Results of the Friday election for the presidency of the Student Senate, now fast Bill White, backed by the Progressive Party, was the winner. Mr. White will take over his new duties at the Monday-San Day Assembly, which is scheduled for May 16.

After he and his followers had made a run for Senate slots, and after his airman had literally boistered this community with propaganda leaflets, Mr. White proceeded to give a cam-

paign speech in the assembly on Thursday, May 2. His campaign was well equipped with a field of men who were to help him win.

Staff Delight

This week marks the debut of a new FIAT LUX editorial staff. It is an honor and a privilege to take over the reins so magnificently held by our predecessors. Yet, it is with a little uncertainty that we begin our designated task, as it is always the "greenhorns." However, in a week or two we should be acclimated to these sudden and important changes. We are aware that the relationship between the Sun Office and those of us who comprise its daily operation must be one of mutual understanding, respect, and support. New Student Union

Many students, after hearing the talk by Doug Cowe on behalf of the Campus Union Board, remarked, "It's about time," when the topic of the proposed "New Union" was brought out.

The speaker stated the fact that the "new Union" will comprise a hotel for overnight guests, convention rooms with their requisite bowling alleys, etc. We, too, would like to say, "It's about time." This sort of setup has been sorely lacking for many years and now Mr. Cowe plans money and have been put aside for the specific purpose of fulfilling this project. This, of course, may be constructed next year, or the year after, or three years from now, but it is going to be built. That much is certain.

The sudden death of Dean Holmes has left most of us in a sort of temporary daze. It does not seem a reality that this great and esteemed educator has passed from our midst. No longer will the Ceramic Building. No longer can we come to him for advice. . . .

Orchestra Elects Officers

University Orchestra offers for the next school year will be elected Wednesday night in the Ag-Tech Library, at the regular meeting of the group. All members are requested to be present.

It's Mr. Segal, the famous critic, who has offered to be chairman of the orchestra next year. Mr. Segal and Mr. Segal is smiling bonyly and nodding at the knot.

"Such a lovely silver fox you are having. None of the other critics the world has to see. Mrs. Segal said, smiling."

"Vell, not the least," said Mr. Segal. "You might be bing dot animal later. You might be bing dot a bundle."

"Mr. Segal is making insinuating critical evaluations!" said Mr. Segal. "I am bing dot a bundle."

"Mr. Segal is having insinuating critical evaluations!" said Mr. Segal. "I am bing dot a bundle."

"Do you mean...?"

"I am bing dot a bundle."

Rosalie just laughs, and is chasing mice and eating ket-nip, looking at the knot. Mr. Segal is smiling benignly and nodding at the knot.

The passing of Dean Holmes makes a large official loss as well as a personal one. He served the New York State College of Ceramics, the University, the State of New York, and his country well.

In line with this proposal for a new American foreign policy, Mr. Bolas suggested that America leadership abandon the idea that it has done all it can in curbing the affluences of other nations when they have manipulated the mechanism of the United Nations.

VETS COLUMN

Mr. Segal is feeling the comfort and peace of his home. After a hard day's work he is coming to the big easy chair in the living room. He is sitting down and letting his shoe drop off, and grooping with his feet for a slippers. He always keeps underneath the chair. But this evening he is feeling...
