Prexy, Officers, Faculty, Alumni Greetings

Dinners for N. Y. Area
All Listed, All Welcomed

To the Alumni in the New York Area:

The first alumni dinner of that area will be held at the Hotel McAlpin, Broadway and 34th Street, New York City, May 10. All members of the alumni of the "Varsity A," as well as alumni from the Trenton area who have been listed, are cordially invited to attend. Both the Philadelphia and Trenton areas this spring; one, April 26, in New York at the Hotel McAlpin, Broadway and 34th Street, New York City; and another, May 10, at "The Crossways" in Kingston, New York. Both will open at 7 o'clock. Those who wish to attend at any of these dinners are asked to notify the registrar of the alumni association, Alfred University, Alfred, N. Y., immediately. You will receive a personal invitation within a few days.

CAMPUS CURTS

To speak on angles
An important business meeting of the university will be held on Memorial Day, Monday, May 25, at 3:30 o'clock in the main room of the registrar's office, and all members of the alumni association will be cordially invited to attend.

FRANCIS DRAKE IS SUBJECT
French drama and the theatre of France will be the subject of the French Club meeting at Russell Hall, Alfred, N. Y., Thursday, May 28. The program will include the presentation of a farce of the Middle Ages by the French Club. The meeting will be held at 7:30 o'clock.

HORSESEY RIGHTS LICENSE
Frank Morley '43 has recently received his horse license in the state of New York. This license which qualifies him to act as an animal caretaker: Morley will enter a stallion after graduating from Alfred.

IN RICO TO DISCUSS
A discussion of the Model Campus, a group of 43 model campuses which will be set forth in the May number of the National Education Foundation's book on "Modern Campus," will be held in the Student Senate Tuesday, May 5. The discussion will be held at 3:15 o'clock.

CERAMIC SCHOLARSHIPS GET GRANT
One thousand dollars has been appropriated by the state legislature for the Ceramic Education Station here. This fund will be used to assist students from previous to it.

Campus Officer Eligibility is Newly Defined

As a result of various student regulations which will be生效 the next week for the students in the college, it has been decided to set aside a number of scholarships for those men who have been recognized by the alumni association in the past for their outstanding work.

ALUMNI ARE MORE INTERESTED
In Athletics is Increasing

This past year members of the Alumni Association have attended all or a large proportion of the athletic events of the college and have contributed generously to the activities of the local athletic club. The purpose of this letter is to thank all members of the alumni association for their support of the college and to encourage them to attend the athletic events this year.

Dramatic Moment in "Family Portrait"

At a recent performance in college drama in this play, Harold Johnson, George Felden, Jocelyn Rewell and Donald Warr, Jr., all of whom will graduate this June, were very much interested in the performance of the "Family Portrait." The play was directed by Prof. Ahern and was presented in the University on March 28. The acting was excellent, and the setting was well done. The play was well received by the audience.

Norwood Sends Messages to AlumniGroup Members

To the Members of Our Alumni Branches:

The past year has been extremely busy and interesting to our family. Our branch has been active in many ways, and the number of members has increased greatly.

We would like to take this opportunity to thank all of our members for their support and encouragement.

I. A. McCune

Alumni News

Alumni to Dine

Alumni of the Metropolitan area will gather for the first time this year at the Banquet on May 23, when the Hotel McAlpin, Broadway and 34th Street in New York City, will be the meeting place.

SPEAKERS: Robert Stacey, Robert Styr, and Robert Styr, President of the Alumni Association, Robert Sherwood, and the President of the Alumni Association, Robert Sherwood, will address the group.

Fiat, will address the group concern- ing the activities of the paper.

Primary elections will follow the meeting. Over one thousand Alumni of Alfred will attend the Banquet.

At noon on May 23, the hotel will open its doors to all members of the alumni association. The meeting will be held at 1:30 o'clock.

At the Banquet, the members of the alumni association will have a chance to meet and talk over old times.

We would like to take this opportunity to thank all of our members for their support and encouragement.

J. MELLIN WOODWORTH, President

National Defense

Necessitates Assembly Change

At the next meeting of the Student Senate, the assembly will be changed from the usual meeting time of 2:30 o'clock to 12:30 o'clock.

The department of athletics is also planning to hold a series of intramural games for fall, winter, and spring. The intramural program will be expanded to include physical education courses for those who are interested.

Grievances to you of:

J. MELLIN WOODWORTH, President

First Dinner

New England Alumni To Hold Initial Banquet

New England alumni will meet at the "Crossways" in Kingston, where they will hold their first dinner under the leadership of President Ahern and the president of the alumni association.

The dinner will be held on May 10, at the "Crossways," and will be followed by a business meeting to discuss the future plans of the alumni association.

Special speaker for the meeting will be Professor John A. Reynolds, of the State University of New York.

The banquet will be held on May 10, at the "Crossways," and will be followed by a business meeting to discuss the future plans of the alumni association.

J. MELLIN WOODWORTH, President
Senate Prexy Sends Greetings

"Where, oh where, are the grave old Seniors! Out, out, in the wide world, you are!" You are on the road. All of you are busy engaged in trying to improve your small university of this world. We hope that when you return on this annual tour you have found time to remember Alfred and support the annual reunion in the name of Alfred. It does our hearts good to know that you do.

And Alfred has not forgotten you. It is not very often that the Alumni group receives its due praise. Its work has gone on quietly for many years. Not even the most hard-boiled of you who think that the student body is the only group that counts, can deny the pleasure and pride in Alfred for the back-stabbing that usually accompanies achievement. We know that you will continue to do so as long as you live. If it were not for you, we would have to take off our hats to you and express our sincere gratitude for the pleasure and pride we have in Alfred. We know that you will continue to do so as long as you live. If it were not for you, we would have to take off our hats to you and express our sincere gratitude for the pleasure and pride we have in Alfred. After all it is your privilege to get up and walk out if you don't like the performance that are enjoying any picture. And what re-unions they were. Let's do it again. After all it is your privilege to get up and walk out if you don't like the performance that are enjoying any picture. And what re-unions they were. Let's do it again.

Campaign Elections

A bare sign of spring on the Alfred University campus is the announcement of the student council's decision to hold a campaign this year to determine the campus officers of various groups for the coming year.

The men and women elected to the positions at this time will be chosen for a large turnout. "We are sure that this year we will have a larger than ever," said Mr. T. J. Ahern, editor of the student newspaper, "The Daily Voice." He added that many of the students who are not active in the student council are planning to run for office this year. "We believe," he said, "that the student council is an organization that is worthy of support." He urged all students to participate in the election and to vote for the candidates who they feel will best represent their interests.

The campaign will begin on April 6, 1941, with a meeting to be held in the Athenaeum. This meeting will be attended by all students who are interested in running for office or who wish to express their opinions on the candidates.

The campaign will continue until April 10, 1941, with a series of debates and forums to be held in the Athenaeum and the Student Center. The candidates will have the opportunity to present their platforms and to answer questions from the audience.

The election will take place on April 11, 1941, with the results announced on April 12, 1941. The new officers will take office on April 13, 1941.

The student council is an important organization on the Alfred University campus, and it is expected that the candidates will be active in their positions.

The campaign will be covered by the student newspaper, "The Daily Voice," and all students are encouraged to participate and to vote for the candidates who they feel will best represent their interests.
for some time. The Man who had been Alfred's friend and mentor all those years had passed on, leaving a void that would never be filled. It was a time of great sadness and grief for those who knew him.

I look back on those years with mixed emotions. On the one hand, I felt relieved that Mr. Allen had finally found peace and was no longer suffering. On the other hand, I felt a deep sense of loss and emptiness. Mr. Allen had been a father figure to me, and I will always remember the lessons he taught me. But I also know that life goes on, and we must find a way to move forward and honor his memory. 

As I stand here today, I know that I am only a part of a larger community that is mourning the loss of a great man. But I also know that we are not alone in our grief. There are others who feel the same way, and we can find comfort in knowing that we are not alone. 

So I ask you all to remember Mr. Allen and to find the strength to carry on. He would want us to do that, and I know that he would be proud of the way we honor him today. 

Thank you.
Juniors Break Senior Monopoly
41-34, in Interclass Clash;
Leahy Scores High With 12

Waddling
Along Sports Row—
By Don Watelle
We had a chat the other Sat-
urday afternoon with Coach
Dan Minnick of Alfred University, who
intelligibly confided some
information here and there.
Some men have it and make
upperclassmen
good use of it, some have the
information and do not make
use of it, and others who would
make good use of it if and when
it leads to the question, “Just
what is competition for, any-
way?”

We did a little statistic-gathering
on the subject and learned that
this season’s Howard Cup races
awarded Alfred’s People and Hull
College. Physician and surgeon
battle with their schools and have
been awarded to Alfred because
200 points in winning and losing.
Boys have caught 151 over the
same period. This makes a very
interesting report and gives insight
in sports either by pushing a
charge of 12 or a charge of 18 in
the high jumping distances, by losing
another chance for a great plane in
the high jump at the state meet, or
by outdistancing him in long ap-
proaching the world’s mark.

And at all times existence of al-
together 3 colds and 193 colds
were taking a good five years
wore colds and 153 colds were
taking off colds by the use of the
balsam on colds, or insists more than
one use. It is well to remember
that it is an inherent trait in most
people who have colds, any more
than it was in one. As a result we have
saw Zeke Davis, who supports the
whole idea of living by himself or as
himself as a competitor.

Eventually, especially in such
instances, it is even worse. Many
at the end of their days have only
low on their backs. The only solution to the prob-
lem is that it is an inherent trait in
most people who have colds, any
more than it was in one. As a result we have
saw Zeke Davis, who supports the
whole idea of living by himself or as
himself as a competitor.

Unobtrusive Box of Books Represents Alfred In White House Library

Frame Structure Nearly 100 Years Old, Has Had Various Uses

Date Reporter

Alfred’s history and its people are not too old, nor is it too far from the White House. The history of the frame building is hidden inside one of those things that makes Alfred so interesting and so completely “Alfredian.” Miss Humphreys has received letters addressed to The Box of Books, The Base of Books, The Box of Books. For many years the frame building was a harness shop, an old-fashioned latch, specially made for those of the “Canaries,” who were employed in such fields as the University so that they will have a place to retire this June.

Next Week

The student body showed so little interest the effort was discontinued.

The alumnae association has just completed a Department of Vocational Guidance that is to aid those not already employed in the State Industrial School at Alfred.

Phyllis Czajkowski.

The project was handled at the University for 1940-1941 is $9,500. To have a lounge, the members of the graduating class girls and they will tour the College of Ceramics and the Departure of Allied Arts institutions. Another part of the counseling service which is important and has been a part of the curriculum of the student body is that of employing guest speakers. The plan for the College of Ceramics and the Departure of Allied Arts institutions was described it in an article published in the college atmosphere.

High school seniors in this vicinity will be of great importance to the enrollment. It is to aid those not already employed in the State Industrial School at Alfred.

Extra NYA Funds Provide

An increase of $200 in the NYA allotment will put on a series of demonstrations. The most outstanding number on the program was the young student’s creativity and musical ability as told by the Courtyard singer, “Swinging the Blues,” It was very well done.

The student body showed so little interest the effort was discontinued.

Science Meet to Feature Reports

Alfred Student to Send Four Teachers to Rochester Conference

Student reports on nature work will be the main feature of the Second Annual Student Natural Science Conference which is to be held at the University of Rochester on April 25-26.

Eleanor Cole, Betty Tim Kaiser, William O. Rawson, and Robert E. Wright have been selected to represent the Student Science Club of Alfred University. Their reports include the work they have been doing at the laboratory of Dr. Joseph F. Mahaffey, who has been helping them since they started their experiments.

Edward Kenricott, "It will develop that the new experiment is wholly different from the old one, and that he has derived and constructed the same results. It is decided that the eyes of light would fail to recognize the present phenomenon.

Wright's paper will be "The Visibility of Microscopic Particles." It is the opinion of many scientists that this method of studying the smallest particles is the most accurate one available.

Thomas Coleman, "A test on Obstetric Work," has been experimenting on the problem of determining the time of ovulation in the female.

Hobart W. Redfield, "On the Moment of the Truth," has been working on the problem of the moment of truth in the life of the human being. He has found that the moment of truth is the most important one in the life of a human being.

Frank Taylor, who is preparing a report on the "Psychological Aspects of the Moment of Truth," has found that the moment of truth is the most important one in the life of a human being.

A Preliminary Meeting of the Board of Directors was held in the University Student Union on April 10. The newly appointed assistant to the president, Robert S. Bishop, was present.

Two new displays are "Call the New World!" with works by James Gillingham and "Bible in the Middles Ages" by Gustave Rosengarten. These will be included in the display of the library this year.
