls must live closer to school because they traveled a total of 19,716 miles to get home.

Several students took long trips during the vacation as indicated by the answers to question, "Did you travel any distance from your home?" Many traveled to various points in New York State including New York, Syracuse, Rochester, Buffalo, Albany and many smaller places.

Someone went to Florida (I don't mean President Norwood, Dean Whitford or Dr. Titsworth), someone flew to Mexico City, someone claims he went to California although we hereby take that statement with a grain of salt. Nearby states were visited by many students.

### Some Studied

Some said they studied, in answer to the question "What was the most outstanding thing you did?" Other less outstanding deeds were, earning a dollar, becoming engaged (congrats) smashing a car, staying sober on New Year's Eve, falling in love, passing physical exam for the Naval Air Corps, joining a hunting party for a lost child, sleeping, injuring leg, and taking a bath.

The money spent would be a good starter towards paying off the national debt. Fellows spent a total of \$6,169.94. Of course the girls spent considerably less, their total being \$1,377.14.

The average night's sleep ranged from six to ten hours. Most students said that they had more over the vacation than they had been accustomed to having at school.

In answer to the next question it was revealed that Alfred students were well represented at various parties about the country. A total of 741 parties and dances were attended.

### Students Insulted

We got ourselves in trouble on question eight. Many students were insulted because we asked them when they got in New Years. They were in the minority, however, and we could draw some conclusive facts.

The girls and boys found that hours after 6 A. M. were the most popular hour to come home. Four A. M. was the next most popular hour for the girls and the boys agreed in this respect. Two co-eds were in at 9 P. M. and six fellows made such claims. Thirteen co-eds didn't go out at all and ten men stayed home.

Sixty-seven girls made New Year's resolutions and 133 fellows did. Only a very few would say whether they intended to keep them or not.

### Co-eds Like School Better

Co-eds like school better than fellows do according to the last question. Seventy-five co-eds were glad to come back against 27 that weren't. One hundred eighty-one fellows were not glad to come back against 115 that were. One hundred seven fellows were weary and 86 were rested. Forty-seven girls were weary and 44 were rested. What does that prove? "Charlie" Driscoll of Pi Alpha wrote in big letters across her questionnaire "I didn't do nothin', shucks". Too bad Charlie!

## Government Exams Listed

An open competitive examination under the title of Junior Professional Assistant, at a salary of \$2000 a year, has been announced by the United States Civil Service Commission.

The purpose of the examination is to recruit young college graduates for junior professional and scientific positions in the Federal Government.

Some of the optional branches included in the examination this year are: chemist, engineer, animal nutrition and several others which may be learned from the local post office.

The candidates for the examination must be seniors or graduates from a college or university and must not have passed their 35th birthday. Their college course must lead to a bachelor's degree, with major or undergraduate study in the field of the optional subject chosen.

Further information and application forms may be obtained from the Secretary of the Board of U. S. Civil Service Examiners at any first or second-class post office or from the U. S. Civil Service Commission at Washington, D. C.

Applications must be filed with the U. S. Civil Service Commission at Washington, D. C., by January 20th.

The Commission has also announced that applications will be accepted at its Washington office until January 16th, for the positions of associate and assistant aquatic biologist, Fish and Wildlife Service and the Department of the Interior.

Information and application forms may be obtained from L. E. Reynolds, Secretary of the Board of U. S. Civil Service Examiners.

## Traphagen School Exhibit in Library

How modern costumes are derived from those of other lands and ages will be demonstrated in an exhibit of students' work from the Traphagen School of Fashion in New York City at the University Library, from January 12 to 19.

The Traphagen School operates under an Absolute Charter granted by the Board of Regents of the University of the State of New York. Its purpose is to give practical training in Commercial Art.

## Succeeds Lampman In Research Work

Frank Arrance '40 has been engaged by the research department to succeed C. Major Lampman who left November 23.

For the past year Mr. Arrance has been employed by the Carnegie-Illinois Steel Company in their Clariton works. His job was in the open-hearth division where he spotted raw materials.

## Departmental Honors Revised By Faculty

A revision was made in the catalogue of the College of Liberal Arts, at a recent faculty meeting. This change is to be made in the account of senior honors which appeared on page 37 in the 1940 catalogue.

Part C, which refers to method of earning departmental honors, is to be changed to the following:

A candidate for departmental honors shall have attained a cumulative index of 2.2 in the course of his major subject, he shall have earned at least two semester hours in a tutorial subject, and he shall have passed an oral exam conducted by a committee selected by his major department.

Candidates for departmental honors will be recommended by their respective departments and approved by the faculty.

Departmental honors are given to encourage students to do independent work, that is, to do outside research in their particular field under the supervision of the instructor.

## Ag Gleesters Make Buffalo Appearance

First out of town appearance of the Agricultural School Glee Club will take place in Buffalo on February 25. The club will sing at a luncheon at the Hotel Statler under the direction of Mrs. S. R. Scholes. Preceding this engagement, the Glee Clubs will entertain by singing at the Ag assembly on January 24.

The Girls' Glee Club elected officers for the coming year at the regular meeting Thursday night. Katherine Cipolla '41 was elected president, and Terry Di Francesco '42, secretary.

## Student Workers Meet Finance Committee

B. B. Crandall, treasurer, of the Student Aid Committee, has issued the following notice to all students having campus work or N.Y.A. assignments for the second semester:

"Please meet the Committee on Student Aid between the hours of 8:30 A. M. to 12:00 Noon, and from 1:30 to 5:00 P. M. on Tuesday, January 14th, or on the same hours Wednesday, January 15th, at Room No. 6, Green Block".

## Souvenirs Submitted

Designs for souvenirs for the St. Pat's Festival submitted by the juniors and seniors of the College of Ceramic Art were judged yesterday.

## Vacation Tour For Glee Men Scheduled

The Men's Glee Club will leave Alfred, Wednesday, March 26, 1941, to give a series of concert programs between here and New York City.

The program will include both assembly programs in high schools and formal evening concerts. The Saxon Band will accompany them.

During the week of April 1, they plan to be on Long Island and northern New Jersey area. They have not yet filled their program for that week. Any one of the student body living in this area who thinks his high school might be interested in such a program should consult Prof. R. W. Wingate, director.

## Aggies Quit School During Xmas Leave

Among those who left the Ag School during the Christmas holidays is John Burchardt, ex-'42, who was called to serve a year's service with the 27th Division of the National Guard.

Burchardt, an Agricultural Business student, will be stationed at Ft. McCullan, Alabama.

Peter Dragich, ex-'42, radio student, who finished the Frosh football season last fall as a top-ranking guard, has been awarded a scholarship at the University of Buffalo. Dragich expects to begin with the coming term.

Robert Mayo, ex-'42 has accepted a position as lineman for the Bell Telephone Company at Herkimer.

John Smith, ex-'42 and Arthur DelRegno, ex-'42 have also left school to take outside employment.

### CHIPMAN VISITS

Charles A. Chipman of Bolivar, a member of the Board of Trustees, was in Alfred, Wednesday, conferring with President J. Nelson Norwood on matters connected with the work of the Finance Committee of the Board.

## Newly Renovated 157 Boxes Added to Post Office And Congestion Relieved In Four Day Job

Students returning from the Christmas holidays were greatly surprised to find the old post office so completely transformed that they had to look twice to be sure they were in the right town.

This metamorphosis was accomplished, under the supervision of a man from the Post Office Department, in the short space of four days, concluding at midnight on Saturday, January 4, by which time everything had been put in readiness for the students who began to stream in on the following day.

### 157 Boxes Added

The new setup diminishes congestion and makes it easier for everyone to get at his box at all times. Furthermore, 157 new boxes have been added, making it possible for all students to have their own, if they wish.

Postmaster H. C. Gould stated that the new arrangement has made temporarily longer working hours for his staff, but that the new routine will soon be in full swing. There will, however, be less delay for all concerned, Mr. Gould stated, if everyone will take pains to notify all his correspondents of any changes in box number. Cards notifying publishers of change of address are available free of charge at the post office windows.

### Conditions Improved

Although the post office men have been kept pretty busy showing people how to work their new combinations, there is a general feeling that conditions have been improved. There is more or less delay at present, but soon things will be running more smoothly than ever before.

For some years the government has

LETTER FROM HOME —here's your check and don't forget to have your hair cut.

## Workshop Added To Floriculture Equipment

A workshop for the students of the Floriculture Department has been made from the remodeled poultry brooderhouse, next to the greenhouse. The poultry department has a new brooderhouse at the State Farm.

The floriculture workshop will be divided into two sections. One half will be used as a classroom, the other as a shop with facilities for class project work such as making cuttings, potting, and transplanting.

### GROHE IS VETERINARIAN

Frederick Grohe '35 of Bayside, Long Island, has established an office of veterinary medicine at Cos Cob, Conn.

been considering building a completely new post office, but present defense plans preclude such a possibility for some time to come. Consequently, much of the equipment now in use, including the sloping mail boxes, is pristinely new. The safe, for example, comes straight from the recently-concluded New York World's Fair.

Nor is this all. A new bulletin board, to replace the familiar relic lately in use, is soon forthcoming; and later in the school year new coats of paint will be applied and the lighting system will be improved.
