

Plans Nearing Completion For Junior Class Dance In University Gym Oct. 3

Date Marks First Major Social Event Of College Year; Also First Function Ever Sponsored By Class Of 1949

Plans are well underway for the first major social event of the season, the Football Opener, an informal dance sponsored by the Junior Class, to be Friday from 8 to 12 p.m. at University Gym. Arrangements have already been made for Andy Grillo's band, well-known in Hornell and vicinity.

Regardless of this being the first social event that the Class of '49 ever sponsored, Class President Russell Langworthy has expressed great hope for its success. "I am sure that our responsible committee chairmen will make this dance one of the most enjoyable of the year," he boasted.

Langworthy appointed the following committees: Edward Purdy, publicity; Hermine Deutsch and John Kane, decorations; David Powell and Carolyn Thomas, chaperones; Paul Meissner, Richard Johnson and Gordon Thrall, refreshments; and Beverly Button, tickets. They will meet Wednesday at 7 p.m. in Physics Hall to report and to complete plans.

N. Y. Delegation Elects Alfred U. Representative

Alfred University will be one of the New York headquarters of the National Student Association as a result of the election of Ingram Paperny to the vice presidency of the state delegation at the national meeting of the group at the University of Wisconsin in August. It was pointed out that New York State is one of the larger regions in the NSA, containing 50,000 students at Cornell University, the University of Buffalo, Vassar College, the University of Rochester, St. Bonaventure and others.

Jack Jones AT, was Alfred's second delegate at the meeting which included 700 delegates, representing more than 1,000,000 students. He participated in panel discussions on educational opportunities. State delegates are now engaged in planning a state-wide convention to be held in December at the University of Rochester.

Alfred U. Graduate School Enrolls 200

About 200 students have enrolled in the Alfred University graduate school this Fall taking courses leading to a master's degree in the fields of science, arts, education and fine arts.

For the past nine years graduate work at Alfred has been offered as a division of the College of Liberal Arts, Dr. Joseph Seidlin, dean of the school, explained. Placing the work on a school level this year has been done in line with a national trend toward increased demand for advanced work.

Dr. Seidlin said programs of study will meet four types of student needs: teachers in service who need permanent certification; teachers in preparation; students who wish to continue studies in a major field, and students of the New York State College of Ceramics.

Newman Club To Elect Officers On October 9

Newman Club elections will be held October 9 from a slate of candidates as follows: vice president, Joan Bloor '50, and Juan Jova '50; secretary, Jeanette Kilmajski '50, and Joan Gaffney '48; treasurer, Robert Donadio '49. Mary Eagle '49 is president. At the last meeting, plans for the year were discussed and Athalene Everman AT, Thaddeus Clark '48, and Juan Jova were appointed to the program committee. Ralph Jordan '49, Robert Donadio and Michael Orzano '49, volunteered to assist with collections at the masses.

Alfred Faculty Adds Forty-one New Members

Faculty and staff of Alfred University and the Agricultural and Technical Institute has been increased by nearly 41 members this year giving the campus more than 175 faculty and staff members. Lack of space prevents the Fiat from publishing more than a brief mention of each of the new faculty members at this time.

New additions to the staff include: George W. Ince, University of Missouri, director of publicity and public relations; The Rev. Myron K. Sibley, Yale Divinity School, chaplain; Miss Emily C. Van Schoick, Illinois Wesleyan University, Ceramic College librarian.

Appointed to the faculty of the College of Liberal Arts are: Boit L. Brennan, Harvard, assistant professor of psychology in the graduate school; Lewis C. Butler, Alfred, instructor in mathematics; Fred H. Gertz, Lehigh University, assistant professor of English; LeRoy K. Kohler, Montclair State Teachers College, assistant professor of sociology; Henry Langer, Lehigh University, chairman of business and secretarial studies; Gordon Martin, Clemson College, associate professor of physics; Luis Melendez-Ramirez, National University of Columbia, assistant professor in romance languages; Winfield Randolph, Alfred, assistant professor of chemistry; Dr. C. Sverett Rhodes, Cornell, professor and chairman of the mathematics department; Jay M. Scandett, University of Southern California, professor of economics; C. Kenneth Snyder, Ursinus College, assistant professor of political sciences; Charles Jay McWilliams, Springfield College, physical education.

Ceramic School Installs Change In Curriculum

A streamlining of technical courses to allow more time for the fundamental sciences and humanistic social studies features a change in the curriculum of the College of Ceramics this Fall, it was recently announced.

Samuel R. Scholes said "The new curriculum increases emphasis on mathematics, physics and chemistry and reduces the time given to learning details of industrial plant operations."

This Fall's freshman class is the first to study under the new curriculum. Several specialized courses in glass technology, engineering ceramics, ceramic technology and design will become either elective or available for graduate work to allow more time for the new fundamental courses.

Dr. Scholes said the new curriculum is in line with suggestions by ceramic industrialists that college graduates need a more thorough understanding of ceramic engineering fundamentals and less-detailed knowledge of specific plant practices. It also meets general requirements of industry today that engineers have a broader understanding of human relations as well as standards set by the Engineers' Council for Professional Development, accrediting agency for engineering colleges.

Let's Beat St. Lawrence, Saturday

Service Frat To Hold Dance Saturday Night

Blue Key will sponsor a post-game dance after the St. Lawrence tilt Saturday night at University gymnasium, that group decided at their Sunday afternoon meeting. "Although we are attempting to raise money for the numerous activities which Blue Key sponsors for the whole campus, we feel that a dance after the football game will be of benefit particularly to the freshmen and many upperclassmen," G. Edwin Lorey '49, said.

Other business of the meeting consisted of discussion of other dances, new members and a new faculty advisor.

Humorous Speaker

Dr. Arnold Young, author and lecturer, will speak on "English as She is Spoke" at assembly Thursday. A humorous speaker, Dr. Young has taught English for several years at the Chautauqua Summer School.

Academic Council To Assist Director

Formation of a five-man Academic Council in the Ag-Tech was announced this week by Director Paul B. Orvis. "The abnormal increase in enrollment has made necessary this step to assist the Director in administration of the academic phases of the Institute," said Mr. T. A. Paris, who is chairman.

Other members are: Mr. E. J. Brown, Mr. Eddy E. Foster, Mr. Walter C. Hinkle and Mr. George W. Whitney. Members of the group, Mr. Parish said, will give the Council representation from each of the "departments" in the Ag-Tech, business, agricultural production, shops and industrial. He added that the Council will be particularly concerned with academic standards, grades, requirements and dismissals.

Ceramists Call Meeting Thursday, Physics Hall

All freshmen ceramic engineering and glass students and any juniors or seniors interested in serving on the St. Pat Board are urged to attend the organization meeting of the American Ceramic Society, at 7:30 p.m., Thursday, in Room 14, Physics Hall.

Alfred Registration Reaches Peak As 1600 Crowd Campus

More than 1600 students crowd Alfred's campus this year according to figures released this week by the Registrar's office and the Ag-Tech Institute. The University has enrolled 898 students for its 112th year and the Ag-Tech 703. Both figures are the largest in history.

Alfred men may be forced frequently to spend their coffee hours alone this year because only 20% of the 1601 students are from the distaff side. (Hopefully, a mathematician carried the figure out to four places and got .2098.)

Two other significant figures show that 45% of the enrollment are veterans and one out of three attending classes commutes from out-of-town.

There are 666 on campus who are supposed to be wearing Frosh caps. (Frosh court had a few who didn't wear them in its first meeting Sunday evening!) In addition there are in the University 279 sophomores, 166

Campus Calendar

TUESDAY
Fiat Meeting—6:45—Fiat Office
University Chorus—7:15—Social Hall
WSG—7:15
Keramos—8:30—Lambda Chi Alpha

WEDNESDAY
Student Affairs Committee—4:50—Greene Hall
Junior Class Meeting—7:00—Physics Hall
Band Rehearsal—7:00—South Hall
Movies—7:00—Alumni Hall

THURSDAY
Assembly—11:00—Alumni Hall
Choir Rehearsal—7:00—University Church
University Chorus—8:15—Social Hall

FRIDAY
Movies—7:00—Alumni Hall
Junior Dance—8 to 12—University Gym

SATURDAY
Klan Open House—after football game
Delta Sig Open House

SUNDAY
Sigma Chi Faculty Tea
Castle Freshman Tea
RFA Record Concert—4:00—Social Hall
Episcopal Services—5:30—The Gothic
RFA—7:30—Social Hall

RFA Resumes Sunday Night Forum Hours

Resuming its Sunday night Forum programs, the RFA has presented two interesting sessions in Social Hall, September 21, Prof. Varick Nevins gave a program of films of Alfred.

On Sept. 28, Dr. Ellsworth Bernard and Dr. Thomas Hall spoke on the topic, "Is Higher Education an Illusion?" With a negative approach, Dr. Hall presented his thoughts on the subject: College does not aim at the production of good citizens; it does not assist, usually, in the vocational techniques.

Dr. Bernard's points were that the aims of college, although not fully realized, were: to increase intellectual power, to cultivate an attitude of reasonableness, to refine aesthetic powers and to set moral values and to encourage the will to realize these values.

In the open forum following, the question of lateral assistance from the faculty was considered and called favorable by the pane. In future sessions of the RFA, related topics, and topics of other fields will be considered.

Sophs To Sponsor "Sock Hop" Dance

After earning a reputation last year for sponsoring unusual dances, the Class of '50, in a committee meeting Thursday evening, voted to sponsor an informal dance on Oct. 11, which will be called the "Sock Hop". Co-chairmen will be Sophomore Class President Donald Garrison, and Dwight Brown.

Following the precedent they set down last year, amount and method of charging admission will not be announced until the night of the dance. Refreshments will be served.

Alfred Loses To Bucknell In Grid Opener Saturday Afternoon At Lewisburg

Despite 25-0 Score, Alfred Played Well, Observers Agree; Argentieri, Brown, Hall, Schweitzer Outstanding

By Wilson Cushing '49

Continuing grid warfare with Bucknell after a lapse of 24 years, Alfred suffered their third loss in as many tries against the Pennsylvania Bisons, Saturday afternoon at Lewisburg. All observers agree that Alfred, although beaten by a 25-0 score, played exceptionally well.

Fiat Meeting Tonight To Include New Students

All students interested in reporting, feature writing, headline writing, circulation or typing for the Fiat are invited to attend the regular staff meeting Tuesday (tonight) at 6:45 p.m. at the Fiat Office in the Union Annex.

Applicants must complete satisfactorily a six-weeks trial period before becoming regular staff members and attendance at meetings is compulsory.

Winter Sports Club Plans For New Activities

Enlargement of the Winter Sports Club to include tobogganing, skating, hiking and a carnival was announced this week by Lawrence H. Elliot '50.

"It is a Fall to Spring program," Elliot said and added, "By increasing the number of activities, we hope to have something in winter sports of interest to every student and we feel we will not only increase our membership, but do a greater service to the campus."

He pointed out that frequently the group would meet by sport units, but the unity of the club would be maintained to preserve their effectiveness for such large-scale ventures as the carnival which is in the planning stage. Units for hiking, camping and horseback riding as well as a rod and gun group are either already under way or being organized.

About 80 people attended the organization meeting Tuesday evening, Elliot said, at which time the following committee chairmen were appointed.

Carnival, Elliot; skiing, Richard Smith '49; tobogganing, Frederic Schaa '49; skating, Frank Pasternack '50; hiking and camping, Jesse B. Shapiro '49; horseback, Robert D. Farnham '50.

Magazine Contest Open To Undergraduate Women

College women who aspire to be an editor of Mademoiselle will get their opportunity this year in competition leading to a guest editorship on the magazine's college board.

The announcement states that fashion talent is important, but co-eds interested in merchandising, promotion or fiction, as well as drama, science and child care are eligible.

Further information is available at the Fiat office. Any undergraduate woman interested in spending the month of June, 1948, working for Mademoiselle will submit a trial report before Nov. 1 and fulfill three assignments during the school year.

Weekly Chapel Services Resumed Each Tuesday

Resumption of the weekly Chapel Service at 11 a.m., Tuesday in Kenyon Hall was announced this week by Chaplain Myron K. Sibley.

"The service permits a brief period for worship and is assisted by a student choir under the direction of Mr. William Fiedler," continued Chaplain Sibley.

Episcopal services will be at 5 p.m., each Sunday afternoon, except on the second Sunday of each month, when they will be at 9:30 a.m.

First Home Game Saturday Night

Argentieri and Brown were outstanding for Alfred in offensive play and Hall and Schweitzer starred on defense, figuring in on almost every defensive play. Ironically, the score rolled up by the opponents was almost entirely due to Alfred fumbles. Statistically, the score should have been about six to nothing or possibly a victory for Alfred, had the latter not bogged down in Bucknell territory several times due to fumbles.

Receiving the kick off Alfred went for three straight first downs before a fumble gave them a loss of eight yards on the third down. Kicking to Bucknell, the latter continued the first downs parade. After their third first down, they lost the ball to Alfred and the Saxons set in motion their most spectacular play of the game.

Out of a T-formation, Curran received the ball and headed for the flat. Hemmed in by the Bisons, Brown came racing from behind, where Curran tossed him a lateral, and carried the leather for 68 yards before being pulled down from behind. The ball rested on the seven-yard line. Here was the first of Alfred's costly fumbles. The Bisons took over on their eight and put on a sustained drive which ended in a smash from the one-yard line and their first score just before half time.

Bucknell received the kickoff to start the third quarter and began a punting duel which lasted throughout the period. Bucknell kicked to the Alfred 12 for a 51-yard punt. After two downs, Brown quick-kicked. The pigskin went for 65 yards and was the best punt of the game. From this point Bucknell began a drive which netted them the only touchdown not resulting from an Alfred fumble.

(Continued on page three)

Friday Set As Day For Print Renting

Rental of the prints of masterpieces which have hung in the Campus Union since last Spring's Arts Festival will be on the "first come, first served" basis from 4:30 to 6:30 Friday, October 3 at Social Hall, Miss Geen announced this week. Cost will be from \$.50 to \$1 per semester depending upon the print, she said.

Presented to the University by Mrs. George Openhym '24, the more than 50 prints formed an impressive part of the Arts Festival last May.

Relaxation has been made of the rule prohibiting hanging of pictures on the walls of university-owned dormitories. Students living in dormitories may contact their head residents for advice in hanging the prints, the dean pointed out.

"Authorities recommend that pictures be hung at eye-heights, Miss Geen said.

Students To Be Given Credit For Activities

Credit is being given this year for the first time for participation in chorus, orchestra, band and some other activities which will be announced later.

"In past years, many students did not feel they could devote much time to extra-curricular activities," Prof. William Fiedler said. "We hope that the assigning of one credit will enable those who would like to take part in activities, to do so."

Mr. Fiedler went on to say that the additional incentive and the obligations implied should improve the quality of the groups. More details will be announced later.

Alfred University's Student Paper

Published every Tuesday of the school year by a student staff. Entered as second-class matter October 9, 1913, at the post-office in Alfred, N. Y., under Act of March 3, 1879. Subscription \$2.50 yearly.

Member of the Intercollegiate Newspaper Association of the Middle Atlantic States Press.

Represented for national advertising by National Advertising Service, Inc., 240 Madison Avenue, New York City, New York.

TUESDAY, SEPTEMBER 30, 1947

An Improved Freshman Week

"Oh, to be a Freshman again!" and "Those poor Frosh"—either comment can be heard on campus these days as green caps bring back all kinds of memories. The first week is an important one from the standpoint of getting the right start in Alfred. This year with a few new techniques and ideas, the Administration staged a bigger and better Freshman Week than ever before. Special credit should be given to Miss Geen, Ken Goss, Dean Stone, the student advisors, and many others for the time and energy they devoted to the job.

One innovation was the freshman tours which should eliminate some direction giving (we hope). The Big-Little Sister plan was dropped in favor of several upper classmen acting as advisor to not more than ten freshmen each. With a full program of teas, assemblies, tours, and conferences, a banquet, movie, etc., freshmen didn't have time to feel lost and they started out their college life with a helpful introduction to administration and student leaders, campus practices and customs.

There was, however, one group that is forgotten every year—the transfers. Why not send out a special invitation to them to join at least part of the freshmen activities or plan a special program for them alone? They are new to Alfred, too.

On the whole, Freshman Week was a success; and by no means the least important evidence of their orientation is that a majority of the "Frosh" are wearing their green caps without protest.

College Aims Two-Fold

Freshmen are probably already writing themes in answer to the question "Why are we here?" and "What do I expect to accomplish?" As they start out on an entirely new kind of life, they consciously or unconsciously have outlined objectives for their college career.

The faculty, too, stops to get its bearings. In a recent talk, President Walters emphasized "good teaching" as an objective for this year. He mentioned two aims which should be kept uppermost: (1) the development of intellect and (2) the development of character. Those are broad and ambitious aims, and if attainable at all, certainly by the kind of faculty Alfred now boasts.

But should not students have these objectives too? The first, the development of intellect, is more or less obvious. But it means more than memorization of facts and figures. It intimates the development of ability to learn, to select, to appraise and to appreciate. The second, the development of character, is more subtly accomplished. The sum of every contact made with people, every habit formed, every opinion expressed affects character. If this aim is achieved, we will leave college with more mature, worthy characters.

Neither students or teachers can accomplish these objectives alone. Only if they aim together toward the same goal can they both succeed.

Registration Improves

Registration—that amazing source of gripes, material for professor's jokes, puns and attempts in general to apologize for large or small classes as the case may be, and an expected headache for everyone.

This year, despite the greatly increased number of students, registration was completed with fewer mixups and delays than usual. This fact may not be obvious to the vet who had schedule conflicts and spent a complete afternoon in the process of straightening them out, or the girl who waited twenty minutes in a line which turned out to be for vets only.

But the overall picture is more encouraging. The outstanding fact is that more than 200 freshmen were registered in one forenoon. The preregistration period at Social Hall was arranged to give students opportunity to work out their schedules for themselves and to eliminate the confusion of filling out cards from the Library. The first purpose was accomplished, but the second was not. Much time was wasted since some professors were swamped with class cards to be issued while several others sat idly by.

Another suggestion is to carry on the preregistration in Greene Hall or any building nearer the Library. This would save both time and steps. Anyway it's over for another year.

Night And Day

By Beverly Button

By Beverly Button

At the first signs of that "Friday afternoon look" it's time for your correspondent to be out on the prowl. Now that boy has met girl and Dean Elizabeth Geen has announced her ultimatum, the WPA (Working Populace of Alfred) is all set for entertaining and being entertained.

The Winter Sports Club officially started the social season Friday night with an informal dance at South Hall. Posters, pines and winter sports equipment made the room festive. The recorded music made the stag line wish they had brought dates—or clubs.

Saturday night Kappa Psi held an informal dance for house members. Dr. and Mrs. H. E. Simpson and Dr. and Mrs. W. Lawrence were chaperones.

Delta Sig will have open house every Saturday night beginning this week. Kappa Nu will have open house Friday and Saturday nights as soon as possible, in their new house on Reynolds Street. Sunday they entertained their faculty advisor, Prof. John Freund, for dinner.

Chaplain and Mrs. Myron K. Sibley were Sunday dinner guests at Sigma Chi.

Saturday, Sept. 22, the Castle girls held a birthday party for Marilyn Neville '50. They invited Mrs. Dora K. Degen, former Dean of Women, to dinner on Sept. 23.

Barbara Guillaume '47, and Mary Lee ex '49 visited Theta Chi Sunday afternoon, Sept. 21. Jeannette Carlano '47, Priscilla Cochran '47, Clare Olmstead ex '49, and Brenda Wilson ex '48 were guests that weekend also.

Sept. 16, Grace E. Congdon '48, was a guest of Mr. and Mrs. Robert B. Wightman at their home in Trailer Town. They in turn were invited to Sigma Chi for dinner Sept. 23.

Katherine Bascom, ACS, entertained John Irwin from Cleveland, O, Sept. 20 and 21.

Mary Elizabeth Van Norman '47, was visited by her mother, Sept. 26. Mr. and Mrs. Zola Deutsch came from New York City to see Hermine, Saturday and Sunday.

A daughter was born, Sept. 13, to Mr. and Mrs. John McCarthy. She is the former Ann Huntington ex '48. Nancy Terry '47, and Donald MacIntyre '48, were married Sept. 6 in Lynbrook, L. I. After a trip to New England, they are residing in Trailer Town.

Betsy Ross Winegard '47 was married to George Decker Jr. of Penn Yan, on August 9.

Lyn Congdon '50, and Robert Wightman '48, were married June 28. They are now living in Trailer Town.

Artrude Dorothy Ratschkowski '49 was married to Urban Ludwig '47, Aug. 30, in Rochester.

Elaine Locke '46, was married this summer in Berkeley, Calif., to William Derby, who attended the ASTP here. They now live in Baltimore, Md.

Alfred Cooper '48, and his wife since Aug. 30, formerly Jacqueline Kennedy of Boston, are now living at 54 Main St.

Faculty Increase

(Continued from page one)

Appointed to the faculty of the College of Ceramics are: George A. Kirkendale, University of Toronto, assistant professor of ceramic engineering; Miss Elaine Newton, University of Iowa, instructor of history of art; Daniel Rhodes, University of Chicago, assistant professor of ceramic design and drawing; Harold A. Sage, Iowa State University, assistant professor of chemistry; Harold A. Tovish, Sculptors Guild of New York, professor of sculpture.

Appointed to the faculty of the School for American Craftsmen are: Thomas F. McClure, University of Nebraska, instructor in basic art; Philip Morton, University of Utah, instructor in metalsmithing; Jack Windsor, San Jose State College, instructor in pottery and production planning.

Added to the faculty and staff of the Ag-Tech are: Mrs. Lily Carter, Plattsburg State Normal, business; Miss Mary Jean Crowley, ATI, floriculture; Harold D. Davie, electrical power; George M. Dunning, Cortland Normal School, physics; Charles Edelman, Potsdam Normal School, refrigeration; William Falkner, Jr., herdsman; James Frick, University of Buffalo, business; Mrs. Doris Gere, Alfred, business; Mrs. Martha Koby, Alfred, English; John M. Lake, Colgate, chemistry; Glen J. Leathersick, Rochester Business Institute, business; Burdette Lewis, Cornell, field manager; Harold J. Panter, electrical power; L. William Patchen, Syracuse University, mathematics; Era D. Schofield, Syracuse University, laboratory technology; Vincent Smith, Cornell University, floriculture; Richard F. Stinson, Ohio State University, floriculture; Leigh Woehling, Penn State, animal husbandry.

Literary Magazine Group Starts Work

Initial plans for a literary magazine, which probably will be called the Integral, were set Tuesday evening by about 15 people in Alumni Hall following up a preliminary meeting held last Spring.

Choosing the name "The Workshop," the group decided to draw up a constitution for presentation at an early meeting of Student Senate and elected Lawrence F. Kinlon '49, president. Mr. Howard Houston will be faculty advisor. Meetings for the time being will be held weekly in Room 1, Alumni Hall.

Tentative plans include issuing a literary magazine before Christmas. Probably the first issue will be mimeographed because of shortage of funds, although a letterpress printed magazine would be more desirable and would be attempted in subsequent issues. Contributions of poetry, fiction or factual features from any student are invited.

In this respect, Dr. Ellsworth Barnard pointed out that work contributed to the Integral would be taken into consideration in awarding the annual Mary Wager Fisher Literary Prize, which, according to the college catalogue, goes to "one or more students as a prize for excellence in literary composition."

Students To Vote On New Type Drive

The Community Chest drive was a main point on the agenda of the Student Senate meeting, Tuesday. A new idea on campus, mimeographed cards will be sent to all students asking if they would rather support one inclusive drive to collect from each student a sufficient sum of money to cover all drives for the year or whether they would prefer the present set-up of individual requests for each drive.

Katherine Bascom AC, was appointed chairman of the Community Chest to succeed Jack Caraballo '48, who resigned.

Note was also made concerning attendance of Senate representatives at meetings. President Kenneth Goss '48, pointed out "Student Senate representatives have a great responsibility to fulfill, and therefore are expected to attend every meeting."

A Senate ruling relieves any representative of his position if he misses three successive meetings. In such a case, the house he represents will be expected to elect a new Senate representative. As a fair measure, a note will be sent to the house concerned after the first absence of the representative.

Yearbook Adds New Position To Staff

The addition of an Ag-Tech editor of the Kanakadea was announced this week by Marion Miller '48, editor-in-chief. The necessity of this step was indicated in the preliminary planning meeting held last week. Besides Miss Miller, present were: Marie Chierchetti '48, business manager; David Guillaume '48, art editor; and Mary Lord '48, senior editor.

Current plans include posting of lists in the Ag-Tech building for any students interested in working on the yearbook to sign. Lists for University students who are interested in staff work also will be posted in residence houses.

Plans are under way to take group pictures during the first and second weeks of October, Miss Miller said.

Movie Time-Table

Wednesday—October 1—Henry Fonda in "The Long Night". Shows at 7:00 and 9:29—features at 7:53 and 10:22.

Friday only—October 3—Ray Milland, Theresa Wright and Brian Donlevy in "The Trouble With Women," and "The Guilt of Janet Ames," with Rosalind Russell. Show starts at 7:00—last complete show at 8:33. "Women" at 7:13 and 10:19; "Ames" at 8:43 only.

Let's Beat
St. Lawrence, Saturday

Letters To The Editor—

Dear Editor:

As you probably know, I left Alfred to come here and would appreciate your printing the following information for the students who may not know why I left.

Dr. Lloyd L. Lowenstein resigned as Professor and chairman of the Mathematics Department to assume the position of Professor and head of the Mathematics Department at Kent State University, Kent, Ohio.

Dr. Lowenstein came to Alfred in 1937 as an Assistant Professor, was promoted to an Associate Professor and Chairman of the Department in 1939 and to a Professorship in 1943. Kent State University is one of five Ohio state universities, being exceeded in size only by Ohio State. Kent has more than 5000 students and the department which Dr. Lowenstein now heads has eighteen members on its staff.

With kindest regards to all,
Sincerely
Lloyd L. Lowenstein

Blue Key Chooses Officers; Names 5 To Frosh Court

G. Edwin Lorey '48, was elected president of Blue Key at the first meeting of the year, September 21. Lorey, who has been a member of the national honorary service fraternity for two years, will serve with the following officers: vice president, Marion R. Nadler '48; secretary treasurer, Jerry Smith '50; and corresponding secretary, M. John Rice Jr. '48.

Principal business of the meeting was to organize Frosh Court, traditional role of Blue Key. Named to the Court were five senior members: Charles P. Brady, Kenneth G. Goss, Nadler, Harry S. Parker and Rice.

In an effort to make Frosh Court follow the serious lines set down in plans last Spring, the Court will be closed to spectators and, to prevent false accusation, charges will be signed and handed to Blue Key members, the group announced. Post cards will then be sent to accused freshmen men ordering them to appear before the Court. The WSG and Ag-Tech Student Council will hold court for those two groups.

Athletic Director James A. McLane, faculty advisor of Blue Key for several years and instrumental in the postwar reorganization, asked that his resignation from that position be accepted under pressure of other duties. It was accepted.

The president appointed a three-man committee, William H. Beazell Jr. '49, Richard H. Dunne '49, and Edward J. Purdy '49, to investigate the possibility of Blue Key erecting an arch over the driveway to Merrill Field as its project of the year. An elected social affairs committee to supervise money-raising social events will be composed of Eugene W. Holman '49, Raymond C. Scholtz '49 and Sidney Schweitzer '49.

On the suggestion of Frosh Court Chief Justice Brady, the Freshman rules are listed below for the benefit of freshmen as well as upperclassmen:

1. All freshman men and women shall be required to wear the regulation green cap with yellow button from Freshman Week in September until a five-weeks period is up. The cap shall be worn without alteration in any way from 6 a.m. to 6 p.m., Monday through Friday, and at all home athletic contests.
2. Freshmen shall be required to observe all rules of common courtesy and shall show due respect to University faculty, and upperclassmen by giving preference in entering campus and village buildings, etc.
3. Freshmen shall greet all faculty members, campus guests and students with the customary "hello" or similar greeting.
4. The regulation freshman button shall be worn conspicuously from time of registration until four weeks after classes begin.
5. Freshmen shall learn the Alma Mater and all freshman rules and shall be required to pass an examination on the same.

Contributions To A. U. Largest In Six Years

Gifts to Alfred University's "Continued Support Program" last year totaled \$71,974.50, largest contribution for a single year since the program began in 1941, Alumni Secretary Harold Reid reported recently.

A total of 441 contributions, including 38 who gave \$100 or more, thus brought the amount raised in the past six years to \$265,569.91. Of last year's gifts by alumni and friends, \$10,494.40 was undesignated while \$61,540.10 was for scholarships and other special purposes.

College Town

By Muddlehead

Well, it looks like the average freshman age is getting somewhere back to normal. I am glad of that; one of the most difficult things last year was telling the frosh from the pros.

Science is wonderful dept: With the greatest crowd of students attending college in the history of the nation, science has turned some of its finest minds towards easing the lot of all of us. Perfected inventions that are on the market at the moment:

Helium capsules that can be taken internally for students who can't seem to get up for their eight o'clocks.

Rotating necks for backward students (like Dave Nixon) so they can see where they are going.

Married couple special: they have raised storks with curved backs so they can deliver babies in trailers.

Headache pills for students that never get headaches, but want to get an infirmity excuse.

Large pots with the students' names and addresses on them for those who are always losing them in poker games.

BUT science in its inconsistent way has not completely been in favor of us. This is a WARNING to you people who are planning on making a tour of the night spots in the surrounding area. Most of the places have installed revolving headwaiters so they can take your money both coming and going.

I was utterly amazed to glance in the Union 't'other night. Everybody in there looked like they were watching a tennis game. Tennis in the Union? I couldn't believe it. But it was easily explained, though. They were only watching Sandra Rubin rumba.

Flash—three Alfred students suffer heart attacks after receiving a letter from Registrar Potter telling them to come in and pick out their major. They thought that they were drafted again.

Nice dance up at South Hall Friday night. Sig Wuerslin and his cohorts should be complimented highly. See, "Sig," I still say nice things about you even if you won't introduce me to those transfers from Jamestown.

Warning to Freshman Women Dept: Don't speak to Joe Chorney; don't be seen with Joe Chorney; don't be caught dead with Joe Chorney. There, I guess that squares us up Joe for you feeding me that mothball the other night and telling me it was a piece of candy.

Well Benjamin Underwood (my typewriter) having sneaked out and joined the C.I.O. during the summer, I have to work by the clock now.

Reminder to Profs. Dep't—The new style trends—longer skirts at cetera has nothing to do with assignments.

Noted Carilloneurs To Present Concert

Five noted carilloneurs will keep Alfred University's old-world bells ringing for six hours this afternoon following a meeting of the executive committee of the Guild of Carilloneurs of North America.

The concerts will be played by Dr. Kamiel Lefevre of the Riverside Church, New York City; Prof. Percival Price of the University of Michigan; Melvin C. Corbett of Darien, Conn.; Prof. Frank Johnson of St. Pauls, Concord, N. H.; and Dr. Ray W. Wingate of Alfred.

Dr. Wingate, who is Guild vice-president, said the concerts will be from 2 to 6 and 8 to 10 p.m. The rest of the three-day period the carilloneurs will spend in Alfred will be devoted to more serious business of the Guild's executive committee, he said.

New Club Calls Meeting To Discuss Year's Plans

All students interested in management, breeding and feeding of livestock are invited to a meeting of the Horn & Hoof Club, organized this year which will be held at 7 p.m. at the Fall by animal husbandry majors, Ag-Tech building on Tuesday (tonight).

Officers elected at the first meeting are: manager, Donald Perry; Jersey breed superintendent, Eden Caldwell; Holstein-Friesian breed superintendent, Richard Tonger; secretary, Mrs. Donald Perry; treasurer, Harold Bergen. Faculty advisors are Mr. Howard Merrill and Mr. Leigh Woehling.

Tentative plans include a classification day and a 4-H Club Calf sale in the Spring, besides movies and lectures.

First Home Game
Saturday Night

C. McWilliams Named Coach Of Basketball

This year, with the largest number of students Alfred has ever witnessed the Athletic Department is confronted with the task of providing physical training supervision for all registered P. E. students, besides fielding the various teams to represent the University in the Intercollegiate sports world. In order to facilitate such an accelerated program, the addition of Physical Education staff members is essential.

Recently, Director of Athletics James A. McLane announced the appointment of Charles Jay McWilliams

CHARLES J. McWILLIAMS

of Ebsenburg, Pa., as coach of Alfred University's varsity basketball team.

After discharge in June, 1944, McWilliams taught at V.M.I., also serving as line coach for football and as varsity basketball coach. He completed his studies last month at Springfield, Mass., for the master's degree in physical education.

McWilliams assumed his duties at Alfred on Sept. 2, as assistant to varsity football Coach Alex Yunevich, at the start of the pre-season grid training session.

Coach McLane also announced the appointment of Nicholas Obuhanick as Assistant Freshman football coach. He is a former Alfred letter man in both basketball and football from 1934 to 1937. A native of Elmira, he saw service several years ago as a New York State Trooper, and at present is studying for his master's degree at Alfred.

Alfred Loses To Bucknell

(Continued from page one)

After the score Alfred received the kickoff and again put themselves in scoring position with a beautifully executed pass play. Curran passed to Spitulnik for 38 yards to Bucknell's 12-yard line. Here another fumble nullified the Saxon scoring attempt, Bucknell going on to score again. After another drive by Alfred, they fumbled again and Bucknell's McKay picked the fumble out of mid-air and turned in the longest run of the game for the Bisons. Scoring once more on another fumble, Bucknell ended their drives and filled the game with substitute.

Starting lineup:

ALFRED	BUCKNELL
Argentero	LE Grueneberg
Dadalt	LT Szabo
Schweitzer	LG Brown
Hall	C Steff

Sport Side

By Larry Kinlon

This week-end the Alfred University football squad meets the St. Lawrence gridders for the first home game of the current season. In their opener with St. Bonaventure at Olean on Sept. 21, the Larries showed considerable fighting ability despite their defeat by three touchdowns. This first contest on our home field will prove to be a whale of a match, so don't miss it. The traditional Alfred rooting section is located on the East side of the gridiron, opposite the main entrance to Merrill Field. It is recommended that everyone enter the field through the main gate. There is a wire fence thrown around the field this year, so don't take any chances of getting hung up on same.

Alpha Phi Omega will handle the ushering assignment as competently as last year. The new University Band, conducted by Mr. Olin Johnson of Alfred-Almond will provide the entertainment between halves. With the addition of the new bleachers Merrill Field can easily handle 4500 spectators. All Alfred section spectators are requester to stay on the gravel paths in crossing to the East side of the Field rather than cross on the grass. Your thoughtfulness in this instance will be appreciated.

Coach Yunevich and Assistant Coach McWilliams have done wonders in readying a squad that has had a good share of hard luck injuries during pre-season, but one which is ready to go all out in securing its enviable record of last year.

With promises of being bigger and better than ever, the Alfred University Intramural Sports program welcomes the entire student body. Get set for the touch football league games and get your entries into Coach Minnick's office as soon as your team is organized.

Cross Country Squads Train For Sat. Meet

Both freshmen and varsity cross-country squads are continuing strenuous workouts this week for the meets to be held at Terra Cotta Field, Saturday afternoon. The freshmen will display their strength and talent at an inter-squad meet at 2 o'clock. At 2:30, the gun will get underway the dual meet against RPI.

Returning in better-than-ever condition is Marv Smith, veteran who carried home the Purple and Gold last year. Along with Marv will be Dick O'Neil who shows every promise of being in there cutting that important tape. Also carrying the colors with great gusto will be Bob Wightman, Pat Zegarelli, George Pixley, Luther Perkins, Vic DeProse, Dick Pedu, Herb Averell, Larry Bonhotel, Jim Heasley and Kenny Spring.

Minnick To Organize Intramural Sports

Coach Dan Minnick has announced that a meeting for the purpose of organizing the intramural sports program will be held Tuesday September 30, at 7:00 p.m. in the Men's Gym. All organizations on campus wishing to participate in any phase of the intramural program are urged to send two representatives to Tuesday's all important meeting.

The touch football tourney will get underway just as soon as the organization plans have been formulated and as a result all groups contemplating participation are urged to begin forming their teams immediately since team rosters will have to be submitted to Coach Minnick by 5:00 p.m. Friday October 3rd. Men interested in participating in Fall Golf and tennis tourneys are also asked to submit their names by the above date.

Girls Sports

Mary Ann Goodrich

If any Frosh girls are interested in making sports on of their extra-curricular activities during their college career, the best time to get started is NOW. Probably some have met the Women's Athletic Governing Board Monday night at South Hall. That get together should have presented the over-all picture of the girls' sports program here. However, the only way to get fully acquainted is to come out for sports right away. Hockey, tennis, volleyball, badminton, archery and table tennis start within the next two weeks, so all should watch for signs posted in the dorms telling when and where.

The Planning Committee of the

Frosh, Transfer Women

There will be a compulsory meeting of all freshman and transfer women at 7:30 p.m. Tuesday (tonight) in Physics Hall, according to Marie Cherichetti '48, WSG president.

WAGB planned last night's get together. Norma Jacox was chairman of the refreshment committee, Helena Bayko chairman of the set-up committee, and Barbara Theurer chairman of the publicity committee.

Norma Jacox, manager of tennis, has asked that all those who signed up for the tennis tourneys find out when they are scheduled to play, and play at that time. Otherwise, they will forfeit their game.

Rabindar Singh Leaves U. S. For Surveyal Of Ceramic Industry In England, France

Rabindar Singh, the turban-wearing Indian who spent 21 months here studying ceramic engineering, landed in England this week to survey the ceramic industry in that country. After a few months there, he hopes to go on to France and then—maybe—back to India.

The 26-year-old Sikh, who is married and has a son 20 months old, was supposed to return as a ceramic advisor to the Punjab province, but India's political upheaval has eliminated the job and burned the village, near Lahore, in which he lived.

Singh, who speaks seven languages, will go to Armistair, where his uncle and family now live. What will he do? "I don't know," he says frankly. "Perhaps I'll get a job under a reorganized government, or perhaps I'll go into business for myself."

A graduate of the Forman Christian College in Lahore, Singh says that religious differences in India today "are only surface problems." "There are so many illiterate people in India that it is easy to foment trouble," he says. "But India's real trouble is economic. There is no middle class, and the gap between the rich and the poor is too great."

America, he thinks, has shown the world that the greatest progress can be made under a system of private enterprise. However, he thinks India's economic situation should combine a socialization of the basic heavy industries and a system of free enterprise for smaller manufacturers.

Singh has also traveled through other parts of the world. In 1938 he played on India's championship field hockey team in the Asiatic Games in Tel Aviv. His team beat Japan in the finals.

His wife, a master in psychology, taught at Queen Mary's College in Lahore while his father was a teacher in chemistry at the Sikh National College there. The city has recently been the scene of bloody fighting among Sikhs, Hindus and Moslems.

Interfrat Council Discusses Rushing

At the first Interfraternity Meeting, held Sept. 24, at Delta Sigma Phi, rushing regulations and the Interfraternity Ball were the chief topics of discussion.

Rushing officially starts Friday, Oct. 24. Until then, no Fraternity men are to be allowed in any Freshman residence. Ed Benson has been appointed to obtain the list of eligible transfers and freshmen men for rushing.

A list of pledges with their respective indices will be posted with the secretary of the Interfraternity Council. Before the men are initiated into their fraternities, the Interfraternity Council must be notified.

Appointed to the Interfraternity Ball committee are: John Coletton, Theta Gamma; Charles Hoagland, Kappa Delta; Donald Knowlton, Lambda Chi; and Malcolm Olson, Klan Alpine. A discussion of the finances for the Ball concluded the meeting.

Duties Of Dean Of Women Extend Into Arts, Crafts School

Added to the faculty as a member of the recently formed School for American Craftsmen executive committee, Dean Elizabeth Geen extends her duties as Dean of Women into the Craft School and will act as liaison officer between the University and the Craft School.

Besides Miss Geen on the committee, formed last June, are: Mrs. F. W. Caroe, assistant to the director and production manager; Herbert H. Saunders, director and chairman of ceramics; and Mrs. Vanderbilt Webb, ex-officio and chairman of the Board of Managers.

The committee meets once a week to make recommendations and to formulate the management of the shops and for the administration of the objectives of the School.

Since its beginning in June, 1946, the School has expanded to 49 students, the capacity with present facilities.

Ag-Tech Faculty To Meet Thursday

Members of the Ag-Tech faculty will hold their monthly get-together Thursday evening at the Alfred Rod and Gun Club at Five Corners on the Belmont Road. Chairman of the committee is Mr. William W. Stopper.

NOTICE

Any upperclassman who has not received his 1947 Kanakadea may do so Wednesday, between 9 and 11 a.m., at the Union Annex.

T. Parish, J. Clark Assume New Duties

More adequately to handle the numerous personnel problems of Ag-Tech students, Mr. T. A. Parish and Miss Jane Clark have been named Dean of Men and Dean of Women, respectively.

Mr. Parish, who joined the Ag-Tech faculty in 1936 and served as co-director of the Institute during Director Paul B. Orvis' war leave, is well acquainted with student problems, having had charge of registration, assemblies, and commencement programs for several years. He is head of agricultural economics instruction in the Institute. Miss Clark is beginning her second year as English instructor.

Mr. Parish, who is a former mayor of Alfred and one who should know the area about which he spoke, said that his and Miss Clark's offices would be in the new Ag-Tech building behind Lambda Chi Alpha and quipped that one of their big jobs would be "to warn the couples as they go up Pine Hill and console them when they come down."

Cadet Nurses Graduate As Professionals

One war-time class of the three-year U. S. Public Health Service cadet nurse program, 23 women received certificates for professional nursing at commencement exercises in the Village Church, Sept. 21. Miss Ida M. MacDonald, consultant for the State rural nursing program, addressed the group.

The three-year certificate program was replaced last year by a four-year course leading to a bachelor of science degree. Seven girls entered the program in September, 1946, and 11 more this fall. Last year's group will spend two years on campus and two years in training before receiving their degree. This year's group will spend their first and fourth years on campus and two years in co-operating hospitals.

Members of the class of June, 1947, are: Barbara J. Adamy, Katherine G. Clark, Betty J. Costello, Evelyn P. Costello, Mary E. Dibble, Mary W. Dolan, Madge A. Evans, Bertha Gallo, Ruth A. Galloway, Mae P. Harper, Gladys D. Heebner, Lillian G. Lombardi, Mildred R. Macaulay, Marjorie Magnuson, Sara Pepe, Jane N. Rupprecht, Irene C. Schulman, Doris J. Sick, Arlene L. Smith, Ellen M. Smith, Mary A. Smock, Pamela A. Space and Mary L. Watt.

Improvements Made On Football Field

More than 4000 people will be able to see the Alfred-St. Lawrence football game Saturday night as a result of the university-financed \$16,000 building projects during the Summer. Among the five other projects are an addition to the Alpha Kappa Omicron sorority house, a new gymnasium floor and lighting system.

Merrill Field will be able to accommodate 1500 more persons. New rest rooms and concession stands are also being constructed at the field. The new gym floor, the largest project, is under contract to L. C. Whitford Co. of Wellsville. Constructed of mastic composition, the new floor will cost \$7,000. Other additional facilities of the athletic department will be the one-fifth mile, six-lane track on the practice field.

The two-and-one-half story extension to the Omicron house will provide sleeping quarters for ten more girls, a modern kitchen, and a large study hall.

Black-top roads and concrete sidewalks have been laid at the Saxon Heights Housing development.

Zeno Club To Organize Tonight In Physics Hall

Organization meeting of Zeno Club will be held at 8 p.m. Tuesday (tonight) in Physics Hall at which time Dr. Rhodes will speak. Everyone interested in mathematics is invited.

36 Honor Students Given Scholarships

Honor Scholarships were awarded to 36 students of all classes this year, according to an announcement by the Admissions Office. Awards were based "on scholastic achievement," the announcement said. Upperclass students had a cumulative index of 2.2 or more and freshmen a regents average of 90% or better.

Seniors receiving scholarships are: Margaret June Allan, Joan Baird, Patricia Crofoot, M. Joyce Dietrich, Marjorie Duggan, Harley Linquist, Marion Miller, Phyllis Hurlburt Rigby, Roxanne Robarts, Lois Sutton and Miriam Tooke.

Juniors are: Mary Eagle, Mary Ellis, Michael Felder, Marquita King, Emily J. Nicholl, Donald Polan, Marilyn Schneider, Joan Slough, Mary E. VanNorman and Janet Wilson.

Sophomores are: Edith Cohen, Gayle Harder, Jeanne Kieselmann and Katherine Rigas.

Freshmen are: Mary Jane Arnold, Cyrus Bryant, Katherine Cretekos, Nadine Fitzpatrick, Patricia Fulton, Theodore Gardiner, William Allan Hitchcock, Barbara Hurlburt, Janice Greene, Jeanne Slough and Lois Waechter.
