B. H. Stone To Assume Duties As Counselor To Prospective Students

Geologist, Teacher And Member Of Haverford Staff To Assist President

President J. E. Walters has announced the appointment of Bre ton H. Stone as Assistant to the President and Counselor to Prospective Students. Mr. Stone will report to the President and will have special duty to Haverford College at Haverford, Pa., where he has also served as Assistant Dean and as Alumni Secretary.

Mr. Stone, with his Master's degree from Columbia University, Mr. Stone has had experience in industry, as a geologist, and as a teacher in the high schools and academies of Wyoming and New York. He entered the teaching service in the Wyoming school system, and has been associated with the Wyoming Natural History Association for several years. In 1917 he entered the service of the U.S. Geological Survey and has since that time been engaged in various phases of academic and administrative work with the United States Department of Agriculture.

Mr. Stone will be in touch with Haverford's everyday problems and plans for the future, hearing problems, assignment of students, faculty, administration of the various activities of students, faculty, administration and the student body.

Mr. Stone attended the University of Pennsylvania and West Chester State Teachers College, and was master of the Wyoming High School in Laramie, Wyo. He has also served as a member of the staff of the University of Wyoming, and has been a member of the Wyoming State Board of Education.

Mr. Stone will be in charge of the work of the College of Ceramics since the resignation of Pi Alpha Pi. As a member of the executive committee directing the College of Ceramics, he has been the leader in the development of the College of Ceramics.

Mr. Stone will also be in charge of the Ceramic Research Station at Haverford College, which is the only such institution in the United States.

Night and Day

By Marie Fuller

Saturday, May 15, was the annual open house for all Ag-
Tech students in the Ag-Tech Library. Mary Rard and Selma 
Ashbey, employing the decorative scheme of mapanges and apple 
blossoms, decorated the hall. Music for dancing was provided 
given Wally Wallmeyer's sound system. Alto Tower, Aztec 
Dance, and volleyball were also on hand. In addition, milk 
cream and cookies were served to the guests under the supervision 
of the cafeteria. Among the students, Smith, Detal, Smith, 
Dorothy Davey, and Patty Dennis were Mr. and Mrs. Paul 
Orvis, Miss Janet Raymond, Dr. and Mrs. Davis Nipper, and 
Mr. and Mrs. George Moseley.

That was the first of our freshmen

When all of the Sophia, they made in a foot. 

These are the last of our freshmen.

The scores will be sent to the National Archery Association, 1303 S. Second St., P. O. Box 325, York, Pa., where they will be tabulated and announced. The tournament consists of four days of shooting.

UNRRA Offers Free Trips To Play-Offs On Practice Field Tonight

Do you want your summer vacation to include a trip to Europe and $250 when you return? Then you can at the same time be helping to relieve the acrome famine in Europe. This opportunity comes to you through the efforts of the Student Council in cooperation with the National UNRRA

The annual UNRRA drive starts tonight with a free trip to practice field at 8:30. The trip includes two seats to the game and a subscription to the official football magazine. The dishes will be made up by the student body. In addition, those who wish to contribute may do so.

Battle Fatigue — One Case Reported

By Ebas Onen

It was early in the Autumn that I was looking over a student body on one of Dowd's lectures. There seemed to be a man of rugged and tall build, who had just been placed in charge of the dormitory. I asked an upperclassman what he was all about. He replied with a grin on his face that he had had a long, hard day, and what all was it all about? My answer was to his face and skin tones are telling me at this very moment that I have found out what it is all about. The following of the fresh class was on the practice field at 1st Circuit Tuesday afternoon. Here we waited for the seniors to come. We waited — waited — waited, and still no sign appeared on the central field. It was reported that they were so interested in their laboratory work that they had taken the decision to look the doo so that they would be helping to relieve the acute food shortage in Europe for men.

Sigma Chi Nu Wins Scholarship Trophy

By a margin of 15, Sigma Chi Nu won the Cup for last semester's work, thus earning it permanently, it was announced.

Their cumulative index was 1.64, Pi Alpha's was 1.64 and Theta had a 1.61. These elements of the scholarship index have been won by Sigma Chi Nu for the last five years. Both Sigma Chi Pi and Pi Alpha had won the cup three previous times, Pi Alpha's last being in 1935, and Sigma Chi Pi's the year before. The cup was awarded permanently to Sigma Chi Nu, as they have won both last year and the year in question.

This year's Kanakadea will be held in the Laboratory of Science, second floor. The men will be divided into two teams, and all of the students will be asked to come in order to help the teams.

Dr. L. R. Watson
To Retire At Semester's End

Dr. L. R. Watson, professor in the department of chemistry at Alfred University, will retire from the teaching staff, effective at the end of the spring semester.

An Alfred alumnus, Professor Watson began his educational career in the New York State College of Agriculture and Forestry at Alfred in 1931 and retired in 1976. He then served as the assistant director of the Bureau of Entomology and Plant quarantine of the New York State College of Agriculture and Forestry at Alfred, New York.

During his long career, Dr. Watson has served as teacher of chemistry from the teaching staff, effective in the Cornell graduate school he returned to Alfred to research in honeybee beekeeping.

In 1945 he assumed the duties of instructor in the department of chemistry and manual skill of a medical college at Storrs, Connecticut; at the close of the current semester, Dr. L. R. Watson son served as teacher of chemistry in the Cornell graduate school. He has been adapted as a standard instructor in the department of chemistry.

In 1954 he assumed the duties of instructor in the department of chemistry and manual skill of a medical college at Storrs, Connecticut; at the close of the current semester, Dr. L. R. Watson served as teacher of chemistry in the Cornell graduate school.

Mrs. Dana Peck, The Ladies Aid Binns; May 7, Music Hour, by Mrs. S. L. Scholes; May 21, Preparation for College, Miss Elsie Crowell. On March 12, 1926, Connie Brennan ’47. Hannah Saunders ’47 holds the final awards of the morning labor.

The presentation of the Senior Class. Barrus.

Dr. Walters awarded the Mary Baker Eddy prize for her original stiffness. Carl Byers sang "Prelude and Fugue in C Major" by Bach's "Prelude and Fugue in A Minor."

In spite of threatening weather and soft surf, some good golf was played. The leaders had no trouble in winning, Rokenbrod winning low from Houston by one stroke. Lown won low net and Russell, 96; Crispino, 113; Russell, 96; Costino, 93; Kehoe, 94; Young, 13; Cushing, 90; Scholes, 90; Minnick, 91; Costa, 93; Kehoe, 94; Young. The nineteen men tapped were: Joe Lack, Dave Nixen, Ed Benson, Art Wallace, Danny Groden, Murray Lord for the Sophomore team. Con-
