

## Alfred Streak Hits 14 As Saxons 55-R. P. I. 7

### Les Sprints for Three; Pokorny, And Shultz Star

Scoring at least two touchdowns in every period, Coach Alex Yunevich's grid forces continued their winning ways at Troy last Saturday afternoon, with an overwhelming victory over Rensselaer Polytechnic Institute 55-7.

Fullback Les Goble led the Saxon scoring with three touchdowns to his credit. Ends Frank Pokorny and Charles Shultz split scoring honors with two apiece, halfbacks Jay Abbot and Robert Rusiackas were credited with one each, and halfback Robert Northrup was credited with the only Alfred conversion.

Behind the spectacular running of Goble, the Saxons scored in the opening minutes of the first period on a 45 yard sideline run by Goble, only to have the ball brought back to the Alfred 45 on a 15 yard penalty against the Saxons. The Purple and Gold then unveiled a strong passing threat in the form of Tucker Blanchfield who threw a 30 yard scoring pass to Frank Pokorny. Northrup missed the kick for the extra point.

The R.P.I. Engineers surged back, and behind the running of halfback Willie Lick they advanced to the mid-field stripe, where a 30 yard pass from quarterback Don Simek to Lick was the scoring combination. Lick kicked the extra point to put R.P.I. in the lead 7-6.

Their lead was shortlived, for after the kickoff the Saxons pushed to their 45 on 2 running plays by Blanchfield and Northrup. A 30 yard Blanchfield pass to Pokorny clicked again and Alfred led at the quarter 12-7.

It was Goble again in the second period, when a short R.P.I. punt put the ball on their own 25. Goble then drove thru the line to score standing up, and for the third time the Saxons failed to make the conversion.

The final score in the first half was set up by tackle George Meyer who recovered a R.P.I. fumble on their 31. Northrup advanced the ball to the 12 and Goble again went thru the line for the touchdown. Northrup drove thru the tackle slot to make the only conversion of the afternoon.

R.P.I. bogged down on their own 46 after receiving from Alfred in the second half. Goble carried the ball on the first play and raced around left end on a 46 yard run to the end zone.

Blanchfield then ran and passed the Saxons up to the mid-field stripe, only to be thrown back to the 40 on an attempted pass. Halfback Jay Abbott was on the receiving end of another Blanchfield 35 yard scoring pass.

For the third tally of the third period it was halfback Robert Rusiackas and fullback John Zlucholski who pushed the ball to the R.P.I. 22 and

### Bailey To Lead Renovated Corps

Last Thursday at 11:00 on Terra Cotta Field the Alfred University detachment of the Reserve Officers Training Corps held its first mass drill. At this time the entire corps of cadets, containing 273 men, was organized into a provisional battalion comprising three companies.

The following men have been selected by the Department of Military Science and Tactics to be battalion staff officers:

Cadet Lt. Col. William P. Bailey, Battalion Commander. Cadet Major Gerald L. Price, Jr., Battalion Executive Officer. Cadet Captain Richard Stafford, Adjutant. Cadet Captains Daniel H. Schelker and Jack N. Kreuzberg, Staff officers.

The Company Commanders are "A" Company: Cadet Captain Francis L. Grimes, Company Commander; Cadet Captain Jerome L. Beck, Executive Officer.

"B" Company: Cadet Captain Gilbert J. Barret, Company Commander; Cadet Captain William W. Lewis, Executive Officer.

"C" Company: Cadet Captain Leo A. Reesa, Company Commander; Cadet Captain James J. Brown, Executive Officer.

The Detachment Color Guard will be Cadet First Lieutenants Bernard J. Conner, Ronald Lehman, Nelson Albrecht, and Alben Pollack.

Since the ROTC Detachment here at Alfred is only in its second year and the need for cadet officers is great, the following juniors have been made Cadet officers: Cadet First Lieutenants (Platoon Leaders) Bilmes, Blumenstein, Dyer, Greenberg, Marquart, Messner, O'Brien, Ramko, and Schwartz.

Cadet Second Lieutenants (Assistant Platoon Leaders) Flipse, Goldstein, Krevolin, LaPera, Miller, Rosenberg, Rodis, Shaw, Small and Stillman.

This year, as last, the Drum and Bugle Corps will be directed by Cadet Captain Daniel Schelker. Assisting him will be Cadet First Lieutenants Marion Davis and Burton Jay. The Drum and Bugle Corps will first be seen by the Student Body at Homecoming where it will perform during the halftime ceremonies, now being planned.

For anyone who is interested and is a member of the detachment, there will be a meeting tonight at 8:30 in the ROTC classroom across the street from Bartlett Hall.

One of the new features of the Military Department this year will be the sponsoring of a drill team. The drill team will be commanded by Cadet Lt. Col. Gerald Price, with Cadet Captain Francis Grimes as his executive officer. At the present time there are seventy-five men who have stated that they are interested, and auditions and eliminations will be held at a later date.

### A.U.'s Premiere Met By 'First Nighter' Mob

A respectful silence hung over the Student Union last Saturday morning as Howard Huff, chief engineer of WWHG radio station in Hornell, gave the signal for the beginning of 'Campus Caravan,' which was making its premier appearance at Alfred.

The program, first to originate from the Union, began at 11:30 a. m., and featured timely comments from University President M. Ellis Drake, Claude Marshall, acting M. C., and Joan Trepasso, of the 'C. C.' staff.

Don Curran, a WWHG announcer, introduced President Drake, who expressed his thanks to WWHG for allowing the program to originate from Alfred. The President also commented upon Governor Dewey's visit of last week; calling it a 'wonderful experience.'

Claude Marshall spoke of the desirability of using 'home-talent' in all future broadcasts. Replying to this, Mr. Anthony Cappadonia, director of the All-Campus Band, said that he would be happy to supply music for the 'Campus Caravan.'

Joan Trepasso, commenting upon the 'kidnapping' committed by the Castle residents last week, introduced Stan Diller and Angela Zegarelli who gave their opinions of the event.

Moving on to future programs, Marshall announced a coming contest: 'The Mystery Voice,' which will be discussed on the program next week. The first 'Campus Caravan' concluded with various announcements concerning campus activities.

Free refreshments were provided for the 'studio' audience by the Student Union, represented by John Zulia and Jim Kamakaris. Reportedly, this policy is to be continued in the future.

The Kanakadea Staff announces that all of the past yearbooks which have been left in the Union Lounge may be taken by anyone who wants them. There will also be an extra summer supplement for those who didn't get them.

One hundred scholarships, of \$750 a year, are available to residents of New York State, who have completed an approved course leading to the professional study of Medicine or Dentistry.

Applications must be filed by October 15, 1953.

Further information, and application forms, may be obtained at Dean Burdick's office in Physics Hall.

Another new feature this year will be a cadet rifle team, if the Military Department can arrange for a place to fire the 100,000 rounds of ammunition they have received.

## Dewey Dedication Urges More Than Tools Alone for Grads.

Shown above are Governor Thomas E. Dewey, State of New York, and M. Ellis Drake, President of Alfred University. The occasion is of Governor Dewey's visit to Alfred for the dedication ceremonies of the new Ag-Tech Industrial Building, the University 'Open House,' held in conjunction with the Hornell Industry Day honoring Education at Alfred.

### Alfred Exhibits Draw Throngs Industrial Day

In dedicating the new Industrial building to "the hopes and aspirations of youth," Governor Thomas E. Dewey cited his hope that a new spirit would develop by which students will be infused with enthusiasm for the thing they want to do. The dedication ceremony was part of the "Hornell Industries Day" festivities honoring education at Alfred University and the Institute.

The Governor included a word of warning in his short dedicatory address. He cautioned that the graduates of the Agricultural and Technical schools are not spiritually or intellectually prepared to tackle the job they spent two years (at state expense) learning to do. "We are not graduating well rounded individuals," warned Dewey, "and I'm afraid the situation is the same at all colleges." The Governor thought the basic point is "are we giving young folks something more than tools?" "We must be increasing the degree of preparation for adjustment of life," advised Dewey.

Although he said he had never had the privilege of hiring an Institute graduate, Dewey said he had noted the lack of those qualities in other Institute graduates he had hired for his farm.

Recalling the parable of the world being man's onion, the Governor warned that people want the world to be their onion tomorrow at 9:00 o'clock. "If it were," he warned, "it wouldn't taste good. You have to earn it."

In a lighter vein, the dedicatory speaker noted that he was here under more pleasant circumstances than last time. There was a drought then, and the students were laboring under the great fear that they would be sent home. "Now the tables are turned," noted the Governor. "The drought is so bad in Dutchess county I had to come here for a drink."

Recalling some of the inconveniences of the trip here, Dewey noted that the airplane "had no facilities at all - except seats." Sinking deeper into the mire of misunderstanding, the Governor recalled the uncomfortable position of his press secretary.

"I am touched to see so many members of the legislature here" said the state's chief executive, "especially since it's not an election year." The Governor thought this a tribute to the school and the quality of the legislators. "They are here because they want to be," he said.

The dedication ceremony was opened by Reverend Hurley S. Warren, who delivered the invocation. Dr. Orvis, director of the Institute, introduced some of the honored guests on the platform; they included many of the people responsible for the actual building.

## Footlight To Present "The Gentle People"

by Sally Hirschberg

There was something important going on at 5 p.m., October 2, at Green Hall, and the group gathered in the room felt a mild tinge of excitement as the meeting was called to order. It was almost time for the stage to glow with lights and emotions, and the members of the Executive Board of the Footlight Club were assembled to decide

## A-Assembly To Offer Author

### Jesse Stuart To Speak, Clark Invites University

Jesse Stuart, renowned writer and poet from the hill country of Kentucky, will be the guest of Ag-Tech at an assembly, Oct. 6, at 11 a.m. The topic of the assembly, announced by Mort Clark, chairman, will be "An Hour with Jesse Stuart." Mr. Clark cordially invites all Alfred University faculty and students to attend.

Mr. Stuart is well known for a collection of more than 700 poems, entitled "Man With a Bull-Tongue Plow," for which he was awarded a Guggenheim Fellowship. Many of his short stories have appeared in such leading magazines as "Harpers" and "Colliers." "Men of the Mountain," a collection of his short stories, won the Academy of Arts and Sciences award. "The Thread That Runs So True" was named as "the most important book of 1949" by the National Education Association Journal.

"Ever since I can remember," Mr. Stuart says, "I wanted to be a writer. I don't know exactly why. It is just a part of me. Kentucky is my heritage - a pioneer fighting family, rustic as all get-out, the one-room school, moon-shining, homemade tobacco, the fight for one another, the square dances, the high hills, the matted brush on the jagged slopes, the oak trees and wild flowers, the hawks, buzzards, snakes, possums, and hound dogs. These are things I have grown up among, the things I know, if I know anything at all, and these are the things I hope to keep."

A graduate of Lincoln Memorial College in Tennessee, Mr. Stuart took a year of graduate work at Vanderbilt University. Until 1935, he was principal of a Greenup County, Kentucky, high school.

A group of teachers in Goshea, New York will be the hosts of Mr. Stuart, Oct. 7.

## Judicial Delayed By Conspiracy; Bailiff Seized; Rosenthal Cited

As the Castle girls were eating their Thursday evening meal, Marv Rosenthal unexpectedly entered. As a member of the Blue Key Honorary Society he had the unfortunate duty of bringing Marie Upton to Frosh Court. Marv was greeted by all twenty Castle girls, who tried to dissuade him from taking Marie. However, since Marie was a good member of the service organization he insisted that Marie must go before the court and receive her penalty for violating the laws of Alfred U. This it is reported, was his mistake. Taking up the cry for all freshmen girls who would soon be in the clutches of the Frosh Court, the Castle unanimously decided to hold Marv as hostage, pending the release of all the girls held by the court.

The Fiat was immediately notified of the abduction, and, as proof that the Castle really had a hostage, Marv's Blue Key badge was handed over to the proper authorities. The Fiat sent two reporters and a photographer to cover the story. They came in just as Marv was beginning to do the dishes, one of the tasks that was his reward for doing his duty so conscientiously. The reporters were soon escorted out of the house by a full guard of girls, who by this time were on the lookout for any unwanted intruders.

Soon afterwards an indignant group of Frosh Court members, came to claim

(Continued on page two)

## Frosh Court Succeeds Despite Castle Capers

### Eleven Freshmen Found Guilty As First Session Ends With Reprimand

Six freshmen were found guilty of sundry misdemeanors committed against the people of Alfred University, last Thursday night, and were sentenced to labour by the presiding judge Robert Halem.

Five others were convicted by the jury composed of Marge Baker, Florence Kalknui, William Deegan, and Herbert Zlotnick, in a session during which the dignity of the court was seriously challenged by the backers of irate defendants.

The first six freshmen - Ronald Smith, George Battista, Sam Tucose, Al Cilecki, Marv Snyder, and Phil Bailey - were found guilty of a blanket charge of not wearing beanies, not saying 'hello' to an upperclassman, and not carrying their bibles. Judge Halem directed that the convicted should clean Park Street from Dr. Scholes house. The sentence was to be carried out at 1:30, on Friday afternoon.

Defense Attorney for this, as well as all following cases, was Ronald Cipriano. Attorney for the Prosecution was William Griffith.

Freshmen Virginia Alsworth, Karen Olson, Claire Forbes, and Lorra Shortino were charged with failure to wear beanies and neglecting to greet an upperclassman. After the defendants had serenaded the court with a rendition of 'On Saxon Warriors,' the Court found them guilty and sentenced them to the labour gang which will wash the Union windows. This latter sentence was to be carried out at 1:30 p.m., last Saturday.

At this point the court was disturbed by a rather violent appeal made by one Marie Upton, a resident of the

Photo by Lew Marks

The victim above is Marvin Rosenthal, being threatened (?) by Joan Trepasso, of the Castle, where Marv was interred last Thursday nite. From left to right, the two 'unknowns' are believed to be Sally Martinsen, and Rona Osterweil.

Castle, whose case was presented by an unruly mob, led by the house mother of the Castle.

After sustaining various contempt action, the Court - represented by Judge Halem - found Upton, the defendant, guilty of failure to wear the beanie, failure to greet an upperclassman, and ignorance of the Alma Mater. Sentence was passed and the convicted girl was remanded to the Saturday afternoon labour gang.

Commenting upon the disturbance caused by the accused, Judge Halem later said 'Such an occurrence is very unfortunate. These abuses of the Court can not be tolerated.'

It is regrettable that certain of the defendants do not realize the seriousness of the mission of this court, and we sincerely hope that such outbursts will in the future be restrained.

Frosh Court is composed of members of WSG and Blue Key.

TUESDAY, OCTOBER 6, 1953

Editorial

Congratulations - however tardy - go this week to Jim Kamakaris and John Zulia, co-managers of the Student Union. For the past two years, since these two men assumed management of the Union, we have observed a constant process of improvement.

Having had occasion to visit various college unions we feel that the Student Union of Alfred University ranks among the best. We also feel that the pre-eminent position of the Student Union as the 'college hang-out' is mute testimony of a similar feeling held by the 'student body.'

Last week we received a letter - and published it - from a freshman who was quite irate about the tendency of people to become 'conformists.' Now, this letter stands as the most recent supplement to a long and very historic tradition of irate letters to the FIAT, to the King, and to the Corinthians, urging non-conformity of some sort.

We find that there has to be a certain amount of social agitation, idealism and just plain griping to balance the faceless hordes who seemingly - never have opinions concerning, or interest in, the world around them.

We also find, however, that many of these people, who apparently have not the energy to think for themselves in this way, are oftentimes prone to listen, and accept as 'gospel' the precepts advocated by the aforementioned agitators.

This produces a dubious 'good.' In fact, it very seldom produces any good; often it is the beginning of a long pathology of the propagation of senseless creeps.

It is reasonable to assume that last week's correspondent had certain, specific, issues in mind when she spoke for 'non-conformity.' The point at which we 'part ways' with the letter-writer is where she neglected to tell us exactly what these controversial issues were.

Why be a non-conformist? Just because everyone else is a conformist? ... a very poor reason.

If the majority of the people act in a certain way, it may be that it is the best way to act. In this case it figures to be oh-so-stupid to act differently for the sake of holy non-conformity.

Do not act like your favourite impression of a NON-CONFORMIST. Even if you have a quite legitimate reason for your non-conformity, if you arrange yourself as a non-conformist - and not as a person doing as he wants - you will soon find yourself in the enviable position of being The Most Useless Ham Since the days of Martin Featherstone-Who-Invented-FurLinings-For-Bathtubs.

Say 'Don't put your feet on the Union tables just because Glotz is so doing.' Or say 'Don't join a fraternity because you've heard that it is THE thing to do.' But please save us that statement 'Don't be a conformist.' Do not ask us to be a conformist to that fad.

In the woods of the Far West there once lived a brown bear who could take it or let it alone. He would go into a bar where they sold mead, a fermented drink made of honey, and he would have just two drinks. Then he would put some money on the bar and say, "See what the bears in the back room will have," and he would go home.

At length the bear saw the error of his ways and began to reform. In the end he became a famous teetotaler and a persistent temperance lecturer. He would tell everybody that came to his house about the awful effects of drink, and he would boast about how strong and well he had become since he gave up touching the stuff.

Moral: You might as well fall flat on your face as lean over too far backward. James Thurber's "Fables For Our Times"

Ed. Note: However, you might better go down the road than use the football bleachers for a cocktail lounge.

Student Outlook

by Morton Floch

Dean of Men Fred H. Gertz now has application blanks and bulletins of information for the November 19, and April 22, Selective Service College Qualification Tests.

To be eligible for the tests a student must: (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not previously have taken the qualification test.

All students who are interested in taking the exam should see Dean Gertz for the necessary paraphernalia. Once again, all men enlisted in ROTC are encouraged to take the SSCQT.

South Hall Pix

The Economics Department will present the following films on Wednesday, October 7, as part of its annual film program: "Letter To A Pilot" - The behind-the-scenes operations of a big airline, "The Story of Rockwool" - The manufacture of rockwool and the procedure for insulating a building, and "The Nickel Plate Story" - The trains and men of the Nickel Plate Road.

First Frosh Staffers In; News Dept. Expanded For New Fiat Lux Next Week

During the past few years the Fiat Lux has been holding interviews and tests to qualify candidates for positions on the news staff. The following people have been chosen to fill these positions: Virginia Alsworth, Suzanne Marsh, Barbara Lorch, David Lipman, Lila Levin, Allan Seigal, Thomas Page, Judith Dryer, Maxine Berelson, Irene Rosenblatt, Henry Galler, Martin Feferman, Barbara Weiss, Mary Lou Rizzo, Maxine Inselberg, and Judy Koch.

These new members were oriented at a meeting at 7:00 P.M. last Sunday.

Dewey Dedication

(Continued from page 1) ing, prominent legislators, and business men.

L. L. Jarvie, the executive dean of the Technical Institute and Community Colleges gave the greetings of the State University of New York. Mr. Jarvie noted that as he looked at the new building he saw a material manifestation of the belief of citizens in education. He advised the students that as they entered the new building they should look beyond the material aspects to the belief of the people in that the students would utilize this education. He expressed his belief new building to strengthen their state and nation.

Greetings from the board of Trustees of the State University of N. Y. were delivered by Frederick F. Greenman, Chairman of the committee on Technical Institutes and Community Colleges. Mr. Greenman noted that the new building represented great sacrifices by citizens of the State of New York.

Dr. Drake, president of Alfred University, was introduced next. He gave a concise history of the Institute and its initiation in 1904-05 to today. He offered congratulations and best wishes to the Institute on this historic and significant occasion.

William MacKenzie, assemblyman from Allegany County, and in the Governor's own words the "Father confessor of the Institute," introduced Governor Dewey. Reverend Leroy Moser gave the dedicatory prayer.

Anthony C. Cappadonia conducted the all-campus band in the national anthem. In the lull that marked the end of the ceremony, the notes of Dr. Wingate's carillon sang over the campus.

Governor Dewey, after the ceremony, left for the Hornell Country Club where he delivered the main address of the evening.

The dedication ceremony was broadcast over WWHG and WLEA radio stations.

Goldfish Bowl

by Barb Scott

Leaves and faces on pine hill are turning red. The thud of footballs on the Terra Cotta, and insolent freshmen giving the union windows their annual cleaning with a toothbrush are all indications that fall is upon us.

hot-jam
A week ago tonight, Lambda Chi entertained Theta Chi at a dessert party. Following the consumption of a staggering number of calories, John McKenna tickled the ivories for group singing. Just to keep the femmes in the swing of things, Mary Helen Scott took charge of the drum set, while Art Shaw and Herm Ritter rounded out the quartet with a cornet and a sax. The jam session just got hot when it was time to leave.

Kappa Nu had an open-house party last Saturday night. Anlee Fishler kept the guests happy by conducting the singing.

bromo, anyone?
Klan Alpine has been doing a lot of entertaining lately. Last Thursday, the Cappadonias were at the house for dinner. They were carried out on stretchers. That wasn't enough, so they invited Major Avery and family for dinner Sunday.

Saturday night many new and different things happened at the weekly Klan blast. O'B and Hank, in their usual party spirit, introduced lots of new songs, that are destined to become Saturday night steadys. Breaking all precedent someone cleaned the tables and unlike anything that has ever happened before, the beer lasted the evening, though some of the guests didn't.

Ron Cipriano of Klan was pinned last week to Virginia Modica from Buffalo.

This comic week-end, Delta Sig will be entertaining their Hartwick chapter (Beta Rho) for two days of wine, women and song. Dates are being arranged for after the game.

Dave Cole returned to spend the weekend with his old buddies at Kappa Psi. It was rumored that he was seen around Pi Alpha with that Constantinides gal. What's the story, Jane?

Pi Alpha had Sigma Chi at the house for dessert last Thursday. What is this? Conspiracy on Sayles Street? Dinner guests, Sunday, at Psi were Professor and Mrs. Pulos. We trust the house was analyzed (psychologically, that is).

Carol VanCott came from Corning to spend the weekend at Theta Chi. The girls also got a letter from Carol and Sally Green during the week, mostly about the doings at Corning. They dropped the word on the Bedpan Business. Orders should be sent to 171 East First Street, Corning, New York.

Omicron had an informal initiation last Sunday. The new members are Sharon Pettit, Margie Stewart, Ginny Rountree, and Sue Sage. They're now busy brushing goat hairs and calluses. Weekend visitors at the house were Dottie Yetman, Jackie Ross, Mike Fanton, and Jean Gibbons.

we're blushing
Shirley (Kelly) Joslin has changed her mind, and it now seems that it's Charlie Watkin's pin that she's wearing. Martha Bell is now Mrs. Paul Wells.

Last Monday, Omicron had an informal gathering with its honoraries, at which time they were shown the new improvements on the house. We hear they've even imported a fur-lined bathtub. You may quote: 'WOW!'

Notice: Seniors

Dates for senior and faculty pix appointments have been released by the staff of the KANAKADEA. It has been requested that all appointments be kept promptly.

If you do not receive a post card by October 6, please call Betty Steele at Sigma Chi Nu.

Marv, Al Bring Saxonian Music

The "Saxon Platter Parade," a full hour radio show designed primarily for the students of Alfred University can now be heard over station WWHG, 1320 on the dial, from 4:05 to 5 every Saturday afternoon.

The Saxon disc-jockeys, Marvin Rosenthal and Al Lamstein, will play the top five songs of the week as determined by "Downbeat Magazine." Marv and Al will also be playing your request numbers.

Rosenthal and Lamstein, both juniors in the Liberal Arts School, began their disc-jockey careers two years ago when "Campus Caravan" sent out a call for anyone interested in being on the radio program. After gaining in experience on this show, the fellows were then given their own 45 minute radio show by Mr. Donald Curran, Station Manager of WWHG. This show, the "Alfred Hit Parade," was on last year on Saturday afternoons. Featured were the top ten song hits of the day as determined by the number of times each song was played on jukeboxes in Alfred.

In Pike County, the snow's so deep, and lasts so long, they cut their oats with a lawnmower.

The Monster ...

... from Outer Space

Judicial Delayed

(Continued from page one) Marie. This group was staying on the safe side and refused to come in. Thus it was impossible for the Castle to kidnap any more gallant jurists. The lawgivers could not be talked out of their mission. Marie went to Frosh Court, followed by most of the Castle ready and eager to defend all Freshmen women.

By 5:00 p. m. about 1400 people had visited the different displays that were so much a part of the Hornell Industry Day. It was estimated that approximately 2500 people visited the exhibits before they closed at 10:00 p. m.

Bus loads of high school students were provided with guides and shown around the campus exhibits. Two buses running on a 15-minute schedule, provided free transportation around the campus.

The Alfred police force was augmented by 39 tuxiliary policemen and policewomen from Hornell. About 130 members of the Alfred R.O.T.C. corps participated as guides or traffic controllers. They were later commended by President Drake for their fine work.

Some of the exhibits in the Institute open to spectators, included the Ag-Tech shops and barns, diesel and gas engine lab, equipment lab (radar), and farm machinery. South Hall, besides providing free cokes, offered displays in the school of nursing, women's physical education, the departments of psychology, education, sociology and business administration, and the navy research laboratory.

The Ceramics building provided guided tours, while the R.O.T.C. department also held open house.

The Alfred League of Women Voters published a pamphlet entitled "Alfred in Focus" which they sold to campus visitors.

The whole picture on the campus was one of excitement and interest.

Judicial Delayed

Five guards were left behind to watch the prisoner. They locked all the doors and windows and watched Marv with an eagle eye. Marv soon realized the odds against him and made no attempt to escape. After he had finished all the duties requested of him, the prisoner calmly settled down to do his American History homework, surrounded by his ever watchful captors. The expectant quiet was constantly disturbed by the ringing of the phone. More and more people kept trying to find out exactly what was going on. However, there was still no news of how the Castle's crusade to save the Freshmen girls had worked out.

Shortly before eight o'clock Dean Gertz came in. Following a long discussion the guards relinquished their hostage to the Dean. After two hours of anguish and torture, Marv Rosenthal, special agent for Frosh Court, regained his freedom.

All the Castle girls wished to highly compliment Marv Rosenthal; he should definitely get some badge of honor for being the best prisoner we ever had.

Football Club

(Continued from page one)

All students interested in acting or production are urged to attend the try-outs, and Freshmen are asked to forget to be "stage struck" and come down to investigate the matter. The play promises to be a tender and vibrant one, and one of interest to theatre workers all over the Alfred campus.

In addition to this play, the Football Club produces two more full-length works, one in March for the St. Pat's Festival, and one in May for the Arts Festival. They include at least a one act assembly play and various other dramatic presentations in their year's works.

### Clubs Incorporated Fencing

As the weather slowly brings a tinge of frost each year, so it does the indoor sports season too. With the coming of such a season, the sharp cry of "touche" and "en garde" will inevitably be heard echoing from the walls of the South Hall Gymnasium.

The Alfred University Fencing Club program will commence during the latter part of October, or the early weeks of November. A definite starting date has not been chosen by the club's newly elected president and head-instructor, Jules Jacalow. When such a date is publicly announced, all fencing enthusiasts are urged to come out for the sport. Beginners will be more than welcome.

Instruction will be provided by Jacalow for both beginners and advanced students. This instruction will cover the use of the foil, epee, and saber, but a good deal of emphasis is placed upon proficiency with a foil. Dues for the year consist of one dollar.

As in the past, as soon as the club becomes more organized, invitations will be extended to other schools to visit the campus. Exhibitions and matches stimulate a great deal of interest in potential members. Last year a national fencing organization and several professional groups visited the club to put on these events. More of the same may be expected during the present school year.

Let's make a good showing at the first meeting of Alfred's Fencing Club.

### Hillel

On Saturday, September 26, in Kenyon Chapel the Hillel Club of Alfred University held its first meeting of the school year. Morton Pincks, acting president, opened the meeting with a short welcoming speech directed, principally to the new students present.

After the welcoming, Mort introduced Jay Yedwab, acting treasurer, who gave a short dissertation on the history of the National Hillel Organization.

After introducing Prof. Melvin Bernstein, faculty advisor to the club, Mort gave the members a brief glimpse of the tentative program, now being planned, for the coming year. This included, in addition to the usual informal get-togethers with faculty members, films, and other pertinent social events, a Purim Masquerade and a Hanukkah Party.

On Saturday, the Hillel Club will hold its annual elections. The officers that "will be up for grabs" will be Treasurer, Membership Chairman, Publicity Chairman, and Religious Chairman, to name but a few.

The executive committee has expressed a deep desire to have all interested persons attend this meeting. Don't forget: 1:30 p. m., Saturday, October 10, in Kenyon Chapel.

### Music

Freshmen are especially urged to attend the first meeting of the music club at 8:15, today in the Steinheim Museum. Do not let your lack of talent be a hindrance; appreciation of music is enough recommendation. Plans for the coming year will be discussed, under the direction of the President, Ronald Russell-Tutty.

Mr. William Fiedler, Alfred's music director announced that preparation for the "Messiah" is in progress. Rehearsals are at 7:15 on Tuesday, and 8:15 on Thursday in the Steinheim Museum.

Everyone enjoyed the Chamber Music program in the Brick last Sunday. Future dates will be announced by the Student Forum. Music, conducive to relaxation, will be presented for your interest and enjoyment.

The administration is anxious to organize a men's choral group. The first meeting will be held after chorus rehearsal on October 6, in the Steinheim Museum. Tryouts are open to all who are interested. The tentative schedule for rehearsal will be at 1 p. m., Monday, Wednesday, and Friday for one half hour.

### Political Science

On Tuesday, October 30, the Political Science club held its first open meeting of the year. The topic under discussion was the very controversial and pressing issue of McCarthyism.

Stan Schwartz opened the meeting by giving a short resume of McCarthy's life and achievements. Then the session was open for all comments and opinions. Gail Feldman, after he made it clear that he was not a supporter of McCarthy, opened the meeting by asking several leading questions of the opponents of McCarthyism.

After this opinions and ideas, most of them completely unsupported by factual material, filled the air. From this conglomeration of fiction and half-truths the group seemed to agree that morally McCarthy is completely at fault, but that he will remain as long as the Republican Party has any use for him. The meeting ended with informed comments from Mr. Engelmann and Mr. Leach.

The next meeting of the club will be held next week at Kanakadea. The topic under discussion will be Secretary of State Dulles and his Foreign Policy. All people attending are urged to come prepared for an intelligent and stimulating discussion.

### French

The French Club will hold its first meeting of the semester this coming Wednesday, October 7, at 7:30 in the Castle. All who are interested are invited to attend.

A drafting set was left in Bartlett Dormitory over the summer months. The set may be recovered from Mrs. Smallback upon proper identification by the owner.

### Burdick Announces Dates Of Dentist's Examinations

Dean Burdick has advised applicants for the 1954 freshman classes in dental schools, throughout the country, to decide upon the time at which they will take the dental aptitude tests. These tests will be given on October 30, 31, 1953 and March 5, 6, 1954.

All applicants for this class should make inquiries directly to the dental school of their choice. The particular school will indicate what credentials and transcripts it requires.

A request for a 1954 Dental Aptitude Testing Program brochure from the dental school should then be submitted. Applications must be obtained and after completion returned with a \$10.00 testing fee to the Division of Educational Measurements in Chicago, Illinois.

In order to be valid, the application must be received in Chicago by October 16, 1953 for the October testing dates, or by February 19, 1954 for the March testing dates.

Further information is available at Dean Burdick's office.

### Nurses

Alfred University Student Nursing Association held its first meeting at 6:45 on September 29, at South Hall. It was attended by all Freshman and Senior Nurses on campus.

Elections were held; Jan Garman received the presidential position, and Judy Burdick, and Barbara Frerich were voted first and second vice presidents, respectively.

The four corresponding secretaries are Margaret Stewart, Rosalie Exler, Marilyn Kaplan, and Ruth Purple. These girls represent all four years. The officer who rounds out the slate is Ann Hopkins the new treasurer of the organization.

The nurses are now working on plans for their "Nursing Week at Alfred," which will take place on October 7, 8, and 9. They aim to acquaint the population of Alfred with the activities of the nursing school. There will be an open house at South Hall at which various demonstrations will be on view for all those interested. Students from different high schools will attend the demonstrations, and the nurses hope to interest as many of these students as possible in the field of nursing.

A delegate to the Nurses Association in Buffalo was chosen; Dot Hayes is to attend this meeting during the week of October 13.

Refreshments were served and the meeting adjourned shortly after this.

### Canterbury

An organizational meeting of the Canterbury Club will be held at eleven o'clock on October 11 in the Gothic Chapel, following Holy Communion. The Canterbury Club is a national organization of college youth of the Episcopal faith.

The club's headquarters are in New York, in conjunction with the diocesan headquarters of New York. The organization is sub-divided into eight provinces, as is the national Church. Alfred is in the second province, under the direction of the Diocese of Rochester.

At the scheduled meeting, elections will be held for officers for the future year, and plans will be discussed for the coming semester.

A brief look at the activities of the Canterbury Club last year shows that the club held a special Christmas Midnight mass before vacation, a Snow Social, a clothing drive and a service in an abandoned church in Belvidere.

There is the one about the unhappy Dutchman. Sauerkraut.

### W. S. G.

At the first meeting of the Women's Student Government three important issues were discussed. The first consideration was the requirements of the female freshmen and transfers who are new on campus.

All new female students are required to be at the frosh test to be held 6:45 on October 13, in Kenyon Hall. A thorough knowledge of the Frosh Bible and the WSG Handbook is expected of all girls, since the examination is based on rules found in these books.

Frosh Court was also discussed. Frosh Court will remain in effect until the "Homecoming" football game on October 17. Until that time, freshmen are to wear their beanie, carry their Bibles and greet upperclassmen and faculty in the appropriate manner. Violators are punishable by the court and will receive penalties of a "constructive" nature. This will include chores such as lawn-cutting, path sweeping and washing of windows.

A motion was also put before the Interfraternity Council to change the intermission of the five big dances of the year. However, the motion was defeated by the council.

Two new members of the WSG are Marge Stewart of Alpha Kappa Omicron and Barbara Brown who represents the Beta.

### Intersorority

The Intersorority Council held its first meeting at 7:00 last Tuesday night at Theta Theta Chi. It was decided at this meeting that the Intersorority Ball which is to be held late during the month of February, would include the Ag-Tech Institute. The Ball, therefore, will be sponsored by all of the sororities on the campus.

A meeting has been called for the freshmen women for next Tuesday evening at 7:00. The purpose of this meeting is to acquaint the frosh with the sororities on campus, their aims and functions. Rushing rules will also be discussed in detail. It was decided that these rushing rules will be completely ignored during the course of "Big Sister Day." This day is one set aside for informal meetings between the freshmen and upperclasswomen.

The next meeting of the Council will be held right after the get-together with the freshmen at Physics Hall.

### Interfraternity

The Interfraternity Council held its annual smoker from 7 to 9 p. m. last Tuesday night, at the South Hall Gymnasium. As was expected, a good portion of the freshman crop turned out for the festivities.

The smoker was highlighted by addresses by Dr. Murray Rice and Dean

### International Education Aids

October 31, 1953 is the closing date of the competitions for United States Government educational exchange grants for graduate study abroad. Less than a month remains in which to apply for awards under the Fulbright and Buenos Aires Convention Programs for the 1954-55 academic year. An exception is the program for Australia and New Zealand, for which October 15 is the closing date.

Scholarship application blanks are available at the Institute or in the office of Dean Gertz.

The programs under the Fulbright Act and the Buenos Aires Convention are part of the International Educational Exchange activities of the Department of State. They will give almost 1000 American citizens the chance to study abroad during the 1954-55 academic year.

Since the establishment of the Fulbright Program in 1947, over 2700 American students have gone abroad under its auspices, and 974 have accepted grants for the current academic year.

Countries where U.S. graduate students may study under the Fulbright Program are Australia, Austria, Belgium and Luxembourg, Burma, Denmark, Egypt, Finland, France, Germany, Greece, India, Iraq, Italy, Japan, the Netherlands, New Zealand, Norway, Pakistan, the Philippines, Thailand, The Union of South Africa and the United Kingdom. Special provision is made in the program for Germany for twenty-five grants to American graduate students who will serve as English language assistants in secondary schools.

The countries participation in the Buenos Aires Convention Program are Bolivia, Brazil, Chile, Columbia, Costa Rica, Cuba, Dominican Republic, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Peru, and Venezuela.

Eligibility requirements for these foreign study fellowships are:

- 1) United States citizenship, 2) A college degree or its equivalent at the time the award is to be taken up.

of Men, Fred Gertz. Many interesting facts were brought out about fraternities in general, and then special emphasis was placed upon fraternity life in Alfred. The rushing system and rules were further explained by Don DeCoursey.

The smoker was concluded with a very stimulating and beneficial question and answer period.

The next meeting of the Interfraternity Council will be held at 7 p. m., this evening.

### More About Bells

Having arrived in New York City from Holland September 30, the Carillon Bells are due at Alfred University in approximately ten days. A group of steel workers, who will bid competitively, are to be imported to construct the new tower according to plans that are being completed.

### English

The English Club met last Thursday. Plans are being laid for another meeting.

ance allowances provided by the host government.

Preliminary selections for other Fulbright awards, those for teaching, lecturing, or advanced research abroad, are made by the American Council on Education, the U. S. office of Education, and the Conference Board of Associated Research Councils.

### Snyder, Gilbert, Smith Lead Alf Harriers In Win

Last Sunday the Saxon Cross Country Team, led by Hal Snyder who stayed undefeated in dual meet competition, beat the Harriers from the University of Buffalo by a 21 to 36 score, with low score winning. As far as the meet was concerned it was the Saxons all the way, with Hal Snyder, Frank Gilbert, and Ronnie Smith taking the first three positions in that order for Alfred. After them, Buffalo placed three of their team, and two freshmen who were running for the experience. Behind them were Albert Peters and Pete Ramko of Alfred; Pete had to sprint the final 100 yards to take Reade of Buffalo for the eighth spot. After Reade came Howie Patrick and Dave Hill of Alfred in front of Hunter of Buffalo who was the last man to count in the scoring.

As far as individual performances went, Hal Snyder, in winning about a minute and a half ahead of the nearest man and over three minutes ahead of Buffalo's first man, continued to be the outstanding star of the team. However, the two runners behind him, Frank Gilbert and Ronnie Smith, in crossing the line when they did, brought out exclamations of surprise from many of the spectators, since both these boys are freshmen.

The surprise in Frank's taking second place was not as much as that of Ronnie's taking third since Frank was a high school champion in cross country and has stayed with Hal in the time trials and workouts so far this season. However, Ronnie has not been up there that closely in the workouts or the time trials. As for Ronnie, at the half way mark he was way behind the first two men from Buffalo, which added to the surprise resulting from his finish.

The other outstanding performance of the afternoon, was the finishing surge that Pete Ramko put on when he snatched the eighth place from Reade of Buffalo, behind Bert Peters, Pete's ending sprint enabled him to pick up about ten yards in the final 140 yards of the 4.2 mile course.

As far as the rest of the team went, everyone in the meet put on good performances, with George Battista, Matty Berger, Mike Foreman, and Bill Havers also finishing the gruelling grind.

The results were: (1) Hal Snyder (A) 21:50.6; (2) Frank Gilbert (A) 23:18; (3) Ronnie Smith (A) 24:47; (4) Traugott (B) 24:59; (5) Jagodzinski (B) 26:07; (6) Zatko (B) 26:13; Ineligible freshmen Corrallo (B) 26:29; Rono (B) 26:52; (7) Peters (A) 27:04; (8) Ramko (A) 27:13; (9) Reade (B) 27:15; (10) Patrick (A) 27:56; (11) Hill (A) 28:51; (12) Hunter (B) Hunter (B) 29:32.

The total of their positions equals the final score, with low score winning.

### Intramurals

men's

At the meeting of the Intramural Association on September 28, in the Men's Gym, the intramural football schedule was decided upon for this season. There will be no Sunday games and definitely no postponements. The season will run for seven weeks.

The schedule is as follows:

Saturday, October 3  
Tau Delta Phi — Bye; 8:00, Lamb-

### Football Outlook

On Saturday night, the Saxons return home to face the Cortland State Teachers. Last year Alfred edged Cortland, 33-28. However, Cortland has lost 27 men from that squad. Earlier this year, the Alfred coaching staff was on hand when Cortland lost to Springfield, Cortland was without the services of Bob Redell, who gave Alfred fits last year out of the split-T formation. Redell, who was sidelined because of badly bruised hands is expected to be ready for the tilt this Saturday.

In the Dunkel ratings, published in the Buffalo Courier-Express, Alfred was given a power rating of 53.6, while Cortland received a 37.5 score. This, theoretically, means that the Saxons are 16 points better than Cortland, but these ratings do not take into account home field advantages, injuries, lineup changes, and other factors.

Ten days ago Alfred opened the season by ripping Brockport, 39-0. The Saxons looked extremely strong, both on offense and defense. The passing attack after the first quarter, was kept under wraps, but Les Goble, Doc Blanchfield, Bob Northrup, Johnny Zlucholski, et al, were making like Citation all evening. Les slipped a little after his 95 yard dash and only averaged 22.5 yards per carry on the night. The first team was rested after the first half, but Zlucholski, Bob Rusiackas, Al Moresco, and Jay Abbot continued to pile it on.

Line Coach Jay McWilliams was pleased with his charges' showing, but he emphasized that Brockport was very ineffective on offense, and that the game might not have been a true test. George Policano ably stepped in to Joe Fasano's old position at running

guard; Al Bianski and Don Carlin spent a pleasant evening in the Brockport backfield and Joe Fasano blocked a punt. Brockport never got the ball past the Saxon 35 yard line.

If the Saxons continue to play as they did against Brockport, another undefeated season is a possibility.

da Chi vs Kappa Nu; 10:00, Kappa Psi vs Ards; 2:00, Klan Alpine vs Delta Sigma Phi.

Saturday, October 10  
Delta Sigma Phi — Bye; 8:00, Tau Delta Phi vs Lambda Chi; 10:00, Kappa Nu vs Kappa Psi; 2:00, Ards vs Klan Alpine

Saturday, October 17  
Kappa Psi — Bye; 8:00, Tau Delta Phi vs Delta Sigma Phi; 10:00, Lambda Chi vs Klan Alpine; 2:00, Ards vs Kappa Nu

Saturday, October 24  
Klan Alpine — Bye; 8:00, Kappa Psi vs Delta Sigma Phi; 10:00, Lambda Chi vs Ards; 2:00, Kappa Nu vs Tau Delta Phi

Saturday, October 31  
Ards — Bye; 8:00, Klan Alpine vs Kappa Nu; 10:00, Lambda Chi vs Delta Sigma Phi; 2:00, Tau Delta Phi vs Kappa Psi

Saturday, November 7  
Lambda Chi — Bye; 8:00, Klan Alpine vs Kappa Psi; 10:00, Delta Sigma Phi vs Kappa Nu; 2:00, Tau Delta Phi vs Ards

Saturday, November 14  
Kappa Nu — Bye; 8:00, Delta Sigma Phi vs Ards; 10:00, Kappa Psi vs Lambda Chi; 2:00, Tau Delta Phi vs Klan Alpine

All games will be played on Terra Cotta practice field.

women's  
A conference was held September 27, at Syracuse University, in the women's activities building to arrange the sportdays of the various colleges.

Alfred's representatives at the conference were W.A.G.B. President, Helen Thunhorst; Vice President, Margaret Dick; and faculty advisors, Miss Creighton and Miss Ford.

It was decided that tennis and archery matches will be held at Alfred on October 10. Colleges competing will be Elmira, Cazenovia, and LeMoyne. Sportdays were also programmed for the coming season. The site of next year's conference will be Alfred at which occasion all area colleges will be represented.

### X-Country Outlook

At 2:30 p.m., Saturday the Saxon Harriers will take to the streets of Alfred for the second meet of the season. This is the first meeting of the two teams, both in dual and other competition. Alfred will have the advantage in regard to the course since Niagara practices on flat territory and is not used to our hills. For the Saxons, this is their second home meet as well as the second meet. With this in mind, it is evident that the team should start to hit its normal pace, with the excitement and thrills of the first intercollegiate meet for the majority of the team worn off.

Having written this article before the Buffalo meet, as well as prior to reading any reports on the Niagara team, I shouldn't make any predictions as to the result of the meet, or how the Alfred runners will finish with relation to themselves. However, I'll go out on a limb to end this article and say that it ought to be a very interesting meet, with Alfred standing a good chance of winning the meet.

Nov. 10 — Meeting with Freshman, Physics Hall, 7:15 p.m.  
Nov. 15, Sun. — Intersorority Tea, 3-5 p.m.

Feb. 21, Sun. — Preferential Day, 3-5 p.m.  
Feb. 26, Fri. — Intersorority Ball.

### Yunevich Earns Syracuse Praise

Head football coach, Alex Yunevich's outstanding record with the University's team brought words of praise recently from Bill Reddy, sports writer whose column appears under "Keeping Posted" in the daily Syracuse paper, "The Post Standard". Reddy's remarks were "When Alfred University's football team opens its season against Brockport Teachers at Alfred, Alex Yunevich will inaugurate his 13th campaign as Saxon head coach. Yunevich, one time Purdue star, has compiled a brilliant record at Alfred. His teams have won 55, lost 18 and tied 6."

### Intersorority Council

Nov. 10 — Meeting with Freshman, Physics Hall, 7:15 p.m.  
Nov. 15, Sun. — Intersorority Tea, 3-5 p.m.  
Feb. 4, Thurs. — Rush Party, 7-9 p.m.

Feb. 11, Thurs. — Rush Party, 7-9 p.m.  
Feb. 14, Sun. — Rush Party, 7-9 p.m.  
Feb. 15-18, Mon. - Thurs. — Rush Dinners at all Sororities.  
Feb. 21, Sun. — Preferential Day, 3-5 p.m.  
Feb. 26, Fri. — Intersorority Ball.

Beat me, Daddy, with a salad fork.

### Ziegler, Feeny, Brown To Present 'Let's Go Alfred'

Another radio program has hit the Alfred airwaves under the title "Let's Go Alfred." The program is presented every Saturday morning at 10:35 on station WLEA. Members of the program staff include Jerry Feeny, Jim Brown and Anita Ziegler.

The program presents music, opinions, and campus news. The opinions are those of the program staff but they have announced that they would appreciate it if the student body would send in any problems or ideas that they think should be aired. If the listener has any such items, he should get in touch with the staff and they will take care of them.

Up until now the music on the program has been picked by the staff. Instead of this set-up the staff would like to hear from the student listeners on the type of music which should be played.

### LOST

LOST: One grey and white kitten. If found please phone Mrs. Crofoot, phone: 4324.

Fred Donovan lost a brown wallet. Marine discharge papers and personal stuff. If found return to the Fiat Office.

Yessir, that tree was so tall we had to cut both ends to get it down.

### Alfred Streak

(Continued from page one)  
Rusiackas finished the drive by circling left end for the score.

A 30 yard pass from quarterback Albert Moresco to end Charles Schultz who ran 25 yards into the end zone made the score 49-7.

Moresco set up the final touchdown of the afternoon when he intercepted a pass on the R.P.I. 40, and advanced the Saxons to the 18, where Rusiackas flipped to Schultz, who made the score.

Score by quarters:  
R.P.I. 7 0 0 0  
Alfred 12 13 18 12

If we had some eggs, we could have some ham and eggs, if we had some ham.

1  
**PROOF**  
of **LOW NICOTINE**  
**HIGHEST QUALITY**

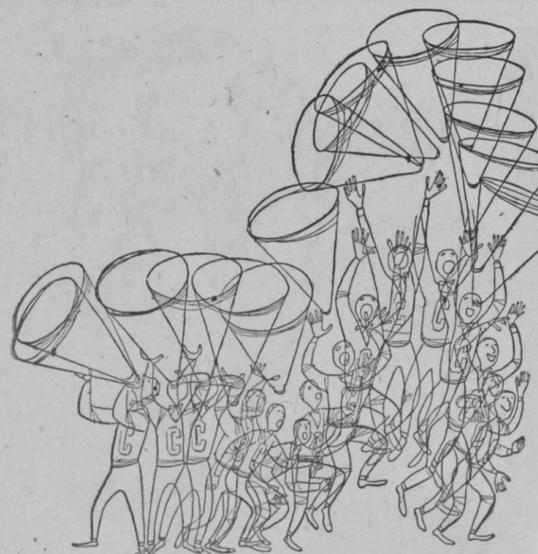

The country's six leading cigarette brands were analyzed—chemically—and Chesterfield was found low in nicotine—highest in quality.

2  
**A PROVEN RECORD**  
with smokers

Again and again, over a full year and a half a group of Chesterfield smokers have been given thorough medical examinations . . . the doctor's reports are a matter of record, "No adverse effects to the nose, throat and sinuses from smoking Chesterfields." A responsible independent research laboratory supervises this continuing program.
