

ATTENTION ALL GREEN BEANIES! Are you taken to class regularly? Do you add that enviable touch of green to the College Inn and the Union? Are you there to give that old Alfred spirit to the football games?

We fear you are not. The upperclassmen of this campus are ready to help all green beanies find their owners.

Governor Dewey, Industrialists To Dedicate New Building And Attend L.A. Open House Hornell Board Of Trade Honoring Alfred University As Industry Of The Year

New Industrial Lab Will Be Dedicated In All-Campus Programme

Governor Thomas E. Dewey will be the guest speaker at tomorrow's dedication of the new \$1,800,000 Ag-Tech Industrial Building; the ceremony is part of the extensive program planned for the Hornell Industries Day festivities.

The governor will speak at 4:30 p. m. from a platform in front of the main Ag-Tech building on State Street; in the event of inclement weather the ceremony will be held inside the University's men's gym. The ceremony is expected to last about 45 minutes.

This year marks the second annual Hornell Industries Day, a time when a leading industry of Hornell is recognized. Last year the Erie Railroad received the distinction; this year education at Alfred University and the Institute have been honored, largely in recognition of the contributions made to the Hornell board of trade, and the Hornell community.

Governor Dewey will have an opportunity, along with the hundreds of prominent business leaders, students of the University and Institute, citizens of surrounding communities, and groups of high school students, to visit three major exhibit areas; the Alfred University Research Projects in Liberal Arts; the College of Ceramics; and the Institute's shops and barns.

The exhibits in the Liberal Arts College will include displays in the economics, business, and mathematical department.

There will be a special display in South Hall of the "Area Studies" made by Professor Henry C. Langer, Jr.; studies that have contributed so much to the Hornell community, and were, in part, responsible for the recognition of education in Alfred University on Hornell Industries Day. The Navy Research laboratory, and the department of nursing, both located in South Hall, will be open for inspection, along with every classroom and lecture room in the University.

Binns-Merrill Hall, the recently completed home of the College of Ceramics, will be open from 10 a. m. until 10 p. m. All phases of ceramics will be on display to the public.

The Ag-Tech Institute will throw open the doors of their shops, barns and classrooms to all visitors.

The new Industrial Building which the governor will dedicate, is a three story brick and limestone structure. It occupies three acres of land, and will house classrooms, laboratories, and shops, along with several offices for the administration and faculty. It contains 104,000 square feet of floor space.

Following his dedication and tour of the school, the governor will make the principal speech at the Hornell Industry Day dinner.

It had been hoped for a long time that the school would be fortunate enough to get such a prominent speaker as Governor Dewey, but it was not learned that he would definitely come until September 18. In the short period of time left before the dedication, officials had to send out approximately 2000 invitations, arrange for the ceremony, plan displays, and in general, get things ready. That they were successful will be witnessed by the precision of the Hornell Industries Day affair.

According to the Governor's press secretary, Mr. Dewey had seriously thought of attending the Liberal Arts College at one time. Officials hope that one result of the extensive planning will be that the governor will regret that he didn't attend Alfred University.

Governor Dewey will fly from Albany, and he is expected to arrive here about 3 p. m., at which time he will go directly to the campus.

Paul B. Orvis, director of the Agricultural and Technical Institute at Alfred will preside over the dedication of the new Industrial Building on September 30. Instrumental music by the campus band under the direction of Anthony C. Cappadonia will follow Mr. Orvis. The invocation by Reverend Hurley S. Warren precedes the introduction of honored guests including L.L. Jarvie, Executive Dean for State University Technical Institutes and Community Colleges, Frederick F. Greenman, chairman of the committee on Technical Institutes and Community Colleges will then speak for the Board of Trustees, State University of New York. A historical

Chamber Music Presented For Brick Audience

by Bert Katz

In a small room in the basement of the Brick, an audience of forty listeners were momentarily relieved of everyday complexities through the medium of ancient harmonies brought us from the past by Professor and Mrs. William Fiedler at an informal chamber music concert. The feeling of an 18th century drawing room was created by the two candles burning on either side of the small spinet.

In the minuet (No. 13) from "Journal du Printemps" by Kaspar Ferdinand Fisher a double elegance of tonal variations was displayed. The musical combination of recorder and spinet sang a wonderful blend of tones; delicate tones. In the "Selected Menus" by George Philipp Telemann (Nos. 1 and 9) the audience again relished the beauty of chamber music. There was a feeling of respect and appreciation throughout the hour.

From the suites of J. A. Schmucker (1689), which consisted of a minuet, a sarabande, and a bouree, the audience was made to realize the austere quality that made 18th century chamber music great.

An anonymous manuscript written in 1730, a sonata for recorder and spinet, inferred the simple qualities of good music.

George Frederick Handel was presented by his Sonata in G Major for recorder and spinet. George Frederick Handel has been overshadowed by his contemporary J. S. Bach, but this particular composition may serve well to change the attitude of listeners. It was a challenging statement by a great composer.

The sonata consisted of the usual Adagio and Presto. Mr. Fiedler and his wife did well to offer such a composition, especially with such sincerity and capability.

The concert closed with a glorious Sonata, by Anton Dvorak, written for violin and piano (Op.100). From the first few bars came volumes of tonal beauty. The scherzo-finale once again assured the audience of a most entertaining afternoon.

A Renaissance has come to Alfred. address will be made by M. Ellis Drake, President of Alfred University. William H. MacKenzie, assemblyman, Allegany County, will introduce the principle speaker, Governor Thomas E. Dewey, of the state of New York.

The dedication prayer will be made by the Reverend R. Leroy Moser. This will be followed by the singing of the National Anthem. Professor Ray W. Wingate will give a concert on the Alfred University Carillon as part of the ceremony.

Other guests will be: Betty Hawley Donnelly, member of the Board of Trustees of the University of New York;

Gridders Sparkle In Debut Victory

Saxons Bag Limit Of Golden Eagles

by Ronald Switzer

Sparked by unusual individual performance, Alfred's Saxon Warrior roared to victory over a hapless Brockport State eleven last Saturday night, sporting a lop-sided score of 39-0. At no time during the game did the crowd doubt which was the better team. From the moment the Alfred club trotted onto the gridiron it was their game all the way.

At the pre-game festivities Captain George Policano won the toss, and Alfred elected to receive. The kickoff from the Brockport 40 was taken by Lattari who faked-out his would-be tacklers with a deceptive handoff to fullback Goble. Goble then got to the Alfred 25 yard line before he was brought down. Thus started a dramatic 75-yard march to bring Lil Alf its first touchdown.

After getting down to be Alfred 42, Goble skirted around end to bring the ball deep into Brockport territory. He then smashed through the six-man opposing line to carry the pigskin to the 8 yard line. On the last down with only one yard to go, Lattari completed a short pass for the first touchdown of the 1953 season. While the crowd waited expectantly an aerial attempt for the extra point fell short, thus making the score Alfred 6—Brockport 0.

Ed Delaney then returned Alfred's kickoff to the Alfred 47 yard line. The Saxon's strong defense, however, forced the Golden Eagles to punt after three ineffective attempts to move the ball. This was much the pattern throughout the entirety of the game. The teachers were only able to achieve short gains on most of their running plays, and much of the time they were thrown for costly losses in yardage.

With Alfred in possession on its own 8 yard line, Goble sped up to the 30 for a first down. A long pass went out on the Brockport 40. State was unable to move the ball again in three downs and so elected to punt once more. Goble, seemingly coming from nowhere and everywhere, pounced upon the ball and carried it up to the Alfred 25. With third down and one to go, Patsy Lattari plunged through center for a first down. It seemed as if the Alfred steamroller was ready to move again.

However, on the next play a pass intended for Pokorny was intercepted by Barker of Brockport. After being stopped at the line of scrimmage once, Bellissimo of the Eagles smashed through for a first down, Reichert

President's 'State of University' Sums Alf

The first University Assembly of the semester took place Thursday morning with the traditional address by the President of Alfred University. Dr. Drake's address concerned itself with quotations from Alfred University's hundred year old catalogue which contained such interesting information as the cost, moral attitudes, and location of the "Alfred Seminary."

The catalogue described the location of Alfred as a "rich farming center with romantic scenery." Morals of the village were described as "of the highest order." Charges for 14 weeks of attendance at Alfred in 1853 included \$18.06 to \$20.00 for board, and \$1.63 for room. There were stoves in each room and the cost of fuel during the winter months was \$1.75. Tuition and incidentals totaled \$4.75.

Alfred had two departments a hundred years ago; the male and female departments. There was no opportunity for the battle of the sexes since only by special permission was a male student allowed to visit a female student. No tavern could be visited by any member of the seminary without the special permission of a member of the faculty. All students were to awaken at the morning bell and retire at the evening bell.

President Drake also made public the enrollment figures for the year; 890 students registered at Alfred University this semester, 12 more than last year. The President explained that it would have been possible for the University to admit more freshmen, but the lack of dormitory space made this impossible. Approximately 300 students were refused admission. Ag-Tech registered 900 students, making the total student population on campus about 1800.

Dr. Drake also reported on the building progress of the University. The newest addition to the school so far has been the completion of the \$1,250,000 ceramic building. Social Hall is now under renovation and is expected to be completed by the beginning of the next semester. Two new wings will be added to the Social Hall; the north wing will be used for the music department and the south wing as an extension of Social Hall facilities. It is hoped that the new men's dormitories can be started soon.

In reference to Hornell Industry

Completion Of Social Hall To Be Observed

"Caravan" To Broadcast From Student Union

The "Campus Caravan," Alfred University's student radio program, will originate at 11.30 a.m., Saturdays, from the campus Student Union. The broadcast can be heard on station WWHG, 1320 on your dial.

The program will feature music, news, sports, interviews, quiz games, and other items of interest to Alfred students.

The program is staffed by Joan Trepasso, Rose DeCarlo, Larry Paser, and Claude Marshall. Bob James of WWHG will act as M.C.

A telephone line from Hornell to Alfred has been installed for the use of the "Caravan" and will enable the program to be held in the Union lounge and broadcast instantaneously from the Hornell station. John Zulia, manager of the campus union, is sponsoring the line.

The Alfred University Bank, Crandall's Jewelry Store, Zimmerman Cleaners and Launderers, Harvey's Service and Grocery Store are sponsoring the program.

Arrangements are being made for a short jam session, scheduled to take place before the broadcast, but it is doubted that these plans will be completed in time for this week's "Caravan" broadcast.

All students are invited to attend the actual broadcast; free refreshments will be served to the studio audience.

A. U. Composite, Cosmopolitan

Over 300 "wearers of the green and carriers of the bible," representing six states and 11 foreign countries, are gracing the Alfred University campus.

Of the six states represented — New York, Pennsylvania, New Jersey, Connecticut, Massachusetts and Ohio, — New York has by far contributed the most freshmen.

The 11 foreign countries represented by Alfred freshmen include Venezuela, Puerto Rico, Netherlands West Indies, Netherland, Hawaii, Greece, Canada, Sweden, Japan, and Formosa.

Norway, China, Israel, Hawaii, Dominican Republic, Canada, and Brazil are already represented by upper classmen.

Alf's Peck Stars

John Peck, who graduated from Alfred this past June, recently starred in the Genesee Valley Park presentation of "Brigadoon." This full scale presentation of the Broadway hit of the same name included scenery, costumes, orchestra, a chorus of 30 and a dancing ensemble of 12.

Among the other conquests of this former student of Prof. Fiedler have been leading roles in "Opera Under the Stars" productions of "LaBoheme" and "La Traviata."

Seniors To Be Shot on 12th

The Kanakadea held its first meeting Thursday night and started planning for what we hope will be the best yearbook that has ever been produced at Alfred.

It was announced that the Senior pictures would begin on Oct. 12 and continue until the 15th. The pictures will be taken in the Union Lounge, the same as last year. This year the girls will be photographed in drapes and the boys are requested to wear white shirts and suits.

One thing which may hold them back this year is a lack of help. So if you have any talent at all why don't you come to the next meeting, Thursday night at 7:15 at the Kanakadea Office, next to the Book Easy?

Day, Dr. Drake announced that classes will be held as usual. This year education at Alfred University is being honored by Hornell business interest, due largely to the recognition of the services rendered by Alfred to the Hornell community. The open house at the University and Ag-Tech Institute will be from 10 a. m. to 10 p. m. At 4:30 p. m., September 30, the new Industrial Building will be dedicated by Governor Thomas E. Dewey.

President Drake expressed his interests in the individual students, and explained the "open door" policy on which his office was run; he explained he would always be glad to help any student with his problems.

A short demonstration by the cheer leaders rounded out the first assembly.

Carillon Bells On Way From Holland

Construction on Social Hall was finally begun last Monday, and if everything goes according to schedule the new wings should be completed by the end of the semester. Social Hall was built in 1931 from money bequeathed to the University by Mrs. Ames. The wings have been long planned. When Mrs. Ames died last year she left to the University the additional funds making the wings possible.

The North wing will be devoted to the music department. There will be classrooms and practice rooms for the students. The South wing will provide added Lounge and dining facilities to Social Hall. The kitchen will also be moved to the South wing. It will be located in the rear of the building and it will have its own entrance. Changes will be made also in the entrance stairway. There will be a new staircase leading straight to the second floor and parting to separate doors.

On or about October 1 the new bells and tower for the carillon should arrive in Alfred. The shipment left Rotterdam, Holland on September 15. The shipment as a whole entails 76 different pieces and is the largest single shipment of its kind.

The original carillon contains 35 bells. All of these bells were cast between 1674 and 1784 in the 'Low Countries' of Europe. The bells, because of the fine craftsmanship that went into their making and the long process of ageing, have one of the finest tones of any set of bells. They are, in fact, the only set of Old World bells in the Western Hemisphere.

The eight new bells are a gift of Mr. John P. Herrick of Olean and Los Angeles. Mr. Herrick has long been a trustee of the University and one of its most generous benefactors. There will be an inscription on each of the new bells to the effect that they are a gift of Mr. Herrick. Six of the new bells will be heavier than any of the present bells. The heaviest of these will weigh close to two tons.

Although the new bells have been only recently cast, they have been made as accurately as possible to fit in with the old bells. The Tower and bells should be up by the middle of November. Dr. Kamiell Lefebvre, carillonneur from the Riverside Church in New York, will give a concert at the dedication ceremony.

Military Moves Personnel In

Major, Two Captains Needed For Expanded Corps of Cadets

Due to an increased enrollment and the loss of some of its original detachment, there will be many new faces in the Department of Military Science and Tactics this year. This increased enrollment is due to the new regulation requiring all Freshmen to take at least two years of military training.

Topping the list, in his initial appearance as an R.O.T.C. instructor, is Major Phillippe S. Avery. Major Avery recently returned from a one year tour of duty with the Third Infantry Division in Korea where he commanded the First Battalion of the Fifteenth Infantry Regiment. The Major, as well as Lt. Colonel Paul Fisher, commander of the R.O.T.C. Detachment at Alfred is an "R.O.T.C. man" having received his commission upon graduation from North Carolina State University in 1942.

Replacing Captain Charles D. O'Connor, who was transferred to Korea last summer, are Captains Romalme S. Foss and Lawrence E. Spelman.

Captain Foss is a veteran of fourteen months service in Korea where he was awarded the Silver Star, two Bronze Stars, Two Presidential Unit Citations, and the Korean Service Ribbon with five Battle Stars. A native of St. Paul, Minn., Captain Foss graduated from Winona State Teachers College in 1942 with a B. A. in Physical Education. The Captain has recently returned from Ft. Sill, Okla., where he attended the Artillery Officers Advanced Course.

Captain Spellman served as operations officer of the Second Battalion of the Third Infantry Regiment of the Twenty Fifth Division in Korea and was awarded the Bronze Star. The Captain graduated from Hamilton College and received his commission in 1945 at Ft. Benning, Ga. During World War II, Captain Spellman served in the Philippines.

Master Sergeant John Clark and Sergeant First Class Hobart Wilbur are the new Sergeants that will join the two who remain from last year—Sergeants Grace and Orr. Sergeant Tucker, the third Sergeant of the original detachment has since been transferred to Austria.

Sergeant Clark, having just completed a tour of duty with the Iceland Defense Command, served with the Twelfth Armored Division in Europe during the last war. After receiving

Editorial

Perhaps of particular interest to us at this time is the quite recent addition to Alfred journalistic circles: TOR ECHO. Being somewhat acquainted with the vicissitudes of publishing, the FIAT LUX feels that it can appreciate the difficulties overcome in the process of beginning. Therefore, we wish to congratulate TOR ECHO upon its first issue and extend best wishes for the future.

We looked at preceding opening editorials. Last year there was a large glob of motherly advice for the incoming students we laughingly call "Freshmen." Also there was a small glob of reprimand for bad manners. The fall before that we presented three tracts, one on top of the other, of Freshmen and Beans, Freshmen and Extra-Curricular Activities, and Freshmen and The Silly Season-or-Freshmen and the WSG. All this in addition to the Freshmen Orientation Week which supposedly gives the new students what there may be concerning "THE WORD" that they don't already know.

We pass. When the Freshmen Class dissolves into various individuals, some will develop into nice people like the rest of us. Correspondingly, some will appear in their true light as twirps, also like the rest of us. Sooner or later we shall meet some of the Freshmen; some we shall dislike and some will - without a doubt - be quite interesting. At this time, however, Freshmen - in all the anonymous glory of Beans, Badges and Bibles - have become very old and very tired material to us.

We have not one single scrap of advice for, censure of, or interest in, freshmen as freshmen. They can go plumb straight to Civilization for all we care.

Of course, casting these jaundiced eyes - carefully askance - at THE FRESHMAN PROBLEM, we have just about cut ourselves entirely out of traditional material for the initial crusade of the season. Of course.

We can rake over old coals. There is the library. We thought it quite an innovation when Prexy's Pool disappeared; but the new tariffs imposed upon book-borrowers, by the Library Commission, have taken on some of the proportions of a luxury tax. This means that Bert Glotz, who beetles off to Civilization with more than usual haste on some particular morning, is likely to find that by noon his debts - according to library statistics - have risen to \$45. This is presuming that friend Bert had Snertz's "Decline and Bounce of the Choctaws", from Birdle's reserve shelf, in his possession until sometime after 11 a.m. We expect that the outcome of this scheme will be new drinking fountains in the stacks.

You see, we are in the bowels of apathy this week. Governor Dewey is coming. We also had a dream the other night. We were at a football game. The aforesaid Glotz, a foul-up from way back, was drunkenly rearing his head from a press of crushed spectators. Glotz was engaged in the process of disentangling himself from the lap of a portly middle-aged gentleman. Glotz handed the man his - the man's - broken glasses and warped fedora; proceeded to slither down the stands; wandered dramily off toward the fieldhouse.

Then the screen blacked out momentarily, after which occurrence we discovered ourselves peering from the basket (wastepaper) of the Quantum-Rereferbus Mfg. Co. Glotz had just come into the office, obviously applying for a job. He had a look of extremely extreme horror on his face. At the desk sat the aforementioned portly middle-aged gentleman. Glotz did not bother to stay.

The crux is - of course - that making an ass of yourself at a football game is rated quite highly (by internationally known testing laboratories) among the things you may do to convince the world that neither are you old enough to select your own electives, nor is Alfred able to produce people mature enough to hire. Naturally, there are other things you may do, if you don't drink. Just watch the crowd - the 2 per cent is always with us. D. T.

W. S. G.

The Women's Student Government is to have Mrs. Weiss, of Rochester, as the speaker for their assembly on October 8. Mrs. Weiss has worked on the Republican National Committee and is reported to be an excellent speaker. She will talk about female participation in public affairs. The date for the annual W.S.G. freshman exam has been set for 6:45 p. m., October 13. The test will be held in the chapel. All freshman and transfer women students should have a good knowledge of the following rules and regulations before the test: She should be able to explain cam-

pus and social campus, and the honor system.

She should know the name of her W.S.G. representative, the powers of the W.S.G., the closing hours of every class, the second semester late movie permission, vacation hours, and the first verse of the Alma Mater.

Music

The first meeting of the Music Club will be held immediately following Chorus on Tuesday, September 29th, at 8:15 at the Steinheim.

The Music Club is opened not only to those who sing or play a musical instrument, but anyone who is interested in music.

Letters

As a freshman, my expectations of Alfred, before my arrival, were those along with others as mature independent people, but all I have been continually confronted with is conformity. It seems to me that conformity is the mass interpretation of college life. But why should it be? Conformity leads to loss of individuality, and ultimately advancement stops.

To be a conformist, one must abide by the decision of the majority, and should he differ in this, he loses the respect of the group he belongs to. Civilization has always been indebted to the individual who has had enough confidence in himself to face the realization of the narrowness of conformity. Thus, as an individual progresses, he is able to elevate humanity along with himself.

In Alfred, or any other good institution of learning, there are great possibilities of being able to advance on your own. But people are afraid to break away from the set traditions, and thus college life is not achieving its basic goals. We are, or can be, mature individuals. Let us destroy this superficial fear that man has created. Irene Rosenblatt

Saturday, "Peter Pan", shows at 5:00 p. m., 7:00 and 9:00, feature at 5:44, 7:44 and 9:44

Out Of Bounds

by Jeanne Lounsbury
On cleaning out the exchange editor's mail box I found a wealth of news about May queens, summer jobs and June finals. There were very thin September skimmings on top.

The Wells College "Grapevine" writes of the first impressions of freshmen: "I arrive. Everyone sort of stared at my pigtails and bobby socks but I think I made a good first impression. My room is sort of small, but the girl who brought me up here said it has two different advantages; first, the phone is right outside my door, and second, the view is very beautiful in the spring. I haven't met my roommate yet, she's out on a date. I hope I'll like her. Right now I am sort of mad because she took both dressers, all the space in the closet, and the bed near the window, but I'm sure we'll be friends!"

The Keuka College paper was one of the few early birds. They report the views of one of their German students. Among other more flattering things, she says Americans waste paper, space, land, time, gasoline and food. Could all this be true?

From the "Keukonian" we also have a thumbnail portrait of the ideal professor. A large reward will be given to the student finding such a fellow in existence.

One who can laugh with his class; a guy who has a sense of humor and uses it in the classroom.

A well-prepared lecturer who thoroughly understands his subject.

A friendly, enthusiastic person who is really interested in his class and who is aware that ideas contrary to his own may be just as sound.

One who does not use the curve system of grading, but rather rates each individual on his effort as well as achievement.

A person whom we can tell enjoys the family atmosphere and social get-togethers that make a difference to our college.

A leader who guides discussions from beside but does not dictate from above.

One who answers questions he may think perfectly obvious without betraying that thought to a confused class.

An individual who is patient but, nevertheless, makes us feel that we have an obligation to him as well as to ourselves.

A young unmarried man.

The Ursinus branch of the NSPCS (National Society for the Prevention of Cruelty to Students) publishes the following code of laws: Exams take precious time away from tennis and pool playing, do away with them; lab periods should be cut in half and punctuated by many breaks and recesses;

Goldfish Bowl

by Barb Scott

Slowly but surely Alfred's students came to life with numerous parties and social gatherings all over campus and some extending a few miles out of town. Despite the threat of approaching classes, everyone had a good time, even the new freshmen.

The girls at the Brick enjoyed an evening of dancing last Friday night, with Al Radway's trio providing the music for "musical chairs" and "drop the broom." Guests of honor were the football team, Dean Gertz, Dean Beeman, Chaplain and Mrs. Brendenberg and Mrs. Smith. The theme of the dance was "Ivy League," with the spotlight on the coming football season. Decorations included pennants from various colleges and universities.

Sigma Chi entertained dinner guests last Sunday. Among them were Dean Beeman, Dean Gertz and family, and University Chaplain Brandenberg and family. During the summer, Marion Smith became engaged to Dick Corp (Psi D '53). Babs Frerichs was pinned to Ferd Rider from Delta Sig, and Pat Gadek received a pin from a Theta Delta at Amhurst.

Lambda Chi entertained Sigma Chi at a dessert party last week. John McKenna hit the keys for the group singing. A spaghetti dinner was held before the game last Saturday, and a party afterwards. Guests were Dean Burdick, Bill Crandall, Ben Crandall,

Dr. Merritt, Dr. Nease, and their wives.

Klan had an initiation party the first Saturday night of the semester just to start the year off the right way. Last Saturday night they held a before-the-game buffet supper and afterwards a party was in full swing at the house.

Kappa Nu had a social get-together and party after the Alfred-Brockport game last week-end. Guests were Chaplain and Mrs. Brendenberg, Major Avery, Professors White, Pulos, Leach and Ruoff, Dr. Freund, and Mr. Rico-vitch.

Kappa Psi held a party September 19. Many members attended and a good time was had by all. They also held an open house party following the game last Saturday. Joe Fischer returned to the house for the week-end. Marcia Maple from Theta Chi was pinned to Shorty Miller as was Shirley (Kelly) Joslyn of Omicron. Diane Wilkins of Ag-Tech received a pin from Dick Truesdale.

Visiting Corning Nurses at Sigma Chi last weekend were Babs Frerichs, Alice Witt and Edna Rome. Renata Reimer, Bobbie Scouler and Jean Olsen also returned to Theta for the weekend. Virginia Downing, one of last year's grads, spent the weekend at Pi Alpha.

And so ends the first of a series of the doings of little Goldfish. Have a good time and keep us in business.

Student Outlook

by Morton Floch

Dean Fred Gertz will soon have applications for the Selective Service College Qualification Test to be given on November 19. Dean Gertz encourages all ROTC basic and advanced students to take the exam. Another SSQCT will be administered on April 22, 1954.

The British Government, as a token of gratitude for the aid extended by the United States under the Marshall Plan, has established a series of annual "Marshall Scholarships" to enable American students to study at British Universities.

Twelve awards will be made each year to US citizens only, men or women under the age of 28, who have graduated from accredited colleges or universities in the US. This will be tenable at any University in the United Kingdom, for two years in the first instance, with a possible extension to three years. The value of each award will be 550£ a year, with an additional 280£ a year for married men.

Applications for the 1954-55 academic year must be received no later than November 1. See Dean of Men, Fred H. Gertz for additional details.

CASES

October 16 is the closing date for the November 21 test for Case Worker positions in local Public Welfare Departments in New York State. College graduation with a bachelor's degree will fulfill the minimum requirements for training and experience in all counties. Dean Gertz has more information as well as the addresses of Civil Centers throughout New York State for those students who are interested in this topic.

A copy of the book "The Draft and You," which may be of interest to some students, is now available in the Dean of Men's office.

PESES

The Institute of International Education announces that the Mexican Government, through the Mexican-US Commission on Cultural Cooperation, offers seventeen grants to US students for study in Mexico during the academic year beginning March 1. Once again further information can be obtained in the office of the Dean of Men. The competition dates will last until October 15.

Dean Gertz has, in his office, copies of a leaflet circulated by the Pickett and Hatcher Educational Fund, and entitled "Does the Financing of a College Education Present a Question?" Those who are interested in this material should see the Dean. The fund has been set up to help needy students obtain their college education.

Full and Bright

The Committee on International Exchange of Persons has announced the awards for University lecturing and 1954-55 competition for a Fulbright postdoctoral research in Europe and the near East, Japan and Pakistan. Complete details will be supplied to students by the Dean of Men.

It has also been announced that elections to Rhodes Scholarships will be held in all states in December. Scholars-elect will enter Oxford in October 1954. Requirements for eligibility and further information can be obtained in Dean Gertz's office.

In the short space I have remaining I would like to personally extend my greetings to the incoming class of 1957 and wish you all the best of luck in your stay here at Alfred.

Students To Be Able To View, Rent Paintings

Wednesday, October 7, has been set for the first rental of the Loan Collection of Reproductions and Paintings contributed by Mr. and Mrs. George Openhym in 1947. The entire collection will be on display from 12:00 to 3:00 p. m. in the Student Union. The reproductions will be rented from 3:00 to 5:00 p. m. on the same day.

The plan operates in the following way: Each picture is rented by the term for \$.50 or \$1.00. At the end of this time if the renter wishes he may purchase the picture, the cost of the last rental to be subtracted from the price of the picture.

The money collected from the rental and sale of the pictures goes into a fund for the replacement and purchase of more reproductions. As long as one or more pictures are sold each year we have the privilege of purchasing these reproductions at a discount.

In order to keep this plan in motion it is necessary for all students, faculty and officers or administration who take part in it, to keep in mind the rules of the plan:

- 1. Return your picture on the day set at the end of each term.
2. If you wish a new picture, come on the appointed day at the appointed time and join the line. First come, first served—one to each person. Do not ask to have any special picture reserved for you in advance; be first in line to get the one you wish.

Dr. Reuben L. Fordin, Central Office, State University of New York, Albany; F. E. Amstead, Assistant Dean of Technical Institutes and Community Colleges, State University of New York, Albany; Harry W. Morton, State Senator, Hornell, New York; John Young, State Assemblyman, Corning, New York; Austin Erwin, State Senator, Genesee and Bert Hasper, Allegheny county Republican Chairman, Belmont, New York.
Free bus service will be provided for the tours to Alfred from Union Park in Hornell.

Frosh Court ...

Smith To Bring Drama, Music, Dance To Forum

Professor C. Duryea Smith III has announced the forthcoming forum schedule for this year. The first presentation will be a dramatic production of Moliere's The Miser, on October 29, as interpreted by "Players Incorporated," an international repertory company from Washington D.C. This company has toured the United States and has visited many foreign countries. The point of their tour last year was the eight weeks the players spent in Japan and Korea where, under the auspices of the Department of Defense, they made their second circuit in the Far East, entertaining battle weary GIs.

All members of the "Players Incorporated" are former students of the famed Speech and Drama Department of the Catholic University of America.

The next feature attraction of the forum this year will be on January 7 when Ryder and Frankel will present a dance concert. The dance company has been called "most gifted," "creatively rich" by such distinguished publications as the "New York Herald Tribune" and the "Dance Magazine."

On February 24 the Alfred Forum will present a French violinist, the third attraction of the National Music League's exchange-of-artists program. This same organization brought us Philippe Entremont last year. Blanch Tarjus has won the acclaim of two continents and received some of Europe's most formidable awards. Miss Tarjus also has recorded for H. M. V. records.

The final forum presentation will be the Buffalo Philharmonic which will take place on March 24. In all probability Josef Krips, internationally famous conductor of the London Symphony, will conduct. We look forward to a very entertaining year of forum presentations.

Lectures should be given out doors, weather permitting, and nothing but light subjects should be taught; The Society feels that all this would contribute greatly to the comfort and welfare of the student, who after all, leads a long and tedious life.

Now Hear This: Dean Gertz announces that during Hornell Industries Day at Alfred on September 30 there will be parking only in SPECIFIC areas. No student or faculty member may park in a restricted or reserved area.

On September 30, Hornell Industries Day at Alfred, major portions of State, Park, Pine, and Main Streets will be posted with No Parking signs. This space will be needed to accommodate the automobiles of the visitors coming to Alfred for this day.

A veteran entitled to veterans' benefits is not required to take ROTC. However, to protect himself, if he has not already done so, a veteran should have his military service record evaluated by Lt. Col. Fisher.

The record library will be open from 4:30 'til 5:00 on Tuesday and Thursday afternoons. Until the Music Department is established in its quarters in Social Hall, now under construction, the record library will reside in the recreation room of the Brick. Only 78 rpm records are available at this time.

Only students possessing parking permits are allowed to park their vehicles on campus.

Those of the privileged few, who have the stamps on their cars, may park on University Street and all streets south of University.

Please remember that State Street, and the area behind Greene Hall are reserved for the faculty and the staff cars.

Fiat Interviews Under Way

Beginning this Saturday the Fiat Lux editorial staff will interview over 75 freshman applicants interested in joining the staff of Alfred University's student weekly.

The requirements for admission to the staff will require a series of interviews and tests to insure the finest of talent for the Fiat. It has always been the policy of the Fiat to allow as many new students as possible, who can fill the qualifications, to become a part of the Fiat. Anyone who has not filled out an application and is interested in joining the staff may obtain one at the Fiat office in the Campus Union at any time. At that time an appointment will be arranged for an interview.

Clubs Incorporated A. O. C.

The first meeting of the Alfred Outing Club attracted over a hundred students from both the University and Ag-Tech. Many of them immediately bought membership cards which makes them eligible to attend all Outing Club trips and functions and offers them discounts on use of the skitow and the rifle range.

Peter Wagner, president, opened the meeting by introducing all officers of the club to the new members. He then explained the many activities of the A. O. C. This year the A. O. C. badges will have to be earned. To receive a badge a new member must attend at least two local trips and two weekend trips. Working on the Winter Carnival Committee or being active in another Outing Club also counts toward a badge. From the general view of the new members, it seems likely that there will be quite a few students sporting Outing Club badges after this year.

Final plans are being made for the big weekend which the A. O. C. is sponsoring at Letchworth State Park on October 3, 4, and 5. Personal invitations have been sent to the schools in the finger lakes region, including Buffalo State, Rochester, Oswego, Syracuse, Colgate, Wells, Keuka, Cazenovia, Cortland and Cornell. A general invitation to all other schools has been printed in the Outing Club bulletin which reaches all regional schools.

The weekend should be a thrilling experience for anyone who has never seen Letchworth, and it should prove to be a lot of fun for all old members of the clubs. All Alfred students who wish to attend the weekend should come to the final planning meeting tonight, at 8:15 in Kenyon Chapel. All new students are welcome to attend.

Latin

In case "Sodalitas Latina" is Greek to you, and you are a student of Latin, it's time you looked into the matter. "Sodalitas Latina" is the club for those Latin students who are interested in a lively program of slides or a playlet followed by a good old fashioned Roman "feast." Dr. Nease advises while June Smith calls the meeting to order every second Tuesday of the month.

This year the Latin Club is looking forward to the showing of a movie on November 3rd, entitled "Cleopatra," starring Claudette Colbert. All students are invited to attend. They also plan the presentation of a play in March, followed by a banquet in May at which the menu will test the knowledge of the members in the very much alive Latin language. Other plans are in the making, so why don't you get in on them?

A. P. O.

Alpha Phi Omega, Alfred's service fraternity, is planning their "Freshman Smoker" for Tuesday, October 6. It will be held at 7:30 p. m., in the Ag-Tech lounge. All those interested in joining this service organization should attend.

Alpha Phi Omega's "Book Easy", located in the Campus Union is looking for; Chemistry, Civilization, English and Mathematics text books. If you have any of these books bring them to the "Book Easy." All those who already have done business with the "Book Easy" will be notified in the "Fiat" as to when payment will be made.

French

The French Club is looking forward to an enjoyable semester filled with French songs, and plenty of chatter "en francais." Their first meeting will be held the first Wednesday in October, at which time they will decide upon the schedule they will follow for the rest of the semester.

Long range plans include the possibility of a playlet in French during this year. At the beginning of next year, the club will sponsor its usual French week using Brittany as its theme in all probability. Miss Cheval is the advisor and suggests all those interested in the colorful French language "allez vous en" over to the next meeting.

Protestant Council

The first meeting of the Protestant Council was held on Sunday evening at 7:30, in the Community House. It was a "ship wreck" meeting and those present pretended to be shipwrecked out in the ocean in a liferaft. The point of this game was to hold a worship program without the use of hymn books or bibles and to rely strictly on the memory. In the course of the evening, on the liferaft, the group discussed what they would do if a ship were sighted and they were brought to Alfred.

Sociology

The first meeting of the Sociology Club was held Thursday night at 8:15, in South Hall. There was an election of officers resulting in Bill Deegan as president, Inge Moeller, secretary and Edwin Flansburg, treasurer.

The object of this new group is to promote friendlier relations between those students interested in sociology and the teachers of the department. There will be some outside speakers to discuss various fields in sociology before the group. Some trips have been planned as well as the annual trip for sociology majors to the convention at Buffalo.

The next meeting will be in October

English

There will be a meeting of all English majors (including all freshmen and sophomores who are prospective English majors) at 4:30 p. m., Thursday, October 1, in room 2, Alumni Hall.

Dr. Finch will discuss English programs, and how to best organize a program so as to become a candidate for an English major.

South Hall Builds Around Pulos, In Soc. Shift Brings Bergerson, Kuman

Effective at the beginning of the 1953-54 school year at Alfred University, were several changes in the departments housed in South Hall. New members have been added to the sociology, psychology, nursing and secretarial departments and the psychology department is offering a seminar for the first time.

The seminar which is considering individual and group problems of a psychological nature is being taught by Prof. William Pulos who has replaced Dr. Charles Hamilton as chairman of the psychology department. Professor Pulos formerly taught in the graduate school. Dr. Robert T. White has come from the University of Buffalo to teach as a replacement for Prof. Harold Van Cott who left last year.

Mrs. Dorothea Bergerson, from Andover, is temporarily filling the position of Dr. Roland Warren who is taking a one semester leave of absence to write a book. Acting as chairman of the sociology department in lieu of Dr. Warren is Prof. Alexander Kuman.

Occupying the position formerly held by Mrs. Robert Jones is Miss Mary Hebert in the secretarial department. In the nursing school, Miss Linda Gordon is replacing Miss Ruth Jones, who is leaving to be married in October, as secretary to Dr. Margaret E. Conrad, director.

Scholars Exposed

The Registrar's office has announced the names of those students who were on the dean's list for the school year ending June 1953. In the junior class 16 out of 139 made the list; sophomores: 15 out of 187; freshmen: 22 out of 327.

Juniors: S. Fries, F. Gibbs, P. Grever, C. Heilbrunn, F. Kalkhuis, E. Kaplan, R. Lewis, D. March, D. Michaels, T. Mike, C. Moore, B. Perreault, M. Smith, T. Stern, V. Weinstein, E. Weiss.

Sophomores: B. Baisley, J. Baldwin, W. Dolid, P. Fine, A. Getto, M. Hogle, S. Jacob, R. Lehman, J. Lounsbury, D. McKinley, T. McKnight, R. Osterweil, V. Pariser, A. Peterson, M. Sutton.

Freshmen: C. Abbey, W. Balle, S. Berque, R. Brown, M. Carmichael, R. DeCarlo, J. Gobert, S. Green, J. Hartmann, G. Lewis, M. Lipper, R. Littell, S. Martinsen, L. Napolin, S. Neumark, N. Noyes, C. Schwartz, J. Slater, P. Slomsky, J. Tuccio, A. Unger, J. Yedwab.

Blood!

The Rochester Bloodmobile will be at the Parish House again this fall, on Tuesday, October 13, to collect 180 or more pints of your blood. Appointments to register will be available at the various houses.

Some of this blood, after processing, is returned to our local hospitals and distributed free of charge. Some will be used for our armed forces, the remainder will be used for the processing of Gamma Globulin which is used in the prevention of Polio. There is no other way to manufacture this valuable serum.

Plan to save a life or a crippled child by saving an hour for the Bloodmobile on Tuesday, October 13.

Bricks Dance

Last Friday evening at 9:30 in the Brick Dining Room, complete with entertainment, refreshments and decorations, the Brick girls sponsored the "Ivy League Dance." The entire football team was invited as guests of honor. Members of the different fraternities and Bartlett were also invited to partake in the festivities.

Music was provided by Al Rawadi and his three piece ensemble. Master of ceremonies was Francis O'Brien assisted on the piano by Al Cohn.

As the name of the dance implies the dress worn by the participants consisted of many types of Jane and Joe College styles. Everything from "white bucks" and "grey flannels" to "crew cuts" and "horn rimmed glasses."

Senate Greeted By Dean Gertz

The opening meeting of the Student Senate last Tuesday night was marked by wishes of "A great deal of luck" in a welcoming address by Dean Gertz.

"I speak for everyone in the community when I say that we are ready to cooperate and help the Student Senate," said the Dean.

Marlin Miller, the president of the student governing body, informed the senators that he had attended the "National Body of Student Council Presidents" conference at Ohio State during the summer. The three day meeting of about 300 presidents had seen the exchange of many ideas, some of which would be of help here in Alfred. A full report will be made later.

Four letters from Paraskivi, the Greek foster child supported by Senate funds, were read. Paraskivi, referring to the Senate's president said she hoped that "she" (Marlin Miller) will be as nice as Ruth Smith (last year's president) was.

The Senate, as one of their summer projects, sent out informative pamphlets concerning student government to all the freshmen.

Next week the Senate hopes to get down to real business, including their budget problems.

Interfrat Smoker

On Rushing Rules

The annual Interfraternity Smoker, sponsored by the Interfraternity Council, will take place on Tuesday evening, September 29, from 7-9 p. m., at South Hall Gym. All University male freshmen are invited.

The purpose of this meeting is to acquaint the freshmen with all rules and regulations of the rushing season at Alfred. It will also give freshmen the chance to ask any questions concerning the rushing procedure.

The rushing parties will start a week after the smoker according to the following schedule: October 7, October 21, October 28, November 4, November 11 and November 18. There will be six rushing parties to give each man a chance to visit every house. All freshmen will be notified by postcard as to which house he will go to on the respective rushing nights.

Footlight 'Summer Stock' Purged By Plaudits, Plans

The Footlight Club has had a most eventful summer. On July 30, in the courtyard of Binns-Merrill Hall, before 295 spectators the summer session "Theatre Workshop" assisted by the faculty and townspeople, produced a triple playbill of Shaw, Frost and Chekhov.

Dr. Bernstein, who reviewed the evening for the Alfred Sun, said that the three plays, Shaw's *The Villain Wooing*, Frost's *The Death of a Hired Man* and Chekhov's *The Anniversary* were, in just that order, "conversation piece, a dramatic understatement and an unmitigated farce." In the First Conversation of Shaw's play Gail Feldmann played an exasperated writer trying desperately to avoid the tentacles of a peasant-minded Elizabeth Hunsiger," Dr. Bernstein tells us.

The Dramatic Club was also given credit by Albany's Arena Theatre when that summer group under the direction of Paul Bruce Pettit, a graduate of Alfred University, produced *Jezebel's Husband*. Professor C. Duryea Smith was given thanks by the Albany group for supplying costumes and props for their production. "Mr. Smith has shared many ideas concerning this presentation and generously lent a number of the costumes used in this evening's performance along with properties, music and sketches," the program read.

The Footlight Club officers for this semester are: President: Joyce Trevor; Vice President: Pat Clark; Secretary: Linda Napolin; Treasurer: Peter Grever; Make-Up Manager: Bob Kalfin; Properties: Harriett Fischer; Construction: Myron Marcus; Lights: Penny Frazer; Costumes: Marie Monn; Stage Manager: Duane Jordan; Advisors: Professor Smith and Professor Brown of the dramatic department.

Plans have been made for the fall season. A play is being chosen and try-outs will soon be held. The first production will be on November 20th. Bob Kalfin will hold the first of three classes for the make-up crew Sunday, September 27th at 2:00 p. m., in Alumni Hall. All interested are invited.

To all Footlight Club members: our first meeting will be held Sunday, October 4th at 2:30 p. m., in Greene Hall. At this time we will discuss our first play of the year.

Nurses Grow

Statistics of enrollment have been released from the School of Nursing by Dr. Margaret Conrad, director. The enrollment of 23 freshmen swells the total to 59.

The school—its facilities and activities—will be exhibited on October 7-9 in the Library. During this time the School will also present an open house program for high school students.

Officiating Course In Basketball Offered

A basketball officiating school will start at Alfred-Almond Central School September 29 and continue through the cage season.

Paul Powers, the director, announced that the sessions will be held each week as a preparatory course for those interested in officiating, and is especially designed for those wishing to take the annual official's examination to be held December 7. The program consists of rules, in-

Library

Effective immediately, the overdue charges on library material not returned at the scheduled time be as follows:

(1) The charge on regular one-two-week books will be 5c per day for each item.
(2) The charge on overnight reserved books will be 25c for the first hour and 10c for each additional hour. Fractional hours are treated as full hours. Reserved books are now due at 9 o'clock the following morning, except that on Saturdays they are due at 1:30 p. m. and on Sundays at 3:30 p. m.

(3) Any overdue charge not paid at the time the books are returned and for which we are obliged to extend credit will carry an additional charge of 25c. Such charge accounts not paid within 30 days will be turned over to the Dean of Men for collection.

If you have an account at the University Bank, the powers that be over there would like to know your post office box number.

Saxon Football Outlook Good

by Jerry Slater

The 1953 football season promises to be one of the most interesting seasons at Alfred in many a year. A new split-T attack to supplement the traditional single-wing, some mighty big holes to fill, a lot of new faces, and, of course, the return to the one-platoon system ought to make this quite a year.

One of the defensive end Vern Fitzgerald, and Little All-American guard John Fasano. Also missing from last year's undefeated, once-tied team, are Fred Gibbs, Santo Varbero, and Al Dianetti.

However, despite these gaps, the outlook is good. A fine crop of freshmen may very well make this year's backfield even stronger than that of 1952. The three running backs, rather than two running backs and two blocking backs that made up last year's backfield, provide more depth. The passing attack will probably be stronger this year also. Billy Lewis will supplement All-American Back Les Goble and end Frank Pokorny in the receiving department, with freshman Tucker "Doc" Blanchfield, Les, and Pat Lattari doing the pitching. Bob Northrup will probably be the starting fullback, with Jay Abbot and Al Moresco I. Kelly to see plenty of action.

The outlook is not quite as bright on the line. Most of this year's linemen played only one way defensive or offensive last year, although this of course holds true for most schools. The end positions are solid enough with Frank Pokorny and Joe Fasano holding them down. With Ray Cudebec out for a few weeks, George McMahon and Don Canlin are expected to see a great deal of service. Lettermen George Policano and Al Bilanski will handle the guard slots Frank De Santis and Garth Austin backing them up. The center spot will be staffed again by big Ken Reichert, who has seen some two way service already.

This Saturday the Saxons will journey to Troy where they will meet RPL. It will be the ninth meeting of the teams, Alfred having won six. Last year the Saxons won 27-7 at Merrill Field.

Anybody who is interested in a little reflected glory in the capacity of assistant manager, please report to Mr. Yunevich. No references necessary.

Cross Country Hopes Bright

by Richard S. Goodman

With the first meet of the year for the Cross Country Team looming up this coming Saturday at Alfred University against the University of Buffalo Harriers, the picture looks a little brighter than last year. The team is composed of about twelve newcomers to the squad, plus Hal Snyder, the only returning letterman.

Last year Hal was undefeated in dual cross country competition, and also won the New York State Championship and took the twentieth spot in the N.C.A.A. meet, and then was undefeated in the spring dual meets winning both the mile and the two mile in the meets.

Supporting Hal this year will be an assortment of upperclassmen out for the first time, and freshmen, some of whom ran in high school cross country and track competition. Among

Intramurals

men's

Last Thursday at the meeting of the Alfred University Intramural Board, it was decided that intramural football will begin Saturday, October 3. So far there is only one league composed of teams from the six university fraternities. However, it is hoped that there may be other leagues composed of independent teams. At the end of the season there will be a play-off between the league winners. Last year's winner was Lambda Chi Alpha.

Those Independents wishing to enter a team can do so by attending the Intramural Association meeting, 7:00 p. m., Tuesday, September 29, in the Men's Gym. The entering teams must present at this time a roster of at least fifteen men or more and a ten dollar entrance fee.

Anyone who feels that he is qualified to referee should attend Tuesday's meeting also. The referees this year will be paid one dollar a game which will come from the entrance fees.

The schedules have not been made up because of the lack of Independents. However, the schedule will be decided upon at Tuesday's meeting, with the hope that all students interested will be on a team.

women's

The Alfred University women's sports season opened this year with a Frosh open house held at South Hall, last Thursday night. Representatives of W.A.G.B. explained the various sports and showed the numerous awards given to the deserving parties.

Refreshments were served, and then Helen Thunhorst, President of W.A.G.B., spoke on the importance and objectives of this organization. She ended her speech with an introduction of the new W.A.G.B. staff, who are Margaret Deck, vice president; Sharon Pettit, secretary-treasurer; Suzanne Miller, publicity manager; Mary Jane Gibson, officials manager; and Advisers, Miss Ford and Miss Creighton.

On Sept. 23, a meeting was held by W.A.G.B. to discuss a tentative schedule for sport days. Some of the schools suggested were Cornell, Keuka, Elmira and Cortland.

Designers Take Honors

Two Alfred University students were selected as prize winners in the national competitive arts and crafts exhibition of the Los Angeles County Fair's Fine Arts Department.

Robert Turner of the Ceramic School took a second prize of \$25 in the Ceramics Class three, Lot five, High Fire competition. Daniel Rhodes, also of the School of Ceramics, won Honorable Mention in the same class.

the upperclassmen out are Pete Ramko and Dick Goodman, juniors, and Howard Patrick, a senior.

Some of the freshmen out for the team this year include Albert Peters, Frank Gilbert, Dave Hill, and George Battista. All of the boys ran track in high school, with Frank and Albert having also run Cross Country. When Frank ran in Middletown High School he collected many laurels, among them the following awards: Section nine cross country and half mile championships, and the Dutchess, Ulster, Sullivan and Orange county and half mile championships.

In conclusion, the situation seems to both Coach Tuttle and the writer that with Hal Snyder taking the first places again this season, and Frank Gilbert right behind him, with the rest of the team equalling, if not surpassing the results of the majority of last year's squad, the situation is definitely brighter.

Saxons Bag Limit

(Continued from page one)

making the tackle. All new attempts to gain ground, however, were smothered by an aroused Alfred defense.

The Brockport kick was picked up at the 5 yard line by Goble. On the next play Goble was handed the ball again. Exhibiting some of the speed that has made him a real champion, Les galloped around end and, with the impatience of a racehorse, broke loose for a sensational 95 yard run. Leaving all of his potential tacklers far behind, he loped into the end zone all alone for the second touchdown of the game. The conversion was good, making the score 13-0 in favor of Alfred.

Brockport once again could do nothing with the ball and decided to punt. This time, however, the kick was blocked by Joe Fasano, and Alfred took possession on the Brockport 17 yard line.

Before anyone in the crowd could realize it, Goble had run into paydirt once again. A five yard penalty against Alfred for delay of the game as Northrup lofted the ball between failed to check the conversion try the uprights. This made the score 20-0.

The ineffective Brockport offense continued along the same lines and was forced to kick after three unfruitful attempts at ground gaining.

The ball changed hands several times before a Brockport pass was intercepted by Northrup on the Eagles' 40 yard line. Northrup continued to shine when he successfully eluded several Brockport tacklers and went on to cross the goal. His point after-touchdown attempt was no good. The score now stood at 26-0.

After a series of heavy penalties against both sides for clipping and illegal use of the hands, the half ended with a delighted crowd giving both teams a hearty cheer.

The second half was very much like the first, though much less spectacular. Brockport continued along ineffectual lines, being forced to punt the first time the ball was in its possession.

It was last down and three yards to go when Blanchfield smashed over for the TD. Blanchfield then took to the air and flipped a pass to Shultz for the extra point. The score at this time was 33-0.

try via the air by Blanchfield, the score read 39-0.

The game from this point on saw several penalties against both clubs. Brockport still couldn't get moving in the right direction. With the ball in their hands for the last time, the Brockport players could not amass enough yardage to obtain a first down. The last Brockport kick was recovered by Alfred and run back to the Eagles 23 yard line.

After a short Alfred time out, Rusiackas carried the ball for the Saxons to the 15. With only a few seconds

ball up to the Brockport 45. Alfred remaining in play, Alfred attempted an end run which was thwarted short of the goal line. The final score read Alfred 39-Brockport State Teachers 0; a very decisive victory for the Saxon Warriors. The game was one that was enjoyed by all; one that was spirited from the opening kickoff right up to the final gun. We're all the next six weeks hold in store for hoping that this is an example of what us in the way of football. Lots of luck Saxons! We're with you all the way!
