

Acclaimed at Camp, Cadets Meet Major

by Jay Henis

Infantry Major Charles D. Puckett will assume command of Alfred University's ROTC Department with the beginning of the fall semester. Fresh from a tour of duty as a military consultant in Vietnam, Major Puckett is replacing Major Philip S. Avery.

at Alfred in sharp contrast to the more tense atmosphere he experienced (1951 and 1952) as a physics major at Georgia Tech. He is a member of Sigma Pi Sigma, an honorary physics society.

Major Puckett is interested in bowling and participates in league competition in Hornell. Among his other interests are fishing, hunting and physical training. As Commander of the ROTC unit here, he has stated that he will stress physical training, map reading, and compass reading, areas in which he feels ROTC cadets are weak.

TRAINING HONORS

Alfred's advanced ROTC group left on June 22 for Fort Bragg, North Carolina, for six weeks of intensified training. Participating in the summer training program were 21 schools from the East. As a whole, Alfred placed in the upper third of all schools taking part.

Individual students who received special honors are: Dick Sturzebecher, who won an award as the best marksman in his company; Tom Curtin, who received an award as the best platoon cadet; and Andy Seaman who earned the third highest score in the physical training test.

The Alfred squad also captured the Fort Bragg Marksmanship Trophy.

Major Puckett

After spending a year and a half in the infantry, he won a Congressional appointment to West Point. He graduated with the class of 1943.

The new commander finds the friendly and informal atmosphere

AU Grads Lyons and Siegel Receive Pi Delta Epsilon Journalism Awards

Two graduates of Alfred University received awards from Pi Delta Epsilon fraternity in the national college newspaper competition for 1956-1957.

Gaining the honors were Nathan Lyons, editor of the FIAT LUX for the past year, and Allen Siegel, FIAT sports editor for the past four years.

Lyons received second place in the editorial division for his article entitled, "Moral Responsibility." The editorial launched a drive in Alfred to aid the Hungarian refugees during their fight for freedom.

An honorable mention was granted to Siegel for his article covering the Alfred-Kings Point football clash last year, carrying the caption, "Purple and Gold Sink Merchant Marine 53-6." This was the

only sports story which received any award in the contest.

During his two and one half years stay at the University, Lyons, from Forest Hills, Long Island, was Footlight Club vice-president; an editor on the Alfred Review, and English Club Chairman, as well as being a member of both Blue Key and Pi Delta Epsilon. Two original plays written by Nate Lyons were presented by the Footlight Club at University assemblies during the last two years.

An Air Force vet, Lyons also prepared the football programs and served as school photographer for the office of public information. The local chapter also voted Lyons the "Medal of Merit" for outstanding work last year.

Siegel, a resident of Brooklyn, is back on campus as a graduate education student. While an undergraduate, he was sports director of the FIAT, the Kanakadea and the Campus Caravan radio show, and served as basketball manager. He also was secretary-treasurer of Pi Delta Epsilon, vice-president of Alpha Phi Omega, and a member of the Men's Athletic Governing Board, the Varsity "A" Club. This year, Al is working with the office of public information in sports publicity.

Pi Delta Epsilon, the national intercollegiate journalism fraternity, has almost one hundred chapters throughout the nation, all of which were eligible for competition. This was the first time the Alfred chapter entered.

Myers Hall Nears Completion As Library Construction Ends

The new science building, Myers Hall, will be finished during the latter part of October. Myers Hall, named for an alumnus of Alfred, Joseph E. Myers of Albany, New York, will house the chemistry, geology and nursing departments, which are currently located in Allen Lab, the basement of Kenyon Memorial Hall, and South Hall, respectively. The equipment for this new building is now being set up.

After the above-named three departments have moved into the new science building, South Hall will have additional space for other departments already housed there, and eventually Allen Lab will be renovated for use exclusively by the biology department. The administration has not yet decided what the basement of Kenyon will be used for in the future.

The library has moved into its new building, Herrick Memorial Library, and is in full operation. When the necessary funds are available, the old library will be converted into an administration office building.

by Clarence Mitchell
University Librarian

The Herrick Memorial Library became the official home of the University library with its formal dedication on commencement day.

The following day, June 10, the moving of books began. The campus crew, augmented by about ten students, moved the books, with

the library staff supervising at both the shipping and receiving ends. By July 1, the library was open to serve the summer session students in its new home.

Over 85,000 volumes previously housed in the Carnegie library, Greene Hall, Kenyon Hall, The School of Theology, and the Steinheim Museum were brought together as a single collection under one roof for the first time in over a quarter of a century.

Students will find much satisfaction in the roomy and well lighted study areas, the 40 individual study carrels, the special rooms where small groups may discuss as they read together, the audio-visual room housing the microfilm reader and the listening table for recordings. Also found in the new library is a small auditorium where art exhibits and movies can be shown, and a comfortable and attractive browsing room where smoking will be permitted.

Freshmen will enjoy using the new library, but only returning students will be able to appreciate the improvement over the old crowded quarters.

High Holiday Services

Rosh Hashonah services will be held tomorrow evening at 8 and Thursday morning from 10 to 12 in Kenyon Chapel. Yom Kippur services will be held Friday, October 4, at 7:30 p.m., and Saturday, October 5 from 10 to 12 a.m., and at 4 p.m., also in Kenyon Chapel.

Tau Delta Phi Acquires New House; Improves Church Street Residence

(Photo by Lasky)

"Home Sweet Home"

After ten years on campus, Tau Delta Phi, Alfred's youngest social fraternity, has acquired a new house, located on Church Street.

During the summer months, the house was renovated and restaurant-style kitchen equipment installed. A boarding club has been established and Mrs. Rose Emerson of Alfred Station has been engaged as cook.

The club opened last Wednesday and an extra place was immediately set to celebrate the arrival of a new member, Sasparilla, an eight-week old puppy.

Financial arrangements for the house were made through the national organization and the newly-founded Tau Lambda Parents' Club.

The fraternity was originally established as a local Beta Sigma Psi, by a group of veterans and became affiliated with Tau Delta Phi National Fraternity in 1953.

the University of Rochester and his M.A. at Albany State Teachers College. He also attended New York University.

Mr. Stull has served as chairman of the Junior High School division of academic principals of New York, of the New York State Teachers Association, and of Central New York. His primary connection with Alfred is supervising the practice teaching program.

Saxons Lose Opener to Ithaca Winning Streak Stopped At 15

by Pete Shapiro

The 1957 edition of the Alfred football team carried three strings on the line as they moved into Ithaca last Saturday: they had won their last 15 straight games,

a school record, and had not lost an opener since 1949. That same year was the last time they had bowed to the Blue and Gold Bombers.

Ithaca won, 31-13. For a while it looked as if the Bombers had forgotten their appointment. The Saxons arrived to find the gridiron on Percy Field unmarked, several inches of water in what was to be their clubhouse, and not a light burning in the area. Finally things were straightened out, and the Ithaca College eleven proceeded to prove they had not forgotten.

It took until the fourth quarter for the Bombers to prove to rooters on either side that they meant to give the Warriors their worse beating since 1949. But the signs were there all along.

Alfred elected to receive, and when Ralph Talarico's fumble on the runback was recovered by Ithaca the die was cast. The Saxons eventually got careless with the ball five times, and each time alert Ithaca pounced gleefully on it.

The first time the Ithaca drive stalled, but their punt placed Alfred deep in its own territory. Talarico ran the ball three times for 20 yards and what would have been two first downs except that

(Continued on page four)

Convocation Assembly

The opening-of-school-convocation will be held on Thursday, September 26, in Alumni Hall. President Drake will be the main speaker and new faculty members will be introduced. The scholarship cups will be awarded at this time.

This is the first in the series of required assemblies and attendance will be taken. Freshmen are requested to sit in the front of the main floor and sophomores should use the rear part of the main floor and the balcony.

Students interested in becoming photographers for the Kanakadea, the University yearbook, should contact Bob Sak at Kappa Nu, or Joe Fusare at Lambda Chi.

From the Editor . . .

Also for freshmen . . .

Scientists tell us that today the average person can expect to live 68 years. Thus, if he spends four years studying at a college or university, he must be held accountable for an especially peculiar 1-17th of his life . . .

. . . there is no better time to realize oneself, or part of oneself, than during these years of what should be, intellectual freedom with only vague responsibility on the other end of the see-saw. There is no better time to shed the mask and dismiss the words conformity and non-conformity in favor of a free and deliberate will. There is no better time to discover the five w's and an h pertaining to yourself. . .

. . . higher education, as it is called, offers no ready-made answers. It only provides the sincere student with some of the materials with which he may find his own answer. For, ultimately, each person contains his own definitions, and it is his responsibility to uncover these, if he can. . .

. . . the editors and staff of the FIAT extend a cordial welcome to the new members of our student body and hope that these individuals will individually derive benefits from the splendid opportunities afforded them.

Letters to the Freshman

WHAT'S IT ALL ABOUT

The time is at hand, good freshmen, when you turn from your coveted moments of childhood to stand flat-footed to face the academic aspects of higher education. We are not at liberty to state higher than what, or even possibly lower than what, but the degree of what is what we are at liberty to explore.

What in itself means absolutely nothing and only becomes something more than itself when it can be related to something else. This makes for two somethings that alone are nothing alone except together.

So it is what you do with what you got or get that should make the difference when you go out to get it. It, alone, is comparable to what, but don't get excited, because if you don't leave this institution of higher than what, saying what's it all about . . . then you're no higher than it and no lower than what.

Joe Whatsit

SENATE WELCOME

The Student Senate is the highest student governing body on the Alfred University campus. Its membership is presently composed of elected members from each of Alfred's housing units.

Aside from its regular activities of supporting many of Alfred's clubs and conducting such programs as Orientation Week, Parents' Day, the Campus Chest Drive,

This year parents of all students will be guests of the University at the second annual Alfred University Parents' Day, to be held October 26. Last year, only parents of sophomores, juniors and seniors had been invited to attend.

The visitors will have ample opportunity to meet members of the faculty and to tour the campus.

At a special luncheon, President Drake will welcome the parents and introduce the campus leaders. This will be followed by a business meeting of the Parents' Association, an organization formed as a result of last year's Parents' Day. At this time, a tentative constitution, drawn up by the executive committee of the Association will be presented for discussion. Parents may secure copies of this constitution when they register.

Plans for the afternoon include a reception at Howell Hall, hosted by President Drake, the administrative staff and the faculty.

A discussion of plans for Parents' Day will take place tonight. Those on the planning committee include President Drake, Dr. Stull, assistant to the president, and James Sproul, president of the Student Senate.

Fraternity Smoker

The formal fraternity rush season will begin Wednesday, October 2, with a smoker given by the IFC at Susan Howell Social Hall.

The purpose of this smoker is to explain rushing rules and procedure. Dean Gertz will be the featured speaker along with members of the IFC. All freshmen interested in rushing a fraternity are urged to attend this meeting.

The Saxon eleven scrimmage Friday at 8:30 p.m. at Merrill Field will be run as a demonstration to point up the features of the team.

Cheerleaders will also be present to rehearse frosh for Saturday night's opener against Cortland.

Once more it is my happy privilege to extend official and personal greetings to students at the beginning of a new academic year. The faculties and administrative staff join me in saying that we are pleased to see you and that we are looking forward with confidence to a year of opportunity and satisfaction.

This is a most significant year in Alfred's history. It is significant because it marks the beginning of Alfred's second century of continuous operation as a chartered university. But of greater significance perhaps is the fact that this is a year of outstanding growth and progress. The year will be remembered for the completion of two beautiful new buildings; the Herrick Memorial Library and the Science Building. It will be remembered also for growth in the academic life of the University. Building upon the foundations of the past Alfred is prepared to move into a second century of ever increasing prestige and service.

M. Ellis Drake

Leadership Conference, Winter Carnival, all-campus elections and Moving-Up Day, the Senate is also confronted with many special problems which come up from time to time.

The Senate meetings, which are open to anyone, are held upstairs in Physics Hall every Tuesday evening, at 7:15. I would like to extend a very special invitation to all freshmen to attend any of these meetings.

Cordially,
James Sproul

FROSH, BEWARE!

The Blue Key wishes to extend its welcome to the class of 1961. One of the principle functions of the Key is to acquaint the new stu-

Full Schedule of Events Highlights Frosh Week

by Barbara Strauss

Approximately three hundred and fifty freshmen arrived on the Alfred campus last week for orientation to college life prior to classes. After registering on Sunday, the new students, accompanied by parents proceeded to Howell Hall where they attended a tea.

On Sunday evening all "froshies" solemnly filed past Blue Key members to receive their beanies and take part in the ceremonies.

After a day of extensive achievement and speech tests, the new students viewed "The Prince and the Showgirl" at Alumni Hall, Monday night.

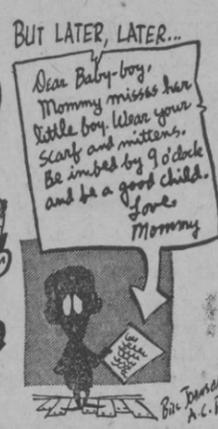

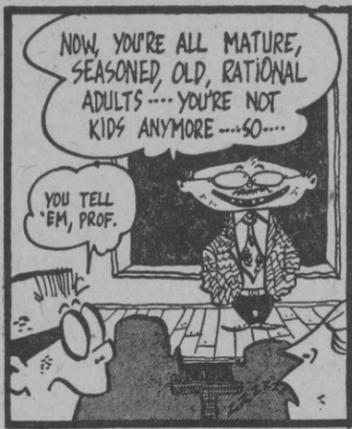

An activity assembly on Wednesday gave all freshmen and transfer students an opportunity to learn about some of Alfred's extra-curricular activities, including clubs,

"Nestled Away . . ."

It rarely takes long before the Freshman is made aware of the tradition that surrounds him or her. Here, FIAT photog Crowbar caught a nightingale-throated bevy of beauties diligently practicing the alma mater, by request, as their self-appointed maestro makes certain of the tempo. The place—steps of the former library; the time—registration. No, it doesn't take long.

NROTC COLLEGE PROGRAM

The Navy Department has announced that applications are now available for the Navy's twelfth competitive examination for its nationwide NROTC college training program. The government will provide financial assistance for successful candidates who will begin their Navy careers in colleges next year. After a normal college education graduates will become regular officers in the Navy or Marine Corps, for active duty with the fleet.

Male citizens between the ages of 17 and 21 are eligible to apply for this test. Two thousand young men will be selected and will enroll in one of the fifty-two colleges of their choice where a NROTC unit is located.

College men enrolled in the NROTC will spend part of three of their summer vacations on training cruises with the Fleet. They will receive a \$600 annual retainer pay until commissioned. A planned course in naval science will be studied in addition to the normal college education.

Applications for this program may be obtained from Dean Gertz who also has specific information concerning the NROTC program.

FOR FUTURE TYCOONS

This year Remington Rand is holding a "Share of America" contest in which the winner receives his or her choice of stocks equal in value to a share of every common stock on the New York Stock Exchange. The contest period begins Sept. 30 and lasts until December 1. Entry blanks are available at any Remington sales counter and will be found in advertisements in Life, Look, Post, Parade and newspaper supplements.

ADMISSION TESTS

The Test for admission required by a number of graduate business schools for graduate study in business will be given on four dates during the coming year. These dates are November 2, 1957, February 6, April 19, and July 26 in 1958. Fees and applications must be filed with the Admission Test for Graduate Study in Business, Education Testing Service, 20 Nas-

sau Street, Princeton, New Jersey, two weeks prior to the testing date.

The Graduate Record Examinations which are required of applicants for admission to a number of graduate schools, will be given at examination centers throughout the country four times in the coming year. The dates of these examinations are November 16, 1957, January 18, April 26, and July 12 in 1958. Each applicant should inquire of the graduate school of his choice as to which examination he should take.

Telephone Improvements

The Allegany Telephone Company of Alfred has embarked on a program of modernization of its central office and improved service.

In order to facilitate this program, new central office equipment was obtained. Fifteen new pay lines were also installed at a cost of over twelve thousand dollars, making a change in telephone numbers necessary.

The result of the above improvements will be a more efficient telephone service, it is hoped by company officials.

Two Years of Alfred Football: Somebody Made a Golden Era

by Pete Shapiro
Fiat Lux Sports Editor
Hits, Runs and Eras

Coach Alex Yunevich had a good name for it. Usually one to appreciate poetry in groaning tackles, well-turned spirals or the sound of leather meeting flesh, Alfred's pigskin mentor termed it the "Golden Era in Alfred Football History." The place was the annual Quarterback Club Dinner, the time mid-December '56.

Of course Yunevich, always one to underrate his accomplishments, was referring to the two straight perfect seasons his Warrior eleven had just turned in. Now "era," being a period of time, has to have a beginning; all successful coaches hate to think of the end.

In the scorebook the beginning comes between an upset victory by the shifty Hobart Statesmen late in 1955, and a one-sided Alfred romp over Brockport that opened the next campaign. From there the mighty eleven rolled up fifteen in a row. Formal recognition came in January this winter when the Washington Touchdown Club named Alfred the small college team of the year. But neither an era nor a good football team comes without long preparation. Artists like Chuck Shultz, Al Moresco, John Zluchoski, Jimmy Ryan, Jay Abbot and Hymie Carlin have to be gathered and groomed before they turn into a coach's dream.

Now That You're Gone

But when the team began reporting for pre-season practice in early September, it was obvious that Yunevich had a tremendous rebuilding task ahead of him. Only end John Farnan and center Ed DeChristopher return from last year's final starting line-up. Gone is the entire starting backfield, tackles Carlin and John DeSantis, plus two-time Little All-American Shultz.

Nick Teta, Wayne Wales, and Bill McAlee, three of the nine returning lettermen, are striving to come back after last year's injuries. Wales, however, underwent surgery last winter and was unable to appear in the opener.

Bob McEnroe, halfback, was injured in a highway accident and may well be lost for most of the season. Ted Olsen, slated for a starting backfield berth, was forced onto the third team with a broken hand.

All Over But the Shouting

And so came the end. It was more abrupt, a lot more painful than most figured. Nor did it not come battling the stacked schedule of Hobart, Buffalo, and American International one after the other. Worst of all, when it did come, there were approximately two hundred stuoned Saxon students surveying a team they hardly recognized.

This unfamiliarity can't be explained only by there being sixteen freshmen on the squad. Nor was it the unfamiliar gold uniforms worn by the Saxons, as opposed to the home purple used in last year's 46-12 trouncing of the same Ithaca College. They simply didn't awe-inspire, didn't overpower like the familiar teams of the Era.

Only a small segment of the present Alfred generation of students ever saw the Saxons lose before. And now an unbreachable gap exists between upperclassmen and freshmen; there'll be many a bewildered student who witnessed the last two years of Alfred football trying to explain to a frosh about the old invincible Warriors.

Cortland Here In Season Opener

Coach Carl "Chugger" Davis, SW Missouri State '26, enters his twenty-fifth year of directing Cortland State football activities when the Red Dragons open Alfred's home football season this Saturday at 8:15 p.m.

Thirteen junior and senior lettermen return to bolster this year's squad, as the Red and White hope to better a four and three record.

In 1956 Alfred opened at College Field, and handed the Teachers their second loss of the season, 24-6. The week before the University of Buffalo had downed Cortland by a 26-12 count. Their final loss was at the hands of Hofstra College.

Warrior football teams have failed to score in only 10 out of 114 games during the 16 years under Coach Alex Yunevich.

Three TD's and a PAT Sing End to Alfred Record 15 Game Win Streak

(continued from page one) the last run found Ithaca sitting on top of his second fumble.

Bob Ryan moved his team from the Alfred '28 to score on the first of seven successful pass plays, and the Bombers were up by 6.

It didn't take long for old Lady Luck to give Saxon hearts a boost. Getting nowhere after Ithaca's kick-off, Jim Hartnett was forced to punt out to the Ithaca 35. On heir first play-off scrimmage, Ryan lost the ball, Joe Yannuzzi recovering. Four plays later the Saxons were found sitting second and goal to go on the 8. It was then Talarico up the middle for Alfred's first score of the year. Ed DeChristo-

pher converted, and the Warriors were leading, 7-6.

Midway in the second quarter alert Saxon playing figured to put Alfred ahead to stay. The Warriors had moved 37 yards in 3 plays deep into Ithaca acreage, but the attack stalled. As the Bombers attempted to move out, Bob Cranston fell on a fumble at the 36. Halfback Steve Kelley and Hartnett brought the Saxons on the ground up to the 5, where the senior from Elmira scooted around end for the score.

For half of the first two periods Alfred sported a line like in years past. That half was when Ithaca had possession of the ball. The

Saxon forward seven pushed the Bombers back to a net of -36 yards rushing. But noticeably lacking from the Warrior attack was the efficient downfield blocking that shakes ball carriers loose from the secondary defense. When Ithaca began to click in the air in the second half, the Purple and Gold were left behind in the dust.

It was all Ithaca the rest of the way, except parts of the third quarter when Lyle Weideman, 183-lb. guard from Springfield, waged a one-man campaign to demolish the Bombers. However, Ithaca got within one tally of knotting in that period, and moved into the final quarter trailing 13-12.

The home forces reached the turning point in the ball game when their big end, Wes Somerville plucked up a batted pass on Alfred's 18. Perry Noun carried the rest of the way on 3 plays to put the Blue and Gold ahead for the last time.

The Score:
Alfred 7 6 0 0-13
Ithaca 6 0 6 19-31
Alfred's home opener is this Saturday against Cortland State.

Saxon Intramural Sports

- Fall Tennis Tourney to Start Soon
- Thursday IM Meeting On Football

Pete Smith, new Director of Men's Intramurals, has announced a fall tennis tournament to run independently of the regular league point system. The results of this tourney will be used as a guide by Coach Smith in choosing the freshman and varsity tennis teams next spring.

Competition will be on a purely individual basis, and is therefore open to all male students. Anyone interested in participating must sign a roster posted in the athletic office of the Men's Gym no later than Saturday night, September 28.

The first meeting of the Intramural Board will be held Thursday at 9:00 p.m. at the Men's Gym. At that time rosters will be collected from any team interested in entering the touch-football league.

A \$10 entry fee must be submitted with each roster at that meeting for the team to be considered.
