Hints to the Harried

Dear gentlemen,

I am writing to you with the hope that you may find comfort in knowing that there have been many others who have felt the same way. It is only natural to feel overwhelmed and stressed, especially in a new environment. However, taking care of your mental health is just as important as your studies. Remember to take breaks, get enough sleep, and reach out to friends and family. If you find yourself struggling, please do not hesitate to seek help from a counselor or a therapist. Together, we can overcome these challenges.

Yours sincerely,
[Signature]

Campusxpress

By Patz and Rev

The leaves are changing. The air is crisp. It's autumn in the city of Alfred, New York. This is the time of year when students are busy preparing for exams, dusting off their raincoats, and looking forward to the upcoming holiday season. This week's Campusxpress brings you all the latest news and updates from around campus.

---

Collegetown

By Boris Astrachan

A new city is rising in Mexico, something quite out of the ordinary as cities go. In one giant 500-year-old building, a university is being constructed. The 400-year-old Universidad Nacional Autónoma de México is being relocated. Already 70 years in the making, this city will be the largest and most modern educational center in all Latin America. The buildings, all interlinked by underground tunnels will include a law school, a school of medicine, commerce and business administration, architecture, anthropology, and many others. The university is scheduled to open in 2022. The future city will be a hub for research and innovation, and it will provide education and employment opportunities for thousands of people. This project is a testament to the ingenuity and determination of the people of Mexico.
Homer Versified.

"...and pines with thirst
midst a sea of waves"

Homer Spagurc

Homer wrote about ancient times—before Coke.
Nowadays there’s no need to plan
where you want to be,
unless you’re a millionnaire from ancient times. Coke can turn the corner from anywhere.

CAMPUS INTERVIEWS ON CIGARETTE TESTS

No. 24

The CLAM

"I should have kept my big mouth shut!"

Campus interviews on cigarette tests

Fash out of Bivalve, N. J., I, arrive on the campus all bug-eyed and his big mouth hanging open. He was immediately sucked into a “shell game” and found himself making all the quickie ciggie tests. Not a bad mind for a nigger, if an important item as cigarette mildness couldn’t be tossed off lightly. Millions of smokers everywhere have discovered, too, that there’s but one God in the world.

It’s the sensible test—the 30-Day Camel Mildness Test which allows you to try Camel—

as your steady smoke...on a pack-a-day-basis. No map judgments! Once you’ve tried Camel for 30 days in your “T-Zone” (T for Thrust, T for Taste), you’ll see why...

After all the Mildness Tests—

Camel leads all other brands by billions
Sports Sidelines—
By Mark Rosenburg
Frisbee has been a relatively new game at Alfred University, but its growing number of supporters is no coincidence. Its fast-paced, physical nature is appealing to many students.

The fall season is upon us, and the Giants are gearing up to start their season. As they prepare for their upcoming games, let's reflect on some of the highlights from last season.

We recently talked to the Giants' head coach, Coach Berra, about his expectations for the coming season. "Our goal is always to win," said Berra. "We want to get back to the playoffs and bring home another championship." The Giants are looking to build on their recent success and make another run for the top spot in the conference.

Beyond sports, there are many other activities happening on campus. The Alfred University orchestra is preparing for their annual fall concert, and the drama department is rehearsing for their upcoming production. There are also many clubs and organizations that are actively recruiting members.

As the fall season unfolds, there are many exciting events to look forward to. Whether you're a sports fan, music lover, or simply enjoy a day out on campus, there's something for everyone. So get ready for a great season at Alfred University!
