

Freshmen Brainwashed Beanies, Bibles, Abound Wearers of The Green Withstand Barrage of Tests, Tours, Oaths

by Howard Mendes

Freshman indoctrination was highlighted this year by a re-organized Orientation Week program which included a beanie presentation ceremony, a football game and a lighter schedule of testing than in previous years.

Al Potter, president of the Student Senate, and Carol Steinberg,

photo by D. Brownstein

"Well, it only happens once."

president of WSG, were co-chairmen in planning a busy week of activities to acquaint the new students with the Alfred campus.

The beanie ceremony was initiated by Connie Lefkowitz, president of Blue Key, the first day of Orientation Week. The frosh took the following oath in Howell Hall after receiving their beanies:

"We the Class of 1959, promise to uphold and abide by the rules of the Frosh Bible, to maintain the Alfred 'hello' spirit, to treat with respect all upperclassmen and faculty members, to wear our beanies from 6 a.m. to 6 p.m., Monday through Friday, and at all home athletic events from freshman week to Homecoming. We also pledge to carry our Frosh Bibles at all times and to memorize the Alma Mater and all freshman rules."

The traditional freshman banquet was postponed until the Brick dining room and kitchen will be completed later this semester. The tea for parents and new students was held September 18 in Howell Hall. Monday the new students were taken on tours of the campus by the upperclass advisors. The tours were instituted earlier this year to acquaint the freshmen with the campus sooner.

The fireside chats that were so successful last year will be held in faculty homes October 30. There will be five Monday night lectures for the

freshmen with the emphasis on study habits and academic success.

The frosh also had an informal dance last Tuesday in the South Hall gym. Chaplain and Mrs. Bredenberg were in charge of the entertainment. Dr. Homer Wilkins played his guitar and led the group in singing folk songs.

Wednesday, the freshmen attended an activities assembly presented by the Footlight Club to introduce various campus clubs and organizations to the new students. At night there was a square and round dance given by the Alfred Outing Club.

All freshmen registered for courses Thursday and classes began Friday for all students. The Brockport game climaxed Orientation Week activities Saturday night.

Housing facilities at Alfred are better than those of any previous year. Cannon and Barresi Halls are supplementing the two older men's residences, Bartlett and Rodies, in providing housing for the incoming students. With the addition of the new women's dormitory which will be completed in January, women's housing will be expanded greatly.

The Class of '59 is well prepared to face the rigors and the advantages of being the anchor men on the Alfred campus and carrying forward the traditions of Alfred University in pursuing a college education.

All students who did not receive their FIATS in the mail this week, can pick up a copy in the office of the personnel deans in Greene Hall. If you take your meals or live in a dormitory, fraternity, or sorority house, the FIAT will be left in the lounge of your residence.

AU Grid Machine Starts Grinding As Yunevichmen Crush Brockport

Conditioning Key To 50-0 Score; Saxon Steamroller Smears State

by Al Siegel

Running up the fourth highest totals any Alex Yunevich coached team has ever scored, the Saxons trounced Brockport State Teachers College 50-0 before an overflow crowd of 5100 at Merrill Field Saturday.

Not since '51 when AU shut out Brooklyn College 61-0 has the Warrior grid machine had such a deciding shutout victory. Only two other scores have been higher than this one in the 15 year career of Coach Yunevich. In '52 Brockport was topped 52-6 and the following year RPI fell at the hands of the Yunevichmen 55-7.

Coach Yunevich let his entire squad play and seemed to be trying to keep the score down, but the Purple and Gold could do no wrong and poor Brockport didn't even come close to doing anything right. From the press box one factor seemed to be one of the biggest Saxon advantages. This was the conditioning of the Alfred team. They seemed to get better as play progressed, while Brockport seemed to just die as things got worse for them.

Beginning

Brockport won only one thing, the toss of the coin and elected to receive. With John Zuchoski out because of an injury, John Dennis, the game captain, kicked off for the visitors on the 25. Ellis got one yard on the next play as Al Bilanski stopped him. On the following play AU was on the move as John DiSantis stopped Brockport by recovering an Ellis' fumble on the 25.

Getting some nice blocking, Jim Ryan raced for 21 yards for the Saxons on his first running play and the Warriors first offensive play of the season. The second play gave AU its first TD as Ryan raced thru tackle at the two minute mark of the game. Moresco's pass to Abbott for the point after touchdown was incomplete.

After Brockport could make no gains on their offensive play AU got the ball. Making no headway quarterback Al Moresco decided to punt and punt he did. — Kicking from his own 24, the ball rolled dead on the State 8 yard line, a 68 yard punt.

Brockport got nowhere on their first try from the 8. On their second try they got to the 10, but fumbled with Jay Abbott falling on it. Jim Ryan then ran around end to the 4, and Bill Chaffee picked up 2 through center. On the next play Ryan ran through right tackle for the second AU marker. He kicked the 19 yard TD. He kicked the extra point to make it 13-0 with 11 minutes gone in the contest.

During the remainder of the half there was little action. Bob McEnroe went over for a TD with 2 minutes remaining, but an AU offside called this one back.

Middle

During halftime Anthony Cappadonia's All-Campus band put on a fine show. The theme was "A World Cruise." Six selections were played as the band tried to transport everyone around the world in song.

The "World Events March" was used in a camera formation with the first stop being "China Boy" and a rickshaw. A shamrock was formed for "When Irish Eyes are Smiling." A trip to the "Lady of Spain" was next in the form of a fan, followed by a "Midnight in Paris" with the Eiffel Tower.

The show ended with a shield formation for "This is My Country." Leading the band are eight lovely drum majorettes headed by Kathy Myers. Assisting Mr. Cappadonia with the 60 member group is Chuck Maass.

Also adding to the color of the game was the seven girl cheering squad led by Penny Svec and the ROTC color guard of Marv Krinsky, Dave Ireland, Dick Best and Phil Bally.

The second half saw Alfred score on the third play. Berg kicked off to Moresco on the 27 and he ran it back to the 39. Chaffee ran thru tackle for 33 yards and a first down to the Green and Gold's 28, and on the next play Jimmy Ryan scooted through tackle for 28 yards and a TD. His kick was no good, but with 1:25 of the half over, the score was 19-0.

Forced to kick after getting absolutely nowhere AU took over on Brockport's 45. On the first play Al Moresco faded back to pass, and his target was to be Chuck Shultz. Shultz, racing and faking down the sideline, then cutting towards the goal post completely confused the Eagle's pass defense and was all alone waiting for the pass on the 10 yard line and easily scampered over for the TD. The point was missed but the score stood 25-0 in favor of AU.

Ron Kornish got AU off right again as he intercepted a Larry Guerra pass on the AU 44 yard stripe. The running of Weaver, Kornish and Bob McEnroe put the ball on the 1 yard line in 11 plays and on the twelfth Weaver went through tackle for the TD at 11:00 of the period. Af-

Jimmy Ryan
Courtesy Hornell Tribune

ter missing the extra point one of football's oddities occurred.

Jim Murphy kicked off for AU and the boot, a low one, hit one of the Brockport linemen in the chest. The ball bounced off into the waiting arms of William McAlle, who lugged it to the 35 of State. McEnroe then picked up 11 and a first down to the 24. Two runs by Weaver put it on the 19 and McEnroe gave AU another first down on the 14. After gaining nothing one run thru center McEnroe raced around end for 14 yards and the Saxons' sixth TD. A Weaver to McEnroe pass got the PAT and gave AU a 33-0 advantage.

End

The fourth quarter started with a bang, as Weaver, Dick Jorgensen, John Williams and a recovery of a fumble by Wayne Wales got the ball to Brockport's 30. A run by Williams put the ball on the 22 but a penalty for holding saw AU on the Teachers' 42. Weaver picked up 5 and then Jim Murphy tossed a 37 yard pass to Sam Hulbert for the TD.

Another oddity occurred late in the quarter when Bill Brem tried to punt on fourth down from his own 13 yard line. Standing about 7 yards behind the line his kick went straight up in the air and when it came down he caught it on the 10, for a punt which lost 3 yards.

On two runs Williams got the ball down to the 2 where Al Weaver took it over for the eighth and last touchdown. Alfred controlled the ball for a good deal of the remainder of the game.

Starring for the Saxons was their entire starting line, for the little time that they got to play. This was the group of John Dennis, Don Carlin, George Meyer, Chet Micciche, Al Bilanski, John DeSantis and Charlie Shultz. Ed DeChristopher recovered two fumbles for the Warriors while he was in action and on the whole, the entire team looked strong for a great deal of the time.

Had Brockport been in better shape things might have been a little closer, but from the press box it was evident that AU was the better balanced and better developed squad on the field. The big question is can the squad stay in this top shape for the remainder of the season.

EXTRA POINTS — The top ground gainers for the Saxons were: Bob McEnroe with 92 yards on 18 carries; Jim Ryan, 66 in 7; Al Weaver, 51 in 14 and Bill Chaffee with 49 yards on (Continued on page 3)

Bloodmobile Arriving

The Rochester Bloodmobile will make its fall visit to the Alfred campus Wednesday, October 5. It will be held in the Student Union from 10:00 a.m. till 5:00 p.m. All blood donors for the first time will need permission slips signed by their parents or guardian; these will be available at all dorms and houses on the campus. They should be presented at the time of lending the blood.

Old timers in the Blood program will note the change in the wording; we no longer "donate" blood, we "lend" it. This comes as the result of a public relations study made this summer to increase blood supplies.

The blood supply is critical at this time, due to the many postponed operations that had to wait for the cooler weather. As you know, all blood received is typed and turned over to the local area hospitals for their patients without charge to them.

The Alfred program this year will be managed by William Barker, who is taking over the local program from Wesley Parish, who has been appointed County Blood Chairman.

A Senate Welcome

On behalf of the Student Senate and the student body, I would like to take the opportunity to welcome you to Alfred University. I realize that the past few days have probably been quite confusing to you. Don't worry though — as time goes on you will get a good hold on the situation.

During the few days you have been on the Alfred campus you have shown a great deal of enthusiasm. I hope this enthusiasm will not only continue but increase.

I think that as you become better acquainted with the Alfred campus you will find that Alfred University offers many opportunities to you. The opportunities are both curricular and extra-curricular. If it is at all possible, I hope that you will take advantage of these opportunities.

Basically, you are here to get an education — in the arts, engineering, business and other professional fields. Whatever you do, don't lose sight of this fact, don't neglect your studies! With a little planning and some rational thought, you should be able to take advantage of the many things that are Alfred University. Perhaps you have talent in dramatics, if so you will be interested in the Footlights Club. If you are interested in writing then the FIAT LUX or the "Alfred Review" will appeal to you. Some of you will work on the "Kanakadea" which is the Alfred University year-book.

Many of you will participate in athletics. For those of you who have the ability, Alfred offers football, basketball, tennis and many other sports. I hope that a lot of you freshman girls will go out for the cheerleading squad.

We also have many social activities during the year. The Interfraternity Ball, the "St. Pat's" Festival and the Winter Carnival to mention just a few. In fact it is only two weeks until the first big weekend — the "Military Ball" October 7 and "Homecoming" October 8.

Many of you will become members

of sororities and fraternities — you will discover this to be a wonderful part of your college life. The friends you will make in college will be life long friends.

You will have many opportunities available to you during the next four years at Alfred. Take advantage of them and I'm sure college life will mean more to you.

I would also like to tell you about the Student Senate and the work it does. The Senate is composed of representatives elected from all the housing units on campus — fraternities, sororities and dormitories. Those people you choose act as your representatives in this highest student governing body. The orientation program which is now in progress was set up by the Student Senate and administered by the student orientation committee. The Frosh Bible which you received is presented to you through the efforts of the Student Senate. The Senate is responsible for conducting the annual Campus Chest Drive as well as the Leadership Conference and the spring Moving-Up Day program. As time goes on you will become more aware of these activities and be able to participate in them.

In a very short time you freshmen will be given an opportunity to elect Senate representatives and freshman class officers. I hope you will give these elections some serious thought. I hope too, that you will find the next four years at Alfred University enjoyable and worth while. The very best of luck to you.

Rifle Trophy To Alfred ROTC

photo by N. Lyons

Cadet Orin Thompson presents the Warrior of the Pacific Trophy to President M. Ellis Drake, Major Phillip Avery looks on.

In the first year that ROTC has sent a full compliment of Cadets to Summer Training Camp, Alfred University ROTC cadets ran off with the Warrior of the Pacific Rifle Trophy.

Presented by the University of Hawaii, the trophy is awarded to the institution that records the highest average on the qualification range with the M1 rifle. Eight trophies are presented each year, one to each of the Seven Army Areas (Six Army Areas are in the continental U.S. and the seventh is in Hawaii) and the top trophy to the school that scores the highest average in all of the army areas.

The First Army Area, of which Alfred is a member, comprises New England, New York, New Jersey and part of Pennsylvania and sent 29 schools to its camp at Fort Bragg, North Carolina. Of the 27 institutions that qualified for the trophy (you must have at least 20 men at camp to do so) most of them had .22 rifle ranges for years and some even had access to M1 ranges. Last year was the first year that Alfred had a rifle range and so was practically the least experienced school at camp as far as actual firing was concerned.

Work has already started for a repeat performance next year. The rifle range under Greene Hall will be opened October 25. Any member of ROTC who is interested in firing on the team is urged to make an appearance at the range as soon after that date as possible. Sgt. Thomas, last year's rifle team coach, stated that no member of the team has been selected and that all spots on the team are open to

Library Plans

Near Completion

A special University committee composed of Dr. Roland Warren, chairman, Dr. Burdick, Dr. Bernstein, Dr. Nease, Mr. Kruzas, Mr. Mitchell, Mr. Lebohner, Mr. Kenyon and President Drake has been hard at work on plans for the new John P. Herrick Memorial Library. In collaboration with Carl Ade of Rochester, the University architect, the finishing touches are now being made on what appears to be an excellent plan. Provision has been made for stack space accommodating approximately 135,000 volumes, 42 carrels, reference periodical and reading rooms, seminar and study rooms, work space for the processing of books, a faculty reading and lounge room and other facilities.

Although the new library will be primarily designed for use by University students and faculty its resources will be freely available to all citizens of the village of Alfred. A particular feature will be a room where books for children can be shelved and attractively displayed.

The starting date of construction has not been set but it is anticipated that work on the new building will start within the next few months.

anyone who can qualify. Also the Sgt. stated that last year's team members are not automatically in the lead for spots this year and that they would have to "work."

Shaw's "Saint Joan" To Start Forum Season of Music and Plays

by Bert Katz

Professor C. D. Smith and the Forum Committee of Alfred University take pleasure in announcing the Forum schedule for the coming year.

Only three short seasons have elapsed since the debut of the "Canadian Players Ltd." and they have won international acclaim.

The group itself has grown not only from the presence of such stars as Irene Worth and James Mason but from the performances of an acting ensemble which has been called "the best classical comedy company on the North American continent," by Brooks Atkinson of the New York Times. The repertory is continuously expanding; the group has presented such classic productions as "Peer Gynt" of Ibsen, Shakespearean drama and George Bernard Shaw's "Saint Joan." The presentation to Alfred University October 25 will be the late George Bernard Shaw's "Saint Joan."

Late November will feature Hermann Godes, pianist, acclaimed by three transcontinental tours in North America as well as western Europe as a brilliant technician.

In February the Forum Committee will present the American Chamber Group under the direction of Robert Scholz. The American Chamber orchestra was originally known as the Mozart Orchestra. Robert Scholz, the director of the orchestra, matured as a musician in the shadow of Mozart's birthplace in Salzburg. He has become a profound student of the master's works and he is today an outstanding Mozart authority. He edited Mozart's piano works for the Universal Edition and in 1937 was made honorary professor of the Mozarteum. Mozart's own piano, now one of the prized treasures of the museum, was restored for Mr. Scholz and was played by him in the Archbishop's palace each day of the Salzburg Festival in 1937 and

at a special concert broadcast throughout Europe and the United States. Mr. Scholz in 1950, was awarded the Bruckner Medal by the Anton Bruckner Society of America for his outstanding New York performance of Bruckner's orchestral and choral works.

Howard Taubman of the New York Times has said of the group: "It caught not only the spirit of Mozart's work but the flavor of performance in the palaces of the nobility in the composer's time." Virgil Thomson of the New York Herald Tribune commented on the exactitude of the group's executional details. Critics have compared Mr. Scholz's group with the famous Klydenbourne performances in England. Joseph Szigeti, famous violin soloist has been heard with the American Chamber Group.

The final forum program will present in April a famous folksinger.

Fiat Applicants Interviewed

The FIAT LUX received 79 applications from freshmen to work on its staff. Applicants were interviewed by the editors. Using the interviews as a basis, about 50 applicants were invited to the first organizational meeting which was held Sunday night.

The 50 applicants will compete, by means of their work on the FIAT during the next few weeks, for positions on the permanent staff.

MANAGING EDITORS: Bob Littell, Judy Dryer; EDITORIAL ASSISTANT: Merle Chait; NEWS EDITOR: Carole Silver; SPORTS EDITOR: Allen Siegel; ADVERTISING MANAGER: Al Glasgow; DIRECTOR OF CIRCULATION: Howard Mendes; BUSINESS MANAGER: Jerry Schneir

Editorial Code

The editorial policy of this newspaper is as follows:

- 1) To write about campus events, problems, situations, as they happen.
2) To cover the campus news in a factual and uneditorialized manner.
3) To utilize the editorial column strictly as a medium of expressing the opinions of the FIAT LUX.
4) To indicate by initials of the author those editorials which do not represent the combined opinion of the editorial staff.
5) To provide a sounding board for public opinion through the medium of Letters To The Editor. Such letters must be signed, well-written and in good taste.
6) To provide an area of experience for students interested in journalism.
7) To be a leader in campus thought and action, to be a leader in campus standards and in all humility to be a follower of fine journalistic standards.

Educational Mode

The small college vs. large college argument has raged on for years; the advantages and disadvantages of both have been weighed many times. We've weighed them too, and we're still at Alfred.

It can't be denied that there are definite advantages to larger (and richer) schools, but by the nature of their size they are incapable of capturing the qualities that are essential in our ideal educational system. If we can take the personalized education as one of the ideal qualities of education, then the small college certainly approaches this more than the large one. Once this is recognized, it remains only to take full advantage of it.

Practically all upper-classmen have profited by close relationships with one or more members of the faculty, relationships that have influenced their undergraduate life and will continue to influence their futures. In many cases these relationships have acted as a Platonic Ideal — that is, as an example of what the finished product of education is. These relationships are the backbone of the small college education.

It is up to the underclassman, in building his educational structure, to take full advantage of these relationships. Different people will find different advantages in the small college; the smart ones will make the most of the advantages they find. They will graduate fuller people if they do so.

Cordially . . .

Dean Gertz
Although I have spoken to many of you, I am happy to greet you through the columns of the FIAT. To the returning students, we all say "Glad to have you back." To the new students, we say "Happy to have you with us."
You wouldn't be here if we didn't think you could profit from Alfred University education. You will have to work hard—harder than you did at P.S. 197—but if you do your work when you should and hand it in when it is called for, you'll do all right.
For many of you, this will be your first experience at regulating your own lives. We do think that you are old enough to do so. If you are not, we shall have, regretfully, to say goodbye to you sooner than we had anticipated.
The honeymoon is over, and the real work of college has now begun. Have some fun, but remember that the orbit of the University is the classroom—not the Union.
May the year be a successful one: A's in all your courses, no assembly

absences, and no parking tickets.
Good luck!
Cordially,
Fred H. Gertz
Dean of Men

Blue Key Message

Blue Key, the national honor fraternity for upperclassmen of outstanding character and ability who have won campus distinction for scholarship and non-political attainments in service and leadership was founded in 1924. It was organized and thrived only through the efforts of student leaders.
To gain entrance into Blue Key, a student must have satisfied the above requirements and get voted in by the brothers.
On Alfred's campus, the Blue Key does many things. Our first project is Frash Court. I'm sure the freshmen are eager to learn of the doings of the Court and many of them will.
Our next major project is the Blue Key Talent Show. We hold this toward the early part of the second semester. The show presents talent of both the administration and the student body.

Dr. Nelson Marshall Discusses Deanship, Impressions of Alfred

Dr. Nelson Marshall, now in his second month as dean of the College of Liberal Arts, took a few minutes out from his busy schedule last Wednesday to make a statement about his impressions of Alfred. Dean Marshall is taking over the position of Dr. Harold Burdick, who resigned last June in order to devote his full time to teaching and research.

A graduate of Rollins College in Florida, with a master's degree at Ohio State and a Ph.D. at the University of Florida, Dean Marshall has been dean of the College of William and Mary, a member of the faculty of Florida State University and visiting scientist at the Bingham Oceanographic Laboratory of Yale.

Here, he is currently working with freshman registration problems, but still found time for a FIAT interview, in which he stated that he is "impressed with the quality of the University, which you have to be with and work with a while to fully appreciate." While other colleges make a first impression, Alfred "grows

on you." Dean Marshall was also "impressed with the interest of faculty members in the students," and "encouraged by the general attitude throughout the University toward a driving desire to always do better and better."

Dr. and Mrs. Marshall and their four children, who range in ages from six to thirteen, live on East Valley Road in Alfred Station.

When asked about his future plans for Alfred, Dean Marshall was non-committal. However, he stated that there were many interesting problems to work on, and that both the faculty and administration have some very good ideas about Alfred's future.

Alfred Greets Dean Russell

In an average afternoon, Mrs. Ruth Russell, our new, but already well known Dean of Women, encounters problems ranging from soup to nuts (usually in the brick dining room) and including such questions as the responsibilities of house counselor, hours for transfer students, applications for part time and summer jobs and individual adjustment to Alfred.

All this despite the ringing of the phone at this regular intervals and various interruptions unavoidable in an office of any kind. The Dean's problems range from the ridiculous to the sublime and from the trite to the noble. In short, she is directly responsible for the welfare of almost 300 girls. Her job is limited only by her interpretation of its scope . . . and Dean Russell intends to interpret it broadly. She is planning to continue the scheduled freshman conferences in which incoming freshmen students meet privately with the dean to discuss their problems and plans. In addition to this she is trying to increase the personal contact between students and herself and invites all of them to see her about any matters disturbing them, no matter how small.

Mrs. Russell has been associated with Alfred in various capacities since 1921 when she entered as a freshman in the school of ceramic design. Four

years later, she graduated, in the company of such other notables as President Drake.

After an interval of a few years, spent teaching pottery and art in Cleveland and Los Angeles, she resumed her Alfred career. She became the secretary to Dr. Binns of the ceramic design school and later to his successor, Dean Holmes.

She shifted her quarters to Green Hall where she assisted in the admissions and alumni office. In the more recent past she has been aiding Dr. Norwood, the president emeritus of Alfred, in preparations for his forthcoming book on the history of the school.

But of all the jobs Mrs. Russell has tackled here, her job as dean is by far the most demanding. To a position she finds "interesting, stimulating and often exciting" she brings her sincere interest, constant availability and sympathetic understanding.

"West Winfield? Where's that?"

Student Outlook

by Marv Bell

It has been said that Alfred University is full of knowledge; the freshmen bring a little in and the seniors take none away, and knowledge accumulates.

Although the preceding statement has nothing whatsoever to do with this column, it's food for thought. And while we're thinking, welcome back. We hope that this feature will help to bring about a bright OUTLOOK for all.

The schedule of assembly programs for the first semester promises a variety of entertainment and that other stuff; education. This term's programs will include a fencing exhibition, musical presentations by the University band and chapel choir, and talks by Dr. George I. Blankens of Northwestern University and Dr. Finlay G. Crawford of Syracuse University.

The Mexican Government, through the Mexico-United States Commission on Cultural Cooperation, is offering sixteen grants to United States students for study in Mexico during the academic year beginning March 1, 1956. Only junior and senior year students are eligible to apply for undergraduate scholarships. Eligibility requirements are as follows:
1. United States citizenship; 2. Good knowledge of Spanish; 3. Good academic record; 4. Good moral character, personality and adaptability; 5. Good health.

Applications, on forms to be secured from the US Student Department of the Institute of International Education, 1 East 67th Street, New York 21, must be filed not later than November 1, 1955. Applications are now available for

Aside from these two major projects, the Key ushers at all the home football games. Finally, we choose a project that will be of some use in keeping our campus beautiful.
Connie Lefkowitz
Pres., Blue Key

the Navy's tenth competitive examination for its nation-wide NROTC college training program. The mental examination is scheduled for December 10, 1955, and is open to all high school seniors and graduates who can qualify. The deadline date for receipts of all applications is November 19, 1955. Male citizens of the United States between the ages of 17 and 21 are eligible to apply for the aptitude test. Applications for this career program are available from the Dean of Men, Fred H. Gertz.

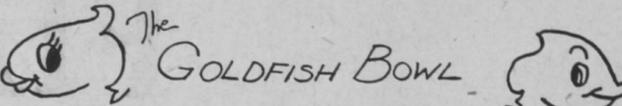

Elections to Rhodes scholarships will be held in all states in December, 1955. Scholars-elect will enter Oxford in October, 1956. Further information, regulations and application forms may be obtained from Dean Gertz.

Wednesday, November 9, Captain W. F. Sparks of the US Marine Corps will visit Alfred. At that time, Captain Sparks and his colleagues will hold discussions for interested students in the Campus Union, concerning the opportunities of being a commissioned officer in the Marine Corps.

Twelve Marshall scholarships at British universities are offered annually by the British Government to United States graduate students. Graduates of a degree-granting college or university under 28 years of age may apply. Prospective candidates should write to the British Consulate-General for the region for which application is to be made. Alfred graduates should address material to 99 Park Avenue, New York 16.

That's it for this week. Keep a Mademoiselle is looking for outstanding women undergraduates for its annual and extremely worthwhile College contests: the College Board Contest, the Fiction Contest and the Art Contest. Through these contests Alfred students may test their abilities on a professional level receiving both experience and wide recognition.

In the College Board Contest those accepted on the College Board try out their talents and ideas in jobs related to the publishing field. The top twenty College Board members win Guest Editorships and spend a sabbatical month in New York, helping to write, edit and illustrate the August College issue. Along with this comes the opportunity to meet dis-

by Judy Dryer

Now that old home week is over and the smell of fresh paint has disappeared from the fraternities and sororities, Alfred is settling down to the usual classes and studying. All the fraternities had parties Saturday night after the Brockport game, but by far, the biggest news is the pinnings, engagements and marriages which took place over the summer. Before I tell you about them, however, I would like to place full responsibility for any bits of misinformation on the shoulders of the social chairmen of the various houses, who are constantly telling lies and making jokes, just to make us confused, especially me.

At Delta Sig, marriages over the summer were: Chuck Weiss to Barb Radulski of Pi Nu, Jim Brown to Jane Siegel, also of Pi Nu and Bob Ruggles to a girl back home. Pinnings were: John Dennis to Margaret ("Missy") Warren, of Pi Nu, Chuck Griffin to Jenni Ellen Ramsey of Sigma Chi, Jerry Pliton to Cathy McKiernan of Pi Nu, Ken Myers to a girl back home and Ed Bertha to a girl in Queens College. Note to freshman girls: Don't worry. These boys are still in action.

Kappa Nu's party Saturday night was chaperoned by Mr. and Mrs. Frank Reichovich and Sergeant Poliferno. Right now, KN is in the midst of fixing up the house. It's being completely redone, with new floors and linoleum to be finished within the week. Harry Nagen and Joan Ellinger were married August 28.

Kappa Psi also has a long list of marriages and engagements. Jerry Beek married Maria Colacicco August 24. Don Hall was married to Janice Alter of Rochester September 10. Dick Truesdale and Diane Wilkins of Pi Nu were married August 22.

The two engagements at Kappa Psi are Dale Gillman to Lois Young of Buffalo State and Bill Hoskyns to Marilyn Miller of Kenmore. Saturday night's party was chaperoned by Earl Colman and Dick Truesdale.

Klan Alpine's party Saturday night was chaperoned by Mr. and Mrs. Carlin Champlin and Mr. and Mrs. Dave Cole. As of last summer, Doug Fuess is a member of the US Air Force. Phyllis Berger of Sigma Chi became Mrs. Ronald Francis last September third. Ron and Phyl are now living at the Beehive on South Main Street. Carl McMurtry (Class of '53) was married to Virginia Downing June 11. August 21 was the wedding date for Ernie La Follette and Judith Clark. Chuck Maass and Renata Riemer are engaged. Plans are rapidly being made for a barn raising and tryouts were held Thursday night. Don Truby was back for the weekend.

The cry of the Caribou is being heard in the distance once again, and a full season is predicted.

Lambda Chi has a new house mother, Mrs. Larmer, from New Jersey. Art Young was married to Edna Rowe of Brown Terrier during the summer. The house has a new mascot, a little brown terrier with a green sweater. Lambda Chi is finally getting its new driveway. Weekend guests were Chum Larson and Pat Roncone. Chum is the first liberal artist to graduate from Alfred and revolutionize the ceramic industry.

Tau Delt's party Saturday night was chaperoned by Dr. and Mrs. Melvin Bernstein and Mr. and Mrs. Barry Millman. "Entertainment" was provided by Lenny Fagen, Jerry Kreischman, Paul Stanger, Arnold Namn, Mel Millman and Walt Klein. Marvin Bell pinned Leona Von Etens from Long Island. Last Wednesday evening, Tau Delt serenaded Rogie Stone, at Merriam House, and Sandra Fiekler at the Brick. Rogie is engaged to Steve Bender and Sandy to Doug Kaplan.

The new house mother at the Brick is Mrs. Hall. Mrs. Elizabeth Houghton is taking Mrs. Belkin's job at Campus House.

The Castle also has a new house mother, Mrs. Pope. Karen Olsen just returned from a trip to Mexico. Two freshman girls, Helen Clark and Lucille Smith, are living at the Castle this year.

Joan Fischman of Merriam House is engaged to Marcy Goldstein, Class of '54.

Norma Myer, a senior nurse at Pi Alpha Pi, is married to Jeff Miller of Mount Vernon. Ilene Van Vliet is married to Wally Hoerning. Engagements are Adria Luks to Roy Sandberg and Lynn Sunshine to Art Maron. Mrs. Rabe from Baltimore, Maryland is Pi's new house mother. I hear that since the recent painting at Pi Alpha, Carmel Rizzo, Karen Lowens and Rhoda Levine have the loudest room on campus.

Sigma Chi has a long list of marriages which took place over the summer. Marilyn ("Beef") Childs is married to Larry Lester. Larry and Beef are living in Norfolk, Virginia. Janet Morden is now Mrs. Mike Henretta. She and Mike are living in Texas. Ginny Burdick and Tom Fish were married June 25 and are now living in Niagara Falls. Elaine Harrington was married to Phil Saunders July 25 and they're living in Scotsville, where Phil is teaching. Alberta Ormsby and Dick Brown are married and are in Alfred Station. Johanna Luther has transferred to Parsons School of Design. Jean Muller was back for the weekend.

Marcellane Mapel of Theta Chi was married to Marlin Miller (Kappa Psi, Class of '54) last June. They're living in Boston now. Sheila Shanley is engaged to George Bell. Alice Bogaski and Peggy Courtwright were at Theta for the weekend. Irogene Braman was in Roscoe last weekend for the wedding of Dan Shelker's sister.

Janeann Radley Smith of Omicron had a baby girl last June and Lois Ganzle Trewiler gave birth to twin girls in the same month. That made a total of five baby girls born to former AKO girls in one year. Bev Bartlett (Class of '54) was married to Ferd Herzich (Psi Delta Omega, Class of '54) August 8. Jeanne Hunt and Jim Shoulter (Psi D, Class of '55) were married July 3 and are living in Buffalo. Nancy Chipman and Keith Bullard (Kappa Psi, Class of '55) are planning a December wedding. Omicron's new house mother, Mrs. Marian S. Boyce, will start work the middle of October. Until that time, Mrs. Paul Titsworth of Alfred is acting as house mother. Barbara Payne, Valerie Eva and Jeanne Hunt were back for the weekend. Omicron girls in the far corners of the earth were surprised last summer to receive their first issues of "Merry Muddled Memories," six mimeographed pages by Simpson & Straka, Inc. ("Who else?") designed to drag all of last year's skeletons from AKO's closets. It really lived up to its motto, "All the news that ain't fit to print."

Four Alfred poly sci majors, Jay Yedvab, Joe Bloch, Rose De-Carlo and Bud Kass are at Washington University. Sally Dow and Hank Greenberg are studying at the University of Mexico.

The campus is glad to welcome back all the returning senior nurses. It sure was a busy summer, wasn't it? Best of luck in the new semester and I'll see you all again soon.

Love,
Judy

distinguished writers and personalities as well as to see the inside workings of a top magazine.

The Fiction Contest offers \$500 and publication in Mademoiselle to each of two winners. The Art Contest winners also receive \$500 each and will do the illustrations for the winning Fiction Contest short stories.

November 30 is the deadline for applying for College Board membership. Entries to the Art Contest must be in by March. Details of the Fiction Contest will be printed in the FIAT later on.

Ass't. Football Managers

All students interested in becoming assistant managers for the varsity football team are requested to get in touch with Patsy Lattari as soon as possible. These interested are asked to report to Terra Cotta Field as soon as possible.

Since there are many belts which cannot go through the dry cleaning process satisfactorily, look at the label closely before cleaning.

Social Calendar Spells Classes

photo by D. Brownstein

"It's gonna snow next week."

The biggest attractions of the social season in past years have always been the "big dances." Well known bands, queens and parties offered a needed break from the constant routine of classes and books. When the long-awaited days finally came, good turnouts were the rule. Of the dances, St. Pat's, Interfraternity, Intersorority, Winter Carnival and the Military Ball are the biggest of the big.

Around February of every year we begin to find out what's going to happen St. Pat's weekend. Last year the weekend consisted of a beard contest, an open house in the ceramic building, float parade and a production by the Footlight Club. In past years, we've had such well-known dance bands as Tex Beneke, Woody Herman, Tommy Tucker, Jimmy Dorsey and Richard Hayman. St. Pat has arrived from such strange places as Siberia, South Africa and the South Pacific, depending on the climate at that time of year. His means of arriving were even more strange, a beer truck, a magic carpet and down a ladder from a smoke-filled women's dorm. All in all it's always quite a weekend.

The Interfraternity Ball is run as a cooperative enterprise by all the fraternities on campus. It comes between Thanksgiving and Christmas vacations. Last year music was provided by Les Elgart and company. It has been the custom that each fraternity have a party before the dance, during the intermission and after it's over.

The Intersorority Ball is run along the lines of the Interfraternity Ball only here the sororities do the planning. Each year a different theme is portrayed.

The Winter Carnival, sponsored by the Alfred Outing Club lists quite a few events during its weekend, among them the dance, skiing, tobogganing, bob-sledding, the crowning of a queen and a snow sculpture contest.

A relative newcomer to this field of the "big dance" is the Military Ball sponsored by the ROTC detachment. Its inception occurred two years ago when the detachment came to Alfred. Three dances have been held under this organization with each one becoming bigger and better.

Better be late down here than early up there... so drive safely.

Military Ball Is AU's First Formal

Wally Rhodes and his orchestra and the Eyes Right Club of the Alfred ROTC detachment will give a military sendoff to another Alfred social season Friday, October 7 with the presentation of the Fourth Annual Military Ball.

While many people from upstate will not recognize the name of Wally Rhodes, he is well known to the people of New York City and its outlying area. He has played at many clubs in the city and for the past five years has been the featured dance band at the Jones Beach Water Carnival. It is at this Carnival that the famous water-musicals are presented.

Highlight of the Ball will be the presentation of the Cadet Corps Sponsors. The idea of Cadet Sponsors as a carryover of military tradition to the Alfred campus. It is traditional in the army for each company size unit or larger to be represented by a sponsor at all of their social functions. When the idea for a Military Ball was conceived three years ago, it was decided that the tradition be upheld and that sponsors be named.

Unlike the "queens" that are chosen for practically every dance and reign for but one day or at best for one weekend, the Cadet Corps Sponsors represent the Cadet Corps at every ROTC function held during the year. Nominations for Cadet Sponsors will be held at the earliest possible time and final selections will be the week before the Ball.

While the Military Ball is run primarily for members of ROTC, non-members may also go. For information see any Cadet officer.

Dragons' Preview

Alfred's Purple and Gold Warriors play host to the Cortland State Teacher's College eleven on Saturday at 8:15 p.m.

This will be the seventh meeting between the two schools since the series started in 1940. Alfred has copied five tests with last year's score being 32-12 in favor of the Saxons.

The '55 Cortland squad is built around eleven returning lettermen. Last year's number two backfield of Al Emmi, Al Hall, Pete Palechi and Clarence Powell join linemen Dave Brown, Butch Burns, Jack Burroughs, Frank Dawson, Ed Gollwitzer, Bob Snyder and Bill Wilson on the starting squad. Only Burroughs and Snyder started against the Saxons last year.

Coaching the Red Dragons will be Carl "Chugger" Davis who is now in his twenty-first year as CST head coach. In this period at State he has had a record of 76 wins, 45 losses and 12 ties. Last year Cortland had a 2-3-2 slate.

John Zluchoski's two touchdowns along with one each by Jim Ryan, Chuck Shultz and Bill Lewis gave Alfred its TD's last year and Shultz and Murphy added the extra points.

In last year's game the Warriors led in all offensive and defensive departments, AU ran for 191 yards to Cortland's 38, while gaining 158 yards in the air to the opponents 96. That was last year. What happens this time will be known on Saturday. Game time is 8:15 p.m., at Merrill Field. Get there early and get a good seat.

Alfred Benefits By New Faculty

The opening of the fall semester this year saw a number of additions to the Alfred University faculty and staff.

Dr. Nelson Marshall, BS., MS., Ph.D., Dean of the College of Liberal Arts, assumed his duties August first.

Mr. Richard D. Bowers, AB, MBA, instructor in economics and business Kenyon College and spent four years in the navy as a lieutenant j.g.

In the physics department Mr. Boyd W. Harned, AB, MS., will be assistant professor. Mr. Harned, a Syracuse Ph.D. candidate, has had several years experience as a teacher and researcher in that university's department of physics.

An addition to the English department is Mr. Bruce MacDonald, BA, MA. A former Alfred student and one-time editor of the FIAT LUX, he has had experience in secondary school teaching.

Dr. Jan Maria Novontny, AB, MA, MCL, DCL, will be an assistant professor of economics and business. Formerly he was a professor at Charles University (Prague) and active in the government of his native Czechoslovakia. Dr. Novontny comes to Alfred from the faculty of McGill University.

Assistant professor of mathematics Mr. William Small, BS, AB, AM, is a Ph.D. candidate at the University of Rochester, and has been a mathematics instructor there for the past several years. A graduate of the Naval Academy, he holds the rank of retired lieutenant commander. Another mathematics instructor new to the Alfred campus is Mrs. Hilda Uchiyamada, BA. Her previous experience includes teaching at Champlain College, working for Republic Aviation and the Digital Computer Laboratory at MIT. From October, 1954 to May, 1955 she was traveling abroad.

Returning to Alfred this year as chairman of the new philosophy department is Mr. Myron Sibley, formerly University chaplain. Professor Sibley has just returned from California, where he was working on his Ph.D.

The new head residents on campus are: Mrs. Marion Boyce at Alpha Kappa Omicron; Mrs. Frances Hall at the Brick; Mrs. Lillian Pope at the Castle; Mrs. Viola Rabe at Pi Alpha Pi. Mr. and Mrs. Willard Humphrey are head residents at Cannon dorm. Mr. Humphrey is doing graduate work in psychology and received his BA in sociology from Alfred.

Latest addition to ROTC is Lt. Quinn, Mr. Norbert Haley is the new director of public information. He is just back from four years of air force service.

(Continued from Page One)

5 carries... AU's three quarterbacks, Al Moresco, Jim Hartnett and Jim Murphy, were exceptionally good with their tosses as they hit for 9 of 12 for 103 yards as compared to the teachers 1 for 7 and 12 yards.

States' total offense for the game was 105 yards to Alfred's 371. The winners led in first downs 12-6 and the punting average was 36-19 in favor of Alfred... Saxons now lead series which started in '49, 7-0... State has only scored against AU twice... Last year score was 26-0... BST

was 3-2-2 last year and John Royston had one of the longest runs in the country last year when he ran 90 yards for TD against UB... Royston played fresh ball at AU before going into service. Record of Coach Alex Yunevich is now 71-23-5, with only four losses in his last thirty football contests.

This Saturday at 8:15 Cortland State comes in to visit the Warriors at Merrill Field, sporting a 28-7 win over Buffalo in their initial outing.

Know these campus characters?

THE GRIND. Sometimes they call him the Professor. But most classmates call him a bore. He knows his texts from cover to cover. But ask him who Bulgain is and you get a blank stare. Naturally. He never sees a newspaper. If you can get his nose out of a book, give him this suggestion: Read The New York Times. It makes you a well-rounded person!

THE RAH-RAH, HEY-HEY BOY. This is the fellow who knows Aristides only as the horse who won the first Kentucky Derby. Talk books or politics to him and all you get is a senseless grunt. He pulls down an "A" in Phys Ed, but falls on his face in economics and government. Pull him away from the scrimmage session and give him this tip: Read The New York Times. It helps you raise your grades!

THE NOT-SO-ALL-AMERICAN CO-ED. Other girls may be the sweetheart of Sigma Chi, but not this drooping wallflower. She sews and cooks and hits the books. But for conversation with the men - well, she hasn't found one yet who cares about her latest recipe for veal ragout. Give her this helpful advice: Read The New York Times. It helps make you more interesting!

MOST LIKELY TO SUCCEED. Stop by his dorm room and you'll always find him the center of a bull session. He has all the facts, all the arguments. No wonder. He keeps well informed by reading The New York Times, the newspaper that keeps you up on the facts in bull sessions and in the classroom. Take this tip: Read The New York Times. It pays!

Read The New York Times every day. Order it now. See your campus representative.

Charles Mass

"Mary Lou, next time tell your young man to use the telephone!"

You can use all sorts of gimmicks to keep in touch with your dolly - carrier pigeons, smoke signals, guided skyrockets, two tin cans with a long string between them. However, if you want to make sure she gets your message, do your cooing on the telephone! And Long Distance doesn't wallop your wallet, either. You get Bargain Rates nights after 6 and any time Sundays. So before she starts longing for some close-by clown, call her Long Distance and bring her near... hear? New York Telephone Co.

Sports Preview '55-'56

With the new term started the Alfred University athletic program is now under way with many events planned for all to enjoy.

Sporting events will be on a varsity, a freshman and an intramural level. Varsity competition will be conducted in football, cross country, basketball, track, wrestling, golf and tennis.

Saxon teams through the years have always achieved good records and this year should prove no exception. Those who are now upperclassmen know of the Saxon accomplishments. For the new students this article will attempt to review last year and give a glimpse into the future.

Last year the football team won six of eight games, losing only to Kings Point by 13-15, and Hobart 13-6. The squad was led by "Little All-Americans." Patsy Lattari, the quarterback was given honorable mention on a wire service quad. Al Bilansky was a first team man on the Woodhouse squad at tackle, and Don Carlin got an honorable mention on the same team.

Only two men were lost from last year's squad. Quarterback Lattari, is now working as a coach and manager and Bill Lewis, a halfback, graduated. Top men on the offense were John Zluchoski and Jimmy Ryan who led the squad in all departments.

The other fall sport is cross country. This squad had a poor season last year due to a lack of manpower and a difficult schedule. This year the schedule is tough, but the team is much stronger. Coach Tuttle's boys open up against Syracuse on Saturday with a varsity squad composed mainly of sophomores and juniors.

When "Old Man Winter" comes along, three Saxon squads go into action. On November 1, Coach Jay McWilliams' basketball squad starts training for a rough slate of 19 games.

The season will be highlighted by two big games. On January 14, Colgate will be at Alfred and on February 10 the Saxons will visit Williams College. Williams is the defending New England champions and competed in the NCAA playoffs at Madison Square Garden last year. The opening game will be on December 3 at Brockport State. Three day slater the Purple and Gold open at home against McMaster College of Hamilton, Ontario.

One bright spot for the Warriors is the fact that no men were lost by graduation. Bob Corbin, the all-time high scorer for Alfred is back for his senior year. The 6-7 center has 652 points scored in his three seasons and he is a constant threat under the boards, leading the team in rebounds.

John McNamara, a junior who holds the one game high for AU at 38 is set for another season. Other returning lettermen will be Lennie Rapkin, America's smallest college player at 5-4, Bob Green, Bill Balle, last year's number two scorer, and Buzz Von Nieda.

Millard Evak, holder of all Alfred scoring records before going into the army two years ago is also expected back. If this materializes, the Saxon scoring punch will be intensified and the Warriors may go on the warpath again. These veterans will also be joined by a good group which is coming up from last year's freshman squad, led by 6-8 Phil Baker.

In December the track squad of Coach McLane starts working. Leading the way will be Frank Gilbert and sophomores Doug Smith, Dave Wilcox, William Clark and Company. Two of the boys broke individual records during the outdoor season. Clark tied the frosh record for the 100 yard dash at 10.0, while Doug Smith holds the 880 yard record for freshmen at 1:57.6. This is also the Terra Cotta Field record. Smith broke this standard twice last year.

The freshman relay team of Walker, Kapner, Clark and Smith also set a new AU freshman 4/5 mile relay record, and while running at the Middle Atlantics, they broke the school record, and the MA record for the medley relay. With all of this talent back the squad will be tough to top. Highlighting the season will be the Colgate meet at Alfred and a dual meet at Syracuse.

In February, wrestling starts under Coach Yunevich. Leading the way will be the top two from last year's squad, John Dennis and Dick Eddico. Both had 5-1 records last year and sparked the squad to a 4-2 record, including wins over Colgate and R.I.T.

Back also will be lettermen Hank Graham and Bill Reid.

Spring finds the netmen, golfers and tracksters representing Alfred on the intercollegiate scene. Five lettermen return to the tennis squad of Jay McWilliams, which posted a 3-5 slate. They are Jay Friedenson, Earl Gelman, Lennie Rapkin, Bob Littell and

Cross - Country Boasts Top Crew

Coach Milton Tuttle's cross country teams go into their first meets of the season on Saturday afternoon at 2 p.m. against Syracuse University. The races will start and finish on Terra Cotta Field.

The coach is very happy with his squad, as it has shown lots of pep and spark during its initial workouts. The turnout has been good, but there are still openings if anyone wants to try out. Coach Tuttle can be found at the gym or on Terra Cotta any day after 3 p.m.

For Saturday's varsity meet the coach will have a young team in action, as the squad boasts of only one senior and four juniors. The lone senior is George Morton. The juniors are Frank Gilbert and Ronnie Smith, two-year lettermen, and Dave Hill and Paul Jones.

Doug Smith leads a talented group of sophomores, including Bill Clarke, Stu Kapner, Dave Wilcox, Carl McMinde, Pete Hammond and Bruce Boulton.

There will be one freshman on the varsity team, and from all reports he will be one of the top men on the squad. The young man is Frank Finerty of Buffalo. Frank was an All-City track man for his entire high school career. He has a 4:29 mile to his record and he has matched Hal Snyder stride to stride.

Immediately preceding the varsity run the AU freshman team will make its first public appearance of the season. At this early writing, the coach is very optimistic about this squad due mainly to its hustle and drive. Those who reported to the early workouts included Bates, Ottman, Good, Kline, Koslowski, Connor, Fidler, Foster, Kline, Cohen, Westcott, Altman, Vangaasbeck, Luhrs, Kappus, Chambers, Jones, Eaton and Rose.

Managing the team will be Matty Burger. He will be aided by Bert Peters.

Both teams will run the same schedule with one exception, the freshman will not run against Cortland State. Dual meets will be held with Canisius at Alfred on October 8; at Colgate and Cortland respectively on October 15 and 22; and at Alfred, Cornell on October 29.

If the freshman team does well in its dual meets it may also accompany the varsity to the bigger ones which start with the New York State Meet at Endicott on November 5. On the 11th of that month the squad will be at Allentown, Pennsylvania for the Middle Atlantics. November 14 sees the squad at the ICAAAA Meet in New York City and the season closes

on the 21st with the NCAA meet in East Lansing, Michigan.

All home meets start at 2 p.m. with the freshman event. The varsity race starts about one half hour later. Remember the opening run is this Saturday at 2 p.m.

Intramural Teams

All groups interested in entering a team in the intramural football league are requested to get in touch with Ed DeChristopher at Klan as soon as possible. The phone number is 8773.

Buy extra U. S. Savings Bonds.

A. O. C.

The Alfred Outing Club has started work already, with a hike last Sunday and plans for an activity rally tonight.

Sunday's outing was a hike over Pine Hill to Railroad Valley, then to Alfred Station, and back to Alfred.

Tonight at 8, an activity rally will be held in room 357 of the Industrial Building. The purpose of the rally is to introduce the Outing Club and its activities to new Alfredians.
