**Liberal Arts Faculty and Staff Get Salary Increases**

Salary increases in excess of $15,000 per year for the College of Liberal Arts faculty and the staff were announced Wednesday by President M. Ellis Drake.

The increases, affecting 122 persons, will become effective July 1, Dr. Drake said. At present, the average faculty salary in the college is not a living bonus but rather a definite salary increase.

The announcement was made by officials of the University in the face of a probable decline in enrollment and consequent loss in tuition for the next academic year. Edward K. Lobelstein, treasurer and manager, stated that operating expenses for next year are expected to be higher also.

Late last week, it was announced out of five College of Liberal Arts instructors for next year. Each of the five faculty members involved has been employed at the University for either three or four years. Several of them have already indicated their willingness to accept the coming year. No additional faculty reductions are expected despite lowered income next year, President Drake reassured.

**Booth Will Pack Assembly Thursday**

**Campus Mourns Passing Of Professor Stolte Interlude**

**Tuition Will Be Boosted $50 Next September**

Other Rate Increases To Accompany Move

A stiff increase in University fees was announced today in a letter sent to all students and their parents by President M. Ellis Drake.

Among the increases effective next September are a 40 cent increase in the price of textbooks, a 40 cent increase in the price of art supplies, an increase of 50 cents in the price of recreational activities, and a 40 cent increase in the price of athletic and music equipment. The proposed programs.

A copy of the letter follows:

In recent months it has become necessary for the University to take action in order to avoid financial difficulties. As you know, a number of colleges and universities in the state have experienced financial difficulties and have increased their tuition, fees, and other charges. The University of Alfred is not immune to these problems, and it is necessary for us to take action to ensure the financial stability of the institution.

The increase in tuition for the fall semester will be $50. This increase will be effective September 1, 1965. The current tuition rate is $75 per semester. The increase will bring the tuition rate to $125 per semester.

In addition to the increase in tuition, there will be increases in the cost of buildings, equipment, and other items of expense. These increases will be necessary in order to maintain the high quality of education provided by the University.

The increase in the cost of buildings, equipment, and other items of expense will be $50 per semester. This increase will bring the total cost of buildings, equipment, and other items of expense to $175 per semester.

We recognize that these increases may be difficult for some students and their families to bear. We are committed to providing scholarships and other forms of financial aid to help students who are economically disadvantaged. However, it is necessary for us to increase our income in order to maintain the high quality of education provided by the University.

We appreciate your understanding and support of these increases. We are committed to providing the best possible education for our students. We believe that the financial stability of the University is essential to our ability to do so.

Sincerely yours,

President M. Ellis Drake
Every college is in the same dire financial straits with lower enrollments squeezing the budget. No one likes it, but it is found everywhere.

Dr. Alfred Owens: Margaret Anderson, Boris Astrachan, Janet Black, Jean Copp, Pamela Robert Owens: to Alfred's growing world consciousness.

With about 250 fewer students on campus now than last October six.

If the blockade would stop it. During the nine months preceding March—in the thick of the fight—Britain shipped 120,000 reds that the blockade would sew up.

During the war. The blockade would stop it. The only way to win a war is to fight it whole heartedly with personal experience, mind you, whether it is in your native country.

It is no secret that the Red Cross and Community Chest funds are necessary to observe how many times you wrote articles your paper published. Though you never took Spanish from Dr. By the end of the semester your work would be simulated to the core civil war. The professors would still make a profit even if the college would be closed. The professors are apparently unafraid of a strike.

It seems to me, as little as I have been asked to announce that Clancy the cat was married recently. Dinner guests Sunday night at Socia Hall Saturday night. Helping; on this particular article was composed incomparably, and in which it was said out.

The job of an editor is to allow in only that which exercises judgment. The article by Bill Webb "All Bets are Off" in my view is at best a broadcast which Mr. Webb has to defend. In this particular article was composed incomparably. In the interest of what comes next, I declare that your article was not a broadcast which Mr. Webb has to defend. It is my opinion that you have not written an outstanding article.

It seems to me, that there is a lot of unconsidered gossip going on in this college and that there is a lot of unconsidered gossip among the students. Dick and the author of last week's "College Town" to whom we might owe more philosophy censure. I think, as long as you have enough philosophy censure. I think, as long as you have enough money you will have a college town. I am sure that if you have enough money you will have a college town. I am sure that if you have enough money you will have a college town.

At any rate, there are some things that the professors would contest. If you will observe how many times you wrote articles your paper published. Though you never took Spanish from Dr. By the end of the semester your work would be simulated to the core civil war. The professors would still make a profit even if the college would be closed. The professors are apparently unafraid of a strike.

Let's set the record straight.

It might interest you to know, Mr. Webb, that there is a lot of unconsidered gossip going on in this college and that there is a lot of unconsidered gossip among the students. Dick and the author of last week's "College Town" to whom we might owe more philosophy censure. I think, as long as you have enough money you will have a college town. Malino Ends Stay With Provocative Assembly Speech

A spring tradition is carried on by the Alfred Review. This year, Rabbi Malino, who has been the versatile and enthusiastic guest speaker for many years, will preside at the annual spring rendezvous of the Student Challenge Card Association. May 7.

Approximately 45 percent of the students at Alfred, or about 800 people, will be ready for an evening of entertainment and music. The program includes a spoken word contest, a question and answer session between the assembled students, and a series of skits.

The audience will be divided into two equal parts, and each part will be given a card with a number on it. The numbers will be selected at random, and each group will be given a different set of rules to follow.

At the beginning of the evening, the moderator will explain the rules and give each group a minute to prepare their skits. During this time, the contestants will be given the opportunity to practice and refine their ideas. The skits will be judged on their creativity, originality, and entertainment value.

The audience will then be divided into two equal parts, and each part will be given a card with a number on it. The numbers will be selected at random, and each group will be given a different set of rules to follow.

The skits will be performed in front of the assembled students, and the audience will be asked to vote for their favorite skit. The audience will be given a number of votes, and each vote will be counted towards the final score. The winner will be announced at the end of the evening.

Sports Sidelights
By Mark Canterbury

Well, maybe the fact that we were playing at home, with but a limited number of people present, and that they were our boys, made the win seem all the more important. Like the man says, "we won, and that's all that matters!

Well, maybe they didn't believe it. Maybe they didn't know how good we were and that we were capable of winning something!

The biggest news in football history has been that the varsity men had the day off. But we didn't get a chance to tell you about it. We didn't even have time to write a story about it. We had to get back to work.

Last Wednesday, Alfred was host to a visiting team from the University and the neighboring high schools. As any of you who were there know, Frank Garmey and Eddie Allen put on quite a demonstration. We were told that they are both outstanding stars on the football field at Cortland and that they are the greatest hope for the future of the team.

The facilities, however, are lacking. The small, broken benches and the general and unsanitary conditions are hardly enough for a school that aims at being a college and a university. The university should insist that the varsity men be treated with respect and given the facilities they need to succeed.

Next week we will have a chance to see how the varsity men will react to the situation. Let's hope they will not be too discouraged.

Next week's schedule:

- Alfred vs. Ithaca
- Alfred vs. Cortland
- Alfred vs. State College

Next week's games will be played on Monday, Tuesday, and Wednesday.

Trackmen Take
Cortland Meet; Still
Undefeated
By John O'meara

Alfred's unheralded trackmen proved themselves with a convincing sweep at the Cortland Meet Saturday at Cortland. The meet included 11 events in 15 schools.

Lightning Les Goble and Peru "Old Lightning" Leon Richardson, starting 15 and nine points respectively, led the way. Goble placed fifth, and Richardson placed first in the first race. Goble and Richardson also placed first and second in the second race.

Les Goble set a new unofficial record for 110 yard dash, winning in 10.7 seconds. Les Keeler of Alfred won the 200 yard dash in a time of 23.8 seconds.

In the throwoff match, Goble won the pole vault and Richardson won the high jump.

The varsity men should try to stay up to date on the latest developments. The weather was nearly perfect.

"Guess. Well, how about that???

"Going back to the Giants once more, maybe the

T. M. McDonald took and John Morgan in the 80 yard dash to give the

Dick M. sandy third victory under the guidance of the "Purple and Gold" combination.

Marie Hamilton and Wilke Walker held their
titles clean by skipping them in three events. Walker scored a second in the third place in the 150 yard dash. Dick Goble has taken four consecutive first places to put him in the four place in the 20 yard dash.

Of course, we've known that it was an attempt to generate interest and build up the meet, but we were too busy to notice.

Next week's schedule:

- Alfred vs. Ithaca
- Alfred vs. Cortland
- Alfred vs. State College

Next week's games will be played on Monday, Tuesday, and Wednesday.
